Academic Honesty

The first injunction of the Honor Code is the call to "be honest." Students come to the university not only to improve their minds, gain knowledge, and develop skills that will assist them in their life's work, but also to build character. "President David O. McKay taught that character is the highest aim of education" (The Aims of a BYU Education, p. 6). It is the purpose of the BYU Academic Honesty Policy to assist in fulfilling that aim.

BYU students should seek to be totally honest in their dealings with others. They should complete their own work and be evaluated based upon that work. They should avoid academic dishonesty and misconduct in all its forms, including but not limited to plagiarism, fabrication or falsification, cheating, and other academic misconduct:

Plagiarism

Intentional plagiarism is a form of intellectual theft that violates widely recognized principles of academic integrity as well as the Honor Code. Such plagiarism may subject the student to appropriate disciplinary action administered through the university Honor Code Office, in addition to academic sanctions that may be applied by an instructor. Inadvertent plagiarism, whereas not in violation of the Honor Code, is nevertheless a form of intellectual carelessness that is unacceptable in the academic community. Plagiarism of any kind is completely contrary to the established practices of higher education, where all members of the university are expected to acknowledge the original intellectual work of others that is included in one's own work. In some cases, plagiarism may also involve violations of copyright law.

Intentional Plagiarism—Intentional plagiarism is the deliberate act of representing the words, ideas, or data of another as one's own without providing proper attribution to the author through quotation, reference, or footnote.

Inadvertent Plagiarism—Inadvertent plagiarism involves the inappropriate, but nondeliberate, use of another's words, ideas, or data without proper attribution. Inadvertent plagiarism usually results from an ignorant failure to follow established rules for documenting sources or from simply being insufficiently careful in research and writing. Although not a violation of the Honor Code, inadvertent plagiarism is a form of academic misconduct for which an instructor can impose appropriate academic sanctions. Students who are in doubt as to whether they are providing proper attribution have the responsibility to consult with their instructor and obtain guidance.

Examples of plagiarism include:

- *Direct Plagiarism*—The verbatim copying of an original source without acknowledging the source.
- *Paraphrased Plagiarism*—The paraphrasing, without acknowledgment, of ideas from another that the reader might mistake for your own.
- *Plagiarism Mosaic*—The borrowing of words, ideas, or data from an original source and blending this original material with one's own without acknowledging the source.
- *Insufficient Acknowledgment*—The partial or incomplete attribution of words, ideas, or data from an original source.

Plagiarism may occur with respect to unpublished as well as published material. Acts of copying another student's work and submitting it as one's own individual work without proper attribution is a

serious form of plagiarism.

Fabrication or Falsification

Fabrication or falsification is a form of dishonesty where a student invents or distorts the origin or content of information used as authority. Examples include:

- Citing a source that does not exist.
- Attributing to a source ideas and information that are not included in the source.
- Citing a source for a proposition that it does not support.
- Citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper.
- Intentionally distorting the meaning or applicability of data.
- Inventing data or statistical results to support conclusions.

Cheating

Cheating is a form of dishonesty where a student attempts to give the appearance of a level of knowledge or skill that the student has not obtained. Examples include:

- Copying from another person's work during an examination or while completing an assignment.
- Allowing someone to copy from you during an examination or while completing an assignment.
- Using unauthorized materials during an examination or while completing an assignment.
- Collaborating on an examination or assignment without authorization.
- Taking an examination or completing an assignment for another or permitting another to take an examination or to complete an assignment in place of the student.

Other Academic Misconduct

Academic misconduct includes other academically dishonest, deceitful, or inappropriate acts that are intentionally committed. Examples of such acts include but are not limited to:

- Inappropriately providing or receiving information or academic work so as to gain unfair advantage over others.
- Planning with another to commit any act of academic dishonesty.
- Attempting to gain an unfair academic advantage for oneself or another by bribery or by any act of offering, giving, receiving, or soliciting anything of value to another for such purpose.
- Changing or altering grades or other official educational records.
- Obtaining or providing to another an unadministered test or answers to an unadministered test.
- Breaking and entering into a building or office for the purpose of obtaining an unauthorized test.
- Continuing work on an examination or assignment after the allocated time has elapsed.
- Submitting the same work for more than one class without disclosure and approval.

Faculty are responsible to establish and communicate to students their expectations of behavior with respect to academic honesty and the student's conduct in the course. Responsible instructors will investigate alleged academic dishonesty, determine the facts, and take appropriate action. In a case where academic dishonesty is determined to have occurred, the instructor must notify the Honor Code Office of the incident as a means of encouraging behavior change and

discouraging repeat violations. In addition, the instructor shall consult with the department chair concerning disciplinary actions to be taken. If the incident of academic dishonesty involves the violation of a public law, such as breaking and entering into an office or stealing an examination, the act should also be reported to appropriate law enforcement officials. If an affected student disagrees with the determination or action and is unable to resolve the matter to the mutual satisfaction of the student and the instructor, the student may have the matter reviewed through the university's Student Academic Grievance Procedure.

Applicable Actions

A wide range of possible actions exists for cases of academic dishonesty. Instructors should take actions that are fair and equitable under the circumstances and should attempt to reach an understanding with the affected student on the imposition of an appropriate action. In some cases, the department, the college, or the university may also take actions independent of the instructor. Examples of possible actions include but are not limited to the following:

For instructors (in consultation with the department chair):

- Reprimanding the student orally or in writing.
- Requiring work affected by the academic dishonesty to be redone.
- Administering a lower or failing grade on the affected assignment or test.
- Administering a lower or failing grade for the course (even if the student withdraws from the course).
- Removing the student from the course.

For departments and colleges:

- After consulting with the Honor Code office, dismissing the student from the program, department, or college.
- Recommending probation, suspension, or dismissal from the university.

For the university:

- The university may elect to discipline a student for academic dishonesty in addition to, or independently from, discipline imposed by a faculty member, a department, or a college. University discipline may be administered through the Honor Code Office or through the Dean of Student's Office. The Honor Code Office will maintain a record of all violations of this Academic Honesty Policy reported to it by the faculty. The university may elect to place an affected student on probation, or to suspend or dismiss the student, and to place a temporary or permanent notation on the student's permanent academic transcript indicating that he or she was suspended or dismissed due to academic misconduct.
- The university may report an incident of academic misconduct to appropriate law enforcement officials and may prosecute an affected student if the act in question involves the commission of a crime (e.g., breaking into an office or building, stealing an examination, etc.).

Honor Code Office Involvement

The Honor Code Office will maintain a record of all violations of the Academic Honesty Policy reported to it by the faculty. If the occurrence is sufficiently egregious or if a pattern of dishonesty or misconduct is discovered, the Honor Code Office may take additional action on behalf of the university based upon the nature of the infraction(s). The Honor Code Office, in consultation with the involved academic personnel, including the associate academic vice

president in charge of undergraduate studies as needed, may determine to place a student on probation or to recommend that a student be suspended or dismissed for academic dishonesty and other forms of academic misconduct.

Shared Responsibility Policy Statement

Students are responsible not only to adhere to the Honor Code requirement to be honest but also to assist other students in fulfilling their commitment to be honest.

Faculty Academic Integrity

The substantive standards of academic honesty stated in this policy apply *a fortiori* to faculty. Indeed, all members of the BYU community are expected to act according to the highest principles of academic integrity.

Academic Standards

Academic Support Office
2500 WSC
801-422-2723
academic_support@byu.edu

A student's academic standing at BYU is determined according to the grades that the student earns **only at BYU. Academic standing is based on a minimum of 6 credit hours as a day-continuing student. Students enrolled for fewer than 6 credit hours in a semster or term will have their credits combined with those of their next enrollment until at least 6 credits of graded hours have been accumulated, at which point the academic standing is calculated.** The following outline shows the conditions and expectations according to the student's academic standing. For further information, students are encouraged to check their current academic standing by selecting Student Academic Record, then selecting Current Academic Standing in AIM.

GOOD Academic Standing	
Under These Conditions	Expectations
When the most recent GPA* and BYU cumulative GPA are 2.0 or above and the student has NOT been on academic probation.	The student continues to maintain a 2.0 or higher semester/term and BYU cumulative GPA.
PREVIOUS Academic Standing	
Under These Conditions	Expectations
The same as good academic standing but indicates a student has previously been on academic probation, CAP, suspension, or dismissal.	The student continues to maintain a 2.0 or higher semester/term and BYU cumulative GPA. However, the student goes directly to academic probation if the student has a GPA* below 2.0.
WARNING Academic Standing (Includes a registration block.)	
Under These Conditions	Expectations
When the most recent GPA* is below 2.0 and the student was in good academic standing OR When the most recent GPA* is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic warning.	The student is blocked from registrations beyond the subsequent semester/term until the student **EITHER** submits a completed Academic Improvement Plan (AIP) to the Academic Support Office by the appropriate deadline **OR** the student earns at least a 2.0 GPA for the subsequent enrollment (in 6 credits or more) and has at least a 2.0 BYU cumulative GPA. Students with less than a 2.0 BYU cumulative GPA must submit an Academic Improvement Plan during each fall, winter, or spring-summer in which they are enrolled.

GOOD Academic Standing PROBATION Academic Standing (Includes a registration block.)	which they are enrolled.
Under These Conditions Under These Conditions	Expectations Expectations
When the most recent GPA* is below 2.0 and the student was on academic warning OR When the most recent GPA* is below 2.0 and the student was on previous academic standing OR When the most recent GPA* is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on academic probation.	The student is blocked from registrations beyond the subsequent fall, winter, or spring-summer until the student **EITHER** submits a completed Academic Improvement Plan to the Academic Support Office by the appropriate deadline **OR** the student earns at least a 2.0 GPA for the subsequent enrollment (in 6 credits or more) and has at least a 2.0 BYU cumulative GPA. Students with less than a 2.0 BYU cumulative GPA must submit an Academic Improvement Plan during each fall, winter, or spring-summer in which they are enrolled. Students on probation who earn less than a 2.0 GPA for a fall, winter, or spring-summer are academically suspended or dismissed if they have previously earned a suspension status.
CONTINUED ACADEMIC PROBATION (CAP) (Includes a registration block.)	
Under These Conditions	Expectations
When a student is returning to BYU from academic suspension or dismissal OR When the most recent GPA* is 2.0 or higher but the BYU cumulative GPA is below 2.0 and the student was on CAP.	The student is blocked from registration until the student: 1. Completes an Academic Improvement 2. Plan and a Graduation Plan. 3. Has the AIP signed by either the supervisor of the student's college advisement center or an assigned faculty member in the student's major. 4. Has the graduation plan signed by the supervisor of the student's college advisement center or by an assigned faculty member in the student's major. 5. Submits the completed forms to an advisor from the Academic Support Office and completes an Academic Contract with the advisor. Students remain on CAP until both their cumulative BYU GPA and fall, winter, or spring-summer GPA are 2.0 or higher in 6 credits or more. Students on CAP who earn less than a 2.0 GPA for a fall, winter, or spring-summer are academically suspended or dismissed. Students on CAP taking more than one enrollment to raise their cumulative BYU GPA to 2.0 or above will need to complete an AIP for

GOOD Academic Standing	each enrollment on CAP and visit with an Academic Support Office advisor.
Under These Conditions	Expectations
SUSPENSION Academic Standing	
Under These Conditions	Expectations
When the most recent semester/term GPA is below 2.0 and the student was on academic probation or CAP OR When a student fails to comply with the conditions prescribed by the Academic Standards Committee.	1. The student is expected to drop his or her enrollments in day, evening, or extension classes (except Independent Study). 2. The student may not enroll in BYU day, evening, or extension classes (except Independent Study) for a minimum of 12 months. During this time the student is expected to resolve all problems leading to the student's academic suspension. After 12 or more months, the student is eligible to return. If the student completes any college-level work while on suspension, the student must receive an overall GPA of 3.2 or higher in that course work to be allowed readmission. The student should contact the Admissions Office, D-155 ASB, (801) 422-2507, for details and pertinent information about deadlines and expectations for readmission. Students who have been academically suspended must submit applications for readmission by published admission deadlines, which may be before the 12 months have passed. A student with extenuating circumstances—who has appropriate support and justification—may appeal the 12-month period out of BYU through the Academic Standards Committee. If students are planning to petition their time away from the university, they should not drop their classes and should continue to attend their classes until after the petition has been reviewed. If the petition is denied, the university will drop their classes for them. The student should contact the Academic Support Office for assistance.
DISMISSAL Academic Standing	
Under these Conditions	Expectations

GOOD Academic Standing Under These Conditions	Expectations
When a student is academically suspended a second time. OR When a student fails to comply with the conditions prescribed by the Academic Standards Committee.	An academically dismissed student may not enroll in day, evening, or extension classes (except Independent Study). After three years a student is eligible to enroll in evening or extension classes. A student may begin the process of seeking an exception to be readmitted as a degree-seeking student after two or more years by petitioning the Academic Standards Committee. If approved, a student may be eligible to return as a degree-seeking student three years after the date of dismissal. In addition to petitioning, dismissed students must apply for readmission by the published admission deadlines. Students on dismissal will be required to complete certain criteria in order to be considered for readmission to BYU such as the number of credit hours to take while on dismissal. For specific information, please contact the Academic Support Office.

Note: College advisement centers (CACs) may also set registration blocks on students not progressing toward timely graduation. In such cases, students must also meet with their CAC to have this block removed.

* Fall, Winter, or Spring-Summer

Admissions

Admissions Services
A-41 ASB
(801) 422-2507

General Admission Policies

Brigham Young University exists to provide an education consistent with the religious values taught by The Church of Jesus Christ of Latter-day Saints (Church). The university prefers admitting members of the Church in good standing but will not unlawfully discriminate against applicants based on race, color, national origin, religion, sex, age, disability, genetic information, or veteran status who (1) meet the admission requirements, (2) agree to abide by the Church Educational System Honor Code (Honor Code) and Dress and Grooming Standards, and (3) are otherwise qualified based upon available space.

Students must be in good Honor Code standing to be admitted to BYU and must continue to abide by the Honor Code and Dress and Grooming Standards while attending BYU, whether on or off campus. An applicant who is currently excommunicated or disfellowshipped from, on probation with, or voluntarily disaffiliated from The Church of Jesus Christ of Latter-day Saints is inadmissible until reinstated to full fellowship.

"The mission of Brigham Young University—founded, supported, and guided by The Church of Jesus Christ of Latter-day Saints—is to assist individuals in their quest for perfection and eternal life. That assistance should provide a period of intensive learning in a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued."

To this end, the university seeks qualified students of various talents and backgrounds, including geographic, educational, cultural, ethnic, and racial, who relate together in such a manner that they are "no more strangers and foreigners, but fellow citizens with the saints, and of the household of God" (Ephesians 2:19). It is the university's judgment that providing educational opportunities for a mix of students who share values based on the gospel of Jesus Christ and come from a variety of backgrounds and experiences is an important educational asset to BYU.

Social Security Number: The Admission Office no longer requires students to submit a Social Security number when applying for admission. All students will be assigned an appropriate identification number. If students are applying for any kind of federal financial aid or student employment on campus, however, the government will require the University to collect a Social Security number. Numbers may be obtained at the nearest Social Security office or the local post office.

Full Disclosure: Failure to disclose and submit all documents required for admission, including transcripts from each institution in which the applicant has or is currently enrolled, or any falsification of information required for admission consideration may result in immediate suspension and loss of all credit earned at BYU.

Admission Status and Academic Standing: Admission status (admit or deny) and academic standing (good, warning, or probation) will be determined by the admission committee. This review is for all applicants, including former BYU students.

Official Notice of Admission Committee Action: Applicants will receive electronic notice of the official action taken by the admission committee (oral communication does not constitute a valid offer of admission). Admission can be granted only by the Admission Office and not by any other

BYU department. An official offer of admission is valid only for the semester or term indicated. Students who wish to change the entry date specified in their notice of acceptance must request permission to do so from the admission committee before the designated deadline for the entry date they desire.

Admission Deadlines: All materials must be postmarked on or before the deadline date of the semester or term for which the student is applying.

Fall Semester

New Freshman priority deadline: December 1*
New Freshman applicants: February 1
Transfer or former applicants: February 1
**This deadline does not apply to international new freshmen for admission decisions. However, international freshman applicants who meet the December 1 deadline will have priority status when choosing on-campus housing.*

Winter Semester

All applicants: October 1

Spring-Summer

Please note: The university president and the admission committee reserve the right to make exceptions to admission procedures and guidelines as deemed appropriate.

US Applicants

New Freshmen

New freshmen are high school or home school graduates with no college credit or with college credit completed prior to high school graduation. Students who are high school age and will not be completing high school are also considered new freshmen.

High School Graduation Alternatives: Those who complete their secondary education through the General Education Development (GED) test, home study, home school, or other programs will be reviewed individually by the admissions committee to determine admissibility. Additional information (achievement tests, personal interview, etc.) may be required as part of the application process.

High School Preparation: Students are encouraged to complete high school courses from the following list of college-preparation courses. Of particular importance are English and mathematics. Writing and math skills are basic for critical thinking. Students who perform well in these classes enhance their possibility of admission. In addition, those who complete Advanced Placement (AP) or International Baccalaureate (IB) courses will receive additional consideration in admission decisions.

- Four years of English: composition, grammar, and courses that encourage "writing to learn."
- Four years of mathematics (two or three years beyond algebra 1): geometry, intermediate algebra, precalculus, trigonometry, calculus.
- Two to three years of laboratory science: chemistry, physics, biology, physiology, anatomy, genetics, botany, zoology.
- Two years of history or government: US history, US Constitution, US government, Civil War, world history, medieval history, ancient history.

- Two or more years of foreign language (advanced skill in one language is preferred).

Courses in computer science and the arts (music, drama, painting, etc.) can also be worthwhile. Students should be careful to take classes with substantial content that are challenging. Typing and computer skills are valuable assets in today's world, and should be learned either independently or through high school courses.

LDS Seminary: Students are encouraged to participate in LDS seminary during each year of high school. Brigham Young University is committed to the concept that thoughtful and consistent study of the scriptures is vital to the preparation of those desiring to enter BYU. The number of years of LDS seminary completed (released-time, early morning, or home study) will influence additional consideration in admission decisions.

American College Test (ACT) or Scholastic Aptitude Test (SAT): All new freshman applicants, or students whose high school graduating class has yet to graduate, and transfer students who have completed fewer than 24 semester (36 quarter) hours of college credit at the time of application are required to take the ACT or SAT. The ACT is administered nationally six times each year (September, October, December, February, April, and June). The SAT is offered seven times a year in October, November, December, January, March (or April, alternating each year), May, and June. Students are encouraged to take the test during the last semester of their junior year in high school and again in the first semester of their senior year in high school. Because test results take approximately four weeks after the test date to arrive at the Admission Office, students should plan to take the test at least a month before the deadline for the semester in which they intend to enroll. Standardized test registration information and materials can be obtained from most high school or college counseling offices or from the American College Testing Program, 500 ACT Drive, P.O. Box 168, Iowa City, IA 52243-0168, (319) 337-1270 (www.act.org) or from College Board SAT Program, P.O. Box 025505, Miami, FL 33102, (866) 756-7346 (www.collegeboard.com).

Application: Those applying as new freshman students must complete the following requirements:

- Complete parts 1, 2, 3, 4, 5, 6, and 7 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee
- Submit transcripts* from all high schools attended (including transcripts for grade 9)
- Submit official transcripts from all colleges/universities attended (if applicable)
- Submit ACT/SAT scores

**Any college or high school work that is completed internationally will need to be evaluated by a third party. Our preferred evaluation agency is IERF (www.ierf.org).*

The application deadlines for new freshmen are as follows:

- December 1: Priority deadline for summer term and fall semester*
- February 1: Final deadline for spring/summer terms and fall semester
- October 1: Deadline for winter semester

**This deadline does not apply to international new freshmen.*

Admission Criteria: Those who complete their application by the December 1 priority deadline will be given extra consideration in the admission process and will be notified of their admission decision no later than February 28. All new freshman applications go through a holistic review process which is comprised of the following elements: ecclesiastical endorsement, unweighted high school GPA, ACT or SAT score, seminary attendance, service, leadership, individual talents, creativity, AP/IB courses taken, unique or special circumstances, and other factors showing a student's ability to strengthen the BYU community.

Note that students who are denied as new freshmen will not be reconsidered for admission until they have completed 24 hours of college credit, with at least one college course having been

completed after high school graduation.

Housing: The admission application is also the application for on-campus housing. Students who complete the admission and housing application by the December 1 priority deadline will receive extra consideration in the admission process and priority in on-campus housing selection. Please note that while it is anticipated that all freshman applicants who meet the December 1 priority deadline will have the opportunity to live in on-campus housing facilities, those who apply early in the process will have an advantage in their housing selection.

Early Admission

High school students who would like to be considered for full-time admission to Brigham Young University before high school graduation have the same requirements as new freshman applicants.

Homeschooled Applicants

Applicants who have been homeschooled in lieu of attending a traditional high school environment must receive a composite ACT score of 27 or higher to be competitive for admission consideration. These individuals must also complete all other application requirements for freshman applicants. Applicants should contact Admission Services (801-422-5000) for more details on the application process for homeschooled students.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

Transfer Students

Transfer with Fewer than 24 College Credits

This student type refers to students who have completed fewer than 24 semester hours (36 quarter hours) of graded college credit. This does not include AP, IB, or CLEP credit; or institute of religion credit. College credits must be completed by the application deadline. These students will be evaluated for admission based on both their high school and college work.

Students who have completed college work and apply for admission prior to graduating from high school will be evaluated as new freshmen *regardless of the number of college hours completed*. Once a student has graduated from high school and has taken at least one course at another college or university, this applicant will be considered a transfer student and college credits taken during high school will count toward the 24 credit hour threshold.

Note that students who are denied as new freshmen will not be reconsidered for admission until they have completed 24 hours of college credit, with at least one college course having been completed after high school graduation.

Application: Those applying as transfer students with fewer than 24 credits must complete the following requirements:

- Complete parts 1, 2, 3, 4, 5, 6, and 7 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee

- Submit transcripts* from all high schools attended (including transcripts for grade 9)
- Submit official transcripts* from all colleges/universities attended
- Submit ACT/SAT scores

**Any college or high school work that is completed internationally will need to be evaluated by a third party. Our preferred evaluation agency is IERF (www.ierf.org).*

The application deadlines for transfer students are as follows:

- February 1: Deadline for spring/summer terms and fall semester
- October 1: Deadline for winter semester

Admission Criteria: All applications of transfer students with fewer than 24 credits go through a holistic review process which is comprised of the following elements: ecclesiastical endorsement, unweighted high school GPA, ACT or SAT score, completed college coursework, seminary attendance, service, leadership, individual talents, creativity, AP/IB courses taken, unique or special circumstances, and other factors showing a student's ability to strengthen the BYU community. Transfer applicants will receive their admission decisions no later than February 28.

BYU does not accept vocational transfer credit (college courses leading to an applied associate degree or certification) from any institution. This type of credit includes subjects such as auto mechanics, cosmetology, dental hygiene, and other technical fields. Once admitted, each incoming transcript will be evaluated for vocational credit, and any vocational credits will be marked as non-transferrable credit. If vocational credit is earned as part of an associate of arts or science degree, it will still be marked as non-transferrable. However, the associate degree will still be recognized as long as at least 35% of the credit within the degree is considered to be academic credit.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

Transfer with 24 or More College Credits

This student type refers to students who have completed 24 or more semester hours (36 quarter hours) of graded college credit. This does not include AP, IB, CLEP or institute of religion credit. College credits must be completed by the application deadline.

Students who have completed college work and apply for admission prior to graduating from high school will be evaluated as new freshmen *regardless of the number of college hours completed*. Once a student has graduated from high school and taken at least one course at another college or university, this applicant will be considered a transfer student and college credits taken during high school will count toward the 24 credit hour threshold.

Application: Those applying as transfer students with 24 or more credits must complete the following requirements:

- Complete parts 1, 2, 3, 4, 6, and 7 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee
- Submit official transcripts* from all institutions attended

**Any college or high school work that is completed internationally will need to be evaluated by a third party. Our preferred evaluation agency is IERF (www.ierf.org).*

The application deadlines for transfer students are as follows:

- February 1: Deadline for spring/summer terms and fall semester

- October 1: Deadline for winter semester

Admission Criteria: All transfer applications go through a holistic review process which is comprised of the following elements: ecclesiastical endorsement, leadership experience, GPA, course selection, quality of coursework, Institute of Religion involvement, academic goals, and other similar factors. Transfer students with 90 or more graded semester credit hours are unlikely to be admitted. Transfer applicants will receive their admission decisions no later than 4 weeks after the final admission deadline.

BYU does not accept vocational transfer credit (college courses leading to an applied associate degree or certification) from any institution. This type of credit includes subjects such as auto mechanics, cosmetology, dental hygiene, and other technical fields. Once admitted, each incoming transcript will be evaluated for vocational credit, and any vocational credits will be marked as non-transferrable credit. If vocational credit is earned as part of an associate of arts or science degree, it will still be marked as non-transferrable. However, the associate degree will still be recognized as long as at least 35% of the credit within the degree is considered to be academic credit.

Evaluation of Transfer College Credit: All college transcripts will be evaluated to determine admissibility of an applicant even if all or any of that credit is not accepted for transfer. Transfer Services in the Registrar's Office will determine the transferability of undergraduate credit to BYU.

The transfer institution must be accredited by one of the following regional associations or is an institution sponsored by The Church of Jesus Christ of Latter-day Saints:

1. AdvancED
    - North Central Association of Colleges and Schools
    - Northwest Commission on Colleges and Universities
    - Southern Association of Colleges and Schools
2. Middle States Association of Colleges and Schools
3. New England Association of Schools and Colleges
4. Western Association of Schools and Colleges

In addition to accreditation, the following criteria are also considered when determining the transferability of credit and equivalencies: comparable credit hours, course level, seat time, and course descriptions. Vocational credit is not accepted, even if earned at an accredited institution.

Additional factors that can affect the transfer of credit:

1. Military courses are evaluated using the ACE recommendations in the upper-division baccalaureate category from the Guide to the Evaluation of Educational Experiences in the Armed Services.
2. An associate of arts or science degree from any one of the main feeder institutions (BYU-Idaho, College of Eastern Utah, Dixie State College, Mesa Community College, LDS Business College, Salt Lake Community College, Snow College, and Utah Valley University) will fill most BYU university core requirements with the exception of Advanced Written and Oral Communication, Languages of Learning, and the religion hours at BYU. Advanced Written and Oral Communication and the Languages of Learning requirements may be filled by completing specific courses at other colleges. Students who have questions about the completion of university core courses are invited to contact Transfer Services in the BYU Registrar's Office, (801) 422-8522, for further information.
3. Most associate of arts or science degrees from other approved transfer institutions not listed above will fill most BYU university core requirements with the exception of American Heritage, Advanced Written and Oral Communication, Languages of Learning, and the religion hours at BYU. American Heritage, Advanced Written and Oral Communication, and the

Languages of Learning requirements may be filled by completing specific courses at other colleges. NOTE: Associate of arts or science degrees must include at least 35% solid, academic classes (i.e., general education) in order to fulfill BYU's university core requirements as stated above. Associate of arts or science degrees that include more than 65% vocational courses will be evaluated on a course-by-course basis. Students who have questions about the completion of university core courses are invited to contact Transfer Services in the BYU Registrar's Office, (801) 422-8522, for further information.

4. Credit is evaluated on a course-by-course basis for students who do not complete an associate of arts or science degree. Transfer guides have been established for some of BYU's main feeder institutions. A list of these transfer guides can be found at http://transfer.byu.edu.
5. Credit earned more than eight years before admission or readmission (including transfer credit) may, at the discretion of the university, be accepted to meet general education and university graduation requirements as well as major requirements.
6. Credit earned from an LDS institute of religion must receive a Pass (P) grade and be posted to an official CES transcript.

Note: Any exceptions to this policy must be approved by the academic vice president.

Print material is subject to change. Please refer to our websites for the most accurate information.

Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

Former Students

Former students are students who were admitted to the university as fully-matriculated students, completed coursework at BYU, but have been absent from the university for more than one major semester. Students who have attended only BYU's Visiting Student Program, Evening Classes, Salt Lake Center, or other Continuing Education programs are not considered fully-matriculated students and will not be classified as former students.

Application: Those applying as former students must complete the following requirements:

- Complete parts 1, 2, and 3 of the online application at besmart.com
- Submit official college transcripts* from any schools attended since last attending BYU

The application deadlines for former students are as follows:

- February 1: Deadline for spring/summer terms and fall semester
- October 1: Deadline for winter semester

Admission Criteria: Former student status is not a guarantee of admission. Former students with additional transfer credit must have earned at least a 3.2 GPA or higher on additional work.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

Visiting Student Program

The Spring/Summer Visiting Student Program is available to students who are not currently

admitted to BYU; the program is for those who will be pursuing a degree at another university or who would like to receive some credit from BYU. Admission to the Visiting Student Program does not imply continued enrollment at BYU beyond spring-summer.

Application: Applicants interested in the Visiting Student Program must complete the following requirements:

- Complete parts 1, 2, and 3 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee
- Submit official college transcripts* from all institutions attended
- If fewer than 24 semester/36 quarter hours of college credit have been completed, also submit
    - High school transcript*
    - ACT/SAT scores

**Any college or high school work that is completed internationally will need to be evaluated by a third party. Our preferred evaluation agency is IERF (www.ierf.org).*

Admission Criteria: The application deadline for the Visiting Student Program is the week before classes begin. Admission to the Spring/Summer Visiting Student Program is determined on a first-come, first-serve basis. Students must have a 2.5 college GPA or a 2.5 high school GPA and an 18 or higher on the ACT.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admissions policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

BYU Concurrent Enrollment

Local high school students who wish to be considered for admission as part-time students while enrolled in high school will apply as concurrent enrollment students.

Application: Applicants desiring to attend BYU as concurrent enrollment students must meet the following criteria:

- Complete parts 1, 2, and 3 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee
- Complete junior year of high school and be at least 16 years old
- Have an unweighted cumulative GPA of 3.70 or higher
- Indicate unconditional support from the high school counselor and parent
- Agree to enroll in no more than 11.5 credit hours during fall and winter semesters and no more than 5.5 hours during spring and summer terms
- Fill out the concurrent enrollment voucher available at http://admissions.byu.edu/admissions-forms

Note that a new concurrent enrollment voucher must be submitted for each semester of enrollment at the university.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admissions policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

Post-baccalaureate Studies (PBS)

Students who have already received a baccalaureate degree or higher from any institution, including BYU, are not eligible for admissions consideration to pursue another baccalaureate degree or major. However, these students may use university resources during spring-summer through Evening Classes or through BYU Independent Study. Fall and winter admission resources are reserved for undergraduate students and students who have been officially admitted into a graduate program.

Application: Post-baccalaureate applicants must complete the following requirements:

- Have a baccalaureate degree
- Have a cumulative GPA of 3.0 or higher
- Complete parts 1, 2, 3 and 7 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee
- Submit official transcripts* from each institution awarding a degree

**Any college or high school work that is completed internationally will need to be evaluated by a third party. Our preferred evaluation agency is IERF (www.ierf.org).*

The application deadline for the Post-baccalaureate Studies program is the first day of classes. International students are not normally eligible for this program.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

Evening Classes

All students who are admitted to BYU (day students, Bachelor of General Studies students, Evening Classes students, Salt Lake Center students, and post-baccalaureate students) may register for BYU Evening Classes. Students not currently admitted to BYU may register for Evening Classes after receiving clearance to register. **For details, please visit the Evening Classes website at http://eveningclasses.byu.edu or contact the Evening Classes Office:**

Phone: 801-422-2872
E-mail: evening_classes@byu.edu
Mail: 211 HCEB, Provo, UT 84602

Salt Lake Center

Any student who is currently admitted to BYU may register for undergraduate level classes at the BYU Salt Lake Center. Students not currently admitted to BYU may also register for undergraduate classes at the BYU Salt Lake Center provided they satisfy the requirements for registration (see http://slc.byu.edu for more information).

Phone: 801-933-9400
E-mail: slc@byu.edu
Address: 345 West North Temple Street, 3 Triad Suite 300, Salt Lake City, UT 84180

Deferments

Continuing Student Leave of Absence

BYU daytime eligible students may take a leave of absence for one major semester (fall or winter) per academic year without prior notification to the university. An academic year begins with fall semester and continues through the next spring-summer.

Note: International students must obtain clearance from International Services before taking a leave of absence.

Consider the following prior to taking a leave of absence:

- **Ecclesiastical Endorsement:** Students must have a current ecclesiastical endorsement to register for subsequent semesters. To complete this requirement, the applicant's bishop must submit the Continuing Student Ecclesiastical Endorsement Form found online at https://endorse.byu.edu.
- **Scholarship:** The continuing student scholarship application deadline for fall, winter, and spring-summer scholarships is March 1, regardless of BYU attendance.
- **Federal Loan Repayment:** Student loans have a grace period of six months beginning on the date that the borrower drops below at least half-time enrollment. If leave of absence extends beyond six months, loan repayments will likely begin.
- **Reapplication for Admission:** If a student fails to enroll in classes before the add/drop deadline of the major semester (fall/winter) immediately following a leave of absence, the student will lose continuing student status and will have to reapply for admission as a former student. Re-admission is NOT guaranteed. Note: Students attending another school during leave of absence must remember to send an updated transcript to BYU so the credits can be applied to the BYU record. Students who do not attend another school during a leave of absence may return to BYU with their academic status the same as it was before a leave of absence was taken.
- Suspended and dismissed students should consult with the Academic Support Office (see http://aso.byu.edu).
- New freshean, transfer, and former students must attend the semester or term to which they have been admitted.
- A leave of absence may be taken **directly prior** to a missionary deferment (consecutive semesters). Following a mission, applicants **must** enroll at Brigham Young University within a given time period, as noted in the *Missionary Deferment* section below.
- Applicants should be sure to resolve any university holds as they may prohibit their ability to register and/or receive other university services.

Missionary Deferment

BYU students who want to defer their enrollment for an LDS mission must complete a Missionary Deferment form, available at http://admissions.byu.edu/mission-deferments. The deferment form should be submitted **after** receiving a mission call, and **before** the end of the semester in which the student was due to enroll. The following conditions are given to students:

- Do not attend any college or university between leaving and returning
- Complete a full mission and receive an ecclesiastical endorsement from the mission president
- Return for the semester or term indicated on the Missionary Deferment form

Return from Mission	Enroll No Later Than
October-April	Fall Semester
May-September	Winter Semester

Students wishing to discontinue after classes begin should contact OneStop Counseling at 801-

422-4104.

International Applicants

To be considered for admission as an international applicant, students will need to demonstrate strong academic qualifications, evidence of competencies in English, and a willingness to adhere to the Honor Code and Dress and Grooming Standards.

Once admitted to the university, all international students must make a deposit of $4,000 USD before they will be able to register for classes. The deposit will be held in an escrow account with the intent to be released to the student during his final semester before graduation. Students who experience unforeseen financial hardship while studying at BYU may petition to use up to $3,000 of their deposit before their final semester. International students who have already accessed the $3,000 USD from their deposit and who find they are unable to cover the costs associated with continued education at BYU will receive the final $1,000 in the form of a plane ticket to return to their home country.

In addition to the deposit, international students requiring an I-20 must provide proof of finances for the first year of study. The I-20 will not be issued and a registration hold will be placed on the student's file until the proof of finances has been provided. Once the financial support requirement has been cleared, the I-20 will be processed and sent to the student, and the registration hold will then be released.

International New Freshmen

New freshmen are secondary or homeschool graduates with no college credit or with college credit completed prior to secondary school graduation. Students who are secondary school age but will not be completing secondary school are also considered new freshmen.

Secondary School Graduation Alternatives: Applicants who complete their secondary education through the General Education Development (GED) test, home study, home school, or other alternative secondary education programs will be reviewed individually by the admissions committee to determine admissibility. Additional information (achievement tests, personal interview, etc.) may be required as part of the application process.

LDS Seminary: Students are encouraged to participate in LDS seminary during secondary school. Brigham Young University is committed to the concept that thoughtful and consistent study of the scriptures is vital to the preparation of those desiring to enter BYU. The number of years of LDS seminary completed (released-time, early morning, or home study) will influence additional consideration in admission decisions.

American College Test (ACT) or Scholastic Aptitude Test (SAT): All new freshman applicants (or students whose secondary school graduating class has yet to graduate) and transfer students who have completed fewer than 24 semester (36 quarter) hours of college credit at the time of application are required to take the ACT or SAT. The ACT is administered throughout the year; consult their website (www.act.org) for more specific dates. The SAT is also administered throughout the year; consult their website (www.collegeboard.com) for specific test dates. Because test results take approximately four weeks after the test date to arrive at the Admission Office, students should plan to take the test at least a month before the deadline for the semester in which they intend to enroll. Registration information can be obtained from each of the aforementioned websites.

Application: Those applying as international new freshman students must complete the following requirements:

- Complete parts 1, 2, 3, 4, 6, 7, and 8 of the online application at besmart.com.
- Pay the non-refundable, one-time $35 application fee
- Submit ACT/SAT scores
- Submit TOEFL/IELTS scores
- All international students will need to have their secondary school and college (if applicable) transcripts sent to an international transcript evaluation agency. * BYU's preferred transcript evaluation agency is the International Education Research Foundation (IERF) www.ierf.org/byu-ces/. Completed evaluations will be submitted electronically to the Admissions Office by the agency. Information on fees, requirements, and how to submit your official transcripts can be found on the organization's website. BYU will also accept evaluations from World Education Services (WES) (www.wes.org).

**If the secondary school/college is located in the United States or is a US-accredited school, the transcripts will not need to be evaluated by a third party. Transcripts should be sent to A-41 ASB, Provo, UT 84602.*

The application deadlines for international new freshmen are as follows:

- December 1: Final deadline for spring term
- February 1: Final deadline for summer term and fall semester
- October 1: Deadline for winter semester

Admission Criteria: All new freshman applicants will be notified of their admission decision no later than the last day of the month of the final deadline. All new freshman applications go through a holistic review process which is comprised of the following elements: ecclesiastical endorsement, secondary school GPA, ACT or SAT score, seminary attendance, service, leadership, individual talents, creativity, unique or special circumstances, and other factors showing a student's ability to strengthen the BYU community. It is recommended that new freshmen have a 3.65 GPA (US equivalent) and an ACT score in the mid-to-high 20s to be competitive for admission.

English: Applicants whose native or primary language is not English AND/OR has citizenship in a country where English is not the official language will be required to prove English proficiency. We require proof of proficiency regardless of time spent studying in the U.S. These exams expire eery two years. A new score will be required if the exam expires before the deadline, even though the system will not currently show that on the Status page. If the requirement was waived for a former student, we will honor that and not require a test score.

BYU accepts the TOEFL, IELTS, and PTE. The minimum scores for each test are:

- **TOEFL iBT**: 80 overall, 20 in reading, 20 in writing, 20 in speaking, and 20 in listening
- **IELTS**: 6.5 overall, 6.0 in reading, 6.0 in writing, 6.5 in speaking, and 6.0 in listening
- **PTE**: 53 overall, 49 in reading, 49 in writing, 49 in speaking, and 49 in listening

Homeschooled International Applicants

These individuals must complete all application requirements for international new freshman applicants. Their academic qualifications will be reviewed on a case-by-case basis. International homeschooled applicants should contact the International Admissions Office at 801-422-5000 or submit a quesiton on ymessage.byu.edu for more information.

Housing: The admission application is also the application for on-campus housing. Housing Services will contact the students with further information once admitted.

Registration and Completion Requirements: All undergraduate international students in attendance must register for and complete at least 12 hours of daytime credit per semester (6 hours per term).

Official University Visa Policy: Students should not attempt to enter the United States to attend BYU as a full-time student without presenting an I-20 form from BYU (certificate of eligibility), a valid passport, and a valid F-1 visa, or other appropriate immigration documents. Maintaining visa status is the responsibility of the student.

Note: All international students must report to International Services, 1351 WSC, (801) 422-2695, within one week of arrival on campus.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

International Transfer Applicants

International Transfer Applicants with Fewer than 24 College Credits

This student type applies to applicants who have completed fewer than 24 semester hours (36 quarter hours) of graded college credit. This does not include AP, IB, CLEP, or LDS institute of religion credit. College credits must be completed by the application deadline in order to count toward the 24 credit hour threshold. These students will be evaluated for admission based on both their secondary school and college work.

Students who have completed college work and apply for admission prior to graduating from secondary school will be evaluated as new freshmen, *regardless of the number of college hours completed*. Once a student has graduated from secondary school and taken at least one course at another college or university, this applicant will be considered a transfer student and any college credits taken during secondary school will count toward the 24 credit hour threshold.

Note that students who are denied as new freshmen will not be reconsidered for admission until they have completed at least 24 hours of college credit, with at least one college course having been completed after secondary school graduation.

Application: Those applying as international transfer students with fewer than 24 credits must complete the following requirements:

- Complete parts 1, 2, 3, 4, 6, 7, and 8 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee
- Submit ACT/SAT scores
- Submit TOEFL/IELTS scores
- All international students will need to have their secondary school and college (if applicable) transcripts sent to an international transcript evaluation agency.* BYU's preferred transcript evaluation agency is the International Education Research Foundation (IERF) www.ierf.org/byu-ces/. Completed evaluations will be submitted electronically to the Admissions Office by the agency. Information on fees, requirements, and how to submit your official transcripts can be found on the organization's website. BYU will also accept evaluations from World Education Services (WES) (www.wes.org).

**If the secondary school/college is located in the United States or is a US-accredited school, the transcripts will not need to be evaluated by a third party.*

The application deadlines for international transfer students are as follows:

- December 1: Deadline for spring term
- February 1: Deadline for summer term and fall semester
- October 1: Deadline for winter semester

Admission Criteria: All applications of transfer students with fewer than 24 credits go through a holistic review process which is comprised of the following elements: ecclesiastical endorsement, secondary school GPA, college GPA, ACT or SAT score, seminary attendance, service, leadership, individual talents, creativity, unique or special circumstances, and other factors showing a student's ability to strengthen the BYU community. It is recommended that students have a 3.4 GPA and an ACT score in the mid 20's to be competitive for admission. Transfer applications will receive their admission decisions no later than February 28.

BYU does not accept vocational transfer credit (college courses leading to an applied associate degree or certification) from any institution. This type of credit includes subjects such as auto mechanics, cosmetology, dental hygiene, and other technical fields. Once admitted, each incoming transcript will be evaluated for vocational credit, and any vocational credits will be marked as non-transferrable credit. If vocational credit is earned as part of an associate of arts or science degree, it will still be marked as non-transferrable. However, the associate degree will still be recognized as long as at least 35% of the credit within the degree is considered to be academic credit.

English: Applicants whose native or primary language is not English AND/OR has citizenship in a country where English is not the official language will be required to prove English proficiency. We require proof of proficiency regardless of time spent studying in the U.S. These exams expire eery two years. A new score will be required if the exam expires before the deadline, even though the system will not currently show that on the Status page. If the requirement was waived for a former student, we will honor that and not require a test score.

BYU accepts the TOEFL, IELTS, and PTE. The minimum scores for each test are:

- **TOEFL iBT**: 80 overall, 20 in reading, 20 in writing, 20 in speaking, and 20 in listening
- **IELTS**: 6.5 overall, 6.0 in reading, 6.0 in writing, 6.5 in speaking, and 6.0 in listening
- **PTE**: 53 overall, 49 in reading, 49 in writing, 49 in speaking, and 49 in listening

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

International Transfer Applicants with 24 or More College Credits

This student type applies to students who have completed 24 or more semester hours (36 quarter hours) of graded college credit. This does not include AP, IB, CLEP, or LDS institute of religion credit. College credits must be completed by the application deadline in order to count toward the 24 credit hour threshold.

Students who have completed college work and apply for admission prior to graduating from secondary school will be evaluated as new freshmen, *regardless of the number of credit hours completed*. Once a student has graduated from secondary school and taken at least once course at another college or university, this applicant will be considered a transfer student and any college credits taken during secondary school will count toward the 24 credit hour threshold.

Application: Those applying as international transfer students with 24 or more credits must complete the following requirements:

- Complete parts 1, 2, 3, 4, 6, 7, and 8 of the online application at besmart.com
- Pay the non-refundable, one-time $35 application fee
- Submit TOEFL/IELTS scores

- All international students will need to have their secondary school and college (if applicable) transcripts sent to an international transcript evaluation agency.* BYU's preferred transcript evaluation agency is the International Education Research Foundation (IERF) www.ierf.org/byu-ces/. Completed evaluations will be submitted electronically to the Admissions Office by the agency. Information on fees, requirements, and how to submit your official transcripts can be found on the organization's website. BYU will also accept evaulations from World Education Services (WES) (www.wes.org).

**If the secondary school/college is located in the United States or is a US-accredited school, the transcripts will not need to be evaluated by a third party.*

The application deadlines for international transfer students are as follows:

- December 1: Deadline for spring term
- February 1: Deadline for summer term and fall semester
- October 1: Deadline for winter semester

Admission Criteria: All transfer applications go through a holistic review process which is comprised of the following elements: ecclesiastical endorsement, leadership experience, GPA, course selection, quality of coursework, institute of religion involvement, academic goals, and other similar factors. It is recommended that transfer students have a 3.65 GPA (US equivalent) to be competitive for admission. International transfer applicants with three or more years of work at another college or university are unlikely to be admitted. International transfer applicants will receive their admission decisions no later than 4 weeks after the final admission deadline.

Evaluation of Transfer College Credit: All college transcripts will be evaluated to determine admissibility of an applicant even if all or any of that credit is not accepted for transfer. Transfer Services in the BYU Registrar's Office will determine the transferability of undergraduate credit to BYU.

Factors which can affect the transfer of credit include:

The transfer institution must be accredited by one of the following regional associations or is an institution sponsored by The Church of Jesus Christ of Latter-day Saints:

1. AdvancED
    - North Central Association of Colleges and Schools
    - Northwest Commission on Colleges and Universities
    - Southern Association of Colleges and Schools
2. Middle States Association of Colleges and Schools
3. New England Association of Schools and Colleges
4. Western Association of Schools and Colleges

In addition to accreditation, the following criteria are also considered when determining the transferability of credit and equivalencies: comparable credit hours, course level, seat time, and course descriptions. Vocational credit is not accepted, even if earned at an accredited institution.

Additional factors that can affect the transfer of credit:

1. An associate of art or science degree from any one of the main feeder institutions (BYU-Idaho, College of Eastern Utah, Dixie State College, Mesa Community College, LDS Business College, Salt Lake Community College, Snow College, and Utah Valley University) will fill most BYU university core requirements with the exception of Advanced Written and Oral Communication, Languages of Learning, and the religion hours at BYU. Advanced Written and Oral Communication and the Languages of Learning requirements may be filled by completing specific courses at other colleges. Students who have questions about the completion of

university core courses are invited to contact Transfer Services in the BYU Registrar's Office, (801) 422-8522, for further information.

2. Most associate of arts or science degrees from other approved transfer institutions not listed above will fill most BYU university core requirements with the exception of American Heritage, Advanced Written and Oral Communication, Languages of Learning, and the religion hours at BYU. American Heritage, Advanced Written and Oral Communication, and the Languages of Learning requirements may be filled by completing specific courses at other colleges. NOTE: Associate of arts or science degrees must include at least 35% solid, academic classes (i.e., general education) in order to fulfill BYU's university core requirements as stated above. Associate of arts or science degrees that include more than 65% vocational courses will be evaluated on a course-by-course basis. Students who have questions about the completion of university core courses are invited to contact Transfer Services in the BYU Registrar's Office, (801) 422-8522, for further information.
3. Credit is evaluated on a course-by-course basis for students who do not complete an associate of arts or science degree. Transfer guides have been established for some of BYU's main feeder institutions. A list of these transfer guides can be found at http://transfer.byu.edu.
4. Credit earned more than eight years before admission or readmission (including transfer credit) may, at the discretion of the university, be accepted to meet general education and university graduation requirements as well as major requirements.
5. Credit earned from an LDS institute of religion must receive a Pass (P) grade and be posted to an official CES transcript.

Note: Any exceptions to this policy must be approved by the academic vice president.

Registration and Completion Requirements: All undergraduate international students in attendance must register for and complete at least 12 hours of daytime credit per semester (6 hours per term).

Official University Visa Policy: Students should not attempt to enter the United States to attend BYU as a full-time student without presenting an I-20 form from BYU (Certificate of Eligibility), a valid passport, a valid F-1 visa, or other appropriate immigration documents. Maintaining visa status is the responsibility of the student.

Note: All international students must report to International Services, 1351 WSC, (801) 422-2695, within one week after arrival on campus.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

International Former Students

Former students are students who were admitted to the university as fully-matriculated students, completed coursework at BYU, but have been absent from the university for more than one major semester. Students who have attended only BYU's Visiting Student Program, evening classes, Salt Lake Center, or other continuing education programs are not considered fully-matriculated students and will not be classified as former students.

Application: International applicants who are applying as former students must complete the following requirements:

- Complete parts 1, 2, 3, and 8 of the online application at besmart.com

- Submit official college transcripts from any schools attended since last attending BYU

The application deadlines for international former students are as follows:

- December 1: Deadline for spring term
- February 1: Deadline for summer term and fall semester
- October 1: Deadline for winter semester

Admission Criteria: Former student status is not a guarantee of admission. Former students with additional transfer credit must have earned at least a 3.2 GPA or higher on additional work.

Print material is subject to change. Please refer to our websites for the most accurate information. Regardless of printed admission policies and procedures, the university reserves the right to refuse or rescind admission to any applicant.

Visiting Students

International students are not normally eligible for this program.

Post-baccalaureate Studies (PBS)

International students are not normally eligible for this program.

Deferments

Continuing Student Leave of Absence

BYU day-time eligible students may take a leave of absence for one major semester (fall or winter) per academic year. An academic year begins with fall semester and continues through the next spring-summer. *International students must obtain clearance from the International Student Services Office before taking a leave of absence.*

Students should consider the following prior to taking a leave of absence:

- **Ecclesiastical Endorsement:** Students must have a current ecclesiastical endorsement to register for subsequent semesters. To complete this requirement, the applicant's bishop must submit the Continuing Student Ecclesiastical Endorsement Form found online at https://endorse.byu.edu.
- **Scholarship:** The scholarship application deadline for fall, winter, and spring-summer scholarships is March 1, regardless of BYU attendance.
- **Re-application for Admission:** If the student fails to enroll in classes before the add/drop deadline of the major semester (fall/winter) immediately following a leave of absence, he/she will have to reapply for admission as a former student. Re-admission is NOT guaranteed. Note: Students who attend another school during a leave of absence must remember to send an updated transcript to BYU so the credits can be applied to the BYU record. Students who do not attend another school during a leave of absence may return to BYU with their academic status the same as it was before a leave of absence was taken.
- Suspended and dismissed students should consult with the Academic Support Office (see http://aso.byu.edu/suspension-and-dismissal).
- New freshman, transfer, and former students must attend the semester or term to which

they have been admitted.
- A leave of absence may be taken **directly prior** to a missionary deferment (consecutive semesters). Following a mission, applicants **must** enroll at Brigham Young University within a given time period, as noted in the *Missionary Deferment* section below.
- Applicants shoudl be sure to resolve any university holds as they may prohibit their ability to register and/or receive other university services.

Missionary Deferment

International students who want to defer their enrollment for an LDS mission must complete a Missionary Deferment form, available at http://admissions.byu.edu/mission-deferments. This form needs to be completed by the student, and signed by a representative from International Services. The deferment form should be submitted **after** receiving a mission call, and **before** the end of the semester in which the student was due to enroll. The following conditions are given to students:

- Do not attend any college or university between leaving and returning
- Complete a full mission and receive an ecclesiastical endorsement from the mission president
- Return for the semester or spring-summer indicated on the Missionary Deferment form

Return from Mission	Enroll No Later Than
October-April	Fall Semester
May-September	Winter Semester

Students wishing to discontinue after classes begin should contact OneStop Counseling at (801) 422-4104.

BYU Independent Study

BYU Independent Study is a distance education program that offers online and paper courses for anyone, anytime, anywhere. The program offers more than 500 university, high school, middle school, and personal enrichment courses that can help students make up credit, graduate on time, enhance their curriculum, or earn university credit. **For further details, please visit the Independent Study website (is.byu.edu) or contact the Independent Study Office:**

Phone: 801-422-2868 or 1-800-914-8931 (toll-free)
E-mail: indstudy@byu.edu
Mail: 120 Morris Center, Provo, UT 84602-0300

Graduate Studies

BYU offers over 100 different masters and doctoral degrees in a variety of subjects from law to food science. **For information on available programs and their admission requirements, please visit the Graduate Studies website (gradstudies.byu.edu) or contact the Graduate Studies department:**

phone: 801-422-4091

Discontinuance

OneStop Counseling Center
D-148 ASB
(801) 422-7075
http://onestop.byu.edu/discontinuance

Discontinuance is defined as withdrawing from ALL classes for the current semester or term. A student who discontinues is no longer considered to be currently enrolled. **Note:** Newly admitted students (new freshman, transfer, and former students) discontinuing from the semester or term they were admitted will lose their admission status and will need to reapply to attend a future semester. Students should contact a OneStop counselor in D-148 ASB about being readmitted.

Continuing students who discontinue from a major semester (fall or winter) will have that semester counted as a leave of absence. (For more information, see the Leave of Absence section of this catalog). Discontinuance may also have an impact on other areas of campus where students are required to be enrolled in a certain number of credit hours, such as:

- housing
- financial aid
- scholarships
- health center
- employment
- counseling services
- computer lab
- exercise facilities

The OneStop counselors in D-148 ASB are available to consult with students or parents regarding these issues.

The discontinuance process includes the following:

1. **Before the first day of classes,** students may drop all of their classes with no record on the transcript.
2. **Between the first day of class and the add deadline**, students may discontinue by dropping all their classes online through MyMAP in MyBYU. **However, discontinuance on or after the first day of class will result in a withdraw date being posted on the student's transcript.**
3. **After the add deadline**, students must discontinue by submitting the Request for Discontinuance form (front side only) available from the OneStop Counseling Center at D-148 ASB or the website (http://onestop.byu.edu/discontinuance).
4. If discontinuing **after the withdraw deadline**, students will need to obtain signatures from their instructors (back side of form) indicating whether the student should be *withdrawn passing* (W) or *withdrawn failing* (WE).
5. Once the Request for Discontinuance form is completed and submitted to the OneStop Counseling Center (D-148 ASB), the student will be withdrawn from classes.
6. **After the discontinuance deadline**, if non-academic circumstances arise, students may work with their instructors to get an incomplete contract. (See information about incompletes in the Grading section of this catalog.) If a student desires to discontinue after the deadline, including first term classes, it will be necessary to file a petition (see http://petitions.byu.edu).

Please Note

- International or multicultural students must obtain clearance from International Services and/or Multicultural Student Services (respectively) before discontinuing.
- Students admitted only for evening classes or as a BGS student must discontinue through the Office of Evening Classes (120 HCEB, 801-422-2872).
- Students admitted only to the Salt Lake Center should discontinue through the Salt Lake Center Office (801-933-9400, 345 W. North Temple, 3 Triad Center, Suite 300, Salt Lake City, UT 84180).
- Law School students must initiate their discontinuance through the dean of the Law School, 348-A JRCB.
- Students who leave the university under emergency conditions and subsequently do not return are still responsible to discontinue before the discontinuance deadline. They should contact the OneStop Counseling Center (D-148 ASB) as soon as possible.

Financial Aid & Scholarships

Financial Aid Office
C-144 ASB
(801) 422-4104

Over the past decade the cost of obtaining an excellent university education has increased considerably. As a result, many students and their families have found it difficult to obtain the funds to pursue an education. The university is sensitive to this situation and to those students who are hard-pressed to finance their studies. Major changes have been made by the university to improve the delivery system through which students can receive financial aid. There is a firm commitment to assist those who truly need the resources to further their studies.

Financial aid at BYU comes from various federal, state, and university programs in the form of grants, scholarships, and loans. The Financial Aid Office coordinates these financial aid programs and assists students in identifying the financial resources for which they might qualify. Because the number of students applying for financial assistance usually exceeds the funds available through university programs, the distribution of financial aid at BYU is based on an assessment of the student's and family's financial need. There are some exceptions to need-based awarding, e.g., BYU academic scholarships, performance, talent and athletic awards, and BYU short-term loans.

The process of determining a student's eligibility for financial aid is called *need analysis*. In a need analysis, income and asset information from both students and parents is examined to determine the family's ability to contribute toward educational costs. This figure, called the *expected family contribution* (EFC), is subtracted from what it will cost the student to attend BYU for a specific length of time (typically, one academic year). If the cost of education is more than the family can contribute, the student has demonstrated *financial need*.

BYU uses the government need analysis form, the Free Application for Federal Student Aid (FAFSA), in determining how much the student and family should be able to contribute. All students applying for federal financial aid must complete this form. The application process is not complete until the results of the FAFSA have been received by the Financial Aid Office.

Even though a standard formula is used to analyze a student's financial situation, the Financial Aid Office is willing to consider unusual circumstances regarding a student's/parent's financial situation.

Applying for financial aid can be complicated and time consuming. Considerable delays and frustrations can arise from filling out forms incorrectly or failing to submit the proper documents in a timely manner. Students and their parents are encouraged to read instructions carefully and to complete all forms and documents correctly. Professional counselors are available and eager to assist in answering questions and helping with the application process, and can be reached by calling 801-422-4104.

Eligibility Requirements

Applicants for federal financial aid (Federal Pell Grants, Federal Direct Subsidized and Unsubsidized Loans, and Federal Direct PLUS Loans) must be U.S. citizens or permanent residents. In addition, students must maintain satisfactory academic progress to have federal financial aid disbursed to them. Any student enrolled in a degree-seeking program, and meeting these requirements, may

apply for financial aid.

Students who have a baccalaureate degree and are returning to receive a teaching certificate may also apply for Federal Direct Subsidized and Unsubsidized Loans if they have a cumulative 2.0 GPA and are admitted to the teacher licensure program. In addition, post-baccalaureate students may be eligible for Federal Direct Subsidized and Unsubsidized loans if they are enrolled in prerequisite courses for admission to a graduate program.

Rules and regulations governing the disbursement of federal financial aid are subject to change. Contact the Financial Aid Office if you have additional questions regarding your eligibility for financial assistance.

Scholarships

Brigham Young University offers scholarships to select students who have demonstrated a serious and diligent commitment to spiritual preparation and academic excellence as an investment in their education. Scholarship funds are provided through the tithes of the LDS Church and the offerings of generous individuals. They are given to encourage continued commitment to spiritual and intellectual growth. The gift of a scholarship assumes an obligation on the part of the recipient to use that investment to prepare for expanded and purposeful service in the Lord's kingdom. The principle of replenishment is endorsed, and all are invited to make a similar investment in someone else's future by contributing to the university's scholarship programs when in a financial position to do so.

Although the contributions of the Church and others have been generous, funds are still insufficient to invest in all students. Consequently, policies and procedures have been established to better ensure fairness in awarding available scholarship funds consistent with the university's aims and donors' wishes.

For additional information about our policies and procedures, please contact the Financial Aid Office:

Address:
C-144 ASB
Provo, UT

Academic

The majority of BYU scholarships are awarded to students based on academic merit. After the scholarship application deadline, students are ranked by their academic preparation and performance. Beginning at the top of the ranked order, scholarships are awarded until funds are exhausted.

BYU scholarships are not renewable, and most are awarded for two semesters only. Unless students receive a four-year award,*they must reapply every year by the appropriate deadline to be considered*. Applicants must also officially declare a major by the end of their sophomore year.

Heritage Scholarships are eight-semester, full LDS tuition awards to incoming freshman students. These scholarships honor the intellectual, spiritual, and cultural heritage of the Church and the university.

National Merit Scholarships are eight-semester, full LDS tuition awards sponsored by BYU for a number of the incoming freshman students who qualify as finalists in this competition. To be considered, finalists must inform National Merit Corporation that BYU is their first-choice university. National Merit Corporation will then forward necessary materials to BYU. *Because funds are limited, finalists are not guaranteed a BYU-sponsored National Merit Scholarship*.

Brigham Young Scholarships are generally two-semester awards that cover either half or full LDS tuition. Students must reapply each year by the appropriate deadline to be considered for future scholarships.

New Freshman Students

New freshman academic scholarships are based on a candidate's unweighted high school GPA and composite ACT/SAT score, as calculated and certified by BYU Admissions Services.

Former Students

Academic scholarships are based on overall academic performance. Primary considerations are based on the student's cumulative BYU grade point average. Candidates will be considered in the same applicant pool as continuing students.

Continuing Students

Academic scholarships are based on overall scholastic performance. Primary considerations are based on the student's cumulative BYU grade point average.

- Fall/Winter
  - The Scholarship Committee will consider the cumulative GPA earned at BYU through fall semester. To qualify for an academic scholarship, the BYU cumulative GPA must be within the awarding range.
- Spring/Summer
  - The committee will consider academic performance through fall semester.

Alumni Association

Generations of BYU students have benefited from the generous support of the Church and private individuals. With that support they have received a first-rate education that has helped them "go forth to serve." Part of that service includes providing for the education of future generations.

Applicants for the Alumni Replenishment Grant are considered based on need and other criteria along with a moral commitment to repay the amount of the grant, so that future students can receive and continue such financial assistance.

Alumni Association Replenishment

The Alumni Association Replenishment Grant is available to junior, senior, and graduate students whose total cost of education may not be met through other financial aid programs. Scholarships are awarded annually in amounts equal to half or full LDS tuition. The scholarship recipients will be asked to replenish the fund once they are in a financial position to do so.

To be considered, both the cumulative and BYU GPA must be at least 3.0 by the end of fall semester. Applicants must also demonstrate financial need and be willing to replenish the scholarship fund at a later date. To apply, complete the online scholarship application available through myBYU, including the Financial Need section as well as the Alumni Replenishment Grants section.

Alumni Association Regional Replenishment

Several chapters of the BYU Alumni Association offer replenishment grants to students whose permanent residence lies within their boundaries.

To apply, complete the online scholarship application available through myBYU, including the Financial Need section as well the Alumni Regional Replenishment Grants section.

Athletic

The university awards grants-in-aid to outstanding athletes who qualify under the rules and regulations of the West Coast Conference and the National Collegiate Athletics Association (NCAA).

For program applications, deadlines, and additional information, apply directly to the coach of the sport in which you wish to participate or contact Intercollegiate Athletics:

Address:
331 SAB
Provo, UT
84602
Telephone: (801) 422-2046
E-mail: athletics@byu.edu

College and Departmental

In addition to the scholarship programs described in this bulletin, other private scholarships are available through the colleges and some departments. Students can check with their college or department for additional information and applications.

International

International students are eligible to apply for academic scholarships after completing one full enrollment (12 credits) at BYU. The deadline to submit the continuing student scholarship application is March 1. Scholarships are awarded annually.

The university offers a limited number of grants each year to international undergraduate students who demonstrate unusual financial need. Eligible candidates must have an F-1 visa, have earned 24 credit hours at BYU, and be in good academic standing.

Generous friends of the university have established a few additional scholarships to assist international students with their studies. To apply, complete the online scholarship application through myBYU.

International Study Programs

The International Study Programs Office offers scholarships and grants to assist undergraduate students participating in its programs. These program discount award amounts vary depending on financial need, GPA, year in school, major, length and type of program, and other pertinent factors.

To apply, students must apply for a program through the ISP website, and complete the ISP Financial Aid portion of that application. All applicants must have a minimum 3.0 GPA, as well as a current FAFSA on file with BYU. The FAFSA is found at www.fafsa.ed.gov.

For program applications, deadlines, and additional information on scholarships, please contact International Study Programs:

Address:
101 HRCB
Provo, UT
84602
Telephone: 801-422-3686
Email: isp@byu.edu
Website: http://kennedy.byu.edu/isp/.

Jerusalem Center

The Jerusalem Center for Near Eastern Studies offers financial aid to undergraduate students participating in the various Jerusalem Center study programs. This financial aid is administered under the following categories:

Grants are awarded primarily on the basis of financial need. These grants will vary according to the applicant's financial need and the funds available. Individual FAFSA information must be on file at BYU for students to be considered.

Scholarships are awarded primarily on the basis of academic performance and will vary as stated above. A minimum GPA of 3.40 is required to be considered.

For program applications, deadlines, and additional information, contact the Jerusalem Center Office:

Address:
301 HCEB
Provo, UT
84602-1524
Telephone: (801) 422-6017
E-mail: jerusalem@byu.edu
Website: http://ce.byu.edu/jc

Need-Based

While the majority of its scholarships are merit-based, BYU budgets a limited number of need-based awards for U.S. citizens and permanent residents. Each applicant's circumstances and resources are reviewed and evaluated; unfortunately, there is always more need than available funding. Interested students must complete the Financial Need section of the scholarship application available through myBYU, as well as the FAFSA (Free Application for Federal Student Aid), by the appropriate deadline.

Other Private

Generous friends of the university have contributed a number of private scholarships. Many of these scholarships carry specific stipulations and restrictions. To be considered for these scholarships, complete the online scholarship application available through myBYU, including the Other Scholarships section if applicable.

Research

The following scholarships promote and reward research:

The Undergraduate Scholarship Awards are given to a select number of students in good academic standing—generally juniors and seniors—to fund research projects. To obtain the application instructions and guidelines, deadlines, and additional information, contact the Office of Research

and Creative Activities

Address:
A-285 ASB
Provo, UT
84602-1231
Telephone: (801) 422-3841

Students should also contact their department and college to learn about other research opportunities and awards.

ROTC

Both the Army ROTC and the Air Force ROTC offer competitive scholarships to qualified students enrolling in their programs. ROTC scholarship recipients may receive full tuition and fees, or room and board, plus a book allowance each semester. In addition, both scholarship and non-scholarship cadets who are contracted with ROTC receive a monthly stipend [$300 (up to $500) a month as they progress through the program]. For further information and application requirements, contact the Military Science Department (Army ROTC):

Address:
320 Wells ROTC Building
Provo, UT
84602-8301
Telephone: (801) 422-3601
E-mail: armyrotc@byu.edu

Or the Aerospace Studies Department (Air Force ROTC):

Address:
380 Wells ROTC Building
Provo, UT
84602-8301
Telephone: (801) 422-2671
E-mail: afrotc@byu.edu

Students with Disabilities

Generous donors have established a few private scholarships to assist students with disabilities. Because funds are limited, the Scholarship Committee will consider the nature of the applicant's disability and its impact on his or her ability to function in class and earn a living. Academic performance and financial need will also be considered. Interested students must complete the appropriate section (under "Other Scholarships") of the scholarship application available through myBYU and submit appropriate current documentation of the disabling condition from a licensed professional to the University Accessibility Center:

Address:
2170 WSC
Provo, UT
84602
Telephone: (801) 422-2767

Talent Awards

BYU offers talent awards in the areas of communications, dance, music, theatre and media arts,

and visual arts. For these awards, demonstrated talent is a more important criterion than scholastic achievement. Awards range in value from $100 to full tuition for one year. For further information and application materials, contact the appropriate department directly:

Communications: Department of Communications

Address:
360 BRMB
Provo, UT
84602-6403
Telephone: (801) 422-2997
E-mail: comms_secretary@byu.edu

Dance: Department of Dance

Address:
294 RB
Provo, UT
84602-2005
Telephone: (801) 422-5086
E-mail: dance@byu.edu

Music: School of Music

Address:
C-550 HFAC
Provo, UT
84602-6410
Telephone: (801) 422-4784
E-mail: music@byu.edu

Theatre and Media Arts: Department of Theatre and Media Arts

Address:
D-581 HFAC
Provo, UT
84602-6405
Telephone: (801) 422-6645
E-mail: tmasec@byu.edu

Visual Arts: Department of Visual Arts

Address:
E-509 HFAC
Provo, UT
84602-2500
Telephone: (801) 422-8773
E-mail: sonya_schiffman@byu.edu

General University Scholarship Policies

Students granted university scholarships must do the following to remain eligible for their award:

1. Abide by the Honor Code and adhere to the Dress and Grooming Standards of BYU, and
2. Register as a full-time student and complete a minimum of 14 credit hours per semester.

   Note: Scholarships may be applied to approved International Study Programs and the BYU

Jerusalem Center. Scholarships may not be used for Independent Study or Continuing Education courses, BYU-Idaho or BYU-Hawaii courses, audited classes, or credit earned through special examination.

Additional provision:

Students who have received scholarships for a total of eight semesters, excluding spring and summer terms, are ineligible for future fall/winter scholarships through the Financial Aid Office, but may be considered for spring/summer scholarships.

Discontinuance

A student claims a scholarship by registering for classes and using the scholarship to pay tuition. If the student then does not attend school or, once enrolled, discontinues for nonemergency reasons, the scholarship will be cancelled and the student will be billed for the appropriate tuition and discontinuance fees. Students who need to discontinue because of illness, injury, or extenuating circumstances should contact OneStop Student Services (D-155 ASB) for appropriate action.

Note: Exceptions to these policies may sometimes be granted according to individual needs and circumstances. Students wanting an exception must submit a formal written petition to the Financial Aid Office prior to the necessary change.

Petitions may be submitted to:

Address:
D-155 ASB
Provo, UT
84602
E-mail: sch-petitions@byu.edu.

BYU Short-Term Loan

A short-term loan is available to full- or part-time day students or full-time evening students admitted to day school. A student may borrow up to the cost of tuition only, and because the loan is "short-term" the loan must be repaid during the same semester or term in which the money is borrowed. The loan is not available for Independent Study, job interviewing, or debt payments. Students can apply for a short-term loan by logging onto myBYU and, under campus links, clicking the *School* tab, clicking on *My Financial Center*, clicking *Account Summary* and then applying for the short term loan.

Federal Programs

Federal Pell Grant

A Federal Pell Grant is awarded by the U.S. Department of Education based on financial need. A Pell Grant is not a loan and does not have to be repaid. Only undergraduate students who have not already earned a bachelor's degree are eligible for a Pell Grant. (Students who pay graduate tuition are not eligible.) In addition, students must meet other eligibility requirements (see preceding Eligibility Requirements). Federal Pell Grants are based on an eligibility index determined by a federal formula. Pell Grant payments are disbursed to BYU students one semester at a time and vary with the number of hours for which a student is enrolled per semester (spring and summer terms

combined are considered one semester).

- 12.0 or more semester hours equal a full-time payment.
- 9.0–11.5 semester hours equal a three-quarter-time payment.
- 6.0–8.5 semester hours equal a half-time payment.
- Fewer than 6.0 semester hours equal a less-than-half-time payment.

In determining hours for Federal Pell Grant payments, please note that:

1. Audit hours, hours through Special Courses and Conferences, and hours obtained by challenging classes may not be used.
2. Continuing Education, Salt Lake Center, Study Abroad, and Jerusalem Center classes, etc., may be used only during the term or semester for which the student is admitted to BYU day school.

William D. Ford Direct Loan Program

Direct Loans are available to undergraduate and graduate students. Students must meet the eligibility requirements described previously. Undergraduate students must be enrolled in at least 6.0 credit hours per semester or term; graduate students, at least 4.5 credit hours per semester or term. Audit hours, hours through Special Courses and Conferences, and hours obtained by challenging classes may not be used in determining hours. Repayment begins six months after a student graduates, drops below half-time enrollment, or discontinues from the university.

The Direct Loan Program offers the following types of loans:

- Subsidized—based on financial need as determined by information provided on the FAFSA and the resulting Expected Family Contribution (EFC). The government pays the interest on the loan while the student is enrolled in school at least half-time, during the grace period, or during deferment periods. Subsidized loans are not available to graduate students.
- Unsubsidized—not based on financial need and interest begins to accrue once the loan is disbursed. Students who receive subsidized loans may also receive unsubsidized loans. Although students do not go into repayment until after graduation, they may make interest payments.
- Parent PLUS—for parents of dependent students, and, like the unsubsidized loan, interest begins to accrue once the loan is disbursed. Parents go into repayment 60 days following the second disbursement unless a deferment is approved. Parents may borrow up to the student's Cost of Attendance minus any financial aid received by the student. A credit check is done and the loan is generally approved unless there is an adverse credit history. For students whose parents are denied a PLUS loan, an additional unsubsidized loan may be approved.
- GradPLUS—for graduate and professional students. Like the Parent PLUS, interest begins to accrue once the loan is disbursed. Students go into repayment 60 days following the second disbursement, but loan deferment is an option. Students may borrow up to the Cost of Attendance minus any other aid they receive. A credit check is made, and if there is no adverse credit history, the loan is generally approved.

To avoid the burden of excessive debt, students should consider other forms of financial aid such as grants, scholarships, part-time employment, savings, and family assistance. Students should also contact their state educational agency to apply for state grants and other state aid that may be available. High school counselors and employers may also provide information regarding other sources of financial aid.

Satisfactory Academic Progress (SAP)

Federal regulations require schools to establish, publish, and apply reasonable standards for

determining whether a student receiving federal financial aid is maintaining satisfactory academic progress in his or her course of study. Satisfactory Academic Progress is measured using qualitative and quantitative standards as follows:

Undergraduate Students

Pace (Rate of Progress): Students must successfully complete at least 66.67% of all credits attempted. Rate of progress is determined by dividing the total number of earned hours by the total number of attempted hours.

Maximum Time Frame (Attempted Hours): Federal regulations allow for a student to attempt 150% of the number of credit hours required for graduation. The majority of BYU undergraduate degree programs require 120.0 hours. This allows a maximum time frame of 180.0 attempted credit hours as defined above. For students in majors requiring more than 120.0 hours, the maximum attempted hours will be adjusted to 150% of the number of hours needed for graduation.

The following adjustments to the maximum attempted credit hour limit will also be made upon request from individual students:

- Qualitative Standard
    - Maintain a cumulative GPA of 2.0 or higher

- Quantitative Standards
    - Earned hours include letter grades A, B, C, D, and P.
    - Attempted hours include earned hours and all non-progress hours, E, I, IE, UW, W, WE, and T, as well as repeated hours, transfer credit, AP and IB credit, foreign language examination credit and other examination credit.
    - For transfer students, W's, E's, IE's, and UW's from the transfer institution are excluded when calculating rate of progress.
    - Exclude transfer credits and/or AP/IB credits which do not satisfy university core or major/minor course requirements.
    - Exclude up to 20.0 credits in one or more documented previous majors which do not fulfill other graduation requirements.
    - Increase the maximum attempted credit hour limit to include hours required for one additional major, excluding hours which fulfill other BYU graduation requirements.

Graduate Students

Qualitative standard based on assessment by Graduate Studies Office.

- Graduate programs evaluate students' progress as "satisfactory," "marginal," or "unsatisfactory." Only students with a "satisfactory" or "marginal" designation meet SAP.
- Students must maintain a cumulative GPA of 3.0 or higher.

Qualitative standard of maximum time frame defined by program of study.

- Master's and Doctoral candidates must complete their degree within 150% of the number of credit hours required for their program of study.

Annual Review of SAP

SAP is evaluated once a year at the end of winter semester. After all winter grades post, there will be a review of all student's SAP eligibility.

- Students who "pass" this review meet SAP and will be eligible for federal financial aid for spring and summer terms of the current academic year and fall and winter semesters of the following academic year.
- Students who "fail" this review do not meet SAP and will not be eligible for federal financial

aid for spring and summer terms of the current academic year and fall and winter semesters of the following academic year. Students will be notified of their failed SAP status and options for rehabilitating their standing by the Financial Aid Office via the Message Center. The most direct course for undergraduate students is simply to meet the minimum standards of a cumulative grade point average of 2.0 and a course completion rate of 66.67%, assuming they are within the maximum time frame. Upon meeting these requirements, students once again become eligible for aid in future enrollments if they meet all other requirements.

Petition for Override of SAP

In rare circumstances, a student who has extenuating reasons for not meeting SAP may meet with his or her financial aid counselor to determine if a financial aid probation period is appropriate.

Important Tax Information

Under the Tax Reform Act of 1986, only scholarship, fellowship, benefit, and grant amounts used for tuition, fees, books, supplies, and equipment required for courses of instruction are excluded from the recipient's gross income. Any of these funds used for other expenses, such as room and board, must be included in income. If funds are received from any of these sources, a detailed record should be kept of all expenditures for tuition, fees, books, and required equipment and supplies. For more detailed information, consult a personal tax advisor.

Exception to University Financial Aid Policy

Students desiring an exception to University Financial Aid Policy must meet with their OneStop counselor to discuss their situation. Students may call 801-422-4104 to schedule an appointment.

Additional Information Regarding Financial Aid

Students with questions regarding financial aid at Brigham Young University are invited to visit the web site: http://financialaid.byu.edu.

Estimated College Expenses

On entering the university, students are responsible for making arrangements to cover enrollment expenses and should have sufficient funds on hand for at least the first semester.

For estimated costs, please see the Financial Aid Web site: http://financialaid.byu.edu.

Top

Grading & Records

Grading

Grade point averages are computed by assigning numeric values to the letter grades:

Letter Grade Values

A	4.0
A–	3.7
B+	3.4
B	3.0
B–	2.7
C+	2.4
C	2.0
C–	1.7
D+	1.4
D	1.0
D–	0.7
E, I, IE, WE	0.0

The grade given in a course is the teacher's evaluation of the student's performance, achievement, and understanding in that subject as covered in the class. The following adjectives indicate the meaning of the letter grades:

A	Excellent
B	Good
C	Satisfactory
D	Minimum passing
E	Failure

Hence, the grade **A** means that the student's performance, achievement, and understanding were excellent in the portion of the subject covered in the class.

There are prerequisites that qualify students to be admitted to the more advanced classes offered by a department. A senior has added experience, understanding, and preparation. Consequently, a senior progresses in courses that would have been impossible as a freshman. The level of performance, achievement, and understanding required to qualify for each grade that carries credit is higher in a more advanced class than in those classes that precede it, and the student is prepared to work at this higher level.

Additional grade designations are as follows:

1. If a student drops from a class by the add/drop deadline, the transcript will not show any registration for that class. If the student officially withdraws from a class after the add/drop deadline but by the withdraw deadline, the record will be marked **W** (official withdraw). A **W** is not calculated into the GPA.

2. A **WE** grade will be given if a student petitions to withdraw from a class after the withdraw deadline and he or she is failing the class at that time. A **WE** is calculated into the GPA.
3. A grade of **P** indicates a passing grade. It has no effect on the GPA.

4. The letter grade **I** (Incomplete) is given on a contractual basis with the instructor to students who are unable to complete the work by the end of the semester or term. An incomplete grade may be given for nonacademic extenuating circumstances (serious illness, personal injury, death in the immediate family, etc.) that arise *after* the discontinuance deadline (the twelfth week of a semester or the sixth week of a term). To be eligible for an incomplete, the student must have attended up until the discontinuance deadline and be passing the class. If extenuating circumstances arise before the discontinuance deadline, the student should discontinue or petition through the Registrar's Office to be officially withdrawn from the class(es). The Incomplete Grade Contract should be completed and signed by the instructor before submission of the official grade roll at the end of the semester. A copy of the Incomplete Grade Contract must be submitted to the Registrar's Office. A grade of E will be posted until a valid Incomplete Grade Contract is submitted to the Registrar's Office. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. In some special instances, such as a lab class, attendance may be required for the portion of the class or lab section missed. Once all the work has been completed, the instructor should complete the portion of the Incomplete Grade Contract, showing the grade earned, and submit the form to the Registrar's Office (B-150 ASB).
   The instructor may designate the specific length of time the student has to complete the course requirements (not to exceed one year). If the work is not completed and the new grade submitted by the instructor within the agreed upon deadline, the I grade will be changed to an IE (the IE grade is considered and calculated as a failing grade). (To extend the contract date within the one-year deadline contact the Registrar's Office, B-150 ASB.)

5. A grade of **T** indicates course work in progress and is only used in certain approved courses in which work may extend beyond the semester. It is not calculated into the GPA. The T grade may be changed to A, B, C, D, E, or P, depending on the grade rule for the course, when the work is completed.

6. The grade **NS** is placed on the student record when a grade roll has not been submitted to the Registrar's Office by the grade submission deadline. After the deadline, an official grade change must be submitted by the instructor, either online through the grade roll or with a Grade Change Authorization form. An NS is not calculated into the GPA.

Numeric Grade Values (Law School)

In fall semester 1987 the Law School was granted permission to grade their courses on the numeric grading system. In fall semester 1994 the Law School was granted permission to change the numeric grading system to a new numeric scale. All current Law School students with previously earned numeric grades had their grades converted to the new numeric scale:

1987–1994	Description	Fall 1994
80–90	Superior	3.7–4.0
75–79	Excellent	3.3–3.6
71–74	High pass	3.0–3.2
66–70	Pass	2.7–2.9
59–65	Low pass	2.2–2.6
50–58	Fail	1.6–2.1

Grade Changes

After the final grade submission deadline, grades may be changed only for the following reasons:

- making a calculating error in computing the grade
- posting the wrong grade to the grade roll
- changing a T grade after the course work is completed
- posting a grade if no grade was submitted
- reevaluation of the previous grade with no additional work submitted

When such corrections need to be made, an official grade change must be submitted by the instructor, either online through the grade roll or with a Grade Change Authorization form.

If a student completes any additional work beyond the end of the semester or term (original T grades excluded), grade changes should not be made. Instead, the student should request to have an Incomplete Grade Contract.

A previous grade cannot be changed to a W (Official Withdrawal). If the student had a nonacademic emergency, he or she should file a petition for withdrawal with the Registrar's Office.

Student Academic Grievance Policy

There may be occasions when a student believes her/his academic work or conduct has been unfairly or inadequately evaluated1by the faculty.2 Usually such differences of opinion can be amicably resolved informally between the student and teacher. If not, the following procedures are intended to encourage satisfactory resolution of academic grievances with a minimum of formal procedure.

1. The grievance must be initiated by the student no later than four months (120 days) from the last day of the examination period of the semester in which the alleged unfair or inadequate evaluation occurred. A grievance related to restrictions limiting participation in university academic programs must be initiated within 30 days of the decision in question.

2. The student should initially address the grievance in writing to the faculty member or administrator responsible, requesting review and resolution. If the faculty member or administrator is unavailable or the student has a valid reason to believe the matter will not be dealt with fairly or that retribution may result, the student may submit the grievance directly to the applicable department chair. (The faculty member, administrator, or department chair shall have the right to consult others regarding the matter as reasonably necessary and with due regard to the student's right to privacy under the Family Educational Rights and Privacy Act.)

3. If the grievance is addressed to the faculty member, and it is not resolved satisfactorily, the student may submit a written request for further review to the department chair within 30 days of the faculty member's decision.

4. The department chair's decision shall be given in writing to both the student and the faculty member within 30 days after receiving the student's request and all supporting material for review.

5. If the matter is still unresolved, the student may submit a written request for formal review to the dean or director of the applicable college or school within 30 days of the department chair's written decision.

6. If formal review is requested, the applicable dean or director shall be assisted in reviewing the grievance by a committee, as described in the following paragraphs.

- The dean or director will appoint several individuals associated with the university to serve as an ad hoc review panel. At least two of these individuals must be faculty with continuing faculty status from outside the area of study in which the grievance arose. One of these faculty members will be appointed to chair and conduct the proceedings, which should take place within 30 days after receiving the student's written request and all supporting materials. Faculty appointed to a panel reviewing a graduate student's grievance must have graduate faculty status.
- In reviewing the grievance, the review panel, the affected student, and the affected faculty member are responsible to identify or provide relevant sources of information. The review is intended to be collegial and not adversarial. Accordingly, legal counsel is not allowed to attend nor advocate in the review process. Presentation of the issues should be concise and relevant. The chair of the review panel shall be responsible to conduct the review and establish applicable procedures if such are not available from the dean or director. Any formal presentation should be limited to pertinent issues and panel members allowed sufficient time for questions. Following presentation and discussion of the grievance, the review panel will deliberate in closed session and submit its written recommendation to the dean or director.
- The dean or director will determine the resolution of the grievance and give the decision in writing to the student and faculty member within 10 days of receipt of the review panel's recommendation. This decision is final and not subject to further appeal, unless it involves termination of a graduate program or termination from the university.
- If the matter involves termination of a graduate program and is not resolved to the graduate student's satisfaction, the student may submit a written request for review to the Dean of Graduate Studies. The written request for review should contain an outline of the grievance and its disposition and set forth facts supporting the student's request for review. The request for review must be made within 30 days of the date of the written decision by the college dean. The Dean of Graduate Studies will convene a formal administrative review of relevant matters that have not been resolved at the department or college level. Following the review, the Dean of Graduate Studies will make the final determination.
- If the matter involves termination of an undergraduate student from the university for academic reasons or revocation of a degree, the student may submit a written request for review to the Academic Vice President. The written request for review must contain an outline of the grievance, its prior disposition, and set forth facts supporting the student's request for review. The request for review must be made within 30 days of the date of the written decision by the dean or director. The Academic Vice President may either make a decision on the matter or delegate the review to an associate AVP who will convene an ad hoc review panel to study the issues and prepare a written recommendation for the Academic Vice President. A written decision by the Academic Vice President will be sent to the student within 30 days of receipt of the written recommendation of the panel, unless an extension is necessary and all parties are notified of the extension in writing.

Notes

1. Academic evaluations which are subject to this policy include grading, restrictions limiting participation in university academic programs, dismissal from the university or a university program for academic reasons, actions arising from incidents of academic dishonesty, the withholding, and/or revocation of a diploma for academic reasons, and the withholding of or special notation on transcripts for academic reasons. Evaluations relating to admissions to the university, ecclesiastical endorsements, discipline administered by the Honor Code Office, or petitions are not covered by this policy. Persons who believe they have been unlawfully discriminated against or sexually harassed should contact the Equal Opportunity Office.

2. For purposes of this policy, "faculty" means any teacher or other individual authorized by the university to academically evaluate students, or who has a legitimate need to know regarding the processing and disposition of an academic grievance.

Scholastic Recognition Each Semester

The dean of each academic college at the close of each semester will post a list of names of undergraduate students who are ranked in the top 5 percent of their college for the given semester, who have earned a minimum of 14 credit hours, and who have earned a minimum grade point average of at least 3.5 for the semester.

Grades

After the semester/term has ended and all grades have been submitted by the faculty, students may access their grades through AIM in MyBYU.

Records

Registrar's Office
B-150 ASB
(801) 422-2631

The Registrar's Office is the official guardian of all permanent records of all academic work done at the university. The office is also responsible for issuing official transcripts of credit. Official transcripts include only credit completed through BYU.

Classification of Students

Students are classified as follows:

Credit Hours Earned	Classification
0.5–29.9	Freshman
30–59.9	Sophomore
60–89.9	Junior
90 and over	Senior

Access to Education Records—FERPA

Student education records at BYU are generally accessible to eligible students according to the provisions of the Family Educational Rights and Privacy Act (FERPA). BYU has adopted Access to Student Records Procedures that explain in detail student rights relating to their education records.

The following is notice of student rights to their education records, a summary of the procedures for exercising those rights, and a description of student directory information that may be disclosed to the public without the students' consent as required by law:

Eligible students, admitted and enrolled at BYU, generally have the right to:

1. Inspect and review their education records within a reasonable period of time upon submitting to the appropriate department managing their education records a written request, with proof of identification, specifying the records to be inspected. The department will notify the student of the time and place the records may be inspected.

2. Petition BYU to amend or correct any part of the education record believed to be inaccurate, misleading, or in violation of their privacy rights. Students may submit a written request to the department holding the record, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading. If the department decides not to amend the record as requested, the department will notify the student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures as outlined in university procedures will be provided to the student when notified of the right to a hearing.

3. Control the disclosure of personally identifiable information contained in the student's education record, except as otherwise authorized by law. BYU will disclose student education records without the written consent of the student in the following limited circumstances:
    1. To school officials and to specified agents of the university who have a legitimate educational interest in the records.
        - A school official or specified agent of the university is:
            - the Board of Trustees or its agents; or
            - a person employed by the university in an administrative, supervisory, academic, research or support staff position, (including law enforcement unit personnel and health staff); or
            - a person or company, with whom the university has contracted as its agent to provide a service instead of using university employees or officials (such as Student Clearinghouse, an attorney, auditor or collection agent); (the contracted party is subject to the same conditions of use and redisclosure of education records that govern other school officials); or
            - a student serving on an official committee, such as a disciplinary or

grievance committee, or assisting another school official in performing his or her tasks; or

- a person employed by, under contract to, or designated by the university to perform a specific task.

- A school official or specified agent has a legitimate educational interest if the official is:
  - performing a task that is specified in his or her position description or by contract agreement;
  - performing a task related to a student's education;
  - performing a task related to student discipline; or
  - performing a service or benefit relating to the student or the student's family, such as health care, counseling, job placement, or financial aid.

2.

- To officials of another school, upon request, in which a student is enrolled, or seeks or intends to enroll.
- To the Secretary of the U.S. Department of Education, the Attorney General of the United States, the Comptroller General of the United States, and state and local educational authorities, in connection with certain state or federally supported education programs.
- In situations where a student has sued the university, or the university has taken legal action against a student, as necessary for the university to proceed with legal action as a plaintiff or to defend itself.
- In connection with a student's request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid.
- As required by state law disclosure that was adopted before November 19, 1974.
- To organizations conducting certain studies for or on behalf of the university on condition that the organizations conducting the studies not permit the personal identification of students by anyone other than the organizations' representatives. Additionally, all information provided must be destroyed by the requesting organizations when no longer needed for the study's purpose.
- To accrediting organizations to carry out their functions.
- To either parent of an eligible student if the student is claimed as a dependent for income tax purposes regardless of which parent claims the student as a dependent. Parents requesting information from a student's file shall be responsible to demonstrate that the student in question is a dependent pursuant to Section 152 of the Internal Revenue Code. In addition, BYU may disclose to parents of an eligible student information regarding violations of local, state, or federal law or of the Church Educational System Honor Code regarding the use or possession of controlled substances for student violators under the age of 21.
- To comply with a judicial order or a lawfully issued subpoena in which case the order or subpoena shall be directed to the Office of the General Counsel for review prior to dissemination of the education record. The university will make a reasonable attempt to notify the student in advance of disclosure when non-directory information is released in response to subpoenas or court orders.
- To appropriate parties, including parents or guardians, in a health or safety emergency.

- BYU may (without the consent of the perpetrating student) disclose to the victim of a crime of violence or non-forcible sex-offense, (as defined in the Clery Act) the results of any disciplinary proceeding conducted by BYU against the alleged student perpetrator regardless of the outcome of the proceeding.

4. File a complaint with the U.S. Department of Education concerning failures by BYU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is Family Policy and Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-4605, www.ed.gov/offices/om/fpco/.

BYU has designated the following student information as directory information that it may disclose to the public without the consent of the student:

Directory Information

Name
Addresses and telephone numbers
E-mail address
Month, day and place of birth
Names of parents or spouse
Major and minor fields of study
Participation in officially recognized activities and sports
Weight and height of members of athletic teams
Pictures
Dates of attendance (current and past)
Number of months/semesters enrolled
Class standing (freshman, sophomore, etc.)
Enrollment status (full-time, part-time, less than half-time)
Degrees and awards received
Previous educational institutions attended
Dates of employment and job titles for student employment positions
Anticipated future enrollments
Course registrations prior to the beginning of a semester or term
Expected date of graduation
Deferred registration eligibility

Students have the right to restrict disclosure of the above directory information. To request restriction of disclosure, students must file a written request in the Registrars' Office. Forms for this request are available in the Office of the Registrar.

Transcript Record Holds

A hold will be placed on a student's record for failure to meet certain university obligations (outstanding fees, etc.). Until the obligation is fulfilled, no copy of the academic record or diploma or information about the record will be released, and graduation may be delayed or denied.

Earning Credits

Students earn approved university credit in the following ways:

Regular Course Work

Complete work in regular courses offered at BYU. Complete college-level courses through Independent Study, Evening Classes, or other Continuing Education programs.

Transfer Work

Transfer credit for academic college-level courses completed at an accredited college or university and transferred to Brigham Young University. (See the Admissions section of this catalog for further explanation on transfer college credit.)

Advanced Placement (AP) Exam

Complete an AP exam with a score of 3, 4, or 5. College credit may be awarded based on the subject and score.

Military Credit

Serve in the armed forces. Students who have been on active duty for more than one year may receive additional credit for college-level training and experience in the service. To receive credit, bring the military service DD-214 form to Transfer Services in the Registrar's Office, B-150 ASB.

International Baccalaureate (IB)

Students who complete the International Baccalaureate (IB) examinations with a score of 5, 6, or 7 may receive college credit based on the HL subject and score.

Challenge Examination

Students may receive credit by challenging some courses at the university through a separate examination procedure. Departments reserve the right to decide which courses may be challenged by examination. Religion courses, internship courses, exercise sciences and dance activity courses, and other activity participative courses, such as music, youth leadership, and ROTC, may not be challenged.

The challenge examination is not meant to certify that a student has attended the class and completed all course requirements. The challenge examination credit merely shows that the student's skill and knowledge is sufficient to pass a challenge examination for the course.

Only students who have completed at least one course at BYU through day or evening school or the Salt Lake Center are eligible for the challenge examination option. Students currently enrolled are eligible to take the exam, but the credit will not be posted to the transcript until the other BYU credit and grades are posted. Students who are suspended or dismissed from the university are not eligible to challenge courses. Students who are suspended or dismissed may not have challenge examination credit posted to their record even if the examination was taken prior to the suspension or dismissal.

Once students have graduated, they are not eligible for challenging any additional credit at BYU unless it is specific to the graduate program to which the students have been admitted. (See current BYU Graduate Catalog for information on how to challenge graduate courses.)

Some challenge exams for credit are offered in the Testing Center, and others are arranged through the department offering the course. A fee payable to Student Services in D-155 ASB is required. The student should check with the department to see if the exam is offered in the department or through the Testing Center. To earn academic credit and a grade for the course, the student must sign a Challenge Examination Form and have the Testing Center or the department submit it to the Registrar's Office in B-150 ASB. The time limit for a student to choose course credit is determined by the individual academic department, not to exceed one year from the date of the exam. No additional fees are charged to post the credits to the

transcript. The student's transcript and cumulative grade point average reflect the grade earned on the exam. The procedure to take exams and request academic credit follows.

Procedure for Challenge Exams Given at the Testing Center

1. Contact the appropriate department for the exam procedure and content before going to the Testing Center.

2. Go to the Testing Center (265 HGB). (For testing dates on GE challenge exams, see table in University Core: General Education section of the current class schedule.)

3. Pay the $20 required fee at the Testing Center.

4. After the exam is graded and the choice is made to receive graded credit, obtain a Challenge Examination Form at the Testing Center and have it validated there. To accept the grade and receive credit for the course, sign the Challenge Examination Form and have the Testing Center submit it to the Registrar's Office (B-150 ASB). After taking the exam there is a limited time to request that the grade be submitted to receive course credit. The time limit to choose course credit is determined by the department, not to exceed one year. Graded credit will be added to the student's official university transcript, and the progress report will show any GE requirement as fulfilled. (Students taking the Physical Science examination may take the grade or an exemption if their score is 75 percent or above. If their score is between 60 and 74 percent, they may receive graded credit.)

5. Students enrolled in the course when they pass its challenge exam **must** also drop the course. Students who drop the class after the *add deadline* (six class days after a semester or term starts) will receive a W on their transcript for dropping the course. If the course is not *officially* dropped before the withdraw deadline, the grade given by the instructor based on class performance will appear on the transcript.

Procedure for Challenge Exams Not Given at the Testing Center

1. Whether or not students are enrolled in the course they are challenging:
    1. Complete the Challenge Examination Form available from the department.
    2. Arrange with the department to take the exam.
    3. Pay the $20 required fee (per course) at Student Services (D-155 ASB) and have the form validated.
    4. Present the validated form to the department examiner.
    5. Have the grade and credit recorded on the form by the examiner and obtain the necessary departmental signatures.
    6. After seeing the grade, students may choose to have the credit posted to their academic record by signing the Challenge Examination Form and having the department send the completed form to the Registrar's Office (B-150 ASB). After taking the exam there is a limited time to request that the grade be submitted to receive course credit. The time limit to choose course credit is determined by the department, not to exceed one year from the date of the exam.

2. Students enrolled in the course when they pass its challenge exam **must** also drop the course. Students who drop the class after the *add deadline* (six class days after a semester or term starts) will receive a W on their transcript for dropping the course. If the course is not *officially* dropped before the withdraw deadline, the grade given by the instructor based on class performance will appear on the transcript.

Exemption Examinations for GE Requirements

Some general education requirements can be accomplished by successfully completing an examination. Exemption examinations for selected GE courses are offered at the Testing Center. (See table in University Core: General Education section of the current class schedule for dates of exemption examinations.)

Procedure for Exemption Exams

1. Contact the appropriate academic department for exam procedure and content before going to the Testing Center.

2. Go to the Testing Center (265 HGB) on one of the examination days. (See table in University Core: General Education section of the current class schedule.)

3. Pay the $20 required fee per class at the Testing Center.

Students enrolled in the course when they pass its exemption examination **must** also drop the course. Students who drop the course after the *add deadline* (six days after a semester or term starts) will be officially withdrawn. (This shows as a W on the transcript.) If the course is not *officially* dropped before the drop deadline, the grade given by the instructor based on class performance will appear on the transcript.

Note: The progress report of students who pass an exemption exam at the Testing Center will be updated automatically at the end of the semester or term. Students should retain their score report for their records.

Earning BYU Credit While on Academic Suspension

Students who have been academically suspended from Brigham Young University are not eligible to enroll in courses through day school, evening school, or any of the Continuing Education programs offered by the university except those courses offered through Independent Study. Students should consult their advisement center to determine which Independent Study courses to take.

Repeating Classes

Students may repeat any course taken at BYU if the course is still being taught or an equivalent course exists. However, **all** grades are calculated into the grade point average (GPA) and **all** credit counts in the total hours.

Top

Graduation

Adherence to University Standards/Honor Code

Students must be in good Honor Code standing to graduate from BYU.

The term "good Honor Code standing" means that a student's conduct is consistent with the Honor Code and the ideals and principles of The Church of Jesus Christ of Latter-day Saints. Excommunication, disfellowshipment, or disaffiliation from The Church of Jesus Christ of Latter-day Saints automatically results in the withdrawal of the student's ecclesiastical endorsement and the loss of good Honor Code standing. Further, a student is not in good Honor Code standing if his or her ecclesiastical endorsement has either lapsed or has been withdrawn, or if the Honor Code Office has placed a "hold" on the student's records.

Students who are not in good Honor Code standing are ineligible for graduation, even if they have otherwise completed all necessary coursework. In unusual circumstances, a student may petition the Dean of Students Office to allow an exception to the ecclesiastical endorsement requirement [under the process set forth in the Church Educational System Honor Code section.]

Application for Graduation

All students desiring to graduate must apply for graduation. Students applying for the bachelor degree should do so by the appropriate deadlines for graduation. The deadlines for each graduation are listed below:

- September 15 for December graduation (no graduation exercises)
  November 15 for April graduation (graduation exercises)
  February 15 for June graduation (no graduation exercises)
  April 15 for August graduation (graduation exercises)

In order to apply for graduation, students must have an active ecclesiastical endorsement covering the graduation for which they plan to apply. Students access the online graduation application through the "Apply for Graduation" link in the "School Menu" on MyBYU. After submitting the online graduation application, the student account will be charged a one-time $15.00 fee for graduation and the student will be instructed to contact their individual college advisement center (if applicable) to finish the graduation application process. Students will be notified of the status of their graduation application via email.

Students who apply after the deadline dates will need to contact their college advisement center to be considered for graduation. Graduation Services (B-150 ASB) will notify students of graduation deadlines and procedures via email.

Attendance at Commencement

All candidates for graduation are encouraged to attend the commencement and convocation

exercises. Diplomas will be mailed to students after all grades are posted to their official record and all graduation requirements are certified complete. Commencement exercises are held in April and August only. December graduates are invited to the April commencement following their graduation, and June graduates are invited to August commencement following their graduation. Students must have applied for graduation and been submitted by their individual college advisement center by the deadline for the commencement program in order to be listed in the university commencement program. The names of students who have been approved to "walk" at a commencement ceremony and graduate in a future graduation will not be listed in the commencement program. Names will be listed in the commencement program of the graduation for which the student has applied and been submitted. If a student has an Honor Code hold two weeks prior to commencement, their name will be removed from the commencement and convocation programs. If the hold is removed after the commencement program goes to the press and prior to commencement day, the student is authorized to walk but their name will not be listed in the program.

Deadlines for Transfer, Correspondence, and Incomplete Credit

All incomplete grades must be removed from the student's record, special examinations must be passed and recorded, and all transfer credit for required classes must be on file in the Registrar's Office at least four weeks before graduation. Any BYU Independent Study coursework (including finals) needed for graduation must be completed at least three weeks before graduation.

Earning Lower Degree After Receiving Higher Degree

A person having already earned a baccalaureate degree or higher from any institution, including BYU, is ineligible to earn a baccalaureate degree at BYU unless exception has been granted by the Undergraduate Steering Committee (USC). Petitions for exception can be directed to the Admissions Office, which will forward the petition to the USC. If a student is able to finish the degree without being readmitted to BYU (through transfer work and independent study), any request for exception to this policy must be directed to Graduation Services in the Registrar's Office.

Adding a Program to a Completed Degree

A person who has a completed undergraduate degree is ineligible to add a second major or a minor to their official record.

Independent Study Credit

A maximum of 36 semester hours of Independent Study credit may be applied toward the 120-semester-hour requirement for a baccalaureate degree.

Note: See the Bachelor of General Studies Program section of this catalog for BGS requirements.

Scholastic Recognition (for undergraduates only)

University Honors

This section provides a brief overview of the requirements to graduate with University Honors. The staff in the Honors Advisement Center, 350D MSRB, (801) 422-5497, is available on a walk-in basis to answer questions about the program. To graduate with University Honors, a student must:

1. Complete an honors enrollment form.
2. Complete the honors commitment interview.
3. Complete the honors core curriculum.
4. Complete the honors great questions essay.
5. Complete the honors experiential learning requirement.
6. Complete the senior graduation review.
7. Complete the honors thesis requirement.
8. Submit a graduation portfolio.

The requirements for graduation with University Honors complement both major and university core education. The honors curriculum includes and enhances the university core components; the honors thesis requirement enhances the major education component.

A more detailed explanation of the Honors Program is available in the Honors Program section of this catalog.

Latin Scholastic Distinctions

Latin Scholastic Distinctions at graduation are determined by GPA for the top 10 percent of the graduating seniors based on cumulative total and BYU grade point averages. This includes all coursework earned in integrated bachelor and master programs.

Summa Cum Laude is awarded on the basis of grade point average to the top 1.0 percent of the baccalaureate candidates who have earned a minimum 45 semester residency hours of credit at BYU.

Magna Cum Laude is awarded on the basis of grade point average to the top 1.1 to 5.0 percent of the baccalaureate candidates who have earned a minimum 45 semester residency hours of credit at BYU.

Cum Laude is awarded on the basis of grade point average to the top 5.1 to 10.0 percent of the baccalaureate candidates who have earned a minimum 45 semester residency hours of credit at BYU.

Graduation Requirements

Baccalaureate Degree Requirements

The baccalaureate degree is awarded for completion of a specified program of university study. It recognizes important changes in outlook, understanding, and proficiency that result from university experience. At BYU this program of study includes the University Core, the discipline of a specific

major, university requirements, and each student's choice of electives. In addition, a minimum of 30 semester credit hours in residence on the BYU campus in Provo, a minimum total of 120 credit hours, and a cumulative GPA of at least 2.0 are required. The average number of BYU credit hours that BYU graduates earn is 128. Students ought to work toward graduating near the 130 credit hour mark.

University Core Requirements for the Baccalaureate Degree

See the University Core section of this catalog for complete information.

Major Requirements for the Baccalaureate Degree

See specific major requirements in the Academic Departments/Schools/Areas, Degrees, and Courses section of this catalog.

Minimum University Requirements

Residency Requirement

At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student to qualify for a baccalaureate degree. Residency credit does not include any hours earned through Independent Study coursework or credit by examination.

Total Credit-Hour Requirement

A candidate for a baccalaureate degree must complete a minimum of 120 credit hours.

Grade Point Average Requirement

To graduate from BYU students must earn a minimum 2.0 cumulative BYU grade point average and a minimum 2.0 total cumulative grade point average. Students must also meet any stipulated minimum grade point average requirements in their major.

Honor Code Requirement

Students must be in good standing with the Honor Code Office and have a current ecclesiastical endorsement.

D Credit

Students may use a course in which they receive a D- ("minimum passing") to complete major, minor, religion, or general education requirements. Those receiving a D- in a course will not be required to retake the course unless a higher minimum grade is stipulated in a degree program or course sequence description in the undergraduate or graduate catalog.

Courses taken at other colleges or universities with D grades will count toward the total hour requirement for graduation, but will not fill BYU university core requirements and in most instances will not fill major requirements.

Major Requirements

The curricular requirements of a specific major must be satisfactorily completed, including any additional departmental requirements related to the major. A minimum of 20 credit hours in the major must be completed in residence as an admitted day student, 10 of these on the BYU campus in Provo.

Students must select and declare a major by the time they have 60 earned BYU credit hours (excluding language exam credits). Once a student has 75 earned BYU credit hours (excluding language exam credits), they will not be allowed to change their major, unless special permission is granted.

In order to encourage timely progress towards graduation, advisement centers may require mandatory advisement before students are allowed to register for classes. Deans, in consultation with advisement centers, may also place registration holds and mandate specific course completion in order to facilitate a timely graduation.

Double Major

Second majors (exclusive of some language second majors) are rare and *must be approved* by the college advisement center supervisors involved and the dean of the college responsible for the primary major. The second major *proposal and approval process* requires an evaluation of all University Core and major requirements and a time-to-graduation analysis. Petitions for a double major must be submitted prior to earning 75 BYU hours (excluding language exam credits). College advisement centers are prepared to assist interested students in this process. Courses used to satisfy the requirements of a student's major can also be used to satisfy the requirements of an approved second major, unless not permitted by the requirements of the proposed second major. Students who graduate with a second major only receive one degree (the one associated with the primary major) and one diploma. Only the primary major will be listed in the university commencement program and on the diploma.

Changes of Requirements

University graduation requirements are occasionally modified or changed. The university informs students of such modifications through the online catalog, online class schedules, and all advisement centers on campus. Students who leave the university for an extended period of time may be informed of such changes through these sources.

Policy on Previous Graduation Requirements and Credit

Brigham Young University is committed to providing its students with an excellent university education consisting of a broad general education that includes religious education and a strong major education. Programs of the university change and develop in the continuing effort to make learning and experience as valuable as possible. Development, growth, and improvement are expected parts both of our lives and our institutions. It is because of the commitment to a superb education that the university's programs develop and improve and that students are expected to meet the current standards of the university when they graduate, even though they may have begun their studies long ago under quite different expectations.

Students who complete a baccalaureate degree within eight academic years of enrollment at BYU qualify for graduation by meeting those religion, university, and general education requirements in effect when they initially enrolled, even though there may have been changes in general education and religion requirements since that time.

In addition, students who complete a baccalaureate degree within eight academic years of enrollment at BYU qualify for graduation by meeting those major education requirements in effect when they officially declared the major with which they plan to graduate even though such declaration was made at some point following their original enrollment. (A student officially declares a major one of two ways: [1] by indicating the choice of major on part 2 of the CES Admission and Scholarship Application or [2] by submitting a Change of Major Form to a college advisement center at a subsequent time.)

Students have eight years from the time of their initial enrollment in which to complete all requirements for graduation. Students who have not graduated within eight years of their initial enrollment at BYU will be required to meet with an academic advisor in the area of their primary major to determine major and university core graduation requirements and the use of credit previously earned. Where University Core or major requirements have changed or where credit previously earned was in an area of substantial change, students may be required to do additional work to meet graduation requirements.

After discussion with an academic advisor, students may petition the Dean of Undergraduate Education to accept old general education courses to fulfill current general education requirements. This means that credit earned more than eight years before admission or readmission (including transfer credit) may be accepted to meet general education or major graduation requirements at the discretion of the university.

All students who receive undergraduate degrees from BYU are required to complete the University Core requirements unless 1) a student is on the previous GE program and within eight years of initial enrollment; or 2) a student is granted an exception by the Dean of Undergraduate Education.

BYU offers the Bachelor of General Studies Program to assist students who are unable to come back to campus to finish their degrees.

Advisement

An important corollary of the university's commitment to provide its students with an excellent university education is its commitment to help students find their way through their programs effectively and efficiently. Students whose educational experience has extended beyond eight years from the time of initial enrollment and who find that changes in programs will require additional work and preparation should consult with college or department advisors for help in planning their schedules in the best and most encouraging way possible.

The university's requirement that a student graduate under current or very recent standards is meant to benefit the student and is in no way established to deter a determined person from returning to the university after years away. Good advisement can be of great help in working out a program of study at the university, taking into account individual needs, concerns, and experience.

MyMAP

BYU offers students a helpful academic planning system (MyMAP) that enables them to plan their academic progress towards graduation. MyMAP is an online tool students may use to plan specific courses to fill University Core, major, minor, and elective requirements, and organize those courses into semesters/terms. In addition, students may register for these courses using the Register tab. Easy access to course descriptions can be found on any MyMAP tab by simply clicking on the course title. As a student fully utilizes MyMAP, they will find that they have important information at their fingertips. Students may access MyMAP under the School section of MyBYU. To learn more about MyMAP go to http://mymap.byu.edu.

Visit https://registrar.byu.edu/how-apply-graduation for more details.

Honor Code

The current Honor Code policy can be found at https://policy.byu.edu/view/index.php?p=26.

Top

Housing

Quality residential living is an important, indeed an integral, part of the total educational experience at BYU, and students should carefully consider the accommodations available in view of the type of living experience they desire, the time they have available for activities within their housing situation, and their economic needs. Housing is available on campus and in the surrounding communities, and programs have been established within campus residence halls and with off-campus landlords to integrate living experiences with the total university educational program.

Campus Accommodations Office
100 SASB
Phone: (801) 422-2611
Toll-free: (877) 403-0040
Fax: (801) 422-0837
E-mail: housing@byu.edu
http://www.byu.edu/oncampushousing/

On-Campus Housing

On-campus housing includes room-and-board residence halls and apartment-style living for men and women—each directed by a competent hall advisor—and family apartments. Assisting the hall advisor in room-and-board areas and the apartment-style living are several resident assistants—mature, advanced students who reside with the student group. Students are known personally by the staff and have someone available to assist with normal student problems.

The residence hall program is designed to provide experiences in self-government, sharing relationships, and other responsibilities that encourage maturity and independence.

All residents have access to the BYU Computer Network which provides them with Internet access as well as printing capabilities with Open Access printing. Using the Internet, residents may access many campus resources including ScholarSearch (BYU Library), Learning Suite (course specific web sites), and many other resources.

Residence Halls for Men and Women

Board and room in **Helaman Halls** is provided for both men and women. Each hall contains student lounges; study rooms; common shower and restroom areas; and laundry and storage facilities. The central building features a spacious dining facility (Cannon Commons), a reception area, offices, and mail service for the entire residence area. Recreational facilities include sports courts and large lawn areas.

Apartment Living for Men and Women

Heritage Halls and **Wyview Park** provide apartment-style housing for both men and women. Apartments are furnished, except for bedding and kitchen items.

New Heritage Halls apartments have a combination kitchen-dining-living room, three bedrooms (designed for two people each), and two bathrooms. Each building has activity rooms, laundry, and storage facilities.

Wyview Park apartments have a kitchen and dining room, living room, two or three bedrooms, and a bathroom. Two-bedroom apartments have one private bedroom and one shared bedroom. Three-bedroom apartments have two private bedrooms and one shared bedroom.

Foreign Language Student Residence

The College of Humanities sponsors the Foreign Language Student Residence, located near the Missionary Training Center. Students pledge to speak only the foreign language in their apartment while they live and study together under the supervision of a faculty advisor and a native speaker.

All rooms in the complex are shared; single rooms are not available. Male and female residents in each target language eat five meals a week together, with the cost of some meals included in the fees. For details contact the Foreign Language Student Residence program office at 3086 JFSB or (801) 422-3765.

Residences for Families

Accommodations for student families are provided at **Wymount Terrace** and **Wyview Park**. Each apartment is furnished with an electric or gas range, refrigerator, garbage disposal, and blinds. A limited assortment of furniture can be rented from the Student Family Housing Office. Residents have access to sports courts, children's playgrounds, and large lawn areas.

These apartments do not have washer/dryer hookups, but the areas have self-service laundry facilities.

Wymount Terrace has one-, two-, or three-bedroom apartments and is located on the northeast side of campus. Wyview Park has two- or three-bedroom apartments and is located on the north side of campus.

Agreements for Single Student On-Campus Housing

Students who wish to live on campus are not required to complete a separate housing application. Students are instead given a room selection date based upon the completion date of their admission application. The final admission deadline is February 1st of each year.

A $100 security deposit and $50 processing fee are due at the time of room selection.
The *security deposit* is refundable if (1) cancellation is received before the deadline shown on the agreement, or (2) at the end of the agreement there is no debt owed to the university.

Students should be prepared to live by the terms of the agreement once they have acquainted themselves with its terms and submitted it; this will avoid any possible misunderstanding or financial loss. Agreements are made for the academic school year.

Agreements for Student Family On-Campus Housing

Family housing apartment availability is updated online at 4:00 p.m. Monday-Friday (excluding holidays) at www.byu.edu/familyhousing. For student family housing, the completed agreement must be submitted with a $100 security deposit and a nonrefundable $50 processing fee. Parts 1 and 2 must both be completed for the agreement to be valid.

Off-Campus Housing

C-141 ASB
(801) 422-1513
Internet: och.byu.edu

Brigham Young University is committed to creating an atmosphere conducive to intellectual and spiritual development for all of its students, including those who live off campus. The BYU Off-Campus Housing Office was established to assist in this task by:

1. Aiding students in locating off-campus housing.
2. Encouraging landlords to maintain and improve rental facilities.
3. Advising and giving counsel to students and landlords in their relationships with one another.
4. Attempting to ensure that BYU living standards are maintained off campus.

To help achieve these ends, single undergraduate BYU students are required to live in university-contracted housing (see below). At present, more than 22,000 rental spaces have been contracted by the university for single undergraduate students living off campus. For further information concerning off-campus rentals and BYU regulations, contact the Off-Campus Housing Office at 801-422-1513 between 8:00 a.m. and 5:00 p.m. Monday through Friday or visit the OCH web site at och.byu.edu.

BYU Housing Referral Service

The BYU Off-Campus Housing Office maintains a complete referral service for all university-contracted rental facilities. Thousands of rental units of all types are available, including large- and medium-sized apartment complexes, condominiums, duplexes, and houses. *Some* housing for families and graduate students is also listed, although student family housing and graduate student housing is not subject to university contracting.

Listings are available at och.byu.edu. A guide with housing tips and essential rental data on apartment complexes may be found on the OCH web site. Officials are also available to help students who have problems finding suitable off-campus housing.

Student Address Verification

All BYU students are required to provide the residential address where they reside (not a post office box) as part of the registration process. Unless specifically excused by the Off-Campus Housing Office, all single undergraduate BYU students are required to live in university-contracted housing either on or off campus. The requirement may be waived by the Off-Campus Housing Office through a waiver for the following students:

1. Single parents with children.
2. Single students living with parents.
3. Single students who are taking classes away from Provo.
4. Under hardship conditions, as determined by the Off-Campus Housing Office, the university housing requirement may be waived for other students who have a special circumstance or hardship.

Hotels, motels, and studio apartments are not contracted housing for single students. A studio apartment is a living unit that does not provide a separate bedroom but combines the living and sleeping area.

Students who do not provide their residential address or who live in housing not contracted by the university and who are not excused by the BYU Off-Campus Housing Office are subject to the following sanctions:

1. Non-compliance fees up to $175.00 will be incurred, and future registration may be stopped, until the student verifies that he or she is living in or will be living in university-contracted housing.

2. Students falsifying their addresses will be subject to the above consequences as well as disciplinary action by the university for Honor Code violations.

When a student signs an agreement to live in a facility not contracted by the university and has not been excused from the university housing requirement, these sanctions will be applied even though the student's tenancy extends beyond the current fall, winter, or spring-summer in which the student is enrolled. A student in this situation will have to either move from the uncontracted housing unit, regardless of the consequences, or forego registration and other privileges at the university until complying with this policy.

The university contracts off-campus living units whose owners have agreed to:

1. Adequately separate single men and women.
2. Exercise reasonable efforts to maintain the BYU Residential Living Standards.
3. Maintain the facilities in good repair.
4. Not abuse basic tenant rights.

The university cannot guarantee that owners and managers are employing their best efforts to maintain the standards, that all residents are complying with BYU standards, or that contracted living units always meet the physical criteria. Thus, students are individually responsible to carefully choose an acceptable apartment and compatible roommates. Students should first inform their area management if they suspect that the standards and the physical criteria are not being maintained. Students may also contact the BYU Off-Campus Housing Office and/or the BYU Honor Code Office with concerns after efforts for resolution have been made with area management.

Because a student's living environment has a profound influence on academic performance and spiritual growth, BYU promotes an environment in contracted off-campus housing facilities that is consistent with its mission and with the moral virtues taught by The Church of Jesus Christ of Latter-day Saints. Specifically, the BYU off-campus housing program *sets guidelines* for landlords and students, which, if followed, will cultivate that desired moral climate. BYU off-campus housing personnel attempt to rectify any deviations from these standards and policy guidelines.

Nondiscrimination

Admission to Brigham Young University is nondiscriminatory. The university admits persons regardless of race, color, national origin, religion, sex (including pregnancy), age, disability, genetic information, or veteran status who meet university and department academic requirements and agree to abide by the university's standards of conduct and behavior. The university does exercise the "religious" exemption in admissions as granted in Title IX of the Education Amendments, 20 U.S.C. 1681(a)(3), and in hiring employees as granted in 41 CFR 60-1.5(a)(5).

Inquiries regarding this statement and/or its application may be directed to the Equal Opportunity Office at (801) 422-5895 during office hours (8 a.m. – 5 p.m. weekdays). Inquiries regarding sex discrimination and sexual misconduct may be directed to the Title IX Coordinator at (801) 422-2130 during office hours (8 a.m. – 5 p.m. weekdays). Individuals may also contact the university's 24-hour hotline at 1-888-238-1062 or visit http://www.ethicspoint.com.

Petitions

Students who encounter a non-academic emergency or circumstance affecting the academic record may submit a request to make a change to the record through petition at the Registrar's Office. A petition may be filed asking for an exception to university policy by providing justification and documentation to support the request. Possible requests may include adding or withdrawing from a class after the deadline, adding challenge exam credit, or extending an incomplete deadline.

Situations that may **not** be petitioned through the Registrar's Office are:

- Reinstatement after being deleted for nonpayment of tuition (see OneStop Student Services, D-155 ASB)
- Removal of transfer credit from a transcript
- Verification that a student is full time if they are not.

Any petitions for exceptions to academic records policies must be submitted to the Registrar's Office within **one year** from the semester or term in question.

Petition forms and additional information concerning petitions may be obtained at the Registrar's Office (B-150 ASB) or at https://registrar.byu.edu/petitions

Top

Registration

Who May Register?

Students are eligible to register if they are either continuing BYU students or new students who have been notified of acceptance from the Admissions Office for the semester/term they wish to attend.

Continuing student status ends when a student graduates, or if they do not complete any day school classes for two consecutive semesters (fall and winter). Students who have lost continuing student status must be readmitted by the Admissions Office before they can register.

Students must be in good Honor Code standing to register and to continue enrollment at BYU. The term "good Honor Code standing" means that a student's conduct is consistent with the Honor Code and the ideals and principles of The Church of Jesus Christ of Latter-day Saints. Excommunication, disfellowshipment, or disaffiliation from The Church of Jesus Christ of Latter-day Saints automatically results in the withdrawal of the student's ecclesiastical endorsement and the loss of good Honor Code standing. Further, a student is not in good Honor Code standing if his or her ecclesiastical endorsement has either lapsed or has been withdrawn, or if the Honor Code Office has placed a "hold" on the student's registration.

The Registration Process

Complete registration instructions and deadlines are listed for each semester or term on the web site http://registrar.byu.edu.

Registration is based on a priority system (fall and winter semesters only) that allows students to begin registration according to the number of credit hours completed. Priority begins with graduate students and seniors, then juniors, sophomores, and freshmen. Post-baccalaureate non-degree-seeking graduates will be given access after continuing freshmen. All newly admitted freshmen will register in a separate priority (fall semester only). New freshman beginning Winter semester will be assigned to the last registration date, regardless of college credit.

Students can determine their priority registration for fall and winter semesters by logging into MyMAP, clicking on the "Register" tab, then looking under the appropriate semester. These dates will be posted 2-3 weeks before registration begins. Students may begin registering for fall semester in late March and for winter semester in October by following the instructions on the web site.

Spring and summer registration is not based on a priority system. The spring and summer class schedules become available in December, and eligible students can register beginning in February.

Adding and Dropping Classes

Students may use the MyMAP registration system to add and drop classes until the add deadline

of each semester or term. Each class has a registration method assigned by the academic department. **"O"** means the registration is online through the add deadline. **"S"** means department or faculty permission-to-add code is required. **"F"** means online registration until the first day of classes; instructor permission-to-add code thereafter.

To add a class that requires a permission-to-add code:

1. Contact the instructor/department and obtain a permission-to-add code.
2. Log into MyMAP and click on Add Classes under the appropriate semester.
3. Find the class you want to add.
4. In the left column select the "P" for the section you want to add.
5. A pop-up box will appear. Enter the permission-to-add code (they are not case sensitive).
6. Select "OK" to verify the transaction.

To drop a class once school begins:

1. Use MyMAP during the add period (first **six** class days of a semester or term).
2. Click on "Drop" next to the class you want to drop and click "OK" to verify the transaction.

Note 1: Dropping all classes after the first day of class will result in a withdraw date on the transcript.

Note 2: A student can be registered for more than one section of an R-suffix course and therefore must drop each unwanted section.

Note 3: To withdraw from a class after the add/drop dealine, see "Withdrawal from Classes" below.

Full-, Three-Quarter-, or Part-Time Status

A student who registers for 12 or more credit hours a semester or 6 or more credit hours a term is full-time. Registration for 9 to 11.5 credit hours per semester or 4.5 to 5.5 credit hours per term is three-quarter-time. Registration for 0.5 to 8.5 credit hours a semester or 0.5 to 4 credit hours a term is part-time status. International students and students receiving financial assistance may be required to be enrolled full-time. (Please note that credit hours for spring-summer semester length classes count in spring term enrollment.)

Verification of Full-Time Status for Graduate Students

Graduate students (masters and doctoral students) who are enrolled for at least 2 credit hours per semester and who can be certified by their department as being engaged full-time in pursuit of their degrees can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies (gradstudies.byu.edu or call 801-422-4091).

Withdrawal from Classes

Students who choose to withdraw from a class must do so officially. Students who do not officially withdraw before the published deadline will receive a failing grade.

To withdraw from a class:

1. During the withdraw period (seventh through fiftieth day of a semester or seventh through twenty-fifth day of a term) students may use MyMAP to withdraw from classes. A $10 fee per class will be charged to the student's account and a W will be posted on the student's transcript (a "W" does not affect GPA).
2. To withdraw from classes for extenuating circumstances after the withdraw deadline, students may petition for an exception to university policy through the Registrar's Office (B-150 ASB). There is a $10 fee per class if the petition is approved.

The university reserves the right to assign a failing grade for academic dishonesty reasons even if the student is able to withdraw him/herself from the class before the failing grade has been assigned.

Class Attendance Policy

Students are expected to attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Faculty should tell students what relationship attendance has to the final grade for the course, but students must take responsibility for their actions. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is the student's responsibility. *Students must be officially enrolled either for credit or audit to be eligible to attend class.*

Auditing Classes

Students who wish to audit a class (take a course without receiving any credit for it) must add the class with a permission-to-audit code within the first six class days of a semester or term. Audited classes do not appear on transcripts for completed semesters, do not count for enrollment verification purposes, and do not count towards financial aid or scholarship eligibility. However, audit hours do count toward maximum hours per semester and tuition charges. *Students must be officially enrolled either for credit or audit to be eligible to attend class.*

Class Preparation Time

The expectation for undergraduate courses is three hours of work per week per credit hour for the average student who is appropriately prepared; much more time may be required to achieve excellence. These three hours may include one hour of lecture plus two hours of work outside class, three hours in a laboratory with little outside work, or any other combination appropriate to a particular course.

Maximum Hours per Enrollment Period

An undergraduate student in good standing may register for as many as 18 credit hours in any one semester (9 per term). College advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours per semester (11 per term). This authorization is given by the advisor flagging approval on a student's record. *The student will not be able to register for the additional hours until the first day of the*

semester/term. Registering for classes through Continuing Education or auditing classes constitutes a part of the total registration. Through a petition process after the first day of school, exceptions to these rules may be granted by the university registrar (B-150 ASB).

A graduate student may take up to 22 hours/semester (11 hours/term). For exceptions to go over hours, graduate students must consult with the Graduate Studies Office (105 FPH, 801-422-4091).

Credit hours for spring-summer semester length courses count in spring term enrollment.

Final Examinations

The university schedules exam preparation and examination periods. An examination period occurs at the end of each semester and term. The examination period is preceded by exam preparation days, which give time for conscientious review, study, and synthesis of the semester's work. The exam preparation and the examination periods are firmly scheduled parts of the semester; students must not make plans that interfere with these important academic activities. Students may not take final examinations early. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible.

The instructor may give the grade *Incomplete* for nonacademic extenuating circumstances occurring **after** the discontinuance deadline. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement (see Grading and Records for further information.)

In cases where a student has conflicting examinations or three or more examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Registration Holds

The university may place a hold on a student's records that will block registration privileges. The hold will be indicated on the MyMAP registration system. It is the student's responsibility to contact the appropriate office to clear any holds before attempting to register for classes. A student may see if they have any holds by going to the Register tab in MyMAP.

Academic Standards Hold:

Academic Support Office (801) 422-2723

Ecclesiastical Endorsement Hold:

Honor Code Office (801) 422-2847

Financial Hold (past due balance):

Student Accounts (801) 422-4104

Collections Office (801) 422-7648

Financial Aid and Scholarships Office (801) 422-4104

Graduate Studies Hold:

Office of Graduate Studies (801) 422-4091

Advisement Centers (CAC holds):

Education (801) 422-3426
Engineering and Technology (801) 422-4325
Family, Home, and Social Sciences (801) 422-3541
Fine Arts and Communications (801) 422-3777
Humanities (801) 422-4789
International and Area Studies (801) 422-3548
Life Sciences (formerly Biology and Agriculture) (801) 422-3042
Marriott School of Management (801) 422-4285
Nursing (801) 422-4173
Physical and Mathematical Sciences (801) 422-2674
University Advisement (Open Major) (801) 422-3826

To see more common holds that block registration, go to http://registrar.byu.edu.

Right to Change Courses

The university makes every reasonable effort to provide accurate information in the contents of this catalog but reserves the right to make changes at any time without prior notice. The university reserves the right to change or discontinue graduation requirements, department majors, individual courses, instructors, and all other aspects of university operations. In the event the university determines to make changes in curriculum, it will post these changes as soon as practical within this online catalog. It is recommended that students regularly check this catalog for possible changes.

If colleges or majors are discontinued, or if substantial changes in requirements for degrees are made, the university will endeavor to allow students disadvantaged by the change to continue under existing programs and requirements. As a general rule, these types of substantial changes will only be made effective each fall semester.

The university may place a hold on a student's registration privileges if the student neglects academic work or makes unsatisfactory progress toward graduation.

Top

Tuition & Fees

Tuition Rates

Tuition and general fees for all academic programs are established annually by Brigham Young University. BYU is a non-profit corporation affiliated with the Church of Jesus Christ of Latter-day Saints, and significant portions of university operating costs are paid with the tithes of Church members. In recognition of this support, Church members are assessed lower tuition fees than those who are not members. This practice is similar in principle to that of state universities charging higher tuition to nonresidents. Students are considered members of the Church if they have been baptized at any time during the semester or term.

Tuition rates for the 2016–2017 academic year are as follows:

2016-2017 Tuition					
Undergraduate Students					
Semester Charges			**Term Charges ****		
Credit Hours	**LDS**	**Non-LDS**	**Credit Hours**	**LDS**	**Non-LDS**
12.0 +	$2,575	$5,150	**6.0 +**	$1,288	$2,575
9.0 – 11.5	$2,447	$4,894	**4.5 – 5.5**	$1,224	$2,447
0.5 – 8.5	$270/credit	$540/credit	**0.5 – 4.0**	$270/credit	$540/credit
Graduate Students *					
Semester Charges			**Term Charges ****		
Credit Hours	**LDS**	**Non-LDS**	**Credit Hours**	**LDS**	**Non-LDS**

8.5 +	$3,250	$6,500	**4.5 +**	$1,625	$3,250
0.5 – 8.0	$382/credit	$764/credit	**0.5 – 4.0**	$382/credit	$764/credit

Graduate School of Management and Law School Students***

Semester Charges			**Term Charges **		
Credit Hours	**LDS**	**Non-LDS**	**Credit Hours**	**LDS**	**Non-LDS**
8.5 +	$5,985	$11,970	**4.5 +**	$2,993	$5,985
0.5 – 8.0	$704/credit	$1,408/credit	**0.5 – 4.0**	$704/credit	$1,408/credit

The university reserves the right to change tuition and fees without notice.

* Includes all students who have previously received a Bachelor's degree—even if enrolled in undergraduate courses.

** Tuition for spring-summer length classes will be calculated as if 1/2 of the credit hours were allocated towards spring term and 1/2 towards summer term. However, the full amount calculated for spring-summer length classes will be billed along with spring term and will be subject to the normal spring term deadlines.

** The Law School offers no courses during spring and summer; therefore, Law School students should refer to the graduate tuition rate to determine tuition charges during spring and summer terms.

Noncredit and Audited Course Fees

Tuition for noncredit courses or for courses being audited is charged at the same rate as for credit courses. Noncredit and audit hours will be included when calculating tuition charges.

Payment of Tuition and Fees

Tuition and fees are considered due and payable seven calendar days prior to the first day of class. Failure to pay by this date will result in holds being placed on the student's account, restricting the ability to add additional classes, unless the student has pending financial aid. Class registrations will be dropped if payment of tuition and fees is not received by midnight on the add deadline. Classes will generally not be dropped if adequate financial aid is pending. However, it is the student's responsibility to ensure that financial aid or other forms of payment are available to satisfy tuition and fees prior to the deadline.

Short-Term Loans

The university makes short-term loans available to assist students to meet the tuition payment deadline. These loans are intended to be used for short-duration financing needs. Short-term loans are due as follows:

Registration Period	Due Date
Fall 2015	November 1, 2015
Winter 2016	March 1, 2016
Spring-Summer 2016	
Spring 2016	June 1, 2016
Summer 2016	August 1, 2016

A $20 processing fee will be charged for each short-term loan. No interest is charged on those loans if they are paid by the due date. Short-term loans outstanding after the due date bear interest at the rate of 12 percent per annum. Holds on registration for future semesters or spring-summer(s) are placed on all student accounts the day the short-term loan is disbursed and are not released until the loan is paid in full. This may affect the ability of some students to take advantage of priority registration.

Pro-Rata Charges for Dropped Classes

Students may drop classes without penalty through the add deadline. After the add deadline, tuition will be recalculated based on the student's current enrollment status. A pro-rata tuition charge will be applied after the add deadline for dropped classes that result in reduction in the original tuition charge. The pro-rata charge applies to tuition and most class fees. Certain class fees relate to the delivery of required supplies or services and are not refundable. The pro-rata charges are as follows:

If class is dropped beginning:	The pro-rata charge will be:
Fall Semester	
September 9, 2015	15%
September 21, 2015	25%
October 26, 2015	50%
November 10, 2015	100%
Winter Semester	
January 12, 2016	15%
January 25, 2016	25%
February 29, 2016	50%
March 16, 2016	100%
Spring-Summer (including semester-length offerings)	
Spring Term	
May 4, 2016	15%
May 9, 2016	25%
May 23, 2016	50%
June 1, 2016	100%
Summer Term	
June 28, 2016	15%
July 5, 2016	25%
July 18, 2016	50%
July 27, 2016	100%

The recalculation of tuition and fee charges may result in a refund. The amount of the refund a student will receive is based on the date the classes are dropped, or in the case of an official discontinuance, the date that the student reports such discontinuance to the Discontinuance Office (B-150 ASB).

Any refund due the student will be paid by check through the mail approximately ten days after the classes are dropped. If the student has elected direct deposit for student account refunds, the refund will be deposited into the student's bank. Payments originally paid by credit card will be returned to the credit card. Unpaid university charges may be deducted from the refund amount.

Refunds will not be paid to students whose tuition has been paid by a loan, scholarship, or benefit.

If a student with federal financial aid drops below half-time enrollment (for tuition assessment purposes: undergraduate, 6 hours per semester or 3 hours per term; graduate, 4.5 hours per semester or 2.5 hours per term), the federal program or lender may require that a portion of the refund be returned.

A petition for exception to the refund schedule will be considered for students forced to discontinue because of circumstances that are beyond their control, such as death in the immediate family, life-threatening situations, medical incapacitation, a university error, or military leave. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are available in D-155 ASB.

Collection of Unpaid Tuition and Fees

BYU retains all legal remedies to collect unpaid tuition, fees, and other amounts due to the university for housing, traffic fines, etc. BYU uses a variety of methods to keep students informed of amounts due the university, including financial Web sites, statements, and various forms of correspondence. It is the student's responsibility to remain aware of obligations to the university and to make payment on a timely basis.

If BYU is unable to collect amounts due the university within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including collection agency fees, attorney fees, and court costs will be charged to the student's account.

Failure to pay all amounts due BYU, including collection fees, may also result in various actions, including but not limited to withholding services and restricting the student's ability to register for class, participate in graduation, receive a transcript or diploma, or be considered for readmission to the university. The university also reserves the right to report both positive and negative payment histories to credit-reporting agencies.

Payments for Tuition and Fees

Tuition and fees include charges such as tuition, class fees, tuition reassessments, tuition late fees, Study Abroad fees, and health plan charges. Students are responsible to pay the correct amount of tuition, fees, and past due balances in U.S. dollars (checks must be drawn on a U.S. bank). The following options are available for making tuition and fee payments. For more information on making payments to BYU, please visit https://finserve.byu.edu/content/other-payment-options.

Pay Tuition Online

BYU encourages you to take advantage of the fast, easy, and secure way to pay online. Payments may be made online by logging into myBYU and selecting the My Financial Center link under the School heading.

eCheck (BYU's preferred payment method)

eCheck is a free electronic check option that uses a secure Web transmission to electronically withdraw funds directly from a payer's checking or savings account. The payer must provide his/her bank routing and account number to make an eCheck payment. Payments from mutual fund, money market, line of credit, or brokerage accounts cannot be accepted.

Credit Card with a Service Fee

BYU accepts Visa, Mastercard, Discover and American Express for all charges including tuition payments. However, the payer will be charged a nonrefundable credit card fee equal to 2% of the tuition when making a payment on tuition and fee charges.

Debit cards are considered credit cards for tuition and loan payment purposes and would therefore be subject to the same credit card restrictions and service charges. Note: Because eChecks and debit cards both deduct payments directly from a checking or savings account, students can avoid the service charge by choosing the eCheck option.

Note the Credit Card Refund Policy: Existing credit card regulations prohibit BYU from making a refund to you in cash or check when you make a payment by credit card and there is an adjustment made to the charges paid. When you pay by credit card and there is a reduction in the amount of your charges, we are required to refund the amount back to the credit card you used to make the payment.

Pay Tuition by Mail

Check or money order payments may be mailed to Student Financial Services, A-153 ASB, Provo, UT 84602. Please make checks payable to Brigham Young University or BYU. Do not mail cash. Include with your check the student's BYU ID number and the amount to apply to each category.

Pay Tuition in Person

Payments may be made throughout the year in person at D-155 ASB. Tuition may be paid using check, money order, or cash. Credit cards cannot be used to pay tuition or fees at BYU cashiering locations (see Pay Tuition Online above for acceptable use of credit cards). Check or money order payments may also be left in the drop box in the D wing on the main floor of the ASB.

Pay Tuition by Wire Transfer

To pay tuition using an international or domestic wire transfer, please contact us for wire transfer instructions via phone (801) 422-4104 or via email at wires@byu.edu.

Student Teaching/Practicum Fees

Fingerprint Fee

Students in teacher education must be fingerprinted and pass a background check prior to starting practicum experiences with K–12 students. Fees for fingerprinting and background checks are set by the Utah State Office of Education and are listed on the Education Advisement Center Web site: http://education.byu.edu/ess/fingerprint.html.

Licensure Fee

Students who meet all program requirements qualify for a Level 1 teaching license in Utah. Fees for licensure are due with the student teaching application. Licensure fees are set by the Utah State Office of Education and are listed on the Office of Field Services Web site: http://education.byu.edu/ess.

Health Insurance Requirement

BYU requires all students with 9.0 or more credits in a semester or 4.5 or more credits in a term to carry adequate medical insurance. This applies the entire time a student has continuing status, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are required to carry adequate medical insurance.

To satisfy the health coverage requirement, students have several options:

Enroll in the Student Health Plan
Enroll in a group medical plan provided by the parents', the student's , or the student's spouse's employer
Purchase an individual Affordable Care Act (ACA) compliant health plan

If the student chooses any medical plan other than the Student Health Plan, he/she must provide verification of adequate coverage at the beginning of his/her first semester or term and annually at the beginning of fall semester. Students should carefully review any medical plan they're considering to make sure it will provide sufficient coverage for current and future health care needs. Coverage must be effective by the first day of class.

Effective fall semester 2014, BYU requires all ELC students and F-1 and J-1 visa students to be enrolled in the BYU Student Health Plan or an ACA compliant plan offered by a United States-based insurance company. This plan must provide comprehensive medical coverage for the student while he/she is on campus. Insurance plans from companies outside the United States will not be accepted.

All students enrolled at least 3/4 time (9 credit hours per semester or 4.5 credit hours per term) and all F-1 and J-1 visa students who don't submit proof of other coverage before the deadline each year will be enrolled automatically for individual coverage and assessed the appropriate premium (single or married rate) for the Student Health Plan. Students who are actively working towards a degree and have at least 0.5 on-campus credits will not be automatically enrolled in the Student Health Plan, but they can contact the Student Health Plan Office via YMessage or in person to enroll. Graduate students who have at least 2 credits during fall semester and were enrolled in the Student Health Plan for summer term will be automatically enrolled for fall semester

in the same plan they had during summer term. The web is located at http://health.byu.edu/index2.php?page=shc/ped.php.

Spouses and dependents won't be enrolled automatically the first semester or term a student is on the plan. If a student desires coverage for their spouse and dependents, they must enroll their spouse and dependents in the plan.

For the latest BYU Student Health Plan fees, check the Web site at http://health.byu.edu/index2.php?page=shc/health.php.

Appeals

Students with unusual circumstances may appeal for special consideration of any item in this section to the Student Services Office. Appeal forms may be obtained at the Student Services windows at D-155 ASB.

About BYU

Top

A Unique Environment

Religious Environment

The Church of Jesus Christ of Latter-day Saints sponsors BYU to provide a university education in an atmosphere that nurtures spiritual growth and a strong conviction of the divinity of Jesus Christ. Church programs are closely correlated at all levels with the activities of the university, and students will find many opportunities to grow spiritually.

Religion Classes

All students at BYU should include regular gospel study as a continuous part of their university experience. Full-time undergraduate students take one religion class each semester of enrollment until a total of 14 semester hours of religion credit has been earned. See The University Core section of this catalog for more information.

University Devotionals

University devotionals, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters. Devotional speakers, selected from the General Authorities and other leaders of the Church as well as university personnel, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff.

Most campus offices and services are closed during university devotionals and forums so that members of the university community may participate.

BYU Stakes and Wards

To give students maximum opportunity to participate, the Church is organized into a number of BYU stakes composed of several wards of approximately 150 members each. All single students living away from home who are members of The Church of Jesus Christ of Latter-day Saints become members of a Young Single Adult (YSA) ward. Single LDS students living at home have the option of attending their home ward or a designated YSA ward. Married students not living in university housing may attend either the designated BYU ward or the residential ward in which they live.

Other Religious Denominations

Approximately twenty-five other religious denominations are represented in the BYU student body. These students are encouraged to attend a congregation of their faith in the surrounding area, if possible.

Academic Environment

The academic environment extends beyond the four walls of a university classroom. Serious students seek enrichment in the library, at university forums and lectures, and through research. Some students may choose to become involved in the Honors Program or live in one of the "quiet halls" on campus—and everyone benefits from drawing on the resources available at college advisement centers.

New Student Orientation

The purpose of New Student Orientation (NSO) is to 1) welcome new and transfer students into the BYU community of disciple-scholars, 2) help new students understand and appreciate the unique opportunities provided by a BYU education, 3) introduce key campus resources, and 4) offer new students a great chance to connect with other students, faculty members, and university staff.

NSO events and activities range from the academic through the informational to the out-and-out fun, but they are always friendly and focused on the needs of new students. NSO activities vary according to the term or semester. In addition to a welcome from the administration and a campus tour, each orientation may include a university devotional; library tour; meetings about colleges and majors, financial aid and scholarships, the Honors Program; and an introduction to several of the traditions at the Y.

Many of the activities are organized around Y Groups, small cohorts of students led by upperclassmen, which offer students personalized attention and support. Orientation at BYU balances the various needs of new students by combining appropriate resources, activities, and personnel. To become fully integrated into an institution as large and complex as BYU, active participation in NSO is vital.

New Student Orientation is held three times a year, immediately prior to winter semester, summer term, and fall semester. Please see https://fye.byu.edu/about-nso for detailed information and registration.

University Forums

University forums are held on selected Tuesdays at 11:05 a.m. and are designed to enrich the general education experience. Speakers are noted authorities in the arts and humanities, sciences, media, and government, chosen for their contributions to their field and their ability to inspire and communicate. Participation in these assemblies and the associated question-and-answer sessions prompts inquiry into significant intellectual, cultural, and social issues and helps lay the foundation for lifelong learning. A forum speaker may be nominated by any member of the university community (student, faculty, or staff). Please see the nomination form.

Harold B. Lee Library

The Harold B. Lee Library (HBLL) is the University's gateway to research materials. The library website, lib.byu.edu, hosts a powerful, yet easy-to-use search tool for both electronic and print resources. Starting from one location, students and faculty have access to scholarly research materials including online databases, journals, and e-books. The system also searches the library's physical collection of materials including over 8 million books, journals, photographs, and more. Librarians and staff provide research help in person or through online chat, text, e-mail, or telephone. Students are encouraged to use the library's ready-made Research Guides for specific subjects.

The library building is a clean, quiet, and comfortable environment for studying. There are thousands of chairs and study tables spread out over 5 floors. The library provides group study rooms, collaborative work areas, as well as specialty labs for multimedia work, scanning, and 3D

printing. Wifi is available throughout the building.

The library houses the L. Tom Perry Special Collections, whose non-circulating collections include rare and unique materials which are available for research by students and faculty.

The library is open during fall and winter semesters from 7:00 a.m. to midnight Monday through Friday and from 8:00 a.m. to midnight on Saturday.

BYU students and faculty may also use the facilities of other college and university libraries in Utah as well as select libraries in other states thanks to cooperative agreements implemented through state and national library consortia.

You can learn more about the library by visiting lib.byu.edu or following the library on social media: https://www.facebook.com/byuhbll or https://twitter.com/hbll using #HBLL.

Research and Creative Activities at BYU

One of the most exciting and valuable learning experiences available to both undergraduate and graduate students at BYU is the opportunity to participate in original research and creative activities. BYU has accomplished faculty members in all areas, many of whom enjoy international reputations for the quality of their creative endeavors. Many professors enlist the help of undergraduate students, who work side by side with faculty mentors and graduate students in a laboratory or studio setting.

A wide variety of research experiences are available in many departments across campus. For example, the student might be involved in the synthesis of a new medicinal drug in the chemistry laboratory or participate in the discovery of a new species of dinosaur on a Colorado mesa. Other examples of programs involving student participation include the study of robotics systems, computer architecture, battery technology, high-energy physics, international business methods, child psychology, educational methodology, molecular genetics, social implications of drug use, stability and satisfaction in marriage, Church history, and a host of other topics. Students who are interested in participating in research programs are encouraged to contact their major department chair or speak directly with individual professors.

The **Office of Research and Creative Activities (ORCA)** manages, on behalf of the administration, two programs whose purpose is to bring together students and faculty in mentored experiences. The first is the ORCA Mentoring Grants for Undergraduates Program. Requests for proposals go out to all undergraduate, full-time students. One-third of all proposals are usually funded at $1500 each. Awards are made early in the semester following application. The second is the Mentored Environments Grants Program. Faculty are encouraged to submit proposals to create or enhance a mentored environment for undergraduate and graduate students. Awards range from $2,000 to $20,000, and proposals are collected in late fall and awarded in midwinter.
For more information, contact any department or college, or contact ORCA:

Address:
A-285 ASB
Telephone: (801) 422-3841
Website: http://orca.byu.edu

Internships

Internships and other applied learning experiences, such as clinical and field studies, integrate academic studies with professional or career-related work experience. They are required by some degree programs and recommended by others to strengthen or complement a student's major or minor field of study. In addition to experiences within the United States, opportunities in international settings are also available when approved by the David M. Kennedy Center for

International Studies.

Students who want or need academic credit for internships and other formal applied, cooperative learning experiences must receive prior department and university approval and complete formal registration before commencing. Course offerings vary according to student and program needs. Registration in a department's 199R, 299R, 399R, 496R, 599R, or 688R course is required for internship credit. Individual departments specify course numbers for clinical, practicum, or other applied, cooperative learning courses. Credit varies, generally ranging from 0.5 to 12 credit hours. Grades are based on both academic and work-related accomplishments.

To learn more about the opportunities and benefits of applied, cooperative learning experiences, contact a college or department internship coordinator, visit or call the BYU Internship Office:

Address:
5435 HBLL
Telephone: 801-422-3337
Website: http://intern.byu.edu

Center for Service and Learning

2010 WSC and 2330 WSC
(801) 422-8686
yserve.byu.edu

The mission of the Center for Service and Learning is to "provide every student with a meaningful service opportunity...to instill in the heart and mind a desire to give lifelong service." In order to provide every student with a meaningful service opportunity, the Center administers over 70 community service programs. These programs, which are led and staffed by student volunteer program directors and service council members, serve individuals and organizations in the local community. As student volunteers learn to serve their community, their desire to be engaged in lifelong service becomes an integral part of their character.

Students choose to make service a part of their lives for academic, leadership, recognition, social, and spiritual reasons. Students are encouraged to enroll in Student Development 290: *Learning Through Service*, which links theories of service with actual service experiences. They can also develop their leadership skills by serving on the student service council or as a program director. By completing the requirements for any of three recognition programs, they can receive official documentation and certification of their service. They can socialize with other students as they serve, and can recognize the spiritual aspects of service as they participate in reflection events.

Students enrolling in Student Development 132: *Tutoring Level 1* and Student Development 133: *Tutoring Level 2* have the opportunity to earn tutoring certification as they improve their tutoring skills.

More than 23,000 students are engaged in service each year through Center programs. These programs provide a variety of services, including serving children and adults with cognitive or physical disabilities, mentoring at-risk youth, tutoring children in the public schools, tutoring other BYU students in their college classes, helping build houses for low-income families, or providing manual labor to clean up and maintain community neighborhoods. These programs are under the leadership of more than 250 student volunteer leaders who are learning leadership skills as they administer their programs. In addition to these formal community service programs, Stop-n-Serve is available in 2330 WSC for students to drop in and perform service in the few minutes they may have between classes.

Student Development Course Work

The Counseling and Career Center offers courses under the title Student Development. These courses are designed to help with the personal challenges and tasks facing college students. Some of the relevant student-centered topics are college study skills, life planning, time management, decision making, and test taking strategies. Several courses are designed to help students decide on a college major and career and to make the transition from college to the world of work. Each class has material to help students identify their values, develop character, and make progress with their personal goals for life. The BYU Undergraduate Catalog and the current class schedule list these courses under Student Development.
For further information contact the Counseling and Career Center:

Address:
510 WSC
Telephone: (801) 422-6291

Academic Support Office

2500 WSC
(801) 422-2723
E-mail: academic_support@byu.edu
Web: http://aso.byu.edu/

All students admitted to the university have the potential to succeed academically; however, some students have difficulty achieving the level of success required to remain in good academic standing. The mission of the Academic Support Office (ASO) is to assist students in maintaining that level of academic success. The ASO, a department of Student Life, uses the combined resources of the university to help students who are on the academic standing of warning, probation, or continued academic probation (CAP) resolve most academic problems.

Students with academic problems often have difficulties in one or more of the following areas: (1) Personal concerns outside the academic realm such as adjustment problems, illness, or relationship problems that distract from academic goals. Such problems may be addressed by helping students refocus on their goals and giving referrals to appropriate on-campus resources. (2) Inadequate academic preparation to meet the rigors of a university experience. Study-skills training helps students identify strategies appropriate to the university experience. (3) Learning styles that worked in high school but are not productive at the university. Assessment and advisement may help students identify and use academic strengths more successfully.

Advisors and peer coaches are trained to assist students with time management, study skills, learning style, and other academic concerns. Students who experience academic difficulties and are on warning, probation, CAP, or are facing academic suspension or dismissal from the university are encouraged to contact the ASO. Students on good or previous academic standing who would like access to these kinds of resources should visit the Career and Academic Success Center (CASC):

Address:
2590 WSC
Telephone: (801-422-2689)

Graduate Studies

105 FPH
Phone: (801) 422-4091

To the student seeking advanced study, Brigham Young University offers a variety of graduate degree opportunities. Excellent graduate programs can be found in each of the colleges and schools, and successful completion results in the awarding of a master's or doctoral degree.

The master's degree requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. In certain disciplines, graduate programs blend scholarly insight with technical knowledge and skill. Integrative examinations, a major culminating piece of written work or performance, and an accompanying oral defense of that work may be required.

The doctoral degree requires the student to demonstrate an impressive scholarly competence, which includes the ability to conduct and report research in a highly effective manner. Advanced systematic study in a discipline is also essential and is followed by comprehensive examinations that require students to integrate and understand the collective knowledge of their disciplines. A dissertation resulting from independent research is defended in a concluding oral examination.

Students who are interested in pursuing advanced degrees are encouraged to become involved in research and creative activities during their undergraduate experience.

For information about master's and doctoral degree programs, students should consult the BYU Graduate Catalog online at http://graduatestudies.byu.edu.

Application information is available online at http://graduatestudies.byu.edu, through Graduate Studies, and through individual departments. For information regarding admission to the J. Reuben Clark Law School, see the Law School section of this catalog.

Cultural Environment

Students can immerse themselves in culture at BYU. Dance, theatre, music, art exhibits, museums—all nourish the soul seeking after "anything virtuous, lovely, or of good report or praiseworthy."

As part of their educational experience, students, both individually and in groups, present concerts, exhibitions, films, plays, recitals, and productions which are available to the community. Classical, contemporary, and original works are offered throughout the year. Each of the performance areas also have ensembles that perform on and off campus.

The BYU BRAVO! series presents some of the most celebrated artists in the world. Concerts and productions are scheduled throughout each year in the Harris Fine Arts Center and other venues.

In recent years the BYU BRAVO! series has included:

- Joshua Bell
- Peking Acrobats
- John Lithgow
- Audra McDonald
- Utah Symphony
- Frederica von Stade
- Brian Stokes Mitchell
- Lea Salonga
- Theater Mitu
- The Salzburg Marionette Theatre
- Parsons Dance
- Martha Graham Dance Company
- Chanticleer
- The King's Singers
- and more

This series also presents OFF THE MAP, an annual international arts festival, each winter semester.

For further information on student, faculty, the BRAVO! performances, contact the BYU Ticket

Office:

Museum of Art

The Museum of Art was completed and opened during fall 1993. Funded by private donors, the 100,000-square-foot museum is located directly north of the Harris Fine Arts Center. A sculpture garden separates the two buildings, and together they form striking visual and performing arts centers. The museum houses the university's superb collection of paintings, sculpture, decorative arts, and works on paper.

Major bodies of work the university owns are by eminent artists such as Mahonri Y. Young, J. Alden Weir, Maynard Dixon, C. C. A. Christensen, and Minerva Teichert. Besides its rich array of American art, the collection includes 20th century and contemporary landscape, documentary and street photography and a growing collection of important religious works and rare prints by Rembrandt, Dürer, and Daumier. The museum is also committed to exhibiting and exploring the art of our time, acquiring work by significant living artists such as Dan Steinhilber, Harrell Fletcher, Georges Rousse, and Lewis Baltz.

Major traveling exhibitions and exhibitions from the museum's permanent collections are scheduled on a rotating basis. Previous exhibitions include works by Rodin, Carl Bloch, and Islamic artifacts in the exhibition entitled *Beauty and Belief*.

Students play an important role in the Museum of Art. Not only are they employed in service capacities in each of the museum's departments but the museum also offers a rigorous internship program that affords selected students opportunities to be mentored on significant projects in museum education, curation, registration, administration, and even fabrication. Many students also serve as volunteer docents.

The museum offers a variety of educational programs for campus and community audiences as well. Included in the museum are a print study room, a lecture room, and an auditorium. The museum also features a café and a museum store.

M. L. Bean Life Science Museum

Larry L. St. Clair, Director
Leigh Johnson, Associate Director
Marta Adair, Assistant Director
290 MLBM

The Monte L. Bean Life Science Museum is accredited by the American Alliance of Museums. Its vast teaching and research collections include more than two million arthropods, fish, amphibians, reptiles, mammals, birds, and prepared shells, and more than 600,000 plants, lichens, and bryophytes. Specimens for these collections, which represent creative work by university faculty and students, have been gathered from around the world, making the museum one of the major repositories of scientific-quality, biological collections in the western United States.

The museum and its collections are utilized by university classes in biology, plant and wildlife sciences, education, art, and other disciplines. The Monte L. Bean Life Science Museum also maintains and manages the Lytle Ranch Preserve. Located in the northernmost extension of the Mojave Desert southwest of St. George, Utah, this 600-acre desert classroom is situated in a part of Utah that is unique not only for its plant and animal communities but also for its setting at the crossroads of three major bioregions.

Public programs include temporary and permanent exhibits of natural communities that illustrate complex relationships between plants, animals, and their physical environment. Educational programs which serve more than 100,000 annual visitors and provide classes and programs for BYU students as well as public and private schools and many other organizations. Museum hours are Monday through Friday from 10:00 a.m. to 9:00 p.m. and Saturday from 10:00 a.m. to 5:00 p.m. The museum is closed on Sunday. Admission is free.

The Western North American Naturalist, a nationally recognized peer-reviewed natural history journal, is administered by the museum. Other museum publications include professional and popular works such as *A Utah Flora, Bark and Ambrosia Beetles of South America, Snakes of Utah,* and *Common Rocky Mountain Lichens*.

Museum of Peoples and Cultures

Paul R. Stavast, Director
Kari Nelson, Curator of Education
122 B67

The Museum of Peoples and Cultures (MPC) houses, cares for, and performs research on archaeological and ethnographic collections from around the world. The strengths of the museum's holdings are in prehistoric Utah, the American Southwest, Mesoamerica, Andean cultures, and Polynesia. An approved state and federal archaeological repository, the museum also holds a noncirculating library and a photographic archive documenting BYU archaeological research and artifactual materials. Collection items number well over 2 million artifacts and specimens.

Institutional objectives are to interpret and help elucidate the history and culture of the peoples of the world and to convey that knowledge to the scholarly community as well as to the general public. The museum's strongest commitment lies in serving the teaching and research functions of the university. In this, BYU's "teaching museum," not only do students perform office and collections duties, but they also curate all exhibitions as part of the formal curricula taught by museum staff adjunct to the Department of Anthropology. Students plan and execute public programs and design promotional strategy as part of their course work as well. These curricula are available both in the department's undergraduate courses and the Certificate in Museum Practices program. Students concurrently enrolled in a cognate master's program are eligible to apply to the graduate program.

The MPC offers many community educational opportunites. Available for loan to classrooms and inbound populations are anthropology teaching kits that explore the native cultures of various geographical areas. The kits include replica artifacts, handicrafts, and educational books and videos. Students and civic volunteers are invited to help with educational programming, public relations, archaeological research, and public presentations. The MPC hosts an activity patch program for Scouts of all ages and other interested parties. Museum patches can be earned by visiting the museum and completing the patch requirements. For information about any of these programs, call (801) 422-0020.

Located at 2201 North Canyon Road in Provo, the museum is open from 9:00 a.m. to 5:00 p.m. Monday through Friday. Admission is free, and guided tours can be arranged for a nominal charge. Because scheduling is based on student employee availability, it is advisable to book tours from one to three weeks in advance. Visitors may also choose to guide themselves through the galleries, but groups larger than fifteen people should contact the museum in advance for logistical instructions. The MPC is closed on holidays.

Recreational Environment

Students can enjoy the small-town friendliness of Provo or drive 45 miles to the north for the cosmopolitan diversity that Salt Lake City offers. Whereas Salt Lake City is home to Ballet West, the Mormon Tabernacle Choir, and the Utah Symphony, the Provo area prides itself on its own Utah Valley Symphony and several fine community music, dance, and theatre groups.

Intercollegiate Competition

BYU sponsors 21 NCAA intercollegiate sports for men and women. The men compete in 10 sports: baseball, basketball, cross country, football, golf, swimming and diving, tennis, indoor track and field, outdoor track and field, and volleyball. The women compete in 11 sports: basketball, cross country, golf, gymnastics, soccer, softball, swimming and diving, tennis, indoor track and field, outdoor track and field, and volleyball.

The Cougars are independent in football and compete in the West Coast Conference in the majority of the other sports. On September 1, 2010, BYU announced an eight-year deal with ESPN to televise Cougar football on its sports networks. BYUtv also partners with athletics to broadcast more than 135 live athletic events each year in sports such as football, basketball, volleyball, soccer, baseball, softball, and gymnastics.

Consistently ranked among the nation's top 30 athletic programs, BYU has won NCAA championships in football, men's track and field, men's golf, women's cross country, and men's volleyball. The Cougars have also won two NIT titles in men's basketball.

Extramural Competition

The extramural sports program at BYU provides opportunities for students to participate on an intercollegiate level throughout the United States and Canada in team sports not designated NCAA.

One of the best organized and most respected programs in the country, BYU's extramural sports program offers five sports for men (ice hockey, lacrosse, racquetball, rugby, and soccer) and one sport for women (racquetball). Many of the teams have been nationally ranked during the last several years.

Athletic Facilities

BYU's athletic facilities are among the best in the nation. Major sports complexes include the Marriott Center (basketball), LaVell Edwards Stadium (football), Smith Fieldhouse (volleyball/gymnastics), Miller Park (baseball/softball), Clarence Robison Track, South Field (soccer), Richards Building (swimming/diving), and the Tennis Complex.

In 2003-04 the Athletic Department opened two new buildings, the Indoor Practice Facility (IPF) and the Student Athlete Building (SAB). The IPF is 422 by 222 feet with a height of 86 feet at the center. It is one of the largest indoor practice facilities in college athletics. It features two artificial turf fields and four batting cages.

The 126,300 square-foot SAB is home to the student-athlete academic center, athletic administration offices, strength/conditioning complex, training facilities, football offices and locker room, Legends Grille, and Legacy Hall—a three-story museum/hall of fame celebrating more than 100 years of BYU Athletics.

Intramural Activities

The campus intramural program, consisting of more than thirty events involving thousands of participants in both men's and women's activities, is one of the largest and most comprehensive in

the United States. Students may participate in team activities and individual events. The intramural program offers divisions for different skill levels in each activity and provides awards for the winners in each division. Numerous employment opportunities are available as game supervisors and officials.

A Great Outdoors

The Wasatch Mountains overlook BYU on the east, and to the west lies Utah Lake. Within an hour's drive are several canyons and ski resorts; six national parks are only a half day away. Outdoor gear can be rented on campus for everything from skiing to windsurfing.

Top

Accreditation

Brigham Young University is accredited by the Northwest Commission on Colleges and Universities.

Accreditation of an institution of higher education by the Northwest Commission on Colleges and Universities indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Northwest Commission on Colleges and Universities is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding an institution's accredited status by the Northwest Commission on Colleges and Universities should be directed to the administrative staff of the institution. Individuals may also contact:

Northwest Commission on Colleges and Universities
8060 165th Avenue N.E., Suite 100
Redmond, WA 98052
(425) 558-4224
www.nwccu.org

The following organizations have given accreditation to programs or units at the university:

- Academy of Nutrition and Dietetics, Accreditation Council for Education in Nutrition and Dietetics
- Accreditation Board for Engineering and Technology, Inc., Applied Science Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Computing Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Engineering Accreditation Commission

Advisement Resources

BYU undergraduates should develop competence in at least one area of concentration. Competence generally demands study in depth. Such in-depth study helps prepare students for their life's work; it also teaches them that genuine understanding for any subject requires exploring it fully. Students normally acquire such depth from their major and minor fields. (The Aims of a BYU Education)

In addition to completing the university core, each student must choose a specialized area of study—a major. Requirements vary considerably from major to major, but all majors share in common a sequential development from introductory foundation courses to those that expect increasingly greater depth and sophistication. As the aims indicate, "By the time they graduate, students should grasp their discipline's essential knowledge and skills . . . , and many should have participated in scholarly or creative activities that let them demonstrate their mastery." Within this sequential development, prerequisites—whether within or outside the major department—help prepare students for subsequent, more focused work in the major. Some majors also require allied course work in related fields outside the major proper.

Aptitudes, Interests, and Objectives

Success in a major depends upon the right combination of interests, skills, effort, and aptitudes. Students who choose a major only because of its job possibilities and fail to consider their own interests and aptitudes will probably be disappointed. Some majors, particularly those in professional programs (e.g., accounting) lead directly to employment in a particular field; others (e.g., philosophy) provide a rich liberal arts preparation for subsequent graduate study or professional programs (e.g., law) but may not track as directly into employment in the field of the major. Liberal arts majors do open up a great variety of employment opportunities, but students majoring in such fields need to be more conscious of exploring such opportunities over the course of the major.

Flexibility and Adaptability

The only things that can be counted on in the future are change and a continued knowledge explosion. Some futurists have estimated that today's high school graduates will be in five to seven different careers during their lifetime. Flexibility and adaptability, learning how to learn, and learning to think carefully and critically are the aims of a strong liberal arts education.

For some careers a degree in a particular major is not required. Employers respond favorably to applicants who have developed analytical skills, who have the ability to reason abstractly, and who have learned to communicate precisely and effectively.

Choosing a Major

Although some students may change their major several times before arriving at a "good fit," bouncing from major to major can prove to be costly in both time and money. Careful and

thoughtful consideration before choosing a major will reduce the time to graduation and help make the most of the time at BYU. Major requirements and course descriptions can be found by using the QuickSearch feature at the top of this page or by using the list of majors. Students may find some combination of the following action steps useful in selecting a major:

1. **Review catalog information pertaining to undergraduate majors.** A list of majors can be found in this section of the catalog or check each department.
2. **Meet as often as needed with an open major advisor in the University Advisement Center (UAC).** Open major advisors are available to help students choose a major or career path. Contact them at 2500 WSC, (801) 422-3826, or e-mail to university_advisement@byu.edu. You can also access their Web page at http://universityadvisement.byu.edu/.
3. **Choose university core requirements carefully.** Once a major is chosen, the college advisement center for your major can help in the selection of classes that both satisfy university core requirements and expose students to the core subject matter of a major or career: core.byu.edu.
4. **Enroll in a career exploration course or career workshop.** Student Development (StDev) 117, Career Exploration, is a 2-credit course designed to help students choose a major and a career path. Juniors and seniors may want to take StDev 317, Career Strategies, a 2-credit hour course designed to help upper-division students focus on career placement and take final steps into the workforce.
5. **Visit the Career and Academic Success Center (CASC).** The Career and Academic Success Center (2590 WSC) has hundreds of printed and electronic resources designed to help students educate themselves about majors and career options so that they can make informed decisions. Type-Focus, a Web-based self-assessment and career exploration program, is available in the Career Center. This tool, along with several others, are also available on the Web at http://casc.byu.edu/.
6. **Complete a career interest inventory.** The Career and Academic Success Center (CASC) (2590 WSC) administers career interest inventories that help students match their interests with a major or career. There is a small fee for some of these tests and others are free.
7. **Learn, firsthand, about potential careers.** Part-time work, summer employment, internships, and volunteer work provide useful opportunities for students to collect information about what a specific career entails and to make contacts that will help them further their career goals. In addition, students might ask relatives or friends doing the kind of work they are interested in if they can be their "shadow" for a day, or perhaps longer. Alternatively, students might interview individuals in these positions, asking them about their work, the associated academic prerequisites, and so forth.
8. **Take introductory or seminar courses for majors/careers being considered.** BYU offers seminar courses for pre-medicine, pre-dentistry, pre-optometry, pre-law, and many of the engineering majors. There are other introductory courses such as Orientation to the Psychology Major (Psych 101), Historian's Craft (Hist 200), that may be helpful. Information on these courses is available through college advisement centers.
9. **Pursue multiple options.** When trying to choose between two majors, take courses that will fill major and minor requirements for both. When deciding which of the two will be the major, the other choice can possibly become a minor.
10. **Seek advice from the faculty.** Faculty members who teach and mentor in a particular major understand the purposes of the major program, its array of courses, and the opportunities available to those who complete it. Students should identify an appropriate member of the faculty and ask for assistance, which will often require an appointment.
11. **Make a firm commitment.** Pursuing a major with a firm commitment to go beyond its requirements will bring satisfaction and ensure future opportunities. Tentative or half-hearted completion of minimum requirements of any major will lead only to discouragement

and detachment. Students are encouraged to choose carefully, trust their choice, and diligently pursue their studies in the major.

12. **Learn about deadlines, prerequisites, and application requirements for limited-enrollment programs.** Some majors have limited enrollment and only accept students by application. Limited-enrollment programs are identified with an asterisk (*) in the list of majors referred to in step 1. Students should become familiar with the prerequisite courses required for limited-enrollment majors several semesters before they plan to apply. When applying to limited-enrollment programs, students should have a backup plan in case they are not accepted. Advisors in the University Advisement Center (2500 WSC) can help develop alternative academic plans for reaching a given career objective.

Choosing a Minor

A minor offers students the opportunity to increase their breadth of expertise by exploring an area of study in depth but not to the same degree as in a major. Some majors require students to complete a minor from a specified set of options, but for most students a minor is optional. Students who elect to complete a minor often choose fields related to the major. Others may choose a minor in an area in which they have expertise or interest. In most cases, the minor would be chosen from a different department than the major.

Courses used to satisfy the requirements of a student's major may also be used to satisfy the requirements of a minor, unless the minor's requirements place restrictions on the double counting of courses. A list of minors can be found here.

Academic Advisement

The university provides a number of resources to assist students with careful and thoughtful academic and career planning while at BYU. It is expected that students will partner with the university by taking full advantage of these available resources and opportunities to enhance their chances of a successful academic experience.

The university is committed to providing students with access to academic advisors who will:

- Stay abreast of major and university requirements, and the corresponding academic resources
- Assist students by making appropriate recommendations for registration
- Help students in their pursuit of an appropriate major and career
- Aid students in planning an education program consistent with their academic progress
- Offer friendly, attentive, informative service, listening to the student's situation before offering a solution

Students will be successful as they:

- Prepare for and keep appointments with their college advisement center (CAC) advisor; preferably at least once a calendar year
- Establish and follow an academic plan for graduation
- Use university resources such as MyMAP, Major Academic Plans (MAPs), Academic Information Management (AIM), and the progress report
- Become familiar with their basic academic program and requirements
- Review personal academic progress each semester

The key components to advisement are:

- MyMAP (available on MyBYU through the BYU homepage; your net ID and PIN are necessary for access)
- Major MAPs (available here and at college and university advisement centers)

AIM

The Academic Information Management (AIM) system provides students with easy access to information on their academic progress and other vital information. In AIM, students can change their addresses and phone numbers, access their class schedules, determine course availabilities and instructor schedules, monitor their progress reports, look at their grades and BYU credit, make PIN changes, check on transfer and AP credit, and conduct personal registration procedures.

MyMAP

BYU offers students a helpful academic planning system (MyMAP) that enables them to plan their academic progress towards graduation. MyMAP is an online tool students may use to plan specific courses to fill University Core, major, minor, and elective requirements, and organize those courses into semesters/terms. In addition, students may register from these courses using the Register tab. Easy access to course descriptions can be found on any MyMAP tab by simply clicking on the course title. As a student fully utilizes MyMAP, they will find that they have important information at their fingertips. Students may access MyMAP under the school section of MyBYU. To learn more about MyMAP go to http://mymap.byu.edu.

Progress Reports

Progress Reports were created to provide students with accurate academic progress information. Students can access their progress report in the AIM system (through *MyMAP*). In the new MyMAP feature in AIM, students can actually use their progress report (on the *Plan* tab) as a tool to plan their academic course of study.

Major Academic Plan (MAP)

This supplement to the BYU Undergraduate Catalog is also a valuable academic resource for students as they plan and prepare their academic schedules. The MAP includes information regarding university core and major requirements, semester-by-semester recommendations for course selection, and course availability. Please see the following Web site for more information: http://registrar.byu.edu/advisement/map.php.

College Advisement Centers (CACs)

A CAC exists in each academic college. At these centers, students receive personal assistance in meeting their educational goals as quickly as possible. Students should contact their advisement centers at least once a calendar year.

David O. McKay School of Education, 350 MCKB, Provo, UT 84602-5096, (801) 422-3426, email: ess@byu.edu

University Advisement Center

2500 WSC
(801) 422-3826
E-mail: university_advisement@byu.edu
Web: http://universityadvisement.byu.edu/

The University Advisement Center provides academic advising and career counseling to students seeking information on how to choose majors or careers. **Services include:** general academic advisement, advisement on how to choose a major or career, graduate school advisement, career interest testing, and information and referral to appropriate university resources. The center serves as the college advisement center for open major students but all students are welcome to use its services and resources for assistance in making informed and appropriate decisions about majors or careers. Advisement to special populations, including Summer Visiting Students, international students, enriched environment students, and students in transition, is also provided.

Honors Advisement Center

102A MSRB
(801) 422-5497
E-mail: honors@byu.edu
Web: http://www.byu.edu/honors/

Honors education is open to all students who choose to participate. Students who intend to graduate with University Honors should consult with an advisor in the Honors Advisement Center (102A Maeser Building) for assistance with choosing honors courses and understanding honors graduation requirements.

Preprofessional Advisement Center

3328 WSC
(801) 422-3044
E-mail: health_professions@byu.edu or prelaw@byu.edu
Web: http://ppa.byu.edu/

The Preprofessional Advisement Center serves students preparing to apply to professional

graduate programs, specifically law, health (medical, dental, etc.), and graduate management (MBA, MPA, etc.). For those students who are interested in such professional graduate programs, the center offers individual counseling, admissions advice, and student development courses to help students explore these fields and prepare for the study and practice of the student's chosen field. The center is open to students from any major.

Academic Support Office

2500 WSC
(801) 422-2723
E-mail: academic_support@byu.edu
Web: http://aso.byu.edu/

The Academic Support Office (ASO) provides academic advisement for students who are experiencing difficulty with their studies and are on academic warning, probation, or continued academic probation (CAP). The ASO also offers these students help in working through challenges and overcoming obstacles to successful academic performance. Information about the university's academic standards, a student's academic standing, or help with learning problems is available for those students not currently on good or previous academic standing. (See also Academic Standards in this catalog.)

Additional Advisement Resources: Counseling and Career Center

The Counseling and Career Center offers advisement services to students who need help becoming a successful student, choosing a major or career, or considering options for graduate school. Services include the following: (1) general academic advisement, (2) academic standing advisement for students on academic warning, probation, or suspension, (3) advisement on study and learning skills, (4) advisement on choosing a major or a career, (5) graduate school advisement, and (6) workshops on career and learning skills.

Workshops

2590 WSC
(801) 422-2689
E-mail: workshops@byu.edu
Web: http://casc.byu.edu/

Fifty-minute workshops designed to assist students with personal development and study skills are offered each day that BYU classes are in session. Topics include time management, communication, testing preparation, listening, and note taking. Printed self-help materials used in the workshops are also available.

Courses for Credit

2510 WSC
(801) 422-4007
Web: http://casc.byu.edu/student-development-classes

Students in various areas of student development can receive credit for courses dealing with college study skills, life planning and decision making, career exploration, and job seeking listed under Student Development (StDev) in the class schedule. See also the Student Development section of this catalog for course numbers and descriptions.

Career and Academic Success Center

2590 WSC
(801) 422-2689

E-mail: clic@byu.edu
Web: http://casc.byu.edu/

The Career and Academic Success Center (CASC) is a resource area designed to assist students with a variety of career and/or learning concerns. Printed and electronic resources are available to help students make informed decisions about majors, careers, and graduate school options. In addition, the CASC offers workshops, materials, and assistance to students who desire to improve their learning skills so that they can be more successful academically.

Testing Services

2590 WSC
(801) 422-2689
E-mail: careertests@byu.edu
Web: http://casc.byu.edu/career-assessments

Printed and electronic inventories are available to assess career interests, abilities, and values so that students can more accurately determine suitable career options for themselves. After completing an inventory a student will meet with an advisor who will interpret the results and guide the student toward additional resources so that they can research careers. Although modest fees are charged for most tests, there are no-fee assessments available.

Career Services

2410 WSC
(801) 422-3000
Fax: (801) 422-3444
E-mail: byucareerservices@byu.edu
Web: http://ucs.byu.edu/

The University Career Services (UCS) assists BYU students and alumni from all colleges, departments, majors, and class standings with job and internship preparation and searches. Students who register at http://byu.experience.com gain access to such services as advisement on job and internship search strategies, on-campus interviews with recruiters, and information about specific job and internship opportunities submitted by employers from business, education, and government. A system (eRecruiting.com) is available that allows students to register, research employers search job postings, submit résumés to employers, schedule interviews, and check interview schedules.

Top

Aims of a BYU Education

Education is the power to think clearly, the power to act well in the world's work, and the power to appreciate life.

— Brigham Young1

The mission of Brigham Young University is "to assist individuals in their quest for perfection and eternal life" ("The Mission Statement of Brigham Young University" [hereafter Mission Statement]). To this end, BYU seeks to develop students of faith, intellect, and character who have the skills and the desire to continue learning and to serve others throughout their lives. These are the common aims of all education at BYU. Both those who teach in the classroom and those who direct activities outside the classroom are responsible for contributing to this complete educational vision.

The statement that follows reaffirms and expands on the earlier and more general Mission Statement adopted in 1981. As the quotations under each heading suggest, this document also draws on the religious and educational teachings of the university's founding prophet, Brigham Young. Quotations within the text come from the scriptures and from the counsel of modern prophets, whose teachings about BYU lay the foundation of the university's mission.

The following four sections discuss the expected outcomes of the BYU experience. A BYU education should be (1) spiritually strengthening, (2) intellectually enlarging, and (3) character building, leading to (4) lifelong learning and service. Because BYU is a large university with a complex curriculum, the intellectual aims are presented here in somewhat greater detail than the other aims. Yet they are deliberately placed within a larger context. The sequence flows from a conscious intent to envelop BYU's intellectual aims within a more complete, even eternal, perspective that begins with spiritual knowledge and ends with knowledge applied to the practical tasks of living and serving.

Spiritually Strengthening

Brother Maeser, I want you to remember that you ought not to teach even the alphabet or the multiplication tables without the Spirit of God.

—Brigham Young2

The founding charge of BYU is to teach every subject with the Spirit. It is not intended "that all of the faculty should be categorically teaching religion constantly in their classes, but . . . that every . . . teacher in this institution would keep his subject matter bathed in the light and color of the restored gospel."3

This ideal arises from the common purpose of all education at BYU—to build testimonies of the restored gospel of Jesus Christ. A shared desire to "seek learning, even by study and also by faith" (D&C 88:118) knits BYU into a unique educational community. The students, faculty, and staff in this community possess a remarkable diversity of gifts, but they all think of themselves as brothers and sisters seeking together to master the academic disciplines while remaining mastered by the higher claims of discipleship to the Savior.

A spiritually strengthening education warms and enlightens students by the bright fire of their teachers' faith while enlarging their minds with knowledge. It also makes students responsible for

developing their own testimonies by strenuous effort. Joseph Smith's words apply equally to faculty and students at BYU: "Thy mind, O man! if thou wilt lead a soul unto salvation, must stretch as high as the utmost heavens, and search into and contemplate the darkest abyss, and the broad expanse of eternity—thou must commune with God."4 Students need not ignore difficult and important questions. Rather, they should frame their questions in prayerful, faithful ways, leading them to answers that equip them to give "a reason of the hope that is in" them (1 Peter 3:15) and to articulate honestly and thoughtfully their commitments to Christ and to his Church.

Intellectually Enlarging

Every accomplishment, every polished grace, every useful attainment in mathematics, music, and in all science and art belong to the Saints, and they should avail themselves as expeditiously as possible of the wealth of knowledge the sciences offer to every diligent and persevering scholar.

—Brigham Young5

The intellectual range of a BYU education is the result of an ambitious commitment to pursue truth. Members of the BYU community rigorously study academic subjects in the light of divine truth. An eternal perspective shapes not only *how* students are taught but *what* they are taught. In preparing for the bachelor's degree, students should enlarge their intellects by developing skills, breadth, and depth: (1) skills in the basic tools of learning, (2) an understanding of the broad areas of human knowledge, and (3) real competence in at least one area of concentration. Further graduate studies build on this foundation.

Undergraduate

1. Skills. BYU undergraduates should acquire the basic tools needed to learn. The essential academic learning skills are the abilities to think soundly, to communicate effectively, and to reason proficiently in quantitative terms. To these ends, a BYU bachelor's degree should lead to:

- *Sound thinking*—reasoning abilities that prepare students to understand and solve a wide variety of problems, both theoretical and practical. Such skills include the ability to keep a proper perspective when comparing the things that matter most with things of lesser import. They also include the ability to engage successfully in logical reasoning, critical analysis, moral discrimination, creative imagination, and independent thought.
- *Effective communication*—language abilities that enable students to listen, speak, read, and write well; to communicate effectively with a wide range of audiences in one's area of expertise as well as on general subjects. For many students this includes communicating in a second language.
- *Quantitative reasoning*—numerical abilities that equip students with the capacity to understand and explain the world in quantitative terms; to interpret numerical data; and to evaluate arguments that rely on quantitative information and approaches.

2. Breadth. BYU undergraduates should also understand the most important developments in human thought as represented by the broad domains of knowledge. The gospel provides the chief source of such breadth because it encompasses the most comprehensive explanation of life and the cosmos, supplying the perspective from which all other knowledge is best understood and measured. The Lord has asked his children to "become acquainted with all good books, and with languages, tongues, and people" (D&C 90:15); to understand "things both in heaven and in the earth, and under the earth; things which have been, things which are, things which must shortly come to pass; things which are at home, things which are abroad; the wars and the perplexities of the nations . . . ; and a knowledge also of countries and of kingdoms" (D&C 88:79).

"Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad

university education [that will help them] understand important ideas in their own cultural tradition as well as that of others" (Mission Statement). Specifically, BYU undergraduate students should be educated in the following broad areas of human knowledge:

- *Religion*—the doctrines, the covenants, the ordinances, the standard works, and the history of the restored gospel, as well as an awareness of other religious traditions.
- *Historical perspective*—the development of human civilization, appreciation for the unique contributions of America to modern civilization, and a general historical perspective, including perspective on one's own discipline.
- *Science*—The basic concepts of the physical, biological, and social sciences, and a recognition of the power and limitations of the scientific method—preferably through laboratory or field experience.
- *Arts and letters*—lively appreciation of the artistic, literary, and intellectual achievements of human cultures—including Western culture and, ideally, non-Western as well.
- *Global awareness*—informed awareness of the peoples, cultures, languages, and nations of the world.

3. Depth. BYU undergraduates should develop competence in at least one area of concentration. Competence generally demands study in depth. Such in-depth study helps prepare students for their life's work; it also teaches them that genuine understanding of any subject requires exploring it fully. Students normally acquire such depth from their major and minor fields. BYU's religion requirement also asks all students to develop depth in scriptural studies and religion.

Depth does not result merely from taking many courses in a field. Indeed, excessive course coverage requirements may discourage rather than enhance depth. Depth comes when students realize "the effect of rigorous, coherent, and progressively more sophisticated study." Depth helps students distinguish between what is fundamental and what is only peripheral; it requires focus, provides intense concentration, and encourages a "lean and taut" degree that has a "meaningful core" and a purposefully designed structure (Memorandum to the Faculty No. 13). In addition to describing carefully structured academic majors, this description applies to well-designed BYU courses of all kinds.

The chief result of depth is competence. BYU's students should be "capable of competing with the best students in their field" (Mission Statement). Even so, undergraduate study should be targeted at entrance-level, not expert-level, abilities. The desire for depth should not lead to bachelor's degrees that try to teach students everything they will need to know after graduation. Students should be able to complete their degrees within about four years.

Undergraduate programs should prepare students to enter the world of work or to pursue further study. Often this requires educational activities that help upperclassmen culminate their studies by integrating them in a capstone project, honors thesis, senior seminar, or internship. By the time they graduate, students should grasp their discipline's essential knowledge and skills (such as mathematical reasoning, statistical analysis, computer literacy, foreign language fluency, laboratory techniques, library research, and teaching methods), and many should have participated in scholarly or creative activities that let them demonstrate their mastery.

Graduate

Building on the foundation of a strong bachelor's degree, graduate education at BYU asks for even greater competency. Graduate studies may be either academic or professional and at either the master's or doctoral level. In all cases, BYU graduate programs, like undergraduate programs, should be spiritually strengthening as well as intellectually enlarging.

Graduate programs should help students achieve excellence in the discipline by engaging its primary sources; mastering its literature, techniques, and methodologies; and undertaking advanced systematic study—all at a depth that clearly exceeds the undergraduate level. In addition, graduate programs should prepare students to contribute to their disciplines through their own original

insights, designs, applications, expressions, and discoveries. Graduate study should thereby enable a variety of contributions—such as teaching complex knowledge and skills, conducting original research, producing creative work that applies advanced learning in the everyday world, and extending professional service to the discipline and to society.

_____

These intellectual aims of a BYU education are intended to give students understanding, perspective, motivation, and interpersonal abilities—not just information and academic skills. BYU should furnish students with the practical advantage of an education that integrates academic skills with abstract theories, real-world applications, and gospel perspectives. Such an education prepares students who can make a difference in the world, who can draw on their academic preparation to participate more effectively in the arenas of daily life. They are parents, Church leaders, citizens, and compassionate human beings who are able to improve the moral, social, and ecological environment in which they and their families live. They are scientists and engineers who can work effectively in teams and whose work reflects intellectual and moral integrity; historians who write well and whose profound understanding of human nature and of divine influences informs their interpretation of human events; teachers whose love for their students as children of God is enriched by global awareness and foreign language skill; artists whose performances seek to be flawless in both technique and inspiration; business leaders whose economic judgments and management styles see financial reward not as an end but as a means to higher ends. BYU graduates thus draw on an educated intellect to enhance not only what they *know* but also what they *do* and, ultimately, what they *are*.

Character Building

A firm, unchangeable course of righteousness through life is what secures to a person true intelligence.

—Brigham Young6

Because it seeks to educate students who are renowned for what they are as well as for what they know, Brigham Young University has always cared as much about strong moral character as about great mental capability. Consequently, a BYU education should reinforce such moral virtues as integrity, reverence, modesty, self-control, courage, compassion, and industry. Beyond this, BYU aims not merely to teach students a code of ethics but to help them become partakers of the divine nature. It aspires to develop in its students character traits that flow from the long-term application of gospel teachings to their lives. This process begins with understanding humankind's eternal nature and ends with the blessing of eternal life, when human character reflects in fully flowered form the attributes of godliness. Along the way, the fruits of a well-disciplined life are augmented and fulfilled by the fruits of the spirit of Jesus Christ—such as charity, a Christlike love for others, which God "hath bestowed upon all who are true followers of his Son, Jesus Christ" (Moroni 7:48). Students thus perfect their quest for character development by coming unto Christ through faith, repentance, and righteous living. Then their character begins to resemble his, not just because they think it should but because that is the way they are.

President David O. McKay taught that character is the highest aim of education: above knowledge is wisdom, and above wisdom is character. "True education," he explained, "seeks to make men and women not only good mathematicians, proficient linguists, profound scientists, or brilliant literary lights, but also honest men with virtue, temperance, and brotherly love."7 Consequently, a BYU education should bring together the intellectual integrity of fine academic discipline with the spiritual integrity of personal righteousness. The result is competence that reflects the highest professional and academic standards—strengthened and ennobled by Christlike attributes.

Thus understood, the development of character is so important that BYU "has no justification for

its existence unless it builds character, creates and develops faith, and makes men and women of strength and courage, fortitude, and service—men and women who will become stalwarts in the Kingdom and bear witness of the . . . divinity of the gospel of Jesus Christ. It is not justified on an academic basis only."8 Rather, it fulfills its promise when "the morality of the graduates of this University provide[s] the music of hope for the inhabitants of this planet."9

Every part of the BYU experience should therefore strengthen character—academic integrity in taking a test or writing a research paper; sportsmanship on the playing field; the honest reporting of research findings in a laboratory; careful use of university funds derived from the tithes of Church members; treating all other people with dignity and fairness; and wholehearted acceptance of commitments made to bishops and parents. Character is constructed by small decisions. At this personal level of detail, BYU will realize its hope of teaching "those moral virtues which characterize the life and teachings of the Son of God" (Mission Statement).

Lifelong Learning and Service

We might ask, when shall we cease to learn? I will give you my opinion about it; never, never. . . . We shall never cease to learn, unless we apostatize from the religion of Jesus Christ.

—Brigham Young10

Our education should be such as to improve our minds and fit us for increased usefulness; to make us of greater service to the human family.

—Brigham Young11

Well-developed faith, intellect, and character prepare students for a lifetime of learning and service. By "entering to learn" and continuing to learn as they "go forth to serve," BYU students strengthen not only themselves—they "also bring strength to others in the tasks of home and family life, social relationships, civic duty, and service to mankind" (Mission Statement).

1. Continual Learning. BYU should inspire students to keep alive their curiosity and prepare them to continue learning throughout their lives. BYU should produce careful readers, prayerful thinkers, and active participants in solving family, professional, religious, and social problems. They will then be like Abraham of old, who had been "a follower of righteousness, desiring also to be one who possessed great knowledge, and to be a greater follower of righteousness, and to possess a greater knowledge, . . . desiring to receive instructions, and to keep the commandments of God." In this lifelong quest, they, like Abraham, will find "greater happiness and peace and rest" (Abraham 1:2). Thus a BYU diploma is a beginning, not an end, pointing the way to a habit of constant learning. In an era of rapid changes in technology and information, the knowledge and skills learned this year may require renewal the next. Therefore, a BYU degree should educate students in how to learn, teach them that there is much still to learn, and implant in them a love of learning "by study and also by faith" (D&C 88:118).

2. Service. Since a decreasing fraction of the Church membership can be admitted to study at BYU, it is ever more important that those who are admitted use their talents to build the kingdom of God on the earth. Hence, BYU should nurture in its students the desire to use their knowledge and skills not only to enrich their own lives but also to bless their families, their communities, the Church, and the larger society. Students should learn, then demonstrate, that their ultimate allegiance is to higher values, principles, and human commitments rather than to mere self-interest. By doing this, BYU graduates can counter the destructive and often materialistic self-centeredness and worldliness that afflict modern society. A service ethic should permeate every part of BYU's activities—from the admissions process through the curriculum and extracurricular experiences to the moment of graduation. This ethic should also permeate each student's heart, leading him or her to the ultimate wellspring of charity—the love for others that Christ bestows on

his followers.

Conclusion

Education is a good thing, and blessed is the man who has it, and can use it for the dissemination of the Gospel without being puffed up with pride.

—Brigham Young12

These are the aims of a BYU education. Taken together, they should lead students toward wholeness: "the balanced development of the total person" (Mission Statement). These aims aspire to promote an education that helps students integrate all parts of their university experience into a fundamentally sacred way of life—their faith and reasoning, their knowledge and conduct, their public lives and private convictions. Ultimately, complete wholeness comes only through the Atonement of him who said, "I am come that they might have life, and that they might have it more abundantly" (John 10:10). Yet a university education, guided by eternal principles, can greatly "assist individuals in their quest for" that abundant "eternal life" (Mission Statement).

A commitment to this kind of education has inspired the prophets of the past to found Church schools, like BYU, on the principle that "to be learned is good if they hearken unto the counsels of God" (2 Nephi 9:29). These prophets have known the risks of such an enterprise, for "that happiness which is prepared for the saints" shall be hid forever from those "who are puffed up because of their learning, and their wisdom" (see 2 Nephi 9:42–43). Yet they have also known that education plays a vital role in realizing the promises of the Restoration; that a broad vision of education for self-reliance and personal growth is at the very heart of the gospel when the gospel is at the heart of education. To the degree that BYU achieves its aims, the lives of its students will confirm Brigham Young's confidence that education is indeed "a good thing," blessing all those who humbly and faithfully use it to bless others.

Educator Requirements

Educator Preparation Program (EPP) Admissions and Retention Requirements (for Students Who Apply for Teaching Majors or Teaching Minors After August 1, 2014)

Pre-teaching Majors

Students (undergraduates, graduates, and post-baccalaureate students) wishing to pursue a teaching major must complete the following:

1. Declare the corresponding pre-teaching major.
2. Register on the BYU Educator Preparation Program (EPP) management system, mYlink, at http://mylink.byu.edu/.
3. Complete the requirements for application for the teaching major.

Note: To declare a teaching minor, a student must be admitted to a teaching major and meet all retention requirements for both the major and minors.

Teaching Majors: Minimum EPP Admission Standards

Students must apply to the appropriate program and meet the following standards:

1. Minimum total GPA of 3.0 (including transfer credit and all BYU credits).
2. Utah State Office of Education (USOE)-cleared fingerprint background check.
3. USOE-approved basic skills test (i.e., ACT, SAT, Praxis Core Test).
4. Pass all required EPP assessments (e.g., Technology Skills Assessment, dispositions assessment).
5. Complete all program-specific admissions requirements (see each teaching major).

Teaching Majors: Minimum EPP Retention Standards

Students must meet the following standards:

*Note: To be recommended for student teaching, a student must have a total GPA of at least 3.0; all coursework must be completed and teaching major and teaching minor coursework grades must be a C or better.

1. Demonstration of content knowledge, pedagogical content knowledge, pedagogical skills, and integration of technology across those domains.
    1. Maintain a total GPA of no less than 3.0*
    2. Receive a "C*" or better in all education-related and major required courses (including any courses taken prior to acceptance into a teaching major)
    3. Demonstrate sufficient and timely progress in coursework and field experiences

2. Demonstration of basic teaching capabilities.
    1. Teach to college- and career-ready standards (i.e., Utah Common Core Standards)
    2. Teach effectively with positive impacts on P-12 student learning and development
3. Maintain a USOE-cleared fingerprint background check.
4. Demonstrate professional ethics, behavior, and dispositions (e.g., BYU Honor Code, including dress and grooming standard; dispositions assessment; Utah Effective Teaching Standards #10; and Utah Board Rule 277R-515 Utah Educator Standards).
5. Maintain all program and major-specific retention requirements.

Requirements for Graduation and Recommendation for Utah State Licensure

Students must meet the following requirements for graduation from BYU with a teaching major and for recommendation to the Utah State Office of Education for a teaching license:

- Pass the content-specific Praxis II test for applicable teaching majors and minors.
- Meet the established EPP performance criteria for successful completion of student teaching in the major and minor teaching areas.
- Meet the established EPP performance criteria for successful commpletion of capstone assignments/assessments (e.g., Teacher Work Sample, Clinical Practice Assessment System, Field Experience Demographic).
- Meet the established performance criteria for successful completion of all program- and major-specific graduation requirements.
- Maintain USOE-cleared fingerprint background clearance in effect three months after graduation.
- Complete and maintain all EPP admission, retention, and graduation requirements.
- Pay all fees for graduation and any other outstanding university charges.
- Meet all requirements for recommendation for Utah licensure.

Jerusalem Center

Jerusalem Center for Near Eastern Studies

The Brigham Young University Jerusalem Center for Near Eastern Studies is an educational and cultural center created for study in the Near East, emphasizing religion, the humanities, and the social sciences. The Jerusalem Center has four principal goals:

1. Provide students an opportunity to study the scriptures in the setting in which the patriarchs, prophets, and the Lord himself lived and taught, and by that study to gain understanding of and commitment to the truths of the gospel of Jesus Christ.
2. Expand students' understanding of the religions, cultures, history, archaeology, geography, languages, and politics of the ancient and modern Near East.
3. Foster research and creative endeavors by BYU faculty, students, and visiting scholars.
4. Promote understanding with other peoples, cultures, and religious faiths that trace their roots to the Holy Land.

To achieve these goals, the Jerusalem Center offers a core curriculum with courses in the Old and New Testament and in the ancient and modern Near East. In addition, the center provides specialized courses in archaeology, geography, history, and cultures of the Near East, including language study in Hebrew and Arabic.

The Jerusalem Center has marvelous physical facilities on Mount Scopus overlooking the oldest part of the city of Jerusalem. Classrooms, a library, a learning center, auditoriums, student and faculty apartments, a gymnasium and conditioning room, and a cafeteria provide a complete learning environment.

Academic Program

Calendar and Program Emphasis. Three programs are offered during the calendar year, scheduled to approximate the Provo campus calendar: fall, winter, and spring-summer (four-month programs).

1. The semester programs are designed for students who are currently enrolled at a college or university seeking their first undergraduate degree. Most of the courses offered are at the upper-division level. Students are encouraged to prepare themselves in advance for this exceptional experience by taking such courses as Pl Sc 170, Geog 120, Hist 300, 302, Arab 101, Heb 101.
2. All programs include field trips within the Holy Land and to Jordan and Turkey.

Curriculum. The following subject areas are currently taught at the center:

1. Biblical Studies: Old Testament and New Testament
2. Ancient Near Eastern Studies
3. Modern Near Eastern Studies
4. Introductory course in either Hebrew or Arabic.

5. Elective courses in biblical studies, ancient and modern Near Eastern Studies, and archaeology as arranged each semester.

Note: Some courses taken at the Jerusalem Center for Near Eastern Studies may be applied toward degrees in Near Eastern Studies, International Relations, and other majors in the College of Family, Home, and Social Sciences. Students should contact their advisement centers concerning specific degree requirements.

Key to the Catalog

Course Numbering System

A course's level of instruction is shown by the number assigned to it:

Course Number	Type of Course
1 to 99	Preparatory and remedial (noncredit)
100 to 299	Lower-division
300 to 499	Upper-division
500 to 599	Advanced undergraduate or graduate
600 to 799	Graduate

Credit-Hour Designations

One semester hour of credit generally includes a minimum of one hour of instruction per week in a semester or two hours of instruction per week in a term (e.g., generally a three-hour class will meet at least three hours per week for a semester).

Credit hour	Semester hours of credit
Lecture hour	Class hours of lecture, recitation, or seminar meeting per week
Lab hour	Laboratory hours required per week or hours of field study or individual research per week, beyond the hours shown in the second number

Abbreviations and Symbols

The following abbreviations and symbols are used in the course listings:

A,B	Indicate parts of a course to be taken in separate enrollments.
Arr.	Credit, class, or laboratory hours arranged
ea.	Credit-hour designation applies to each registration
M	Majors-only course
R	Designates a course that may be repeated for credit. Two R courses with the same number on a transcript are treated as two independent courses. An R course cannot be repeated to raise the grade received; all grades will be counted because it is assumed that the subject matter varies from time to time.

When Courses Are Offered

The following words or phrases are used on some courses to indicate when the course will be taught:

Fall	Fall semester
Winter	Winter semester
Spring-Summer	Includes spring term, summer term, and semester-length offerings
Even Fall, Even Winter, etc.	Course taught on even-numbered years in semester/term indicated
Odd Fall, Odd Winter, etc.	Course taught on odd-numbered years in semester/term indicated
First term	Course taught on the term(first half of semester) as indicated
Second term	Course taught on the term (second half of semester) as indicated
On demand	Course may be taught if enough students are interested and an instructor is available

Limited Enrollment Programs

Some university programs host only limited enrollments due to resource constraints. These programs are granted Limited Enrollment Program status, and generally require application for student admission to the program. The table below lists all Limited Enrollment Programs at the university, and summarizes the maximum number of student participants and their acceptance rates.

Education

	2011-12 Admt'd %	2012-13 Admt'd %	2013-14 Admt'd %	Program Limit	Appl'n Deadlines

Major Academic Plans (MAPs)

The maps are updated yearly as changes are made to the major curriculum. You must fulfill the requirements on the Major Academic Plan (MAP) of the year you entered the program.

Not all programs currently have a MAP and any marked with asterisk (*) indicate limited enrollment.

Mission of BYU

The mission of Brigham Young University—founded, supported, and guided by The Church of Jesus Christ of Latter-day Saints—is to assist individuals in their quest for perfection and eternal life. That assistance should provide a period of intensive learning in a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued.All instruction, programs, and services at BYU, including a wide variety of extracurricular experiences, should make their own contribution toward the balanced development of the total person. Such a broadly prepared individual will not only be capable of meeting personal challenge and change but will also bring strength to others in the tasks of home and family life, social relationships, civic duty, and service to mankind.To succeed in this mission the university must provide an environment enlightened by living prophets and sustained by those moral virtues which characterize the life and teachings of the Son of God. In that environment these four major educational goals should prevail:

- All students at BYU should be taught the truths of the gospel of Jesus Christ. Any education is inadequate which does not emphasize that His is the only name given under heaven whereby mankind can be saved. Certainly all relationships within the BYU community should reflect devout love of God and a loving, genuine concern for the welfare of our neighbor.
- Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education. The arts, letters, and sciences provide the core of such an education, which will help students think clearly, communicate effectively, understand important ideas in their own cultural tradition as well as that of others, and establish clear standards of intellectual integrity.
- In addition to a strong general education, students should also receive instruction in the special fields of their choice. The university cannot provide programs in all possible areas of professional or vocational work, but in those it does provide the preparation must be excellent. Students who graduate from BYU should be capable of competing with the best in their fields.
- Scholarly research and creative endeavor among both faculty and students, including those in selected graduate programs of real consequence, are essential and will be encouraged.

In meeting these objectives BYU's faculty, staff, students, and administrators should also be anxious to make their service and scholarship available to The Church of Jesus Christ of Latter-day Saints in furthering its work worldwide. In an era of limited enrollments, BYU can continue to expand its influence both by encouraging programs that are central to the Church's purposes and by making its resources available to the Church when called upon to do so.We believe the earnest pursuit of this institutional mission can have a strong effect on the course of higher education and will greatly enlarge Brigham Young University's influence in a world we wish to improve.

—Approved by the BYU Board of Trustees
November 4, 1981

University Core

The University Core consists of the university's religion requirements and general education requirements.

If you have questions, you may wish to visit this page or contact the General Education office.

Doctrinal Foundations

Complete 1 requirement from each learning area.

TCHGS & DOCTRINE OF BOOK OF MORMON

✔ **REQUIREMENT 1** Complete 1 Course

REL A 121 - The Book of Mormon	2.0
REL A 122 - The Book of Mormon	2.0
REL A 275 - Teachings and Doctrine of the Book of Mormon	2.0

CHRIST AND THE EVERLASTING GOSPEL

✔ **REQUIREMENT 2** Complete 1 Course

REL A 211 - The New Testament	2.0
REL A 250 - Jesus Christ and the Everlasting Gospel	2.0

FOUNDATIONS OF THE RESTORATION

✔ **REQUIREMENT 3** Complete 1 Course

REL C 225 - Foundations of the Restoration	2.0

THE ETERNAL FAMILY

✔ **REQUIREMENT 4** Complete 1 Course

REL C 200 - The Eternal Family	2.0
REL C 333 - The Living Prophets	2.0
SFL 200 - (Not currently offered)	

BYU RELIGION HOURS

✔ **REQUIREMENT 5** Complete 14.0 hours from the following Courses

REL 101R - (Not currently offered)	
REL 102R - (Not currently offered)	
REL 103R - (Not currently offered)	
REL 104R - (Not currently offered)	
REL A 101 - Old Testament Survey	2.0
REL A 111 - New Testament Survey of the Gospels	2.0
REL A 121 - The Book of Mormon	2.0
REL A 122 - The Book of Mormon	2.0
REL A 211 - The New Testament	2.0
REL A 212 - The New Testament	2.0
REL A 250 - Jesus Christ and the Everlasting Gospel	2.0

REL A 275 - Teachings and Doctrine of the Book of Mormon	2.0
REL A 301 - The Old Testament	2.0
REL A 302 - The Old Testament	2.0
REL A 303R - Old Testament Studies *You may take up to 14 credit hours.*	3.0v
REL A 304 - Writings of Isaiah	2.0

University Core Explained

"The BYU Baccalaureate: The Ideal of Integration"

Many people, when they think of university education, think primarily of the major—a bachelor's degree in, for example, economics or art history or chemistry or engineering. But a baccalaureate is much more than a major and much more than job-based training in a particular field. Although your diploma states your major, something greater has been earned and conferred—a *university* baccalaureate.

There are three formal components to the baccalaureate at Brigham Young University: religious education, general education, and education in a major. Of these, the first two constitute the *university core*. In accordance with *The Aims of a BYU Education*—which invites each student and every member of the university community to wholeness—each of the three components complements the others. They are not partitioned off from one another; none claims preeminence; together they comprise a whole, a harmony.

The idea of the complementary nature of GE, religious education, and education in the major is emphasized in the new mosaics options for GE. The mosaics give students the opportunity of choosing a group of GE requirements built around a theme that complements a student's major course of study. See Mosaics for more information.

Skills and depth are developed over time as the student progresses in both the core and the major; breadth, unfolding partly from historical perspective, ought to characterize the major as well as the core. The relationship between core and major will vary in any given year according to the competing demands upon the student's attention. However, students should strive to develop their programs in such a way that a lively interrelationship between the university core and the major, in which each nourishes and informs the other, is pursued over their entire undergraduate experience.

The major and the core blend into each other. It is here that open electives play their particular role. Without prolonging time at the university, each student enjoys the latitude—and, for some, ample latitude—to design an individual educational experience. Electives enrich; choices that students make about electives define what is unique about their education. Having found a core science course engaging, for example, a student might take cognate courses to explore the subject more deeply.

Having completed the 14-hour religion requirement, students are not barred from taking further religion courses. Majoring in a technical field, students might enlarge their experience of the liberal arts beyond what the core requires. A humanities major might choose to complete an applied minor in computing skills or to construct an unofficial "mini-minor" of courses that open up a particular opportunity for employment or further education at a professional school.

Students are encouraged to acquire skills in both foreign language and mathematics, even though only one of these is required by the core. Additional curricular and extracurricular opportunities in the Honors Program are open to all students at whatever level they might wish to be involved.

Why a University Core?

All students at BYU should be taught the truths of the gospel of Jesus Christ. Any education is

inadequate which does not emphasize that His is the only name given under heaven whereby mankind can be saved....

Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education. The arts, letters, and sciences provide the core of such an education, which will help students think clearly, communicate effectively, understand important ideas in their own cultural tradition as well as that of others, and establish clear standards of intellectual integrity. (BYU Mission Statement)

Most graduates, five years after completing their degrees, are not employed directly in the areas of their majors, and studies show that those who do best in the long term are those whose breadth of education, rather than specialized training, has given them versatility. A university provides marketable skills; it bestows credentials necessary to some future goal; its graduates, statistically, make more money. But students who enroll at the university seeking only these things—or worse, students who graduate having sought only these things—cheat themselves of the best the university has to offer.

Students benefit most who desire to savor and to ponder, to recognize (in whatever eventual major) the hidden likenesses among the subjects they study, to aim at integration and wholeness. Students benefit most who take the university with them: changed by their experience, they have developed educated habits of mind; they have deepened their faith; they have learned to integrate the sacred and the secular; and they have learned that the craving for knowledge is not fully capable of satisfaction within a lifetime. Students benefit most who become lifelong learners, engaged in service to their fellow human beings.

That it integrates sacred and secular education is the hallmark of a BYU baccalaureate. All disciplines at BYU are "bathed in the light and color of the restored gospel" (Aims, "Spiritually Strengthening"). Religion courses—both Doctrinal Foundation and electives—are not intended as only a devotional supplement to the educational enterprise of the university. At once rigorous and inspiring, they engage the mind and the heart in an ever deeper understanding of the gospel of Jesus Christ through close and meticulous study of the scriptures and the teachings of the living prophets.

General education joins with religious education to make *university* education different from specialized vocational training. It builds a foundation for intellectual development; it increases our understanding of civilization—of humankind's most valuable knowledge and achievements in the arts, letters, and sciences. General education teaches us the importance of critical thinking, an awareness of the past, aesthetic sensibility, and moral judgment. These, together with the training provided in verbal and quantitative skills and in manipulating symbolic systems, help prepare us for a lifetime of learning, effective communication, responsible action, forming and judging arguments, and appreciating and creating the good and the beautiful.

Administration of the University Core

The university core is administered collaboratively by the deans of Undergraduate Education and Religious Education under the direction of the academic vice president. Religious Education is responsible for the Doctrinal Foundation and Religion Electives components and the courses that meet these requirements; Undergraduate Education is responsible for the general education components. The success of the core depends upon dedicated faculty from throughout the university. The Faculty General Education Council, chaired by the associate dean of Undergraduate Education—General Education, reviews and approves all courses meeting general education requirements within the university core.

Who Must Complete University Core Requirements?

All students who receive undergraduate degrees from BYU are required to complete the new core requirements as outlined below. Exceptions to this policy are explained in the Graduation Requirements Policy.

Description of the University Core

The new university core comprises five categories titled Doctrinal Foundation; The Individual and Society; Skills; Arts, Letters, and Sciences; and Core Enrichment: Electives.

Consult the University Core/General Education Courses section of the current class schedule for an up-to-date list of approved courses. The current class schedule is available online at http://core.byu.edu

Doctrinal Foundation and Religion Electives

Religious Education offers courses in ancient and modern scripture, Church history and doctrine, and related subjects. Together these help students toward a deeper understanding of "the doctrines, the covenants, the ordinances, the standard works, and the history of the restored gospel" (Aims, "Intellectually Enlarging").

Because The Church of Jesus Christ of Latter-day Saints maintains that regular gospel study is a necessary part of the university experience, religion courses are provided so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. As such, religion courses are not meant to be a mere devotional supplement but an integral part of the university curriculum that conforms to university standards and expectations. Therefore, while students are enrolled at BYU, they are required to take religion courses from BYU.

Cornerstones

The heart of the university core's religion component is the doctrinal foundation based upon careful, informed, and reflective study of sacred scripture and doctrines of The Church of Jesus Christ of Latter-day Saints.

While enrolled at BYU, all students must complete the Four Cornerstones requirement of the university core as outlined in the chart below. Note that religion course requirements are different for transfer students. Since the religion requirement is determined by the number of transfer hours, if is important for each student to refer to their official personal progress report or consult with a university advisement center to determine their official status and their corresponding religion requirement for graduation.

Students who are **not LDS** are strongly encouraged to enroll in Rel C 100, Introduction to Mormonism, during their first semester in residence. This course is designed to be informational, to introduce students to the culture, scriptures, and distinctive doctrines of The Church of Jesus Christ of Latter-day Saints, and to prepare them for subsequent religion classes. Rel C 100 may be used to fill either the New Testament or Doctrine and Covenants Doctrinal Foundation requirement.

Religion Electives

In addition to fulfilling the Four Cornerstones requirement, all students are required to take a specified number of BYU religion course hours as outlined in the chart below. Fulfilling these hours can be accomplished by taking BYU Cornerstone courses and/or BYU religion elective courses intended to enrich the Cornerstone courses with rigorous study from a variety of religious topics dealing with ancient scripture and Church history and doctrine. **Religion courses taken from LDS institutes of religion (including stake institutes) or Church Educational System schools (BYU–Idaho or BYU–Hawaii) will not fulfill the required number of BYU residency religion hours to be taken by each student. Only religion hours taken at the Provo campus will fulfill this requirement.**

In addition, religion courses taken at the BYU Salt Lake Center and through the BYU Independent Study program are considered part of the BYU campus and will fulfill the required number of religion courses required of each student.

Because regular gospel study should be a continuous part of a student's university experience, it would be ideal to take one religion class each semester of enrollment. **To encourage this, no more than 4 hours of religion credit per semester (spring/summer counts as one semester) may be counted toward the required religion hours to be taken at BYU.**

No religion course numbered in the 500s and 600s may be applied toward undergraduate religion credit. Religion credit from non-LDS universities will not be counted toward fulfilling any part of the religion requirement.

Total Hours Transferred to BYU	**Total BYU Religion Hours to Take While Enrolled at BYU (Provo)**	**Cornerstone Courses Required for BYU Graduation***
0–14.9	14	Rel C 200: The Eternal Family Rel C 225: Foundations of the Restoration Rel A 250: Jesus Christ and the Everlasting Gospel Rel A 275: Teachings and Doctrine of the Book of Mormon or approved substitutions***
15–29.9	12	
30–44.9	10	
45–59.9	8	
60–74.9	6**	
75–89.9	4**	
90 or more	2**	

* All students graduating from BYU, BYU-Idaho, BYU-Hawaii and LDS Institute must complete ALL cornerstone requirements. Credit for these courses may be transferred from BYU-Idaho, BYU-Hawaii, and LDS Institutes as per current policy.

**More religion credit may be needed if cornerstone requirements have not been completed.
***Approved substitutions: For Rel C 200, Rel C 333: Teachings of the Living Prophets; for Rel A 250,
Rel A 211: New Testament; for Rel A 275, Rel A 121 or 122: Book of Mormon.

Individual and Society

The Individual and Society requirements inspire students to continue learning and serving throughout their lives. Students will actively participate in solving family, professional, religious, and social problems after leaving BYU. Under the Individual and Society category is the area of

Citizenship which includes American Heritage and Global and Cultural Awareness.

American Heritage gives students an introduction to the political and economic foundations of the American democratic system and helps students appreciate the unique contribution of America to modern civilization. The Global and Cultural Awareness requirement ensures that students develop an "informed awareness of the peoples, cultures, languages, and nations of the world." Students understand important ideas in their own cultural tradition as well as others and are prepared to "go forth to serve."

Skills

In our modern, complex society, the ability to communicate effectively is deemed a crucial skill. Under the Skills category are grouped the following requirements:

- under the heading Effective Communication is First-Year Writing, followed by Advanced Written and Oral Communication;
- Quantitative Reasoning; and
- Languages of Learning.

All these requirements convey information and understanding.

First-Year Writing teaches methods of library research, text or rhetorical analysis, and writing skills in different genres and styles. These essential skills will be used and expanded in all succeeding years of university work. Once students have identified an area for major study, the Advanced Written and Oral Communication requirement introduces them to the discourse and documentation style of their chosen discipline, preparing them to write and present in their professional fields.

To function in a technological society, a basic knowledge of mathematics as a means of communication and problem solving is essential. Quantitative Reasoning requires all students to certify at a basic level of numeracy, either with an appropriately high score on the mathematics section of the ACT or SAT exams or by completion of a BYU course. Then, under the Languages of Learning requirement, students gain advanced symbolic language skills in mathematics, statistics, or a foreign language that broadly applies to a variety of disciplines. Students thus achieve an exposure to cultures and to the ways in which practitioners of the language structure their knowledge.

Arts, Letters, and Sciences

The university's Mission Statement asserts that the "arts, letters, and sciences provide the core of [a broad university] education." These requirements build upon work in other categories of the core by developing "historical perspective" and "a lively appreciation of the artistic, literary, and intellectual achievements of human cultures" and by extending the student's understanding of "basic concepts of the . . . sciences," including "a recognition of the power and limitations of the scientific method" (*Aims,* "Intellectually Enlarging"). This category comprises a Civilization sequence, separate requirements in Arts and in Letters, and requirements in the Biological, Physical, and Social Sciences. The Civilization requirement provides a historical framework and a consideration of important works and themes. Through the Arts and Letters requirements, students deepen their appreciation of artistic and literary works and grow in their capacity to analyze, interpret, and draw justifiable implications from their reading and from their experience with the visual and performing arts.

The area of Scientific Principles and Reasoning contains three requirements: Biological Science, Physical Science, and Social Science. These requirements help develop an understanding of

scientific reasoning and the scientific method and expose students to the excitement of discovery in these separate fields. Students will be able to evaluate scientific data to make rational decisions on science-related issues that will affect their lives and community.

Core Enrichment: Electives

This element of the core is in two parts: Religion Electives, which are discussed above in conjunction with the Doctrinal Foundation; and Open Electives, which vary according to the number of credit hours required by the major and other factors. As mentioned, one of the changes in the new general education program implemented fall 2004 was a reduction in hours, aimed at freeing up space for further open electives. Thoughtful choice of electives allows students to design a unique and enriched educational experience. Some suggestions on how these electives might be used are given above under the heading "The BYU Baccalaureate: The Ideal of Integration."

Selection and Timing of GE Classes

Each GE requirement is completed by taking one course or a combination of courses, chosen from the approved list in the table found in the current class schedule. Single-course options are most often designed for students whose major is not closely related to the requirement. On the other hand, combination-of-course options are often designed for majors related to the requirement, and may include courses a student might take to satisfy a major or minor requirement. Students should carefully consider which option best meets their educational needs, keeping in mind the aim of pursuing a lively interrelationship between the core and the major over the whole undergraduate experience.

Not all courses listed in the class schedule are appropriate for all students. For instance, some have prerequisites, some are upper-division courses, and some are designed primarily for certain majors. These courses are labeled in the university core table as either "has prerequisite" or "not for all students." Students should avoid registering for courses for which they are not academically prepared and should consult with the class instructor or advisor if they are unsure.

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation by the Faculty GE Council. Such approval is not granted lightly, and students should ensure that the courses they select are, in fact, *approved* for GE credit. Courses not certified to satisfy the appropriate GE requirement will not count. This information is updated each semester/term and published in the current class schedule. It is the responsibility of the student to verify that planned courses are certified to satisfy GE requirements.

Occasionally it is possible to complete more than one GE requirement with a single course. See the University Core for details; look especially at the Civilization 2 requirements for courses that double-count for Arts, Letters, or Global and Cultural Awareness. Many foreign languages double-count for Global and Cultural Awareness, a few for letters; see Languages of Learning under Skills. Students are encouraged to use such "double-counting" sparingly—the more GE courses a student takes, the greater the breadth and value of the overall educational experience. The individual college advisement center is a valuable resource concerning questions of course selection, timing, and planning.

For First-Year Students. Although the time to complete GE requirements varies according to the major, all new students are expected to complete the First-Year Writing requirement and take at least one course towards completing the American Heritage requirement during their first year. Students are also expected to take one religion course each semester, and complete their schedule by adding other general education and major-related courses. Those individuals beginning summer term are expected to enroll in a 3-credit hour mentored course.

To facilitate success in these courses, the University provides first-year students with a peer mentor. Mentored courses include First-Year Writing, American Heritage, and a number of other general education and major-related courses. These courses are available through the University registration system under the mentored course selection button on MyMAP. They can also be previewed on the First-Year Mentoring website under Mentored Course Enrollments.

In addition, students who need to fill the Quantitative Reasoning requirement (ACT math subscore below 22) should do so in their first year. It is also recommended that all new students begin work in the mathematics or foreign language options under Languages of Learning.

Students planning to satisfy the Scientific Principles and Reasoning: Biological Science or Physical Science requirements with the two-course options (PDBio 120 + MMBio 240; chemistry, geology, and physics combination options) should also complete these during their first two years, making some progress on them in their first year. Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Visit college advisement centers or department offices for advice on when to complete the other GE requirements.

The University Core and the Honors Program

The Honors Program, which is open to all interested students, offers an array of enriched courses that simultaneously satisfy university core and honors graduation requirements. These courses take two forms: those offered through the Honors Program proper (designated Honrs), which explore disciplinary topics in creative and innovative ways; and honors sections of departmental courses (designated by /H or a title that begins with the abbreviation *Honors*). See the Honors Program section of this catalog for a fuller description. Additional information may be obtained from the Honors Advisement Center, 102A MSRB, (801) 422-5497, or by consulting the Honors Program Course Guide at honors.byu.edu.

The University Core and First-Year Mentoring

New freshmen are expected to complete the First-Year Writing requirement and take at least one course towards the American Heritage requirement during their first year. To facilitate enrollment in these courses as well as success in them, the University provides each undergraduate student in their first year at BYU the opportunity to have a peer mentor. Mentored courses include First-Year Writing, American Heritage, and a number of other general education and major-related courses, including some Honors courses.

These courses are available through the University registration system under the mentored course selection button on MyMAP. Mentored courses can also be previewed on the First-Year Mentoring website under Mentored Course Enrollments. Early registration for fall semester mentored courses may be completed through the First-Year Mentoring website.

A brief description of the First-Year Mentoring program and how students are expected to engage with their peer mentor appears in the Undergraduate Education section of this catalog. Detailed information may also be obtained from the First-Year Mentoring website http://fym.byu.edu, by contacting First-Year Mentoring, 2014 JKHB, (801) 422-8176 or 1-877-890-5451, or by emailing fym@byu.edu.

Ways to Complete GE Requirements Other Than by Course Work

In addition to completing approved courses, students may satisfy individual GE requirements within the university core by (1) transferring acceptable credit from other academic institutions, (2) receiving credit from selected Advanced Placement (AP) and International Baccalaureate (IB) examinations, (3) passing exemption or challenge examinations offered for some classes at the university, or (4) fulfilling a GE through a major.

1. Transfer Credit. The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, A-41 ASB, (801) 422-8522. Transfer Guides have been arranged with several junior and community colleges to facilitate the transfer process for students including those who have completed certain associate degrees. See Transfer Evaluation website for a list of Transfer Guides. The Transfer Evaluation Office can be contacted for up-to-date information regarding the status of agreements with other institutions not listed on their website.

2. Advanced Placement and International Baccalaureate Credit. The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to meet certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Admission Services Office can be contacted for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

Note: College Level Examination Program (CLEP). BYU stopped giving credit for general exams in 2000. At this time BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standards.

3. Exemption and Challenge Examinations. Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available: the exemption exam and the challenge exam. The primary difference between an exemption exam and a challenge exam is that an exemption exam is used exclusively to fulfill a general education requirement. No academic credit or letter grade is posted to the transcript. The challenge exam, however, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript if the student so choose. A student may take an exemption or challenge exam for a single course only once during each semester or term. Students do not have to be enrolled in a course to take an exemption or challenge exam. However, some of the exams are given early enough each semester/term so that students who are enrolled and pass the exam may withdraw from the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at the Testing Center. See the chart under Policies and University Core, "Intro to the Undergraduate Degree" for the current semester for more information or contact the department in question.

4. GE-Major Overlap. A GE requirement can be fulfilled because of the nature of a major's discipline. For example, an English major would automatically fulfill the Letters requirement because of the nature of the discipline. See the University Core for a list of majors that complete certain GE requirements and the link to the GE-Major Overlap page.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning general education is found in this catalog or online at the University Core section of the current Class Schedule under "Introduction to the Undergraduate Degree" (http://core.byu.edu). Additional late-breaking information, plus advice about general education requirements can be obtained from the college advisement centers. The college advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Students can access a progress

report through MyMAP; this report will generate a personalized report that includes a list of GE requirements students have completed. (Log on to MyBYU; select "School" then "MyMAP"; then the tab, "Plan MyMAP"; click on the Progress Report link on the right-hand side of the page. Students can also type "Plan" in the Quick URL box in the MyBYU home page which will take them to the MyMAP page.)

Requirements for Enrollment in Continuing Education Classes

Noncredit classes are open to anyone who abides the standards and has the desire and necessary ability.

Credit classes are open to ecclesiastically endorsed:

1. Matriculated students.
2. Individuals who are twenty-one years of age or older.*
3. Individuals desiring to audit courses.

4. High school students who meet current university requirements for concurrent enrollment.

Students who have been suspended from Brigham Young University or any other institution of higher learning for any reason are not eligible to register in Continuing Education credit classes until such suspension is cleared.

Enrollment Limitations. Persons enrolling in credit courses offered by the Division of Continuing Education who are officially admitted to the university can take any courses offered to a maximum of 18 credit hours per semester (9 hours per term). All others, twenty-one years of age and older, who have not been formally admitted to the university are limited to a maximum of 8.5 credit hours per semester (4 hours during spring or summer term).* Contact the Division of Continuing Education for any additional conditions of enrollment.

Student Responsibility. Enrollment in a Continuing Education course *does not* constitute admission to BYU or any other university on a degree-seeking basis. It is the student's responsibility to gain admission to the university of his or her choice as a degree-seeking student through the institution's normal procedures. At BYU students may accomplish this through the Office of Admissions.

Note: Non-matriculated students enrolled through the Division of Continuing Education are not eligible for university employment, housing, or financial aid except for assistance that is available to part-time students through the Division of Continuing Education.

*Some exceptions exist at the BYU Salt Lake Center.

Departments

- Communication Disorders
- Counseling Psychology and Special Education
- Educational Leadership and Foundations
- Instructional Psychology and Technology
- Teacher Education

Departments and Programs

1. Communication Disorders: service to children, youth, and adults who need support with aspects of speech, language, or audiology
2. Counseling Psychology and Special Education: service to children, youth, and adults with needs for counseling or disability support
3. Educational Leadership and Foundations: service as leaders and administrators in a variety of educational settings (graduate level only)
4. Instructional Psychology and Technology: service in instructional design, technology-based instruction, and classroom technology integration (graduate level only)
5. Teacher Education: preparation for service as teachers
    - Early Childhood, preschool through third grade
    - Elementary, kindergarten through sixth grade
    - Physical education teaching and coaching, kindergarten through twelfth grade

Note: All other secondary teaching majors are housed in the colleges and content areas they represent.

Advisement and Support Services

The McKay School's Education Student Services (ESS) includes a variety of services to meet students' needs, which include the following:

1. *Academic Advising*. ESS advisement includes general education, program requirements for McKay School majors, graduation requirements, and progress toward graduation, as well as licensure guidance (350 McKay Building, 801-422-3426). Secondary education majors receive advisement on specific program requirements in the colleges and departments of their content-area majors.
2. *Scholarships*. The ESS coordinates a variety of private scholarships and mentorships. An online application is available at education.byu.edu/ess.
3. *Licensure*. Students who complete the requirements of a teaching program are recommended by ESS for licensure in Utah and states with reciprocity agreements; ESS guides students in the procedures and submits the completed applications and supporting data. Guidance may be provided for obtaining out-of-state licensure.

Distinguishing Features of the McKay School

1. Undergraduates in all McKay School departments have opportunities to participate in mentored research with faculty.
2. Elementary education majors complete a minor in Teaching English as a Second Language, preparing them for state certification in this area (which will attach to their teaching license). Preparation for teaching in immersion and dual immersion programs can be added.
3. Through the McKay School's ARTS Partnership, elementary education majors with experience in visual arts, music, dance, or drama can attend performances, workshops, and participatory events that involve teaching and integrating the arts into elementary school curriculum. Those who wish to become "arts scholars" collaborate with teachers in elementary classrooms.
4. Alternative student teaching placements are available in urban, minority-intensive areas of Houston, Texas, or Washington, D.C. during the fall and winter semesters; and in southern China during the spring/summer terms.
5. As an alternative to regular student teaching, seniors in some teaching majors may choose a year-long internship in which they teach full time as teacher of record in their own classrooms at one-half the beginning teacher's salary with full benefits.

College of Family, Home, and Social Sciences

Family, Home, and Social Sciences

The College of Family, Home, and Social Sciences is composed of departments that study patterns of human behavior from diverse disciplinary approaches. Teaching and scholarship rely on social science methodology to learn about human behavior and human societies — their histories, organization, governments, and economies. As the name implies, the college is particularly concerned with studying the family as the basic unit of society. The many institutes and centers within the college provide opportunities for faculty and students to further research and disseminate scholarship. Students in the college gain a broad education that helps develop an appreciation of the values of modern civilization and prepares them to contribute effectively as citizens. The knowledge and skills gained in the varied disciplines prepare them well for graduate study and professional careers. Many of the departments and programs housed within the college provide opportunities for student learning outside the classroom through internships and faculty-mentored teaching and research experiences.

Degrees Offered

Bachelor's, master's, and doctoral degrees are offered in the college. See the individual department and program listings in this catalog for specific degrees offered and the requirements for each.

Scholarships and Awards

Scholarships and awards are available to qualified students. Applications may be obtained from the Financial Aid Office, A-141 ASB. See department and college websites for their scholarships.

Family and Social Service Internships

945 SWKT
801-422-2168

Staff members in the Family and Social Service Internships Office assist students in the School of Family Life, Psychology, and Sociology in finding and successfully completing an internship to enhance their undergraduate education. Academic credit for internships is offered through the individual departments.

FHSS Writing Lab

Joyce Adams, Director
1051 JFSB
801-422-4454

fhss-writinglab@byu.edu

Writing advisors in the FHSS Writing Lab offer discipline-specific tutoring in writing for FHSS students. They help students become better writers by focusing on the global aspects of writing, such as thesis construction, organization, transitions, idea development, logical coherence, style, and argument clarity.

Family Studies Center

Jeremy Yorgason, Director
801-422-3515

The Family Studies Center is dedicated to research that identifies characteristics associated with strong marriages and families, the processes by which they develop, and positive individual and relationship outcomes of healthy family relationships. Historically, the Family Studies Center has supported funding for research on family relationships (e.g., the Flourishing Families Project), conferences on cutting-edge family topics (e.g., families and health; work and families), and outreach activities (e.g., "Families Under Fire" conference). Currently, to achieve Center goals, two main initiatives are being supported.

First, the Center is supporting the Couple Relationships and Transition Experiences (CREATE) research study. The CREATE study is planned to tap a national sample of early married couples, and to include unique measures of relationship functioning in context of transitions and stressors across time. Several BYU faculty members are investigators in that study.

Second, the Center is supporting the development of advanced methods to be used in analyzing data that can provide answers to questions about family relationships. As part of this initiative the Center hosts a lunch-time methods workshop twice a month where faculty or guests will present on research methods used with family data. Faculty members and students from across the University that are interested in studying family relationships are invited to attend.

Museum of Peoples and Cultures

2201 North Canyon Road in Provo
9:00 a.m. - 5:00 p.m.
Monday - Friday
122 B67
801-422-0020

General admission is free at the Museum of Peoples and Cultures. Guided tours are available for a nominal fee and can be scheduled by calling the museum.

Educational Opportunities. Museum staff work with faculty throughout the University to provide in-depth, hands-on learning experiences not only in the museum's exhibitions and laboratories, but also in classrooms across campus. Additionally, classes in museum practices designed to provide students with practical experience are taught by the museum's staff in connection with the Anthropology department (see listings in the Anthropology section of this catalog). The museum also employs students each semester to assist in collections work, education and outreach, exhibition development, among other duties. The museum welcomes volunteers to assist in collection, educational, and promotional work.

Anthropological Collections and Research Opportunities. Museum collections comprise over 7,000 collections (consisting of over 2 million specimens and objects) of prehistoric and ethnographic

artifacts from various parts of the world. The majority of holdings are from the American Southwest, Mesoamerica, Polynesia, ancient Peru, and the Great Basin (especially Utah Valley). The museum also cares for an extensive collection of documents and images related to BYU archaeological research. The museum encourages students to inquire about research possibilities using its collections.

College of Fine Arts and Communications

Fine Arts and Communications

The College of Fine Arts and Communications provides students with a strong liberal arts foundation, fully anchored in the gospel of Jesus Christ. With six distinct academic areas, the college offers a broad range of exceptional education opportunities within the arts and communications. Each of the programs within the college seeks to produce graduates whose work contributes to society by benefiting the organizations for which they work and the audiences they reach. By encouraging exceptional performance, presentation, and communication, as well as discernment of artistic values, graduates emerge as scholars and professionals within their disciplines.

College Advisement Center

The College of Fine Arts and Communications Advisement Center recognizes the opportunity and responsibility to be actively involved in our students' educational journey. The advisement center is committed to not only establish an important, service-oriented connection with each student in a caring, friendly environment, but to also provide accurate and timely information to better prepare them for greater academic success.

Professional academic advisors are available to provide information regarding university policies and procedures, dates and deadlines, registration, faculty advisor referrals, major/minor application preparation, major/minor planning and progression, graduation qualification, as well as many other academic concerns.

Interdisciplinary Degrees

Animation is an interdisciplinary degree offered by the College of Fine Arts and Communications through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Design, and the Department of Computer Science.

Music Dance Theatre is an interdisciplinary degree offered by the College of Fine Arts and Communications through the cooperative involvement of the School of Music, the Department of Theatre and Media Arts, and the Department of Dance.

Enrollment in a Major Program

Enrollment in most degree programs in the College of Fine Arts and Communications is limited by the availability of resources such as facilities, equipment, and faculty. Students are asked to carefully study the requirements of the major program they desire to enter to determine if the program really fits his or her personal goals and educational objectives.

The application process for each major has been structured to be as fair and impartial as possible. Enrollment limitations require those evaluating applications to make difficult decisions. Those who are not admitted into his or her desired program are encouraged to move quickly and decisively toward an alternative major program.

Applications for degree programs in the college are available online through each department's website. Prior to applying, students must complete all of the prerequisite courses and/or specific requirements stipulated in the application process. For further information, please contact the appropriate department or school directly. For contact information go to http://cfac.byu.edu.

Scholarships and Awards

A-41 ASB
801-422-4104

Performance awards are offered by each of the academic units within the college. Applications and information about auditions for performance awards can be obtained by contacting the appropriate department or school.

Applications for academic scholarships can be obtained online here or at the Scholarship Office. For information about graduate scholarships, fellowships, and grants-in-aid, see the Graduate Studies website.

BYU Graduate Studies

Graduate Studies

Our graduate programs offer both secular and spiritual development in a unique learning environment located beneath the majestic Wasatch Mountains in Provo, Utah.

We offer world class instruction from faculty mentors who genuinely care about both your professional and personal development as they challenge and expand your academic intellect using cutting edge pedagogical practices and technologies. Share your unique perspectives and engage in diverse dialogue with our faculty, university administration, and our student population who are represented from all across the nation and from all over the globe from more than 160 countries.

College of Humanities

Humanities

The College of Humanities houses programs that study literature and language as well as philosophy, critical reading, and writing. Those programs share a concern with the processes and products of human expression. In doing so, they focus on a quest for fluency in what has been called "the human conversation"—the ongoing inquiry into what it means to be human.

Study in the humanities disciplines develops facility in languages and cultures as well as higher order cognitive abilities needed for interpretation, analytical thinking and reflection, criticism, and writing. Students can apply what they are learning prior to graduation and enrich their capacities for satisfying careers and productive lives as educated citizens after.

Center for Language Studies

Ray T. Clifford, Director
Agnes Welch, Program Manager
3086 JFSB
801-422-1201
http://cls.byu.edu

The Center for Language Studies works with other College departments to help students from all of the University's academic disciplines acquire the advanced language and cultural skills they need for personal enrichment and for global careers. Particular emphasis is placed on:

- Teaching advanced language classes in low-enrollment languages spoken by returned missionaries.
- Testing language proficiency.
- Conducting language acquisition research.

The Humanities Center

Matthew Wickman, Senior Fellow and Director
4103 JFSB
801-422-1664
http://humanitiescenter.byu.edu

The Humanities Center is an institute of intensive learning and outreach that promotes the exchange of ideas within the humanities and across the arts and sciences. It aims to foster excellent research and teaching in the humanities, encourage discussion and collaboration across departments, colleges, and universities on matters of public as well as academic concern and enhance BYU's global reputation for scholarship, teaching, and public service.

International Study Programs

Study Abroad: BYU's traditional off-campus study programs. In these programs students are able to further their general education; pursue specialized courses in languages, the social sciences, humanities, fine arts, and other fields; gain valuable insights into their own country; and further international understanding.

Direct Enrollment: Students are integrated into an international university, taught by faculty native to that county, and are not accompanied by BYU faculty.

International Internships: Short-term, on-the-job apprentice training abroad under the direction of a firm, government agency, NGO, or other such institution.

Field Studies: A research experience abroad for small numbers of students directed by faculty, who generally do not accompany the students.

Admission to Degree Programs

All undergraduate international and area studies degree programs are open enrollment.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The university core, consisting of requirements in general and religious education. (See University Core for details. For a complete listing of courses that meet university core requirements, see the current class schedule.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

J. Reuben Clark Law School

Law School

The J. Reuben Clark Law School offers a six-semester course of graduate professional study leading to the juris doctor (JD) degree. Information about legal education, admissions standards, and related matters can be obtained from the Law School Admissions Office or at www.law2.byu.edu/.

Advisement Center

Subject Areas

LAW

To be admitted to the Law School, an applicant must be a college graduate who has excelled academically and has scored in the upper range of the nationally administered Law School Admission Test. In addition, applicants must meet the general university admission requirements, including the personal standards required of all students.

Apply for admission online at www.lsac.org by February 1 preceding the fall of expected enrollment in the Law School. Enrollment takes place only in the fall of each year.

For more information regarding prelegal education, consult the Preprofessional Advisement Center (Law). For information regarding the BYU Law School, including opportunities for undergraduate students to observe classes, tour the Law School, or meet with an admissions officer, email or call.

College of Life Sciences

Life Sciences

Courses offered in the life sciences give students a general understanding of the fundamental principles of life that extend from the tiniest microbes to plants, animals, and human beings. Students also obtain the knowledge, skills, and motivation necessary to maintain a healthy lifestyle. Specialized courses emphasizing teaching and research in various life science disciplines are also offered. Disciplines range from basic science to applied science.

Student Services

The goal of the Life Sciences Student Services Center is to provide "one stop shopping for students and faculty." The center services students in five areas: advisement, assessment, career advisement, college life, and mentored experiences.

Advisement—Students are instructed in general education advisement as well as assistance in creating a graduation curriculum plan for their major. Advisement is regarded as an interactive, developmental experience between students and advisors. Among other advisement services are the change of major, academic success, and graduation processes, as well as other specific advisement needs. LfSc 101 is offered to all new students who are exploring Life Science majors. All majors and career options are presented in this course plus basic student development principles to assist new students in adapting to BYU and becoming familiar with its resources.

Assessment—Students are informed of the importance of maintaining the university's accreditation standing. Students assist the assessment process by providing input through surveys, exit interviews, one-year-out and five-year-out surveys, and results on national major field exams and other national and professional school admission exams.

Career advisement—Students are assisted in major exploration and basic developmental career issues. Information is provided regarding university resources for further career and major exploration.

College life—The "Empowering Others" philosophy encourages students to help and teach each other by creating a spirit of cooperation rather than competition. Study groups are fostered and organized to enhance learning. A learning facility provides tutoring services for students enrolled in the essential biology courses. This walk-in area allows a student access to tutors 10–12 hours per day. Leadership opportunities for students can be enhanced through participation on the Life Sciences Student Council and participation in clubs. The college also offers scholarship opportunites to its undergraduate and graduate students.

Mentored experiences—Internships provide students with opportunities to try out their prospective careers. The center provides resources for obtaining internships as well as processing all the paperwork and awarding grants to students who desire that experience. Assisting faculty with research constitutes a mentorship. Students learn invaluable skills and problem-solving techniques from their mentors. The center can help students seeking mentored experiences.

M. L. Bean Life Science Museum

Larry St. Clair, Director
Leigh Johnson, Associate Director for Research and Collections
Marta Adair, Assistant Director for Education
2103 MLBM

Robert Johnson, Collections Manager, Herbarium
Byron Adams, Curator of Meiofauna
John Bell, Curator of Mollusks and Crustaceans
Shawn Clark, Collections Manager, Arthropods
Jerald Johnson, Assistant Curator of Fish
Leigh Johnson, Curator, Herbarium
Randy Larsen, Assistant Curator of Birds
Riley Nelson, Assistant Curator of Insects
Duke Rogers, Curator of Mammals
Dennis Shiozawa, Curator of Fish
Jack Sites, Curator of Reptiles and Amphibians
Larry St. Clair, Curator of Nonvascular Cryptogams
Michael Whiting, Curator of Insects

The Bean Life Science Museum is fully accredited with the American Alliance of Museums. A major addition and remodel of the museum was completed in 2014. Its vast teaching and research collections include more than two million arthropods, fish, amphibians, reptiles, mammals, birds,

meiofauna and mollusks, and more than 700,000 plants, fungi, algae, and bryophytes. Specimens for these collections, which represent creative work by university faculty members and students, have been gathered from around the world, making the museum a major repository of scientific-quality, biological collections in the western United States.

The museum and its collections are utilized by university classes in biology, plant and wildlife sciences, education, art, geography, and other disciplines. The museum also maintains and manages the Lytle Ranch Preserve. Located in the northernmost extension of the Mojave Desert southwest of St. George, Utah, this 600-acre desert "classroom" is situated in a part of Utah that is unique not only for its plant and animal communities, but also for its setting at the crossroads of three major bioregions.

Public programs at the museum include temporary and permanent exhibits of natural communities that illustrate complex relationships between plants, animals, and their physical environment. Educational programs serve more than 150,000 annual visitors and provide classes and programs for public and private schools and many other organizations. Museum hours are Monday through Friday from 10:00 a.m. to 9:00 p.m. and Saturday from 10:00 a.m. to 5:00 p.m. The museum is closed on Sunday. Admission is free.

The Western North American Naturalist, a nationally recognized peer-reviewed natural history journal, is administered by the museum. Other museum publications include professional and popular works such as *A Utah Flora, Bark and Ambrosia Beetles of South America, Snakes of Utah*, and *Common Rocky Mountain Lichens*.

- Organizational Leadership and Strategy
- Public Management
- Recreation Management

Management Advisement Center

Advisors are prepared to assist undergraduate students in successfully completing university, college, and major requirements. Students are encouraged to meet frequently with their advisors. Center personnel are available to help with registration, graduation requirements, fields of study, changes in major, and transfer evaluation, as well as to clarify policies and procedures.

Undergraduate Programs

Five undergraduate degrees are offered by the Marriott School of Management. The first is a bachelor's degree in management, which provides a broad management education. The program is designed to assist students in acquiring knowledge, insight, maturity, competence, and a strong sense of moral and ethical character. An area of emphasis may be taken by students seeking specialization. These areas include marketing, global supply chain, strategy, organizational behavior/human resources, entrepreneurship, and general business.

The second bachelor's degree is offered by the School of Accountancy to students seeking to combine accounting skills with broad management education (see the School of Accountancy section of this catalog for details). Accounting students interested in acquiring in-depth specialization or seeking careers in public accounting are encouraged to apply to the Master of Accountancy Program.

The third bachelor's degree is offered by the Information Systems Department to students seeking to combine information systems skills with broad management education (see the Information Systems section of this catalog for details). Students interested in acquiring in-depth specialization in information systems are encouraged to apply to the Master of Information Systems Management Program.

The fourth bachelor's degree is offered by the Recreation Management Department to students desiring a service-oriented profession that strengthens individuals, families, and communities by providing quality recreation programs. Students can choose between an emphasis in experience management or therapeutic recreation. A minor in nonprofit management is also available. Courses prepare students in the areas of leadership skills, program development and management, budgeting and finance, facilities management, and current issues in the recreation profession.

The fifth bachelor's degree is offered by the Finance Department. The finance field deals with the control, management, and allocation of financial resources. Finance careers can be divided into two primary areas: 1) corporate finance, which deals with the financial problems of a business firm and 2) financial services, which focuses on solving financial problems for client firms. Finance is a high-demand, high-reward field with significant professional opportunities for motivated students.

Graduation Application for Bachelor's Degree

When a student has completed 86–96 earned hours (usually during the junior year), he or she should apply for graduation at the Marriott School of Management Advisement Center.

Graduate Programs

The Marriott School of Management offers the following graduate degrees:

MAcc Professional Accountancy
MAcc Tax
MBA Business Administration
MISM Information Systems Management
MPA Public Administration

Individual program brochures are available from the Marriott School of Management. Also, refer to the Graduate Studies website.

College of Nursing

Nursing

The College of Nursing at Brigham Young University, established in 1952, is accredited by the Utah State Board of Nursing and the Commission on Collegiate Nursing Education. The mission of the College of Nursing is to develop professional nurses who promote health, care for the suffering, engage in the scholarship of the discipline, invite the Spirit into health and healing, and lead with faith and integrity.

Baccalaureate graduates are prepared to function in generalist roles in hospital and community settings. They also have excellent preparation for entrance into graduate programs. Graduates of the MS program are prepared for a variety of advanced practice and leadership roles in the health care delivery system.

The college faculty are committed to creating a stimulating learning environment based on Christian principles. They maintain a broad range of research and clinical interests.

Student resources include a fully equipped learning resource center with audiovisual and computer learning aids, a research center, and a state-of-the-art clinical simulation laboratory. Clinical practice opportunities exist in a variety of urban and rural hospital, school, home, and community settings along the Wasatch Front. Students may also gain extended experiences with specialized national and international health programs.

Ancient Scripture

Church History and Doctrine

Subject Areas

REL E

Purposes

Religious Education oversees the teaching of and research into scripture, doctrine, LDS and Christian church history, and world religions. We strive to create a learning environment and provide resources that are "spiritually strengthening, intellectually enlarging, and character building" and an educational experience that results in "lifelong learning and service" (The Aims of a BYU Education).

Religious Education seeks to spread the light of restored truth to Latter-day Saints and to those not of the LDS faith in three ways:

1. Instruction. We seek in Religious Education to find new ways and more effective ways to communicate timeless truths and to provide "a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued" (BYU Mission Statement). In general, we search for ways to enhance the educational experience and to build a faith in and a commitment to the restored gospel that is as stimulating and satisfying to the mind as it is soothing and settling to the heart.
2. Scholarship. The search for new truths and the quest to better understand well-known truths are central to the work of Religious Education. While the ultimate interpretation of doctrinal matters rests with apostles and prophets, we seek to discover historical backgrounds,

provide cultural and linguistic details, and explore new avenues of understanding into our faith, history, and way of life.

3. Outreach. An important dimension of the work of Religious Education is outreach, the effort to teach, share, and discuss Mormonism in the larger non-LDS community of scholars and to foster understanding between men and women of all faiths.

Degrees Offered

Religious Education offers two programs leading to a master's degree: **Religious Education Master of Arts** designed for individuals recommended by Seminaries and Institutes and **Religious Studies Master of Arts** for military chaplaincy candidates.

For further information on these programs, please contact the Religious Education Office. No other degree programs are offered in this area.

Scholarships and Awards

Graduate-level scholarships and awards are available to qualified students. Applications may be obtained from the Office of the Dean of Religious Education.

Religious Studies Center

Thomas A. Wayment, Director
167 HGB
801-422-6975
http://rsc.byu.edu/

The Religious Studies Center (RSC) is the research and publication arm of Religious Education. It continues to pursue its original charter to encourage and sponsor serious, faithful, gospel-related scholarship and the ensuing publication of that scholarship. It fulfills the charge to help meet the university's commitment to religious studies and Religious Education's aim to teach and preserve the doctrine of the gospel of Jesus Christ. It also serves the greater Church through the publication of the works of Religious Education faculty and other scholars who have written important, timely, scholarly work of a faith-promoting nature.

To encourage and promote religiously oriented scholarship, the RSC awards grants and provides other financial assistance. It proactively reaches out to faculty to encourage research in specific areas and supports them in the publication of their findings. To accomplish this the RSC sponsors two faculty mentors, known as area directors, who oversee and fund research in Church history and ancient scripture.

Office of Undergraduate Education

Undergraduate Education

The Office of Undergraduate Education supervises and fosters essential university-wide elements of the baccalaureate: General Education, Honors Program, First-Year Experience, and First-Year Mentoring. These interrelated programs together promote and champion teaching and learning within an integrated *university* education. They aim to enrich the educational experience and to benefit the life of each undergraduate student.

Honors Program

First-Year Experience

2006 JKB
(801) 422-4243
Email: fye@byu.edu
Website: http://fye.byu.edu

The Office of First-Year Experience (FYE) facilitates new students' transition to university life. This includes helping new students 1) make connections with peers and university personnel, 2) become acquainted with campus resources, and 3) improve their sense of purpose and motivation by increasing their understanding of BYU's unique mission and history. These efforts span the time between students' admission notification through the end of their first year on campus. Some of the FYE activities that help students transition to university life include Jumpstart, New Student Orientation, First-Year Seminar (UNIV 101), and the First-Year Arts Card program.

First-Year Mentoring

2014 JKB
(801) 422-8176 or 1-877-890-5451
Email: fym@byu.edu
Website: fym.byu.edu

First-Year Mentoring is designed to help all new students transition to and thrive in a challenging university environment. The First-Year Mentoring office reserves seats in high demand University Core (General Education plus Religious Education) classes and provides each new student with the support of an individual peer mentor.

Within 2-3 weeks following notification of admission, students admitted for fall semester, and for spring and summer terms, are assigned to a peer mentor who will contact them in order to answer their questions and provide direction concerning "next steps" in their transition from high school to the university. Once on campus, the mentoring relationship continues as students are connected to mentors through registration in a mentored course. All new students are expected to enroll in a mentored course during their first fall and winter semesters. Mentors and students will meet at a few key points during the semester in order to discuss their experiences and help students connect with useful university resources (labs, advisors, faculty, etc.). Additionally, mentors work closely with the faculty members who teach mentored courses and facilitate relationships between students and the instructors.

Transfer students are also eligible for and welcome to the support of a peer mentor during their first year at the university; however, access to mentored courses are reserved for freshmen. Students transferring to BYU will be contacted prior to their arrival in order to request a mentor.

Honors Program

350 MSRB
801-422-3036
Email: honors@byu.edu
Website: http://honors.byu.edu/

The University Honors Program is open to all capable, motivated undergraduate students who wish to broaden their education through interdisciplinary study and deepen it by producing original research in their home discipline. Especially welcome are students who seek both knowledge and wisdom, who want to use their intellect to build their faith and their faith to strengthen their intellect, and who bring a sense of curiosity, humility, and courage to their education. The breadth and depth of an Honors education develops leaadership qualities and encourages the integration of faith, intellect, and character. The central focus of the program is the study of big or "great" questions (e.g., justice, human agency and responsibility). Coursework teaches and models for students modes of intellectual inquiry that draw on the knowledge and skills of different disciplines, that are open to discovering "unexpected connections" between those disciplines, and that lead to a deeper, more careful and precise understanding of the questions we seek to answer (and have sought to answer for millenia). "University Honors" is a distinction awarded to any graduate of BYU who has met the Honors requirements; see the Honors Program section of this catalog for details. It will be recorded on the student's university diploma, on the official transcript of grades, and in the graduation program.

National Scholarships, Fellowships, and Programs

350D MSRB
801-422-9392
Email: national.scholarships@byu.edu
Website: nsfp.byu.edu

The National Scholarships, Fellowships, and Programs office (NSFP) assists students in finding and applying for national, externally-funded, merit-based, competitive scholarships and fellowships,

mostly for graduate study, but some for undergraduate language and research opportunities, as well as certain summer and study abroad programs.

The NSFP office at BYU:

- seeks students who are qualified, interested, and ready to apply for graduate school merit scholarships.
- informs students about opportunities and requirements for competitive scholarships.
- supports and assists students in preparing application materials for merit scholarships.

The NSFP office works with a palette of about 30 scholarships and fellowships that changes from time to time. Students are encouraged to review the online information describing scholarships relevant to their educational and career objectives at nsfp.byu.edu, and to contact Fred Pinnegar in 350D Maeser Building (fred_pinnegar@byu.edu) for more information.

Programs

Accounting (BS)

Subject Areas

ACC

Admission to Degree Program

The degree programs in the school carry special enrollment limitations. Please see the Marriott School of Management Advisement Center for specific details.

The Discipline

Accounting has been called the language of business in which accountants control, analyze, and report the financial resources of an enterprise. A good understanding of accounting principles and practices can serve as the basis for a career in any business field.

Career Opportunities

Accountants provide critical input and guidance in profit-seeking organizations, service and charitable organizations, educational institutions, government, public accounting firms—indeed, any organization that exists today.

Graduate Programs and Degrees

MAcc in Professional Accountancy
MAcc in Tax

For more information see the current Marriott School of Management School of Accountancy website at http://marriottschool.byu.edu/macc and the Graduate Studies website.

General Information

Undergraduate Application Requirements

All new students entering the undergraduate accounting program commence their study at the beginning of the fall semester. Admission into the undergraduate accounting program is based on consideration of the following:

1. The applicant's overall GPA and GPA in the following prerequisite courses: Acc 200, Acc 310, Fin 201, Bus M 241, IS 110, and IS 201
2. The applicant's personal statement
3. Comments from professors
4. A review of the overall academic record of the applicant

Admission Policies

The following policies apply in making admission decisions for each fall semester cohort of students:

1. Admission to the undergraduate accounting program is by online application filed directly with the School of Accountancy. Applications are filed at http://marriottschool.byu.edu/bsacc/. Notice of admission decisions is given online.
2. Each year, the last day to apply to commence study in the fall semester is the last business day in June at 4:30 p.m. A student may, however, apply for fall semester admission as early as November 1 in the preceding year. In most cases admission decisions are made on a monthly basis.
3. Repeating the prerequisite courses (Acc 200, 310, Fin 201, Bus M 241, and IS 201) to improve grades for purposes of admission is strongly discouraged. Repeated prerequisite grades from BYU are discounted one full letter grade (e.g., a repeated grade of A is calculated as a B for admission purposes only). No prerequisite course may be repeated more than once. A minimum overall 3.0 GPA is required across all prerequisite courses. A grade of B or better is required in Acc 200 and Acc 310.
4. The accounting program is designed for entry at the beginning of a student's junior year. Moreover, at the end of the junior year, many students immediately commence graduate studies. Therefore, a student entering the accounting program must have substantially completed general education requirements. It is also recommended that the student completes Econ 110 and M Com 320. These two courses must be completed before taking the Management Integrated Core or before entering the MAcc program.
5. Potential applicants who will transfer from other schools are strongly encouraged to take Acc 310 at BYU and include an ACT/SAT score with their application, if the test was taken. Grades transferred from other schools are discounted .3 in the application process.
6. The School of Accountancy reserves the right to allow exceptions in the admission process where it is deemed necessary to admit the most qualified students.

Programs

Aerospace Studies (Minor)

Subject Areas

AEROS

Admission to Degree Program

Students must be accepted by the department into the program.

The Discipline

The Air Force Reserve Officer Training Corps (AFROTC) is an educational program designed to provide students the opportunity to become Air Force officers while completing requirements for an undergraduate or graduate degree. Four-year and three-year programs are available for both men and women.

Career Opportunities

Officer in the United States Air Force.

General Information

Textbooks, Uniforms, and Allowance. All textbooks, uniforms, and uniform accessories are furnished by the Air Force, in addition to the tax-free allowance of $300 to $500 per month.

Air Force ROTC Scholarship Program. All current scholarship information can be found at http://afrotc.com/scholarships/types/.

Field Training. All cadets must attend a field training camp in order to enter the Professional Office Corps (last two years). Cadets in the full four-year program will attend field training after the completion of their second (AS 200) year. Cadets who begin the program with less than 4 years remaining before graduation will attend Field Training after their first year in the program.

This training gives an increased understanding of the Air Force mission, and operations to include expeditionary (deployed) operations. Cadets receive practical experience in leadership and management while residing on an Air Force base. Additionally, cadets are provided hands-on training in combatives, weapons qualifications, and contingency operations. Medical care, housing, food, and uniforms, as well as transportation to and from the training base, are provided.

Extracurricular Activities. Each Air Force ROTC student will be able to participate in a variety of extracurricular activities, including the Arnold Air Society, the color guard, and the rifle drill team. Selected cadets may also participate in summer programs such as the career-field shadow program.

LDS Missions. Students who are accepted into the program and who desire to serve a Church mission must consult with department staff. Scholarship students may have their scholarship deferred while they fulfill a mission.

Fifth-Year Cadets. Four-year program students in Air Force ROTC who are in a five-year university program are allowed a year of completed status after their senior AFROTC courses. Out-of-phase students and those who will be student teaching should consult with the department chair.

Discipline. Training in the cadet corps is formulated and administered by the student officers with oversight from active duty officers. Air Force ROTC students are civilians and are not subject to military law.

Veterans. A veteran seeking a commission through Air Force ROTC may have part or all of the freshman and sophomore program waived. Allowances are paid in addition to G.I. Bill benefits.

Program Requirements

Four-Year Program

The more popular and preferred program is the traditional Four-Year Program. Interested freshmen register for aerospace studies in the fall semester, enrolling in aerospace studies courses in the same manner as other college courses. There is *no military obligation* for the first two years of Air Force ROTC unless on an Air Force ROTC scholarship. During this time students learn more about the Air Force and the historical development of air power. After completing the first two years, known as the General Military Course (GMC), students may *compete* for entry into the last two years, the Professional Officer Course (POC). If accepted, students will attend a four-week summer field training encampment between their sophomore and junior years before entering the POC. Cadets in the POC study leadership, management, and national defense policy while receiving a nontaxable subsistence allowance for juniors and seniors each month.

Three-Year Program

Students entering the program as sophomores can "dual enroll" in both the Aeros 100 and 200 academics simultaneously. If accepted, students will attend a four-week field training the next summer.

Qualifications

1. Be a United States citizen.
2. Be a full-time student.
3. Be eighteen years of age, or seventeen years of age with parent's or legal guardian's consent.
4. Be physically qualified.
5. Be of good moral character.
6. Be in good academic standing.
7. Be interviewed and selected by a board of Air Force officers.
8. Complete all commissioning requirements as follows:
    1. Pilot or navigator candidate: Complete before age twenty-nine so as to enter undergraduate pilot/navigator training before age thirty.
    2. Scholarship recipient: Complete before age thirty-one in eligible year of commissioning.
    3. Nonscholarship recipient: Complete before age thirty-five.
    4. Successfully pass the Air Force Officer Qualifying Test.

Required Courses

1. General Military Courses: complete the following:
    - Aeros 100, 101, 110, 111, 200, 201, 210, 211.
2. Professional Officer Courses: complete the following:
    - Aeros 300, 301, 310, 311, 400R, 401R, 410, 411.

Programs

- American Studies (BA)
- Western American Studies (Minor)

Subject Areas

- AM ST

Admission to Program

The American Studies degree program is open enrollment.

The Discipline

The American Studies major examines the sweep of American experience, society, culture, and civilization from a variety of viewpoints—literature, history, gender, humanities, regions, politics, ethnic groups, geography, art, economics, religion, and folklore—based in core courses designed to examine the American experience from a variety of standpoints. Majors are encouraged to develop particular skills in writing; literary criticism; historical research; and social, political, and economic analysis. The program provides not only rich interdisciplinary experience but also exposure to a variety of excellent scholars and teachers.

Career Opportunities

On graduation, American Studies students are usually qualified to enter graduate and professional schools (for law, MBA, MPA, PhD), government or community service, or advanced graduate studies in the liberal arts, including American studies, American civilization, American culture, American history, and American literature.

REL A

Message from the Chair

As an integral part of Brigham Young University and Religious Education, the Department of Ancient Scripture exists to "assist individuals in their quest for perfection and eternal life" by teaching the restored gospel of Jesus Christ. In this context we seek to help students reach the aims of a BYU education through providing instruction and experiences that are spiritually strengthening, intellectually enlarging, character building, and leading to a commitment of lifelong learning and service. The central means utilized by the faculty and staff of the department to help students obtain these goals is teaching and research concerning the doctrines, covenants, ordinances and history found in the scriptures of The Church of Jesus Christ of Latter-day Saints.

In addition to assisting students to increase their "faith in God and in the restored gospel," those who successfully complete Ancient Scripture courses will have been instructed concerning the "*reason* for the hope" (JST 1 Peter 3:15, italics added) that is within them, thus emphasizing the importance of "learning, even by study and also by faith" (D&C 88:118).

Programs

- Anthropology (Minor)
- Anthropology: Archaeology (BA)
- Anthropology: Sociocultural (BA)
- Anthropology (Sociocultrl Double Major) (BA)

Subject Areas

- ANTHR

Admission to Degree Program

All undergraduate degree programs in the Department of Anthropology are open enrollment.

The Discipline

Anthropology's central aims are to describe, interpret, and make meaningful human behavior in sociocultural systems. Anthropology also seeks to explain the similarities and differences in human behavior patterns among all peoples and cultures, both in the present and the past. Social and cultural anthropology study human society in the present, using participant-observation, interviewing, and other techniques to understand the full round of life in a single culture, a subculture, or a multicultural system. Archaeology provides methods for learning about the world's peoples who are no longer living; thus it is an important part of the anthropological family of special skills and interests. Museum Studies integrates the above skills with the management, curation, research, and display of museum quality ethnographic and archaeological collections in professional museum settings.

Career Opportunities

Distinctive contributions are made by both anthropology and archaeology majors, and therefore jobs are available wherever social and cultural differences or social system complexities exist. International development, social services, businesses, schools, development projects, medicine, and law all offer significant careers. Recent concern with environmental protection has opened up others. University teaching and research positions are limited in growth, but highly qualified students can find positions after obtaining the PhD.

For archaeology majors, both legal and societal interest in understanding and preserving the past have resulted in increased job opportunities in state and national agencies required to observe recent preservation laws and in private corporations serving this end. Archaeologists working in international regions are not only employable in scholastic venues of teaching and research, but also international heritage site development.

For those students interested in combining Museum Studies courses with anthropology, employment opportunities exist in many collections-related venues including museums, libraries, and research institutes that rely on maintaining large collections of specimens for scholarly use.

Graduate Programs and Degrees

MA in Anthropology with an emphasis in Archaeology

A Museum Practices Certificate is available in conjunction with acceptance in the MA in Archaeology or a related MA program on campus.

For more information, see the Graduate Studies website.

General Information

1. Each student wishing to major in anthropology should arrange through the college advisement center to counsel with an advisor and prepare a proposed sequence of study. Following this, the student should meet with the assigned faculty advisor for final approval of the program.
2. Undergraduate students are allowed some, but not excessive, specialization.
3. All degrees are in the field of anthropology.

Special Opportunities for Field Study

The department offers a number of unique curriculum and field study opportunities. Selected courses are regularly counted toward BYU's major. Consult with the department chair or your faculty advisor about equivalencies.

Archaeology students complete their requirement in the field school typically held in conjunction with an ongoing, local (Utah) research project and occasionally in more exotic settings (Jordan).

Sociocultural faculty rotate leading ethnographic field schools abroad in India, Latin America, Africa, and Southeast Asia.

Programs

- Art (BA)
- Art (BFA)
- Art (Minor)
- Art Education (Minor)
- Art Education K-12 (BA)

Subject Areas

- ARTED
- ART

Admission to Degree Program

Admission to the Department of Art is obtained by department application after completion of the prerequisite core and a portfolio review. For further details, please refer to visualarts.byu.edu. Students will have two opportunities to apply to their program of choice—one in March and one in November. Please see General Information below for more details, or contact the college advisement center (1-801-422-3777).

The Discipline

The Department of Art serves three main purposes: (1) to prepare competent professionals in various fields of art; (2) to prepare art educators for teaching art at the elementary and secondary levels; and (3) to generally develop individuals' aesthetic sense by helping them experience art.

Career Opportunities

The art education degree certifies the student as an art specialist in public or private institutions, grades K–12. Other opportunities for the certified art specialist are in foreign school systems, recreation programs, art museum education programs, and galleries. Students qualify for positions in artist-in-the-schools programs and arts councils and as art consultants/coordinators. The degree also provides a foundation for graduate study leading to advanced degrees.

Studio art majors are prepared to compete as freelance, self-employed artists, working through galleries, exhibitions, and museums to promote and sell their work. The MFA degree also prepares artists to teach on a college or a university level. Other career opportunities include printmaking, illustration, production crafts, teaching, gallery and museum work, computer art applications, and other related careers.

Graduate Programs and Degrees

MA in Art Education
MFA in Studio Art

For more information, see the Graduate Studies website.

General Information

Prerequisite Core

All prospective 2D studio, 3D studio, and art education students must complete the freshman core program before applying to the Department of Art. The freshman core will consist of the following open-enrollment courses: ART 114, 115, 133, 226.

Talent Awards

All students, pre-majors and accepted majors may apply for talent awards by completing the application found online at http://visualarts.byu.edu/. The deadline for talent award applications is February 1st of every year.

Application Procedures for Freshmen

High school students expecting to be admitted to BYU in Fall semester may apply for the talent award and can be accepted only once a year (February 1st). If accepted to the Art program through the talent award, the student will be expected to enroll in the core that first Fall semester and complete the pre-requisite classes.

Sophomore-Through-Senior BFA Degree Program Enrollment

Permission to enroll for sophomore-through-senior-level BFA degree program courses is granted to students upon satisfactory development of skills and creative abilities demonstrated in a portfolio of drawings and designs completed during the preceding year. Faculty from each major will assess portfolios of work submitted by students wishing to advance in their respective fields of study.

Students invited to continue are permitted to enroll in specified courses at the next academic level.

Transfer Students

Transfer students in art disciplines must meet with the appropriate area coordinator. Transfer students are required to participate in a portfolio review; the deadline is March 15 for Fall semester, Spring term and Summer term, and November 15 for Winter semester. Contact the area coordinator.

Note: Students not accepted into BFA degree programs may elect to remain in the bachelor of arts program in studio art. Students may apply to the BFA program no more than twice.

Degree Program Coordinators/Advisors

Coordinators are appointed to counsel students in each of the three majors. Coordinators will advise students about program objectives, course content and sequence, career goals, and other matters pertaining to their major field of study.

Department Probationary Status

Students can be placed on probationary status for the following:

1. Inadequate academic performance.
2. Unprofessional attitude and lack of commitment.
3. BYU Honor Code violations.

Licensure Option

The BA and BFA are professional degrees. This non-degree licensure option is available to the BA and BFA Art majors.

Please review the art education major requirements or contact the college advisement center.
Note: This is not a second major.

Admission to Degree Program

All degree programs in the Department of Asian and Near Eastern Languages are open enrollment. Some special limitations apply for teaching minors.

The Discipline

The many countries of Asia and the Near East are among the oldest civilizations in the world. The study of the languages and cultures of these nations gives students access to some of the richest and most varied traditions of thought, belief, and behavior to be found. A large percentage of the vast, essentially non-Christian segment of the world's population resides in these two zones: Asia—with its diverse heritage of belief in Hinduism, Buddhism, Taoism, Confucianism, and other systems of thought—continues to retain its "exotic" image for most Westerners, even though many nations in the region are at the forefront of contemporary politics and economics. The Near East, birthplace of Christianity, Judaism, and Islam, remains a little-understood, often stereotyped area of considerable economic, strategic, and religious importance today.

The languages of these regions are themselves generally difficult, with complex writing systems that require diligent study. But exposure to these languages and the cultures they express will enable students to look at the world from new perspectives and deepen their understanding of peoples whose history and practices are widely divergent from their own.

Courses in the department equip students with verbal and written facility in the languages of their chosen area, whereas linguistics courses offer an understanding of how the languages are structured and acquired. A study of the literature reveals old and sophisticated traditions no less important than that of English or any other major language.

Majors are available in Chinese, Japanese, and Korean, and a second major in Arabic. Students can obtain a minor in Arabic, Biblical Hebrew, and Modern Hebrew. Each discipline is briefly described below.

Arabic (second major program)

Arabic study at BYU stresses facility in speaking a colloquial dialect and fluency in reading the press. The program is designed to supplement the Middle East Studies/Arabic major which prepares students for government-, agency-, and NGO-related work. The second major program, which is conceived as a supplement to the Middle East Studies/Arabic major, aims to push students' reading and speaking ability in the direction of the superior level.

Chinese

The study of Chinese accesses the literature, thought, culture, and society of the world's largest population with the longest cultural continuum; moreover, since the civilizations of Japan, Korea, and Vietnam are founded on traditional Chinese Confucianism, a major in Chinese opens up much of the wider world of modern Asia. You will communicate in spoken and written Mandarin, gain skills in analyzing and appreciating both traditional and modern literature, acquire effective research strategies, and learn to write clearly and persuasively. All the personal enrichment and interpersonal understanding that results from a liberal arts education in the humanities is offered through the study of Chinese.

Hebrew

The BYU Hebrew program offers courses and minor degrees in both Biblical Hebrew and Modern Hebrew. Biblical Hebrew students develop appreciation for the Hebrew Bible and competence to read prose and poetry. The program is designed to provide students with habits of study so that they may enjoy a life-long exploration of the Hebrew Bible. Students of Modern Hebrew gain access to the spoken language of the State of Israel and, through it, to Jews throughout the world. The Modern Hebrew program emphasizes the ability to speak and understand Modern Hebrew, to analyze Israeli literature and media, and to appreciate the cultural dynamics of the language.

Japanese

The study of Japanese at the university level will provide students an opportunity to develop high level communication skills to acquire a greater understanding of Japan and its people. Additionally, students will be introduced to the rich cultural heritage of Japan in literature, thought, painting, music, and the other arts. The study of Japanese language and literature will introduce students to many of the major aspects of that heritage, while providing the kind of training in language and cultural skills that will prepare students to undertake careers in a wide variety of fields.

Korean

Korean is a difficult language, and at BYU we emphasize reading and writing the language as well as speaking and listening. Basic course work emphasizes linguistic skill and the language’s literary value and tradition.

Career Opportunities

Students who major or minor in the languages and cultures of Asia and the Near East will find that, as will any other humanities-centered course of study, they have been well provided with tools to communicate both in the target language and in English and have broadened and deepened their knowledge of the region of their choice. Career options are many and varied for such students, but those who do not plan to continue on in the academic study of the language are strongly urged to consider a second major or a strong minor in a practical field that can be combined with their language skills. In today's competitive world, language ability alone no longer provides the advantage it once offered on the job market. Students are urged to consult the College of Humanities Advisement Center, Career Placement Services, and their academic advisors for the best ways to make use of their language as they begin to seek employment.

Arabic

Graduates of our program find jobs in government agencies (the State Department, intelligence, the military), NGOs, and in international business. Many students use their Middle East

Studies/Arabic major, or Arabic minor, as preparation for applying to MBA programs, law school, and medical or dental school.

Chinese

Chinese majors have all of the advantages of the liberal arts graduate (who claims effective communication and interpersonal skills) with the added edge of knowing the language and culture behind a leading world economy. Therefore, graduates enter the work force in a wide variety of occupations, such as journalism, insurance, business, travel, investment, and government service. They not only are marketable as trained linguists, translators, and cultural advisors, but are vigorously recruited as personnel managers and business representatives by companies with overseas interests. Graduates are also highly competitive in applying to professional schools for medicine, dentistry, law, and business.

Hebrew

Many students who minor in Biblical Hebrew major in Ancient Near Eastern Studies; some students continue on to earn Masters and Ph.D degrees. Eventually they are prepared to enter the academic field in a university setting, in seminary and institute programs of the Church Educational System, as independent researchers, or in related fields. Students who minor in Modern Hebrew will find the degree to be an asset if seeking jobs in government agencies (intelligence, State Department, military), international business, or the academic field.

Japanese

In recent years, graduates from the Japanese major at BYU have gone on to law, engineering, computer, or MBA programs, while others have continued on to medical school. A few have pursued graduate work in a variety of academic fields at some of the most prestigious universities in the country. Others have gone directly to work in government service, in the military, and in American or Japanese business firms where their language ability and cultural background are in high demand. Some also pursue careers in translation or language teaching.

Korean

Most of the jobs available for students with a Korean major are in government (NSA, CIA, FBI, etc.), but Korean majors also have all the advantages of a liberal arts degree. Many of our graduates go on to professional schools, law, business, or medicine. Korean is an excellent complement, either as a major or minor, to studies in prelaw, political science, accounting, English, international relations, and many other majors available on campus. Korean is an important language in the world of diplomacy and defense, as well as the world of international business. (Korea is the eighth largest trading partner of the U.S.) Our graduates have been hired by the U.S. government and by U.S., international, and Korean businesses. They work in technical areas as well, involving everything from computers to broadcasting to medicine.

General Information

The Department of Asian and Near Eastern Languages strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing

information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Language Credit by Examination

Credit by examination is available for many lower-division courses of the above-listed languages. Enrollment in an advanced class is prerequisite to taking the examination.

The following languages are not taught on a regular basis but may be offered if sufficient demand exists. Credit by examination is available for some of the Near Eastern languages listed below.

- Akkadian
- Aramaic
- Egyptian
- Persian (Farsi)
- Syriac
- Turkish
- Ugaritic

Language Certificate Program

The Language Certificate Program is available in Arabic, Chinese, Japanese, and Korean for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

Graduate Programs and Degrees

MA in Second Language Teaching (Arabic, Chinese, Japanese, or Korean)

Asian Studies Program

IAS Asian Studies Program

Department Information

273 HRCB
801-422-3548
http://kennedy.byu.edu/european-studies/

Advisement Center

Programs

- Asian Studies (Minor)
- Asian Studies: China Studies (BA)
- Asian Studies: Japan Studies (BA)
- Asian Studies: Korea Studies (BA)

Subject Areas

- ASIAN

The Discipline

The Asian Studies major is an interdisciplinary program designed to prepare students for careers and advanced study in the specialized field of Asia not provided by a major in one department. In the program, students acquire working competence in Chinese, Japanese, Korean, or another approved Asian language; a broad knowledge of Asian civilization; and a specialized knowledge in a more narrowly defined emphasis: China Studies, Japan Studies, or Korea Studies. Minors are offered in a China track, Japan track, Korea track, or Pan Asia track.

Career Opportunities

The Asian Studies major is useful to those contemplating careers in academic areas, private industry, or government service. A strong background in Asian Studies will prepare students for advanced training in business, law, and international affairs.

Bachelor of General Studies

Bachelor of General Studies Program (BGS)

Department Information

315 HCEB
801-422-4351
http://bgs.byu.edu

Advisement Center

Programs

- General Studies: American Studies (BGS)
- General Studies: English (BGS)
- General Studies: Family Life (BGS)
- General Studies: History (BGS)
- General Studies: Management (BGS)
- General Studies: Psychology (BGS)

Brigham Young University's Bachelor of General Studies (BGS) Program offers former BYU students who are no longer able to attend BYU and have been away from the university for some time an opportunity to complete their bachelor's degree from home. Applicants must have already completed 30 credit hours (exam credit excluded) at the BYU campus in Provo as an admitted day student and must abide by the Church Educational System Honor Code and receive an annual ecclesiastical endorsement. This program is not available to current BYU students.

Admission to Degree Program

Applicants complete the admission procedure through the Bachelor of General Studies Office and pay a fee of $35. The BGS program is open to former students who meet all of the following criteria:

- Have completed a minimum of 30 semester hours of BYU on-campus credit in Provo as an admitted day student (exam credit excluded).
- Have not completed any courses as a BYU day continuing student in the last two years or have already completed a minimum of 90 BYU credits (exam credits excluded).
- Have never completed a bachelor's or higher degree.
- Are in good standing (academic, financial, etc.) at all universities attended.
- Have a 2.0 or higher BYU and cumulative GPA. (If any academic disciplinary action—warning, probation, suspension or dismissal—has been taken against you, contact the BGS Office

before proceeding with the application process.)
- Will abide by the Church Educational System Honor Code and receive an annual ecclesiastical endorsement.
- Have been approved by the BGS admissions committee.
- Have successfully completed the StDev 100 course (1-credit-hour Independent Study course taken **after provisional acceptance into program)**.

The Discipline

The bachelor of general studies degree is designed to help former BYU students utilize their previously earned credit as much as possible. The BGS uses the same BYU curriculum offered on campus and requires the same general education, religious education, and campus residency as on-campus degrees. Up to 90 of the required 120 credit hours may be earned through Independent Study. The major is general studies, with an emphasis in one of six areas of study. The emphasis adds a measure of specialization and can be completed in one of the following areas: American studies, English, family life, history, management, or psychology. The History emphasis offers both History and Family History tracks.

Students may earn only one emphasis and do not have the option of creating custom-made areas of study. However, within the number of general electives available, students can utilize credit previously earned in a former major or choose to take courses in a particular concentration.

The BGS is a fully accredited bachelor's degree from Brigham Young University. Students pursue this program for a variety of reasons. Some desire a sense of accomplishment—to complete a degree they began years ago. Others are looking for career advancement or to eventually pursue a postgraduate degree.

- Biological Science Education (BS)
- Biology (BS)
- Conservation Biology (BS)

Subject Areas

- BIO

Admission to Degree Program

All degrees within this department are open enrollment programs.

The Discipline

Programs in the Department of Biology focus on training students in the organismal and broader perspectives of the biological sciences. Fields include systematics of taxonomic groups, ecology, and evolution, which often rely on the application of molecular biology and genetics.

Career Opportunities

Biology entails rigorous, broad training and synthetic reasoning, which prepare students for careers in a wide variety of professional fields ranging from technical work in research laboratories to field

technicians for environmental research companies or government agencies. Majors may develop their interest in such diverse areas as environmental biology, evolutionary biology, aquatic biology, molecular biology, plant biology, or taxonomy. Students satisfy the requirements for graduate studies in the biological sciences or professional schools.

The bioinformatics major is for students with interests in both the computer and the biological sciences. The degree merges these interests in the areas of bioinformatics and computational biology, giving students the skills for graduate or professional (medical, dental, law) schools or immediate employment opportunities after completing the undergraduate program, especially with biotechnology companies.

The biological science education program provides a solid foundation in courses that meet the National Science Teachers Association certification requirements for secondary education biology teaching. The program also prepares students for continuing their education in graduate school.

Preveterinary medicine students interested in veterinary medicine are encouraged to incorporate required preveterinarycurriculum into an academic program of their choosing. See the description of the biology major for additional information.

Graduate Programs and Degrees

This department offers MS and PhD degrees.

For more information, see the Graduate Studies website.

BYU Conference Center

BYU Conference Center

Department Information

2255 CONF
801-422-7700

http://conferencecenter.ce.byu.edu/

Advisement Center

The BYU Conference Center is located east of the Marriott Center and adjacent to the Harman Continuing Education Building. The primary host facility for conference guests on campus, it is especially equipped to provide a favorable learning environment for guests participating in conferences, workshops, training seminars, and other educational programs. University units may sponsor or cosponsor conference center events. When certain qualifications are met, off-campus professional, government, corporate, civic, religious, family, or community organizations may also schedule events. The center is not available to promote a product or service or for other entrepreneurial efforts.

Those interested in scheduling the center are invited to contact the BYU Conference Center.

BYU Salt Lake Center

BYU Salt Lake Center

Department Information

345 West North Temple Street,
3 Triad Center, Suite 300,
Salt Lake City, UT 84180-1203
801-933-9400

http://slc.byu.edu

Advisement Center

The BYU Salt Lake Center, a department within the Division of Continuing Education, extends the Provo campus into the Salt Lake Valley and surrounding areas in offering 150 undergraduate university courses each semester. Most courses are conveniently held during the afternoon and evening hours to accommodate the schedules of 1,200 full- and part-time students who attend each semester. Students register for BYU Salt Lake Center classes using the university's online registration system.

Students not admitted to Brigham Young University are welcome to take classes at the BYU Salt Lake Center if they have earned a high school diploma (or passed the GED), are willing to abide by the Church Educational System Honor Code and the BYU Dress and Grooming Standards, receive an ecclesiastical endorsement, and are cleared for enrollment at the center.

Students formally admitted to BYU's Bachelor of General Studies (BGS) program may complete university core (religion and general education) and required emphasis courses at the Salt Lake Center without further clearance. For admission and program details see the Bachelor of General Studies section in this catalog.

The EMPA (Executive Master of Public Administration), and EMBA (Executive Master of Business Administration) programs are also offered at the center, enabling students to pursue graduate degrees by continuing to work during the day. For admission and program details see the Graduate Catalog.

Class schedules for each semester or term are listed in the BYU class schedule, at http://slc.byu.edu, and in the university's online registration system.

Programs

Chemical Engineering (BS)

Subject Areas

CH EN

The Discipline

Chemical engineering is the application of chemistry, biology, physics, mathematics, computer skills, and economics to designing, developing, and implementing chemical processes that convert raw materials into more useful, valuable products. Engineering skills are required for design, testing, scale-up, operation, control, and optimization. Applications range in size from the molecular level to large chemical production facilities with objectives ranging from economic performance to protection of the environment and the safety of workers and consumers. Chemical engineers are engaged in developing and producing a diverse range of products from raw materials to commodity and specialty chemicals. These products include high-performance materials needed for aerospace, automotive, biomedical, electronic, environmental, and military applications. Chemical engineers work in a variety of industries, including chemical manufacturing, energy, biotechnology, electronics, food, clothing, paper, health care, and business services.

Educational Objectives

The Chemical Engineering Department's educational objectives apply to graduates in the years following their graduation. These graduates will:

1. Remain committed to and exhibit lives of faith in Jesus Christ and service to family and community (including church).
2. Exemplify a dedication to life-long learning beyond their degree, including staying abreast and informed of contemporary and global issues, to develop professionally and grow intellectually.
3. Be effective and innovative in developing and implementing solutions to open-ended

problems (technical and/or non-technical), and thereby contribute to the improvement of society. In doing this, graduates will draw on the foundation of a broad university education and of excellent preparation in mathematics, science, and engineering.

4. Exemplify sound ethics, be professionally responsible, interact effectively with others, appreciate their contributions, and contribute to their growth and development.

These objectives will be achieved through the development of the following attributes in students graduating from the program:

1. A knowledge of the requirements of the chemical engineering major, familiarity with professional opportunities, and a knowledge of contemporary issues.
2. An ability to apply knowledge of fundamental principles of mathematics and science.
3. An ability to apply knowledge of chemical engineering fundamentals.
4. Practical experience with chemical process equipment, chemical handling, chemical analysis, and process instrumentation, including the ability to design and conduct experiments, as well as to analyze and interpret data.
5. An ability to use modern engineering tools necessary for engineering practice.
6. An ability to define and solve engineering problems, including the utilization of creative and innovative skills.
7. An understanding of the impact of engineering solutions in a global, economic, environmental, and societal context./li>
8. An ability to communicate ideas effectively in both oral and written form.
9. An ability to work effectively with others from diverse backgrounds to accomplish common goals.
10. An ability to apply chemical engineering fundamentals to design process units and systems of process units including multiple operations, within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
11. An appreciation for and a commitment to ethical, professional, and personal responsibilities.
12. An appreciation for and a commitment to the continuing pursuit of excellence and the full realization of human potential in self and others.

Career Opportunities

The combination of knowledge about process engineering, math, and chemistry obtained in the chemical engineering curriculum is a versatile preparation that opens a wide variety of opportunities to graduates. This versatility is one reason why chemical engineers have traditionally been among the highest paid professionals in the engineering and science disciplines.

Chemical engineers make a significant difference in the quality of life. Some develop clean, new energy sources to power society. Some develop and produce fertilizers and other agricultural chemicals to feed mankind. Virtually all pharmaceuticals are produced by chemical engineers to enhance the life of millions. Others study and produce biomedical devices and artificial organs. Still others are involved in development and production of new materials for use in new high-tech products.

Chemical engineers produce chemicals ranging in use from cleaning products to medicines and from man-made fibers for clothing and textiles to plastics for construction and consumer goods. Another large employer of chemical engineers is the semiconductor industry. In work that involves significant knowledge of chemistry and related processes, chemical engineers assist in the design and manufacture of semiconductor chips and circuit boards. The petroleum industry also employs

chemical engineers, requiring their expertise for the discovery, production, and refining of petrochemicals, including fuels, chemicals, and oils.

Many chemical engineers are employed in environmentally related positions, working on ways to improve air and water quality, to reduce acid rain and smog, and to recycle and reduce waste. Additionally, chemical engineers are employed by universities as teachers and researchers and by government agencies to provide answers for energy, environmental, and defense concerns. Chemical engineers also train to work in the medical, business, and legal professions.

Though chemical engineering career opportunities are diverse, job functions can be categorized more easily. Chemical engineers are usually involved in research, design, development, production, technical sales, or management.

In research, they develop new ideas, new products, and new ways to produce existing products more economically and with less environmental impact.

In design, they create the processes that convert raw materials into finished products with emphasis on efficiency, safety, consumer needs, and environmental protection.

The development engineer improves existing processes and technology to better meet changing needs.

Production engineering involves supervision, quality control, and testing of production processes and operations.

Management and technical sales involve decision making with regard to consumer needs and technical capabilities.

Chemical engineers are creative problem solvers. Their careers are rewarding not only from an intellectual and financial view, but also from a personal perspective. Affecting the lives of millions, their solutions provide a better lifestyle for mankind.

Graduate Programs and Degrees

MS in Chemical Engineering
PhD in Chemical Engineering

For more information, see the Graduate Studies website.

General Information

The Chemical Engineering Department offers a professional program leading to the bachelor of science degree.

Any student who is admitted to the university may choose this program as a possible major. All students are urged to declare their intention to major in the department upon first entry to the university or as soon thereafter as possible by contacting the college advisement center (242 CB). The Chemical Engineering Department requires the student to meet with their department advisor upon completion of Ch En 273 and Math 302 or equivalent.

Transfer Students. Provisions have been made so that a qualified student transferring from a junior college or from another university, college, or department, who has completed the equivalent of the first two years of the academic program, can complete the BS degree requirements in

another two years. Contact the department at the earliest date possible so that any variations can be accommodated with minimum loss of time.

Integrated Master's Program. At the end of the sophomore year or during the junior year, qualified students desiring a master's degree in chemical engineering may elect to enter the integrated master's program. The purpose of this program is to afford greater flexibility in scheduling course work than is normally available through the traditional BS degree followed by MS degree program. In this program students may work toward both the bachelor's and master's degrees simultaneously, either receiving the BS degree before or at the same time as the MS degree. At the end of the sophomore year students must have a cumulative GPA of 3.5 or more. All credit to be counted toward the master's degree must carry a cumulative GPA of 3.0 or better.

Before completing the final 30 hours of undergraduate course work, students should submit a formal application for admission to the Office of Graduate Studies. Additional details may be obtained from the college advisement center.

Professional Registration. The Chemical Engineering Department encourages graduates to become registered professional engineers. General qualifications for becoming registered are explained in the Ira A. Fulton College of Engineering and Technology section of this catalog. Some states require this status for consulting and practice in the private sector. Successful completion of the basic chemical engineering program outline prepares graduates to pass the Fundamentals of Engineering (FE) examination. Students who wish to become registered as professional engineers are also advised to talk to their advisor about developing their own professional engineering option, which may include additional FE preparation courses.

Professional Program Admission Policy. Admission to the professional program is available to all students in good academic standing with the university who have (a) passed the prerequisite courses for the first-semester professional courses, namely Ch En 273 and Math 302, and (b) submitted to the department an Application for the Chemical Engineering Professional Program.

The Application for the Chemical Engineering Professional Program requires the student to meet with their department advisor for direction and counseling with regard to performance in the preprofessional program courses and successful completion of the professional program.

Academic Standards and Continuance Policy. The student's academic standing with the university must be "Good" or "Previous" to enroll in professional program courses. Anyone who accumulates chemical engineering grades below C– in excess of 6 hours may not take further chemical engineering courses until he or she has reduced the unacceptable credits to 6 hours or less. A student may not graduate with more than 3 hours below C– in chemical engineering courses and courses used to fulfill the technical electives requirement. Since all grades earned for a course (original and any retakes) are retained in university records and GPA calculations, this policy applies to the most recent grades for retaken courses.

Subject Areas

- CHEM

Admission to Degree Program

All degree programs in the Department of Chemistry and Biochemistry are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Chemists and biochemists study the fundamental processes that govern the natural world, including atomic structure and how atoms interact to form molecules and materials. They study the mechanisms of chemical processes, including those that underpin living systems such as the transfer of information from DNA to RNA to proteins. They work to develop simplifying models (theories) that permit the correlation and explanation of observations about the behavior of

matter. Chemical principles are fundamental to the understanding of subjects ranging from the molecular biology of life to the structure of rocks and minerals. Chemistry and biochemistry provide an essential foundation for the medical sciences, engineering (especially chemical engineering), electronics, energy, environmental sciences, materials science, pharmacy, and virtually all manufacturing processes.

Chemistry and biochemistry are active branches of science that are vital to human existence. Inasmuch as the field embraces all aspects of the material world, it is subdivided into five areas of interest. Examples of these diverse areas include the regulation of protein synthesis, cellular signal transduction at the molecular level and proteometrics (biochemistry), design and synthesis of medicinal compounds (organic chemistry), design and synthesis of new molecular structures and materials (inorganic chemistry), spectroscopic study of energy transfer and molecular structures (physical chemistry), and analysis of medicinal compounds, biological materials, and contaminants or trace elements found in the environment (analytical chemistry).

Chemistry and biochemistry involve far more than test tubes and beakers. They include sophisticated methodologies such as recombinant DNA technology, working with a variety of instruments such as mass spectrometers, calorimeters, chromatographs, ultracentrifuges, lasers, X-ray diffractometers, electron microscopes and nuclear magnetic resonance spectrometers, all of which are used by undergraduate chemistry and biochemistry students at BYU. Computers also play an important role in these disciplines, with applications varying from simulation of molecules and the collection and analysis of data.

Career Opportunities

Graduates in chemistry and biochemistry obtain positions in virtually every industry, and those who have imagination and intellectual curiosity are in particular demand. The disciplines also provide an excellent preprofessional course of study for those interested in medicine, dentistry, law, and business. The chemistry and biochemistry curricula are both rigorous and intellectually rewarding.

Graduate Programs and Degrees

MS in Chemistry
MS in Biochemistry
PhD in Chemistry
PhD in Biochemistry

For more information, see the Graduate Studies website.

General Information

Required High School Preparation

1. It is recommended that a student complete the following courses in high school:
    - 3 units of English.
    - 2 units of physical science, chemistry, and physics.
    - 4 units of mathematics, consisting of 2.5 units of algebra, 1 unit of geometry, and 0.5 unit of trigonometry. This should qualify students to begin college mathematics with

Math 112, analytic geometry and calculus.

Because mathematics provides the foundation for all work in the physical and mathematical sciences, particular attention should be paid to high school preparation in this subject.

To decide which mathematics course should be taken first, contact the Mathematics Department, 292 TMCB, and request a mathematics placement test.

2. All students, especially freshmen and those transferring, should contact the department between March and August each year for advisement about efficient course scheduling and opportunities for student employment.

Scholarships

Kenneth W. Brighton, H. Tracy Hall, Ida Tanner Hamblin, Boyd A. Waite and other scholarships are available to qualified chemistry majors at the sophomore level and above.

REL C

Message from the Chair

As an integral part of Brigham Young University, the Department of Church History and Doctrine seeks to assist individuals in their quest for both intellectual and spiritual growth. We endeavor to foster lifelong attitudes of character improvement and service to church and community. We focus our efforts in two general areas. First, we seek to teach with verve and spirit, and thereby assist students in learning and internalizing important historical and doctrinal truths of the restored gospel. Second, we desire to become skilled researchers and writers, to publish materials which help others understand our history, our faith, and our people.

Programs

Civil Engineering (BS)

Subject Areas

CE EN

Admission to Degree Program

The degree program in the Department of Civil and Environmental Engineering is open enrollment.

The Discipline

The BYU Department of Civil and Environmental Engineering prepares students for professional involvement in structural, water resources, environmental, geotechnical (soils), and transportation engineering.

Structural engineers analyze and design buildings, bridges, and other structures. The engineer applies principles of physics, mathematics, and engineering to develop efficient yet safe designs. Sophisticated computer models are used in these analyses. Materials used by structural engineers include steel, aluminum, concrete, masonry, wood, and composites.

Water resource and environmental engineers design pipeline systems, water treatment plants, dams, flood control structures, waste disposal sites, and environmental restoration projects. Computer modeling and analyses are used in design and to forecast storm runoff, flooding, and movement of contaminants in surface and subsurface waters. Environmental engineers evaluate and reduce pollutants from natural, human, agricultural, and industrial sources to preserve the beauty and quality of air, land, and water.

Geotechnical engineers design structures composed of or located within earth materials, including foundations for buildings and bridges, retaining walls, earth dams, highway embankments, tunnels, and liners for landfills. Field and laboratory tests on soil and rock, along with empirical and computer

models, are used to assure safety and economy in design.

Traffic and transportation engineers apply scientific principles to the planning, design, construction, operation, and management of transportation systems, including highways, airports, and mass transit facilities. Transportation engineers are responsible for the safe, rapid, comfortable, convenient, economical, and environmentally compatible movement of people and goods. Computer models and simulations are frequently used by traffic engineers for geometric design and for planning, operating, and managing transportation networks, including intermodal systems.

Department Mission Statement

The mission of the Department of Civil and Environmental Engineering is to produce graduates who possess technical competence in their chosen specialty area of civil engineering, integrity, and a commitment to the principles of the gospel of Jesus Christ, that will prepare them to serve and contribute as innovators, professional engineers, and leaders in the global community.

Program Educational Objectives

The undergraduate program in civil engineering has the following educational objectives:

1. Develop innovative engineers who competently apply recognized technical methods to meet human needs for water, shelter, and transportation.
2. Develop leaders with global awareness who hold paramount the safety, health, and welfare of the public while sustaining and protecting the environment.
3. Develop citizens with moral character and commitment to the gospel of Jesus Christ who provide life-long service to the public, church, and professional community.

Expected Learning Outcomes

These objectives are intended to develop the following outcomes in students graduating from the civil engineering program:

1. An ability to apply knowledge of mathematics through differential equations, calculus-based physics, chemistry, and geology.
2. An ability to design and conduct civil engineering experiments, as well as to analyze and interpret the data.
3. An ability to design a system, component, or process in more than one civil engineering context to meet desired needs within realistic constraints.
4. An ability to lead and function on multidisciplinary teams.
5. An ability to identify, formulate, and solve engineering problems.
6. An understanding of professional and ethical responsibility, and their relationship with faith.
7. An ability to communicate effectively.
8. The broad education necessary to understand sustainability—the impact of engineering solutions in a societal, environmental, and economic context.
9. A recognition of the need for, and an ability to engage in life-long learning, professional

licensure, and service.

10. A knowledge of contemporary issues including globalization.
11. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.
12. An ability to explain basic concepts in management, business, and public policy.
13. An ability to apply knowledge of geotechnical engineering.
14. An ability to apply knowledge of structural engineering.
15. An ability to apply knowledge of transportation engineering.
16. An ability to apply knowledge of water resources engineering.

Career Opportunities

Civil engineers are employed in industry, private consulting, and government. Industries employing many civil and environmental engineers include construction, transportation, aerospace, petroleum, and mining. Many civil engineers enter private consulting practices, and many eventually establish their own firms. The yellow-page directories for major cities generally list many civil, structural, environmental, geotechnical, and transportation engineering firms.

Civil engineers are also employed by national, state, and local governments. Most cities and counties have engineering departments staffed largely by civil engineers. Departments of transportation, environmental protection agencies, the Army Corps of Engineers, and the Bureau of Reclamation hire many civil engineers.

Civil engineering may be used as a preprofessional program for careers in architecture, law, and business.

Because civil engineers design structures that affect public health and safety, licensure as a Professional Engineer is required for most positions. A necessary prerequisite for licensure is graduation from an accredited engineering program. The civil engineering program is fully accredited by the Accreditation Board for Engineering and Technology (ABET).

Graduate Programs and Degrees

MS in Civil Engineering
PhD in Civil Engineering

For more information, see the Graduate Studies website.

General Information

Students are strongly encouraged to consult with the department regarding their course scheduling.

Qualified students from junior colleges with adequate preengineering programs can normally complete the BS degree in two additional years. Students who transfer into the department from other universities or from other departments at BYU will be placed in the civil engineering program according to an evaluation of completed work. Prospective transfer students should contact the

department as soon as possible so that any variations can be accommodated with a minimum loss of time.

A maximum of 9 credit hours with D grades are allowed in the Department of Civil and Environmental Engineering classes. Clearance for graduation will be denied until D credits are reduced to 9 hours or less.

Professional Engineer Registration

The Department of Civil and Environmental Engineering encourages graduates to become registered Professional Engineers. General qualifications for becoming registered are explained in the Ira A. Fulton College of Engineering and Technology section of this catalog. This status is vital to engineering practice in the public sector and to much consulting work. The civil engineering program prepares graduates to successfully complete the Fundamentals of Engineering (FE) examination, an important step in becoming registered. Students who wish to strengthen their preparation for the FE exam should select the required engineering courses with this need in mind.

Programs

Communication Disorders (BS)

Subject Areas

COMD

Admission to Degree Program

This is a limited-enrollment program requiring departmental approval for admission. Please see the information below regarding requirements for admission to this major. Additional information is available on the department's website: http://education.byu.edu/comd.

The Discipline

The discipline of communication disorders contains two related fields, speech-language pathology and audiology. The field of speech-language pathology is focused on helping individuals develop their communication abilities or regain lost communication skills through rehabilitation services. The field serves persons with speech and language disorders such as stuttering, articulation problems, aphasia, voice disorders, language delay, and similar communication difficulties. Students develop a knowledge base about speech and language development, the anatomy and physiology of the speech mechanism, the neurology of perception and production of speech and language, the disorders that cause speech and language problems, and the intervention and remediation strategies for treating communication disorders. Professionals often work in public schools, hospitals, private or community clinics, or private practice.

Audiology is a profession that deals with the measurement of hearing and hearing impairment. Audiology includes the study of the nervous system and how we process auditory information, the testing and analysis of disorders of the auditory system, the use of hearing aids, cochlear implants, and other assistive listening devices to enhance hearing capabilities in individuals with hearing loss or other disorders of the auditory system. Professionals typically work with hearing aid manufacturers, in public schools, hospitals, private or community clinics, or in private practice.

Career Opportunities

This is a preprofessional program leading to a graduate degree that is required for entrance into the profession.

Program Acceptance Requirements

Students must be accepted into the Communication Disorders (ComD) major before they may take 300- or 400-level courses in the department. To apply, students must have completed the following three courses:

1. Stat 121
2. PDBio 220
3. ComD 133

Acceptance to the program is based on the grade point average (GPA) from these three courses. The minimum GPA required for admission to the program is determined by number of students admitted to the program (currently 100), and the minimum GPA will thus vary from year to year. Both the number of students admitted and the minimum GPA required for admission are subject to change. GPA data on previous years are available on the department website.

Only one repeat of each course is allowed for purposes of determining acceptance to the major. The application deadlines are January 1, May 1, and September 1. Application forms are available in the Education Student Services Center (350 MCKB), the ComD department office (136 TLRB), or on the department's web site at http://education.byu.edu/comd. These same program acceptance requirements must be followed to declare a minor in ComD.

Graduate Programs and Degrees

Programs

- Communications (Minor)
- Communications: Advertising (BA)
- Communications: News Media (BA)
- Communications: Public Relations (BA)

Subject Areas

- COMMS

The Discipline

The BYU School of Communications prepares students for careers in fields related to mass communication, such as advertising, journalism, and public relations. The school is nationally accredited by the Accrediting Council on Education in Journalism and Mass Communication. Grounded in a strong liberal arts foundation, this program provides a balance between scholarship and professional skills. This goal is accomplished by requiring core courses and electives that enhance critical thinking about the discipline, while providing courses in emphasis areas that afford additional skills for each profession. See emphasis descriptions for additional information about their discipline and career opportunities.

Educational Outcomes

The School of Communications exists to help students become professional and scholarly communicators whose messages contribute to a better society by benefiting the organizations for which they work and the audiences they reach.

1. Students will be able to communicate effectively with their audiences. In particular, students

will be able to:

- Prepare mass communication messages in the appropriate style.
- Apply appropriate technology to the creation and dissemination of messages.
- Plan communication that serves audience needs.
- Use appropriate research methods to answer relevant questions.

2. Students will act professionally in their practice. In particular, students will be able to:
   - Practice communication within legal boundaries.
   - Exhibit standards of professional behavior.
   - Demonstrate sensitivity to the ethical issues of their practice.
   - Be literate in the language of the media industries.
3. Students will be scholars of the mass communication process. In particular, students will be able to:
   - Apply relevant theory to communication practice.
   - Understand the factors that shape(d) their profession.
   - Value freedom of speech in the marketplace of ideas.
   - Think critically about the relationship between mass media and society.
4. Students will be able to apply Gospel-centered values as they contribute to society. In particular, students will be able to:
   - Demonstrate respect for diversity and agency in a global society.
   - Exercise moral reasoning when faced with ethical dilemmas.
   - Show a commitment to making a positive difference within their sphere of influence.
   - Critically evaluate media-related issues in light of the gospel of Jesus Christ.

Admission to Degree Program

The degree programs in the School of Communications have a departmental application process with specific enrollment limitations. Please see the college advisement center for details, telephone 1-801-422-3777, or online at http://comms.byu.edu/.

Graduate Programs and Degrees

MA in Mass Communications

For more information, see the Graduate Studies website.

General Information

Working under faculty direction, students in the department plan advertising and public relations campaigns in the AdLab and Bradley Agency, and produce news reportage for KBYU-TV, the online Universe and the weekly Universe newspaper.

The Department of Communications sponsors the International Media Studies Program, which

seeks to broaden students' awareness of worldwide communications issues and practices. Not only do students have opportunity to study the media systems of other nations through classes and on-site experiences, but media practitioners of other nations are also brought to campus as lecturers and visiting experts.

The department encourages early admission. Students who enroll in Comms 101 and an introductory course and complete the English requirement can apply to the major as early as the second semester of their freshman year.

Departmental Requirements

1. Each student must be formally accepted into a degree program. Contact the college advisement center for admission requirements or online at http://comms.byu.edu.
2. All students must take a campus writing course before applying for admission to the major. The following writing course fulfills this requirement and satisfies the GE First-Year Writing requirement: Wrtg 150.
3. Complete a minimum of 72 hours in courses outside of the department, while meeting BYU's University Core requirements.
4. Every student is required to complete an internship. Although the department operates an internship office (280 BRMB) that serves as a clearinghouse for internship information, the responsibility for securing an internship rests with the student. However, students may not embark on any required internship without prior approval from a faculty advisor, completing prerequisite courses with a C– or better, processing appropriate documents with the Internship Office, and being enrolled in Comms 496R.
5. Communications students are required to own or rent a computer. Before obtaining a computer, students should first consult the department website for specifications.
6. Communications students must learn the design software used in several of the upper-level courses prior to attending the course.

   The following software will be used in these courses:

   - Adobe Publishing — Comms 330, 331, 388, 421.
     Web Publishing — Comms 485, 487.

Admission to Degree Program

All degree programs in the Department of Comparative Arts and Letters are open enrollment. However, special limitations apply for teaching majors.

General Information

The Department of Comparative Arts and Letters strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Language Certificate Program

The Language Certificate Program is available in Danish, Finnish, Norwegian, and Swedish for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets

the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

- Computer Science: Animation (BS)
- Computer Science: Bioinformatics (BS)
- Computer Science Teaching (Minor)

Subject Areas

- C S
- CSANM

Admission to Degree Program

The BS in Computer Science and the Bioinformatics Emphasis degree programs in the Department of Computer Science are open enrollment. The Animation Emphasis is limited enrollment and requires admission. For more information about the CS Animation Emphasis, visit cs.byu.edu/animation.

The Discipline

Computer science touches virtually every area of human endeavor. Software is responsible for everything from the control of kitchen appliances to sophisticated climate models used in predicting future environmental change. Students in computer science learn to approach complex

problems in business, science, and entertainment using their strong background in mathematics, algorithms, and data structures.

The degree programs in the Computer Science Department prepare students to be confident software developers and technical problem solvers. The curriculum also trains students for research into new avenues where computers will have a significant impact.

The BS curriculum is accredited by the Computing Accreditation Commission of ABET.

Career Opportunities

Graduates pursue exciting opportunities in graphics, artifical intelligence, software engineering, database design, scientific programming, systems administration, and research at universities and national laboratories.

Students completing the animation emphasis will be prepared for technical positions at animation and game programming studios. Students will learn both the technical and artistic side of creating and implementing digital animations and games.

The Bioinformatics emphasis is designed for students who are interested in building software to assist in analyzing biological systems. Students will graduate with a significant background in biology coupled with the software development and analysis skills necessary to implement large bioinformatics applications.

Graduate Programs and Degrees

MS in Computer Science
PHD in Computer Science

For more information, see the Graduate Studies website.

Animation Degree Program

The BFA in animation is an interdisciplinary degree offered by the College of Fine Arts and Communications through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Visual Arts, and the College of Physical and Mathematical Sciences' Computer Science Department. Please see the Visual Arts section of this catalog for degree requirements, or go to the College of Fine Arts and Communications Advisement Center for more information about entrance requirements to this program.

General Information

Personnel in the College of Physical and Mathematical Sciences Advisement Center will advise regarding core courses and suggested general education. Questions regarding curriculum and career decisions should be directed to the undergraduate advisor in the Computer Science Department.

Note: All hours of credit applied toward a major in computer science must be of C– or better.

Students may choose to graduate under later requirements by updating their date of entry into the major at the college advisement center.

Conferences and Workshops

Conferences and Workshops

Department Information

113 HCEB
801-422-3559

Admission to Degree Program

Students must apply to the Counseling Psychology and Special Education Department for admission to the special education undergraduate degree. Information can be found online at http://education.byu.edu/cpse/bs/index.html and applicants may apply online at http://mylink.byu.edu/. See additional information below.

Graduate Programs and Degrees

MS in Special Education
EdS in School Psychology
PhD in Counseling Psychology

For more information, see the Graduate Studies website.

General Information

Admission to BS Programs

Among other factors, the application review process involves consideration of the following:

1. Significant experience working with individuals who have disabilities (see Special Education Exploratory Experience Log and Summary Report in the online application).
2. Fingerprint background clearance. See Education Student Services (350 MCKB) for instructions.
3. Successful completion of technology skills assessment.
4. Meeting Educator Preparation Program (EPP) requirements.
5. Successful completion of the following courses:
   For the Mild/Moderate Disabilities Emphasis:
   - Complete the following courses with a B- or above: CPSE 403, CPSE 425
   - Complete the following course with a C or above: MthEd 305

   For the Severe Disabilities Emphasis:
   - Complete the following courses with a B- or above: CPSE 403, CPSE 425, PETE 461
   - Complete the following courses with a C or above: ASL 101, ASL 102, MthEd 305

Additional Licensing Requirements

It is the student's responsibility to be sure that the approved PRAXIS II test has been passed and that BYU has received the test scores, that the student's fingerprint background clearance is current, and that state licensing fees have been paid. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact Education Student Services, 350 MCKB, (801) 422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Programs

- Ballroom Dance (Minor)
- Contemporary Dance (Minor)
- Dance (BA)
- Dance Education K-12 (BA)
- World Dance (Minor)

Subject Areas

- DANCE

Admission to Degree Program

The degree programs in the Department of Dance carry special enrollment limitations. Please see the college advisement center for specific details.

The Discipline

Dance is an art form expressed and communicated through human movement. Throughout history, and in every culture, people have danced. Dance incorporates the physical, mental, emotional, and spiritual aspects of each individual in creating a unique nonverbal expression of thoughts and feelings. As both process and product, dance has the power to refine neuromuscular skill, broaden understanding, increase creative potential, and expand aesthetic sensitivity. At Brigham Young University, dance celebrates the best in humankind and strives to enrich the lives of all who experience it.

The BYU Department of Dance has been accredited by the National Association of Schools of

Dance (NASD) since 1989.

Career Opportunities

The majority of career opportunities in the dance field are teaching and performance related. Teaching opportunities are available in colleges and universities (for those with graduate degrees), public schools, private studios, health and fitness spas, special and adult education programs, day care centers, and recreation programs. Performing opportunities are available by audition with professional and regional companies and in theatrical, television, and film production.

Less common, but equally rewarding dance-related careers are also available in the areas of choreography and dance administration, therapy, criticism, history, research, notation, and reconstruction.

General Information

The Department of Dance includes four areas: Ballet, Ballroom Dance, Contemporary Dance, and World Dance. These areas work cooperatively to provide opportunities for all students at the university to develop their potential in dance. Most dance technique classes and performance opportunities are open enrollment and not restricted to dance majors. Placement is determined by audition. Besides the wide variety of basic or beginning courses, there are professional courses that develop leadership, performance, and choreographic ability in all types of dance. Performing opportunities are provided both on and off campus in concerts with groups that tour throughout the world.

Requirements

1. Majors are counseled to maintain healthy lifestyle practices.
2. Dance technique courses (including Dance 243R and 244R) require a grade of at least B– for advancement to next level.

- Design: Graphic Design (BA)
- Design: Illustration (BA)
- Design: Photography (BA)
- Graphic Design (BFA)
- Illustration (BFA)
- Photography (BFA)

Subject Areas

- DESIL
- DES
- DESPH
- DESGD
- DESAN

Admission to Degree Program

Admission to the Department of Design is obtained by application after the successful completion of the prerequisite core and a portfolio review. Students have two opportunities to apply to their program of choice—one in March and one in November. Animation applications take place in April and June. Please see General Information below for more details, refer to byudesign.byu.edu

The Discipline

The Department of Design prepares visual communicators to serve in a broad range of creative disciplines including Animation, Graphic Design, Illustration, and Photography. Solving complex visual problems requires an understanding of design thinking, the aesthetics of visual communication, and an ability to communicate narratives across a wide array of mediums and technologies.

Career Opportunities

Graduates from the Department of Design are fully prepared for careers in the following disciplines —

Animation: Animation majors work in various disciplines that include feature animation studios, visual and special effect studios, entertainment, gaming, and scientific data visualization.

Graphic Design: Graphic Design majors work in a wide array of design-related disciplines including branding, product design, publishing, interaction design, web design, mobile app development, experience design, service design, motion graphics, and data visualization. Designers often work in traditional design studios, interactive agencies, advertising agencies, and corporate design positions as well as design entrepreneurs or freelancers.

Illustration: Illustration majors work in diverse publishing markets and genres including children's books, young adult fiction, genre fiction, graphic novels, ebooks, editorial, advertising, design, and corporate and institutional publications. Many illustrators work as concept designers, creating characters, environments, vehicles, and other digital artwork for entertainment productions. Other opportunities include licensed products, toys and collectibles, art galleries, festivals, conventions, online exhibitions, and private commissions. Illustrators often work in-house for production companies, in design studios, or on a freelance or project basis.

Photography: Photography majors work in many venues and genres, including portraiture, advertising, fashion, architectural photography, journalism, editorial publishing, stock photography, conservation and photographic finishing. Other opportunities are available in fine art, educational, medical, travel, and marketing photography. Photographers typically work in-house, on a contract basis, freelance, or as entrepreneurs in their own studio.

Design Education: BA or BFA candidates in Design may also become licensed as K-12 art and design educators through the Art Education licensure program in the Department of Art. There are many opportunities for teachers with a design background. The licensure program prepares students for these opportunities through a series of courses including student teaching.

Design Education Licensure

Licensure as a Design educator is available in conjunction with all Design BFA and BA majors.

Department Probationary Status

Students can be placed on probationary status for the following:

1. Inadequate academic performance.
2. Unprofessional attitude and lack of commitment.
3. BYU Honor Code violations.

General Information

Application Procedures

Graphic Design, Illustration, Photography. High school students wishing to be admitted to graphic design, illustration or photography for Fall semester may apply for acceptance to the Department of Design before the talent awared deadline of February 1st. If accepted into the program, students are expected to enroll in the Freshman core during Fall semester and complete the core classes prior to taking sophomore Design Department courses. Open enrollment sections of the prerequisite courses are also available for current BYU students who wish to apply to the department.

Animation. Prospective animation students must complete the following courses during their freshman year, before applying to the Department: CSAnm 150, DESAN 131, and DESAN 160. Application to the program takes place at the beginning of the sophomore year.

Sophomore-Through-Senior BFA Degree Program Enrollment. Permission to enroll for sophomore-through-senior level BFA programs is granted through a portfolio review process conducted by faculty members from the respective area of study. Through work completed during the Freshman core, accepted students must demonstrate a high level of conceptual and aesthetic ability. Successful applicants are then invited to continue in the area of study and enroll in courses at the next academic level.

Transfer Students. Transfer students applying for admittance to the Department of Design are asked to participate in a portfolio review by area faculty. The deadline is March 15 for Fall semester, Spring term, and Summer term, and November 15 for Winter semester. Prospective transfer students should contact the Design Department to arrange a portfolio review. Upon acceptance into the department, students are placed at the appropriate level of study at the discretion of the area faculty.

Note: Students may apply to the BFA program no more than twice. Transfer students not accepted into BFA degree programs may elect to enroll in one of the Bachelor of Arts programs in design.

Talent Awards

All students are encouraged to apply for department Talent Awards by the February 1st deadline.

humanities-advisement@byu.edu
http://hac.byu.edu/

Programs

Digital Humanities and Technology (Minor)

Subject Areas

DIGHT

Admission to Program

The Digital Humanities and Technology minor degree program is open enrollment. All courses are open to all students who have met the prerequisite requirements.

The Discipline

The Digital Humanities extends the traditional Humanities in two ways. First, it employs traditional Humanities methods to examine and present new media—from movies and television to text messages and twitter feeds—alongside traditional Humanities content. Second, it uses new, technology-based approaches to re-examine and re-present traditional Humanities content.

At Brigham Young University, the Digital Humanities field is matched with application-based technology skills training. Along with the ability to use current technology, DigHT minors develop the ability to think soundly about using current technology. The program includes a capstone experience of either a mentored research and development project or a technology-based internship.

Career Opportunities

The Digital Humanities minor provides students of all disciplines with the narrative to describe how their university education is immediately applicable to the needs of employers. Additionally, the

Digital Humanities is a current area of growth in academia, which increases demand for graduate students with technology skills.

801-422-3541
https://fhssadv.byu.edu/Pages/Home.aspx

Programs

- Economics (BS)
- Economics (Minor)

Subject Areas

- ECON

Admission to Degree Program

All degree programs in the Department of Economics are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Economics examines how societies choose to allocate scarce resources among competing uses. A broad range of contemporary policy issues are studied in fields such as natural resource and environmental economics; economic development and growth; international trade and finance; economic history; the organization of industries; the development and efficiency of law; business cycles; labor markets; and public and private finance.

Career Opportunities

Professional economists work in three basic areas: business, government, and academics. Undergraduates generally pursue training beyond their BS/BA in economics if they wish to become professional economists.

Those in business forecast and analyze various aspects of the economy or of particular markets and most often work for brokerage firms, business or economic consulting firms, investment banks, insurance companies, or large manufacturing firms.

Those in government accumulate, interpret, and analyze national and international data in support of policy development and work for agencies such as the U.S. State Department, Treasury Department, Bureau of Labor Statistics, and Office of the Trade Representative; for state planning bodies and regulatory commissions; or for international bodies like the World Bank or IMF.

Academic economists teach and conduct research at colleges and universities. Entry into these positions requires training at least as far as the master's level; for the most part, the professional degree is the PhD.

Undergraduates who are not interested in postundergraduate study in economics generally pursue one of three options: graduate training in a profession (e.g., the MBA, MPA, JD, or MD); employment with a business consulting, economic consulting, brokerage, or other specialized service provider that relies to a substantial degree on economic analysis; or employment with a government agency or entity that relies on economic analysis and data. In the latter two areas, those with BAs typically gather and analyze data and provide research support under the direction of professional staff economists. A BA/BS in economics is also very good preparation for those interested in foreign service careers or work with organizations in economic development, international finance, or actuarial licensing. Many undergraduates pursue business careers, including those of finance, marketing, sales, and production.

Programs

- Computer Engineering (BS)
- Electrical Engineering (BS)

Subject Areas

- EC EN

Admission to Degree Program

The degree programs in the Department of Electrical and Computer Engineering are open enrollment.

The Discipline

Electrical and Computer Engineering is one of the most exciting, diverse, and forward-looking disciplines offered at the university. Contemporary society is in the midst of an information revolution, created in large part from the fruits of electrical and computer engineering. Electrical and computer engineers have been primary contributors to the astonishing developments in communication, computer, and network technology. They have designed devices and systems that have a significant impact on manufacturing, medicine, transportation, and environmental monitoring. Smart phones, tablets, digital cameras, high definition television, solar power, microprocessors, lasers, unmanned air vehicles, medical imaging systems, and autonomous robotic systems are all examples of devices and systems designed by electrical and computer engineers. Innovations that flow out of electrical and computer engineering sustain the national economy and improve the quality of life for people throughout the world. In the future, society will look to electrical and computer engineers to address grand challenges ranging from sustainable and efficient energy to health care technologies and global communications networks.

The Department of Electrical and Computer Engineering at Brigham Young University offers

accredited degrees in Electrical Engineering and Computer Engineering. Electrical Engineering focuses on microelectronics, electromagnetics, electronic circuits, wireless communications, signal processing, biomedical applications, photonics, and controls. Computer Engineering focuses on the design of digital computing devices and systems and involves hardware and software, operating systems, digital logic, real-time systems, and computer vision. Both programs combine fundamental principles with hands-on learning, including an innovative Junior Core experience that integrates classroom knowledge with project-based learning.

Career Opportunities

Electrical and computer engineers are among the most actively recruited students graduating from a four-year program. Baccalaureate engineers typically start their careers as members of project teams with one or more of the following responsibilities: designing digital, analog, or opto-electronic circuits; creating or testing application-specific software; testing components or systems; or providing technical support for sales. Later on, many engineers find themselves pursuing managerial careers, starting their own companies, or even managing entrepreneurial funds. Top graduates are also well received by medical schools, law schools, and professional and management programs.

Teh Electrical Engineering Baccalaureate program and the Computer Engineering Baccalaureate program are accredited by the Engineering Accreditation Commission of ABET, Inc., http://www.abet.org.

Graduate Programs and Degrees

MS in Electrical and Computer Engineering
PhD in Electrical and Computer Engineering

For more information, see the Graduate Studies website.

General Information

Students are strongly encouraged to seek advisement early in their studies to ensure effective course scheduling. Contact the college advisement center (264 CB) or the department (459 CB). Students should enroll in EC En 191 in their first year of study at BYU.

In both undergraduate degree programs offered in the department, students are required to pass prerequisite courses in the major with a grade of C– or better before taking follow-on courses.

Professional Registration. The Electrical and Computer Engineering Department provides the option for graduates to become registered professional engineers. General qualifications for becoming registered are explained in the Ira A. Fulton College of Engineering and Technology section of this catalog. This status is vital to engineering practice in the public sector and to much consulting work. The basic electrical and computer engineering program outlined in this department prepares graduates to successfully complete the Fundamentals of Engineering (FE) examination. Students who wish to become registered as professional engineers are advised to discuss this matter with an advisor from the department soon after admission to the professional program.

- English (Minor)
- English Teaching (BA)
- English Teaching (Minor)
- Writing and Rhetoric (Minor)

Subject Areas

- ENGL
- WRTG

Admission to Degree Program

All degree programs in the Department of English are open enrollment. However, special enrollment limitations apply for English teaching majors.

The Discipline

The English major provides a detailed knowledge of the English language and of literature written in English. English majors approach language and literature as a source of knowledge and aesthetic pleasure, a mode of encountering and evaluating diverse minds and attitudes, a vehicle for art and action, a means of historical understanding, and a source of spiritual insight. English majors use

writing as their primary means (1) of knowing, understanding, and evaluating their experience and their reading and (2) of sharing their insight with others. In keeping with the long-standing ideals of a liberal arts education, the English Department aims to cultivate in its students those foundational skills in writing, awareness, and judgment upon which lives of wisdom, service, and an ever-increasing love for learning might be built.

Career Opportunities

With a firm grounding in the liberal arts, English majors are prepared for any career that requires perceptive reading, orderly and clear thinking, intellectual maturity, and effective writing. Many career opportunities for English majors exist in teaching, professional writing and editing, law, business, communications, or government service. English majors can certify to teach secondary-school English, or they can prepare for graduate study in English and college teaching. When combined with prerequisite courses in other departments, the English major provides excellent preparation for graduate work in law, business, library science, medicine, humanities, or religion. By selecting areas of concentration, some English majors prepare for careers in technical and professional communication, editing, creative writing, and related fields. By supplementing their English major with computer classes, some find work in information technology. The skills and knowledge acquired by an English major also provide good preparation for government service, especially when combined with the study of foreign languages, economics, political science, and history.

Graduate Programs and Degrees

MA in English
MFA in English

For more information, see the Graduate Studies website.

General Information

The Department of English strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

EUROP

The Discipline

European Studies is an interdisciplinary field that focuses on Europe's rich cultural history and its ongoing contributions to the modern world. Scholars in the field come from across the university, researching everything from medieval art and literature to twenty-first-century politics nad economics. European Studies majors primarily take courses in the humantiies and social sciences, developing strong foreign language skills and a deep understanding of European history, culture and current affairs.

Career Opportunities

A bachelor's degree in European Studies can lead to a wide range of fulfilling careers. Recent graduates from BYU's program have found employment in areas such as diplomacy, business, and higher education. The major also provides excellent preparation for graduate studies in international business, law, medicine, journalism, history, and literature.

Evening Classes

Evening Classes

Department Information

211 HCEB

Subject Areas

FIN

Admission to Degree Program

The degree program carries special enrollment limitations. Please see the Marriott School of Management Advisement Center for specific details.

The Discipline

Financiers are the gatekeepers of the money within an economy. Finance is the study of the entire process from both sides—the financier holding the financial capital and the entity requesting the use of that capital. It explores how and under what conditions financial capital is transferred from the financiers to the corporations, governments, and individuals seeking to use the money. It offers a broad set of tools and insights regarding how to most profitably employ and allocate monetary resources. It studies the efficiency of the markets in which all these transactions take place. And it searches for ways in which all participants in the financial system can reduce or hedge the various risks they face. In a way, finance is the study of how to most effectively and most efficiently get financial resources from the financiers to the people who will create the next revolutionary product or service.

Career Opportunities

Finance graduates work in a variety of fields that include but are not limited to: asset manager,

commercial banker, corporate financial planning and analyst, corporate treasury analyst, consultant, credit analyst, equity analyst, investment banker, private wealth advisor, and securities or commodity trader.

- French Teaching (Minor)
- Italian (BA)
- Italian (Minor)
- Italian Studies (BA)

Subject Areas

- ITAL
- FREN

Admission to Degree Program

All degree programs in the Department of French and Italian are open enrollment.

The Discipline

The study of French or Italian language and literature sharpens analytical and communicative skills useful in a myriad of professional contexts. Students develop proficiency in listening, reading, writing, and speaking, and they learn to use literature as a means to deepen their understanding of culturally specific as well as universal issues and values.

Career Opportunities

Italian and French are valuable research and communication tools for students in music, art, history, European studies, international relations, library science, and comparative literature. Many have chosen a major or minor in Italian or French in addition to a second major or minor in an area such as accounting or business management, or as preparation for professional programs in public administration, business administration, organizational behavior, dentistry, law, or medicine.

Many of our students have opted for a career in government service, working with an embassy, the State Department, the CIA, and other government agencies.

Other students have gone into travel and tourism, working with tour agencies, airlines, major hotel chains, or resort communities.

The computer industry also provides employment opportunity for our graduates. Many computer companies have expanded into foreign markets and hire people who can translate computer and software instruction and sales publications in a foreign language.

General Information

The Department of French and Italian strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Internships Abroad. The Department of French and Italian in association with the French Embassy's Cultural Services and the Dante Alighieri School in Siena, Italy offers spring/summer internships in France and Italy in a variety of positions: businesses, corporations, industry, hospitals, research laboratories, national and local governments, cultural organizations, nonprofit agencies and nongovernmental organizations, hotels and tourism, etc. Job placements are made according to the student's language proficiency, previous work experience, field of study, and personal interest. Students may enroll for Fren and Ital 399R, 211R, 311R, or 411R, or other courses such as Fren 490R. The internship proves invaluable in strengthening language skills.

Oral Proficiency Interview. All French-teaching majors and minors and all Italian majors are required to enroll in Fren 491 or Ital 491 and have an oral proficiency interview (OPI). French studies majors and French majors are required to take the OPI as part of the requirements for Fren 495. French teaching majors and minors are required to take the OPI before taking Fren 378. The minimum rating of *Advanced* is required of all *teaching* majors and minors. Appointments for the interviews are made through the department secretary. French students are strongly encouraged to complete Fren 411R prior to taking the OPI.

When it is necessary to strengthen oral proficiency, students are encouraged to take conversation

courses. They should also take advantage of Foreign Language Housing, Study Abroad programs, summer internships abroad, and support materials in the Humanities Learning Resource Center, such as CDs, videos, and satellite broadcasts. The department strongly encourages all majors to complete an internship prior to graduation.

Instruction. All courses are taught in the target language unless indicated otherwise in this catalog.

Language Certificate Program

The Language Certificate Program is available in French and Italian for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

university_advisement@byu.edu
https://universityadvisement.byu.edu/

The General Education (GE) components of the University Core are overseen by the Associate Dean of Undergraduate Education—General Education. The Faculty General Education Council (FGEC), consisting of faculty members from a variety of disciplines and chaired by the associate dean, regularly reviews general education courses and has final authority to decide which courses meet GE requirements.

GE requirements are set forth in the University Core section of this catalog. Beyond this and the more detailed listing in the current class schedule, the recommended source of information and advice about GE requirements is the individual college advisement center. The college advisement centers, together with the University Advisement Center (2500 WSC), provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, appeals, and many other aspects of academic life. The General Education Office (302 MSRB) regularly consults with each advisement center on issues related to GE.

In an ongoing effort to strengthen the GE offerings in the University Core, General Education offers matching grants for GE course development and enhancement. General education courses are taught by faculty from throughout the university, and General Education works closely with the colleges in a collaborative effort to foster a strong and engaging GE offering within the University Core.

The Discipline

Geography offers a variety of programs centered around spatial analysis and tailored to meet the future needs of individual students. Our modern computer laboratory allows students to gain practical experience with geographical information systems (GIS), remote sensing, cartography, and other programs in urban and regional planning, travel, and population studies.

Career Opportunities

Graduates are employed in a wide range of private and governmental positions. Job titles include geographer; teacher of geography; city or regional planner; cartographer; photo interpreter; commodities and industrial location analyst; intelligence, travel industry, or environmental and GIS specialist; and many others.

Skills in spatial analysis make geography a valuable minor or supporting field for many other disciplines.

General Information

1. The Department of Geography offers one major with six emphases. The emphases are designed to enable students to gain an appreciation of our world as well as prepare them for either a career or graduate school. All students are required to take a set of core courses that emphasize basic geographic concepts and ways of knowing that are common to all six emphases. These courses prepare students for specialization in upper-division courses.

   Geography at Brigham Young University focuses on our interdependent world: the spatial relationships between the physical landscape, diverse societies, and current events. The major nourishes a sense of curiosity about the world around us, a desire to serve our local and global communities, and the skills necessary to solve significant problems that are inherently spatial.

   Hundreds of students major in geography to prepare for a professional career, for graduate study, or because of an interest in exploring and understanding the world around them. We emphasize both technical and critical thinking skills, including geographic information systems (GIS) and remote sensing, statistics, data collection, interpretation, and communication using the written and spoken word and visual data display (maps, charts, and graphs).

2. All students admitted to one of the geography majors listed above should complete the following core courses within one year of declaring a major:

   Geog 100, 101, 110, 120, 130, 211, 222.

3. Exit assessment: Students must complete an exit assessment during their final semester no later than one month before graduating. The assessment is meant to evaluate the department's program goals and student learning outcomes. Although the assessment is a formal requirement, the results are anonymous and will not be part of the student's academic records.

Admission to Degree Program

All degree programs in the Department of Geological Sciences are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Geological sciences are aimed at understanding the Earth's origin and development and the natural processes that have operated upon it and within it from the time of formation of the solar system. With the development of remote sensing technology and the exploration of the solar system by spacecraft, geological sciences have become increasingly important for understanding not only the Earth but the Moon, other planets and their moons, and small bodies that orbit the Sun.

Understanding the dynamic processes of Earth and other planets is relevant to many societal needs, such as assessment and forecasting of natural hazards, environmental change, and

discovery of energy and mineral resources. Some of the diverse disciplines that can be studied in this department include general geology, plate tectonics, volcanology, geochemistry, geophysics, paleontology, environmental geology, petroleum geology, hydrogeology, paleoclimatology, and planetary geology.

Career Opportunities

Graduates have the opportunity to work both outdoors and in the laboratory, pursuing careers in energy, mineral, and water resources or in environmental evaluation with industry, government, or consulting firms. The substantial preparation in basic sciences and mathematics also leads to a broad spectrum of teaching opportunities. Some scholarship money is available for those who pursue a geological sciences degree as a prelaw track. The most marketable terminal degree in geological sciences is the Master of Science. Starting salaries for this degree are often very competitive with those of other disciplines.

Graduate Programs and Degrees

MS Geology

For more information, see the Graduate Studies website.

Global Geology Program

Each year the department provides opportunities for advanced undergraduates and graduate students to examine rocks and geological processes at some premier localities around the world. These one- to two-week field trips allow students to do mentored research projects and develop field expertise rarely available to undergraduate students. Programs that are run every four to five years include:

1. Active volcanism of Hawaii.
2. Carbonate formation in Florida and the Bahamas.
3. Tectonism and plutonism in the northeast Appalachians.

Trips to more distant localities (e.g., Italy, Alaska, India, England) have been interspersed with these recurring trips. Scholarships are available that greatly reduce the cost to students.

Subject Areas

- RUSS
- GERM

Admission to Degree Program

All degree programs in the Department of German and Russian are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Students of foreign language and literature develop fluency in another language as well as sensitivity to their own language and cultural heritage, to the contributions and diversity of other peoples, and to the advantages of an international perspective.

Career Opportunities

Experience with the intellectual, artistic, and spiritual expressions of other cultures and of their own culture helps students qualify for advanced study at graduate and professional schools, especially in linguistics, literature, language teaching methodology, library science, humanities, business, law, and medicine. Those who accept employment on completion of the BA degree frequently serve in international business, in education, or in a government agency.

General Information

The Department of German and Russian strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Language Certificate Program

The Language Certificate Program is available in German and Russian for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

Subject Areas

- HIST

Admission to Degree Program

All degree programs in the Department of History are open enrollment. However, special limitations apply for teaching majors.

The Discipline

History stands at the heart of a liberal arts bridge between the humanities and social sciences.

Historical understanding is thus basic to the life of an educated human being. As such, it is the ideal major for the student who wants the broad educational background for entrance into professions such as law, government service, or business, or who wants a liberal arts education. History can also be valuable training for someone who plans to teach.

Career Opportunities

In recognition of the broad range of uses to which historical education can be put, the field of public history has emerged in recent years. Today people whom others would consider bankers, lawyers, corporate executives, or public servants view themselves as historians—public historians. They are the people with analytical skills provided by their historical education who work outside the university but who consider themselves historians by virtue of the value of the training they have received. A significant percentage of the jobs listed by firms and agencies with BYU's Employment Office specify no major. Many of these will be taken by public historians anxious to serve their employers with the valuable skills learned in their history major.

Honors Program Director: Joseph D. Parry; Professor; Humanities, Classics, and Comparative Literature
Honors Program Administrator: Julie C. Radle
Honors Program Advisement Manager: Vika Filimoe'atu

Participation in Honors

The Honors Program provides a rich and challenging experience for capable and motivated undergraduate students. Its purpose is to broaden and deepen the educational experience of students, to develop the intellectual integrity and moral character that define disciple-scholarship. An Honors education is not merely a more intensive general education or a more strenuous program in a major. Rather, it grounds students in broader interdisciplinary inquiry that strengthens leadership and encourages the integration of faith, intellect, and character.

The Honors Program is comprised of three dimensions: Great Questions, Experiential Learning, and the Honors Thesis. The central focus of the program is the study of big or "great" questions. Through coursework, research, writing, and hands-on experiences, students explore interdisciplinary approaches and consider ways in which "unexpected connections" not only can be found between different disciplines, but also can lead to a deeper understanding of the questions we seek to answer. The Honors Program invites students to satisfy university core requirements through the Honors Interdisciplinary Core where they can begin to consider the questions that drive our inquiry, and indeed, lie behind every bit of knowledge we study and learn.

"University Honors" is a distinction awarded to all graduates of BYU who have met the Honors requirements as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. It is widely recognized as an indication of exceptional academic achievement. Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are welcome to participate in the Honors Program to whatever extent they choose. All students are invited to consider Honors as a way to achieve the quality academic

experiences they seek. Students may register for Honors courses at any time during their undergraduate years without necessarily intending to complete all the Honors graduation requirements.

There are no special admissions criteria for participation in the Honors Program, and all students are invited to consider Honors as a way to broaden and deepen their educational experience at BYU. However, it takes careful planning to complete all program requirements. Typically, interested first-year students begin by completing an enrollment form that may be obtained from the Honors Advisement Center in 350D MSRB after a brief orientation. Then during their second year, students formally commit to the program and, with the help of the advisement center, begin to construct a more concrete plan for graduation with University Honors. Reasonable accommodations can be made for transfer students who wish to join the program. Any student at the university is welcome to take Honors courses that suit their interests and educational objectives.

Facilities and Opportunities Available to Honors Students

The Honors Program is housed in the historic Maeser Building on the southwest part of campus. This quiet corner is surrounded by beautiful grounds and wooded areas. The building is named after Karl G. Maeser, the first principal of Brigham Young Academy (the school that later became Brigham Young University). A bronze statue of Karl G. Maeser stands at the building's east entrance. Constructed in 1911, the Maeser Building is the oldest building on the current campus. The building was restored in 1985 with modern electrical and ventilation systems but retains its historic architecture and decoration, its marble halls richly decorated with oak and brass trim.

Facilities for honors students in the Maeser Building include the Honors Reading Room in 150 MSRB, with study tables and a small library of reference works and classics; the Honors Student Lounge in 102 MSRB, where students can meet for informal discussions; an art gallery in the lower-floor hall; the Honors Advisement Center in 350 MSRB, where students receive counseling about their honors education; and the Martha Jane Knowlton Coray Lecture Hall in 321 MSRB, where classes, lectures, and musical concerts are held. Another Honors Reading Room is located in 3770 Harold B. Lee Library.

The Honors Program sponsors lectures, concerts, symposia, socials, and a Late Summer Honors program. It also offers competetive scholarships. Students can participate in intercampus events with Honors students from other universities and colleges, and are invited to participate with the Honors Student Advisory Council, a group of student representatives who assist in policy development, social activities, and academic functions of the Honors Program. Honors students are recognized during University graduation exercises at the Honors Graduation luncheon, and in the graduation program.

Who Should Participate in Honors?

Any student who wishes to broaden their education through interdisciplinary study and deepen it by producing original research in their home discipline should consider participating in the Honors Program. Especially welcome are students who seek both knowledge and wisdom, who want to use their intellect to build their faith, and their faith to strenthen their intellect, and who bring a sense of curiosity, humility, and courage to their education. The most successful Honors students see learning as a way of being, not as an instrument to a credential or a job. They do not worry if the program requirements will be too hard; rather, they see their BYU experience as a time to continually avail themselves of the rich and diverse offerings on campus of concerts, plays, films,

lectures, art, science exhibitions, and athletic events. And they enjoy and benefit from pursuing all of these things in a community of senior (faculty) and junior (student) scholars.

Overview of Requirements for Graduation with University Honors

This section provides a brief overview of the requirements to graduate with University Honors. Detailed explanations of each requirement follow this section. The staff in the Honors Advisement Center, 350 MSRB, (801) 422-5497, is available on a walk-in basis to answer questions about the program. To graduate with University Honors, a student must be an admitted daytime student in good academic standing, and:

1. Complete an honors enrollment form.
2. Complete the honors commitment interview.
3. Complete the honors curriculum.
4. Complete the honors great questions essay.
5. Complete the honors experiential learning requirement.
6. Complete the senior graduation review.
7. Complete the honors thesis requirement.
8. Submit a graduation portfolio.

The requirements for graduation with University Honors complement both major and university core education. The Honors curriculum includes and enhances the university core components; the Honors thesis requirement enhances the major education component.

Detailed Explanations of Requirements for Graduation with University Honors

Honors Enrollment Meeting

Students who wish to explore the Honors Program should attend a brief group enrollment meeting as early as possible in their undergraduate program. Consultation with the Honors Advisement Center allows the Honors Program personnel to be aware of students' plans to better assist with registration, help develop plans toward graduation, and consult on other Honors program requirements. The enrollment process is the door to a community of well-rounded, enthusiastic scholars and to all of the activities and programs the Honors Program offers.

Honors Commitment Interview

Students who intend to graduate with University Honors will submit a letter of intent in preparation for an interview usually held during the student's third or fourth semester at BYU. Accommodations can be made for transfer students and students joining late. Newly committed students will be recognized at the Fall Honors Opening Evening.

Honors Curriculum Requirement

The central focus of the Honors curriculum is the study of big or "great" questions (e.g., justice, human agency, relationships, ethics). Courses are designed to model different disciplinary

approaches to Great Questions, to explore interdisciplinary approaches, and to consider ways in which "unexpected connections" can be found between disciplines, leading to a deeper understanding of the questions we seek to answer.

To fulfill the Honors curriculum requirements, students must complete 14-17 credit hours as follows:

- HONRS 120 (2 credits): Introduction to Great Questions
- UNIV 291, 292, and 293 (3 credits each): The Honors Interdisciplinary Core, comprised of three - - Unexpected Connections courses. Each course will simultaneously fill Honors core curriculum requirements and the GE requirements in two designated disciplines. A "B" grade or better in these courses is required for Honors credit.
- HONRS 320 (3 credits): Great Questions Tutorial. See additional information below.
- HONRS 390 (3 credits): Experiential Learning. See additional information below.

Honors Great Questions Requirement

The capstone to the Honors coursework (HONRS 320) will provide group and individual instruction in researching and writing the Great Question essay, a multi-disciplinary essay on an approved question of the student's choosing. Students are expected to incorporate three different and sufficiently disparate disciplinary areas into the essay, usually including the student's home discipline. This essay is not a second honors thesis; it is fundamentally different in that it broadens where the honors thesis tends to narrow a topic.

By "Great Questions" we mean the big questions every discipline at the university addresses in some way and no one discipline can fully answer. Some of these are old, frequently posed questions for which the answer has proven maddeningly elusive (e.g., the question of justice, of human agency and freedom, of our relationships with and obligations toward each other, other forms of life, and the physical world in which we live). Others have emerged more recently, often provoked by new discoveries and developments in technology (e.g., questions of medical ethics, use of natural resources including very powerful ones like nuclear energy, etc.). Students will explore various aspects of their question, including implications, stakes and context, as they consider ways of thinking and reasoning from various perspectives to better understand their topic.

Honors Experiential Learning Requirement

Typically during their 2nd or 3rd year at the university, Honors students will participate in an approved, substantive, "hands-on" experience that augments their BYU education and expands learning to the world outside the classroom. To fill the Experiential Learning requirement (HONRS 390), students may serve as an Honors Peer Mentor in HONRS 120 or as a teaching assistant in a UNIV course, participate in an approved international study or internship experience, or participate in an education-related service initiative.

Senior Graduation Review

Progress on the thesis and other graduation requirements will be reviewed during the senior interview with an Honors advisor.

Honors Thesis Requirement

The Honors thesis requirement gives students the opportunity to participate in original research or creative work in the discipline of their major. Honors students typically complete the thesis requirement during their junior and senior years after they have obtained sufficient training in their major to conduct research in a specialized academic field. Generally stated, each student consults with the Department Honors Coordinator to choose a faculty advisor in the department of his or her major and, in consultation with the advisor, chooses a thesis topic. But this process can work differently in different fields. For instance, a student who works in a faculty member's lab can work

with that faculty member to identify a portion or an expansion of the research being conducted that could become the student's thesis. Another student may fulfill major requirements with a capstone paper or project that could also serve as or become her Honors thesis. Yet another student produces his thesis from an academic or a creative project he first proposed to a faculty member to win an ORCA grant.

Students should complete significant course work within the subject area of the thesis (usually at least 30 credit hours, several of which are from 300- or 400-level major courses). The thesis is intended to acquaint students firsthand and in depth with the type of scholarly work that characterizes the field they intend to pursue professionally. For these reasons, only under rare circumstances is an Honors thesis topic outside the major area approved. (In most cases students who complete a thesis outside the major do so in fields cognate to their majors.)

Before students begin work on an Honors thesis, they attend an Honors Program thesis orientation then approach the Department Honors Coordinator to assemble a thesis committee consisting of the student, faculty advisor, the Department Honors Coordinator, and a faculty second reader. Each member of the committee signs a thesis contract that specifies the student's chosen topic and direction. Second, students submit to the Honors Program Office a formal written thesis proposal that has been approved by all members of the thesis committee and that is now ready for final approval from the Honors Program Office. Guidelines for writing the proposal are available in the Honors Advisement Center (350D MSRB) or electronically at http://honors.byu.edu. Students can request financial support as a part of the thesis proposal. Many Honors students obtain competitive undergraduate research grants from BYU's Office of Research and Creative Activities for Honors thesis work. Also, many professors and departments have research funding that can be devoted to research on an Honors thesis. Personnel in the Honors Program can help students explore the various opportunities available to support their work on an Honors thesis.

After completing thesis research and writing the thesis, each student must schedule and complete a thesis defense. The defense committee consists of the thesis advisor, a faculty referee, and the Department Honors Coordinator who serves as a representative of the Honors Program administration. After the thesis defense is completed and all final changes are incorporated into the thesis, the Honors Program will have the thesis bound and add it to the collection of Honors theses housed in the Harold B. Lee Library Honors Reading Room (3770 HBLL).

Graduation Portfolio Summarizing the Honors Experiences

The Honors portfolio is a record of a student's culminating experiences in each of the three dimensions of the Honors Program. It is submitted for review when the final thesis draft is due and contains:

- The Great Question essay
- A reflective summary of the student's experiential learning experience
- The Honors thesis

Independent Study

Department of Independent Study

Department Information

120 Morris Center,
Provo, UT 84602

indstudy@byu.edu
http://is.byu.edu

Advisement Center

BYU Independent Study is a distance education program intended to serve students anytime, anywhere. Through Independent Study, BYU offers more than 200 university-level credit online courses, providing a practical and flexible solution for students to acquire university credit. Our flexible solution assists students, working students, armed forces personnel, teachers, and others who may need courses that accommodate their individual schedules. The courses are available online and require Internet access. Students have the option to purchase a printed course readings packet.

Up to 36 semester hours of work completed through BYU Independent Study can be applied toward a bachelor's degree from BYU. Many students wanting to complete a degree they started at BYU can take Independent Study courses to fulfill the course/credit requirements of the Bachelors of General Studies (BGS) program, which can be found at bgs.byu.edu.

BYU Independent Study also offers more than 200 high school-level courses, 40 middle school courses, and 50 free courses for personal development, remediation, and enrichment.

Students may register for an Independent Study course at any time during the year and have up to one year to complete most courses, although most courses are based on a semester's worth of credit. The online catalog is accessible at is.byu.edu. A printed version of the catalog is also available without charge from the Department of Independent Study (120 MORC). A complete list of available courses, the current tuition and fees, and enrollment policies and procedures are found in the online and printed versions of the catalog.

Information Systems (BS)

Subject Areas

IS

Admission to Degree Program

The degree program in the department carries special enrollment limitations. Please see the Marriott School of Management Advisement Center for specific details.

The Discipline

Computer-based information systems have become a critical part of the products, services, operations, and management of all organizations. The effective and efficient use of information and communications technologies is an important element in achieving competitive advantage for business organizations as well as achieving excellence in service for government and non-profit organizations. The twenty-first century has seen the rapid growth of the Internet, eCommerce, and purely electronic enterprises. These organizations would not even exist without the technology provided by computer-based information systems. The importance of information systems to organizations and the need for well-educated professionals in the field is the basis for strong educational programs and the development of a professional community of information systems (IS) practitioners.

Information systems involves two broad areas: (1) the acquisition, deployment, and management of an organization's information systems resources and services and (2) the development of computer-based systems and technology infrastructures for use in organization processes. Information systems professionals provide services ranging from the managerial to the highly technical. Information systems and technology skills are critical to the success of virtually all modern organizations, including small business, corporations, government, and educational

institutions.

Career Opportunities

Information systems graduates work in large and small organizations of all types, helping maintain existing technology infrastructure and specifying technology solutions to business needs. They serve as the bridge between an organization's technical personnel and its business side. Well-educated information systems graduates are in high demand in accounting firms, consulting firms, large corporations, midsized companies, technical companies, government agencies, and smaller entrepreneurial concerns. Challenging career opportunities embrace a wide range of interests. The variety of employment prospects includes opportunities for everyone from those who are primarily interested in people and organizations to those who enjoy very technical activities such as database and network administration or software development.

Graduate Programs and Degrees

MISM in Information Systems Management

For more information see the current website for the Master of Information Systems Management program at http://mism.byu.edu and the Graduate Studies website.

General Information

Undergraduate Application Requirements

Admitted applicants to the information systems program begin major coursework each fall semester. The following items are taken into consideration for all applicants during the admission process:

1. Average GPA of prerequisite courses and cumulative GPA.
2. Review of academic transcript.
3. Applicant essay.
4. Comments from Information Systems professors.

Application Guidelines

Beginning Fall 2012:

1. Completion of the following prerequisite courses: IS 201, IS 303 (or CS 142), ACC 200, FIN 201, and BUS M 241. **Note**: A minimum 3.0 average GPA in the prerequisite courses is required, with no less than a B grade in IS 201 and IS 303 (or CS 142).
2. Repeating courses to improve a grade is strongly discouraged. Repeated and transfer courses are discounted 0.3 of a grade for admission purposes only (e.g. an A- grade would be discounted to a B+ during the admission process).
3. Completion and submission of the online application, including the applicant essay. The deadline to submit the application is the last working day of June at 4:30 pm.

4. Meeting or exceeding admission criteria does not guarantee admission. The Information Systems Department reserves the right to make exceptions to admission policies as deemed necessary to admit the most qualified applicants.

801-422-3548
http://kennedy.byu.edu/european-studies/

Advisement Center

Programs

- International Development (Minor)

The Discipline

International development is the study of basic social needs in developing areas or countries. It includes academic disciplines such as formal and nonformal education and literacy, economic development, primary health care, small business activities, water sanitation, agricultural productivity, nutrition, ecological preservation, etc. Development obviously implies raising the level and quality of life throughout the "underdeveloped" world.

Students should pursue solid preparation in an established major as well as classroom knowledge and experience in international development. This minor is designed to strengthen and expand the chosen major. Students will be assigned a faculty mentor in their major department who will help coordinate the minor with the major. In addition to a focused course of study, internship experience is highly encouraged. Internships provide valuable experience in applying development theory as well as allowing students to earn credit toward the minor (and in some cases the major as well).

Advisement Center

Programs

International Relations (BA)

Subject Areas

IR

The Discipline

International relations is an interdisciplinary major emphasizing the systematic study of political and economic relations between governments and people in different states, as well as comparisons across different political and economic systems. Students majoring in international relations also come to understand the historical and geographic basis for current international relationships.

Career Opportunities

The international relations major gives students a strong liberal arts education along with useful technical skills. In addition to substantive knowledge, international relations majors will learn analytical concepts and ideas that allow them to organize, explain, and make sense of relations between states and comparisons among them. High proficiency in math and statistics, writing, and a foreign language will prepare for a wide variety of career paths—including, but not limited to, government, law, business, and international organizations. Many career paths will require graduate-level training. Therefore, the international relations degree should be seen as certifying fluency in the ideas and methods of multiple fields so that students can find and pursue their own specialized interests rather than as a terminal degree.

It is important to distinguish international relations as a field from a more general definition of "international," which might include anything (people, language, culture, traditions, etc.) beyond the territorial boundaries of the United States. For students interested in the broad study of anything international and foreign, BYU's international relations degree will not provide the best training. In fact, no reasonable degree can include the systematic study of everything international and

foreign. It should be remembered that BYU students have a wealth of options through which to pursue their particular international and foreign interests. These include:

- Social science majors with a strong international component, such as economics, geography, history, or political science.
- Area studies majors, including Asian, European, Latin American, Ancient Near Eastern, and Middle East studies.
- Foreign Language majors.
- Other majors combined with a minor in one of the above areas.

General Information

The Center supports the College of Humanities by augmenting the list of languages taught by

other departments. Not all classes are taught at every level every semester. **(Please see the Class Schedule for a listing of classes currently offered.)**

Some of the languages have their own "teaching area" (where you will find them in the drop-down menu during registration), while others are listed under "FLANG" (for Foreign Language). The "teaching area" abbreviation for each language is listed below in parentheses.

Afrikaans (AFRIK)
Akan (FLANG)
Albanian (FLANG)
American Sign Language (ASL)
Arabic (ARAB)
Armenian (FLANG)
Aymara (FLANG)
Basque (FLANG)
Bicolano (FLANG)
Bulgarian (BULGN)
Burmese (FLANG)
Cakchiquel (FLANG)
Cambodian (FLANG)
Cantonese (CANT)
Catalan (FLANG)
Cebuano (FLANG)
Croatian (FLANG)
Czech (CZECH)
Danish (DANSH)
Dari (FLANG)
Dutch (DUTCH)
Estonian (FLANG)
Fijian (FLANG)
Finnish (FINN)
French (FREN)
Ga (FLANG)
Georgian (FLANG)
German (GERM)
Greek (Classical) (GREEK)
Guarani (FLANG)
Haitian Creole (FLANG)
Hawaiian (FLANG)
Hebrew (HEB)
Hindi (FLANG)
Hmong (FLANG)
Hungarian (HUNG)
Icelandic (ICLND)
Ilangot (FLANG)
Ilocano (FLANG)
Ilonggo/Hiligaynon (FLANG)
Indonesian (FLANG)
Italian (ITAL)
Japanese (JAPAN)
Javanese (FLANG)
Kazakh (FLANG)
K'iche' (FLANG)
Korean (KOREA)
Laotian (FLANG)
Latin (LATIN)
Latvian (LATVI)

Lithuanian (LITHU)
Malagasy (FLANG)

Welsh (WELSH & FLANG)
Xhosa (FLANG)

Advanced Language and Culture Courses

The advanced language and culture courses are a popular enrollment option for returned missionaries and others of comparable ability.

During this course, students are offered the opportunity to take a Challenge Examination whereby they may bypass beginning language classes and earn up to 16 graded credits.

Note 1: If the course is not offered at the time the student is interested in taking the Challenge Exam, the student has the option of taking the FLATS tests (through the Foreign Language Achievement Testing Service) on campus. However, that test only offers 12 pass/fail

credits. **Once the FLATS test is taken for pass/fail credit it may not be reevaluated for graded credit, *nor* may the Challenge Exam be taken at a later date.** (See http://flats.byu.edu for details.)

Note 2: Students may not take a FLATS test during any semester in which a "challenge exam course" for the targeted language is being offered.

Advanced language and culture courses for returned missionaries

(note "teaching area" acronym used for registration found here in parentheses)

Albanian (FLANG) 330
Armenian (FLANG) 330
Bulgarian (BULGN) 330
Cambodian (FLANG) 330

Thai (FLANG) 330
Tongan (FLANG) 330

Ukrainian (UKRAI) 330
Vietnamese (FLANG) 330

Note: Those advanced language and culture courses that are marked with an asterisk (*) DO NOT satisfy the Languages of Learning GE requirement.

BYU Language Certificate Program

The Center for Language Studies administers the BYU Language Certificate program. This program is designed to certify a student's language proficiency (through oral and written assessments) as well as a limited academic experience (only three courses are required).

We currently offer the Language Certificate in the following languages:

Arabic, Chinese, Japanese, Korean
French, Italian
German, Russian
Spanish, Portuguese
Danish, Finnish, Norwegian, Swedish

Visit the website (http://languagecertificate.byu.edu) to read about the program.

Advisement Center

Programs

- Latin American Studies (BA)
- Latin American Studies (Minor)

Subject Areas

- LT AM

The Discipline

Designed to give a rich background in the languages, culture, and conditions of Latin America, the Latin American Studies program provides a multidisciplinary approach to university education. Courses from BYU's various academic departments (anthropology, Spanish and Portuguese, political science, geography, sociology, history, etc.) teach skills in perceptive reading, analytical thinking, and clear and forceful writing, as well as provide in-depth understanding of Latin American cultures, languages, and history.

Students are invited to consult with their faculty advisor regarding selection of classes.

Career Opportunities

Excellent career opportunities exist for those who prepare well in Latin American Studies. The degree offers a broad, general background in the liberal arts, and graduates are well prepared for careers in government, private industry, nonprofit organizations, some domestic and foreign teaching opportunities, the Peace Corps, the military, and other professions in which an understanding and appreciation of Latin America are required. Many graduates go into law, medicine, business, journalism, editing, advertising, etc. Others have had success in government, such as working for the State Department, immigration, the FBI, and other agencies.

Students are encouraged to consider a double major or a strong minor in a single academic discipline to enhance their career objectives. The combination of another discipline and Latin American Studies makes the student attractive to employers desiring specific job skills as well as cultural understanding and appreciation.

General Information

Foreign Experience. Latin American Studies students are strongly encouraged to participate in international study programs in Latin American locations. These programs include Study Abroad, international internships, international field studies, and/or direct enrollment with one of our partner schools. See http://kennedy.byu.edu/isp,index.php for more information.

- Linguistics (Minor)
- T E S O L (Minor)

Subject Areas

- ELANG
- LING
- ESL
- LINGC

Admission to Degree Program

All undergraduate degree programs in the Department of Linguistics and English Language are open enrollment.

The Discipline

Linguistics is the study of language in all its aspects—from speech sounds to sentence formation to meaning; from how language is organized and used in a social setting to how it is organized and

processed in the brain or by computers. Linguists study language form, language change, language acquisition, and even the texts in which language is recorded. Linguists recognize that the communicative power of language is what brings cohesion to all human enterprises. For the student interested in the nature of language, linguistics is the subject to study.

The science of linguistics has many real-world applications, including translation, information storage/retrieval, lexicography, editing, and language teaching. In addition to its majors in general linguistics and in English language, BYU's Department of Linguistics and English Language offers undergraduate minor programs (as well as graduate degrees) in several of these areas.

Career Opportunities

A linguistics degree with an emphasis in computers may lead to jobs in high technology, e.g., machine translation, information retrieval, speech recognition and production software, and lexicography. Linguistics is also recognized as a strong specialization for those pursuing a career in military intelligence or technical writing.

The English language major is in many ways similar to the linguistics major, though its focus is more specifically on English linguistics. The major provides useful preparation for careers that require special attention to the English language, such as advertising and technical writing. The English language major along with a TESOL or editing minor is an especially strong combination.

The teaching of English to speakers of other languages is an applied linguistics area of high demand, both within the United States and around the world. Both a TESOL minor and TESOL undergraduate certificate are offered by the department.

In addition, the linguistics and English language majors are excellent preparations for those planning graduate studies in areas as diverse as law, international business, tourism, library science, TESOL, communicative disorders, and speech pathology, not to mention graduate studies in specific languages or in linguistics itself.

General Information

The Department of Linguistics and English Language strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Admission to Degree Program

Most of the degree programs in the Marriott School of Management carry special enrollment limitations. Please see the advisement center for specific details.

The Discipline

Courses are designed to create opportunities for students to develop and apply their analytical and decision-making abilities. For this reason, the Marriott School programs make extensive use of faculty expertise, case studies, student projects, and internships.

Career Opportunities

Specific job descriptions are many and varied. Some examples are: banker, consultant, financial analyst, credit analyst, real estate developer, financial planner, human resource specialist, employee benefit specialist, personnel officer, business systems consultant/analyst, sales representative, account executive, research specialist, marketing analyst, management trainee, buyer, merchandiser, production manager, technical sales person, inventory manager, logistics manager, materials supervisor.

Application Information

This is a limited-enrollment program requiring departmental admissions approval. Please see the college advisement center for information regarding requirements for admission to this major.

Students are encouraged to apply to the Marriott School of Management during their sophomore year, as soon as they have completed the pre-management core courses.

Because of controlled enrollments in management programs, the competition for acceptance is keen. Those choosing to enter these majors should decide early, plan their schedules carefully, be aware of all the requirements, and stay informed about any changes by checking often with the Marriott School of Management Advisement Center.

Students interested in management as a major must make application for the management major. A separate application to the School of Accountancy, Finance Department, or Information Systems Department is necessary for those seeking an accounting, finance, or information systems major. Students not accepted into the program should work closely with advisement personnel to select a new major outside the Marriott School.

To be eligible for admission, cumulative GPA must be at least 3.0 in the pre-management courses, with no more than one repeat for each class. No grade lower than a C– will be acceptable.

Not every student meeting the minimum requirements is guaranteed acceptance into the undergraduate program.

To see application information, see the college advisement center.

Programs

- Mathematics (BS)
- Mathematics (Minor)
- Mathematics: Applied and Computational Mathematics (BS)

Subject Areas

- MATH

Admission to Degree Program

The degree program in the Department of Mathematics is open enrollment.

The Discipline

Mathematics is a means of dealing with order, pattern, and number as seen in the world around us. The abilities to compute, to think logically, and to take a reasoned approach to solving problems are highly valued in society and are characteristics of any educated person. Mathematics is not just a body of knowledge, but a process of analysis, reasoning, comparison, deduction, generalization, and problem solving.

A mathematician's stock in trade is the ability to solve problems and to explain the solutions to others. Having once determined what the right questions are, solving problems involves analyzing both concrete and abstract situations, relating them to mathematical ideas, and using mathematical techniques to work toward solutions. Explaining the solution involves pointing out what has been solved and why the solution is valid.

Career Opportunities

Majors in mathematics (BS) prepare for a wide variety of careers. Some enter graduate school or professional schools and prepare for careers in such fields as college teaching, consulting, research and development, law, medicine, and business administration. Others take positions in government agencies, industrial laboratories, information management firms, or business organizations. All of them spend much time communicating with colleagues about the problems they are solving as they continue to learn more mathematics and share mathematical ideas with others.

Graduate Programs and Degrees

MS in Mathematics
PhD in Mathematics

For more information, see the Graduate Studies website.

General Information

Questions regarding placement should be directed to the Mathematics Department, 292 TMCB.

1. It is recommended that a student complete the following courses in high school:
    - 4 units of English
    - 1 unit of physics or chemistry.
    - 4 units of mathematics, including 2.5 units of algebra, 1 unit of geometry, and .5 unit of trigonometry. This qualifies a student to begin college mathematics with Math 112. If calculus is available in high school, a student planning to major in mathematics is strongly encouraged to take it; doing so requires completing one of the preceding algebra units before high school.
    - Advanced Placement (AP) credit is available in mathematics as follows:
        - A score of 3 on the calculus AB exam gives credit in Math 110 and 111; a score of 4 or 5 on the calculus AB exam gives credit in Math 110 and 112.
        - A score of 3 on the calculus BC exam gives credit in Math 110 and 111; a score of 4 on the calculus BC exam gives credit in Math 110 and 112; a score of 5 on the calculus BC exam gives credit in Math 112 and 113.
        - An AP student without credit in Math 112 must begin with Math 112; an AP student without credit in Math 113 must begin with Math 112 or 113.
    - AP students should direct Educational Testing Service (ETS) to report scores to BYU to have credit posted.

Questions regarding placement should be directed to the Mathematics Department, 292 TMCB.

Programs

- Mathematics Education (BS)
- Mathematics Education (Minor)

Subject Areas

- MTHED

Admission to Degree Program

Candidates for all teacher preparation programs are required to complete an application that includes core criteria for each program.

The Discipline

Mathematics is the discipline through which we make sense of the order, patterns, and quantitative situations we perceive in the world around us. The foundational skills of this discipline—the abilities to formulate, focus, and solve problems; to articulate, test, and justify conjectures; to communicate one's reasoning about quantities and the relationships between them; and to see connections between different mathematical ideas and real-world contexts—are highly valued in society and are characteristics of any educated person. Mathematics is not only a body of knowledge but also a process of analysis, reasoning, comparison, deduction, generalization, and problem solving.

Mathematics educators depend heavily upon their own understanding of mathematics in order to identify and articulate the mathematical ideas they want students to learn, to assess which concepts their students already understand that might serve as a foundation for learning, and to develop activities that help students develop rich understandings. They also use their understanding of the nature of the discipline to structure a culture of inquiry, reasoning, and

problem solving in their classrooms.

Courses in the undergraduate program are designed to help prospective teachers plan, manage, and implement classroom activities that facilitate students' learning of mathematics. Specific program goals include (1) mastery of the foundational skills of mathematics, (2) deep reflection on mathematics learning at all levels through observation of and participation in high-quality classroom practice, (3) increased autonomy and confidence as an investigator, active learner, and productive thinker, and (4) extended field experience, informed by the best current understanding.

Program faculty include educational and mathematical researchers, specialists in both preservice and inservice teacher education, and school practitioners, spanning a broad range of interest and experience.

Career Opportunities

Majors in mathematics education prepare for careers in teaching at the middle school and junior and high school levels or for graduate studies in the field.

Graduate Programs and Degrees

MA in Mathematics Education

For more information, see the Graduate Studies website.

General Information

It is recommended that a student complete the following courses in high school:

- 4 units of English.
- 1 unit of physics or chemistry.
- 4 units of mathematics, including 2.5 units of algebra, 1 unit of geometry, and .5 unit of trigonometry. This qualifies a student to begin college mathematics with Math 112 (honors section). If calculus is available in high school, a student planning to major in mathematics education is strongly encouraged to take it; doing so requires completing one of the preceding algebra units before high school.
- Advanced Placement (AP) credit is available in mathematics as follows:
    - A score of 3 on the calculus AB exam gives credit in Math 110 and 111; a score of 4 or 5 on the calculus AB exam gives credit in Math 110 and 112.
    - A score of 3, 4, or 5 on the calculus BC exam gives credit in Math 112 and 113.
    - An AP student without credit in Math 112 must begin with Math 112 (honors section); an AP student without credit in Math 113 must begin with Math 112 or 113 (honors sections).
    - AP students with credit in Math 113 are urged to begin with Math 113 (honors section) anyway, unless they scored 5 on the calculus BC exam.
    - AP students should direct Educational Testing Service (ETS) to report scores to BYU to have credit posted.

Questions regarding placement should be directed to the Mathematics Education Department, 167 TMCB.

Programs

Mechanical Engineering (BS)

Subject Areas

ME EN

Admission to Degree Program

The degree program in the Department of Mechanical Engineering carries special enrollment limitations. Please see Professional Program Acceptance below and the college advisement center for specific details.

Graduate Programs and Degrees

MS in Mechanical Engineering
PhD in Mechanical Engineering

For more information, see the Graduate Studies website.

The Discipline

Mechanical engineers work with concepts, ideas, and products that are primarily mechanical or energy related. Mechanical engineering is a broad discipline that prepares a person to contribute in a wide range of fields such as aerospace, computer graphics, power generation, machine tools, petroleum, agricultural and construction equipment, medicine, government, and all types of transportation. A mechanical engineer may work in research, design, analysis, manufacturing, testing, operations, sales, or management. Engineers use critical problem-solving methods and basic principles of mathematics and science to creatively solve problems.

Educational Objectives

The Brigham Young University Department of Mechanical Engineering bachelor of science program pursues the following objectives:

1. Teach the fundamental concepts of math, science, and mechanical engineering to produce graduates who demonstrate technical excellence and provide service to their profession, community, family, and church.
2. Instill a desire and ability to learn continuously, both through study and faith, to enable graduates to meet the changing demands of their profession and personal life.
3. Provide practical and open-ended engineering experiences to develop graduates who think independently and demonstrate leadership and creativity.
4. Engage students in activities to produce graduates who communicate and work effectively and ethically with people of diverse backgrounds.

Program Outcomes

To assure that these objectives are reached, the department has articulated twelve outcomes of the BS program. Each student graduating from this program is expected to have:

1. A basic understanding of fundamental physical phenomena and governing principles.
2. The ability to develop and solve mathematical models of fundamental physical phenomena and apply them to predict the behavior of engineering systems.
3. The ability to use engineering principles to design an innovative system, component, or process to meet desired needs.
4. The expertise to plan and conduct an experimental program and evaluate the results.
5. The ability to use modern engineering tools and techniques in engineering practice.
6. An understanding of manufacturing processes and planning.
7. Effective oral and written communication skills.
8. The ability to work with and lead others to accomplish goals.
9. An appreciation of history, philosophy, literature, science, and the fine arts and how they influence the culture and behavior of societies.
10. Personal behavior demonstrating and practicing high moral and ethical standards.
11. The ability to practice engineering in a global environment.
12. A desire for and commitment to lifelong learning and service.

All courses in the curriculum are designed to help achieve these outcomes.

The curriculum in mechanical engineering is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, Inc. (ABET).

Career Opportunities

A bachelor of science degree in mechanical engineering provides widely recognized professional training for careers in industry, government, and other areas. Most industrial companies hire some

mechanical engineers. Companies that make mechanical or energy-related products may hire mostly mechanical engineers. As a result, many mechanical engineering positions are available worldwide. Mechanical engineers have job opportunities in companies involved in such areas as aircraft and spacecraft design; manufacturing processes; product safety and reliability; solar energy; electronic equipment packaging and cooling; power plant design; jet, train, truck, and automobile engines; environmental protection; artificial intelligence; robotics; medical and hospital equipment; new material development and applications; and technical writing.

A graduate in mechanical engineering is prepared for advanced studies in the field as well as in a variety of other disciplines, including law, medicine, and business administration. Perhaps most important to graduates are the problem-solving strategies and thinking processes acquired in the study of mechanical engineering that help one to succeed in any area of endeavor.

General Information

Any student may choose to major in mechanical engineering and to enroll in all classes in the preprofessional program (items 1 and 2 under BS Mechanical Engineering Major Requirements).

Professional Program Acceptance

Students must be accepted into the professional program before they may take the professional Me En core or technical electives (items 4 and 5 in major requirements). To apply, students must have completed the following five courses at a college or university with an accredited engineering program (neither AP nor concurrent enrollment credit meet this requirement):

1. Phscs 121.
2. One course (the first college course taken) from the mathematics core (item 2 in the major requirements).
3. Me En 101.
4. Me En 191.

Acceptance is based on the average GPA from the courses listed above where all courses will be weighted equally regardless of credit hours for the class. The GPA cut-off is determined by fixing the number of students admitted to the program and will vary from year to year. The current limit of students admitted per year is 180 and the GPA cut-off for the past year was 3.20. Both the limit and GPA cut-off are subject to change.

Only one repeat of each course is allowed for purposes of determining professional program acceptance. The higher of the two grades for a repeated course will be used to calculate the GPA. Transfer students from institutions that do not have accredited engineering programs will be considered for provisional admission for one semester based on transferred courses but will be retained or denied based on three courses taken at BYU. The courses used will be the next three courses on the mechanical engineering flow chart following courses 1-3 listed above.

Normal application deadlines are July 1, October 1, and February 1. Applications from transfer students who have been admitted to the university may be considered at other times.

Professional program application forms are available in the major department and also online.

Academic Standards and Continuance

On gaining acceptance into the professional program, students must maintain a minimum university cumulative grade point average of 2.0. No more than 6 credit hours of grades below C– in major courses (catalog requirements 1-6) may be applied toward graduation. A professional program course (a required course not included in pre-professional program) may not be retaken more than once.

Subject Areas

- MMBIO

Admission to Degree Program

All degree programs in the Department of Microbiology and Molecular Biology are open enrollment. However, special limitations apply for medical laboratory science.

The Discipline

The Microbiology and Molecular Biology Department offers degrees in microbiology, molecular biology, and medical laboratory science. A wide range of courses may be incorporated into a program of study, including: ecology, genetics, immunology, microbial physiology, molecular biology, molecular evolution, parasitology, and pathogenesis.

Career Opportunities

Graduates are employed in a wide variety of positions in industry, hospitals, government agencies, and universities. Majors from this department are an excellent preprofessional course of study for those interested in medicine, dentistry, law, or business.

The following courses are recommended for those students interested in graduate and professional programs:

Chem 351, 352, 353, 481.
Math 112 and 113.
Phscs 105, 106, 107, 108.
Stat 221.

Middle Eastern Studies - Arabic Program

IAS Middle Eastern Studies - Arabic Program

Department Information

273 HRCB
801-422-3548
http://kennedy.byu.edu/european-studies/

Advisement Center

Programs

- Middle East Studies (Minor)
- Middle East Studies / Arabic (BA)

Subject Areas

- MESA

The Discipline

Middle East Studies examines the Arabic-, Turkish-, and Persian-speaking peoples and countries of the Middle East from a variety of perspectives. The region itself provides the focus, but historians, political scientists, anthropologists, economists, geographers, linguists, art historians, and literary and religious scholars all provide important insights into the area, each from the context of their own discipline. Undergirding all of these perspectives is linguistic skill in Arabic, through which access to original sources, press analyses, and native speakers is possible. Middle East Studies as a whole tries to integrate these insights and to provide analysis and understanding that go beyond any single discipline.

Career Opportunities

The Middle East Studies/Arabic major aims specifically to prepare students to work as analysts and experts on the Middle East for government agencies, businesses, and other organizations. Linguistic skill in Arabic, as well as a solid understanding of the history, politics, and culture of the region is vital to these agencies, many of them desperate for real expertise and language ability. With its integrated, interdisciplinary focus on a single region and a strong emphasis on acquiring a

usable knowledge of Arabic, it is also a good liberal arts major for students planning a career in law, medicine, or business in general—in fact, any field where a broad understanding and finely honed analytical and writing skills are valued.

Programs

Military Science (Minor)

Subject Areas

MIL S

Admission to Degree Program

Students must be accepted by the Department of Military Science into the program.

The Discipline

The Army Reserve Officer Training Corps (ROTC) Leadership Excellence Program is designed to produce highly qualified commissioned officers in the U.S. Regular Army, the U.S. Army Reserve, or the U.S. Army National Guard. Students specialize in the major field of their choice and graduate with the ability to function as a junior executive.

Career Opportunities

Officer in the U.S. Army in the career field of:

Adjutant General's Corps (Human Resource Administration)
Air Defense Artillery
Armor
Aviation
Chemical Corps
Engineers

Field Artillery
Finance Corps
Infantry
Judge Advocate General's Corps (Legal)
Medical Corps (dentists, doctors, veterinarians)
Medical Service Corps (health care administrators)
Military Intelligence
Military Police (Law Enforcement)
Nurse Corps
Ordnance Corps (Logistics)
Quartermaster Corps (Logistics)
Signal Corps (Information Technology)
Transportation Corps (Logistics)

General Information

Textbooks, Uniforms, and Allowances. All textbooks, uniforms, and training materials are furnished by the U.S. Army. Those in the advanced course receive a $450 to $500 monthly allowance and approximately $900 for participation in Cadet Summer Training for four weeks during the summer between the junior and senior year.

Army ROTC Scholarship Program. Scholarships are available on a competitive basis. Senior students in high school may qualify for a four-year scholarship. College students may also qualify for a four-, three-, or two-year scholarship. The scholarship provides for tuition and fees or room and board, a textbook allowance, and from $300 to $500 per month (up to ten months per year) for the period of the scholarship. Students who qualify must complete their degree program prior to their thirty-first birthday. Contact the Military Science Department for application procedures and specifics.

SMP Program (Simultaneous Membership Program). Students already members of the Army Reserve or National Guard may concurrently participate in ROTC and qualify for additional pay and benefits, to include tuition assistance.

Extracurricular Activities. Army ROTC cadets extend academic and laboratory associations into a variety of extracurricular ROTC activities. Among these are the Ranger Challenge team, Army Color Guard, Cannon Crew, marksmanship team, annual Military Ball, and many school service projects performed by the corps of cadets.

LDS Missions. Students, including scholarship recipients, who wish to serve a two-year LDS mission can do so most conveniently right out of high school or after their freshman year. This allows students to be on campus during the spring of their sophomore year to facilitate their selection for the advanced course. Interruptions of the program at other times for a mission may be arranged by obtaining individual approval from the professor of military science.

Leadership Laboratory. Each course requires a corresponding leadership lab, which meets on Thursdays for three hours. The labs require physical activity, including: land navigation, mountaineering, rope bridging, marksmanship, and tactical training. Students are also expected to attend physical fitness training three times a week and one field training exercise per semester.

Program of Instruction. The ROTC Leadership Excellence Program is designed to produce commissioned officers for the United States Army. It has been described as the best leadership program in the nation. Training is experiential and demands that students practice leadership skills while completing their baccalaureate degree in their chosen course of study. Ultimately, students become qualified to serve as commissioned officers in the Regular Army, National Guard, or Army Reserve. Upon graduation and follow-on training, these officers immediately become the leaders

of soldiers deployed abroad or at home in defense of the United States and her values. After graduation, it is possible for Reserve or Guard officers to fulfill their military obligation and pursue a civilian career simultaneously. Following the completion of service, BYU ROTC graduates often become effective leaders in their community, business, and church endeavors and are actively recruited for Fortune 500 companies.

Program Requirements

Scholarship students and students wishing to participate in the advance course must pass the Army Physical Fitness Test with a score of 60 points in each event. See an Army ROTC faculty member for more information.

Two-year program: Qualified veterans or students who complete CIET may qualify to enter the advanced course. Applicants for this two-year program may be upper-division or graduate students, provided a minimum of four semesters remain at BYU at the time of entry into the program. Students must complete a physical examination and other associated requirements.

1. The traditional Army ROTC Leadership Excellence Program extends over a four-year period compatible with normal progression through four years of college. It consists of two phases: a two-year basic course during the freshman and sophomore years and an advanced course designed for completion during the junior and senior years. Also included is a five-week Leadership Development and Assessment Course normally attended in the summer before the senior year. Students may receive academic credit for the first two years of ROTC by attending the month-long Cadet Initial Entry Training, (CIET) during the summer before the start of the advanced course. Basic course students are required to complete eligibility paperwork during the first two weeks of class.
2. Non-scholarship freshman and sophomore students incur no military obligation. Upon entering the advanced course, students agree to serve in the U.S. Army, they then begin to receive the monthly $450 to $500 subsistence allowance.
3. Non-U.S. citizens may participate in the basic course provided they obtain approval from their consulate and the BYU international student division and their travel documents are in order. International students apply for enrollment on a case-by-case basis but cannot participate in the advanced course unless they are pending citizenship. They may not be commissioned as officers until they are U.S. citizens.
4. To receive a commission as a second lieutenant in the U.S. Army, students must earn a baccalaureate degree and complete the advanced course. Those who are in a five-year academic program, such as engineering, may complete their Army ROTC courses at any point before graduation.
5. Upon commissioning, the new second lieutenant incurs an obligation to the U.S. Army, which may be filled by serving on Active Duty, in the U.S. Army Reserve, National Guard, Individual Ready Reserve (IRR), or various combinations of the above.
6. The basic course comprises the following:
   Mil S 120, 121, 220, 221.
7. The advanced course comprises the following:
   Mil S 320, 321, 420, 421.
8. Professional Military Education (PME): Before being commissioned, each cadet must complete one of the following military history courses during their course of study at BYU:
   Hist 220, 221, 293, 371, 372, 373, 374, 376, 391.
9. All contracted cadets are required to enroll in STAC 143R each semester or Mil S 425R for the physical training requirement.

Note: Courses not specified above may satisfy the requirement but only if approved by the professor of military science prior to enrollment.

Subject Areas

Admission to Degree Program

Enrollment in the School of Music's degree programs is limited. Prospective majors must pass an audition and aural skills exam. Please consult the General Information section below and visit the college advisement center for details.

The Discipline

The School of Music celebrates musical artistry and understanding as core elements of the human experience, crucial components of a liberal education, and central aspects of a spiritual life.

In the School of Music, students learn self-expression and self-discipline through rigorous practice and passionate performance. They develop an acute sensitivity for collaboration and artistic cooperation through intensive ensemble work. In the study of music theory and history, students learn to hear and appreciate various musical languages, distinguish nuances of style, and discern the connections between musical developments and their cultural contexts.

Students learn in a variety of situations: private lessons, small seminars, multimedia labs, ensembles, recitals, and lectures. They are encouraged to participate actively in the vibrant musical environment of the School of Music by attending concerts, lectures, and workshops, and by contributing to a student culture of independently motivated artistic engagement. These experiences foster a holistic approach that embraces academic rigor, artistic intuition, creative ambition, physical grace, and expressive eloquence.

In pursuit of the University's spiritual aims, students learn the divinity inherent in creativity and the devotion expressed by the nurturing of one's craft.

Career Opportunities

The School of Music leads its students toward careers in performance, studio teaching, music education, creating and managing music projects for the media, recording and sound technology, arts management, music journalism, composition, and other music-related professions. Because the music curriculum is rigorous, it is also an excellent pre-professional course of study for those interested in fields as diverse as law, business, library science, or medicine. Whatever degrees one obtains, however, an education in music pertains not only to earning a living through art but also using art to enhance one's satisfaction and joy in life.

Graduate Programs and Degrees

MA in Music

MM in Music

For more information, see the Graduate Studies website.

General Information

1. Admission applications to the School of Music must be received by January 15 (or December 1 for violinists and classical vocalists).
2. All entering students (including transfer students) must pass a performance audition on their major instrument (or voice). Live auditions are held on the last Saturday of January. Students who cannot attend the live audition must submit an audio or video recording for consideration; these recordings must be received by January 15. See the School of Music office (C-550 HFAC) for further details regarding the audition process and requirements, or call (801) 422-8903.
3. All entering students must also pass an aural skills examination. They may take this examination in one of three ways: (1) in a group, at admissions auditions on the last Saturday of January; (2) individually, at the BYU Testing Center (call [801] 422-6147 to schedule times), or (3) individually by proctor at other locations (only if you are NOT coming to campus for a live audition; you live outside of Utah County; and you are unable to come to BYU campus and take the test in the Testing Center. Call the School of Music office to arrange). Students may take the exam as many times as desired to improve their score. (Students who receive a score of 4 or 5 on the aural part of the AP music exam are exempt from this test.)
4. All students who do not have a keyboard emphasis (piano or organ) must complete the piano proficiency requirement by the end of the sophomore year. Students can fulfill this requirement by (1) taking one or both of Music 221, 222, or by (2) taking the Piano Proficiency Exam. (Call the School of Music for more details.)
5. Upon acceptance as a music major, each student must meet with their academic advisor in the college advisement center.
6. Students who pass either part of the AP Music Test with at least a score of 4 should check with the college advisement center before registering for core courses.
7. All major performance instruction must be in the same instrument (or voice), with the following exceptions: Commercial Music and Composition students, with approval from their division coordinator, main studio teacher, and secondary studio teacher, may opt to fulfill a portion of their studio lesson requirement on a secondary instrument.
8. All students registered in Music 161, 250R, 260R, 360R, or 460R must complete an examination before a faculty jury on their major instrument (or voice) near the end of each semester of performance study. (With the approval of the faculty, students may elect to substitute a juried public recital for a jury examination.) Students wanting to enter Music 360R or 460R (normally after the sophomore year) must first be granted approval to do so by a faculty jury.
9. All students must fulfill the ensemble requirements of their individual degree programs as described below: Ensemble requirements are filled through a mixture of assigned "Category 1: Approved Large Ensembles" and "Category 2: Other Ensembles Approved for the Major," as listed in each degree program.

   Approved Category 1 ensembles include Music 312R: Men's Chorus, Music 313R: Women's Chorus, Music 314R: Concert Choir, Music 315R: University Singers, Music 325R: Symphonic Band, Music 326R: Wind Ensemble, Music 337R: Symphony Orchestra, and Music 338R: Philharmonic Orchestra. Only one approved Category 1 ensemble per semester may count toward this requirement, and students may not enroll in more than two conducted or directed ensembles per semester. This ensemble assignment is determined by the student's major instrumental teacher or by choral audition, not by the student. For all BA or BM music students, the total ensemble requirement should be completed in consecutive semesters of enrollment beginning the freshman year.

   Please note:

- Commercial Music and Composition students, with approval from their division coordinator and main studio teacher, may fulfill part of their Category 1 Ensemble requirement by auditioning and performing on a secondary instrument. Students who play guitar or piano as their principal instrument may also count participation in Music 333R: Jazz Ensemble or Music 334R: Synthesis toward their Category 1 Ensemble requirement.

- In certain circumstances, music majors may be allowed to count participation in the non-auditioned ensembles (Music 311R: University Chorale, Music 321R: University Band, and Music 322R: University Orchestra) toward their Category 1 requirement with permission from their respective studio teacher and the ensemble conductor.

10. All transfer students must have their previous university work in music evaluated by the appropriate BYU School of Music faculty members to determine what credits will be accepted in the transfer (see the college advisement center for referrals). We subscribe to the policy of the National Association of Schools of Music and carry no obligation to accept upper-division music credits from other member schools.
11. If a School of Music student receives an E grade twice in any one course within his or her major, s/he will not be allowed to proceed in the major. Also, a registration hold will be placed on the student's records pending a meeting with an academic advisor to determine an alternative plan of study. Only in rare and extreme cases will the School of Music consider petitions to take a course a third time and have major status reinstated.
12. Students temporarily leaving the School of Music for a mission are required to file a deferment form with the university's Admissions Office and notify the School of Music Admissions Assistant of their intent to defer. Students intending to enter the School of Music during the school year immediately following mission service are highly encouraged to apply and audition for admission to the School of Music (see #1-3) prior to departure.
13. All School of Music students are expected to attend at least eight concerts and two School of Music-sponsored lectures each semester. For more information, see the "Undergraduate Handbook" published online by the School of Music.

Neuroscience (BS)

Subject Areas

NEURO

The neuroscience undergraduate program is an interdisciplinary program that allows students to seek advisement at the College of Life Sciences Academic Advisement Office or the College of Family, Home, and Social Sciences Advisement Center.

Admission to Degree Program

The degree program in the Neuroscience Center is a open enrollment program.

The Discipline

Neuroscience is the field of study covering the development, structure, and function of the central nervous system and its connection to influencing/regulating behavior. The study of neuroscience examines topics such as neuroanatomy, physiology of nervous system cells and circuits, molecular neuroscience, neuropharmacology, neuroimaging, systems and behavioral neuroscience, cognition, and neural dysfunction and disease. The interdisciplinary nature of neuroscience requires the tools provided by experience and training in biology, genetics, physiology, molecular biology, chemistry (general, organic, and biochemistry), physics, psychology (hormones and behavior, memory, cognition, sensation, and perception), statistics, calculus, and research design and analysis.

The objectives for the Neuroscience Center and major are to (1) establish and promote an interdisciplinary education in neuroscience, (2) produce scientifically literate individuals having the ability to design, conduct, and analyze research activities, and (3) have students think critically in an integrative fashion based upon research-rich and inquiry-based academic curricula.

Career Opportunities

Neuroscience prepares students to pursue advanced degrees in graduate school or to enter into the pharmaceutical and biotechnology workforce. Neuroscience is an excellent preprofessional field of study for those interested in health professions, law, or business.

Nursing (BS)

Subject Areas

NURS

Admission to Degree Program

The degree programs in the College of Nursing carry special enrollment limitations. Please see the college advisement center for specific details.

The Discipline

Brigham Young University's baccalaureate nursing program prepares general clinicians with the knowledge, skills, leadership abilities, and values commensurate with professional nursing practice. Nursing education builds on the sciences, humanities, and religious studies to develop the strong theoretical and practical base necessary to understand and meet the needs of people in various health care settings.

Learning comes alive as students move from the classroom through the clinical simulation laboratory to actual patient care. Students assess, diagnose, and treat actual and potential human responses in an effort to promote, restore, or maintain health. Baccalaureate graduates develop their ability to be sensitive to the welfare of others, communicate effectively, evaluate research findings, think critically, solve problems, and utilize appropriate technology as they provide quality nursing care to people of all ages and from diverse backgrounds.

Career Opportunities

Career positions are available in various health care settings.

Graduate Programs and Degrees

MS in Nursing

For more information, see the Graduate Studies website.

Undergraduate Admittance Requirements

The following criteria have been established for acceptance and progression in the baccalaureate program.

1. Be fully matriculated at BYU.

Acceptance into the nursing major is competitive and restricted to a limited number of openings each year. Not all students who meet the minimum requirements are guaranteed acceptance into the program.

2. Applicants are evaluated on a variety of criteria using a point system. Admission criteria has included academic progression; overall college GPA; ACT/SAT; written communication skills; community, school, and church service; recommendations from employers and/or educators; and the professional judgment of the admissions committee. In the last three years, the average GPA of students accepted into the program has been from 3.71 to 3.89, with a range of 3.60 to 4.0.

3. Complete the following before beginning nursing courses:

Chem 285.

NDFS 100.

Nurs 180.

PDBio 220.

SFL 210 or Psych 220.

Additionally, 16–20 total hours from the university core.

Note: Students may apply to the baccalaureate program during the semester they are completing BYU nursing prerequisite courses, if classes are taken at BYU.

4. Students with English as a second language: Take the English Proficiency Examination plus all ESL service courses as recommended by the examination outcome. Successfully complete Nurs 102. The college requires a TOEFL score of at least 237 (computer based) or 93 (IBT).

5. Maintain a C grade or above in all nursing courses, including prerequisite and supporting courses. A grade of C– does not allow advancement to the next course in the sequence and a minimum of 3.0 GPA must be maintained in order to graduate.

General Information

The college nursing program is accredited by the Commission on Collegiate Nursing Education.

Clinical Assignments and Transportation.

Educational experiences are generally located in the Wasatch Front. Didactic courses are taught in Provo. Clinical experiences are generally in agencies throughout the Wasatch Front. Visits to agencies and client homes are also required. To achieve the best possible clinical education, students will need to travel throughout their course work. Access to a car is highly recommended. Students are responsible for their own transportation. Multicultural and international clinical experiences are also available during a specific spring term in the program.

Programs

- Logic (Minor)
- Philosophy (BA)
- Philosophy (Minor)
- Theoretical and Applied Ethics (Minor)

Subject Areas

- PHIL

Admission to Degree Program

All degree programs in the Department of Philosophy are open enrollment until the end of a student's sophomore year (60 credit hours), after which permission to add a minor or double major, or to change an existing major/minor must be obtained from the advisement centers of both the current major and the new major. To declare a philosophy major or minor prior to the end of a student's sophomore year, contact or visit the College of Humanities Advisement Center.

The Discipline

From its inception in ancient Greece down to the present, philosophy has sought to examine and understand life in all its wondrous complexity. In seeking answers to enduring questions about good and evil, and the nature of the real, and the power of the beautiful, philosophy discloses its faith in the ability of reason to discover and communicate truth. Philosophy's correlative respect for the authority of logic and rational argument fosters an intellectual environment wherein open dialogue is essential and conflicting opinions are respected, but in which beliefs must be scrutinized, claims must be validated, and a love of truth, goodness, and wisdom must guide one's every action.

Students who study philosophy will find that it not only provides them invaluable insight into life's deepest concerns, it also helps them develop their capacity for critical thought, perceptive judgment, and cogent argumentation. And a few transferrable skills will serve those students better as they pursue further education or begin their careers.

Career Opportunities

Philosophy offers excellent preparation for a variety of career paths, especially law, medicine, and business. The value of a major or minor in philosophy resides in the intellectual development it promotes and the transferrable skills it nourishes. Philosophy majors perennially top the charts in standardized exams like the GRE, LSAT, and MCAT, especially on the verbal aptitude and analytic thinking sections. They also enjoy extremely high rates of acceptance to graduate programs and professional schools, whatever the discipline. And with increasing frequency, studies show that philosophy majors who pursue business and other non-academic careers often out-earn their colleagues. No doubt, this is because philosophy students master the logic, reading, writing, and critical thinking skills that such pursuits so often require. In short, philosophy not only prepares students for a rewarding life, but for any type of work that requires highly developed abilities in analytical reasoning and effective communication.

General Information

The Department of Philosophy strongly recommends that philosophy majors double-major in another field to help them complete the 120 hours required for graduation. We also recommend that they consider taking StDev 317 and HColl 110. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, StDev 317 is recommended to help liberal arts students focus on specific educational and occupational goals and to introduce them to graduate/professional school and employment preparation strategies, internships, available educational opportunities, and a variety of career options. HColl 110 introduces students to the culture and acadedmic landscape of the humanities, and teaches them how to market and employ their liberal arts education in today's challenging job market.

Philosophy students are also encouraged both to complete one of the many internships supported and funded by the College of Humanities (regardless of individual career goals), to learn a foreign language, and if finances allow, to study abroad for a semester.

Admission to Degree Program

All degree programs in the Department of Physics and Astronomy are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Over the centuries physicists and astronomers have studied the fundamental principles that govern the structure and dynamics of matter and energy in the physical world, from subatomic particles to the cosmos. Physicists also apply this understanding to the development of new

technologies. For example, physicists invented the first lasers and semiconductor electronic devices.

Physics and astronomy students learn to approach complex problems in science and technology from a broad background in mechanics, electricity and magnetism, statistical and thermal physics, quantum mechanics, relativity, and optics. The tools they develop at BYU include problem solving by mathematical and computational modeling, as well as experimental and observational discovery and analysis. All students gain professional experience in a research, capstone, or internship project, usually in close association with faculty. Together these experiences can provide excellent preparation for employment or for graduate studies in physics, other sciences, engineering, medicine, law, or business.

Most physicists and astronomers work in research and development in industrial, government, or university labs to solve new problems in technology and science. They also share the beauty discovered in our physical universe by teaching in planetariums, high schools, colleges, and universities.

Career Opportunities

- "More than most other majors, a physics degree is a passport into a broad range of science, engineering, and education careers." — Sloan Foundation

A degree in physics or physics–astronomy can provide:

1. Preparation for those who intend to enter industrial or governmental service as engineers, technicians, physicists or astronomers.
2. Education for those who intend to pursue graduate work in physics or astronomy.
3. Education in the subject matter of physics for prospective teachers of the physical sciences.
4. Undergraduate education for those who will pursue graduate work in the professions: business (e.g., an MBA), law (especially patent law), medicine, medical physics, etc.
5. Science, technical, and research background for graduate school in engineering, biophysics, or physical sciences.
6. Physics fundamentals required by the biological science, medical, dental, nursing, and related programs.

For more information about careers for physics and astronomy majors, see Careers for Physics Majors.

Graduate Programs and Degrees

MS in Physics
PhD in Physics
PhD in Physics and Astronomy

For more information, see the Graduate Studies website.

General Information

1. It is recommended that a student complete the following courses in high school:

   Students in physics should take mathematics beginning the first semester of the freshman year. Most physics majors begin with Math 113. If calculus was not studied in high school, students can take Math 112 concurrently with Phscs 121 during the fall semester; then continue with 113 in winter semester.

   - 3 units of English
   - 1 unit of physical science, either chemistry or physics.
   - 4 units of mathematics, consisting of algebra, geometry, trigonometry, and calculus. This should qualify students to begin college mathematics with Math 113, Calculus 2.

     Because mathematics provides the foundation for all work in the physical and mathematical sciences, high school preparation in this subject is of particular importance.

2. Students are strongly urged to gain experience in computer programming.

Programs

- Biophysics (BS)
- Physiology & Developmental Biology (BS)

Subject Areas

- PDBIO

Admission to Degree Program

All degree programs in the Department of Physiology and Developmental Biology are open enrollment.

The Discipline

Physiology is the study of the *functions* of the body systems. Developmental biology is the study of how specific genes govern differentiation of cells, tissues, and organs with unique structure and functions. Both disciplines require a firm foundation of mathematics, chemistry, physics, and cellular biology. The related area of biophysics uses the methods of physics, chemistry, mathematics, and biology to investigate the *physical* basis of life.

Upper-division courses require synthesizing and integrating information from many areas of science to allow understanding of such remarkable processes as how the heart pumps blood, how neurons communicate with one another, how insulin regulates blood sugar, and how specific gene products determine the morphology and functional capacity of the nervous system. Knowledge in these areas is expanding rapidly as new techniques are applied in molecular biology. Hence, significant exposure to the concepts and techniques of molecular biology is an important component of the major.

Career Opportunities

A major in physiology and developmental biology prepares students to pursue advanced degrees in either the biological sciences or nonbiological fields or to enter directly into employment. This major provides outstanding preparation for students seeking admittance into professional programs in medicine, dentistry, optometry, podiatry, chiropractic, or pharmacy. Students who have aspirations of doing health-related research will find a challenging, thorough preparation for entrance into graduate programs and beyond. Graduates of the program will also have the academic and laboratory skills necessary for employment in medical, biotechnological, and pharmaceutical industries. This degree offers students pursuing advanced degrees in business, public management, or law the knowledge and training necessary to be admitted into professional schools and work in governmental agencies, health care and biotechnical industries, and patent or health care law.

Graduate Programs and Degrees

MS and PhD degrees are offered.

For more information, see the Graduate Studies website.

Programs

- Environmental Science (BS)
- Environmental Science (Minor)
- Genetics & Biotechnology (BS)
- Landscape Management (BS)
- Landscape Management (Minor)
- Wildlife & Wildlands Conservation (BS)

Subject Areas

- PWS

Admission to Degree Program

All degree programs in the Department of Plant and Wildlife Sciences are open enrollment.

The Discipline

Disciplines in the Department of Plant and Wildlife Sciences focus on four of the great dilemmas facing mankind in the twenty-first century: harnessing biological technology to meet the needs of an expanding human population in the developing world; assessing and minimizing the impact of human activities on an increasingly vulnerable environment; management and conservation of wildlife and wildlands; and managing landscapes to meet increasing water, space, and other resource limitations while enhancing the aesthetic quality of urban environments.

Majors offered provide a flexible education for directly entering the job market or preparing for graduate or professional schools in business, engineering, the health professions (medical and dental schools), landscape architecture, law, natural resources, public administration, or science.

Career Opportunities

Genetics and Biotechnology

The discipline of genetics and biotechnology focuses on applications of molecular biology and genomics to solve problems related to health, crop and animal production, forensics, and environmental remediation. This field holds tremendous promise for meeting food sustainability needs in the developing world, delivering medical treatments customized to each patient's genomic makeup, and reducing human impacts upon the environment. The major program educates students in scientific principles and current biotechniques through a combination of classroom instruction and mentored laboratory experience on original research projects with faculty and graduate students. Graduates are prepared for immediate employment in the biotechnology industry or for graduate study in biotechnology, molecular genetics, or the health professions. An optional, integrated track in biotechnology business affords students the option of obtaining a management minor through the Marriott School of Management in preparation for management careers in life sciences industries or for law school and subsequent careers as biological patent attorneys.

Environmental Science

Students majoring in environmental science learn fundamental principles of ecology; biodiversity; conservation; chemistry; engineering; geology; geography; and plant, animal (invertebrate/vertebrate), and soil sciences to help them solve environmental problems. They are prepared for graduate study and direct employment in fields dealing with assessing and remediating human-induced environmental impacts, as well as for careers in law, business, and the health professions.

Landscape Management

This program is accredited by the Professional Landcare Network (PLANET), the leading professional organization in landscape contracting. The major combines practice and instruction in horticultural science, business, and landscape design to prepare students for employment as managers in landscape contracting or for graduate studies in business, law, landscape architecture, and horticulture.

Wildlife and Wildlands Conservation

Wildlife and wildlands conservation is directed at managing wildland ecosystems-optimizing the function and services of natural ecosystems. Students are educated in wildland plants, animals, soils, and ecology, as well as wildlife and land management techniques. Graduates are well prepared to deal with complex issues involving wildlife and wildlands management and the overall conservation of natural resources.

This degree program qualifies students to work for a wide array of government and private land-management and conservation agencies. Students can qualify for federal job series employment in wildlife biology, range conservation, ecology, zoology, and botany. Common employers of these students include the U.S. Forest Service, Bureau of Land Management, Natural Resource Conservation Service, Fish and Wildlife Service, Park Service, and state wildlife management

agencies. Graduates are well prepared to deal with complex issues involving wildlife and wildlands management and the overall conservation of natural resources.

Programs

- International Strategy and Diplomacy (Minor)
- Legal Studies (Minor)
- Political Science (BA)
- Political Science (Minor)
- Political Science Teaching (Minor)
- Political Strategy (Minor)

Subject Areas

- POLI

Admission to Degree Program

All degree programs in the Department of Political Science are open enrollment.

The Discipline

The political science major is designed to fulfill the admonition of the Doctrine and Covenants (88:79–80) to teach one another "things which are at home, things which are abroad; the wars and the perplexities of the nations, and the judgments which are on the land; and a knowledge also of countries and of kingdoms that ye may be prepared in all things."

Politics extends far beyond the immediate concerns of politicians or pollsters; it is essential to the

human condition. Since we are all shaped by the institutions we inhabit, political science helps us to understand not only our world but ourselves. It involves fundamental choices concerning our life in communities whether locally, nationally, or globally. Without politics there could be only chaos and conflict. With politics there is the chance for order and thus the opportunity to seek prosperity and fulfillment. Often conflictual but just as often cooperative, politics reflects our basic needs and interests, our highest aspirations, and the often harsh requirements of power.

Political science involves this full range of inquiry, including questions of "who gets what," questions of the best or most just political order, and questions of the nature, uses, and abuses of power. Political science students will be exposed to a broad range of perspectives or great ideas about politics to better understand questions such as "Why is campaign finance reform so difficult?" "Why did the Soviet Union fall?" "Were the Athenians justified in condemning Socrates to death?" and "Do democracies fight fewer wars?" Students will learn a variety of methods ranging from statistical analysis of quantifiable data to historical comparison of institutions to reflection on influential texts. Before graduating, students will not only better define their own values and ideas about politics but also develop their own significant research project as political scientists. Students will be prepared "in all things" to influence their communities for the better.

Career Opportunities

The Political Science Department offers an undergraduate degree in Political Science for students who are preparing for public service, graduate study in related fields, or professional degrees in law or business, as well as for liberal arts students who are interested in an undergraduate major that focuses on challenging questions facing modern society. The program is structured around a series of tracks that match these vocational choices.

Internships

All political science students should enrich their undergraduate education and enhance their career prospects with an off-campus internship experience. Several high-quality opportunities are available for which credit may be earned toward the major or minor.

Washington Seminar. Students from any academic discipline spend a semester or term in Washington, D.C., working in government, business, communications, or the arts. Complementing course work involving readings and briefings on contemporary national issues is part of the curriculum. From 6 to 12 hours of upper-division credit may be earned.

Utah State Legislature Internship. During each winter semester students from any academic discipline may work as interns in the Utah State Legislature. Students interested in legislative and public policy processes will particularly benefit from the experience. Complementing course work can optionally be taken in conjunction with the internship. From 5 to 14 hours of upper-division credit may be earned.

State and Local Government Internships. Throughout the year students may intern with city, county, or state governments, as well as the district offices of U.S. senators and representatives or other relevant organizations(availability of positions may vary). From 3 to 6 hours of upper-division credit may be earned.

International Internships. The International Internship Program at the David M. Kennedy Center places students in a variety of internships with foreign governments and internation institutions. Some of these internships are eligible for credit towards the major.

Requirements

1. Internships should be completed during the junior or senior year. Prior to the internship students should have completed Poli 110 and 200.
2. Students must have a cumulative grade point average of 2.7 or better (Washington Seminar requires a 3.0) and be in good academic standing. Strong research and writing skills are important qualifications.
3. All internship programs have a strong and complementing academic component to help students gain the most from their experience. Students completing any of the above internships must be enrolled for credit.

Programs

- Psychology (BS)
- Psychology (Minor)
- Psychology Teaching (Minor)

Subject Areas

- PSYCH

Admission to Degree Program

All undergraduate degree programs in the Department of Psychology are open enrollment.

The Discipline

Psychology is a traditional discipline in the liberal arts and sciences and is rooted in the Western intellectual tradition. Since its founding in the late nineteenth century, psychology has distinguished itself primarily as a science with a wide scope of interests. Many psychologists also provide treatment for a broad range of disorders, and others work to solve pressing social issues. The diverse world community of academic and professional psychologists is devoted to expanding our understanding of individual and collective behavior and applying that understanding toward improving the human condition.

The department joins students and faculty together to make a scientific and applied contribution to the discipline of psychology. Its faculty members and administrators are committed to an educational experience that excites learning and understanding in personal and collaborative settings. At the same time the department honors the restored gospel as vital for psychological theory, as a guide for professional conduct, and as a source of unique insight. Aware of the history

of psychology and as active participants therein, faculty members hold students to high standards of individual and collective performance and understanding. Students are expected to respond to multiple styles of teaching and broad opportunities for engagement in research and application with serious and sustained interest and effort. In this way the department distinguishes itself as a community of scholarship, moral principle, and devotion to the elevation of humankind.

Career Opportunities

The psychology major is a gateway to professional employment and to advanced study in psychology. Psychologists engage in a variety of academic roles as teachers, researchers, and administrators and also provide counseling, clinical, and consulting services to individuals and organizations. Psychologists are employed by colleges and universities, public and private schools, clinics, and hospitals. They work in private practice and for corporations and government entities. The study of psychology has particular value for family life and for civic and cultural roles generally. The psychology major provides a well-informed perspective on human and organizational behavior in preparation for occupations in law enforcement, law, or business.

Most professional positions require a master's or doctoral degree, although a bachelor's degree may be sufficient to gain employment in mental health care, detention and probation services, auxiliary social work, personnel, or human resources. Further, the psychology major gives students a particularly strong background leading to graduate study in business, law, or medicine.

Programs

- Nonprofit Management (Minor)
- Recreation Management: Experience Industry Management (BS)
- Recreation Management: Therapeutic Recreation (BS)

Subject Areas

- RECM

Admission to Degree Program

The degree program in the Department of Recreation Management is limited. Please see the Marriott School of Management Advisement Center for specific details.

The Discipline

Students in the Department of Recreation Management may complete accredited emphases in Experience Industry Management (EIM) or Therapeutic Recreation (TR). The two emphases share a commitment to providing recreation opportunities, programs, and experiences focused on strengthening individuals, families, and communities. Therapeutic recreation and experience industry management, however, represent diverse approaches and opportunities for students. A minor in nonprofit management is also available.

Courses common to the two emphases prepare students in the areas of leadership and management skills, accounting and finance, marketing, human resources, and current societal issues and trends related to recreation choices and behaviors. The interdisciplinary nature of the profession allows students the opportunity to complete coursework beyond the Recreation Management Department. Students in both emphases take Marriott School courses and

Therapeutic Recreation coursework also includes classes in the behavioral and life sciences.

Experience Industry Management

The focus of the Experience Industry Management emphasis is on preparing students for the recreation, venue, and experience management professions in private, public, and nonprofit venues. The EIM curriculum is designed with the recognition that providing and managing recreation experiences and venues have emerged as an important factor of economic activity for communities, cities, states, and countries.

Therapeutic Recreation

Therapeutic Recreation students learn how to use recreation as a treatment modality to help people with illnesses and disabilities improve functional behavior, develop skills and abilities related to leisure and well-being, and improve quality of life. Graduates are eligible for state licensure and national certification, and work in a variety of healthcare and community-based settings. Therapists help individuals reduce depression, stress, and anxiety; overcome addictions and other emotional and behavioral problems, recover basic motor functioning and reasoning abilities, and socialize effectively so they can enjoy greater independence and reduce or eliminate the effects of their illness or disability. They accomplish this through interventions using arts and crafts, outdoor recreation, sports, games, dance, drama, music, or community outings. Therapists also help integrate people with disabilities into society by teaching them how to use community resources and recreational activities.

Career Opportunities

See specific career information under Experience Industry Management and Therapeutic Recreation options.

Programs

- Sociology (BS)
- Sociology (Minor)

Subject Areas

- SOC

Admission to Degree Program

All degree programs in the Department of Sociology are open enrollment.

The Discipline

Sociology is the study of social relations. For example, sociologists study social interactions, the relations of power, modern society, family and community life, organizations, and institutions. Among other things, sociologists study social change and social movements, diversity, the origins of inequality, and social conflict. The study of sociology includes learning about the theoretical perspectives and the diverse research methodologies that inform sociological analysis.

Career Opportunities

Students major in sociology in preparation for a number of different careers. Individuals are trained to analyze available information, summarize findings, draw conclusions, and solve problems. The study of sociology prepares a student for professional training in law, social work, public policy, and public or business administration. Sociology also provides training for occupations that do not require graduate training: commercial and retail sales, real estate, financial planning, information

management and analysis, and market research. Students interested in working for nonprofit organizations and for government agencies should consider majoring in sociology. Students interested in studying criminology or a career in law enforcement may also consider sociology as a major. Sociology is also good preparation for improving the quality of life in our families and communities.

Becoming a sociologist requires further graduate study, either a PhD or a master's degree.

- Spanish (BA)
- Spanish (Minor)
- Spanish Studies (Secondary Major) (BA)
- Spanish Teaching (BA)
- Spanish Teaching (Minor)
- Spanish Translation (BA)

Subject Areas

- SPAN
- PORT

Admission to Degree Program

Most degree programs in the Department of Spanish and Portuguese are open-enrollment programs. However, students wishing to declare a major in Spanish or Portuguese are asked to first

stop by the department office to fill out a clearance form in order to facilitate scheduling a meeting with a faculty advisor.

The Spanish Teaching and Spanish Translation programs are limited-enrollment programs. For information on applying to these programs, please contact the department.

The Discipline

The Spanish and Portuguese languages and literatures dominate the Iberian Peninsula, major parts of Africa, and the southern portion of the New World from Mexico to the Magellan Straits. Thirty countries have Spanish or Portuguese as an official or national language, with over 615 million speakers of these languages worldwide.

Such breadth—plus some 35 million speakers within the borders of the United States itself—gives multiple opportunities for developing skill in the spoken language, as well as in listening, reading, writing, and translation. Studying the Iberian roots of this large and important part of the population and learning about the people's perception of life also brings greater understanding of their values and their struggle for identity. A Spanish or Portuguese major makes for a demanding, intriguing, and pleasurable experience.

Career Opportunities

The field of teaching has always provided good employment opportunities for Spanish majors. In addition, opportunities for both Spanish and Portuguese have been found in government service (translation, U.S. State Department, CIA, FBI, Border Patrol, Peace Corps, NSA, USIA), business, social work, airlines, banking, etc. Many majors go on to professional schools (law, medicine, dentistry, business, etc.), where a liberal arts background is advised. For employment in fields other than teaching, a strong minor or a second major in the employment area is strongly encouraged.

Language Certificate Program

The Language Certificate Program is available in Spanish and Portuguese for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

General Information

Spanish Resource Center

164 University Parkway Center, (801) 378-8107
E-mail: sp-rescenter@email.byu.edu

The Ministry of Education and Culture of Spain, in connection with the Department of Spanish and

Portuguese and the Center for the Improvement of Teacher Education and Schooling (CITES), operates the Spanish Resource Center (Centro de Recursos). The purpose of the center is to provide an ample supply of books, computer programs, and didactic materials, both printed and audiovisual, related to the teaching of Spanish language and literature. Researchers, professors, students, educational institutions, coordinators, administrators, and in general all those who may be interested in the knowledge and promotion of Spanish are welcome. To increase the prestige of the Spanish language academically as well as socially, the Spanish Resource Center

- sponsors workshops, seminars, and work groups on topics related to teaching Spanish and researching linguistics and literature;
- organizes conferences, film series, recitals, and cultural activities in general that relate to the Spanish language and culture; and
- promotes and participates in all initiatives that are deemed appropriate and that favor acquisition and use of the Spanish language by students at different educational levels.

Foreign Language Student Residence

The Foreign Language Student Residence provides live-in opportunities for students in Spanish and Portuguese. A twenty-four-hour-a-day Spanish or Portuguese rule assures participants intensive use of the language, under the direction of native speakers. See Foreign Language Housing at 3086 JFSB for information.

Minor, Second Major, or Supporting Course Work Required for Spanish or Portuguese Majors

Students in the Spanish BA, Spanish Translation BA, and Portuguese BA programs are required to complete a minor (approximately 16-21 hour), second major (approximately 30-60 hours), or supporting course work (15 hours). Students in the Spanish Studies BA and Portuguese Studies BA programs, which are considered second-major programs, are required to complete a primary major in another field.

A minor is not required for students in the Spanish Teaching BA program, but a teaching minor in another subject is strongly recommended.

In order to declare a minor in Spanish Teaching or Portuguese Teaching, students must first declare a teaching major in another area.

For more information on program requirements, please refer to the webpage for each specific program.

Foreign Residency

The department strongly recommends that all majors participate in an extended (at least two continuous months) and intensive language and culture experience in a Spanish- or Portuguese-speaking country or area.

A student should complete this requirement by:

1. Residency abroad (may include a Spanish or Portuguese LDS mission, attendance at a foreign university, an advanced exchange program, or similar intensive foreign residence).
2. Participating in BYU Study Abroad Programs in Spain, Portugal, or Latin America.
3. Participating in individual or group-arranged internship programs abroad as approved by the department.

Students unable to participate in one of these programs may elect to spend at least one year (two

semesters) in the Foreign Language Student Residence, pledging to use only Spanish or Portuguese within the residence. Prerequisite to this experience is Span 205 or Port 201 or its equivalent; any exceptions must be approved by the department. For further information contact the department secretary or the Foreign Language Student Residence Office, 3086 JFSB, (801) 422-3765.

- Statistics: Biostatistics (BS)
- Statistics: Statistical Science (BS)

Subject Areas

- STAT

Admission to Degree Program

All degree programs in the Department of Statistics are open enrollment.

The Discipline

Statisticians help determine the sampling and data collection methods, monitor the execution of the study and the processing of data, and advise on the strengths and limitations of the results. They must understand the nature of uncertainties and be able to draw conclusions in the context of particular statistical applications.

Actuaries are business professionals who analyze the financial consequences of risk. Actuaries use

statistics, mathematics, and financial theory to study uncertain future events, especially those of concern to insurance and pension programs. They evaluate the likelihood of those events and design creative ways to reduce the likelihood and decrease the impact of adverse events that actually do occur. Their work requires a combination of strong analytical skills, business knowledge, and understanding of human behavior to design and manage programs that control risk.

Career Opportunities

The curriculum and degrees offered through the Department of Statistics are designed to equip students with decision-making skills for careers as professional statisticians in industrial organizations, government agencies, insurance companies, pharmaceutical companies, universities, and research institutes. The technical tools statisticians acquire are useful in many areas, and for this reason a statistics degree is also excellent preparation for professional programs in business administration, medicine, law, and public administration.

Graduate Programs and Degrees

MS in Statistics

For more information, see the Graduate Studies website.

General Information

1. It is recommended that a student complete the following courses in high school:
    - 3 units of English.
    - 1 unit of physical science, either chemistry or physics.
    - 4 units of mathematics, consisting of 2.5 units of algebra, 1 unit of geometry, and 0.5 unit of trigonometry. This should qualify students to begin college mathematics with Math 112, analytic geometry and calculus.
        - Because mathematics provides the foundation for all work in the physical and mathematical sciences, particular attention is paid to high school preparation in this subject.
          To decide which mathematics course should be taken first, please visit the Mathematics Department website to take a placement exam.
2. Students are encouraged to complete 15 credit hours each semester. Taking fewer credits substantially increases the cost and the number of semesters to graduate.
3. An integrated BS/MS program is available. This program allows Statistics students in the Statistical Science and Biostatistics emphases to receive their bachelor's and master's degree in five years of schooling. It is available to students who have only 6 courses left until completion of the bachelor's degree. Interested students must complete a department application by February 1 for admission Fall semester.

Admission to Degree Program

Each degree program in the School of Technology has specific enrollment requirements. Please see each program's admission requirements for specific details.

Graduate Programs and Degrees

MS in Technology

For more information, see the Graduate Studies website.

General Information

Financial Support Opportunities

In addition to general university scholarships and student employment, the School of Technology offers scholarships, an academic internship program with industry, and a variety of departmental part-time jobs such as research assistant, new-product developer, lab assistant, paper grader, electronics technician, maintenance assistant, computer operator, etc.

Academic Internships

An industrial experience/internship in the major before graduation is required. Qualified students enroll in an academic internship, which must be approved before the actual experience. A formal report and employer evaluation are required.

Transfer Credit

When transferring into the school, students must meet with Beverly Harmon, School of Technology advisor, before registering for classes to evaluate their technical courses and to get help in planning their schedule for completing their remaining course work.

Extracurricular Activities

Students are encouraged to join student chapters of national professional organizations affiliated with their major area of study. Student interaction, leadership, and career awareness are important to engineering and technology studies. All majors are encouraged to not only become members and actively participate in these chapters but also to support field trips, guest speakers, banquets, and program activities.

Professional Program Acceptance

Students must be accepted into the professional program before they may take upper-division courses in industrial design. Industrial design has additional restrictions that apply to major courses. (See the industrial design sections of this catalog.) A professional program application (available at http://sot.et.byu.edu/advisement/applications-and-forms) must be completed and submitted to 250 SNLB.

Students interested in declaring TEE as a major are encouraged to visit with Beverly Harmon (250 SNLB) regarding requirements for program entrance, graduation, and licensure.

Academic Standards and Continuance

On gaining acceptance into the professional program, students must maintain a minimum university cumulative grade point average of 2.0. A professional program course may not be retaken more than once.

Student Advising

We strongly encourage students to visit with the School of Technology advisor (250 SNLB) at least every year, and preferably every semester, to ensure that they are making appropriate progress in the program and taking courses in the appropriate sequence.

Admission to Degree Program

Several degree programs in the Department of Theatre and Media Arts have a departmental application process with enrollment limitations. Theatre arts studies major and minor programs have declaration procedures but are open enrollment. Please see the college advisement center for specific details (1-801-422-3777).

The Discipline

BYU's theatre programs—Theatre Arts Studies, Theatre Arts Education, and Acting—invite students to explore the possibilities theatre provides for collaboration, citizenship, service, and faith-promotion. The programs emphasize the balance between practical theatre training and critical thinking. They provide extensive opportunities for production in classroom settings,

workshops, and fully-mounted productions both at BYU and external venues.

The BYU media arts program is designed to educate students on a foundation of film history, theory, and criticism, along with fundamental production competencies. Possible areas of emphasis include critical studies, fiction production and non-fiction production.

Mission Statement

The mission of the Department of Theatre and Media Arts is to promote literacy, creativity and spirituality by exploring their interrelatedness in the arts of theatre and media, in an effort to illuminate and confirm truth and the infinite potential of the human soul.

Career Opportunities

The theatre program provides training and experience in all areas of theatre, from performing to playwriting, from teaching to technical production.

The media arts program provides a foundation and basic experience in analyzing, conceptualizing, writing, directing, and collaboratively producing nonfiction, fiction, and new media. For skill development and specialization, students may select an area of study from the following: critical studies, fiction production, or non-fiction production.

For an area of interest study list, contact the advisement center or the department office.

Graduate Programs and Degrees

MA in Theatre and Media Arts

For more information, see the Graduate Studies website.

General Information

1. The **media arts studies major (or minor)** is a limited enrollment program. Students are required to fulfill the pre-major requirement of TMA 102. See the media arts program description for details. Application must be made for entrance into the program.
2. The **theatre arts studies major (or minor)** is an open enrollment program. Students interested in general theatre studies, dramaturgy, playwriting, directing, stage management, critical studies, or design and technology (costume, lighting, makeup, scenic, or sound), should declare the theatre arts studies major (or minor), using the theatre arts studies declaration form. See program description for details on declaring this major.
3. Students interested in the **theatre arts education major** should also declare a pre-theatre arts education major using the theatre arts education pre-major declaration form. Declaring the pre-major doesn't guarantee entrance into the theatre arts education program. Students must fulfill particular requirements. See program description for details.
4. Students interested in **BFA acting** (unless they have already been accepted into the program) should declare the acting pre-major, using the acting pre-major declaration form.

Declaring the pre-major doesn't guarantee entrance into the BFA program. The BFA acting program is a limited enrollment program, and students must fulfill particular requirements. See program description for details.

5. The **animation** and **music dance theatre** (MDT) limited enrollment programs are administered out of other departments. Students interested in animation will need to contact the Design Department. Students interested in MDT need to declare a pre-music major.
6. Students who are majors, minors, or pre-majors of TMA affiliated programs are eligible to receive a TMA discount card that enables them to attend theatre season performances at a reduced price. TMA discount cards are available at the front desk of the TMA Office in D-581 HFAC.

Programs

Women's Studies (Minor)

Subject Areas

WS

Discipline

The women's studies minor educates students in the findings, theories, and methodologies fundamental to the women's studies field, while fostering critical thinking and superior scholarship. Considering traditional academic discourse from the female perspective allows new insights into our historical and cultural traditions.

Career Opportunities

A women's studies minor enhances and broadens educational and employment opportunities in any discipline. The women's studies minor trains students to look at issues and questions from unique historical and contemporary perspectives both domestically and internationally. This training prepares students to be more successful in graduate and professional schools, business and industry, and government or community service.

Accounting

BS

Hours	64 Credit Hours
LEP	Limited Enrollment Program of 265 Students. Application Website
MAP	Major Academic Plan

Program Requirements

Please refer to the Marriott School Guide and Handbook you receive at the Fall Orientation. If you have questions concerning your individual study programs, contact your advisement center in 460 TNRB (422-4285).

No more than 6 credit hours of transfer credit will be accepted toward the upper-division major requirements. No transfer credit will be accepted for the Junior Core or Integrated Management Core courses.

REQUIREMENT 1 Complete 4 Options

Prerequisite courses:

Demonstrate a knowledge of computer skills. Students may demonstrate spreadsheet skills with either a minimum grade of B in an equivalent transfer course or a P grade in IS 100 and 102 or 110.

OPTION 1.1 Complete 1 Group

GROUP 1.1.1 Complete 2 Courses

IS 100 - Computer Spreadsheet Skills	0.5
IS 102 - Business Analysis Using Spreadsheets	0.5

GROUP 1.1.2 Complete 1 Course

IS 110 - Spreadsheet Skills and Business Analysis	1.0

OPTION 1.2 Complete 1 Course

ACC 200 - Principles of Accounting	3.0
ACC 201 - Principles of Financial Accounting	3.0

OPTION 1.3 Complete 3 Courses

BUS M 241 - Marketing Management	3.0
FIN 201 - Principles of Finance	3.0
IS 201 - Introduction to Management Information Systems	3.0

OPTION 1.4 Complete 1 Course

ACC 310 - Principles of Accounting 2	3.0

✔ REQUIREMENT 2

Students must make formal application to the School of Accountancy.

A. A minimum of a B grade is required in Acc 200 and Acc 310 to apply.

B. Students can begin accounting major courses only Fall semester.

✔ REQUIREMENT 3 Complete 3 Courses

Required courses: Note: It is recommended that Econ 110 and M Com 320 be taken before entering the junior core. Econ 110 and M Com 320 must be completed before starting the Integrated core or first year of the MAcc program.

ACC 241 - Business Law in the Environment	3.0
ECON 110 - Economic Principles and Problems	3.0
M COM 320 - Communication in Organizational Settings	3.0

✔ REQUIREMENT 4 Complete 6 Courses

Junior Core courses:

ACC 401 - Business and Accounting Information Systems	4.0
ACC 402 - Cost and Managerial Accounting	4.0
ACC 403 - Intermediate Financial Accounting 1	4.0
ACC 404 - Financial Accounting 2	4.0
ACC 405 - Fundamentals of Taxation	4.0
ACC 406 - Financial Statement Auditing	4.0

✔ REQUIREMENT 5 Complete 1 Option

Management Core courses:

✔ OPTION 5.1 Complete 3 Courses

BUS M 361 - Operations Management	3.0
BUS M 390 - Ethics for Management	3.0
ORG B 321 - Organizational Effectiveness	3.0

Note: If completing the MAcc, these courses will be replaced by the MSM Core.

✔ REQUIREMENT 6 Complete 1 Option

Complete the following after Acc 401, 402, 403, 404, 405, 406.

✔ OPTION 6.1 Complete 2 Courses

BUS M 387 - Economics of Strategy	3.0
FIN 402 - Managerial Finance for Non-Finance Majors	3.0

Note: If completing the MAcc, these courses will be replaced by the MAcc courses.

✔ REQUIREMENT 7

Complete Marriott School exit survey online.

Program Outcomes

Technical Accounting Knowledge

Demonstrate knowledge of accounting, auditing, tax, and business concepts and rules.

Technical Accounting Knowledge

Demonstrate knowledge of accounting, auditing, tax, and business concepts and rules.

Leadership Skills

Refine and develop skills that provide leadership in homes, churches, communities and organizations. These skills will be provided by classroom exercises that integrate the Gospel of Jesus Christ with secular learning.

****This is not accounting specific. I think with either delete or fold it into one of the ethics outcomes.** LSH**

Leadership Skills

Refine and develop skills that provide leadership in homes, churches, communities and organizations. These skills will be provided by classroom exercises that integrate the Gospel of Jesus Christ with secular learning.

****This is not accounting specific. I think with either delete or fold it into one of the ethics outcomes.** LSH**

Pursuing Desirable Career Opportunities

Pursue and select among desirable professional career opportunities in accounting.

****Again, not an accounting specific learning outcome. I say delete it.** LSH**

Pursuing Desirable Career Opportunities

Pursue and select among desirable professional career opportunities in accounting.

****Again, not an accounting specific learning outcome. I say delete it.** LSH**

Grammar and Usage

Demonstrate knowledge of generally accepted standards of grammar and usage (from Writing & Speaking for Business).

Oral Presentation Skills

Give professional-level oral presentations with appropriate visual support, achieving effectiveness in content (message), media and delivery skills (messenger).

Composing Texts

Compose various commonly occurring business texts, achieving effectiveness in design, organization, content, and style.

Information Management

Correctly document and manage information.

Using Analytical Tools

Use relevant analytical tools correctly.

Adapting to Change

Assess and adapt to new information and changing environments

****I would delete this in favor of a learning outcome on problem-solving.** LSH**

Problem Solving

Demonstrate ability to solve diverse and unstructured business problems.

Interpreting Data

Accurately interpret evidence statements and graphical depictions of business data.

****Change to: Correctly read, critique, and judge the value of written work.** LSH**

Frameworks and Resolutions for Ethical Dilemmas

Apply contemporary and classic frameworks in analyzing ethical dilemmas and suggest appropriate courses of action for resolving them.

Individual Influences on Ethical Judgment

Recognize how individual differences and cognitive barriers influence ethical judgment.

****Delete this outcome. Combine with next outcome in group.** LSH**

Personal Values in Ethical Decisions

Identify and prioritize personal values and apply them in making ethical decisions.

Ethical Leadership

Engage in logically sound discussion about moral dilemmas using the language of business ethics.

****Change to: Refine and develop skills to provide ethical leadership in homes, churches, communities and organizations. Demonstrate the application of principles of the Gospel of Jesus Christ to moral business dilemmas."** LSH**

Using Data for Managerial Decision-Making

Manipulate and analyze data to make appropriate recommendations for managerial decision-making.

Data Storage and Extraction

Design, build, and query a database to apply correct principles of data storage and extraction.

Computer Skills

Develop good personal computer and Internet skills.

****Delete this. Combine with previous outcome in group.** LSH**

Acting

BFA

Hours	79.5 - 80.5 Credit Hours
LEP	Limited Enrollment Program of 32 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 3 Courses

Complete the following theatre courses with a B grade or better:

TMA 101 - Introduction to the Theatre	3.0
TMA 102 - Introduction to Film	3.0
TMA 160 - Theatre Production 1	1.0

✔ REQUIREMENT 2 Complete 3 Courses

Foundation courses:

TMA 115 - Introduction to Performance Studies	3.0
TMA 128 - Acting 1: BFA or Pre-BFA	3.0
TMA 236 - Script Analysis for Production	2.0

✔ REQUIREMENT 3 Complete 4 Courses

Core courses:

TMA 201 - Dramatic Performance: Antiquity to Renaissance	3.0
TMA 202 - Dramatic Performance: Renaissance to the Present	3.0
TMA 260R - Theatre Production 2 *You may take this course up to 1 time.*	3.0v
TMA 360R - Theatre Production 3 *You may take this course up to 1 time.*	3.0v

✔ REQUIREMENT 4 Complete 7 Courses

Acting courses:

TMA 223 - Acting Improvisation	2.0
TMA 224 - Acting for Film and TV	3.0
TMA 228 - Acting 2	3.0
TMA 229 - Musical Scene Study	3.0
TMA 324 - Acting Classics	3.0
TMA 424 - Advanced Acting	3.0
TMA 427 - Auditions	3.0

REQUIREMENT 5 Complete 5 Courses

Voice courses:

MUSIC 161 - Voice Technique	2.0
TMA 122 - Voice Production and Phonetics 1	2.0
TMA 222 - Voice Production and Phonetics 2	2.0
TMA 322 - Classical Voice	2.0
TMA 422 - Dialects	2.0

REQUIREMENT 6 Complete 2 Options

Movement courses:

OPTION 6.1 Complete 1 Course

DANCE 140 - Contemporary Modern Dance, Beginning	1.0
DANCE 240R - Contemporary Modern Dance, Technique and Theory 1 *You may take this course up to 1 time.*	1.5

OPTION 6.2 Complete 4 Courses

TMA 125 - Yoga and Alexander Technique	1.0
TMA 127 - Beginning Stage Combat	1.0
TMA 225 - Neutral Mask	2.0
TMA 325 - Stage Combat	2.0

REQUIREMENT 7 Complete 1 Course

Support skills course:

TMA 267 - Principles of Makeup	2.0

REQUIREMENT 8 Complete 2 Options

Performance courses:

OPTION 8.1 Complete 1 hour from the following Courses

TMA 399R - Academic Internship *You may take this course up to 1 time.*	9.0v
TMA 496R - Academic Internship *You may take this course up to 1 time.*	9.0v

OPTION 8.2 Complete 3.0 hours from the following Courses

TMA 410 - Acting Capstone	3.0v

REQUIREMENT 9 Complete 2 Courses

TMA 421 - The Business: Marketing Yourself as a Performer	1.0
TMA 491 - Ethics, Aesthetics, and Theology	1.0

REQUIREMENT 10 Complete 1 Option

Complete 12 hours from the following or other approved courses:

OPTION 10.1 Complete 12.0 hours from the following Courses

MUSIC 259 - Psychology of Performance	2.0
TMA 220R - Workshop 1: Acting *You may take this course up to 1 time.*	3.0v
TMA 241 - Screenwriting 1	3.0
TMA 251 - Playwriting 1	3.0
TMA 321 - Voice Over	2.0
TMA 323R - Kennedy Center American College Theatre Festival	1.0
TMA 329 - Theatre and Film Acting Conservatory	3.0
TMA 336 - Directing Principles and Practices	3.0
TMA 341R - Screenwriting 2 *You may take this course up to 1 time.*	3.0
TMA 351 - Playwriting 2	3.0
TMA 367 - Makeup Design	3.0
TMA 395 - Dramatic Literature 1	3.0
TMA 396 - Dramatic Literature 2	3.0
TMA 420R - Performance Workshop 2 *You may take this course up to 1 time.*	3.0v
TMA 425 - Character Mask	2.0
TMA 429 - Performance: Recital	3.0
TMA 436 - Theatre Directing Practicum	3.0
TMA 443R - Writer/Dramaturg/Actor Workshop *You may take this course up to 1 time.*	3.0
TMA 469 - Theatre Management	3.0

Program Outcomes

Performance

Students will demonstrate competitive performance skills and work habits through mastery of performance techniques in the discipline and by consistently representing themselves as professionals in audition, rehearsal and performance situations.

Historical and Social Impact of Theatre

Students will understand, interpret, explain, analyze and assess the historical, social, and spiritual impact of the theatre as well as critically converse about theatrical literature.

Performance and Professional Growth

Students will demonstrate a commitment to intellectual inquiry, self-directed learning, and professional growth based on the values of the restored gospel of Jesus Christ.

Personal Growth

Students will develop business skills and compile personal resources to sustain a healthy self-image in order to pursue individual creativity and innovation in their craft while enduring the rigors of the entertainment industry.

Actuarial Science

BS

Hours	54 Credit Hours
MAP	Major Academic Plan

Program Requirements

No more than 3 hours of credit below C- is allowed in major courses.

Students must pass Exam P of the Society of Actuaries (SOA) jointly administered as Exam 1 by the Casualty Actuarial Society (CAS) before declaring an actuarial science major.

✔ REQUIREMENT 1 Complete 2 Courses

Preparation core courses:

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0

✔ REQUIREMENT 2 Complete 1 Course

Note: Students who have passed the AP statistics exam or an introductory statistics course should not take Stat 121.

STAT 121 - Principles of Statistics	3.0
STAT 151 - Introduction to Bayesian Statistics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ REQUIREMENT 3 Complete 9 Courses

Statistics core courses:

STAT 123 - Introduction to R Programming	1.5
STAT 124 - SAS Base Programming Skills	1.5
STAT 223 - Applied R Programming	1.5
STAT 224 - Applied SAS Programming	1.5
STAT 230 - Analysis of Variance	3.0
STAT 240 - Discrete Probability	3.0
STAT 290 - Communication of Statistical Results	1.0
STAT 330 - Introduction to Regression	3.0
STAT 340 - Inference	3.0

✔ REQUIREMENT 4 Complete 2 Courses

ECON 110 - Economic Principles and Problems	3.0

STAT 274 - Theory of Interest	3.0

✔ **REQUIREMENT 5** Complete 18.0 hours from the following Options

Complete 18 credit hours from the following two lists, with a minimum of 12 hours from list A:

✔ **OPTION 5.1** Complete 12.0 hours from the following Courses

List A - Complete 12 hours from the following:

STAT 151 - Introduction to Bayesian Statistics	3.0
STAT 234 - Methods of Survey Sampling	3.0
STAT 370 - Statistical Theory for Actuaries	3.0
STAT 377 - Statistical Models for Financial Economics	3.0
STAT 424 - Statistical Computing	3.0
STAT 431 - Experimental Design	3.0
STAT 435 - Nonparametric Statistical Methods	3.0
STAT 451 - Applied Bayesian Statistics	3.0
STAT 462 - Quality Control and Industrial Statistics	3.0
STAT 466 - Introduction to Reliability	3.0
STAT 469 - Applied Time Series and Forecasting	3.0
STAT 475 - Life Contingencies	3.0
STAT 477 - Statistical Distributions for Actuarial Modeling and Data Analytics	3.0
STAT 495R - Special Topics in Statistics *You may take up to 3 credit hours.*	3.0v
STAT 496R - Academic Internship: Statistics *You may take up to 3 credit hours.*	9.0v
STAT 497R - Introduction to Statistical Research *You may take this course up to 1 time.*	3.0v

✔ **OPTION 5.2** Complete 6.0 hours from the following Courses

List B - Complete 6 hours from the following. Note: Courses used in List A will not double count in List B. Note: No more than 3 credit hours of Stat 496R may be counted toward this requirement.

ACC 200 - Principles of Accounting	3.0
ACC 310 - Principles of Accounting 2	3.0
ECON 380 - Intermediate Price Theory 1	3.0
ECON 381 - Intermediate Macroeconomics	3.0
ECON 382 - Intermediate Price Theory 2	3.0
ECON 388 - Introduction to Econometrics	3.0
ECON 450 - Financial Economics	3.0
ECON 588 - Advanced Econometrics	3.0
FIN 201 - Principles of Finance	3.0
IS 515 - Spreadsheets for Business Analysis	3.0
IS 520 - Business Programming and Spreadsheet Automation	3.0
STAT 151 - Introduction to Bayesian Statistics	3.0
STAT 234 - Methods of Survey Sampling	3.0
STAT 370 - Statistical Theory for Actuaries	3.0
STAT 377 - Statistical Models for Financial Economics	3.0
STAT 424 - Statistical Computing	3.0
STAT 431 - Experimental Design	3.0
STAT 435 - Nonparametric Statistical Methods	3.0
STAT 451 - Applied Bayesian Statistics	3.0
STAT 462 - Quality Control and Industrial Statistics	3.0
STAT 466 - Introduction to Reliability	3.0

STAT 469 - Applied Time Series and Forecasting	3.0
STAT 475 - Life Contingencies	3.0
STAT 477 - Statistical Distributions for Actuarial Modeling and Data Analytics	3.0
STAT 495R - Special Topics in Statistics *You may take up to 3 credit hours.*	3.0v
STAT 496R - Academic Internship: Statistics *You may take up to 3 credit hours.*	9.0v
STAT 497R - Introduction to Statistical Research	3.0v

Recommended Courses: It is recommended that students take Econ 110 and Fin 201 to complete the Society of Actuaries Economics and Corporate Finance VEEs.

Program Outcomes

Quantitatively Assessing Risk

Demonstrate competence in the fundamental probability tools for quantitatively assessing risk.

Understanding Interest, Pensions, and Insurance Systems

Demonstrate a basic understanding of the theory of interest, pensions and insurance systems.

Skills in Applied Statistics

Demonstrate competence in applied statistics.

Skills in Actuarial-Related Fields

Be employable in actuarial-related fields.

Statistical Software Skills

Demonstrate competence in relevant statistical software.

Consulting Skills

Demonstrate good consulting skills (problem solving, oral and written presentations).

Top

Actuarial Science

Minor

Hours 12 - 15 Credit Hours

Program Requirements

Students must pass Exam P of the Society of Actuaries (SOA) jointly administered as Exam 1 by the Casualty Actuarial Society (CAS) before declaring an actuarial science minor.

Note 2: Course substitutions may be made only with written, prior permission of the American Studies coordinator.

Note 3: Students may substitute up to six credit hours of approved internship credit for up to six hours of American Studies electives, including Washington, D.C. seminar credits.

✔ **REQUIREMENT 4** Complete 1 Course

Complete the following during the senior year before graduation:

AM ST 490 - Senior Capstone	3.0

Program Outcomes

Work Independently

American Studies graduates will have created a coherent course of study matched to their interests and their post-graduate plans. This may include taking a suitable minor and creating for themselves relevant extracurricular experiences such as internships, editorships, travel study, ORCA grants, conference participation, and publication.

Engage Disciplinarily and Interdisciplinarily

American Studies graduates will understand that American studies is coherent as a discipline in and of itself and also engage their major both within and across the various other disciplines that constitute American Studies, mastering the theoretical and methodological approaches inherent in the American Studies curriculum.

Analyze Rigorously

American Studies graduates will be able to read critically and analyze cultural, economic, historical, literary, political, social, and religious texts and artifacts. They will identify, evaluate, and incorporate appropriate research sources in their work as they demonstrate awareness of the critical conversations they are entering. Their analyses will contribute to their understanding of the ways in which the American experience has been, and continues to be, constructed and transmitted.

Communicate Persuasively

American Studies graduates will be able to formulate both their oral and written arguments coherently, support them clearly, and communicate them effectively to their audiences using correct conventions of language and some stylistic flair–all according to the best practices of the variety of disciplines and situations in which they are engaged.

Ancient Near Eastern Studies

Minor

Hours 21 - 23 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 2 Courses

Core courses:

HIST 238 - Ancient Near East to 330 BC	3.0
HIST 239 - Ancient Near East, 330 BC - 640 AD	3.0

REQUIREMENT 2 Complete 1 Option

Language/literature options:

OPTION 2.1 Complete 4 Groups

A. Hebrew Bible and related literature:

GROUP 2.1.1 Complete 1 Course

HEB 131 - First-Year Biblical Hebrew	4.0
HEB 133 - (Not currently offered)	

GROUP 2.1.2 Complete 1 Course

HEB 132 - First-Year Biblical Hebrew	4.0
HEB 134 - (Not currently offered)	

GROUP 2.1.3 Complete 1 Course

REL A 211 - The New Testament	2.0
REL A 212 - The New Testament	2.0

GROUP 2.1.4 Complete 2 Courses

REL A 301 - The Old Testament	2.0
REL A 302 - The Old Testament	2.0

OPTION 2.2 Complete 2 Groups

B. Greek New Testament and related literature:

GROUP 2.2.1 Complete 4 Courses

GREEK 311 - New Testament in Greek: Gospels	3.0
GREEK 411R - Greek New Testament and Early Christian Greek Texts *You may take this course up to 1 time.*	3.0
REL A 211 - The New Testament	2.0
REL A 212 - The New Testament	2.0

✔ **GROUP 2.2.2** Complete 1 Course

REL A 301 - The Old Testament	2.0
REL A 302 - The Old Testament	2.0

✔ **REQUIREMENT 3** Complete 3.0 hours from the following Courses

ANES 201 - Introduction to Ancient Near Eastern Studies	3.0
ANES 310 - History and Culture of Ancient Israel	3.0
ANES 331 - Readings in Ancient Near Eastern Texts to 330 B.C	3.0
ANES 332 - Readings in Classical Near Eastern Texts	3.0
ANES 392R - Topics in Ancient Near Eastern Studies *You may take this course up to 1 time.*	3.0v

CSANM 497R - BFA Final Project	3.0v
DESAN 497R - BFA Independent Film Production	3.0v

✔ REQUIREMENT 4 Complete 3 Courses

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0
TMA 294 - History of Animation	3.0

✔ **REQUIREMENT 5** Complete 1 Course

DESIL 355 - History of American Illustration 1 (1860-1930)	3.0
DESIL 356 - History of American Illustration 2 (1930-Present)	3.0
DESPH 379 - History of Photography	3.0
TMA 291 - Media Arts History 1	3.0
TMA 292 - Media Arts History 2	3.0

✔ **REQUIREMENT 6** Complete 3 Courses

ART 104 - Introduction to Sculpture for Non-Majors	3.0
CSANM 351R - Lighting for Three-Dimensional Graphics	3.0
CSANM 454 - Advanced Shading	3.0
CSANM 458 - Three-Dimensional Visual Effects	3.0
CSANM 459R - Interactive Animation Technology	3.0
DESAN 263 - Writing for Animation	3.0
DESAN 361R - Visual Development and Character Design	3.0
DESAN 362R - Two-Dimensional Character Animation	3.0
DESAN 365R - Digital Painting	3.0
DESAN 494R - Special Problems in Animation	3.0v
DESAN 497R - BFA Independent Film Production	3.0v
DESAN 498R - Directed Studies in Animation	6.0v
DESIL 350R - Advanced Life Drawing	3.0
DESIL 453 - Illustration 4	3.0
DESPH 270 - Introduction to Black and White Photography and Darkroom Techniques	3.0
TMA 123 - Acting Fundamentals	2.0
TMA 185 - Basic Media Production	3.0
TMA 241 - Screenwriting 1	3.0
TMA 257 - Storytelling	2.0
TMA 475R - Media Arts Capstone	3.0v

Program Outcomes

Artistic Development and Proficiency

Students will exhibit fundamental knowledge and skills in design, narrative, and animation and will demonstrate proficiency in at least one of these areas.

Technological Development and Proficiency

Students will exhibit fundamental knowledge and skills in modeling, lighting, rigging, animation and special effects and will demonstrate proficiency in one of these areas.

Collaboration and Professional Development

Students will practice collaborative production processes and exhibition of professional behavior through interdisciplinary creative works.

Spirituality, Ethics and Animation

Students will critically examine spiritual values and ethical issues relevant to the entertainment industry.

ANTHR 432 - Economic and Political Institutions	3.0
ANTHR 436 - Symbolic Anthropology	3.0
ANTHR 490R - Special Topics in Theory and System *You may take up to 3 credit hours.*	3.0v

✔ **REQUIREMENT 6** Complete 6.0 hours from the following Options

A. Museum:

✔ **OPTION 6.1** Complete up to 6.0 hours from the following Courses

ANTHR 311 - Museums and Cultures	3.0
ANTHR 314 - Museum Registration and Legal/Ethical Issues	3.0
ANTHR 412 - Museum Collections Management	3.0
ANTHR 414 - Museum Projects	3.0
ANTHR 511 - Museums and Cultures	3.0
ANTHR 512 - Heritage Resource Management	3.0

✔ **OPTION 6.2** Complete up to 6.0 hours from the following Courses

B. Practicum, internship, applications:

ANTHR 441 - Anthropology of Development	3.0
ANTHR 460 - Practical Applications in Contract Archaeology	3.0
ANTHR 496R - Academic Internship: Research *You may take up to 6 credit hours.*	3.0v

✔ **OPTION 6.3** Complete up to 6.0 hours from the following Courses

c. Electives - additional (no double counting) courses selected from old world archaeology, new world archaeology, ethnography, or systems and institutions courses:

ANTHR 309 - Language, Culture, and Society	3.0
ANTHR 317 - Native Peoples of North America	3.0
ANTHR 320 - (Not currently offered)	
ANTHR 326 - Guatemalan Society and Culture	3.0
ANTHR 330 - Peoples of Africa	3.0
ANTHR 335 - Peoples of India	3.0
ANTHR 340 - Peoples of the Middle East	3.0
ANTHR 343 - Chinese Culture and Society	3.0
ANTHR 350 - Archaeological Cultures of North America	3.0
ANTHR 351 - Archaeology and the Bible	3.0
ANTHR 355 - Mesoamerican Archaeology	3.0
ANTHR 375 - Archaeology of Egypt	3.0
ANTHR 376 - Archaeology of the Ancient Aegean and Greece	3.0
ANTHR 377 - Archaeology of Roman Civilization	3.0
ANTHR 378 - Near Eastern Archaeology	3.0
ANTHR 379 - Archaeology of Islam	3.0
ANTHR 385 - Archaeology of Europe	3.0
ANTHR 390R - Special Topics in Regional Anthropology *You may take up to 6 credit hours.*	3.0v
ANTHR 430 - Moral and Ritual Institutions	3.0
ANTHR 431 - Kinship and Gender	3.0
ANTHR 432 - Economic and Political Institutions	3.0
ANTHR 436 - Symbolic Anthropology	3.0
ANTHR 490R - Special Topics in Theory and System *You may take up to 6 credit hours.*	3.0v
ANTHR 530 - Great Basin Archaeology	3.0
ANTHR 535 - Southwest Seminar	3.0
ANTHR 562 - Formative Mesoamerica	3.0
ANTHR 564 - Classic Mayan Civilization	3.0
ANTHR 565 - Mayan Ceramic Analysis	3.0
ANTHR 566 - Mayan Ethnohistory	3.0
ANTHR 580 - Near East Seminar	3.0
ANTHR 590R - Special Topics *You may take up to 6 credit hours.*	3.0

✔ **REQUIREMENT 7** Complete 4 Options

Complete the following in sequential order:

✔ **OPTION 7.1** Complete 1 Course

ANTHR 454 - Field School Preparation	2.0

✔ **OPTION 7.2** Complete 6.0 hours from the following Courses

ANTHR 455 - Field School of Archaeology	6.0

✔ **OPTION 7.3** Complete 1 Course

ANTHR 456 - Lab Skills for Anthropology	3.0

✔ **OPTION 7.4** Complete 1 Course

Program Outcomes

Evidence Collection and Analysis

Program graduates will be prepared to analyze and understand the activities, social forms, and material products of ancient peoples. Graduates will be able to appropriately excavate, analyze, and explain the conditions, cultural contexts, and social and political systems of organization of a society or civilization including, but not limited to, its systems of economy, kinship, law, art, architecture, and religion.

Effective and Professional Communication

Graduates will be able to write clearly and precisely in all types of communication demanded by the discipline. Archaeology requires mastery of research and descriptive communication in three major areas: 1) Archaeological field notes recording the characteristics of, and excavation data derived from, an archaeological site; 2) Statistical analysis as well as applications of digital archaeological formats necessary in obtaining, transferring, and applying this information in the discipline; 3) Composition that clearly communicates the results of research and excavation in the field whose end products lead to both unpublished and published site reports, journal articles, book chapters, exhibition panels, government (both national and international) archaeological and cultural heritage site reports, and other types of written and digital materials required within the discipline and archaeological professions.

Human Cultural History and Diversity

Graduates will possess a solid knowledge of the diversity of past human cultures both in the New World and the Old World including World Prehistory, as well as how the theories and methodologies of Archaeology have contributed to that knowledge.

Research Skills and Methods

Graduates will gain experience with qualitative and quantitative methods used to gather, process, and interpret archaeological data.

Original Research

Graduates will be able to apply their geographical, methodological, and theoretical knowledge in original research projects.

Oral Presentations

Students will be required to give an oral presentation of at least 10-15 minutes duration covering an archaeological topic in a minimum of two-thirds of their classes in order to prepare them for professional public presentations in the discipline.

Archaeological Techniques and Field Experience

Students will learn and demonstrate appropriate survey and excavation techniques through participation in an on-site Archaeological Field School as a requirement for graduation in the program.

Hands-On Experience

Students will be given multiple types of hands-on field and museum mentored experiences involving the practices of archaeology and will thus learn by doing, rather than just listening and observing.

Social Theory

Program graduates will understand and apply essential frameworks of contemporary social theory to comprehend the nature of human agency and action, the relationship between actors and social structures, the role of meaning in human cognition, and the relationship between people and things as evidenced in the analysis of archaeological sites and artifacts.

Anthropology: Sociocultural

BA

Hours	54.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 6 Courses

ANTHR 101 - Social/Cultural Anthropology	3.0
ANTHR 110 - Introduction to Archaeology	3.0
ANTHR 150 - Introduction to the Major	0.5
ANTHR 201 - Foundations of Social Theory	3.0
ANTHR 202 - Foundations of Anthropological Theory	3.0
ANTHR 203 - Contemporary Theory	3.0

✔ REQUIREMENT 2 Complete 9.0 hours from the following Courses

"Peoples" courses (NOTE: Only 6 hours may be taken in 390R courses to count in the major. They may be taken as electives beyond this point):

ANTHR 317 - Native Peoples of North America	3.0
ANTHR 326 - Guatemalan Society and Culture	3.0
ANTHR 330 - Peoples of Africa	3.0
ANTHR 335 - Peoples of India	3.0
ANTHR 340 - Peoples of the Middle East	3.0
ANTHR 341 - Ethnonationalism and Southeast Asia	3.0
ANTHR 343 - Chinese Culture and Society	3.0
ANTHR 345 - American Culture	3.0
ANTHR 346 - Anthropology of Mormonism	3.0
ANTHR 390R - Special Topics in Regional Anthropology *You may take up to 9 credit hours.*	3.0v

✔ REQUIREMENT 3 Complete 15.0 hours from the following Options

Systems/Institution courses:

✔ OPTION 3.1 Complete up to 15.0 hours from the following Courses

ANTHR 247 - Applied Anthropology	3.0
ANTHR 300 - Biological Anthropology	3.0
ANTHR 309 - Language, Culture, and Society	3.0
ANTHR 430 - Moral and Ritual Institutions	3.0
ANTHR 431 - Kinship and Gender	3.0
ANTHR 432 - Economic and Political Institutions	3.0

ANTHR 434 - Medical Anthropology	3.0
ANTHR 436 - Symbolic Anthropology	3.0
ANTHR 439 - Psychological Anthropology	3.0
ANTHR 441 - Anthropology of Development	3.0
ANTHR 490R - Special Topics in Theory and System *You may take up to 15 credit hours.*	3.0v
LING 550 - Sociolinguistics	3.0
LING 551 - Anthropological Linguistics	3.0

✔ **OPTION 3.2** Complete up to 3.0 hours from the following Courses

Up to 3 hours of the following Museum Studies courses may be used to complete the 15 hour requirement.

ANTHR 311 - Museums and Cultures	3.0
ANTHR 314 - Museum Registration and Legal/Ethical Issues	3.0
ANTHR 412 - Museum Collections Management	3.0
ANTHR 414 - Museum Projects	3.0
ANTHR 511 - Museums and Cultures	3.0

✔ **REQUIREMENT 4** Complete 1 Course

ANTHR 443 - Ethnographic Data Analysis	3.0

✔ **REQUIREMENT 5** Complete 3 Options

Complete the following in sequential order:

✔ **OPTION 5.1** Complete 1 Course

ANTHR 442 - Ethnographic Research Design and Methods	3.0

✔ **OPTION 5.2** Complete 6.0 hours from the following Courses

Note: The major requires that a field project be completed in one of the recognized field schools conducted by a member of the BYU faculty. A local field work option is available in exceptional circumstances and must be approved by the entire faculty.

ANTHR 495R - Ethnographic Field Project *You may take up to 6 credit hours.*	6.0v

✔ **OPTION 5.3** Complete 1 Course

ANTHR 499 - Senior Thesis	3.0

Program Outcomes

Critical Thinking and Analysis

By learning to think anthropologically, program graduates will be prepared to analyze and understand human activity, sociality, and thought. Graduates will be able to uncover and explain the real conditions and social contexts of human problems (247, 434, 441, 450) and social systems of organization including economy, kinship, law, religion. (430, 431, 432, 436, 437, 438, 440; 490R)

Effective Writing

Graduates will be able to write clearly and precisely. (All courses, esp. 499)

Social Theory

Program graduates will understand and apply essential frameworks of contemporary social theory to comprehend the nature of human agency and action, the relationship between actors and social structures, the role of meaning in human cognition, the relationship between people and things. (305, 306, 309)

Research Skills and Methods

Graduates will gain experience with qualitative and quantitative methods used to gather, process, and interpret ethnographic data. (442, 495)

Original Research

Graduates will be able to apply their geographical, methodological, and theoretical knowledge in original research projects culminating in a high quality, theoretically informed senior thesis of 10,000 words. (499)

Human Cultural Diversity

Graduates will possess a solid knowledge of the diversity of human cultures. (317, 320, 326, 330, 335, 340, 343, 345, 346, 390R)

Anthropology (Sociocultrl Double Major)

BA

Hours	39.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is only available to students completing an additional major in another field.

Complete all requirements of a primary major. Double counting courses between primary major and anthropology will not be allowed.

REQUIREMENT 1 Complete 8 Courses

ANTHR 101 - Social/Cultural Anthropology	3.0
ANTHR 150 - Introduction to the Major	0.5
ANTHR 201 - Foundations of Social Theory	3.0
ANTHR 202 - Foundations of Anthropological Theory	3.0
ANTHR 203 - Contemporary Theory	3.0
ANTHR 442 - Ethnographic Research Design and Methods	3.0
ANTHR 495R - Ethnographic Field Project *You may take this course up to 1 time.*	6.0v
ANTHR 499 - Senior Thesis	3.0

Note: The major requires that a field project be completed in one of the recognized field schools conducted by a member of the BYU faculty. A local field work option is available in exceptional circumstances and must be approved by the entire faculty.

REQUIREMENT 2 Complete 6.0 hours from the following Courses

ANTHR 317 - Native Peoples of North America	3.0
ANTHR 326 - Guatemalan Society and Culture	3.0
ANTHR 330 - Peoples of Africa	3.0
ANTHR 335 - Peoples of India	3.0
ANTHR 340 - Peoples of the Middle East	3.0
ANTHR 341 - Ethnonationalism and Southeast Asia	3.0
ANTHR 343 - Chinese Culture and Society	3.0
ANTHR 345 - American Culture	3.0
ANTHR 346 - Anthropology of Mormonism	3.0
ANTHR 390R - Special Topics in Regional Anthropology *You may take up to 6 credit hours.*	3.0v

✔ **REQUIREMENT 3** Complete 6.0 hours from the following Courses

ANTHR 309 - Language, Culture, and Society	3.0
ANTHR 402 - Quantitative Methods for Anthropology	3.0
ANTHR 430 - Moral and Ritual Institutions	3.0
ANTHR 431 - Kinship and Gender	3.0
ANTHR 432 - Economic and Political Institutions	3.0
ANTHR 434 - Medical Anthropology	3.0
ANTHR 436 - Symbolic Anthropology	3.0
ANTHR 439 - Psychological Anthropology	3.0
ANTHR 441 - Anthropology of Development	3.0
ANTHR 443 - Ethnographic Data Analysis	3.0
ANTHR 490R - Special Topics in Theory and System *You may take up to 6 credit hours.*	3.0v
ANTHR 511 - Museums and Cultures	3.0

✔ **REQUIREMENT 4** Complete 3.0 hours from the following Courses

Additional electives not previously taken from above two lists:

ANTHR 309 - Language, Culture, and Society	3.0
ANTHR 317 - Native Peoples of North America	3.0
ANTHR 326 - Guatemalan Society and Culture	3.0
ANTHR 330 - Peoples of Africa	3.0
ANTHR 335 - Peoples of India	3.0
ANTHR 340 - Peoples of the Middle East	3.0
ANTHR 343 - Chinese Culture and Society	3.0
ANTHR 345 - American Culture	3.0
ANTHR 346 - Anthropology of Mormonism	3.0
ANTHR 390R - Special Topics in Regional Anthropology *You may take up to 3 credit hours.*	3.0v
ANTHR 402 - Quantitative Methods for Anthropology	3.0
ANTHR 430 - Moral and Ritual Institutions	3.0
ANTHR 431 - Kinship and Gender	3.0
ANTHR 432 - Economic and Political Institutions	3.0
ANTHR 434 - Medical Anthropology	3.0
ANTHR 436 - Symbolic Anthropology	3.0
ANTHR 438 - (Not currently offered)	
ANTHR 439 - Psychological Anthropology	3.0
ANTHR 440 - (Not currently offered)	
ANTHR 441 - Anthropology of Development	3.0
ANTHR 443 - Ethnographic Data Analysis	3.0
ANTHR 490R - Special Topics in Theory and System *You may take up to 3 credit hours.*	3.0v
ANTHR 511 - Museums and Cultures	3.0

Note: Only 6 hours may be taken in 390R courses to count in the major. They may be taken as electives beyond this point

Program Outcomes

Critical Thinking and Analysis

By learning to think anthropologically, program graduates will be prepared to analyze and

understand human activity, sociality, and thought. Graduates will be able to uncover and explain the real conditions and social contexts of human problems (247, 434, 441, 450) and social systems of organization including economy, kinship, law, religion. (430, 431, 432, 436, 437, 438, 440; 490R)

Effective Writing

Graduates will be able to write clearly and precisely. (All courses, esp. 499)

Fundamental Theory

Students will obtain a basic understanding of current Anthropological methods and theory (Courses: 101, 309, 305, 306, 442, 495)

Effective Argument and Communication

Students will be able to make an argument orally and in writing that reflects competency in the discipline as well as in the professional forms of oral and written expression (most courses, but especially 305, 306, and 495)

Human Cultural Diversity

Graduates will possess a solid knowledge of the diversity of human cultures. (317, 320, 326, 330, 335, 340, 343, 345, 346, 390R)

Research Skills

Students will demonstrate competence in qualitative and quantitative research skills (courses: 442, 495)

Ethnographic Field Project

Students will be required to design and complete an ethnographic field project that forms the basis of a senior thesis (course 442, 495)

Research Ethics

Students will understand the ethical obligations of their research to the people studied (course: 442, 495)

Top

Applied Physics

BS

Hours	61 - 65 Credit Hours
MAP	Major Academic Plan

Program Requirements

No more than 3 hours of D credit is allowed in major courses.

Consult with a faculty advisor as early as possible to choose electives.

✔ REQUIREMENT 1 Complete 17 Courses

Note: Phscs 191 should be taken the first semester as a freshman. Phscs 291 should be taken the first semester as a sophomore.

C S 142 - Introduction to Computer Programming	3.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 140 - Electronics Lab	1.0
PHSCS 145 - Experimental Methods in Physics	1.0
PHSCS 191 - Introduction to Physics Careers and Research 1	0.5
PHSCS 220 - Introduction to Electricity and Magnetism	3.0
PHSCS 222 - Modern Physics	3.0
PHSCS 230 - Computational Physics Lab 1	1.0
PHSCS 240 - Design, Fabrication, and Use of Scientific Apparatus	2.0
PHSCS 245 - Experiments in Contemporary Physics	2.0
PHSCS 291 - Introduction to Physics Careers and Research 2	0.5
PHSCS 318 - Introduction to Mathematical Physics	3.0
PHSCS 321 - Mechanics	3.0
PHSCS 330 - Computational Physics Lab 2	1.0
PHSCS 430 - Computational Physics Lab 3	1.0
PHSCS 441 - Electrostatics and Magnetism	3.0

✔ REQUIREMENT 2 Complete 1 Course

EC EN 466 - Introduction to Optical Engineering	2.0
PHSCS 442 - Electrodynamics	3.0
PHSCS 471 - Principles of Optics	3.0

✔ REQUIREMENT 3

After gaining department advisor's approval of courses selected to define an option, complete an additional 12 hours of electives (cannot include any courses already taken above). These 12 hours must consist of a coherent set of upper-division courses with an

identified educational goal. Nine hours must be upper division (300-level or above); three hours must be 200-level or above.

✔ **REQUIREMENT 4** Complete 1 Option

✔ **OPTION 4.1** Complete 2 Courses

MATH 113 - Calculus 2	4.0
MATH 302 - Mathematics for Engineering 1	4.0

✔ **OPTION 4.2** Complete 3 Courses

MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0

✔ **REQUIREMENT 5** Complete 1 Course

MATH 303 - Mathematics for Engineering 2	4.0
MATH 334 - Ordinary Differential Equations	3.0

✔ **REQUIREMENT 6** Complete 2.0 hours from the following Options

Complete a capstone project or senior thesis including the following:

A. Choose a research mentor and group as early as possible, starting with information in Phscs 191 and 291, and discussions with faculty, your advisor, and the capstone project coordinator or senior thesis coordinator. It is best to start as a freshman or sophomore. Interdisciplinary work in other departments or in internships is possible.

✔ **OPTION 6.1** Complete 2.0 hours from the following Courses

B. Complete 2 hours of one of the following:

PHSCS 492R - Capstone Project in Applied Physics *You may take up to 2 credit hours.*	2.0
PHSCS 498R - Senior Thesis *You may take up to 2 credit hours.*	3.0v

Note 1: Students planning careers in experimental, applied, or industrial physics should complete Stat 201.

Note 2: All students will benefit, through courses or individual study, by learning programming skills and numerical methods beyond what you are taught in C S 142 and our computational physics courses. Consider the following: CS courses, Math 410, Me En 373.

Program Outcomes

Physics Theory and Application

Apply principles to model and solve representative problems analytically and computationally, at an introductory level from the primary physical theories (classical mechanics, quantum mechanics, special relativity, thermodynamics, electromagnetism and optics), and at an advanced level in classical mechanics, electrostatics and optics/electrodynamics.

Experiment Design and Data Analysis

Design and conduct experiments, build scientific equipment, and analyze data.

Effective Communication

Communicate professionally to a technical audience both orally and in writing.

Professional Ethics

Understand scientific ethical practices, and demonstrate them in the conduct of scientific research.

Professional Preparation

Conduct experimental, theoretical or computational research under the direction of a faculty or professional mentor in an area that applies physics to an interdisciplinary problem to contribute to the generation of new knowledge or technologies, and prepare to do this professionally.

Arabic

Minor

Hours 18 - 35 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 1 Option

Prerequisite courses:

OPTION 1.1 Complete 4 Courses

ARAB 101 - First-Year Arabic	4.0
ARAB 102 - First-Year Arabic	4.0
ARAB 201 - Second-Year Arabic	4.0
ARAB 202 - Intermediate Arabic	4.0

Note: Prerequisite courses may be waived by previous language experience.

REQUIREMENT 2 Complete 2 Options

OPTION 2.1 Complete 4 Courses

Complete the following (normally as part of a BYU Semester Abroad program):

ARAB 211R - Second-Year Conversation	2.0
ARAB 300 - Advanced Modern Standard Arabic	4.0
ARAB 302 - Newspaper Arabic	4.0
ARAB 311R - Third-Year Conversation	2.0

OPTION 2.2 Complete 1 Course

And complete one additional Arabic language course:

ARAB 331 - Spoken Arabic	4.0
ARAB 421R - Fourth-Year Arabic Writing Tutorial	2.0
ARAB 422R - Advanced Spoken Arabic	2.0
ARAB 423R - Current Events in Arabic	2.0
ARAB 424R - Modern Arabic Literature	2.0
ARAB 425R - Classical Arabic Texts	2.0
ARAB 426R - Advanced Arabic Grammar	2.0
ARAB 490R - Independent Readings	3.0v

REQUIREMENT 3 Complete 1 Course

Program Outcomes

Please contact the individual department for outcome information.

Top

Arabic Language

BA

Hours	35 - 51 Credit Hours
MAP	Major Academic Plan

Program Requirements

This program is a 2nd-major program only. Students should be enrolled in a primary major program before beginning this program.

✔ REQUIREMENT 1 Complete 4 Courses

ARAB 101 - First-Year Arabic	4.0
ARAB 102 - First-Year Arabic	4.0
ARAB 201 - Second-Year Arabic	4.0
ARAB 202 - Intermediate Arabic	4.0

✔ REQUIREMENT 2 Complete 1 Course

IHUM 242 - Introduction to the Humanities of the Islamic World	3.0

✔ REQUIREMENT 3 Complete 5 Courses

Complete as part of a BYU Semester Abroad program:

ARAB 211R - Second-Year Conversation *You may take this course up to 1 time.*	2.0
ARAB 300 - Advanced Modern Standard Arabic	4.0
ARAB 302 - Newspaper Arabic	4.0
ARAB 311R - Third-Year Conversation *You may take this course up to 1 time.*	2.0
ARAB 331 - Spoken Arabic	4.0

✔ REQUIREMENT 4 Complete 2 Courses

Complete after consultation with a faculty advisor:

ARAB 421R - Fourth-Year Arabic Writing Tutorial *You may take this course up to 2 times.*	2.0
ARAB 422R - Advanced Spoken Arabic *You may take this course up to 2 times.*	2.0
ARAB 423R - Current Events in Arabic *You may take this course up to 2 times.*	2.0
ARAB 424R - Modern Arabic Literature *You may take this course up to 2 times.*	2.0
ARAB 425R - Classical Arabic Texts	2.0

You may take this course up to 2 times.

ARAB 426R - Advanced Arabic Grammar 2.0
You may take this course up to 2 times.

✔ REQUIREMENT 5 Complete 4 Courses

Take each course twice (once in Winter Semester and once in Spring/Summer terms):

ARAB 411R - Advanced Formal Arabic Conversation and Rhetorical Skills 3.0v
You may take this course up to 2 times.

ARAB 495R - Directed Studies in Arabic 3.0v
You may take this course up to 2 times.

Take the ACTFL Speaking and Reading test during the last registration of Arab 495R and achieve a minimum score of ADVANCED-MID.

Program Outcomes

Advanced Level Fluency

Speak Arabic at the Advanced High Level (demonstrating an ability to support opinions, hypothesize, and discuss abstract topics in depth).

Writing

Write Arabic at the Advanced Low level.

Integration

Students will develop expertise in an area of specialization and deliver a major oral presentation and a written paper (both in Arabic) on a topic in that area of specialization.

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0

Note: It is recommended that students interested in pursuing interdisciplinary studies use university elective hours to complete a minor or courses that are relevant to and enhance their interdisciplinary focus and goals.

Program Outcomes

Art History and Context

Students will examine art past and present through required on and off-campus learning experiences and locate their work within this larger context.

BFA Final Project and Portfolio

Students will meet the requirements for the BFA program including the BFA final project and the BFA exit portfolio.

Skill Developement and Proficiency

Students will exhibit fundamental knowledge and skills in painting, drawing, printmaking, ceramics, sculpture, and new genre, and will demonstrate proficiency in at least one of these areas.

Spirituality, Ethics, and Art

Students will critically examine spiritual values and ethical issues relevant to art.

Professional Development

Students will demonstrate an awareness of and preparation for graduate studies, teaching opportunities, professional gallery work, or other art and non-art related opportunities that might incorporate collaboration in an interdisciplinary environment.

Additional licensure requirements:

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0
SC ED 350 - Adolescent Development in an Education Context	2.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SFL 210 - Human Development	3.0

Complete an interview with advisor.

Complete a teaching assistant experience. Must be approved by Diane Asay. Complete prior to student teaching. See Sharon Heelis for hiring. See Art Department secretary for finalization.

Contact Education Student Services, 350 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **REQUIREMENT 10** Complete 12.0 hours from the following Courses

ARTED 476R - Art Secondary and Elementary Student Teaching *You may take up to 12 credit hours.*	12.0v
ARTED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Community, Research, Lifelong Learning, and Service

Actively engage in communities of learning through collaborative inquiry, research, and service.

Curriculum Theory

Construct curricula and other professional materials that demonstrate and reflect current practices and theories in art and education.

Studio Practice

Develop a studio practice that connects to the student's identity as an art educator.

Teaching Experience

Demonstrate sound teaching traits and practices in a variety of contexts.

Professional Licensure

Achieve all professional licensure requirements and standards as required by the Art Education program and the McKay School of Education including assessments of professional behavior Professional Dispositions Instrument (PDI), clinical evaulation(Clinical Practice Assessment System

(CPAS), the Professional Teaching Portfolio, and the Teacher Work Sample (TWS). *EPP candidates will meet the Utah Effective Teaching Standards (UETS) at the basic competency level.*

Spiritual Dimension of Art Education

Students will consider complex questions and personal responsibilities associated with art and education in the light of gospel principles and seek greater light and knowledge through their experiences as artists and teachers.

REL C 351 - Survey of World Religions	2.0

Note 1: Poli 348 and Poli 385 cannot be double counted with the previous requirement.

Note 2: If approved beforehand, up to 9 hours of 330R or 399R credit may be counted for overseas work done under one of the following: Study Abroad, internships, mentored research, or independent field studies.

Program Outcomes

Factual Knowledge

Demonstrate general factual knowledge of the literature, humanities, history, politics, economics, geography, and social conditions of East Asia.

Language Proficiency

Communicate in an Asian language (e.g. Chinese, Japanese or Korean) at the "intermediate" level according to ACTFL proficiency guidelines-i.e. "handle successfully a variety of uncomplicated communicative tasks in straightforward social situations . . . limited to those predictable and concrete exchanges necessary for survival." Comprehend "simple, sentence-length speech . . . in a variety of basic personal and social contexts." Read "short, non-complex texts that convey basic information and deal with basic personal and social topics."

Effective Writing

Demonstrate effective writing skills by completing a research paper on a major East Asian topic.

Research Philosophies and Methodologies

Understanding basic research philosophies and methodologies associated with research in the social science and humanities.

Asian Studies: Japan Studies

BA

Hours	50 - 70 Credit Hours
MAP	Major Academic Plan

Program Requirements

Courses cannot be double counted between the different requirement sections in the major.

Complete the GE languages of learning requirement in Japanese.

There is a strong expectation that majors will do work in Asia via Study Abroad, internships, etc.

✔ **REQUIREMENT 1** Complete 4 Courses

ASIAN 200 - Introduction to Asian Studies: Methods and Materials	3.0
ASIAN 342 - Asian Literary Traditions	3.0
HIST 231 - Introduction to East Asian History	3.0
IHUM 240 - Introduction to the Humanities of Asia	3.0

✔ **REQUIREMENT 2** Complete 1 Course

POLI 348 - Government and Politics of Asia	3.0
POLI 385 - International Relations of Asia	3.0

✔ **REQUIREMENT 3** Complete 1 Course

ASIAN 495 - Senior Seminar	1.0

✔ **REQUIREMENT 4** Complete 2 Courses

History Core Courses:

HIST 343 - Early Japan	3.0
HIST 344 - Modern Japan	3.0

✔ **REQUIREMENT 5** Complete 2 Options

Complete the requirements for the Language Certificate in Japanese and take the OPI and WPT assessments. These assessments must be done on the BYU campus, and must be completed before graduation. See http://languagecertificate.byu.edu/program-requirements for complete details:

✔ **OPTION 5.1** Complete 2 Courses

JAPAN 321 - Reading Modern Documentary Styles	3.0
JAPAN 345 - Traditional Japanese Culture	3.0

✔ **OPTION 5.2** Complete 1 Course

JAPAN 322 - Reading Modern Short Fiction	3.0
JAPAN 351 - Japanese Literature in Translation--Seventeenth Through Nineteenth Centuries	3.0
JAPAN 352 - Japanese Literature in Translation: The Modern Era	3.0

✔ **REQUIREMENT 6** Complete 1 Option

✔ **OPTION 6.1** Complete 18.0 hours from the following Courses

NOTE: No more than 6 hours may be selected from any one department.

ANTHR 335 - Peoples of India	3.0
ANTHR 336 - Cinema and Culture in India	3.0

Athletic Training

BS

Hours	64 Credit Hours
MAP	Major Academic Plan

Program Requirements

The Exercise Sciences Department requires a minimum of 45 major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ REQUIREMENT 1

Complete application into the athletic training program during semester of enrollment in ExSc 320. See the program director or ExSc 320 instructor for an application packet.

a. Have a physical examination and provide an immunization record to verify technical standards.

b. Submit one letter of recommendation.

c. Interview with the athletic training staff.

d. Complete 30 hours of directed clinical observation in BYU and affiliated high school athletic training settings and associated objectives.

Complete the senior exit interview.

Maintain CPR/AED certification for the professional rescuer.

Meet the technical standards associated with the athletic training education program.

✔ REQUIREMENT 2 Complete 22 Courses

EXSC 302 - Philosophical and Ethical Issues in Exercise Sciences	1.0
EXSC 320 - Basic Athletic Training	3.0
EXSC 321 - Basic Athletic Training Lab	0.5
EXSC 362 - Kinesiology and Biomechanics	3.0
EXSC 390 - Advanced Musculoskeletal Human Anatomy (includes lab)	4.0
EXSC 414 - Advanced Athletic Training Lab	1.0
EXSC 415 - Therapeutic Modalities	3.0
EXSC 416 - Injury Evaluation: Lower Extremities	3.0
EXSC 417 - Injury Evaluation: Upper Extremities and Trunk	3.0
EXSC 418 - Rehabilitation of Orthopedic Injuries	3.0
EXSC 419 - Medical Issues in Athletic Training	1.0

EXSC 423 - Administration of Athletic Training Programs	2.0
EXSC 460 - Orthopaedic Impairments and Therapeutic Exercise	3.0
EXSC 463 - Exercise Physiology	3.0
EXSC 464 - Exercise Physiology Lab	0.5
EXSC 468 - Problems in Exercise Prescription	2.0
EXSC 501 - Sports Medicine Pathology and Pharmacology	3.0
NDFS 310 - Nutrition and Metabolism in Sports and Exercise	2.0
PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PSYCH 111 - Introduction to Psychological Science	3.0
STAT 121 - Principles of Statistics	3.0

✔ **REQUIREMENT 3** Complete 1 Course

To be taken last semester prior to graduation.

EXSC 498 - Capstone Experience in Athletic Training	2.0

✔ **REQUIREMENT 4** Complete 4 Courses

Note: The clinical internship must be completed over a two-calendar-year period. The athletic training clinical education courses require field experience hours as part of the athletic training curriculum.

EXSC 394 - Athletic Training Clinical Education 1	2.0
EXSC 395 - Athletic Training Clinical Education 2	2.0
EXSC 494 - Athletic Training Clinical Education 3	2.0
EXSC 495 - Athletic Training Clinical Education 4	2.0

✔ **RECOMMENDED**

Recommended Courses

HLTH 320 - Advanced First Aid and Safety	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
STDEV 170 - Introduction to Health Professions	1.0

Program Outcomes

Athletic Training Practices and Competence

Program graduates must demonstrate adequate application of Athletic Training (AT) knowledge and skills. The knowledge and skills in AT are called competencies and profeciencies and are listed as objectives and outcomes in required Athletic Training courses.

Professional Preparation and Experience

Students will be prepared for professional practice by demonstrating clinical proficiency in level specific practice "internships" at affiliated clinical sites with the mentoring support of qualified clinical instructors.

BOC Exam and Athletic Training Practice

Students will synthesize and apply clinical competencies and proficiencies required for eligibility

and passing of the BOC exam and professional AT practice.

Preparation for Advanced Degrees

Students will demonstrate knowledge and clinical skills that could gain them acceptance into rigorous advanced degree programs in athletic training or other related allied health professions.

Career Preparation

Students will have the desire to advance the profession of athletic training, advocate in the community and educate the public about the role of the athletic trainer in the health/medical care system.

Professional and Ethical Behavior in the Classroom and Clini

Students will demonstrate professional, ethical, and moral behavior as students and clinicians in classroom, laboratory, and clinical settings.

Professional and Ethical Behavior in Practice and the Commun

Students will demonstrate professional, ethical, and moral behavior as future professionals and in their communities.

Ballroom Dance

Minor

Hours 15 Credit Hours

Program Requirements

✔ REQUIREMENT 1 Complete 2 Courses

Complete the following with a grade of B- or better.

DANCE 284 - Ballroom Dance, International Technique 1	1.0
DANCE 285 - Latin Dance, International Technique 1	1.0

The Dance Department requies a minimum of 10 hours to be completed in residency at BYU for this minor program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ REQUIREMENT 2 Complete 2 Courses

Core courses:

DANCE 260 - Introduction to Dance	3.0
DANCE 280 - Social Dance, Technique 1	1.0

✔ REQUIREMENT 3 Complete 1 Course

DANCE 386 - Methods of Teaching Social Dance	2.0
DANCE 486 - Theory and Notation of International Ballroom Dance	2.0
DANCE 487 - Theory and Notation of International Latin Dance	2.0

✔ REQUIREMENT 4 Complete 1 Option

✔ OPTION 4.1 Complete 5.0 hours from the following Courses

DANCE 380R - Social Dance, Technique 2 *You may take up to 2 credit hours.*	1.0
DANCE 382R - Ballroom Dance, International Technique 2 *You may take up to 2 credit hours.*	1.0
DANCE 383R - Latin Dance, International Technique 2 *You may take up to 2 credit hours.*	1.0
DANCE 384R - Ballroom Dance, International Technique 3 *You may take up to 2 credit hours.*	1.0
DANCE 385R - Latin Dance, International Technique 3 *You may take up to 2 credit hours.*	1.0
DANCE 480R - Social Dance, Technique 3	1.0

DANCE 484R - Ballroom Dance, International Technique 4 *You may take up to 2 credit hours.*	1.0
DANCE 485R - Latin Dance, International Technique 4 *You may take up to 2 credit hours.*	1.0

Note: No more than 2 hours may be completed from each of the listed R technique courses.

✔ **REQUIREMENT 5** Complete 2.0 hours from the following Courses

DANCE 387 - Ballroom Dance Choreography	2.0
DANCE 388R - Ballroom Dance Performance, Intermediate *You may take up to 2 credit hours.*	1.0
DANCE 399R - Academic Internship: Dance	4.0v
DANCE 488R - Ballroom Dance Performance Company *You may take up to 2 credit hours.*	2.0

Program Outcomes

Please contact the individual department for outcome information.

Biblical Hebrew

Minor

Hours 22 - 30 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 2 Courses

HEB 131 - First-Year Biblical Hebrew	4.0
HEB 132 - First-Year Biblical Hebrew	4.0

REQUIREMENT 2 Complete 4 Courses

HEB 101 - First-Year Modern Hebrew 1	4.0
HEB 231 - Second-Year Biblical Hebrew - Grammar and Narrative	4.0
HEB 232 - Second-Year Biblical Hebrew - Narrative 2	4.0
HEB 432R - Ancient Hebrew Texts	2.0

REQUIREMENT 3 Complete 8.0 hours from the following Courses

Note: For Ne Lg 511R, choose one or more of the following--Akkadian, Aramaic, Coptic, Dead Sea Scroll, Egyptian, Syriac, Ugaritic.

ANES 363 - Hebrew Bible Studies	3.0
HEB 102 - First-Year Modern Hebrew 2	4.0
HEB 313 - Readings in the Old Testament	3.0
HEB 421 - Readings in the Hebrew Translation of the New Testament	3.0
HEB 432R - Ancient Hebrew Texts	2.0
HEB 441 - Postbiblical Hebrew: Mishnah	2.0
NE LG 511R - Studies in Ancient Near Eastern Languages	4.0v

Program Outcomes

Biblical Translation

Read and translate Biblical historical narrative texts with limited use of a lexicon. (Direct 1; Indirect 1, 2, 3)

Verbal System Analysis

Analyze and categorize the verbal system: *pa'al*, *piel*, *hiphil*, *hophal*, *niphal*, *pual*, and *hithpael*. (Direct 1, 2; Indirect 1, 2 ,3)

Biblical Hebrew Grammar

Comprehend Biblical Hebrew grammatical concepts based on standard first year grammars. (Direct 1, 2; Indirect 1, 2, 3)

Top

Biochemistry

BS

Hours	76 Credit Hours
MAP	Major Academic Plan

Program Requirements

No more than 3 hours of D credit is allowed in major courses.

The Chemistry and Biochemistry Department requires the final 10 hours of required chemistry credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ **REQUIREMENT 1** Complete 17 Courses

Note: With department approval Chem 105 may substitute for Chem 111; and Chem 106 for Chem 112.

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0
CHEM 113 - Introductory General Chemistry Laboratory	2.0
CHEM 201 - Chemical Handling and Safe Laboratory Practices	0.5
CHEM 227 - Principles of Chemical Analysis	4.0
CHEM 351M - Organic Chemistry - Majors	3.0
CHEM 352M - Organic Chemistry--Majors	3.0
CHEM 354 - Organic Chemistry Laboratory--Majors	2.0
CHEM 391 - Technical Writing Using Chemical Literature	3.0
CHEM 468 - Biophysical Chemistry	3.0
CHEM 481M - Biochemistry--Majors	3.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
CHEM 489 - Structural Biochemistry	3.0
CHEM 495 - Senior Seminar	1.0
CHEM 584 - Biochemistry Laboratory/Proteins	3.0
CHEM 586 - Biochemistry Laboratory/Nucleic Acids	3.0
CHEM 594R - General Seminar *You may take this course up to 1 time.*	0.5

✔ **REQUIREMENT 2** Complete 8 Courses

BIO 130 - Biology	4.0
MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0

PHSCS 220 - Introduction to Electricity and Magnetism	3.0
PWS 340 - Genetics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ **REQUIREMENT 3** Complete 1 Course

MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0
MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0
PDBIO 360 - Cell Biology	3.0
PDBIO 362 - Advanced Physiology	3.0

✔ **REQUIREMENT 4** Complete 3.0 hours from the following Courses

After consulting with an advisor, complete 3 hours from the following. NOTE: With prior approval, many 300-level and above courses in biology, integrative biology, microbiology and molecular biology, and physiology and developmental biology will fill this requirement. Chem 500 does not count toward fulfilling this requirement.

CHEM 455 - Synthesis and Qualitative Organic Analysis	3.0
CHEM 496R - Academic Internship: Chemistry and Biochemistry *You may take up to 4 credit hours.*	6.0v
CHEM 497R - Undergraduate Special Problems *You may take up to 4 credit hours.*	6.0v
CHEM 499R - Honors Thesis *You may take up to 4 credit hours.*	6.0v
CHEM 514 - Inorganic Chemistry	3.0
CHEM 518 - Advanced Inorganic Laboratory	2.0
CHEM 521 - Instrumental Analysis Lecture	2.0
CHEM 523 - Instrumental Analysis Laboratory	2.0
CHEM 552 - Advanced Organic Chemistry	3.0
CHEM 553 - Advanced Organic Chemistry	3.0
CHEM 563 - Reaction Kinetics	3.0
CHEM 565 - Introduction to Quantum Chemistry	3.0
CHEM 567 - Statistical Mechanics	3.0
CHEM 569 - Fundamentals of Spectroscopy	3.0
CHEM 581 - Advanced Biochemical Methodology 1	3.0
CHEM 583 - Advanced Biochemical Methodology 2	3.0
CHEM 596R - Special Topics in Chemistry *You may take up to 4 credit hours.*	3.0v

Recommended Courses: Chem 195; Math 302 or Math 313.

Note: Supporting courses suggested by most medical and dental schools are found by visiting the Preprofessional Advisement Office. The more rigorous chemistry, mathematics, and physics courses required for the chemistry majors will satisfy the minimum requirements listed there. Elective courses in biochemistry and in biological science are especially pertinent to these preprofessional programs.

Program Outcomes

Mastery of Biochemistry

Graduates of this program will have demonstrated a mastery of biochemistry at a level that will allow them to succeed as graduate students in biochemistry or related fields, as students in

professional schools, or as entry-level employees in government or industry. This broad outcome is further elaborated in outcomes 2-8.

Master Key Concepts in Five Subdisciplines

Program graduates will have demonstrated a mastery of key concepts in the five chemistry subdisciplines: analytical chemistry, biochemistry, inorganic chemistry, organic chemistry, and physical chemistry. The mix of these concepts must reflect the current state of the discipline.

Relationship between Chemistry and Biological Sciences

Program graduates will be able to articulate an understanding of the relationships between chemistry and the biological sciences.

Inorganic and Small Molecule Analysis, and Organic Synthesis

Program graduates will be able to perform basic chemistry laboratory procedures used in inorganic and small molecule analysis, and organic synthesis.

Manipulating and Analyzing Proteins and Nucleic Acids

Program graduates will be able to perform basic biochemistry laboratory procedures used in the manipulation and analysis of proteins and nucleic acids.

Communication of Results

Program graduates will be able to communicate the results of scientific experiments in oral reports, technical graphics, and written reports.

Searching the Literature

Program graduates will be able to search the chemical literature for published work relevant to a project of interest, and to read and understand technical literature related to the discipline.

Contributing to Solutions of Research Problems

Program graduates will be able to draw on classroom knowledge to contribute to solutions of problems encountered in a research laboratory.

Career Choices

Students approaching the end of their course of study will be able to make informed choices among post-graduate opportunities for work or further education.

Relationship between Faith and Science

Graduates will appreciate the role of faith in God by scientists. This outcome stands apart, but it is an important aim of a BYU education.

MMBIO 240 - Molecular Biology	3.0
PWS 340 - Genetics	3.0

REQUIREMENT 2 Complete 1 Course

BIO 365 - Computational Biology	3.0
C S 418 - Bioinformatics	3.0

REQUIREMENT 3 Complete 8 Courses

C S 142 - Introduction to Computer Programming	3.0
C S 235 - Data Structures and Algorithms	3.0
C S 236 - Discrete Structures	3.0
C S 240 - Advanced Programming Concepts	4.0
C S 312 - Algorithm Design and Analysis	3.0
CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
MATH 112 - Calculus 1	4.0

REQUIREMENT 4 Complete 1 Course

STAT 151 - Introduction to Bayesian Statistics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

REQUIREMENT 5 Complete 9.0 hours from the following Courses

BIO 370 - Bioethics	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 450 - Conservation Biology	3.0
BIO 463 - Genetics of Human Disease	3.0
MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0

BIO 494R - Mentored Research *You may take up to 2 credit hours.*	6.0v
BIO 555 - Evolutionary and Ecological Modeling	2.0
BIO 560 - Population Genetics	4.0
C S 340 - Software Design and Testing	3.0
C S 360 - Internet Programming	3.0
C S 450 - Introduction to Digital Signal and Image Processing	3.0
C S 452 - Database Modeling Concepts	3.0
C S 470 - Introduction to Artificial Intelligence	3.0
C S 478 - Tools for Machine Learning and Data Mining	3.0
C S 484 - Parallel Processing	3.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
CHEM 489 - Structural Biochemistry	3.0
CHEM 584 - Biochemistry Laboratory/Proteins	3.0
CHEM 586 - Biochemistry Laboratory/Nucleic Acids	3.0
MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 334 - Ordinary Differential Equations	3.0
MATH 410 - Introduction to Numerical Methods	3.0
MATH 411 - Numerical Methods	3.0
EC EN 370 - (EC En - Math 431) Probability Theory	3.0
MATH 450 - Combinatorics	3.0
MMBIO 360 - Microbial Genetics	4.0
MMBIO 465 - Virology	3.0
PDBIO 360 - Cell Biology	3.0
PDBIO 362 - Advanced Physiology	3.0
PDBIO 482 - Developmental Biology	3.0
PDBIO 582 - Developmental Genetics	3.0
STAT 424 - Statistical Computing	3.0
STAT 431 - Experimental Design	3.0
STAT 435 - Nonparametric Statistical Methods	3.0

Program Outcomes

Broad Understanding of Biology

Students will use basic biological concepts, grounded in foundational theories, to interpret relationships among living things and to analyze and solve biological problems, from the molecular to ecosystem level.

Computer Programming

Students will Create computer programs that facilitate bioinformatics. (BYU AIMS 1,2,3)

Research and Inquiry

Students will be able to conduct basic bioinformatics research.(BYU AIMS 2,3,4)

Top

Biological Science Education

BS

Hours	77 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the Undergraduate Catalog.

✔ **REQUIREMENT 1** Complete 8 Courses

Biology core. NOTE: Bio 420, 421 must be taken at BYU.

BIO 130 - Biology	4.0
BIO 220 - Biological Diversity: Animals	4.0
BIO 230 - Biological Diversity: Plants	4.0
BIO 350 - Ecology	3.0
BIO 420 - Evolutionary Biology	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
MMBIO 240 - Molecular Biology	3.0
PWS 340 - Genetics	3.0

✔ **REQUIREMENT 2** Complete 7 Courses

BIO 235 - Field Botany	3.0
BIO 380 - Comparative Animal Physiology and Anatomy	4.0
BIO 441 - Entomology	3.0
CHEM 105 - General College Chemistry	4.0
GEOL 101 - Introduction to Geology	3.0
PHSCS 105 - General Physics 1	3.0
STAT 121 - Principles of Statistics	3.0

✔ **REQUIREMENT 3** Complete 1 Course

BIO 470 - History and Philosophy of Biology	3.0

PHIL 423R - History and Philosophy of Science	3.0

REQUIREMENT 4 Complete 2 Options

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

OPTION 4.1 Complete 8 Courses

BIO 276 - Exploration of Teaching in Biological Sciences	3.0
BIO 377 - Teaching Methods and Instruction in Biology	3.0
BIO 378 - Practicum in Biology Teaching	1.0
BIO 379 - Classroom Management and Laboratory Safety	1.0
CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 350 - Adolescent Development in an Education Context	2.0
SC ED 353 - Multicultural Education for Secondary Education	2.0

Note 1: Application on mylink.byu.edu, including FBI fingerprint and background clearance, must be completed prior to enrollment in Bio 276.

Note 2: Bio 377, 378, and 379 should be taken concurrently in the semester prior to taking Bio 476.

Note 3: Most states require the Biology Praxis Exam for employment in High School and the Middle Level Praxis Exam for teaching in grades 6-8.

OPTION 4.2 Complete 12.0 hours from the following Courses

BIO 476 - Biology Student Teaching	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

RECOMMENDED Complete 12 Courses

Although not required, these courses are recommended.

BIO 430 - Plant Classification and Identification	4.0
BIO 443 - Ichthyology	3.0
BIO 445 - Herpetology	4.0
BIO 446 - (Bio - PWS) Ornithology	3.0
BIO 447 - Mammalogy	3.0
BIO 452 - Marine Biology	4.0
BIO 463 - Genetics of Human Disease	3.0
GEOL 103 - Life of the Past	3.0
GEOL 112 - Historical Geology	4.0
MATH 112 - Calculus 1	4.0
PWS 282 - Introduction to Soil Science	3.0
PWS 283 - Introduction to Soil Science Laboratory	1.0

Program Outcomes

Broad Understanding of Biology

Students will use basic biological concepts, grounded in the foundational theories, to interpret relationships among living things and to analyze and solve biological problems, from the molecular to ecosystem level. (BYU AIMS 1,2,3)

INTASC Standards

Students will apply theory to practice through learning, experimentation, critical analysis, practice, and reflection, as outlined in the Interstate New Teacher Assessment and Support Consortium (INTASC) in a classroom setting. (BYU AIMS 1-4)

Instructional Design

Students will design and produce a written instructional unit that incorporates all ten principles of the Interstate New Teacher Assessment and Support Consortium (INTASC). (BYU AIMS 1-4)

Preparation for Licensure

Students will meet the entry level standards for teacher licensure.

Biology

BS

Hours	60 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 6 Courses

BIO 130 - Biology	4.0
BIO 350 - Ecology	3.0
BIO 420 - Evolutionary Biology	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
MMBIO 240 - Molecular Biology	3.0
PWS 340 - Genetics	3.0

REQUIREMENT 2 Complete 1 Course

BIO 220 - Biological Diversity: Animals	4.0
BIO 230 - Biological Diversity: Plants	4.0

REQUIREMENT 3 Complete 8 Courses

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
MATH 112 - Calculus 1	4.0
PHSCS 105 - General Physics 1	3.0
PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0

REQUIREMENT 4 Complete 20.0 hours from the following Courses

Electives (Note: Bio 220 and Bio 230, if taken for requirement 2, do not double count here):

BIO 220 - Biological Diversity: Animals	4.0
BIO 230 - Biological Diversity: Plants	4.0
BIO 370 - Bioethics	2.0
BIO 380 - Comparative Animal Physiology and Anatomy	4.0
BIO 430 - Plant Classification and Identification	4.0
BIO 441 - Entomology	3.0
BIO 442 - Advanced Invertebrate Zoology	5.0
BIO 443 - Ichthyology	3.0

BIO 445 - Herpetology	4.0
BIO 446 - (Bio - PWS) Ornithology	3.0
BIO 447 - Mammalogy	3.0
BIO 450 - Conservation Biology	3.0
BIO 452 - Marine Biology	4.0
BIO 455 - Plant Ecology	3.0
BIO 463 - Genetics of Human Disease	3.0
BIO 465 - Bioinformatics	3.0
BIO 470 - History and Philosophy of Biology	3.0
BIO 475 - Plant Developmental Biology	3.0
BIO 494R - Mentored Research *You may take up to 2 credit hours.*	6.0v
BIO 510 - Biological Systematics and Curation	3.0
BIO 511 - Lichenology	3.0
BIO 512 - Angiosperm Phylogeny	3.0
BIO 525 - Animal Disease, Biosecurity, and Zoonoses	3.0
BIO 541 - Aquatic Entomology	4.0
BIO 556 - Limnology	3.0
BIO 557 - Stream and Wetland Ecology	4.0
BIO 560 - Population Genetics	4.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0
MMBIO 461 - Advanced Bacterial Physiology	3.0

PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PDBIO 360 - Cell Biology	3.0
PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PWS 440 - Plant Physiology	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ REQUIREMENT 5

Complete an exit interview.

See catalog for recommended courses for career options in Botany, Preveterinary Medicine, and/or Premedical and Predental.

Program Outcomes

Broad Understanding of Biology

Students will use basic biological concepts, grounded in the foundational theories, to interpret relationships among living things and to analyze and solve biological problems, from the molecular to ecosystem level.

Skills and Tools for Discovery

Students will be able to conduct basic biology research.

Professional and Career Preparation

Students will demonstrate professionalism (e.g., scientific integrity, intellectual honesty) and competency (effective verbal and written communication, accurate knowledge base) required by employers or graduate school.

MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 6 Courses

Life sciences core courses:

BIO 420 - Evolutionary Biology	2.0
MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
PDBIO 120 - Science of Biology	2.0
PDBIO 360 - Cell Biology	3.0
PWS 340 - Genetics	3.0

✔ REQUIREMENT 2 Complete 8 Courses

Chemistry courses:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 468 - Biophysical Chemistry	3.0
CHEM 481 - Biochemistry	3.0

✔ REQUIREMENT 3 Complete 6 Courses

Math and physics courses:

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 140 - Electronics Lab	1.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0

✔ REQUIREMENT 4 Complete 4 Courses

Major core courses:

PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 455R - Physiology and Developmental Biology Seminar *You may take this course up to 1 time.*	0.5
PDBIO 568 - Cellular Electrophysiology and Biophysics	3.0

✔ **REQUIREMENT 5** Complete 11.0 hours from the following Options

Complete 11 hours from the following. At least 4 hours must come from the mentored experience and at least 5 hours from electives.

✔ **OPTION 5.1** Complete up to 6.0 hours from the following Courses

A. Mentored laboratory experience (must be in an approved biophysics lab) (at least 4 hours required):

PDBIO 494R - Undergraduate Research in Physiology and Developmental Biology *You may take up to 6 credit hours.*	4.0v
PDBIO 495R - Advanced Undergraduate Research in Physiology and Developmental Biology *You may take up to 6 credit hours.*	4.0v
PDBIO 498 - Advanced Senior Research Project	3.0

✔ **OPTION 5.2** Complete up to 7.0 hours from the following Courses

B. Electives (at least 5 hours required):

CHEM 223 - Quantitative and Qualitative Analysis	4.0
CHEM 227 - Principles of Chemical Analysis	4.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
CHEM 489 - Structural Biochemistry	3.0
CHEM 581 - Advanced Biochemical Methodology 1	3.0
CHEM 583 - Advanced Biochemical Methodology 2	3.0
CHEM 584 - Biochemistry Laboratory/Proteins	3.0
CHEM 586 - Biochemistry Laboratory/Nucleic Acids	3.0
EC EN 301 - Elements of Electrical Engineering	3.0
MATH 302 - Mathematics for Engineering 1	4.0
MATH 303 - Mathematics for Engineering 2	4.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 441 - Advanced Molecular Biology	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0
NEURO 480 - Advanced Neuroscience	3.0
PDBIO 365 - Pathophysiology	4.0
PDBIO 450R - Topics in Physiology and Developmental Biology *You may take this course up to 1 time.*	3.0v
PDBIO 498 - Advanced Senior Research Project	3.0
PDBIO 561 - Physiology of Drug Mechanisms	3.0
PDBIO 565 - Endocrinology	3.0
PHSCS 145 - Experimental Methods in Physics	1.0
PHSCS 230 - Computational Physics Lab 1	1.0
PHSCS 240 - Design, Fabrication, and Use of Scientific Apparatus	2.0
STAT 121 - Principles of Statistics	3.0

Program Outcomes

Physiology and Biophysics Fundamentals

Explain principles of physiology and biophysics (and supporting disciplines).

Physics, Chemistry, and Physiology Integration

Relate structure and function at the atomic, molecular, and cellular level by integrating the principles of physics, chemistry, and physiology.

Cell and Molecular Biology, Chemistry, Physics Fundamentals

Describe key principles of supporting disciplines including cellular and molecular biology, chemistry (general, organic, biophysical, and biochemistry), and physics.

Effective Analysis and Writing

Critically evaluate current scientific literature and demonstrate the ability to write reports that synthesize and integrate data and hypotheses

Laboratory Techniques

Perform a variety of standard laboratory techniques used in the discipline

Forming Informed Decisions

Formulate informed decisions concerning personal and public health issues

The Human Body: Its Form and Function

Summarize the wonders of the human body as manifested by its form and function.

Chemical Engineering

BS

Hours	102.5 - 104.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

Due to the complex prerequisite relationships and limited scheduling of these courses, students should consult with the department about their course scheduling.

REQUIREMENT 1 Complete 3 Options

Preprofessional courses:

OPTION 1.1 Complete 8 Courses

CH EN 170 - Introduction to Chemical Engineering	2.0
CH EN 191 - Preprofessional Seminar	0.5
CH EN 263 - Computational Tools for Chemical Engineers	2.0
CH EN 273 - Chemical Process Principles	3.0
EC EN 301 - Elements of Electrical Engineering	3.0
MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0

OPTION 1.2 Complete 1 Group

GROUP 1.2.1 Complete 2 Courses

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0

GROUP 1.2.2 Complete 3 Courses

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0

OPTION 1.3 Complete 1 Group

GROUP 1.3.1 Complete 2 Courses

MATH 302 - Mathematics for Engineering 1	4.0
MATH 303 - Mathematics for Engineering 2	4.0

GROUP 1.3.2 Complete 3 Courses

MATH 313 - Elementary Linear Algebra	3.0

MATH 314 - Calculus of Several Variables	3.0
MATH 334 - Ordinary Differential Equations	3.0

✔ **REQUIREMENT 2** Complete 12 Courses

Professional courses:

CH EN 311 - Chemical Engineering and Society	3.0
CH EN 373 - Chemical Engineering Thermodynamics	3.0
CH EN 374 - Fluid Mechanics	3.0
CH EN 376 - Heat and Mass Transfer	3.0
CH EN 378 - Science of Engineering Materials	3.0
CH EN 386 - Chemical Reaction Engineering	3.0
CH EN 391 - Career Skills	1.0
CH EN 436 - Process Control and Dynamics	3.0
CH EN 451 - Chemical Engineering Plant Design and Process Synthesis	4.0
CH EN 475 - Unit Operations Laboratory 1	2.0
CH EN 476 - Separations	3.0
CH EN 477 - Unit Operations Laboratory 2	2.0

✔ **REQUIREMENT 3** Complete 7 Courses

Supporting courses:

BIO 100 - Principles of Biology	3.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 467 - Physical Chemistry for Engineers	3.0
ENG T 231 - Foundations of Global Leadership	3.0
ENGL 316 - Technical Communication	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ **REQUIREMENT 4** Complete 4 Options

Complete technical electives (12 hours minimum) satisfying the following requirements:

✔ **OPTION 4.1** Complete 2.0 hours from the following Courses

A. Chemistry laboratory:

CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 464 - Physical Chemistry Laboratory 1	1.0
CHEM 465 - Physical Chemistry Laboratory 2	1.0

✔ **OPTION 4.2**

B. Complete 6 hours of approved advanced engineering course work. In general, these courses are 300-level or above from any of the following departments: Chemical Engineering; Civil & Environmental Engineering; Electrical & Computer Engineering; Mechanical Engineering; or the School of Technology. For details and exceptions, see the department webpage.

✔ **OPTION 4.3**

C. Complete 4 hours of approved advanced course work from an engineering, math, science, or business (EMSB) department. In general, these courses are 300-level or above from any of the following colleges: College of Engineering & Technology, College of Physical & Mathematical Sciences, College of Life Sciences, and the Marriott School of Management. For details and exceptions, see the department

webpage.

✔ **OPTION 4.4**

D. At least 1 hour, but no more than 4 hours, of the technical electives must be from a course or courses that provide significant experiential or project-centered learning, or focus on creativity and innovation skills. Applicable courses include Ch En 199R (Internship), Ch En 400 (Creativity), Ch En 498R (Mentored Research), and Eng T 497R (Global Engineering Outreach). For a full list of approved courses, see the department webpage. A course taken under this requirement will count toward either the advanced engineering or EMSB requirement above, depending on the department in which it is listed.

✔ **REQUIREMENT 5**

Pass a basic competency exam (L3 exam) administered by the Chemical Engineering Department. All students in the chemical engineering program must pass a competency exam based on the foundational principles of chemical engineering that are taught in the program courses. The exam will be administered during the senior year with the specific dates announced each year by the Chemical Engineering Department. Each fall, the department will supply written rules, guidelines, and reference material to help students prepare to take the exam.

Program Outcomes

Please contact the individual department for outcome information.

Chemistry

BA

Hours	57.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

No more than 3 hours of D credit is allowed in major courses.

The Chemistry and Biochemistry Department requires the final 10 hours of required chemistry credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ **REQUIREMENT 1** Complete 10 Courses

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0
CHEM 113 - Introductory General Chemistry Laboratory	2.0
CHEM 201 - Chemical Handling and Safe Laboratory Practices	0.5
CHEM 227 - Principles of Chemical Analysis	4.0
CHEM 351M - Organic Chemistry - Majors	3.0
CHEM 352M - Organic Chemistry--Majors	3.0
CHEM 354 - Organic Chemistry Laboratory--Majors	2.0
CHEM 391 - Technical Writing Using Chemical Literature	3.0
CHEM 495 - Senior Seminar	1.0

Note: With departmental approval, Chem 105 may substitute for Chem 111, and Chem 106 for Chem 112.

✔ **REQUIREMENT 2** Complete 1 Option

✔ **OPTION 2.1** Complete 2 Groups

✔ **GROUP 2.1.1** Complete 3 Courses

CHEM 468 - Biophysical Chemistry	3.0
CHEM 481M - Biochemistry--Majors	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ **GROUP 2.1.2** Complete 1 Course

CHEM 584 - Biochemistry Laboratory/Proteins	3.0
CHEM 586 - Biochemistry Laboratory/Nucleic Acids	3.0

✔ **OPTION 2.2** Complete 5 Courses

CHEM 462 - Physical Chemistry	3.0
CHEM 463 - Physical Chemistry	3.0
CHEM 464 - Physical Chemistry Laboratory 1	1.0
CHEM 465 - Physical Chemistry Laboratory 2	1.0
MATH 302 - Mathematics for Engineering 1	4.0

✔ **REQUIREMENT 3** Complete 5 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0

✔ **REQUIREMENT 4** Complete 3.0 hours from the following Options

After consulting with an advisor, complete 3 hours from the following:

✔ **OPTION 4.1** Complete 3.0 hours from the following Courses

CHEM 455 - Synthesis and Qualitative Organic Analysis	3.0
CHEM 462 - Physical Chemistry	3.0
CHEM 463 - Physical Chemistry	3.0
CHEM 464 - Physical Chemistry Laboratory 1	1.0
CHEM 465 - Physical Chemistry Laboratory 2	1.0
CHEM 481M - Biochemistry--Majors	3.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
CHEM 489 - Structural Biochemistry	3.0
CHEM 496R - Academic Internship: Chemistry and Biochemistry *You may take up to 4 credit hours.*	6.0v
CHEM 497R - Undergraduate Special Problems *You may take up to 4 credit hours.*	6.0v
CHEM 499R - Honors Thesis *You may take up to 4 credit hours.*	6.0v
CHEM 514 - Inorganic Chemistry	3.0
CHEM 518 - Advanced Inorganic Laboratory	2.0
CHEM 521 - Instrumental Analysis Lecture	2.0
CHEM 523 - Instrumental Analysis Laboratory	2.0
CHEM 552 - Advanced Organic Chemistry	3.0
CHEM 553 - Advanced Organic Chemistry	3.0
CHEM 563 - Reaction Kinetics	3.0
CHEM 565 - Introduction to Quantum Chemistry	3.0
CHEM 567 - Statistical Mechanics	3.0
CHEM 569 - Fundamentals of Spectroscopy	3.0
CHEM 581 - Advanced Biochemical Methodology 1	3.0
CHEM 583 - Advanced Biochemical Methodology 2	3.0
CHEM 594R - General Seminar *You may take up to 4 credit hours.*	0.5
CHEM 596R - Special Topics in Chemistry *You may take up to 4 credit hours.*	3.0v
PDBIO 360 - Cell Biology	3.0

Note 1: Chem 500 does not count toward filling this requirement.

Note 2: Elective courses must be different from required courses.

Note 3: With prior approval, certain 300-level and above courses in biology, engineering, physics, and statistics may be taken to satisfy this requirement.

Recommended Courses: Chem 195; Math 302, 303; PDBio 120; Phscs 140, 145.

Note: Supporting courses suggested by most medical and dental schools are found by visiting the Preprofessional Advisement Office. The more rigorous chemistry, mathematics, and physics courses required for the chemistry majors will satisfy the minimum requirements listed there. Elective courses in biochemistry and in biological science are especially pertinent to these preprofessional programs.

Program Outcomes

Academic and Professional Preparation

Graduates of this program will have demonstrated a mastery of chemistry at a level that will allow them to succeed as students in professional schools or in careers that benefit from a solid understanding of physical science. This broad outcome is further elaborated in outcomes 2-5.

Chemistry Fundamentals

Program graduates will have demonstrated a mastery of key concepts in four chemistry subdisciplines: analytical chemistry, inorganic chemistry, organic chemistry, and physical chemistry.

Laboratory Procedures

Program graduates will be able to perform basic laboratory procedures used in inorganic and small molecule analysis, organic synthesis, and in physical chemistry.

Effective Communication

Program graduates will be able to communicate the results of scientific experiments in oral reports, technical graphics, and written reports.

Effective Research and Interpretation

Program graduates will be able to search the chemical literature for published work relevant to a project of interest, and to read and understand technical literature related to the discipline.

Career Research and Preparation

Students approaching the end of their course of study will be able to make informed choices among post-graduate opportunities for work or further education.

CHEM 464 - Physical Chemistry Laboratory 1	1.0
CHEM 465 - Physical Chemistry Laboratory 2	1.0
CHEM 481M - Biochemistry--Majors	3.0
CHEM 495 - Senior Seminar	1.0
CHEM 514 - Inorganic Chemistry	3.0
CHEM 518 - Advanced Inorganic Laboratory	2.0
CHEM 521 - Instrumental Analysis Lecture	2.0
CHEM 523 - Instrumental Analysis Laboratory	2.0
CHEM 594R - General Seminar	0.5
You may take this course up to 1 time.	

✔ **REQUIREMENT 2** Complete 7 Courses

Note: Math 313 and Math 314 may substitute for Math 302.

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 302 - Mathematics for Engineering 1	4.0
PDBIO 120 - Science of Biology	2.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0

✔ **REQUIREMENT 3** Complete 3.0 hours from the following Courses

After consulting with an advisor, complete 3 hours from the following. NOTE: With approval, certain other 300-level and above courses in the allied fields of physics, statistics, engineering, and biology may be taken to satisfy this requirement. Chem 500 does not count toward fulfilling this requirement.

CHEM 482 - Mechanisms of Molecular Biology	3.0
CHEM 496R - Academic Internship: Chemistry and Biochemistry *You may take up to 3 credit hours.*	6.0v
CHEM 497R - Undergraduate Special Problems *You may take up to 3 credit hours.*	6.0v
CHEM 499R - Honors Thesis *You may take up to 3 credit hours.*	6.0v
CHEM 552 - Advanced Organic Chemistry	3.0
CHEM 553 - Advanced Organic Chemistry	3.0
CHEM 563 - Reaction Kinetics	3.0
CHEM 565 - Introduction to Quantum Chemistry	3.0
CHEM 567 - Statistical Mechanics	3.0
CHEM 569 - Fundamentals of Spectroscopy	3.0
CHEM 584 - Biochemistry Laboratory/Proteins	3.0
CHEM 586 - Biochemistry Laboratory/Nucleic Acids	3.0
CHEM 596R - Special Topics in Chemistry *You may take up to 3 credit hours.*	3.0v

Recommended Courses: Chem 195; Math 303; Phscs 140, 145; Stat 201.

Note: Elective courses, beyond the requirements above, should be selected in consultation with an advisor. The following should be given consideration: advanced chemistry, foreign languages (especially French, German, Japanese, and Russian), biological sciences, computer science, engineering, mathematics, physics, statistics.

Program Outcomes

Academic and Professional Preparation

Graduates of this program will have demonstrated a mastery of chemistry at a level that will allow them to succeed as graduate students in chemistry or related fields, as students in professional schools, or as entry-level employees in government or industry. This broad outcome is further elaborated in outcomes 2-6.

Chemistry Fundamentals

Program graduates will have demonstrated a mastery of key concepts in the five chemistry subdisciplines: analytical chemistry, biochemistry, inorganic chemistry, organic chemistry, and physical chemistry. The mix of these concepts must reflect the current state of the discipline.

Laboratory Procedures

Program graduates will be able to perform basic laboratory procedures used in inorganic and small molecule analysis, organic synthesis, physical chemistry, and instrumental analysis.

Effective Communication

Program graduates will be able to communicate the results of scientific experiments in oral reports, technical graphics, and written reports.

Effective Research and Interpretation

Program graduates will be able to search the chemical literature for published work relevant to a project of interest, and to read and understand technical literature related to the discipline.

Problem Solving in the Laboratory

Program graduates will be able to draw on classroom knowledge to contribute to solutions of problems encountered in a research laboratory.

Career Research and Preparation

Students approaching the end of their course of study will be able to make informed choices among post-graduate opportunities for work or further education.

Chemistry

Minor

Hours 20 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 1 Option

OPTION 1.1 Complete 2 Groups

GROUP 1.1.1 Complete 3 Courses

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0
CHEM 113 - Introductory General Chemistry Laboratory	2.0

GROUP 1.1.2 Complete 1 Course

CHEM 223 - Quantitative and Qualitative Analysis	4.0
CHEM 227 - Principles of Chemical Analysis	4.0

OPTION 1.2 Complete 4 Courses

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 223 - Quantitative and Qualitative Analysis	4.0

REQUIREMENT 2 Complete 1 Option

OPTION 2.1 Complete 2 Groups

GROUP 2.1.1 Complete 2 Courses

CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0

GROUP 2.1.2 Complete 2.0 hours from the following Courses

CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 354 - Organic Chemistry Laboratory--Majors	2.0

OPTION 2.2 Complete 4 Courses

CHEM 462 - Physical Chemistry	3.0
CHEM 463 - Physical Chemistry	3.0

CHEM 464 - Physical Chemistry Laboratory 1	1.0
CHEM 465 - Physical Chemistry Laboratory 2	1.0

Note: When all of the chemistry credit required for a minor is transferred from another school, at least one course in chemistry must be taken at BYU with a grade of C or better - or the student may request to take a standardized national exam covering advanced material required for the minor. Chemistry programs at some schools have been evaluated, and their credit is acceptable for the minor. No more than one course with a grade in the D range will be allowed.

Chemistry Education

BS

Hours	80.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements.

The Chemistry and Biochemistry Department requires the final 10 hours of required chemistry credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Contact Education Student Services for entrance requirements into the licensure program.

A teaching minor is not required for licensure. However, it is strongly recommended.

✔ **REQUIREMENT 1** Complete 10 Courses

Note: With department approval Chem 105 may substitute for Chem 111; and Chem 106 for Chem 112.

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0
CHEM 113 - Introductory General Chemistry Laboratory	2.0
CHEM 201 - Chemical Handling and Safe Laboratory Practices	0.5
CHEM 227 - Principles of Chemical Analysis	4.0
CHEM 351M - Organic Chemistry - Majors	3.0
CHEM 352M - Organic Chemistry--Majors	3.0
CHEM 391 - Technical Writing Using Chemical Literature	3.0
CHEM 462 - Physical Chemistry	3.0
CHEM 495 - Senior Seminar	1.0

✔ **REQUIREMENT 2** Complete 4 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0

PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0

✔ **REQUIREMENT 3** Complete 3.0 hours from the following Courses

CHEM 354 - Organic Chemistry Laboratory--Majors	2.0
CHEM 464 - Physical Chemistry Laboratory 1	1.0
CHEM 465 - Physical Chemistry Laboratory 2	1.0
CHEM 497R - Undergraduate Special Problems *You may take up to 3 credit hours.*	6.0v

✔ **REQUIREMENT 4** Complete 9.0 hours from the following Options

Only ONE of Geol 101 or 111 can be taken. With approval, certain other courses in physics, geology, mathematics, and biology may be taken to satisfy this requirement.

✔ **OPTION 4.1** Complete 9.0 hours from the following Courses

BIO 100 - Principles of Biology	3.0
CHEM 331 - Guided Learning for Chemistry Instruction	3.0
CHEM 463 - Physical Chemistry	3.0
CHEM 481M - Biochemistry--Majors	3.0
GEOL 101 - Introduction to Geology	3.0
GEOL 111 - Physical Geology	4.0
MATH 290 - Fundamentals of Mathematics	3.0
MATH 302 - Mathematics for Engineering 1	4.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 334 - Ordinary Differential Equations	3.0
PHIL 423R - History and Philosophy of Science	3.0
PHSCS 127 - Descriptive Astronomy	3.0
PHSCS 137 - Severe and Hazardous Weather	3.0
PHSCS 140 - Electronics Lab	1.0
PHSCS 145 - Experimental Methods in Physics	1.0
PWS 150 - Environmental Biology	3.0

✔ **REQUIREMENT 5** Complete 2 Options

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 5.1** Complete 7 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
IP&T 286 - Instructional Technology in Teaching	1.0
PHY S 276 - Exploration of Teaching	4.0
PHY S 377 - Teaching Methods and Instruction	3.0
PHY S 378 - Practicum in Secondary Education	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

Note: FBI fingerprint and background clearance must be completed before

enrollment into Phy S 276.

✔ **OPTION 5.2** Complete 12.0 hours from the following Courses

PHY S 476 - (Not currently offered)	
PHY S 496 - (Not currently offered)	
SC ED 476R - Secondary Student-Teaching *You may take up to 12 credit hours.*	12.0v
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Pedagogy and Teaching Chemistry

Graduates of this program will be able to apply an understanding of chemistry and methods of pedagogy to teaching concepts and problem solving in chemistry at the high school and advanced placement level. This broad outcome is further elaborated in outcomes 2-8.

Chemistry Fundamentals

Graduates will demonstrate a solid conceptual understanding of the structure and reactivity of matter and will firmly grasp the key ideas and practices in analytical, organic and physical chemistry.

Laboratory and Problem Solving Skills

Graduates will have strong problem solving skills in chemistry, be able to employ sound laboratory skills, including good standard lab practices and accurate record keeping, and will be able to design effective experiments, critically analyze data, and apply basic statistical principles to experimental results.

Instruction Development and Teaching Experience

Graduates will be able to design and develop inquiry-based and other guided-learning science teaching units. They will have acquired practical teaching experience and be able to direct high school student labs and conduct demonstrations in accord with safe laboratory practices.

Effective Research, Analysis, and Writing

Graduates will be able to search the scientific and pedagogical literature for needed information, to read and understand technical publications, and to communicate scientific information in written and oral reports and with technical graphics.

Classroom and Student Management

Graduates will be able to manage the typical range of challenges in the classroom, lab, and field trips, and they will have developed skills in teaching high school students with different cultural backgrounds.

Professional Ethics

Graduates will understand professional and scientific ethics. They will apply the Moral Dimensions of Teaching embraced by the McKay School of Education.

Career Preparation

Graduates will appreciate the wide range of careers that the study of chemistry can lead to.

Chinese

BA

Hours	48 - 60 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

✔ REQUIREMENT 1 Complete 1 Course

HCOLL 110 - Introduction to the College of Humanities	2.0v

Complete the following prerequisite courses: Chin 101, 102, 201. (May be waived for students with previous language experience.)

✔ REQUIREMENT 2 Complete 7 Courses

CHIN 202 - Intermediate Mandarin	4.0
CHIN 301 - Third-Year Mandarin	4.0
CHIN 302 - Third-Year Mandarin	4.0
CHIN 321 - Selected Readings of Modern Chinese	3.0
CHIN 322 - Selected Readings of Modern Chinese	3.0
CHIN 345R - Chinese Culture *You may take this course up to 1 time.*	3.0
CHIN 495 - Senior Seminar for Majors	2.0

✔ REQUIREMENT 3 Complete 1 Course

CHIN 342 - Chinese Film in Translation	3.0
CHIN 343 - Chinese Literature in Translation--Poetry	3.0
CHIN 344 - Chinese Literature in Translation--Prose	3.0

✔ REQUIREMENT 4 Complete 1 Course

CHIN 325 - Structure of Chinese	3.0
CHIN 326 - Introduction to Chinese Linguistics	3.0

✔ **REQUIREMENT 5** Complete 3 Courses

CHIN 441 - Classical and Literary Chinese	3.0
CHIN 442 - Classical and Literary Chinese	3.0
CHIN 443 - Modern Chinese Literature	3.0
CHIN 444 - Contemporary Chinese Literature	3.0

✔ **REQUIREMENT 6** Complete 1 Option

Complete 9 additional hours required from upper-division Chinese.

It is mandatory that students consult with their advisor to determine supporting courses appropriate to professional goals.

✔ **OPTION 6.1** Complete 9.0 hours from the following Courses

CHIN 301 - Third-Year Mandarin	4.0
CHIN 302 - Third-Year Mandarin	4.0
CHIN 311R - Advanced Conversation	2.0
CHIN 321 - Selected Readings of Modern Chinese	3.0
CHIN 322 - Selected Readings of Modern Chinese	3.0
CHIN 325 - Structure of Chinese	3.0
CHIN 326 - Introduction to Chinese Linguistics	3.0
CHIN 327 - Chinese Translation and Interpretation	3.0
CHIN 342 - Chinese Film in Translation	3.0
CHIN 343 - Chinese Literature in Translation--Poetry	3.0
CHIN 344 - Chinese Literature in Translation--Prose	3.0
CHIN 345R - Chinese Culture	3.0
CHIN 346 - Introduction to Chinese Philosophy	3.0
CHIN 347 - Business Chinese	3.0
CHIN 377 - Chinese Language Teaching Procedures	3.0
CHIN 399R - Academic Internship	9.0v
CHIN 441 - Classical and Literary Chinese	3.0
CHIN 442 - Classical and Literary Chinese	3.0
CHIN 443 - Modern Chinese Literature	3.0
CHIN 444 - Contemporary Chinese Literature	3.0
CHIN 445R - Chinese Poetry	3.0
CHIN 490R - Individual Study in Chinese	3.0v
CHIN 495 - Senior Seminar for Majors	2.0
CHIN 599R - Academic Internship	9.0v

Program Outcomes

Oral Proficiency (Speaking and Listening)

Speak and comprehend Mandarin Chinese at the ACTFL (American Council on the Teaching of Foreign Languages) Advanced level, demonstrating both an ability to negotiate face-to-face interactions in linguistically, socially, and culturally appropriate ways (direct measures 1 and 7) and an ability to listen to and comprehend the main points of spoken Chinese including television and radio news broadcasts at an advanced level (direct measures 2 and 7).

Reading and Writing Proficiency

Read a variety of formal and informal genres of writing at the ACTFL advanced level (direct

measure 3) and write notes, correspondence, and short essays at the ACTFL intermediate high level while demonstrating an awareness of literary Chinese writing conventions (direct measure 4).

Analyze Chinese Culture, Literature and Language

Be able to analyze and discuss core aspects of Chinese civilization including classical Chinese language and literature, modern and contemporary Chinese literature and film, Chinese culture, and the Chinese language. (Direct Measures 5 and 6 and Indirect Measure 2)

Civil Engineering

BS

Hours	95 - 96 Credit Hours
MAP	Major Academic Plan

Program Requirements

Review records with department a minimum of one year before anticipated graduation date.

A maximum of 9 credit hours with D grades are allowed. Clearance for graduation will be denied until D credits are reduced to 9 hours or less.

REQUIREMENT 1 Complete 22 Courses

CE EN 100A - Civil and Environmental Engineering Seminar	0.5
CE EN 100B - Civil and Environmental Engineering Seminar	0.5
CE EN 101 - Introduction to Civil and Environmental Engineering	1.0
CE EN 103 - Engineering Mechanics--Statics	3.0
CE EN 112 - Engineering Drafting with CAD Applications	3.0
CE EN 113 - Engineering Measurements	3.0
CE EN 200A - Civil and Environmental Engineering Seminar	0.5
CE EN 200B - Civil and Environmental Engineering Seminar	0.5
CE EN 203 - Engineering Mechanics--Mechanics of Materials	3.0
CE EN 204 - Engineering Mechanic--Dynamics	3.0
CE EN 270 - Computational Methods	3.0
CE EN 300A - Civil and Environmental Engineering Seminar	0.5
CE EN 300B - Civil and Environmental Engineering Seminar	0.5
CE EN 304 - Civil Engineering Materials: Metals, Woods, and Composites	1.5
CE EN 306 - Civil Engineering Materials: Concrete, Masonry, and Asphalt	1.5
CE EN 321 - Structural Analysis	3.0
CE EN 332 - Hydraulics and Fluid Flow Theory	3.0
CE EN 341 - Elementary Soil Mechanics	3.0
CE EN 351 - Environmental Engineering	3.0
CE EN 361 - Introduction to Transportation Engineering	3.0
CE EN 400A - Civil and Environmental Engineering Seminar	0.5
CE EN 400B - Civil and Environmental Engineering Seminar	0.5

Note: Students must be enrolled in seminar each semester from the time the major is declared until graduation, beginning with 100A/B and continuing through 400A/B. Transfer students, or students joining the major from another department, should start with 100 A/B and then see the Dept. Undergraduate Advisor for future placement.

REQUIREMENT 2 Complete 1 Course

CE EN 471A - Civil Engineering Practice	1.0
CE EN 471B - Civil Engineering Practice	1.0

✔ REQUIREMENT 3 Complete 1 Option

✔ OPTION 3.1 Complete 2 Courses

MATH 302 - Mathematics for Engineering 1	4.0
MATH 303 - Mathematics for Engineering 2	4.0

✔ OPTION 3.2 Complete 3 Courses

MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0
MATH 334 - Ordinary Differential Equations	3.0

✔ REQUIREMENT 4 Complete 8 Courses

Supporting courses:

CHEM 105 - General College Chemistry	4.0
ENG T 231 - Foundations of Global Leadership	3.0
ENGL 316 - Technical Communication	3.0
GEOL 330 - Geology for Engineers	3.0
MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ REQUIREMENT 5 Complete 1 Course

Technical Electives: At least 1 of the 4 required technical elective courses must be a culminating design experience. Select from the following:

CE EN 427 - International Megastructures	3.0
CE EN 439 - Water Resources Study Abroad	3.0
CE EN 472 - Civil Engineering Design	3.0

✔ REQUIREMENT 6 Complete 3 Courses

Technical Electives: Complete 3 additional technical elective courses from the following (NOTE: a course taken as a major requirement course may not double count as a technical elective course):

CE EN 414 - Engineering Applications of GIS	3.0
CE EN 421 - Structural Steel Design	3.0
CE EN 424 - Reinforced Concrete Design	3.0
CE EN 427 - International Megastructures	3.0
CE EN 431 - Hydrology	3.0
CE EN 433 - Hydraulic Engineering	3.0
CE EN 439 - Water Resources Study Abroad	3.0
CE EN 442 - Foundation Engineering	3.0
CE EN 461 - Geometric Design of Highways	3.0
CE EN 467 - International Megacities	3.0
CE EN 472 - Civil Engineering Design	3.0
ME EN 500 - (MeEn-CEEn) Design and Materials Applications	3.0
ME EN 501 - (MeEn-CEEn) Stress Analysis and Design of Mechanical Structures	3.0

ME EN 503 - (MeEn-CEEn) Plasticity and Fracture	3.0
CE EN 504 - (CE En-Me En) Computer Structural Analysis and Optimization	3.0
CE EN 505 - Portland Cement Concrete Mixture Design and Analysis	3.0
CE EN 507 - (CE En-Me En) Linear Finite Element Methods	3.0
CE EN 508 - (CE En-Me En) Structural Vibrations	3.0
CE EN 521 - Seismic-Resistant Steel Buildings	3.0
CE EN 523 - (CE En-Me En) Aircraft Structures	3.0
CE EN 525 - Bridge Structures	3.0
CE EN 528 - Masonry Design	3.0
CE EN 529 - Timber Design	3.0
CE EN 531 - Principles of Hydrologic Modeling	3.0
CE EN 535 - Hydraulic Design of Channels and Control Structures	3.0
CE EN 540 - Geo-Environmental Engineering	3.0
CE EN 544 - Seepage and Slope Stability Analysis	3.0
CE EN 545 - Geotechnical Analysis of Earthquake Phenomena	3.0
CE EN 547 - Groundwater Modeling	3.0
CE EN 551 - Water Treatment Facilities Design	3.0
CE EN 555 - Environmental Chemistry	3.0
CE EN 562 - Traffic Engineering: Characteristics and Operations	3.0
CE EN 563 - Pavement Design	3.0
CE EN 565 - Urban Transportation Planning	3.0
ME EN 570 - (Me En-CE En) Computer-Aided Engineering Software Development	3.0
CE EN 572 - Computer-Aided Geometric Design	3.0
ME EN 575 - (Me En-CE En) Optimization Techniques in Engineering	3.0
CE EN 594R - Selected Problems in Civil and Environmental Engineering *You may take up to 9 credit hours.*	3.0v

Note: 1 of the 4 technical elective courses may come from Eng T 497R or Me En 321.

Note: Only three credit hours of approved Study Abroad courses may be used to fill the technical electives.

✔ **REQUIREMENT 7** Complete 2 Options

✔ **OPTION 7.1** Complete 1 Course

CE EN 421 - Structural Steel Design	3.0
CE EN 424 - Reinforced Concrete Design	3.0

✔ **OPTION 7.2** Complete 1 Course

CE EN 431 - Hydrology	3.0
CE EN 433 - Hydraulic Engineering	3.0

✔ **OPTION 7.3** Complete 1 Course

CE EN 442 - Foundation Engineering	3.0

✔ **OPTION 7.4** Complete 1 Course

CE EN 461 - Geometric Design of Highways	3.0

Program Outcomes

Math and Science

a) An ability to apply knowledge of mathematics through differential equations, calculus-based physics, chemistry, and geology.

Experiments and Data

b) An ability to design and conduct civil engineering experiments, as well as to analyze and interpret data.

Design

c) An ability to design a system, component, or process in more than one civil engineering context to meet desired needs within realistic constraints.

Teamwork

d) An ability to lead and function on multidisciplinary teams.

Problem Solving

e) An ability to identify, formulate, and solve engineering problems.

Ethics and Faith

f) An understanding of professional and ethical responsibility, and their relationship with faith.

Communication

g) An ability to communicate effectively.

Sustainability

h) The broad education necessary to understand sustainability -- the impact of engineering solutions in a societal, environmental, and economic context.

Life-long Learning and Service

i) A recognition of the need for, and an ability to engage in life-long learning, professional licensure, and service.

Contemporary Issues

j) A knowledge of contemporary issues including globalization.

Engineering Tools

k) An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Management, Business, Public Policy

l) An ability to explain basic concepts in management, business, and public policy.

Geotechnical Engineering

m) An ability to apply knowledge of geotechnical engineering.

Structural Engineering

n) An ability to apply knowledge of structural engineering.

Transportation Engineering

o) An ability to apply knowledge of transportation engineering.

Water Resources Engineering

p) An ability to apply knowledge of water resources engineering.

Classical Studies: Classical Civilization

BA

Hours	44 - 46 Credit Hours
MAP	Major Academic Plan

Program Requirements

Emphasizes Classical Civilization, with work in either Greek or Latin.

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

REQUIREMENT 1 Complete 1 Course

HCOLL 110 - Introduction to the College of Humanities	2.0v

REQUIREMENT 2 Complete 1 Course

CL CV 110 - Introduction to Greek and Roman Literature	3.0
CL CV 201 - The Classical Tradition 1: Antiquity to the Renaissance	3.0

REQUIREMENT 3 Complete 3 Courses

CL CV 241 - Greek and Roman Mythology	3.0
HIST 247 - (Hist-ClCv 304) Greek History	3.0
HIST 248 - (Hist-ClCv 307) Roman History	3.0

REQUIREMENT 4 Complete 1 Course

CL CV 245 - Golden Age of Greece	3.0
CL CV 246 - Golden Age of Rome	3.0

REQUIREMENT 5 Complete 2 Courses

CLSCS 397 - Pro-Seminar in Classical Studies	2.0
CLSCS 497 - Exit Examination in Classical Literature	1.0

✔ REQUIREMENT 6 Complete 1 Option

Complete one of the following options:

✔ OPTION 6.1 Complete 5 Courses

Greek option:

GREEK 101 - First-Year Greek (First Semester)	4.0
GREEK 102 - First-Year Greek (Second Semester)	4.0
GREEK 201 - Intermediate Greek	4.0
GREEK 301 - Classical Greek Poetry: Homer's Iliad	3.0
GREEK 302 - Classical Greek Prose	3.0

✔ OPTION 6.2 Complete 2 Groups

Latin option:

✔ GROUP 6.2.1 Complete 1 Selection

✔ SELECTION 6.2.1.1 Complete 2 Courses

LATIN 101 - First-Year Latin (First Semester)	4.0
LATIN 102 - First-Year Latin (Second Semester)	4.0

✔ SELECTION 6.2.1.2 Complete 1 Course

LATIN 111 - Beginning Latin Accelerated	5.0

✔ GROUP 6.2.2 Complete 3 Courses

LATIN 201 - Intermediate Latin	4.0
LATIN 301 - Classical Latin Poetry	3.0
LATIN 302 - Classical Latin Prose	3.0

Note: Greek 101, 102 and Latin 101, 102, 111 may be waived with equivalent language experience.

Complete IHum 311: Advanced Writing in Comparative Arts and Humanities or another GE-approved Advanced Written and Oral Communication course.

✔ REQUIREMENT 7 Complete 1 Option

Complete 6 hours from the following in the same language as above. In both languages the 302 course is the prerequisite for all 400-level prose courses in the same language and the 301 course is the prerequisite for all 400-level poetry courses in the same language. Concurrent enrollment will be permitted only in rare and special cases and must have the approval both of the classics section head and of the instructor of the 400-level course concerned.

✔ OPTION 7.1 Complete 6.0 hours from the following Courses

GREEK 411R - Greek New Testament and Early Christian Greek Texts	3.0
GREEK 430 - Herodotus	3.0
GREEK 431 - Homer's Odyssey	3.0
GREEK 433 - Thucydides	3.0

GREEK 434 - Sophocles and Euripides	3.0
GREEK 435 - Greek Lyric Poetry	3.0
GREEK 436 - Plato	3.0
GREEK 437 - Attic Orators	3.0
GREEK 490R - Topics in Greek Literature	3.0v

✔ **OPTION 7.2** Complete 6.0 hours from the following Courses

LATIN 411R - Latin Vulgate and Early Christian Latin Texts	3.0
LATIN 430 - Livy	3.0
LATIN 431 - Vergil	3.0
LATIN 432 - Ovid	3.0
LATIN 433 - Cicero	3.0
LATIN 434 - Plautus and Terence	3.0
LATIN 435 - Catullus	3.0
LATIN 436 - Tragedy and Epic of the Early Empire	3.0
LATIN 437 - The Latin Epistle	3.0
LATIN 438 - Horace	3.0
LATIN 439 - Tacitus	3.0
LATIN 440 - Roman Satire	3.0
LATIN 441 - Medieval Latin	3.0
LATIN 490R - Topics in Latin Literature	3.0v

Note: Greek 411R and Latin 411R may be taken only once.

✔ **REQUIREMENT 8** Complete 1 Course

CL CV 261 - Greek and Roman Civilization and Literature in Film	3.0
CL CV 310 - Classical Archaeology	3.0
CL CV 340R - Topics in Classical Literature and Civilization	3.0
ENGL 355 - (Engl-ClCv) Greek and Roman Classics and the English Tradition	3.0
CLSCS 420 - Ancient Literary Criticism	3.0
CLSCS 430R - (Clscs-Hist) Topics in Greek and Roman History	3.0
CLSCS 490R - Seminar in Classics	3.0

Program Outcomes

Mechanics of the Greek or Latin language

With minimal and informed recourse to dictionaries, grammars, commentaries, and other translation aids, students will be able to read and comprehend the prose and poetry of Classical Greek and Latin authors. For example, they will be able to read and comprehend the writings of Caesar, Xenophon, Cicero, Plato, Homer, Vergil, or other Greek and Latin authors of comparable difficulty.

Interpretation and analysis of Greek or Latin texts

Students will be able to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts.

Understanding and contextualizing the cultures of Greece and

Students will demonstrate a broad knowledge and comprehension of the history, literature, philosophy, and visual arts of Greece from the Mycenaean civilization through the Hellenistic Age and of Rome from the Regal Period to the decline of the Empire.

Commercial Music

BM

Hours	75 - 76 Credit Hours
LEP	Limited Enrollment Program. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 14 Courses

Complete the following lower-division music core courses:

MUSIC 193 - Dictation 1	1.0
MUSIC 194 - Dictation 2	1.0
MUSIC 195 - Music Theory 1	3.0
MUSIC 196 - Music Theory 2	3.0
MUSIC 197 - Sight Singing 1	0.5
MUSIC 198 - Sight Singing 2	0.5
MUSIC 221 - Functional Piano Skills 1	2.0
MUSIC 222 - Functional Piano Skills 2	2.0
MUSIC 293 - Dictation 3	1.0
MUSIC 294 - Dictation 4	1.0
MUSIC 295 - Music Theory 3	3.0
MUSIC 296 - Music Theory 4	3.0
MUSIC 297 - Sight Singing 3	0.5
MUSIC 298 - Sight Singing 4	0.5

✔ REQUIREMENT 2 Complete 1 Course

MUSIC 235A - Instrumental Conducting Techniques	2.0
MUSIC 235B - Choral Conducting Techniques	2.0

✔ REQUIREMENT 3 Complete 1 Option

✔ OPTION 3.1 Complete 8.0 hours from the following Courses

Instrumentalists and Classical Vocalists must complete the following:

MUSIC 260R - Performance Instruction *You may take this course up to 6 times.*	2.0v

✔ OPTION 3.2 Complete 8.0 hours from the following Courses

Contemporary Vocalists complete the following:

MUSIC 161 - Voice Technique	2.0
MUSIC 260R - Performance Instruction: Voice	2.0v

You may take this course up to 6 times.

MUSIC 260R - Performance Instruction: Contemporary Voice *You may take this course up to 6 times.*	2.0v

✔ REQUIREMENT 4

Complete one hour of ensemble each semester for four semesters, including 2-3 hours from Category 1: Approved Large Ensembles and 1-2 hours from Category 2 ensembles.

✔ REQUIREMENT 5 Complete 5 Courses

Complete the following upper-division music core courses:

MUSIC 301 - Survey of Music Literature 1	2.0
MUSIC 302 - Survey of Music Literature 2	2.0
MUSIC 303 - Survey of Music Literature 3	2.0
MUSIC 308 - History of Jazz	2.0
MUSIC 395 - Form and Analysis	3.0

✔ REQUIREMENT 6 Complete 2 Options

Complete the following Commercial Music core courses:

✔ OPTION 6.1 Complete 5 Courses

MUSIC 186 - Songwriting 1	2.0
MUSIC 251 - Music Technology 1	2.0
MUSIC 256 - Recording Studio 1	2.0
MUSIC 286 - Introduction to the Music Business	2.0
MUSIC 389 - Projects in Commercial Music	2.0

✔ OPTION 6.2 Complete 2.0 hours from the following Courses

MUSIC 399R - Academic Internship *You may take up to 2 credit hours.*	6.0v

✔ REQUIREMENT 7 Complete 1 Option

Complete the requirements, totaling 16 hours, in one of the elective tracks listed below.

✔ OPTION 7.1 Complete 3 Groups

JAZZ STUDIES

✔ GROUP 7.1.1 Complete 3 Courses

MUSIC 284 - Jazz Improvisation 1	2.0
MUSIC 384 - Jazz Improvisation 2	2.0
MUSIC 394 - Jazz Styles and Analysis	3.0

✔ GROUP 7.1.2 Complete 2.0 hours from the following Courses

MUSIC 360R - Performance Instruction	2.0v

✔ GROUP 7.1.3 Complete 7.0 hours from the following Courses

One credit hour of this requirement may be fulfilled by one of the jazz ensemble courses (Music 331R, 332R, 333R, 334R, 335R).

MUSIC 188 - Composition 1	2.0

MUSIC 257 - Recording Studio 2	2.0
MUSIC 331R - Jazz Combos	1.0
MUSIC 332R - Show Band	1.0
MUSIC 333R - Jazz Ensemble	1.0
MUSIC 334R - Synthesis	1.0
MUSIC 335R - Jazz Legacy Band	1.0
MUSIC 386R - Songwriting 2	2.0
MUSIC 391 - Jazz Keyboard	2.0
MUSIC 468 - Jazz Pedagogy	1.0
MUSIC 485 - Jazz Arranging and Composition	3.0

✔ **OPTION 7.2** Complete 2 Groups

FILM AND MEDIA COMPOSITION

✔ **GROUP 7.2.1** Complete 4 Courses

MUSIC 188 - Composition 1	2.0
MUSIC 386R - Songwriting 2	2.0
MUSIC 481 - Orchestration	3.0
MUSIC 489 - Film Scoring	2.0

✔ **GROUP 7.2.2** Complete 7.0 hours from the following Courses

Note: Only one credit hour of TMA 384R can be used toward the fulfillment of this 7 credit hour requirement.

MUSIC 252 - Music Technology 2	2.0
MUSIC 257 - Recording Studio 2	2.0
MUSIC 355R - Recording Workshop	1.0
MUSIC 482 - Choral Arranging	1.0
MUSIC 485 - Jazz Arranging and Composition	3.0
TMA 102 - Introduction to Film	3.0
TMA 384R - Practicum: Cinematic Skills	6.0v

✔ **OPTION 7.3** Complete 2 Groups

AUDIO ENGINEERING/POST PRODUCTION

✔ **GROUP 7.3.1** Complete 4 Courses

MUSIC 252 - Music Technology 2	2.0
MUSIC 257 - Recording Studio 2	2.0
MUSIC 351 - Audio Applications 1	2.0
MUSIC 355R - Recording Workshop	1.0

✔ **GROUP 7.3.2** Complete 8.0 hours from the following Courses

MUSIC 352 - Audio Applications 2	2.0
MUSIC 360R - Performance Instruction	2.0v
PHSCS 167 - Descriptive Acoustics of Music and Speech	3.0
TMA 365 - Sound Design	3.0
TMA 465 - Sound Reinforcement	2.0

✔ **OPTION 7.4** Complete 4 Groups

COMMERCIAL STUDIO PERFORMANCE

✔ **GROUP 7.4.1** Complete 3 Courses

MUSIC 252 - Music Technology 2	2.0
MUSIC 257 - Recording Studio 2	2.0
MUSIC 284 - Jazz Improvisation 1	2.0

✔ **GROUP 7.4.2** Complete 1 hour from the following Courses

MUSIC 312R - Men's Chorus	1.0

MUSIC 351 - Audio Applications 1	2.0
MUSIC 386R - Songwriting 2	2.0
MUSIC 391 - Jazz Keyboard	2.0
TMA 102 - Introduction to Film	3.0

✔ **REQUIREMENT 8** Complete 1 Option

✔ **OPTION 8.1** Complete 1 Course

Complete a capstone project (Music 486) or present a juried recital (Music 349). Final requirement is decided in consultation with faculty advisor.

MUSIC 349 - Junior Recital	0.0

MUSIC 486 - Commercial Music Capstone Project	1.0

Recital: Enroll in Music 349 (0.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Harris Fine Arts Center Scheduling Office (C-302 HFAC) for further information.

✔ REQUIREMENT 9

The following courses are recommended but not required for Commercial Music majors and may be taken through the Marriott School of Management:

BUS M 201 - Financial Management	3.0
BUS M 241 - Marketing Management	3.0
BUS M 372 - Basic Entrepreneurship Skills	3.0

Program Outcomes

Technology

Students will demonstrate a working knowledge of the specific music and sound creation, recording, and production technologies used in today's music productions. Students need to become familiar enough with the technology that it goes from something unknown to a valuable tool in their creative process and production.

Production

Demonstrate the ability to identify and create the different components of the music production process as it relates to a given music production idiom

Application

Demonstrate the ability to apply various production, performance and business skills necessary to create a commercially viable music project from conception to completion.

Communication Disorders

BS

Hours	51 Credit Hours
LEP	Limited Enrollment Program of 400 Students. Application Website
MAP	Major Academic Plan

Program Requirements

This is a limited-enrollment program requiring departmental acceptance. Please see the college advisement center for information regarding requirements for application to this major.

REQUIREMENT 1 Complete 3 Courses

Pre-major courses:

COMD 133 - Introduction to Speech-Language Pathology and Audiology	2.0
PDBIO 220 - Human Anatomy (with lab)	3.0
STAT 121 - Principles of Statistics	3.0

Apply for and be admitted to the major.

REQUIREMENT 2 Complete 14 Courses

After admission to the major, complete the following:

ASL 101 - First-Year American Sign Language, Part 1	4.0
COMD 320 - Speech Anatomy	3.0
COMD 330 - Language Development	3.0
COMD 331 - Clinical Phonetics	3.0
COMD 332 - Language Science	3.0
COMD 334 - Hearing Science and Acoustics	3.0
COMD 350 - Language Impairment	3.0
COMD 351 - Disorders of Articulation and Phonology	3.0
COMD 421 - Speech Science	3.0
COMD 430 - Medical Speech Pathology	3.0
COMD 438 - Hearing Tests and Measures	3.0
COMD 442 - Aural Rehabilitation	3.0
COMD 450 - Professional Practices	3.0
MATH 110 - College Algebra	3.0

NOTE: In lieu of ASL 101, any other foreign language course 101 level or higher (taken at the university level) may be used.

Program Outcomes

Hearing

Explain the processes of normal hearing, including key anatomic structures and neural systems along with their function in perceiving and interpreting environmental and speech sounds. Describe the assessment of hearing in adults and children and demonstrate the ability to create and interpret audiograms. Describe basic aspects of intervention in remediating the effects of hearing impairment.

Language

Describe the typical acquisition of language and its relationship to cognitive, psychological, and social development. Demonstrate understanding of the nature of language and how it is described. Identify key milestones in development and describe atypical language use in conditions such as autism spectrum disorders, language learning disabilities, and aphasia.

Speech

Define and describe the anatomy and physiology of speech production and explain the scientific basis of measuring speech performance. Describe atypical speech sound production and identify appropriate intervention approaches.

Scope of Practice

Identify the populations served within educational, medical, and community settings by speech-language pathologists and audiologists. Demonstrate an understanding of the principles of ethical practice and the importance of graduate level training and clinical competence in working with individuals with communication disorders.

COMMS 316 - Media Performance	1.5

✔ REQUIREMENT 5 Complete 2 Courses

COMMS 301 - Mass Media History and Philosophy	3.0
COMMS 302 - Popular Culture and Media	3.0
COMMS 351 - Media and Their Audiences	3.0
COMMS 360 - Communication Management Principles and Theory	3.0
COMMS 381 - International Media Systems	3.0
COMMS 382 - Issues in Global Communication	3.0
COMMS 406 - Media and the First Amendment	3.0
COMMS 411 - Media Effects	3.0
COMMS 416 - Media Advocacy and Social Change	3.0
COMMS 480 - Media Ethics and Moral Reasoning	3.0
COMMS 481 - Gender, Race, and Class in the Media	3.0
COMMS 482 - Media and World Religions	3.0

✔ REQUIREMENT 6 Complete 1 Option

Complete one of the following tracks:

✔ OPTION 6.1 Complete 2 Groups

A. Management track:

✔ GROUP 6.1.1 Complete 1 Course

COMMS 330 - Creating Advertising Concepts - Portfolio 1	3.0
COMMS 337 - Advertising Account Management	3.0

✔ GROUP 6.1.2 Complete 4 Courses

BUS M 241 - Marketing Management	3.0
COMMS 332 - Marketing Media Planning and Strategy	3.0
COMMS 432 - Account Planning Management	3.0
COMMS 489 - Strategic Advertising Campaigns	3.0

✔ OPTION 6.2 Complete 2 Groups

B. Creative Track:

✔ GROUP 6.2.1 Complete 1 Course

Complete the following and then submit portfolio:

COMMS 330 - Creating Advertising Concepts - Portfolio 1	3.0

✔ GROUP 6.2.2 Complete 3 Courses

COMMS 331 - Creating Advertising Concepts - Portfolio 2	3.0
COMMS 433 - Advanced Advertising Concepting - Portfolio 3	3.0
COMMS 489 - Strategic Advertising Campaigns	3.0

And complete a minor in advertising design (15 hours) (for creative track only).

Note: Students will be admitted to the creative track each year based on an application process including submitting a portfolio. Portfolios must be submitted to the department's main office by the twelfth week of winter semester. Late portfolios will not be considered. It will take from four to five semesters to complete the design minor. Students interested in this track should take Comms 330 as soon as possible, as a prerequisite to applying to the

creative track.

✔ **REQUIREMENT 7** Complete 1 Option

Internship:

After consulting with an advisor, complete an internship in conjunction with 4 hours of the following:

✔ **OPTION 7.1** Complete 4.0 hours from the following Courses

COMMS 496R - Academic Internship 6.0v

You may take up to 4 credit hours.

Note: A C- grade or better in the following prerequisite courses must be achieved before the internship experience: (1) Management track: Comms 317; 330 or 337; 332. (2) Creative track: Comms 317; 330 or 337; 331.

✔ **REQUIREMENT 8**

Complete a minimum of 72 hours in courses outside of the department while meeting BYU's University Core requirements.

Program Outcomes

Effective Communication

Students will communicate effectively with their audiences

Specifically, students will do so by planning and preparing mass communication messages in the appropriate style, using the appropriate research methods and appropriate technologies to best serve audience needs.

Professional Practice

Students will act professionally in their practice

Specifically, students will be able to practice communication within legal boundaries, while exhibiting standards of professional behavior and demonstrating sensitivity to ethical behavior. Students will also be literate in the language of the media industries.

Mass Communication Processes

Students will be scholars of the mass communication process

Specifically, students will be able to apply relevant theory to communication practice, understand factors that shape their profession, value freedom of speech in the marketplace of ideas, and think critically about the relationship between mass media and society.

Applying Gospel-Centered Values

Students will apply Gospel-centered values as they contribute to society

Specifically, students will respect diversity and agency in a global society, be able to exercise moral reasoning when faced with ethical dilemmas, and show a commitment to making a difference within their sphere of influence.

Hours	43 Credit Hours
LEP	Limited Enrollment Program of 150 Students. Application Website
MAP	Major Academic Plan

Program Requirements

All students must take a campus writing course before applying for admission to the major. The following writing courses fill this requirement and satisfy the GE First-Year Writing requirement: PHIL 150 and WRTG 150. Note: Students must receive a B grade or better to be eligible to apply for admission to the program.

✔ REQUIREMENT 1 Complete 3 Courses

Note: Students must receive a B grade or better in each course to be eligible to apply to the program.

COMMS 101 - Mass Communication and Society	3.0
COMMS 239 - Introduction to News Media	3.0
WRTG 150 - Writing and Rhetoric	3.0

✔ REQUIREMENT 2 Complete 1 Course

Complete the following: (This course may be taken during the semester in which students apply for admission to the major.)

COMMS 300 - Media Ethics, Law and Responsibility	3.0

✔ REQUIREMENT 3 Complete 1 Course

After admission to the major, complete the following:

COMMS 308 - Research Methods for Journalism	3.0

✔ REQUIREMENT 4 Complete 4 Courses

COMMS 310 - Writing Branded Content	1.5
COMMS 311 - Writing for News Media	1.5
COMMS 312 - Digital Media Production	1.5
COMMS 313 - Media Design and Graphics	1.5
COMMS 314 - Social Media Management	1.5
COMMS 315 - Media Entrepreneurship	1.5
COMMS 316 - Media Performance	1.5

✔ REQUIREMENT 5 Complete 1 Course

COMMS 321 - News Reporting	3.0
COMMS 325 - Broadcast Media Reporting	3.0

✔ REQUIREMENT 6 Complete 1 Course

COMMS 384 - Editing for News Media	3.0
COMMS 385 - Television News Producing	3.0

✔ REQUIREMENT 7 Complete 1 Course

COMMS 420 - Advanced Print Reporting	3.0
COMMS 422 - Newsroom Leadership	3.0
COMMS 486 - Advanced Broadcast Reporting	3.0
COMMS 488 - Advanced Broadcast Producing	3.0

✔ REQUIREMENT 8 Complete 1 Course

COMMS 490 - Media Innovations Capstone	3.0

✔ REQUIREMENT 9 Complete 2 Courses

Top

Comparative Literature

BA

Hours	38 - 58 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Acquire a thorough knowledge of two language traditions relevant to individual program of study (one of these may be English for students who emphasize the Anglo-American literary tradition) (approximately 16-32 hours). Competence will normally be demonstrated in course work, but an examination may be required. If planning advanced work in comparative literature, students should gain reading knowledge of both an additional modern language and a classical language.

Complete a reading list (determined in consultation with a faculty advisor) and submit a writing portfolio. During the final semester enroll in CmLit 497 to complete a written examination on the reading list and to have the portfolio reviewed. CmLit 201 & 202, or 211 & 212, are strongly recommended, in part because the reading list core consists of texts treated in these courses. Students who do not complete a literature-based civilization sequence are at a disadvantage in working systematically through the list.

Course configuration must be approved by department advisor.

✔ **REQUIREMENT 1** Complete 1 Course

HCOLL 110 - Introduction to the College of Humanities	2.0v

✔ **REQUIREMENT 2** Complete 1 Option

✔ **OPTION 2.1** Complete 3 Courses

CMLIT 310 - Introduction to Literary Analysis and Comparative Literature	3.0
CMLIT 342 - Asian Literary Traditions	3.0
CMLIT 497 - Reading List Examination	1.0

Note: CmLit 310 and a reading knowledge of at least one foreign language are

prerequisite to all upper-division comparative literature courses. In addition, completion of CmLit 342 and three comparative literature 400-level seminars is prerequisite to 497.

Complete IHum 311: Advanced Writing in Comparative Arts and Humanities or another GE-approved Advanced Written and Oral Communication course.

✔ REQUIREMENT 3 Complete 1 Option

✔ OPTION 3.1 Complete 5 Courses

CMLIT 420R - Studies in Periods and Movements *You may take this course up to 5 times.*	3.0
CMLIT 430R - Studies in Literary Genres *You may take this course up to 5 times.*	3.0
CMLIT 440R - Studies in Themes and Types *You may take this course up to 5 times.*	3.0
CMLIT 450R - Studies in Literary Relations *You may take this course up to 5 times.*	3.0
CMLIT 460R - Studies in Literary Theory *You may take this course up to 5 times.*	3.0

Note: While variety is recommended, students may take more than one section of the same "R" suffix courses (e.g., two 420Rs, etc.).

✔ REQUIREMENT 4 Complete 1 Option

✔ OPTION 4.1 Complete 1 Course

Complete an upper-division literature course in Greek or Latin:

GREEK 301 - Classical Greek Poetry: Homer's Iliad	3.0
GREEK 302 - Classical Greek Prose	3.0
LATIN 301 - Classical Latin Poetry	3.0
LATIN 302 - Classical Latin Prose	3.0

✔ OPTION 4.2 Complete 1 Course

CL CV 110 - Introduction to Greek and Roman Literature	3.0
CL CV 241 - Greek and Roman Mythology	3.0
ENGL 355 - (Engl-ClCv) Greek and Roman Classics and the English Tradition	3.0

✔ REQUIREMENT 5 Complete 1 Option

The following courses deal with texts in the original language. These courses must be in addition to previous requirements. Although English courses may be taken, courses must be taken in at least one other language as well.

✔ OPTION 5.1 Complete 12.0 hours from the following Courses

ARAB 424R - Modern Arabic Literature	2.0
ARAB 425R - Classical Arabic Texts	2.0
ARAB 531R - Advanced Topics in Arabic *You may take this course up to 1 time.*	3.0v
CHIN 441 - Classical and Literary Chinese	3.0
CHIN 442 - Classical and Literary Chinese	3.0
CHIN 443 - Modern Chinese Literature	3.0
CHIN 444 - Contemporary Chinese Literature	3.0

CHIN 445R - Chinese Poetry	3.0
DANSH 340 - Danish Literature	3.0
DUTCH 340 - Introduction to Dutch Literature	3.0
ENGL 333 - The English Novel	3.0
ENGL 336 - The American Novel	3.0
ENGL 337R - Advanced Studies in Genre *You may take this course up to 1 time.*	3.0

SPAN 461 - Spanish-Speaking American (Mexican-American) Literature	3.0
SWED 340 - Swedish Literature	3.0

Program Outcomes

Foreign Language Proficiency

Demonstrate the ability to analyze a literary text in at least one language in addition to English.

Literary History and Traditions

Articulate a sound understanding of the broad outlines of western literary history, including the place of Classical Greek and Roman literature within its development, and demonstrate familiarity with the Asian tradition; know the literary traditions of two languages well enough to successfully complete course work and a reading list, chosen in consultation with a faculty adviser.

Literary Analysis and Writing

Use tools and methods of literary analysis central to the discipline of Comparative Literature to read, analyze, and interpret literary texts closely and critically, and in the original language, and to communicate that analysis through clear and persuasive writing.

Researching Problems in Literary Studies

Identify and research a problem in literary study by gaining an understanding of the state of knowledge surrounding the issue, analyzing the primary and secondary sources relevant to it, and formulating and following a method appropriate to the problem.

BS

Hours	92 - 93 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 4 Courses

Prerequisite courses:

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0

✔ REQUIREMENT 2 Complete 1 Course

CHEM 105 - General College Chemistry	4.0
CHEM 111 - Principles of Chemistry	4.0

✔ REQUIREMENT 3 Complete 7 Courses

C S 142 - Introduction to Computer Programming	3.0
C S 235 - Data Structures and Algorithms	3.0
C S 236 - Discrete Structures	3.0
C S 240 - Advanced Programming Concepts	4.0
ENG T 231 - Foundations of Global Leadership	3.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 334 - Ordinary Differential Equations	3.0

✔ REQUIREMENT 4 Complete 1 Course

ENGL 312 - Persuasive Writing	3.0
ENGL 316 - Technical Communication	3.0

✔ REQUIREMENT 5 Complete 11 Courses

EC EN 191 - New Student Seminar	0.5
EC EN 220 - Fundamentals of Digital Systems	3.0
EC EN 240 - Circuit Analysis and Laboratory	4.0
EC EN 320 - Digital System Design	4.0
EC EN 330 - Introduction to Embedded System Programming	4.0
EC EN 340 - Electronic Circuit Design 1	4.0

EC EN 370 - (EC En - Math 431) Probability Theory	3.0
EC EN 380 - Signals and Systems	4.0
EC EN 390 - Junior Team Design Project	3.0
EC EN 391 - Junior Seminar	0.5
EC EN 490 - Team Design Project	4.0

✔ **REQUIREMENT 6** Complete 16.0 hours from the following Options

Complete at least 16 hours from the following advanced technical program and technical electives:

✔ **OPTION 6.1** Complete up to 8.0 hours from the following Courses

Part A:

EC EN 424 - Computer Systems	4.0
EC EN 425 - Real-Time Operating Systems	4.0
EC EN 427 - Embedded Systems	4.0
EC EN 451 - Introduction to Digital VLSI Circuits	4.0

✔ **OPTION 6.2** Complete up to 16.0 hours from the following Groups

Part B:

✔ **GROUP 6.2.1** Complete up to 16.0 hours from the following Courses

1. Additional courses listed in item a above or other 400-level electrical and computer engineering courses.

EC EN 424 - Computer Systems	4.0
EC EN 425 - Real-Time Operating Systems	4.0
EC EN 427 - Embedded Systems	4.0
EC EN 443 - Communication and Power Circuits	4.0
EC EN 445 - Introduction to Mixed-Signal VLSI	4.0
EC EN 450 - Introduction to Semiconductor Devices	3.0
EC EN 451 - Introduction to Digital VLSI Circuits	4.0
EC EN 452 - Experiments in Integrated Circuit Development	1.0
EC EN 455 - VLSI Testing	1.0
EC EN 462 - Electromagnetic Radiation and Propagation	2.0
EC EN 464 - Wireless Communication Circuits	2.0
EC EN 466 - Introduction to Optical Engineering	2.0
EC EN 483 - (EC En-Me En 431) Design of Control Systems	4.0
EC EN 485 - Introduction to Digital Communication Theory	4.0
EC EN 487 - Introduction to Discrete-Time Signal Processing	4.0

✔ **GROUP 6.2.2** Complete up to 16.0 hours from the following Courses

2. Any of the following:

C S 340 - Software Design and Testing	3.0
C S 345 - Operating Systems Design	3.0
C S 360 - Internet Programming	3.0
C S 428 - Software Engineering	3.0
C S 431 - Algorithmic Languages and Compilers	3.0
C S 452 - Database Modeling Concepts	3.0
C S 455 - Computer Graphics	3.0
C S 456 - Introduction to User Interface Software	3.0

C S 460 - Computer Communications and Networking	3.0
C S 462 - Large-Scale Distributed System Design	3.0
C S 465 - Computer Security	3.0
C S 470 - Introduction to Artificial Intelligence	3.0
C S 478 - Tools for Machine Learning and Data Mining	3.0
C S 484 - Parallel Processing	3.0
EC EN 360 - Electromagnetic Fields and Waves	4.0
MATH 314 - Calculus of Several Variables	3.0

✔ **GROUP 6.2.3** Complete up to 16.0 hours from the following Courses

3. 500-level EC En or computer science courses.

C S 500 - (C S-Chem-Geol-Math-MthEd-Phscs-Stat) Business Career Essentials in Science and Math	1.5
C S 501R - Advanced Topics in Computer Science	3.0v
C S 513 - Robust Control	3.0
C S 557 - Computer-Aided Geometric Design	3.0
EC EN 521 - Introduction to Algorithm Design	3.0
EC EN 522R - Special Topics in Computer Systems	3.0v
EC EN 523 - Computer System Reliability	3.0
EC EN 528 - Computer Architecture	3.0
EC EN 541 - Active and Passive Filter Design	3.0
EC EN 542R - Special Topics in Electronics	3.0v
EC EN 543 - CMOS Amplifier Design	3.0
EC EN 548 - Analog CMOS Circuit Design	3.0
EC EN 549 - VLSI Communication Circuit Design	3.0
EC EN 550 - (EC En-Me En) Microelectromechanical Systems (MEMS)	3.0
EC EN 555 - Optoelectronic Devices	3.0
EC EN 560 - Electromagnetic Wave Theory	3.0
EC EN 562 - Optical Communication Components and Systems	3.0
EC EN 563 - Applied Computational Electromagnetics	3.0
EC EN 564 - Radar and Communication Systems	3.0
EC EN 568 - Microwave Remote Sensing	3.0
EC EN 576 - Medical Imaging and Image Reconstruction	3.0

4. Other courses as approved by the department.

Note: Contact the Electrical and Computer Engineering Department for current information about added and/or deleted courses, as well as information about when courses are offered.

✔ **REQUIREMENT 7**

Complete the department exit interview.

Program Outcomes

Fundamentals

An ability to apply knowledge of mathematics (differential, integral, and multivariate calculus; linear algebra; complex variables; differential equations; discrete math; and probability), science (Newtonian mechanics; electricity and magnetism; and introductory chemistry), computer fundamentals (programming languages; computer organization; and software/hardware interfaces) and engineering science (signals and systems, electromagnetics, and electronic devices).

Experiments and Data Analysis

An ability to design and conduct experiments, as well as to analyze and interpret data.

System Design

An ability to design a system component or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.

Teamwork

An ability to function on multi-disciplinary teams.

Engineering Problems

An ability to identify, formulate, and solve engineering problems.

Ethics

An understanding of professional and ethical responsibility.

Communication Skills

An ability to communicate effectively.

Broad Education

The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.

Lifelong Learning

A recognition of the need for, and an ability to engage in life-long learning.

Contemporary Issues

A knowledge of contemporary issues.

Techniques, Skills, and Tools

An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Leadership

An understanding of principles of leadership and project management.

Computer Science

BS

Hours	74 - 77 Credit Hours
MAP	Major Academic Plan

Program Requirements

Computer science majors, especially those planning graduate work, are advised to acquire a strong background in mathematics, possibly a minor.

Personnel in the College of Physical and Mathematical Sciences Advisement Center will advise regarding core courses and suggested general education. Questions regarding curriculum and career decisions should be directed to the undergraduate advisor in the Computer Science Department.

Note: All hours of credit applied toward a major in computer science must be of C- or better and must be taken within eight years of declaring the computer science major. Any exceptions must be approved by the department. Students may choose to graduate under later requirements by updating their date of entry into the major at the college advisement center.

Note: No double counting is allowed within the major.

✔ **REQUIREMENT 1** Complete 9 Courses

C S 142 - Introduction to Computer Programming	3.0
C S 224 - Introduction to Computer Systems	3.0
C S 235 - Data Structures and Algorithms	3.0
C S 236 - Discrete Structures	3.0
C S 240 - Advanced Programming Concepts	4.0
C S 252 - Introduction to Computational and Probabilistic Models in Computer Science	3.0
C S 312 - Algorithm Design and Analysis	3.0
C S 340 - Software Design and Testing	3.0
C S 404 - Ethics and Computers in Society	2.0

✔ **REQUIREMENT 2** Complete 1 Course

C S 345 - Operating Systems Design	3.0
C S 360 - Internet Programming	3.0

✔ **REQUIREMENT 3** Complete 2 Options

Supporting courses:

✔ **OPTION 3.1** Complete 5 Courses

ENGL 316 - Technical Communication	3.0
MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0

✔ **OPTION 3.2** Complete 1 Course

STAT 121 - Principles of Statistics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ **REQUIREMENT 4** Complete 24.0 hours from the following Options

Complete 8 courses from the following three options:

✔ **OPTION 4.1** Complete up to 24.0 hours from the following Courses

A. Six to eight of the courses could be from the following.

C S 256 - Designing the User Experience	3.0
C S 330 - Concepts of Programming Languages	3.0
C S 345 - Operating Systems Design	3.0
C S 355 - Interactive Graphics and Image Processing	3.0
C S 360 - Internet Programming	3.0
C S 401R - Topics in Computer Science	3.0v
C S 412 - Linear Programming and Convex Optimization	3.0
C S 418 - Bioinformatics	3.0
C S 428 - Software Engineering	3.0
C S 431 - Algorithmic Languages and Compilers	3.0
C S 450 - Introduction to Digital Signal and Image Processing	3.0
C S 452 - Database Modeling Concepts	3.0
C S 453 - Fundamentals of Information Retrieval	3.0
C S 455 - Computer Graphics	3.0
C S 456 - Introduction to User Interface Software	3.0
C S 460 - Computer Communications and Networking	3.0
C S 462 - Large-Scale Distributed System Design	3.0
C S 465 - Computer Security	3.0
C S 470 - Introduction to Artificial Intelligence	3.0
C S 478 - Tools for Machine Learning and Data Mining	3.0
C S 479 - Natural Language Processing	3.0
C S 484 - Parallel Processing	3.0
C S 486 - Verification and Validation	3.0
EC EN 424 - Computer Systems	4.0
EC EN 425 - Real-Time Operating Systems	4.0
IT 567 - Cyber Security and Penetration Testing	3.0

Note: If C S 401R is chosen, it must be taken for three hours.

✔ **OPTION 4.2** Complete up to 3.0 hours from the following Courses

B. One of the eight courses could be from the following.

C S 498R - Undergraduate Special Projects *You may take up to 3 credit hours.*	3.0v
C S 501R - Advanced Topics in Computer Science *You may take up to 3 credit hours.*	3.0v
C S 513 - Robust Control	3.0

C S 557 - Computer-Aided Geometric Design	3.0

Note 1: If either C S 498R or 501R is chosen, it must be taken for three hours.

✔ **OPTION 4.3** Complete up to 3.0 hours from the following Courses

C. One of the eight courses could be from the following career deepening electives.

BIO 130 - Biology	4.0
BIO 165 - Introduction to Bioinformatics	3.0
BIO 365 - Computational Biology	3.0
C S 405 - Creating and Managing a Software Business	3.0
CHEM 111 - Principles of Chemistry	4.0
EC EN 370 - (EC En - Math 431) Probability Theory	3.0
GEOL 111 - Physical Geology	4.0
MATH 314 - Calculus of Several Variables	3.0
MATH 334 - Ordinary Differential Equations	3.0
MATH 355 - Graph Theory	3.0
MATH 425 - Mathematical Biology	3.0
MATH 485 - Mathematical Cryptography	3.0
MMBIO 151 - Introduction to Microbiology	4.0
MMBIO 261 - Infection and Immunity	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 127 - Descriptive Astronomy	3.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0
STAT 151 - Introduction to Bayesian Statistics	3.0
STAT 230 - Analysis of Variance	3.0
STAT 234 - Methods of Survey Sampling	3.0
STAT 240 - Discrete Probability	3.0

Program Outcomes

Computational Practice:

Students can implement significant programming projects. Students will perform analysis, specification, design, implementation, and testing resulting in quality computer software solutions. Students will use data structures, algorithms, programming languages, and software engineering techniques in their programming.

Computational Theory:

Students will use theoretical concepts in their programming. Students will have the theoretical computer science background and the mathematical and analytical maturity necessary to allow them to follow and adapt to technological changes in their discipline or to enter graduate programs in Computer Science. Students will use automata theory, mathematics, and abstraction to analyze problems and their algorithmic solutions.

Critical Thinking and Communication:

Students will think clearly and communicate well. They have the ability to gather relevant data, reason clearly, and persuasively express their conclusions orally and in writing.

Ethics and Computing:

Students will demonstrate the knowledge and spiritual foundation necessary to make ethical and responsible choices. They will be prepared to use their computing skills to make a positive impact on society.

Hours 19 Credit Hours

Program Requirements

Grades below C- are not allowed in minor courses.

REQUIREMENT 1 Complete 4 Courses

C S 142 - Introduction to Computer Programming	3.0
C S 235 - Data Structures and Algorithms	3.0
C S 236 - Discrete Structures	3.0
C S 240 - Advanced Programming Concepts	4.0

REQUIREMENT 2 Complete 2 Courses

C S 201R - Topics in Computer Science	3.0
C S 224 - Introduction to Computer Systems	3.0
C S 252 - Introduction to Computational and Probabilistic Models in Computer Science	3.0
C S 256 - Designing the User Experience	3.0
C S 301R - Topics in Computer Science	3.0
C S 312 - Algorithm Design and Analysis	3.0
C S 330 - Concepts of Programming Languages	3.0
C S 340 - Software Design and Testing	3.0
C S 345 - Operating Systems Design	3.0
C S 355 - Interactive Graphics and Image Processing	3.0
C S 360 - Internet Programming	3.0
C S 401R - Topics in Computer Science	3.0v
C S 412 - Linear Programming and Convex Optimization	3.0
C S 418 - Bioinformatics	3.0
C S 428 - Software Engineering	3.0
C S 431 - Algorithmic Languages and Compilers	3.0
C S 450 - Introduction to Digital Signal and Image Processing	3.0
C S 452 - Database Modeling Concepts	3.0
C S 453 - Fundamentals of Information Retrieval	3.0
C S 455 - Computer Graphics	3.0
C S 456 - Introduction to User Interface Software	3.0
C S 460 - Computer Communications and Networking	3.0
C S 462 - Large-Scale Distributed System Design	3.0
C S 465 - Computer Security	3.0
C S 470 - Introduction to Artificial Intelligence	3.0
C S 478 - Tools for Machine Learning and Data Mining	3.0

C S 479 - Natural Language Processing	3.0
C S 484 - Parallel Processing	3.0
C S 486 - Verification and Validation	3.0
C S 498R - Undergraduate Special Projects	3.0v
C S 500 - (C S-Chem-Geol-Math-MthEd-Phscs-Stat) Business Career Essentials in Science and Math	1.5
C S 501R - Advanced Topics in Computer Science	3.0v
C S 513 - Robust Control	3.0
C S 557 - Computer-Aided Geometric Design	3.0

Program Outcomes

Computational Practice:

Students use fundamental data structures, algorithms, and programming techniques to implement programming projects of moderate size.

Computational Theory:

Students have the theoretical computer science background necessary to allow them to follow and adapt to technological changes in their discipline. Students use fundamental mathematical abstraction to analyze problems and their algorithmic solutions.

BS

Hours	78.5 - 79.5 Credit Hours
LEP	Limited Enrollment Program of 40 Students. Application Website
MAP	Major Academic Plan

Program Requirements

Grades below C- are not allowed in major courses.

✔ REQUIREMENT 1 Complete 3 Courses

Prerequisite Courses:

C S 142 - Introduction to Computer Programming	3.0
C S 235 - Data Structures and Algorithms	3.0
CSANM 150 - Introduction to Three-Dimensional Computer Graphics	1.5

Be admitted to the program.

✔ REQUIREMENT 2 Complete 10 Courses

Complete the following after being admitted to the program:

C S 224 - Introduction to Computer Systems	3.0
C S 236 - Discrete Structures	3.0
C S 240 - Advanced Programming Concepts	4.0
C S 252 - Introduction to Computational and Probabilistic Models in Computer Science	3.0
C S 312 - Algorithm Design and Analysis	3.0
C S 340 - Software Design and Testing	3.0
C S 355 - Interactive Graphics and Image Processing	3.0
C S 360 - Internet Programming	3.0
C S 404 - Ethics and Computers in Society	2.0
C S 455 - Computer Graphics	3.0

✔ REQUIREMENT 3 Complete 8 Courses

Supporting Courses:

CSANM 354 - Shader Programming	3.0
ENGL 316 - Technical Communication	3.0
MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
TMA 102 - Introduction to Film	3.0

TMA 294 - History of Animation	3.0

✔ REQUIREMENT 4 Complete 1 Course

CSANM 450R - Advanced Senior Film Production 1	3.0
CSANM 459R - Interactive Animation Technology	3.0

✔ REQUIREMENT 5 Complete 1 Course

STAT 121 - Principles of Statistics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ REQUIREMENT 6 Complete 1 Course

Note: If C S 401R is chosen, it must be taken for three hours.

C S 256 - Designing the User Experience	3.0

Computer Science Teaching

Minor

Hours 18 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the minor after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements.

✔ **REQUIREMENT 1** Complete 6 Courses

C S 142 - Introduction to Computer Programming	3.0
C S 224 - Introduction to Computer Systems	3.0
C S 235 - Data Structures and Algorithms	3.0
C S 236 - Discrete Structures	3.0
C S 240 - Advanced Programming Concepts	4.0
TEE 377 - Teaching Methods in Technology Education	2.0

FBI fingerprinting and background clearance must be completed.

Program Outcomes

Computational Practice:

Students are versed in the fundamentals of computer practice at a level sufficient for high school teaching, including the basics of programming, data structures, and algorithms.

Computational Theory:

Students have a fundamental theoretical computer science background sufficient for high school teaching.

Conservation Biology

BS

Hours	64 - 68 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 12 Courses

BIO 130 - Biology	4.0
BIO 220 - Biological Diversity: Animals	4.0
BIO 230 - Biological Diversity: Plants	4.0
BIO 350 - Ecology	3.0
BIO 370 - Bioethics	2.0
BIO 420 - Evolutionary Biology	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 450 - Conservation Biology	3.0
MATH 112 - Calculus 1	4.0
MMBIO 240 - Molecular Biology	3.0
PWS 340 - Genetics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ REQUIREMENT 2 Complete 1 Option

Chemistry options. Students considering graduate or professional school should choose the second option (Option B).

✔ OPTION 2.1 Complete 4 Courses

Option A:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0

✔ OPTION 2.2 Complete 6 Courses

Option B:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0

CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v

✔ **REQUIREMENT 3** Complete 5.0 hours from the following Courses

Tools courses - complete at least 5 hours:

BIO 555 - Evolutionary and Ecological Modeling	2.0
GEOG 211 - Map Use and Interpretation	4.0
GEOG 212 - Introduction to Geographic Information Systems	3.0
MATH 113 - Calculus 2	4.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
PWS 551 - Quantitative Ecology	3.0
STAT 230 - Analysis of Variance	3.0
STAT 234 - Methods of Survey Sampling	3.0

✔ **REQUIREMENT 4** Complete 6.0 hours from the following Courses

Management and policy elective courses - complete at least 6 hours:

ECON 440 - Natural Resources and Environmental Economics	3.0
GEOG 303 - Biogeography	3.0
GEOG 306 - Public Land Conservation	3.0
GEOG 307 - Landscape Ecology	3.0
GEOG 310 - Introduction to Urban and Regional Planning	3.0
HIST 290 - Nature and History: The Earth's Environmental Past	3.0
PWS 411 - Watershed Management	3.0
PWS 419 - Forest Management and Ecology	3.0

✔ **REQUIREMENT 5** Complete 5.0 hours from the following Options

Biology electives - complete at least 5 hours:

✔ **OPTION 5.1** Complete up to 5.0 hours from the following Courses

BIO 380 - Comparative Animal Physiology and Anatomy	4.0
BIO 430 - Plant Classification and Identification	4.0
BIO 441 - Entomology	3.0
BIO 442 - Advanced Invertebrate Zoology	5.0
BIO 443 - Ichthyology	3.0
BIO 445 - Herpetology	4.0
BIO 446 - (Bio - PWS) Ornithology	3.0
BIO 447 - Mammalogy	3.0
BIO 452 - Marine Biology	4.0
BIO 510 - Biological Systematics and Curation	3.0
BIO 511 - Lichenology	3.0
BIO 512 - Angiosperm Phylogeny	3.0
BIO 541 - Aquatic Entomology	4.0
BIO 556 - Limnology	3.0
BIO 557 - Stream and Wetland Ecology	4.0
BIO 559R - Advanced Topics in Ecology and Evolution *You may take this course up to 1 time.*	6.0v
BIO 560 - Population Genetics	4.0
CHEM 481 - Biochemistry	3.0
PWS 282 - Introduction to Soil Science	3.0
PWS 440 - Plant Physiology	3.0

✔ **OPTION 5.2** Complete up to 3.0 hours from the following Courses

Up to 3 hours of the following can count toward the 6 hours of electives.

BIO 494R - Mentored Research *You may take up to 3 credit hours.*	6.0v
LFSCI 494R - Mentored Research *You may take up to 3 credit hours.*	6.0v

✔ **REQUIREMENT 6**

Complete an exit interview.

Program Outcomes

Broad Understanding of Biology

Students will use basic biological concepts, grounded in the foundational theories, to interpret relationships among living things and to analyze and solve biological problems, from the molecular to ecosystem level.

Tools and Skill Development

Students will be able to conduct basic conservation biology research.

Professional and Career Development

Students will demonstrate professionalism (e.g., scientific integrity, intellectual honesty) and competency (effective verbal and written communication, accurate knowledge base) required by employers or graduate school.

Construction and Facilities Management: Construction Management

BS

Hours	83 Credit Hours
MAP	Major Academic Plan

Program Requirements

Students receiving C- or lower grades in required courses will be placed on department probationary status.

✔ **REQUIREMENT 1** Complete 16 Courses

ACC 200 - Principles of Accounting	3.0
CFM 105 - Introduction to Construction and Facilities Management	3.0
CFM 155 - Construction Modeling	3.0
CFM 210 - Light Structural Systems	3.0
CFM 241 - Electrical Systems in Construction	2.0
CFM 311 - Estimating Processes and Spreadsheets	4.0
CFM 320 - Mechanical Systems	3.0
CFM 385 - Construction Contracts and Law	3.0
CFM 412 - Construction Scheduling and Cost Control	3.0
CFM 415 - Construction Project Management and Control	3.0
CFM 426 - Real Estate Principles and Development	4.0
CFM 445 - Construction Company Operations and Management	4.0
CFM 460 - Sustainability and Regulatory Building Solutions	3.0
ENG T 231 - Foundations of Global Leadership	3.0
MATH 111 - Trigonometry	2.0
STAT 121 - Principles of Statistics	3.0

✔ **REQUIREMENT 2** Complete 1 Course

ENGL 316 - Technical Communication	3.0
M COM 320 - Communication in Organizational Settings	3.0

✔ **REQUIREMENT 3** Complete 1 Course

CFM 191 - New Construction and Facilities Management Student Seminar	0.5

✔ REQUIREMENT 4 Complete 2.0 hours from the following Courses

Complete four enrollments of the following (cannot be taken the same semester as CFM 191 or 491):

CFM 291R - Undergraduate Seminar *You may take this course up to 4 times.*	0.5

✔ REQUIREMENT 5 Complete 1 Course

Complete the following during the next-to-last semester before graduation.

CFM 491 - Senior Seminar	0.5

✔ REQUIREMENT 6 Complete 9 Courses

Emphasis courses:

CE EN 113 - Engineering Measurements	3.0
CFM 217 - Concrete and Job-Site Layout	3.0
CFM 302 - Structures and Strength of Materials Fundamentals	4.0
CFM 335 - Construction Equipment and Soils Mechanics	3.0
CFM 345 - Construction Safety Management	2.0
CFM 411 - Pre-Construction Services	4.0
CFM 416R - Capstone	3.0
ECON 110 - Economic Principles and Problems	3.0
PHSCS 105 - General Physics 1	3.0

Students in the Construction and Facilities Management program must attend BYU during a spring or summer term, taking two required CFM courses.

Students must complete 300 hours of pre-approved construction/facilities-related work after declaring the major and must submit a report during the CFM 491 class.

✔ REQUIREMENT 7

Complete department packet and exit interview.

Program Outcomes

Ethical and Moral Leadership

Promote moral and ethical leadership in a global environment.

Design and Pre-Construction

Develop the ability to understand and influence project design and to manage pre-construction activities.

Communication

The ability to effectively communicate orally, graphically and in writing.

Technology and Innovation

The ability to utilize cutting-edge technologies for innovative solutions.

Experiential Learning

Encourage life-long learning through applied industry experience and service.

Analytical Thinking and Problem Solving

Develop analytical thinking and problem solving abilities.

Financial and Property Management

The ability to analyze the risk and feasibility of real estate projects throughout their life-cycle.

Safety, Security, Sustainability, and Regulatory Compliance

The ability to create programs and processes which ensure safety, security, sustainablility and regulatory compliance.

Project Management

Understand how to lead a team and manage project resources, schedule, cost, quality, and risk.

Technical and Professional Competency

Understand and manage technical disciplines such as mechanical, electrical, and structural systems.

REQUIREMENT 9 Complete 2.0 hours from the following Courses

Complete two credit hours of the following:

CFM 199R - Technical Internship	3.0v

REQUIREMENT 10 Complete 3.0 hours from the following Courses

Complete three credit hours of the following:

CFM 399R - Capstone Internship	3.0v

Students in the Construction and Facilities Management program must attend BYU during a spring or summer term, taking two required CFM courses.

Students must complete 300 hours of pre-approved construction/facilities-related work after declaring the major and must submit a report during the CFM 491 class.

REQUIREMENT 11

Complete department packet and exit interview.

Program Outcomes

Managing Facility Financial Resources

Understand and apply principles for managing facility financial resources.

Managing Construction Projects

Demonstrate how to manage construction projects.

Facility Building Systems

Demonstrate how to operate and maintain facility building systems.

Space Planning and Design Programming

Understand and apply facility space planning and design programming techniques.

Safety, Security, and Regulatory Compliance

Design safety, security, and regulatory compliance programs for facilities.

Energy and Sustainability

Design energy and sustainability facility programs.

Facility Technology Systems

Understand and demonstrate facility technology systems.

Experience

Apply facility learning through internships and other practicum experiences.

Moral and Ethical Standards

Live high moral and ethical standards.

Life-Long Learning

Pursue lifelong learning.

Leadership, Management, and Innovation

Understand and apply leadership, management and innovation skills

Contemporary Dance

Minor

Hours 18 Credit Hours

Program Requirements

✔ REQUIREMENT 1 Complete 1 Option

Before being accepted into the minor, a student must either complete A. or B. below:

✔ OPTION 1.1 Complete 1 Course

A. Complete Dance 241R with a grade of B- or better.

DANCE 241R - Contemporary Modern Dance, Technique and Theory 2	2.0

B. Pass a dance audition for acceptance into the minor. Please see the Dance Department for further details.

The Dance Department requires a minimum of 10.5 hours to be completed in residency at BYU for this minor program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ REQUIREMENT 2 Complete 2 Courses

Core courses:

DANCE 260 - Introduction to Dance	3.0
DANCE 264 - Music for Dancers	2.0

✔ REQUIREMENT 3 Complete 4 Courses

Note: Dance 362 must be a contemporary dance section.

DANCE 243R - Studio Workshop in Contemporary Modern Dance Technique and Theory	2.5
DANCE 244R - Studio Workshop in Contemporary Modern Dance Improvisation and Choreography	1.0
DANCE 362 - Contemporary Modern Dance Choreography Intermediate	2.0
DANCE 363R - Dance Improvisation, Intermediate	1.0

✔ REQUIREMENT 4 Complete 1 Course

DANCE 365 - Creative Dance for Elementary Education	2.0
DANCE 366 - Methods of Teaching Contemporary Modern Dance	2.0
DANCE 367 - Methods of Teaching Children's Creative Dance	2.0

✔ **REQUIREMENT 5** Complete 2.0 hours from the following Courses

Note: R-suffix courses may not be taken more than once for minor credit.

DANCE 340R - Contemporary Modern Dance, Technique and Theory 3 *You may take this course up to 1 time.*	2.5
DANCE 348R - Kinnect *You may take this course up to 1 time.*	2.0v
DANCE 365 - Creative Dance for Elementary Education	2.0
DANCE 366 - Methods of Teaching Contemporary Modern Dance	2.0
DANCE 367 - Methods of Teaching Children's Creative Dance	2.0
DANCE 368R - DancEnsemble - Contemporary Dance Performance and Choreography *You may take this course up to 1 time.*	2.0v
DANCE 462 - Contemporary Modern Dance Choreography, Advanced	2.0
DANCE 468R - Contemporary Dance Theatre *You may take this course up to 1 time.*	2.0

Program Outcomes

Please contact the individual department for outcome information.

Dance

BA

Hours	63 - 66 Credit Hours
LEP	Limited Enrollment Program of 180 Students. Application Website
MAP	Major Academic Plan

Program Requirements

Dance technique courses (including Dance 243R and 244R) require a grade of at least B- for advancement to next level.

Students must pass a dance audition for acceptance into the major. Please see the Dance Department for further details.

The Dance Department requires a minimum of 30 hours of dance credit to be taken in residency at BYU's Provo campus for this degree program. BYU Independent Study courses do not count toward residency. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Students must complete annual mandatory advisement.

✔ **REQUIREMENT 1** Complete 1 Course

Prerequisite course:

PDBIO 220 - Human Anatomy (with lab)	3.0

✔ **REQUIREMENT 2** Complete 14 Courses

Note: Qualified students may substitute higher-level technique courses for required lower-level technique courses with permission from the Dance Department.

DANCE 230 - Conditioning and Injury Prevention for Dance	2.0
DANCE 241R - Contemporary Modern Dance, Technique and Theory 2	2.0
DANCE 243R - Studio Workshop in Contemporary Modern Dance Technique and Theory	2.5
DANCE 244R - Studio Workshop in Contemporary Modern Dance Improvisation and Choreography	1.0
DANCE 261 - Orientation to Dance	3.0
DANCE 264 - Music for Dancers	2.0
DANCE 290 - Ballet Accelerated Technique 1	1.5
DANCE 291R - Ballet Technique 2	2.5
DANCE 342 - Kinesiology for Dancers	4.0
DANCE 355 - Dance Production, Introduction	2.0
DANCE 459 - Seminar in Dance	1.0
DANCE 460 - Dance History to 1850	2.0
DANCE 461 - Dance History from 1850	2.0
DANCE 469 - Capstone in Dance	2.0

✔ REQUIREMENT 3 Complete 1 Course

Courses not selected in core requirements can be taken as an elective.

DANCE 362 - Contemporary Modern Dance Choreography Intermediate	2.0
DANCE 377 - World Dance Choreography	2.0
DANCE 387 - Ballroom Dance Choreography	2.0
DANCE 397 - Ballet Choreography	2.0

✔ REQUIREMENT 4 Complete 1 Course

DANCE 343 - Principles of Somatics	2.0
DANCE 351 - Laban Movement Analysis	2.0

✔ REQUIREMENT 5 Complete 2 Courses

DANCE 359R - Special Topics and Issues	2.0
DANCE 359R - Special Topics and Issues	2.0
DANCE 359R - Special Topics and Issues	2.0
DANCE 359R - Special Topics and Issues	2.0
DANCE 477 - Dance - a Reflection of Culture	2.0

✔ REQUIREMENT 6 Complete 3 Options

Complete one course from each of the following categories:

✔ OPTION 6.1 Complete 1 Course

1. Foot Articulation:

DANCE 135 - Tap Dance, Beginning	1.0
DANCE 171 - Clog Dance, Beginning	1.0
DANCE 174 - Irish Dance, Beginning	1.0
DANCE 235 - Tap Dance Technique 1	1.0
DANCE 271 - Clog Dance Technique 1	1.0
DANCE 274R - Irish Dance: Practice and Theory, Technique 1	1.0
DANCE 335R - Tap Dance Technique 2	1.0
DANCE 371R - Clog Dance Technique 2	1.0
DANCE 374R - Irish Dance: Practice and Theory, Technique 2	1.0
DANCE 474R - Percussive Step Styles	1.0

✔ OPTION 6.2 Complete 1 Course

2. Partnering:

DANCE 172 - Western: Square and Contra Dance	1.0
DANCE 184 - Ballroom Dance, International Beginning	1.0
DANCE 185 - Latin Dance, International Beginning	1.0
DANCE 273 - Hungarian Dance: Practice and Theory, Technique 1	1.0
DANCE 278 - Ukrainian Dance: Practice and Theory, Technique 1	1.0
DANCE 280 - Social Dance, Technique 1	1.0
DANCE 284 - Ballroom Dance, International Technique 1	1.0
DANCE 285 - Latin Dance, International Technique 1	1.0
DANCE 373 - Hungarian Dance: Practice and Theory, Technique 2	1.0
DANCE 380R - Social Dance, Technique 2	1.0
DANCE 382R - Ballroom Dance, International Technique 2	1.0
DANCE 383R - Latin Dance, International Technique 2	1.0

DANCE 384R - Ballroom Dance, International Technique 3	1.0
DANCE 385R - Latin Dance, International Technique 3	1.0
DANCE 480R - Social Dance, Technique 3	1.0
DANCE 484R - Ballroom Dance, International Technique 4	1.0
DANCE 485R - Latin Dance, International Technique 4	1.0
DANCE 495R - Pas de Deux	1.0

✔ **OPTION 6.3** Complete 1 Course

3. Cultural Dance:

DANCE 174 - Irish Dance, Beginning	1.0
DANCE 175 - Polynesian Dance, Beginning	1.0
DANCE 270 - World Dance Technique 1	1.0
DANCE 272 - Chinese Dance: Practice and Theory, Technique 1	1.0
DANCE 273 - Hungarian Dance: Practice and Theory, Technique 1	1.0
DANCE 274R - Irish Dance: Practice and Theory, Technique 1	1.0
DANCE 275 - Polynesian Dance: Practice and Theory, Technique 1	1.0
DANCE 277 - Spanish Dance: Practice and Theory, Technique 1	1.0
DANCE 278 - Ukrainian Dance: Practice and Theory, Technique 1	1.0
DANCE 279 - Indian Dance: Practice and Theory, Technique 1	1.0
DANCE 370 - World Dance Technique 2	1.0
DANCE 373 - Hungarian Dance: Practice and Theory, Technique 2	1.0
DANCE 374R - Irish Dance: Practice and Theory, Technique 2	1.0

Note 1: Dance 173R and the different ethnic dance styles taught in the ethnic dance technique course are offered on a rotation basis. Please see the department for a rotation schedule.

Note 2: One course may fulfill two of the required foot articulation, partnering, and ethnic dance categories, possibly reducing the number of enrollments for this requirement from three to two: Dance 174, 274R, 277, or 374R will satisfy both articulation and ethnic categories; Dance 273, 278, 373 will satisfy both partnering and ethnic categories.

✔ **REQUIREMENT 7** Complete 10.5 hours from the following Courses

Complete 10.5 hours from the following technique courses (at least 7.0 hours must be from courses 300 and above):

DANCE 192 - Character Dance	1.0
DANCE 231R - Jazz Dance Technique 1	1.0
DANCE 235 - Tap Dance Technique 1	1.0
DANCE 245 - Urban and Street Dance Forms	1.0
DANCE 270 - World Dance Technique 1	1.0
DANCE 271 - Clog Dance Technique 1	1.0
DANCE 272 - Chinese Dance: Practice and Theory, Technique 1	1.0
DANCE 273 - Hungarian Dance: Practice and Theory, Technique 1	1.0
DANCE 274R - Irish Dance: Practice and Theory, Technique 1	1.0
DANCE 275 - Polynesian Dance: Practice and Theory, Technique 1	1.0
DANCE 277 - Spanish Dance: Practice and Theory, Technique 1	1.0
DANCE 278 - Ukrainian Dance: Practice and Theory, Technique 1	1.0
DANCE 279 - Indian Dance: Practice and Theory, Technique 1	1.0
DANCE 280 - Social Dance, Technique 1	1.0
DANCE 281 - Country Western Social Dance, Intermediate	1.0
DANCE 284 - Ballroom Dance, International Technique 1	1.0

DANCE 285 - Latin Dance, International Technique 1	1.0
DANCE 294R - Ballet Technique, Men	1.0
DANCE 331R - Jazz Dance Technique 2	1.5
DANCE 335R - Tap Dance Technique 2	1.0
DANCE 340R - Contemporary Modern Dance, Technique and Theory 3 *You may take up to 8 credit hours.*	2.5
DANCE 341R - Contemporary Modern Dance Technique Forms	2.5
DANCE 370 - World Dance Technique 2	1.0
DANCE 371R - Clog Dance Technique 2	1.0
DANCE 373 - Hungarian Dance: Practice and Theory, Technique 2	1.0
DANCE 374R - Irish Dance: Practice and Theory, Technique 2	1.0
DANCE 380R - Social Dance, Technique 2 *You may take up to 8 credit hours.*	1.0
DANCE 382R - Ballroom Dance, International Technique 2 *You may take up to 8 credit hours.*	1.0
DANCE 383R - Latin Dance, International Technique 2	1.0
DANCE 384R - Ballroom Dance, International Technique 3 *You may take up to 8 credit hours.*	1.0
DANCE 385R - Latin Dance, International Technique 3 *You may take up to 8 credit hours.*	1.0
DANCE 390R - Ballet Technique 3 *You may take up to 8 credit hours.*	2.5
DANCE 391R - Ballet Technique 4 *You may take up to 8 credit hours.*	2.5
DANCE 392R - Ballet Pointe 1	0.5
DANCE 393R - Ballet Pointe 2 *You may take up to 8 credit hours.*	1.0
DANCE 440R - Contemporary Modern Dance Technique and Theory 4 *You may take up to 8 credit hours.*	2.5
DANCE 474R - Percussive Step Styles	1.0
DANCE 480R - Social Dance, Technique 3	1.0
DANCE 484R - Ballroom Dance, International Technique 4 *You may take up to 8 credit hours.*	1.0
DANCE 485R - Latin Dance, International Technique 4 *You may take up to 8 credit hours.*	1.0
DANCE 490R - Ballet Technique 5 *You may take up to 8 credit hours.*	3.0
DANCE 494R - Ballet Variations *You may take up to 8 credit hours.*	1.0
DANCE 495R - Pas de Deux *You may take up to 8 credit hours.*	1.0

✔ **REQUIREMENT 8** Complete 2.0 hours from the following Courses

Teaching Methods courses:

DANCE 365 - Creative Dance for Elementary Education	2.0
DANCE 366 - Methods of Teaching Contemporary Modern Dance	2.0
DANCE 367 - Methods of Teaching Children's Creative Dance	2.0
DANCE 376 - Methods of Teaching World Dance	2.0
DANCE 386 - Methods of Teaching Social Dance	2.0
DANCE 396 - Methods of Teaching Ballet	2.0
DANCE 486 - Theory and Notation of International Ballroom Dance	2.0
DANCE 487 - Theory and Notation of International Latin Dance	2.0

✔ **REQUIREMENT 9** Complete 2 Courses

Complete two semesters (2-4 hours) from the following Performance Company options:

DANCE 229R - Dance Performance 1 *You may take up to 4 credit hours.*	3.0v
DANCE 348R - Kinnect *You may take up to 4 credit hours.*	2.0v
DANCE 368R - DancEnsemble - Contemporary Dance Performance and Choreography *You may take up to 4 credit hours.*	2.0v
DANCE 378R - Folk Dance Performance, Intermediate *You may take up to 4 credit hours.*	1.0
DANCE 388R - Ballroom Dance Performance, Intermediate *You may take up to 4 credit hours.*	1.0
DANCE 429R - Dance Performance 2 *You may take up to 4 credit hours.*	3.0v
DANCE 468R - Contemporary Dance Theatre *You may take up to 4 credit hours.*	2.0
DANCE 478R - Folk Dance Performance Company *You may take up to 4 credit hours.*	2.0
DANCE 488R - Ballroom Dance Performance Company *You may take up to 4 credit hours.*	2.0
DANCE 489R - Preparation for Ballroom Dance Competitions *You may take up to 4 credit hours.*	1.0
DANCE 498R - Ballet Performance Company *You may take up to 4 credit hours.*	2.0
DANCE 498R - Ballet Performance Company *You may take up to 4 credit hours.*	2.0
DANCE 498R - Ballet Performance Company *You may take up to 4 credit hours.*	2.0

✔ **REQUIREMENT 10** Complete 6.0 hours from the following Options

✔ **OPTION 10.1** Complete 6.0 hours from the following Courses

DANCE 245 - Urban and Street Dance Forms	1.0
DANCE 332R - Cougarette Collegiate Performing Team	2.0
DANCE 336 - (Not currently offered)	
DANCE 343 - Principles of Somatics	2.0
DANCE 351 - Laban Movement Analysis	2.0
DANCE 359R - Special Topics and Issues *You may take up to 6 credit hours.*	2.0
DANCE 361 - Music Dance Theatre Choreographic Styles	2.0
DANCE 362 - Contemporary Modern Dance Choreography Intermediate	2.0
DANCE 363R - Dance Improvisation, Intermediate	1.0
DANCE 365 - Creative Dance for Elementary Education	2.0
DANCE 366 - Methods of Teaching Contemporary Modern Dance	2.0
DANCE 367 - Methods of Teaching Children's Creative Dance	2.0
DANCE 376 - Methods of Teaching World Dance	2.0
DANCE 377 - World Dance Choreography	2.0
DANCE 386 - Methods of Teaching Social Dance	2.0
DANCE 387 - Ballroom Dance Choreography	2.0
DANCE 396 - Methods of Teaching Ballet	2.0
DANCE 397 - Ballet Choreography	2.0
DANCE 399R - Academic Internship: Dance *You may take up to 6 credit hours.*	4.0v
DANCE 462 - Contemporary Modern Dance Choreography, Advanced	2.0
DANCE 464 - Dance Accompaniment	1.0
DANCE 477 - Dance - a Reflection of Culture	2.0

DANCE 486 - Theory and Notation of International Ballroom Dance	2.0
DANCE 487 - Theory and Notation of International Latin Dance	2.0
DANCE 500R - Studies in Dance *You may take up to 6 credit hours.*	3.0v

Note: R courses may count only once to complete this requirement, with the exception of Dance 359R, 399R, and 500R.

Program Outcomes

Personal Philosophy and the Gospel of Jesus Christ

Students will participate in, present , and teach dance the demonstrates a personal philosophy grounded in the gospel of Jesus Christ.

Dance Technique and Skill

Students will demonstrate advanced technical and artistic skill in one dance genre and at least beginning to intermediate skill in another.

Critical Analysis and Interpretation

Students will critically analyze and interpret in depth the theory of dance utilizing a foundational knowledege, based upon aesthetic, cultural, historical, musical, philosophical and scientific aspects of dance. Analytical methods include, research, technology, discussion, presentation and writing.

Creating Dance Works

Students will demonstrate advanced skill in at least one of the following three areas and intermediate in another:

a) choreographic depth and refinement while uniquely expressing thier individual voices.

b) current pedagogical knowledge and skills.

c) performance artistry and advanced ability in a staged production.

Dance Education K-12

BA

Hours	80 Credit Hours
LEP	Limited Enrollment Program of 48 Students.
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

Dance technique courses (including Dance 243R and 244R) require a grade of at least B- for advancement to the next level.

The Dance Department requires at least 21 hours from major courses to be completed in residency at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Students must complete an annual mandatory advisement.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

A teaching minor is recommended.

✔ REQUIREMENT 1 Complete 1 Course

Prerequisite course:

PDBIO 220 - Human Anatomy (with lab)	3.0

✔ REQUIREMENT 2 Complete 12 Courses

DANCE 230 - Conditioning and Injury Prevention for Dance	2.0
DANCE 241R - Contemporary Modern Dance, Technique and Theory 2 *You may take this course up to 1 time.*	2.0
DANCE 243R - Studio Workshop in Contemporary Modern Dance Technique and Theory *You may take this course up to 1 time.*	2.5
DANCE 245 - Urban and Street Dance Forms	1.0
DANCE 261 - Orientation to Dance	3.0
DANCE 264 - Music for Dancers	2.0

DANCE 290 - Ballet Accelerated Technique 1	1.5
DANCE 342 - Kinesiology for Dancers	4.0
DANCE 343 - Principles of Somatics	2.0
DANCE 355 - Dance Production, Introduction	2.0
DANCE 460 - Dance History to 1850	2.0
DANCE 461 - Dance History from 1850	2.0

✔ **REQUIREMENT 3** Complete 2 Courses

Must be taken in two semesters:

DANCE 340R - Contemporary Modern Dance, Technique and Theory 3 *You may take this course up to 2 times.*	2.5
DANCE 341R - Contemporary Modern Dance Technique Forms *You may take this course up to 2 times.*	2.5
DANCE 440R - Contemporary Modern Dance Technique and Theory 4 *You may take this course up to 2 times.*	2.5

✔ **REQUIREMENT 4** Complete 2.5 hours from the following Courses

DANCE 192 - Character Dance	1.0
DANCE 231R - Jazz Dance Technique 1 *You may take this course up to 1 time.*	1.0
DANCE 235 - Tap Dance Technique 1	1.0
DANCE 270 - World Dance Technique 1	1.0
DANCE 271 - Clog Dance Technique 1	1.0
DANCE 272 - Chinese Dance: Practice and Theory, Technique 1	1.0
DANCE 273 - Hungarian Dance: Practice and Theory, Technique 1	1.0
DANCE 274R - Irish Dance: Practice and Theory, Technique 1 *You may take this course up to 1 time.*	1.0
DANCE 275 - Polynesian Dance: Practice and Theory, Technique 1	1.0
DANCE 277 - Spanish Dance: Practice and Theory, Technique 1	1.0
DANCE 278 - Ukrainian Dance: Practice and Theory, Technique 1	1.0
DANCE 279 - Indian Dance: Practice and Theory, Technique 1	1.0
DANCE 280 - Social Dance, Technique 1	1.0
DANCE 281 - Country Western Social Dance, Intermediate	1.0
DANCE 284 - Ballroom Dance, International Technique 1	1.0
DANCE 285 - Latin Dance, International Technique 1	1.0
DANCE 291R - Ballet Technique 2 *You may take up to 2 credit hours.*	2.5
DANCE 294R - Ballet Technique, Men *You may take this course up to 1 time.*	1.0
DANCE 331R - Jazz Dance Technique 2 *You may take this course up to 1 time.*	1.5
DANCE 335R - Tap Dance Technique 2 *You may take this course up to 1 time.*	1.0
DANCE 370 - World Dance Technique 2	1.0
DANCE 371R - Clog Dance Technique 2 *You may take this course up to 1 time.*	1.0
DANCE 373 - Hungarian Dance: Practice and Theory, Technique 2	1.0
DANCE 374R - Irish Dance: Practice and Theory, Technique 2 *You may take this course up to 1 time.*	1.0
DANCE 377 - World Dance Choreography	2.0
DANCE 380R - Social Dance, Technique 2 *You may take up to 2 credit hours.*	1.0
DANCE 382R - Ballroom Dance, International Technique 2	1.0

You may take up to 2 credit hours.	
DANCE 383R - Latin Dance, International Technique 2 *You may take up to 2 credit hours.*	1.0
DANCE 384R - Ballroom Dance, International Technique 3 *You may take up to 2 credit hours.*	1.0
DANCE 385R - Latin Dance, International Technique 3 *You may take up to 2 credit hours.*	1.0
DANCE 387 - Ballroom Dance Choreography	2.0
DANCE 390R - Ballet Technique 3 *You may take up to 2 credit hours.*	2.5
DANCE 391R - Ballet Technique 4 *You may take up to 2 credit hours.*	2.5
DANCE 392R - Ballet Pointe 1 *You may take this course up to 1 time.*	0.5
DANCE 393R - Ballet Pointe 2 *You may take up to 2 credit hours.*	1.0
DANCE 397 - Ballet Choreography	2.0
DANCE 440R - Contemporary Modern Dance Technique and Theory 4 *You may take up to 2 credit hours.*	2.5
DANCE 474R - Percussive Step Styles *You may take this course up to 1 time.*	1.0
DANCE 480R - Social Dance, Technique 3	1.0
DANCE 484R - Ballroom Dance, International Technique 4 *You may take up to 2 credit hours.*	1.0
DANCE 485R - Latin Dance, International Technique 4 *You may take up to 2 credit hours.*	1.0
DANCE 490R - Ballet Technique 5 *You may take up to 2 credit hours.*	3.0
DANCE 494R - Ballet Variations *You may take up to 2 credit hours.*	1.0
DANCE 495R - Pas de Deux *You may take up to 2 credit hours.*	1.0

✔ **REQUIREMENT 5** Complete 5 Courses

Composition and improvisation courses. Take in the sequence listed.

DANCE 244R - Studio Workshop in Contemporary Modern Dance Improvisation and Choreography	1.0
DANCE 362 - Contemporary Modern Dance Choreography Intermediate	2.0
DANCE 363R - Dance Improvisation, Intermediate	1.0
DANCE 462 - Contemporary Modern Dance Choreography, Advanced	2.0
DANCE 469 - Capstone in Dance	2.0

✔ **REQUIREMENT 6** Complete 2.0 hours from the following Courses

Performance courses:

DANCE 348R - Kinnect *You may take up to 2 credit hours.*	2.0v
DANCE 368R - DancEnsemble - Contemporary Dance Performance and Choreography *You may take up to 2 credit hours.*	2.0v
DANCE 468R - Contemporary Dance Theatre *You may take this course up to 1 time.*	2.0

✔ **REQUIREMENT 7** Complete 3 Options

Professional Education Component.

Teacher Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 7.1** Complete 10 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
DANCE 276R - Exploration of Teaching *You may take this course up to 1 time.*	3.0
DANCE 346 - Methods of Teaching Dance to Social Groups in Secondary Education	2.0
DANCE 365 - Creative Dance for Elementary Education	2.0
DANCE 366 - Methods of Teaching Contemporary Modern Dance	2.0
DANCE 465 - K-12 Dance Curriculum Design	2.0
DANCE 466 - Dance Teaching Practicum	3.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 350 - Adolescent Development in an Education Context	2.0
SC ED 353 - Multicultural Education for Secondary Education	2.0

Note 1: Fingerprinting and FBI clearance must be completed before entry into Dance 466.

Note 2: Sc Ed 350 must be taken prior to or concurrently with Dance 466.

✔ **OPTION 7.2** Complete 1 hour from the following Courses

Complete an elementary teaching practicum of 42 hours of unpaid dance core curriculum (20 hours planning and reflection, plus 22 hours teaching with children grades K-6) in one of the following ways: 1) Kinnect teaching Winter and Spring; 2) Arts Bridge Side-by-Side Teaching Project; 3) Other elementary dance teaching internships approved by the dance education faculty.

DANCE 399R - Academic Internship: Dance *You may take up to 1 credit hour.*	4.0v

✔ **OPTION 7.3** Complete 12.0 hours from the following Courses

SC ED 476R - Secondary Student-Teaching	12.0v

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Dance Technique, Performance, Choreographic Principles and P

Students will demonstrate proficiency in contemporary modern dance technique, performance, and choreographic principles and processes.

Dance Theory and Curriculum

Students will examine, synthesize, and apply theory within a comprehensive dance curriculum including dance history, cultural studies, dance sciences, somatics, music, production, and technology.

Instructional Strategies, Standards, and Pedagogy

Students will meet the Utah Effective Teaching Strategies at the basic competence level.

Professional Engagement, Behaviors, and Interaction

Students will model professional behavior and practice in dance education.

Spiritual and Ethical Issues

Students will critically examine spiritual and ethical issues relevant to dance.

Program Requirements

✔ REQUIREMENT 1 Complete 4 Courses

Core courses:

DES 111 - Design Seminar: Theory, Criticism, and Visual Culture	1.0
DES 114 - Drawing	3.0
DES 115 - Composition	3.0
DES 117 - Design Thinking	3.0

Obtain acceptance into the BA program: Graphic Design emphasis.

✔ REQUIREMENT 2 Complete 3 Courses

DESGD 243 - Typography 1	3.0
DESGD 245 - Design 1	3.0
DESGD 280 - Media Design 1	3.0

✔ REQUIREMENT 3 Complete 2 Courses

DESGD 340 - Branding 1	3.0
DESGD 343 - Typography 2	3.0
DESGD 360 - Interactive Design 1	3.0
DESGD 380 - Motion 1	3.0

✔ REQUIREMENT 4 Complete 1 Course

DESGD 346 - Practicum in Graphic Design	3.0

✔ REQUIREMENT 5 Complete 5.0 hours from the following Courses

Elective courses:

ART 330 - Bookbinding	3.0
BUS M 241 - Marketing Management	3.0
COMMS 230 - Introduction to Advertising	3.0
DES 496R - Academic Internship: Professional Internship	6.0v
DESGD 248R - Letterpress Studio	3.0
DESGD 341 - 3-Dimensional Design	3.0

DESGD 394R - Special Topics	3.0
DESGD 441R - Design Lab	3.0
DESGD 442 - Portfolio	3.0
DESGD 460 - Interaction Design 2	3.0
DESGD 480 - Motion 2	3.0
DESGD 488 - Studio Practices for Graphic Designers	2.0
DESIL 251 - Illustration 1	3.0
DESIL 351 - Illustration 2	3.0

✔ **REQUIREMENT 6** Complete 4 Courses

History requirements:

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0
DES 385 - Issues in Contemporary Design	3.0
DESGD 349 - History of Graphic Design	3.0

Program Outcomes

Compelling visuals with meaning

Students will produce compelling visual communications that consider the importance of context, audience, markets and cultural history.

Effective Communication Through Design Principles

Students will use the principles of composition, typography, and visual form to create effective visual communication.

Professional Practices and Communication Skills

Students will gain a general understanding of the skills required to develop a design portfolio, technical expertise, and effective written and oral presentation skills.

Multiple Design Mediums

Students will be introduced to designing for multiple mediums including print based design, interactive media, experience design and motion design.

Art Appreciation

Students will learn to observe, analyze, and appreciate international artifacts of art and design throughout history, and how they influence our contemporary visual culture.

DESIL 450R - Painting the Human Head	3.0
DESIL 457 - Concept Design	3.0
DESIL 488 - Professional Practices for Illustrators	2.0
DESPH 116 - Introduction to Photography and Digital Workflow	3.0

Program Outcomes

Visual Arts History, Concepts, and Processes

Students will be able to demonstrate a comprehension of fundamental concepts, processes, history and criticism of visual arts.

Aesthetic Development

Students will develop a personal sensitivity to the aesthetics of visual art.

Technical and Conceptual Skill Development

Students will develop technical and conceptual skills in a variety of media through the foundations program and completed an area of emphasis as sponsored by participating areas.

Spirituality, Ethics and the Visual Arts

Students will be able to address spiritual and ethical issues relevant to the visual arts.

BA

Hours	47 Credit Hours
LEP	Limited Enrollment Program of 120 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 3 Courses

Core courses:

DES 111 - Design Seminar: Theory, Criticism, and Visual Culture	1.0
DES 115 - Composition	3.0
DESPH 116 - Introduction to Photography and Digital Workflow	3.0

Obtain acceptance into the BA program: Photography emphasis.

✔ REQUIREMENT 2 Complete 6 Courses

Sophomore core courses:

DESPH 120 - Introduction to Digital Imaging	3.0
DESPH 140 - Introduction to Lighting	3.0
DESPH 260 - Moving Image and Video Art 1	3.0
DESPH 270 - Introduction to Black and White Photography and Darkroom Techniques	3.0
DESPH 275 - Classical Portrait Photography	3.0
DESPH 373 - Practicum in Photography	3.0

✔ REQUIREMENT 3 Complete 4 Courses

History requirements:

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0
DES 385 - Issues in Contemporary Design	3.0
DESPH 379 - History of Photography	3.0

✔ REQUIREMENT 4 Complete 10.0 hours from the following Courses

Other courses in filmmaking, business, website production, HTML, etc. may be used in this requirement, as approved by faculty.

ART 225 - Printmaking Fundamentals	3.0
ART 330 - Bookbinding	3.0
ART 353 - Time-Based Art	3.0

BUS M 371R - Entrepreneurship Lecture Series	1.0
COMMS 365 - Photojournalism	3.0
DESPH 273 - Advanced Photography	3.0
DESPH 377R - Exploring Alternative Photography Processes	3.0
DESPH 477R - Nature Photography	3.0
DESPH 478 - Fine Art Photography	3.0
DESPH 488 - Professional Practices for Photographers	2.0
TMA 315R - Special Projects 2	3.0v

Program Outcomes

Visual Arts History, Concepts and Processes

Students will be able to demonstrate a comprehension of fundamental concepts, processes, history and criticism of photography and other allied disciplines in the arts.

Aesthetic Development

Students will develop a personal sensitivity to the aesthetics of photography in addition to other visual arts.

Technical Skill and Conceptual Skill Development

Students will develop technical and conceptual skills in a variety of media through the foundations program and completed the area of photography as sponsored by participating areas. Students are encouraged to develop video production skills in addition to traditional still photography skills where possible.

Spirituality, Ethics, and the Visual Arts

Students will be able to address spiritual and ethical issues relevant to the visual arts.

Dietetics

BS

Hours	80 Credit Hours
LEP	Limited Enrollment Program of 80 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 1 Option

✔ OPTION 1.1 Complete 14 Courses

Complete the following courses (to be completed before professional sequence). NOTE: Four of the following eight courses must be completed at the time of application: Acc 200; Chem 285; MMBio 221; NDFS 100, 200, 290; PDBio 220, 305.

ACC 200 - Principles of Accounting	3.0
CHEM 101 - Introductory General Chemistry	3.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
MMBIO 221 - General Microbiology	3.0
MMBIO 222 - General Microbiology Laboratory	1.0
NDFS 100 - Essentials of Human Nutrition	3.0
NDFS 200 - Nutrient Metabolism	3.0
NDFS 250 - Essentials of Food Science	3.0
NDFS 251 - Essentials of Food Science Laboratory	1.0
NDFS 290 - Introduction to Dietetics	1.0
PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PSYCH 111 - Introduction to Psychological Science	3.0
STAT 121 - Principles of Statistics	3.0

Note 1: Students who have had an equivalent general chemistry course from high school or junior college may not need to take Chem 101.

Note 2: Instead of Chem 285, the Chem 105, 106, 107, 351, 352, 481 sequence is recommended for students interested in medical or dental school or graduate programs in nutrition.

Note 3: Chem 107 may be substituted for MMBio 222.

✔ REQUIREMENT 2 Complete 17 Courses

Professional sequence courses (after being admitted into the program):

NDFS 300 - Medical Nutrition Therapy 1	4.0
NDFS 356 - Medical Nutrition Therapy 2	3.0

NDFS 374 - Food Production Management	2.0
NDFS 375 - Food Production Management Laboratory	2.0
NDFS 400 - Community Nutrition	3.0
NDFS 401 - Community Nutrition Fieldwork	0.5
NDFS 405 - Nutrition Assessment Lab	0.5
NDFS 424 - Nutrition Through the Life Cycle	2.0
NDFS 434 - Nutritional Bio-organic Chemistry	4.0
NDFS 440 - Teaching Methods in Dietetics	3.0
NDFS 445 - Foodservice Systems	3.0
NDFS 458 - Management in Dietetics	3.0
NDFS 466 - Advanced Dietetics Practice	3.0
NDFS 475 - Research Methods in Dietetics	2.0
NDFS 490 - Professionalism Seminar	2.0
NDFS 491 - Internship Preparation	1.0
PDBIO 365 - Pathophysiology	4.0

✔ **RECOMMENDED** Complete 8 Courses

BUS M 201 - Financial Management	3.0
BUS M 241 - Marketing Management	3.0
IS 100 - Computer Spreadsheet Skills	0.5
NDFS 310 - Nutrition and Metabolism in Sports and Exercise	2.0
NDFS 380 - International Nutrition	3.0
PDBIO 120 - Science of Biology	2.0
STDEV 150 - Public Speaking	3.0
STDEV 305 - Advanced Reading Strategies for College Success	2.0

Recommended Minors: The following minors are very complementary to a dietetics major, but any area of interest could be considered: Business, Gerontology (see School of Family Life), International Development, Spanish.

✔ **REQUIREMENT 3**

Dietetic Internship:

To become a Registered Dietitian, students must complete an accredited Dietetic Internship (DI) following graduation. Application to internships is made during the final semester of study. Following successful completion of an internship, graduates are eligible to take the Registration Examination.

Admission to internships is highly competitive. To increase the likelihood of obtaining a position in a DI, students should prepare by:

maintaining at least a 3.0 GPA,

having 1000 hours of work and/or volunteer experience in institutional foodservice and/or nutrition care (i.e., foodservice: hospital, nursing homes, university dining services, school, etc.; volunteer: WIC, Cancer Society, Heart Association, March of Dimes, hospital, etc.)

participating in meaningful volunteer activity,

demonstrating leadership ability, and

taking the GRE (recommended).

Meeting these criteria does not guarantee placement in a dietetic internship, but

failure to meet them will almost surely preclude placement.

Program Outcomes

Effective and Professional Communication

Use effective and professional communication skills.

Nutrition Care Process

Explain and apply all areas of the nutrition care process.

Professionalism

Demonstrate professional beliefs, values, attitudes and behaviors in all required student assignments and activities.

Dietetics Practice

Integrate the broad aspects of food availability, selection, preparation, and consumption into dietetics practice.

Management and Leadership Skills

Apply management and leadership skills to human and other resources in the provision of services to individuals and organizations.

Critical Thinking and Analysis

Think critically in problem identification and solution by integrating scientific information and research into assignments and practice.

Digital Humanities and Technology

Minor

Hours 18 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 1 Course

DIGHT 215 - Introduction to the Digital Humanities	3.0

REQUIREMENT 2 Complete 12.0 hours from the following Options

OPTION 2.1 Complete 12.0 hours from the following Courses

DIGHT 210 - Humanities Technology: Tools & Skills	3.0
DIGHT 230 - Introduction to Print Publishing	3.0
DIGHT 250 - Web Publishing	3.0
DIGHT 260 - Tools for Text Processing and Analysis	3.0
DIGHT 270 - Introduction to Localization	3.0
DIGHT 310 - Programming in the Humanities	3.0
DIGHT 315 - Research in the Digital Humanities	3.0
DIGHT 330 - Print Publishing 2	3.0
DIGHT 350 - Web Information Technologies	3.0
DIGHT 360 - (DigHT-Ling) Programming for Text Processing and Analysis	3.0
DIGHT 390R - Tools Development Seminar	3.0v
DIGHT 395R - Digital Humanities Research Seminar	3.0

Up to 6 credits of approved 300-level or higher courses with a technology focus offered by other departments across campus may be used to satisfy this requirement.

REQUIREMENT 3 Complete 3.0 hours from the following Courses

Complete 3 credit hours of capstone courses. (Note: A project/internship/capstone course in the student's major involving substantial computer work may also be used. See the DigHT coordinator for details.)

DIGHT 495R - Digital Humanities Project	3.0v
DIGHT 496R - Technology Internship	3.0v

Program Outcomes

Technology Mediated Knowledge

Students completing the undergraduate minor will understand the state and implications of technology-mediated knowledge in the Humanities.

Technology Skills Development

Students completing the undergraduate minor will develop the skills required to model information in common computer paradigms and contribute novel perspectives to the Digital Humanities.

Applied experience

Students completing the Digital Humanities & Technology undergraduate minor will apply their skills in either advanced Humanities Technology competence or in advanced Digital Humanities research paradigms.

Top

Dual-Language Immersion K-12 Teaching

Minor

Hours 20 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

Non-language teaching majors and minors: Students must pass the OPI at an advanced-mid level and the Praxis in the target language before they can start the Dual-Immersion minor. If a student does not pass, the student will be encouraged to take a conversational class in the language before taking the OPI and Praxis again and applying for the minor.

Language teaching majors and minors: Students must take the OPI and Praxis before TELL 435. If a student does not pass, the student will be encouraged to take a conversational class in the language. If an instructor believes a student could pass OPI before taking TELL 445, they can make the decision to allow the student into the class. However, if they don't pass the OPI and/or Language Praxis, they will not be allowed to continue on to TELL 445.

Courses must be taken in sequential order and no more than two TELL courses can be taken in the same semester/term.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

A multicultural course is required for this minor and must be taken before or concurrently with TELL 410. El Ed and ECE majors should take El Ed 202; secondary education majors should take Sc Ed 353.

✔ **REQUIREMENT 1** Complete 4 Courses

Note: Elementary Education and Early Childhood Education students will take El Ed 213 rather

than TELL 420.

FLANG 300 - Foundations of Dual Language and Immersion Education	3.0
TELL 410 - Second Language Acquisition	2.0
TELL 420 - Assessing Linguistically Diverse Students	2.0
TELL 435 - Language and Literacy Instruction in K-12 Dual Immersion Settings	3.0

✔ **REQUIREMENT 2** Complete 1 Course

Complete the following after completing the core courses above:

TELL 445 - Content-Based Language Instruction in K-12 Dual-Language Immersion Settings	3.0

✔ **REQUIREMENT 3** Complete 1 Course

Target language teaching methods courses:

CHIN 377 - Chinese Language Teaching Procedures	3.0
FREN 377 - Introduction to French Language Teaching	3.0
GERM 377 - Methods in Teaching German	3.0
PORT 377 - Methods of Portuguese Teaching	3.0
SPAN 377 - Spanish Teaching Methods 1	3.0

✔ **REQUIREMENT 4** Complete 4.0 hours from the following Courses

Complete the following after all the above courses have been completed:

TELL 478R - Dual-Language Immersion K-12 Student Teaching *You may take up to 4 credit hours.*	4.0v

Program Outcomes

Please contact the individual department for outcome information.

Early Childhood Education

BS

Hours	84 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

To complete this major, students will also be required to complete the TESOL K-12 minor. The courses the student will need to take in order to complete the minor are reflected in the requirements listed below.

✔ REQUIREMENT 1 Complete 1 Option

Complete all GE courses, including the following:

✔ OPTION 1.1 Complete 1 Course

SFL 210 - Human Development	3.0

Note: VAEdu 326: Art for Elementary Teachers is highly recommended. It fulfills requirement 4 below.

Note: The Global & Cultural Awareness and Letters general education requirements are fulfilled through completion of the Early Childhood Education major.

Attend a program orientation meeting (schedule posted in 120 MCKB).

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Complete entrance process for the program through the Teacher Education Department (201 MCKB).

✔ REQUIREMENT 2 Complete 2 Options

✔ OPTION 2.1 Complete 23 Courses

Required courses for the ECE K-3 major:

CPSE 300 - Exceptional Students: Principles of Collaboration	2.0
ECE 202 - Foundations of Child Development	3.0
ECE 322 - Parenting and Child Guidance in Early Childhood	3.0
ECE 331 - Early Childhood Education Developmentally Appropriate Practices Seminar	1.0
ECE 332 - Early Childhood Education Developmentally Appropriate Practices Practicum	3.0
ECE 335 - Early Childhood Education Integration Methods	3.0
ECE 324 - Planning and Management	2.0
ECE 337 - Family, School, and Community Partnerships in ECE	3.0
ECE 433 - Teaching Literacy in Early Childhood Classrooms (Pre K-3)	3.0v
ECE 441 - Early Childhood Education Primary Grade Seminar	1.0
ECE 442 - Primary Grade Practicum	2.0
ECE 445 - Teaching Social Studies in Early Childhood Classrooms (Pre K-3)	3.0v
ECE 446 - Teaching Science in Early Childhood Classrooms (Pre K-3)	3.0v
ECE 447 - Teaching Mathematics in Early Childhood Classrooms (Pre K-3)	3.0v
EL ED 203 - Foundations of Multicultural Education	3.0
EL ED 213 - Instructional Design and Assessment for all Learners	3.0
EL ED 323 - Foundations of Literacy Development	3.0
EL ED 340 - Children's Literature	3.0
IP&T 334 - Integrating Technology in Early Childhood Education	1.0
MTHED 305 - Basic Concepts of Mathematics	3.0
MUSIC 378 - Music for the Elementary Classroom Teacher	2.0
SFL 352 - Cognitive Development	3.0
SFL 355 - Language Development	3.0

✔ **OPTION 2.2** Complete 3 Courses

Required courses for the TESOL K-12 minor: (Note: Must take 4 credit hours of TELL 477R.)

TELL 410 - Second Language Acquisition	2.0
TELL 440 - Content-Based Language Instruction	2.0
TELL 477R - TESOL K-12 Student Teaching	4.0v

✔ **REQUIREMENT 3** Complete 1 Course

SFL 331 - Infant Development in the Family	3.0
SFL 351 - Socialization Across Childhood	3.0

✔ **REQUIREMENT 4** Complete 1 Course

DANCE 326 - Dance for the Elementary Classroom	2.0
TMA 352 - Drama in the Elementary Classroom	2.0

✔ **REQUIREMENT 5** Complete 8.0 hours from the following Courses

Note: Prior application is required.

ECE 425 - Grades 1-3 Student Teaching	12.0v
ECE 496R - Academic Internship	12.0

Note: It is the student's responsibility to be sure that the PRAXIS II test has been passed and that BYU has received the test scores and that their fingerprint background clearance is current. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact Education Student Services, 120 MCKB, (801) 422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

✔ **RECOMMENDED** Complete 5 Courses

BIO 175 - Principles of Biology Laboratory	1.0
ENGL 313 - Expository Writing for Elementary Education Majors	3.0
GEOG 120 - Geography and World Affairs	3.0
HLTH 361 - School Health for Elementary Teachers	2.0
MTHED 306 - Concepts of Mathematics	3.0

Program Outcomes

1. Learner Development

The candidate understands cognitive, linguistic, social, emotional and physical areas of student development.

2. Learning Differences

The candidate understands individual learner differences and cultural and linguistic diversity.

3. Learning Environments

The candidate works with learners to create environments that support individual and collaborative learning, social interactions, active engagement in learning, and self-motivation.

4. Content Knowledge

The candidate understands the central concepts, tools of inquiry, and structures of the discipline.

5. Assessment

The candidate uses multiple methods of assessment to engage learners in their own growth, monitor learner progress, guide planning and instruction, and determine whether the outcomes described in content standards have been met.

6. Instructional Planning

The candidate plans instruction to support students in meeting rigorous learning goals by drawing upon knowledge of content areas, core curriculum standards, instructional best practices, and the community context.

7. Instructional Strategies

The candidate uses various instructional strategies to ensure that all learners develop a deep understanding of content areas and their connections, and build skills to apply and extend knowledge in meaningful ways.

8. Reflection and Continuous Growth

The candidate is a reflective practitioner who uses evidence to continually evaluate and adapt practice to meet the needs of each learner.

9. Leadership and Collaboration

The candidate is a leader who engages collaboratively with learners, families, colleagues, and community members to build a shared vision and supportive professional culture focused on student growth and success.

10. Professional and Ethical Behavior

The candidate demonstrates the highest standard of legal, moral, and ethical conduct as specified in Utah State Board Rule R277-515.

Earth & Space Science Education

BS

Hours	84 - 86 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

✔ REQUIREMENT 1 Complete 4 Courses

GEOL 111 - Physical Geology	4.0
GEOL 112 - Historical Geology	4.0
GEOL 210 - Field Studies	3.0
GEOL 411 - Geomorphology and Remote Sensing	3.0

✔ REQUIREMENT 2 Complete 2.0 hours from the following Courses

Take 4 times.

GEOL 491R - Geology Seminar *You may take up to 2 credit hours.*	0.5

✔ REQUIREMENT 3 Complete 3 Courses

GEOL 100 - Dinosaurs	3.0
GEOL 109 - Geology of the Planets	3.0
GEOL 230 - Geological Communications	3.0
GEOL 351 - Mineralogy	4.0
GEOL 352 - Petrology	3.0
GEOL 370 - Sedimentology and Stratigraphy	3.0
GEOL 375 - Structural Geology	3.0
GEOL 405 - Applied Mathematics in the Geological Sciences	3.0
GEOL 435 - Introduction to Groundwater	3.0
GEOL 440 - Solid Earth Geophysics	3.0

GEOL 445 - Geochemistry	3.0
GEOL 452 - Petrography to Petrogenesis	3.0
GEOL 460 - Economic and Resource Geology	3.0
GEOL 476 - Introduction to Seismic Interpretation	3.0
GEOL 480 - Paleontology	3.0

✔ REQUIREMENT 4 Complete 1 Option

✔ OPTION 4.1 Complete 3 Courses

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0

✔ OPTION 4.2 Complete 2 Courses

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0

✔ REQUIREMENT 5 Complete 9 Courses

ENGL 316 - Technical Communication	3.0
MATH 112 - Calculus 1	4.0
PHIL 423R - History and Philosophy of Science	3.0
PHSCS 105 - General Physics 1	3.0
PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0
PHSCS 127 - Descriptive Astronomy	3.0
PHSCS 137 - Severe and Hazardous Weather	3.0

✔ REQUIREMENT 6 Complete 2 Options

Professional Education Component:

Licensure requirements: Contact Education Student Services, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ OPTION 6.1 Complete 7 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
IP&T 286 - Instructional Technology in Teaching	1.0
PHY S 276 - Exploration of Teaching	4.0
PHY S 377 - Teaching Methods and Instruction	3.0
PHY S 378 - Practicum in Secondary Education	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

Note: Fingerprinting and FBI clearance must be completed before enrollment in Phy S 377.

✔ OPTION 6.2 Complete 12.0 hours from the following Courses

PHY S 476 - (Not currently offered)	
PHY S 496 - (Not currently offered)	

SC ED 476R - Secondary Student-Teaching *You may take up to 12 credit hours.*	12.0v
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Earth and Space Science Fundamentals

Obtain a broad, basic knowledge of the earth and space sciences. (BYU AIMS 1,2,3)

Instruction Design and Development

Be able to design and develop inquiry-based science units. (BYU AIMS 2,4)

INTASC Standards

Understand and apply the goals and standards of Interstate New Teacher Assessment and Support Consortium (INTASC). (BYU AIMS 2,3,4)

Teaching Sensitive Concepts

Understand how to teach sensitive scientific concepts such as evolution by means of natural selection and the Big Bang in the public school setting.

Professional and Moral Practice

Understand and apply the Moral Dimenstions of Teaching as embraced by the McKay School of Education (BYU AIMS 1,2,3,4)

Top

Economics

BS

Hours	37 Credit Hours
MAP	Major Academic Plan

Program Requirements

Minimum residence requirement is 21 hours in the major.

REQUIREMENT 1 Complete 2 Options

OPTION 1.1 Complete 1 Group

Complete the following with a grade of C- or better:

GROUP 1.1.1 Complete 6 Courses

ECON 110 - Economic Principles and Problems	3.0
ECON 378 - Statistics for Economists	3.0
ECON 380 - Intermediate Price Theory 1	3.0
ECON 381 - Intermediate Macroeconomics	3.0
ECON 382 - Intermediate Price Theory 2	3.0
ECON 388 - Introduction to Econometrics	3.0

OPTION 1.2 Complete 1 Group

Supporting courses:

GROUP 1.2.1 Complete 1 Course

MATH 112 - Calculus 1	4.0

Note 1: A university calculus course such as Math 112 or 113 is strongly recommended. Deferred students are encouraged to take a refresher math course such as EngT 295R before or concurrent with Econ 378, 380, or 381.

Note 2: For students contemplating graduate work in economics, the 500-level economics courses plus Math 113, 313, and 314 are strongly recommended.

REQUIREMENT 2 Complete 12.0 hours from the following Courses

Complete at least 12 credit hours from the following courses:

ECON 410 - (Not currently offered)	
ECON 413R - Topics in Economic Theory *You may take this course up to 5 times.*	5.0v
ECON 415 - (Not currently offered)	

ECON 420 - Economics of Antitrust Law and Regulation	3.0
ECON 421 - Law and Economics	3.0
ECON 431 - Economic Development	3.0
ECON 432 - Economic Growth	3.0
ECON 440 - Natural Resources and Environmental Economics	3.0
ECON 450 - Financial Economics	3.0
ECON 453 - Monetary Theory and Policy	3.0
ECON 458 - International Trade Theory and Applications	3.0
ECON 459 - International Monetary Theory	3.0
ECON 461 - Economics of Education	3.0
ECON 463 - Economics of the Labor Market	3.0
ECON 465 - Health Economics	3.0
ECON 468 - Urban Economics	3.0
ECON 474 - Topics in Economic History	3.0
ECON 475 - Public Economics	3.0
ECON 476 - Industrial Organization	3.0
ECON 477 - Political Economics	3.0
ECON 478 - Game Theory and Economics	3.0
ECON 482 - Welfare Economics	3.0
ECON 486 - Mathematical Economics	3.0
ECON 488 - Applied Econometrics	3.0
ECON 580 - Advanced Price Theory	3.0
ECON 581 - Advanced Macroeconomics	3.0
ECON 582 - Topics in Mathematical Economics	3.0
ECON 586 - Advanced Mathematics for Economists	3.0
ECON 588 - Advanced Econometrics	3.0

✔ **REQUIREMENT 3** Complete 3.0 hours from the following Courses

Complete at least 3 credit hours from the following courses:

ECON 213R - Topics in Economic Analysis	3.0v
ECON 230 - Economic Development and Growth	3.0
ECON 253 - Money and Banking	3.0
ECON 257 - International Trade and Finance	3.0
ECON 274 - American Economic History	3.0
ECON 275 - Public Finance	3.0
ECON 413R - Topics in Economic Theory	5.0v
ECON 420 - Economics of Antitrust Law and Regulation	3.0
ECON 421 - Law and Economics	3.0
ECON 431 - Economic Development	3.0
ECON 432 - Economic Growth	3.0
ECON 440 - Natural Resources and Environmental Economics	3.0
ECON 450 - Financial Economics	3.0
ECON 453 - Monetary Theory and Policy	3.0
ECON 458 - International Trade Theory and Applications	3.0
ECON 459 - International Monetary Theory	3.0
ECON 461 - Economics of Education	3.0
ECON 463 - Economics of the Labor Market	3.0
ECON 465 - Health Economics	3.0
ECON 468 - Urban Economics	3.0
ECON 474 - Topics in Economic History	3.0
ECON 475 - Public Economics	3.0
ECON 476 - Industrial Organization	3.0

ECON 477 - Political Economics	3.0
ECON 478 - Game Theory and Economics	3.0
ECON 482 - Welfare Economics	3.0
ECON 486 - Mathematical Economics	3.0
ECON 488 - Applied Econometrics	3.0
ECON 580 - Advanced Price Theory	3.0
ECON 581 - Advanced Macroeconomics	3.0
ECON 582 - Topics in Mathematical Economics	3.0
ECON 586 - Advanced Mathematics for Economists	3.0
ECON 588 - Advanced Econometrics	3.0

Note 1: The 200-level field courses are intended as interim courses as a student moves from Econ 110 into the 300-level core courses. Having completed Econ 380 students are strongly encouraged to take the 400-level rather than the 200-level field courses.

Note 2: Students should not take both a 200-level and a 400-level course with the same last two digits (e.g., Econ 275 and 475), although they are encouraged to take the 300- and 500-level theory classes (e.g., Econ 380 and 580).

Program Outcomes

Lifelong Learning and Development

Program graduates will be further prepared to pursue a life of continued learning, analytical and critical thinking, and adjusting to changing information, needs, and challenges.

Preparation for Graduate Studies

Program graduates will be prepared and qualified to pursue graduate studies in economics, business, finance, law, public policy, and related disciplines.

Career Preparation

Program graduates who choose economics as a terminal degree will be prepared to accept productive jobs in consulting, business, finance, management, and related fields.

Economic Problem Solving

Program graduates will be able to conceptualize a wide range of constrained optimization problems in economics and related fields and will be able to apply formal mathematical analysis to evaluate these problems.

Microeconomics

Program graduates will understand and apply intermediate microeconomic principles including the model of perfect competition, price theory and their neoclassical extensions; graduates will be able to analyze behavior given changes in constraints, prices and costs.

Macroeconomics

Program graduates will understand intermediate macroeconomic principlesand will be able to apply standard macroeconomic models to the analysis of contemporary public policy issues or problems.

Econometric Analysis

Program graduates will be able to conduct basic econometric analysis including using data to estimate behavioral models, test hypotheses and measure quantitative relationships; they will have a basic understanding of mathematical statistics that underlies applied econometric analysis.

Content Specialization and Mastery

Program graduates will be introduced to and become knowledgeable in one or more fields of economics including: history of economic thought,antitrust and regulation, law and economics, international trade theory, economic development, economic growth, monetary theory and policy, and natural resource and environmental, financial, labor, health, and agricultural economics.

Editing

Minor

Hours 21 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 6 Courses

DIGHT 230 - Introduction to Print Publishing	3.0
ELANG 223 - Introduction to the English Language	3.0
ELANG 322 - Modern American Usage	3.0
ELANG 325 - The Grammar of English	3.0
ELANG 350 - Basic Editing Skills	3.0
ELANG 410R - Genre and Substantive Editing	3.0
You may take this course up to 1 time.	

REQUIREMENT 2 Complete 3.0 hours from the following Courses

ELANG 430R - Editing for Publication	3.0v
You may take up to 3 credit hours.	

Program Outcomes

English Language Use and Structure

Analyze the structure and use of the English language, to identify appropriate usage in specific contexts, and assess the effectiveness of traditional usage rules.

Copy and Manuscript Editing

Demonstrate copy editing and substantive editing skills and use these skills to improve manuscripts.

Specialized Editing

Demonstrate specialized skills and the perspective required by at least one specific editing genre (such as magazine publishing, technical communication, fiction, scholarly publishing, or visual information design).

Publishing Industry and Processes

Use tools and processes that are part of the publishing business, such as software for, methods

of, and ethical procedures relating to graphic design, printing technology, and income and expense management, and understand how these tools, methods, and ethical procedures have evolved over the history of publishing.

✔ REQUIREMENT 1 Complete 4 Courses

Prerequisite courses:

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0

✔ REQUIREMENT 2 Complete 3 Options

Supporting courses:

✔ OPTION 2.1 Complete 1 Course

CHEM 105 - General College Chemistry	4.0
CHEM 111 - Principles of Chemistry	4.0

✔ OPTION 2.2 Complete 1 Course

ENGL 312 - Persuasive Writing	3.0
ENGL 316 - Technical Communication	3.0

✔ OPTION 2.3 Complete 6 Courses

C S 142 - Introduction to Computer Programming	3.0
C S 235 - Data Structures and Algorithms	3.0
ENG T 231 - Foundations of Global Leadership	3.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0
MATH 334 - Ordinary Differential Equations	3.0

✔ REQUIREMENT 3 Complete 11 Courses

EC EN 191 - New Student Seminar	0.5
EC EN 220 - Fundamentals of Digital Systems	3.0
EC EN 240 - Circuit Analysis and Laboratory	4.0
EC EN 330 - Introduction to Embedded System Programming	4.0
EC EN 340 - Electronic Circuit Design 1	4.0

EC EN 360 - Electromagnetic Fields and Waves	4.0
EC EN 370 - (EC En - Math 431) Probability Theory	3.0
EC EN 380 - Signals and Systems	4.0
EC EN 390 - Junior Team Design Project	3.0
EC EN 391 - Junior Seminar	0.5
EC EN 490 - Team Design Project	4.0

✔ **REQUIREMENT 4** Complete 20.0 hours from the following Options

Complete at least 20 hours from the following advanced technical program and technical electives:

✔ **OPTION 4.1** Complete 16.0 hours from the following Courses

A. Complete 16 hours from the following:

EC EN 320 - Digital System Design	4.0
EC EN 443 - Communication and Power Circuits	4.0
EC EN 445 - Introduction to Mixed-Signal VLSI	4.0
EC EN 450 - Introduction to Semiconductor Devices	3.0
EC EN 452 - Experiments in Integrated Circuit Development	1.0
EC EN 462 - Electromagnetic Radiation and Propagation	2.0
EC EN 464 - Wireless Communication Circuits	2.0
EC EN 466 - Introduction to Optical Engineering	2.0
ME EN 431 - (Me En-EC En 483) Design of Control Systems	4.0
EC EN 485 - Introduction to Digital Communication Theory	4.0
EC EN 487 - Introduction to Discrete-Time Signal Processing	4.0

✔ **OPTION 4.2** Complete 4.0 hours from the following Groups

B. Complete remaining course hours selected from the following:

✔ **GROUP 4.2.1** Complete up to 4.0 hours from the following Courses

1. Additional courses listed in item a above. (Note: courses will not double count.)

EC EN 443 - Communication and Power Circuits	4.0
EC EN 445 - Introduction to Mixed-Signal VLSI	4.0
EC EN 450 - Introduction to Semiconductor Devices	3.0
EC EN 452 - Experiments in Integrated Circuit Development	1.0
EC EN 462 - Electromagnetic Radiation and Propagation	2.0
EC EN 464 - Wireless Communication Circuits	2.0
EC EN 466 - Introduction to Optical Engineering	2.0
ME EN 431 - (Me En-EC En 483) Design of Control Systems	4.0
EC EN 485 - Introduction to Digital Communication Theory	4.0
EC EN 487 - Introduction to Discrete-Time Signal Processing	4.0

✔ **GROUP 4.2.2** Complete up to 4.0 hours from the following Courses

2. Any of the following:

C S 236 - Discrete Structures	3.0
C S 240 - Advanced Programming Concepts	4.0
C S 340 - Software Design and Testing	3.0
C S 345 - Operating Systems Design	3.0
C S 360 - Internet Programming	3.0
C S 428 - Software Engineering	3.0

C S 431 - Algorithmic Languages and Compilers	3.0
C S 452 - Database Modeling Concepts	3.0
C S 455 - Computer Graphics	3.0
C S 456 - Introduction to User Interface Software	3.0
C S 460 - Computer Communications and Networking	3.0
C S 462 - Large-Scale Distributed System Design	3.0
C S 465 - Computer Security	3.0
C S 470 - Introduction to Artificial Intelligence	3.0
C S 478 - Tools for Machine Learning and Data Mining	3.0

EC EN 425 - Real-Time Operating Systems	4.0
EC EN 427 - Embedded Systems	4.0
EC EN 451 - Introduction to Digital VLSI Circuits	4.0
MATH 341 - Theory of Analysis 1	3.0
MATH 342 - Theory of Analysis 2	3.0
MATH 352 - Introduction to Complex Analysis	3.0
MATH 355 - Graph Theory	3.0
MATH 371 - Abstract Algebra 1	3.0
MATH 372 - Abstract Algebra 2	3.0
MATH 411 - Numerical Methods	3.0
MATH 447 - Introduction to Partial Differential Equations	3.0
MATH 450 - Combinatorics	3.0
MATH 487 - Number Theory	3.0
PHSCS 222 - Modern Physics	3.0

✔ **GROUP 4.2.3** Complete up to 4.0 hours from the following Courses

3. 500-level EC En, C S, or Math courses.

C S 500 - (C S-Chem-Geol-Math-MthEd-Phscs-Stat) Business Career Essentials in Science and Math	1.5
C S 501R - Advanced Topics in Computer Science	3.0v
C S 513 - Robust Control	3.0
C S 557 - Computer-Aided Geometric Design	3.0
EC EN 521 - Introduction to Algorithm Design	3.0
EC EN 522R - Special Topics in Computer Systems	3.0v
EC EN 523 - Computer System Reliability	3.0
EC EN 528 - Computer Architecture	3.0
EC EN 541 - Active and Passive Filter Design	3.0
EC EN 542R - Special Topics in Electronics	3.0v
EC EN 543 - CMOS Amplifier Design	3.0
EC EN 548 - Analog CMOS Circuit Design	3.0
EC EN 549 - VLSI Communication Circuit Design	3.0
EC EN 550 - (EC En-Me En) Microelectromechanical Systems (MEMS)	3.0
EC EN 555 - Optoelectronic Devices	3.0
EC EN 560 - Electromagnetic Wave Theory	3.0
EC EN 562 - Optical Communication Components and Systems	3.0
EC EN 563 - Applied Computational Electromagnetics	3.0
EC EN 564 - Radar and Communication Systems	3.0
EC EN 568 - Microwave Remote Sensing	3.0
EC EN 576 - Medical Imaging and Image Reconstruction	3.0
MATH 500 - (Math-Chem-C S-Geol-MthEd-Phscs-Stat) Business Career Essentials in Science and Math	1.5
MATH 510 - Numerical Methods for Linear Algebra	3.0
MATH 511 - Numerical Methods for Partial Differential Equations	3.0

MATH 513R - Advanced Topics in Applied Mathematics	3.0
MATH 521 - Methods of Applied Mathematics 1	3.0
MATH 522 - Methods of Applied Mathematics 2	3.0
MATH 532 - Complex Analysis	3.0
MATH 534 - Introduction to Dynamical Systems 1	3.0
MATH 540 - Linear Analysis	3.0
MATH 541 - Real Analysis	3.0
MATH 543 - Advanced Probability 1	3.0
MATH 544 - Advanced Probability 2	3.0
MATH 547 - Partial Differential Equations 1	3.0
MATH 553 - Foundations of Topology 1	3.0
MATH 554 - Foundations of Topology 2	3.0
MATH 561 - Introduction to Algebraic Geometry 1	3.0
MATH 562 - Introduction to Algebraic Geometry 2	3.0
MATH 565 - Differential Geometry	3.0
MATH 570 - Matrix Analysis	3.0
MATH 571 - Algebra 1	3.0
MATH 572 - Algebra 2	3.0
MATH 586 - Introduction to Algebraic Number Theory	3.0
MATH 587 - Introduction to Analytic Number Theory	3.0

4. Other engineering, mathematics, physics, or computer science courses as specified or approved by the Electrical and Computer Engineering Department.

Note: Contact the Electrical and Computer Engineering Department for current information about added and/or deleted courses, as well as information about when courses are offered.

✔ **REQUIREMENT 5**

Complete the department exit interview.

Program Outcomes

Fundamentals

An ability to apply knowledge of mathematics (differential, integral, and multivariate calculus; linear algebra; complex variables; differential equations; discrete math; and probability), science (Newtonian mechanics; electricity and magnetism; and introductory chemistry), computer fundamentals (programming languages; computer organization; and software/hardware interfaces) and engineering science (signals and systems, electromagnetics, and electronic devices).

Experiments and Data Analysis

An ability to design and conduct experiments, as well as to analyze and interpret data.

System Design

An ability to design a system component or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.

Teamwork

An ability to function on multi-disciplinary teams.

Engineering Problems

An ability to identify, formulate, and solve engineering problems.

Ethics

An understanding of professional and ethical responsibility.

Communication Skills

An ability to communicate effectively.

Broad Education

The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.

Lifelong Learning

A recognition of the need for, and an ability to engage in life-long learning.

Contemporary Issues

A knowledge of contemporary issues.

Techniques, Skills, and Tools

An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.

Leadership

An understanding of principles of leadership and project management.

Elementary Education

BS

Hours	83 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

To complete this major, students will also be required to complete the TESOL K-12 minor. The courses the student will need to take in order to complete the minor are reflected in the requirements listed below.

✔ REQUIREMENT 1 Complete 1 Option

Note: The Global and Cultural Awareness and Letters general education requirements are fulfilled through completion of the Elementary Education major.

✔ OPTION 1.1 Complete 1 Course

Complete all GE courses, including the following:

SFL 210 - Human Development	3.0

Attend a program orientation meeting (schedule posted in 350 MCKB).

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Complete entrance process for the program through the Teacher Education Department (201 MCKB).

✔ REQUIREMENT 2 Complete 24 Courses

Complete the following courses from the K-6 major:

CPSE 300 - Exceptional Students: Principles of Collaboration	2.0
ECE 202 - Foundations of Child Development	3.0
ECE 335 - Early Childhood Education Integration Methods	3.0
EDLF 201 - Foundations of Education	3.0

EL ED 203 - Foundations of Multicultural Education	3.0
EL ED 213 - Instructional Design and Assessment for all Learners	3.0
EL ED 323 - Foundations of Literacy Development	3.0
EL ED 324 - Foundations of Classroom Management	3.0
EL ED 330 - K-2 Practicum Seminar	1.0
EL ED 332 - Practicum in Grades K-2	2.0
EL ED 333 - Teaching Literacy in the Primary Grades (K-2)	3.0
EL ED 340 - Children's Literature	3.0
EL ED 440 - Grades 3-6 Practicum Seminar	1.0
EL ED 442 - Practicum in the Elementary Education 3-6 Classroom	2.0
EL ED 443 - Teaching Literacy in the Intermediate Grades (3-6)	3.0
EL ED 445 - Teaching Social Studies in Grades K-6	3.0
EL ED 446 - Teaching Science in Grades K-6	3.0
EL ED 447 - Teaching Mathematics in Grades K-6	3.0
IP&T 334 - Integrating Technology in Early Childhood Education	1.0
IP&T 444 - Integrating Technology in Elementary Education	1.0
MTHED 305 - Basic Concepts of Mathematics	3.0
MTHED 306 - Concepts of Mathematics	3.0
PETE 169 - Elementary Skills and Activities	1.0
PETE 212 - Physical Education for Elementary School Teachers	2.0

✔ **REQUIREMENT 3** Complete 4 Courses

Complete the following courses, which, in conjunction with the other required courses in this program, will allow you to fulfill the requirements of the TESOL K-12 minor. (Note: Must take 4 credit hours of TELL 477R.)

TELL 410 - Second Language Acquisition	2.0
TELL 440 - Content-Based Language Instruction	2.0
TELL 450 - Family, School, and Community Partnerships	2.0
TELL 477R - TESOL K-12 Student Teaching	4.0v

✔ **REQUIREMENT 4** Complete 2 Courses

DANCE 326 - Dance for the Elementary Classroom	2.0
MUSIC 378 - Music for the Elementary Classroom Teacher	2.0
TMA 352 - Drama in the Elementary Classroom	2.0

Apply for student teaching / internship by September 15th or January 15th.

✔ **REQUIREMENT 5** Complete 8.0 hours from the following Courses

EL ED 400R - Elementary Student Teaching *You may take up to 12 credit hours.*	12.0v
EL ED 496R - Academic Internship *You may take this course up to 1 time.*	12.0v

Note: It is the student's responsibility to be sure that the Praxis test has been passed and that BYU has received the test scores and that their fingerprint background clearance is current and that state licensing fees have been paid prior to graduation. Students will also be responsibile for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact Education Student Services, 350 MCKB, (801) 422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

✔ **RECOMMENDED** Complete 4 Courses

The following courses are strongly recommended:

ARTED 326 - Art for Elementary Teachers	3.0
BIO 100 - Principles of Biology	3.0
BIO 175 - Principles of Biology Laboratory	1.0
ENGL 313 - Expository Writing for Elementary Education Majors	3.0

Program Outcomes

1. Learner Development

The candidate understands cognitive, linguistic, social, emotional and physical areas of student development.

2. Learning Differences

The candidate understands individual learner differences and cultural and linguistic diversity.

3. Learning Environments

The candidate works with learners to create environments that support individual and collaborative learning, social interactions, active engagement in learning, and self-motivation.

4. Content Knowledge

The candidate understands the central concepts, tools of inquiry, and structures of the discipline.

5. Assessment

The candidate uses multiple methods of assessment to engage learners in their own growth, monitor learner progress, guide planning and instruction, and determine whether the outcomes described in content standards have been met.

6. Instructional Planning

The candidate plans instruction to support students in meeting rigorous learning goals by drawing upon knowledge of content areas, core curriculum standards, instructional best practices, and the community context.

7. Instructional Strategies

The candidate uses various instructional strategies to ensure that all learners develop a deep understanding of content areas and their connections, and build skills to apply and extend knowledge in meaningful ways.

8. Reflection and Continuous Growth

The candidate is a reflective practitioner who uses evidence to continually evaluate and adapt practice to meet the needs of each learner.

9. Leadership and Collaboration

The candidate is a leader who engages collaboratively with learners, families, colleagues, and

community members to build a shared vision and supportive professional culture focused on student growth and success.

10. Professional and Ethical Behavior

The candidate demonstrates the highest standard of legal, moral, and ethical conduct as specified in Utah State Board Rule R277-515.

BA

Hours	49 - 66 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 1 Option

GE Foreign Language option:

Students must complete the GE Foreign Language culminating course, even if an Advanced Mathematics option has already been completed. If a student has no prior foreign language experience, it will take four semesters to complete the culminating course. Check the University Core requirements for courses approved as the culminating course.

OPTION 1.1 Complete 1 Course

AFRIK 202 - Second-Year Afrikaans	4.0
ARAB 202 - Intermediate Arabic	4.0
ASL 202 - Second-Year American Sign Language, Part 2	4.0
BULGN 202 - (Not currently offered)	
BULGN 330 - Cultural History of Bulgaria	3.0
CANT 202 - Second-Year Cantonese	4.0
CHIN 202 - Intermediate Mandarin	4.0
CHIN 301 - Third-Year Mandarin	4.0
CZECH 202 - (Not currently offered)	
CZECH 330 - Cultural History of Czech Republic	3.0
DANSH 202 - Second Year Danish	4.0
DANSH 340 - Danish Literature	3.0
DUTCH 202 - (Not currently offered)	
DUTCH 340 - Introduction to Dutch Literature	3.0
FINN 202 - Second Year Finnish	4.0
FINN 340 - Finnish Literature	3.0
FLANG 330R - (Not currently offered)	
FREN 202 - Intermediate French, Part 2	3.0
FREN 340 - Introduction to Literary Analysis	3.0
GERM 202 - Second-Year German	4.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GREEK 301 - Classical Greek Poetry: Homer's Iliad	3.0
GREEK 302 - Classical Greek Prose	3.0
HEB 202 - Second-Year Modern Hebrew 2	4.0
HEB 431 - (Not currently offered)	

HUNG 202 - (Not currently offered)	
HUNG 330 - Cultural History of Hungary	3.0
ICLND 202 - Second-Year Icelandic	4.0
ICLND 429 - Old Icelandic Language and Literature	3.0
ITAL 202 - Intermediate Italian 2	3.0
ITAL 340 - Introduction to Italian Literature	3.0
JAPAN 202 - Second-Year Japanese	4.0
JAPAN 301 - Japanese Reading and Culture	4.0
JAPAN 302 - Readings in Japanese History and Culture	4.0
KOREA 202 - Second-Year Korean 2	4.0
KOREA 301 - Third-Year Korean 1	4.0
LATIN 301 - Classical Latin Poetry	3.0
LATIN 302 - Classical Latin Prose	3.0
NORWE 202 - Second Year Norwegian	4.0
NORWE 340 - Norwegian Literature	3.0
POLSH 202 - Second-Year Polish	4.0
POLSH 330 - Cultural History of Poland	3.0
PORT 202 - Fourth-Semester Portuguese: Reading and Comprehension	4.0
PORT 315 - (Not currently offered)	
PORT 321 - Third-Year Portuguese Reading, Grammar, and Culture	3.0
PORT 345 - Portuguese Civilization	3.0
PORT 355 - Brazilian Civilization	3.0
ROM 340 - Introduction to Romanian Literature and Culture	3.0
RUSS 202 - Second-Year Russian, Part 2	5.0
RUSS 330 - Cultural History of Russia	3.0
SPAN 202 - (Not currently offered)	
SPAN 205 - University Spanish 3	4.0
SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0
SRBCR 202 - (Not currently offered)	
SRBCR 330 - (Not currently offered)	
SWED 202 - Second Year Swedish	4.0
SWED 340 - Swedish Literature	3.0
UKRAI 202 - (Not currently offered)	
UKRAI 330 - Cultural History of Ukraine	3.0

If the language you completed is not listed, please contact the Humanities Advisement Center.

The English Department requires a minimum of 21 hours of English major course work to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Because upper-division English courses require substantial writing, students should complete Engl 295 before beginning their first upper-division courses, preferably in the second semester of their sophomore year.

No more than 3 hours of any one R course may apply toward the hours required for the major.

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The

course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

✔ REQUIREMENT 2 Complete 4 Options

Core courses:

A. Students are strongly encouraged to take a freshman college-level writing course, regardless of their AP test scores (Wrtg 150).

✔ OPTION 2.1 Complete 2 Courses

B. Academic and Career Preparation:

ENGL 198 - Academic Preparation for English Majors	0.5
ENGL 398 - Career Preparation for English Majors	0.5

✔ OPTION 2.2 Complete 1 Course

C. Fundamentals of language and literature. Note: Students must complete Engl 251 before or concurrently with the Literary History requirements (Engl 291, 292, 293, 294).

ENGL 251 - Introduction to English Studies	3.0

✔ OPTION 2.3 Complete 1 Group

D. British and American literary history. Note: Students must complete the literary history course in a period before taking any 300-level courses in that period.

✔ GROUP 2.3.1 Complete 3 Courses

ENGL 291 - British Literary History 1	3.0
ENGL 292 - British Literary History 2	3.0
ENGL 293 - American Literary History	3.0

✔ GROUP 2.3.2 Complete 2 Courses

ENGL 291 - British Literary History 1	3.0
ENGL 294 - Transatlantic Literary History	6.0

✔ OPTION 2.4 Complete 1 Course

E. NOTE: Students must complete Engl 295 before taking most 300- and 400-level courses for majors.

ENGL 295 - Writing Literary Criticism	3.0

✔ REQUIREMENT 3 Complete 1 Course

Major authors courses:

ENGL 381 - Chaucer	3.0
ENGL 382 - Shakespeare	3.0
ENGL 383 - Milton	3.0
ENGL 384R - Major Authors *You may take this course up to 1 time.*	3.0

✔ REQUIREMENT 4 Complete 3 Options

✔ **OPTION 4.1** Complete 1 Course

A. Literature before 1800 (note: Engl 390R, 396, & 397R must have a pre-1800 focus to count here):

ENGL 338 - Literary Studies of the Bible	3.0
ENGL 355 - (Engl-ClCv) Greek and Roman Classics and the English Tradition	3.0
ENGL 360 - American Literature to 1800	3.0
ENGL 371 - British Literature to 1500: The Medieval Period	3.0
ENGL 372 - British Literature 1500 - 1603: The Early Renaissance	3.0
ENGL 373 - British Literature 1660 - 1789: The Enlightenment	3.0
ENGL 385 - British Literature 1603 - 1660: The Late Renaissance	3.0
ENGL 390R - Transnational/Transatlantic Literature *You may take this course up to 1 time.*	3.0
ENGL 396 - Studies in Women's Literature	3.0
ENGL 397R - World Literatures in English	3.0

✔ **OPTION 4.2** Complete 1 Course

B. Literature from 1800-1900 (NOTE: Engl 358R, 367R, 390R, 396, 397R must have a 1800-1900 focus to count here):

ENGL 358R - Ethnic Literatures	3.0
ENGL 361 - American Literature 1800 - 1865	3.0
ENGL 362 - American Literature 1865 - 1914	3.0
ENGL 367R - American Regional Literature	3.0
ENGL 374 - British Literature 1789 - 1832: The Romantic Period	3.0
ENGL 375 - British Literature 1832-1900: The Victorian Period	3.0
ENGL 390R - Transnational/Transatlantic Literature *You may take this course up to 1 time.*	3.0
ENGL 396 - Studies in Women's Literature	3.0
ENGL 397R - World Literatures in English	3.0

✔ **OPTION 4.3** Complete 1 Course

C. Literature from 1900-present (NOTE: Engl 358R, 367R, 390R, 396, 397R must have a post-1900 focus to count here):

ENGL 358R - Ethnic Literatures	3.0
ENGL 363 - American Literature 1914 - 1960	3.0
AM ST 300 - Literature and Cultures of the American West	3.0
ENGL 365 - American Literature 1960 to Present	3.0
ENGL 367R - American Regional Literature	3.0
ENGL 368 - Literature of the Latter-day Saints	3.0
ENGL 376 - British Literature 1900 - 1950: The Modern Period	3.0
ENGL 380 - British Literature 1950 - Present: The Contemporary Period	3.0
ENGL 390R - Transnational/Transatlantic Literature *You may take this course up to 1 time.*	3.0
ENGL 396 - Studies in Women's Literature	3.0
ENGL 397R - World Literatures in English	3.0

✔ **REQUIREMENT 5** Complete 1 Course

Rhetoric and Theory:

ENGL 322 - Fundamentals of Rhetoric	3.0
ENGL 324 - Writing with Style	3.0
ENGL 325 - Visual Rhetoric	3.0

ENGL 326 - Digital Culture	3.0
ENGL 327R - Studies in Rhetoric *You may take this course up to 1 time.*	3.0
ENGL 328R - Studies in Composing *You may take this course up to 1 time.*	3.0
ENGL 328R - (Not currently offered)	
ENGL 330 - Literary English: History and Style	3.0
ENGL 451 - Literary Theory and Criticism 1: The Critical Tradition	3.0
ENGL 452 - Literary Theory and Criticism 2: Contemporary Criticism	3.0

✔ **REQUIREMENT 6** Complete 1 Course

Genre:

ENGL 333 - The English Novel	3.0
ENGL 336 - The American Novel	3.0
ENGL 337R - Advanced Studies in Genre *You may take this course up to 1 time.*	3.0
ENGL 339 - Studies in Nonfiction	3.0
ENGL 341 - English Drama: Beginnings to 1800, Excluding Shakespeare	3.0
ENGL 343 - Modern English and American Drama	3.0
ENGL 345 - Literature and Film	3.0
ENGL 356 - Myth, Legend, and Folktales	3.0
ENGL 359 - The Short Story	3.0
ENGL 366 - Studies in Poetry	3.0
ENGL 391 - Introduction to Folklore	3.0
ENGL 392 - American Folklore	3.0
ENGL 393R - Studies in Folklore	3.0
ENGL 420 - Literature for Adolescents	3.0

✔ **REQUIREMENT 7** Complete 1 Option

Complete one English + course, or an equivalent course (contact the Humanities Career and Advisement Center for more information):

✔ **OPTION 7.1** Complete 1 Course

ENGL 394R - Applied English	3.0
ENGL 399R - Academic Internship	9.0v

Note: If Engl 399R is taken, 3 credit hours are required.

✔ **REQUIREMENT 8** Complete 1 Course

Note: Students must complete a major author course (Engl 381, 382, 383, or 384R) before taking Engl 495. Students will take this course their senior year.

ENGL 495 - The Senior Course	3.0

✔ **REQUIREMENT 9** Complete 6.0 hours from the following Options

Electives:

Complete 6 elective hours from any 300- or 400-level English courses except English education courses (Engl 329, 377, 378, 379, 423, 479). (Double counting of courses used to fill previous requirements is not allowed):

✔ **OPTION 9.1** Complete up to 6.0 hours from the following Courses

ENGL 300R - English Literature in a Cultural Setting	6.0v
ENGL 305 - Critical Reading	3.0
ENGL 306 - Travel Writing	3.0v
ENGL 310 - Honors Writing and Tutoring	3.0
ENGL 310 - Writing and Tutoring	3.0
ENGL 314 - Writing About Literature	3.0
ENGL 317R - Writing Creative Nonfiction	3.0
ENGL 318R - Writing Fiction	3.0
ENGL 319R - Writing Poetry	3.0
ENGL 320R - Writing for Children and Adolescents	3.0
ENGL 321R - English Department Reading Series	1.0
ENGL 322 - Fundamentals of Rhetoric	3.0
ENGL 324 - Writing with Style	3.0
ENGL 325 - Visual Rhetoric	3.0
ENGL 326 - Digital Culture	3.0
ENGL 327R - Studies in Rhetoric	3.0
ENGL 328R - Studies in Composing	3.0
ENGL 330 - Literary English: History and Style	3.0
ENGL 333 - The English Novel	3.0
ENGL 336 - The American Novel	3.0
ENGL 337R - Advanced Studies in Contemporary Poetry	3.0
ENGL 337R - Advanced Studies in Genre	3.0
ENGL 337R - Advanced Studies in Contemporary Drama	3.0
ENGL 337R - Advanced Studies in Contemporary Fiction	3.0
ENGL 337R - Advanced Studies in Contemporary Creative Non-Fiction	3.0
ENGL 338 - Literary Studies of the Bible	3.0
ENGL 339 - Studies in Nonfiction	3.0
ENGL 341 - English Drama: Beginnings to 1800, Excluding Shakespeare	3.0
ENGL 343 - Modern American Drama	3.0
ENGL 343 - Modern English and American Drama	3.0
ENGL 343 - Modern British Drama	3.0
ENGL 345 - Literature and Film	3.0
ENGL 355 - (Engl-ClCv) Greek and Roman Classics and the English Tradition	3.0
ENGL 356 - Myth, Legend, and Folktales	3.0
ENGL 358R - Ethnic Literatures	3.0
ENGL 358R - Asian American Literature	3.0
ENGL 358R - Jewish American Literature	3.0
ENGL 358R - Native American Literature	3.0
ENGL 358R - Latino/a American Literature	3.0
ENGL 358R - African American Literature	3.0
ENGL 359 - The Short Story	3.0
ENGL 360 - American Literature to 1800	3.0
ENGL 361 - American Literature 1800 - 1865	3.0
ENGL 362 - American Literature 1865 - 1914	3.0
ENGL 363 - American Literature 1914 - 1960	3.0
ENGL 364 - Literature and Cultures of the American West	3.0
ENGL 365 - American Literature 1960 to Present	3.0
ENGL 366 - Studies in Poetry	3.0
ENGL 367R - American Regional Literature	3.0
ENGL 367R - Urban Literature	3.0
ENGL 367R - Southern American Literature	3.0
ENGL 368 - Literature of the Latter-day Saints	3.0

ENGL 371 - British Literature to 1500: The Medieval Period	3.0
ENGL 372 - British Literature 1500 - 1603: The Early Renaissance	3.0
ENGL 373 - British Literature 1660 - 1789: The Enlightenment	3.0
ENGL 374 - British Literature 1789 - 1832: The Romantic Period	3.0
ENGL 375 - British Literature 1832-1900: The Victorian Period	3.0
ENGL 376 - British Literature 1900 - 1950: The Modern Period	3.0
ENGL 380 - British Literature 1950 - Present: The Contemporary Period	3.0
ENGL 381 - Chaucer	3.0
ENGL 382 - Shakespeare	3.0
ENGL 383 - Milton	3.0
ENGL 384R - American Authors	3.0
ENGL 384R - Early British Authors	3.0
ENGL 384R - Later British Authors	3.0
ENGL 384R - Major Authors	3.0
ENGL 385 - British Literature 1603 - 1660: The Late Renaissance	3.0
ENGL 390R - Transnational/Transatlantic Literature from 1800-1900	3.0
ENGL 390R - Transnational/Transatlantic Literature	3.0
ENGL 390R - Transnational/Transatlantic Literature from 1900-Present	3.0
ENGL 390R - Transnational/Transatlantic Literature Before 1800	3.0
ENGL 391 - Introduction to Folklore	3.0
ENGL 392 - American Folklore	3.0
ENGL 393R - Studies in Folklore	3.0
ENGL 394R - Applied English	3.0
ENGL 395R - Studies in Literature	3.0
ENGL 396 - Studies in Women's Literature	3.0
ENGL 397R - Australian Literature	3.0
ENGL 397R - Hemispheric Literatures	3.0
ENGL 397R - Post-Colonial Literature	3.0
ENGL 397R - World Literatures in English	3.0
ENGL 397R - Canadian Literature	3.0
ENGL 397R - Irish Literature	3.0
ENGL 397R - South-Asian Literature	3.0
ENGL 397R - African Literature	3.0
ENGL 397R - Caribbean Literature	3.0
ENGL 397R - New Zealand Literature	3.0

✔ **OPTION 9.2** Complete up to 3.0 hours from the following Courses

ENGL 218R - Creative Writing *You may take this course up to 1 time.*	3.0

✔ **OPTION 9.3** Complete up to 3.0 hours from the following Courses

Only one of the following English Advanced Written and Oral Communications courses can count as an English elective:

ENGL 310 - Writing and Tutoring	3.0
ENGL 311 - Writing About the Arts and Humanities	3.0
ENGL 312 - Persuasive Writing	3.0
ENGL 313 - Expository Writing for Elementary Education Majors	3.0
ENGL 315 - Writing in the Social Sciences	3.0
ENGL 316 - Technical Communication	3.0
ENGL 310 - Writing and Tutoring	3.0

✔ **OPTION 9.4** Complete up to 3.0 hours from the following Courses

Only one of the following English language courses:

ELANG 322 - Modern American Usage	3.0
ELANG 324 - History of the English Language	3.0
ELANG 325 - The Grammar of English	3.0
ELANG 350 - Basic Editing Skills	3.0
ELANG 410R - Genre and Substantive Editing *You may take this course up to 1 time.*	3.0
ELANG 430R - Editing for Publication *You may take this course up to 1 time.*	3.0v

Program Outcomes

Interpretive and Communicative Skills

English graduates will develop and demonstrate critical reading strategies, professional writing expertise, and sophisticated analytical skills.

Interpretive and Communicative Contexts

English graduates will explore the development of literary traditions and genres as well as become familiar with the critical methodologies and scholarly conversations in the discipline; they will engage with these contexts in their written, oral, and visual work.

Interpretive and Communicative Ethics

English graduates will embrace literature as a source of wisdom, spiritual insight, and aesthetic pleasure; as a medium for encountering and reflecting upon the diversity of human experience; and as a guide for building relationships and discerning value.

English Language

BA

Hours	51 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

✔ **REQUIREMENT 1** Complete 1 Course

Complete the following prerequisite to all courses required for the English language major:

ELANG 223 - Introduction to the English Language	3.0

✔ **REQUIREMENT 2** Complete 7 Courses

Core courses:

ELANG 273 - Empirical Methods in English Linguistics	3.0
ELANG 322 - Modern American Usage	3.0
ELANG 324 - History of the English Language	3.0
ELANG 325 - The Grammar of English	3.0
ELANG 326 - English Semantics and Pragmatics	3.0
ELANG 327 - English Phonetics and Phonology	3.0
ELANG 495R - The Senior Course *You may take this course up to 1 time.*	3.0

✔ **REQUIREMENT 3** Complete 1 Course

ELANG 362 - Discourse Analysis	3.0
ELANG 468 - Varieties of English	3.0
LING 452 - Introduction to Sociolinguistics	3.0
LING 485 - Corpus Linguistics	3.0

✔ **REQUIREMENT 4** Complete 1 Course

Period courses:

ELANG 447 - Early Modern English	3.0
ELANG 448 - Late Modern English	3.0
ELANG 525 - Old English 1	3.0
ELANG 526 - Middle English	3.0

✔ **REQUIREMENT 5** Complete 9.0 hours from the following Options

✔ **OPTION 5.1** Complete up to 9.0 hours from the following Courses

NOTE: The courses chosen to satisfy requirements above cannot double count in this requirement.

ELANG 362 - Discourse Analysis	3.0
ELANG 421R - Studies in Language or Editing *You may take this course up to 1 time.*	6.0v
ELANG 447 - Early Modern English	3.0
ELANG 448 - Late Modern English	3.0
ELANG 468 - Varieties of English	3.0
ELANG 521R - Studies in Language *You may take this course up to 1 time.*	3.0
ELANG 522 - Language Policy and Planning in English Language Contexts	3.0
ELANG 524 - History of the Book	3.0
ELANG 525 - Old English 1	3.0
ELANG 526 - Middle English	3.0
ELANG 529 - Structure of Modern English	3.0
ELANG 535 - Language and Literature	3.0
ELANG 548 - Old English 2	3.0
LING 325 - Theoretical Syntax	3.0
DIGHT 360 - (DigHT-Ling) Programming for Text Processing and Analysis	3.0
LING 361 - Speech Processing	3.0
LING 450 - Introduction to Historical-Comparative Linguistics	3.0
LING 452 - Introduction to Sociolinguistics	3.0
LING 455 - Psycholinguistics	3.0
LING 485 - Corpus Linguistics	3.0
LING 551 - Anthropological Linguistics	3.0

✔ **OPTION 5.2** Complete up to 3.0 hours from the following Courses

NOTE: Only one digital humanities and technology (DigHT) or linguistics computing (LingC) course can be used to fill this requirement.

DIGHT 230 - Introduction to Print Publishing	3.0
DIGHT 250 - Web Publishing	3.0
DIGHT 260 - Tools for Text Processing and Analysis	3.0
DIGHT 315 - Research in the Digital Humanities	3.0
LINGC 220 - Linguistic Computing Programming 1	3.0
LINGC 489R - Linguistic Computing Project *You may take this course up to 1 time.*	3.0

✔ **REQUIREMENT 6**

Complete 12 credit hours of university course work (or the equivalent) to a 200-level or higher in any single language. This may be the same language used to satisfy the GE Foreign Language option. (Note that the GE Foreign Language option may require more coursework than this requirement for the English language major.) A language relevant to the historical development of English is strongly recommended, namely Latin, French, German, or classical

Greek.

Program Outcomes

Linguistic Structures

Identify some linguistic structures of present-day and historical varieties of the English language in terms of sounds, sound patterns, word-formation processes, grammar, and meaning.

Linguistic Processes

Explain the general linguistic processes and social factors that influence structural change and variation within the English language.

SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0
SRBCR 330 - (Not currently offered)	
SWED 202 - Second Year Swedish	4.0
SWED 340 - Swedish Literature	3.0
UKRAI 330 - Cultural History of Ukraine	3.0

If the language you completed is not listed, please contact the Humanities Advisement Center.

The English Department requires a minimum of 24 hours of English major course work to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

Engl 195, Introduction to the English Major, is recommended.

Because upper-division English courses require substantial writing, students should complete their Engl 295 before they begin their first upper-division courses, preferably in the second semester of their sophomore year.

A teaching minor is not required for licensure. However, it is strongly recommended.

Engl 276R is prerequisite to Engl 329, 377, 378, 379, and 423. All are prerequisite to Engl 476R.

✔ **REQUIREMENT 2** Complete 2 Options

Core courses:

A. Because English is a writing-intensive major, students are strongly encouraged to take a first-year freshman college-level writing course regardless of their AP test scores (Wrtg 150 or Phil 150).st-year Writing course:

✔ **OPTION 2.1** Complete 1 Course

B. Fundamentals of language and literature. NOTE: Students must complete Engl 251 before taking any 300-level courses.

ENGL 251 - Introduction to English Studies	3.0

✔ **OPTION 2.2** Complete 1 Group

C. British and American literary history. NOTE: Students must complete the literary history courses in a period before taking any 300-level courses in that period.

✔ **GROUP 2.2.1** Complete 3 Courses

ENGL 291 - British Literary History 1	3.0
ENGL 292 - British Literary History 2	3.0
ENGL 293 - American Literary History	3.0

✔ **GROUP 2.2.2** Complete 2 Courses

ENGL 291 - British Literary History 1	3.0
ENGL 294 - Transatlantic Literary History	6.0

✔ **REQUIREMENT 3** Complete 1 Course

NOTE: Students must complete Engl 295 before taking most 300- and 400-level courses for teaching majors.

ENGL 295 - Writing Literary Criticism	3.0

✔ **REQUIREMENT 4** Complete 2 Courses

ENGL 360 - American Literature to 1800	3.0
ENGL 361 - American Literature 1800 - 1865	3.0
ENGL 362 - American Literature 1865 - 1914	3.0
ENGL 363 - American Literature 1914 - 1960	3.0
ENGL 365 - American Literature 1960 to Present	3.0

✔ **REQUIREMENT 5** Complete 1 Course

NOTE: Engl 356 is recommended.

ENGL 345 - Literature and Film	3.0
ENGL 356 - Myth, Legend, and Folktales	3.0
ENGL 358R - Ethnic Literatures	3.0
ENGL 359 - The Short Story	3.0
ENGL 366 - Studies in Poetry	3.0

✔ **REQUIREMENT 6** Complete 3.0 hours from the following Options

Complete three elective hours from the following list (NOTE: TMA 457 is strongly recommended):

✔ **OPTION 6.1** Complete up to 3.0 hours from the following Courses

TMA 457 - Media in the Contemporary Classroom	3.0

✔ **OPTION 6.2** Complete up to 3.0 hours from the following Courses

Courses used to fill a previous requirement may not double count for this requirement.

ENGL 300R - English Literature in a Cultural Setting	6.0v
ENGL 305 - Critical Reading	3.0
ENGL 306 - Travel Writing	3.0v
ENGL 310 - Writing and Tutoring	3.0
ENGL 310 - Honors Writing and Tutoring	3.0

✔ **OPTION 6.3** Complete up to 3.0 hours from the following Courses

ENGL 218R - Creative Writing *You may take this course up to 1 time.*	3.0

✔ **OPTION 6.4** Complete up to 3.0 hours from the following Courses

ELANG 322 - Modern American Usage	3.0
ELANG 324 - History of the English Language	3.0
ELANG 325 - The Grammar of English	3.0
ELANG 350 - Basic Editing Skills	3.0
ELANG 410R - Genre and Substantive Editing *You may take this course up to 1 time.*	3.0
ELANG 430R - Editing for Publication *You may take this course up to 1 time.*	3.0v

✔ **REQUIREMENT 7** Complete 9 Courses

ENGL 329 - Teaching Grammar and Usage in Secondary Schools	3.0
ENGL 377 - Teaching English in Secondary Schools	3.0
ENGL 378 - Teaching Literature and Reading in Secondary Schools	3.0
ENGL 379 - Practicum in Secondary English Teaching	1.0
ENGL 382 - Shakespeare	3.0
ENGL 420 - Literature for Adolescents	3.0
ENGL 423 - Teaching Composition in Secondary Schools	3.0
ENGL 479 - Secondary Student Teaching Seminar	1.0
ENGL 495 - The Senior Course	3.0

✔ **REQUIREMENT 8** Complete 2 Options

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 8.1** Complete 5 Courses

NOTE: FBI fingerprint and background clearance must be completed BEFORE registration for Engl 276R.

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
ENGL 276R - Exploration of Teaching	3.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 8.2** Complete 12.0 hours from the following Courses

ENGL 476 - Secondary English Student Teaching	12.0
ENGL 496R - Secondary English Teaching Internship *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Competency in English Language and Literature

English teaching majors are required to meet all program and course outcomes for the English BA.

Instructional Design and Reflection for Improvement

English Teaching graduates will be able to design and implement several weeks of instruction, write complete lesson plans for delivering that instruction, and reflect in writing on the effectiveness of their plans and delivered instruction. These plans will reflect sound pedagogical understanding (including strong objectives, appropriate measures of learning, and learning activities that are meaningful and adapted to the needs of diverse students).

The work will be one of the capstone requirements in ENGL 377 and 379.

Top

English Teaching

Minor

Hours 30 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

The English Department requires a minimum of 12 minor hours to be taken in residence at BYU for this minor program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

✔ REQUIREMENT 1 Complete 1 Course

Prerequisite courses:

ENGL 251 - Introduction to English Studies	3.0

✔ REQUIREMENT 2 Complete 8 Courses

ENGL 232 - Shakespeare	3.0
ENGL 292 - British Literary History 2	3.0
ENGL 293 - American Literary History	3.0
ENGL 329 - Teaching Grammar and Usage in Secondary Schools	3.0
ENGL 377 - Teaching English in Secondary Schools	3.0
ENGL 378 - Teaching Literature and Reading in Secondary Schools	3.0
ENGL 420 - Literature for Adolescents	3.0
ENGL 423 - Teaching Composition in Secondary Schools	3.0

✔ REQUIREMENT 3 Complete 1 Course

ENGL 235 - Studies in American Literature	3.0

ENGL 336 - The American Novel	3.0
ENGL 361 - American Literature 1800 - 1865	3.0
ENGL 362 - American Literature 1865 - 1914	3.0
ENGL 363 - American Literature 1914 - 1960	3.0

Program Outcomes

Please contact the individual department for outcome information.

Environmental Science

BS

Hours	59 - 61 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 10 Courses

Environmental science core:

PWS 150 - Environmental Biology	3.0
PWS 155 - Careers in Environmental Science	1.0
PWS 282 - Introduction to Soil Science	3.0
PWS 283 - Introduction to Soil Science Laboratory	1.0
PWS 305 - Soils and Water Quality	3.0
PWS 306 - Soil and Water Quality Laboratory	1.0
PWS 345 - Air Quality and Pollution	2.0
PWS 365 - Environmental Microbiology and Biogeochemistry	3.0
PWS 366 - Environmental Microbiology and Biogeochemistry Laboratory	1.0
PWS 375 - Environmental Policies and Laws	3.0

REQUIREMENT 2 Complete 1 Course

BIO 350 - Ecology	3.0
PWS 350 - Rangeland Ecology	3.0

REQUIREMENT 3 Complete 1 Course

PDBIO 120 - Science of Biology	2.0
PWS 100 - Plants in the Environment	3.0

REQUIREMENT 4 Complete 1 Course

Note: At least 2 hours are required if PWS 199R or PWS 494R is chosen.

BIO 450 - Conservation Biology	3.0
PWS 199R - Academic Internship	3.0v
PWS 494R - Mentored Learning Experience	6.0v

REQUIREMENT 5 Complete 1 Option

Supporting core courses:

OPTION 5.1 Complete 6.0 hours from the following Courses

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 351 - Organic Chemistry	3.0

✔ **OPTION 5.2** Complete 6.0 hours from the following Courses

CHEM 101 - Introductory General Chemistry	3.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0

Note: Recommended courses for graduate school and for toxicology, soil, and water tracks: Chem 105, 106, 107, 351, 352, 353.

✔ **REQUIREMENT 6** Complete 25.0 hours from the following Options

Complete 25 hours from the following list of general electives. This list is organized into suggested career tracks that students may find useful, but students may choose any combination of the courses listed below to fulfill their 25 hours.

HEALTH & ECOTOXICOLOGY CORE TRACK:

A. Complete the following: Chem 351, Chem 352, Chem 353, MMBio 261, PDBio 362, PDBio 363, PDBio 365.

B. Complete an additional 7 hours from the general major electives list below.

SOIL SCIENCE & CONSERVATION CORE TRACK:

A. Complete the following: Chem 285, Geog 306, PWS 303, PWS 306, PWS 402.

B. Complete an additional 10 hours from the general major electives list below. (Recommended for advanced students: PWS 511, 514, 520 and/or 560.)

WATER RESOURCES & CONSERVATION CORE TRACK:

A. Complete the following: Chem 285, Geol 111, Geol 435, PWS 325, PWS 402, PWS 411.

B. Complete an additional 4 hours from the general major electives list below. (Recommended for advanced students: PWS 511, 514, Bio 556 and/or Bio 557.)

ECOLOGY CORE TRACK:

A. Complete the following: PWS 215, PWS 344, PWS 355, PWS 417, PWS 419, PWS 440.

B. Complete an additional 7 hours from the general major electives list below. (Recommended for advanced students: PWS 540, 551, and/or PWS 553.)

ECO-BUSINESS CORE TRACK:

A. Complete the following: Acc 200, Bus M 241 or Bus M 489, Bus M 371R, Econ 110, Fin 201, Geog 306, Hlth 322.

B. Complete an additional 6 hours from the general major electives list below.

✔ **OPTION 6.1** Complete 25.0 hours from the following Courses

General Major Electives:

ACC 200 - Principles of Accounting	3.0
BIO 235 - Field Botany	3.0
BIO 370 - Bioethics	2.0
BIO 420 - Evolutionary Biology	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 556 - Limnology	3.0
BIO 557 - Stream and Wetland Ecology	4.0
BUS M 241 - Marketing Management	3.0
BUS M 371R - Entrepreneurship Lecture Series	1.0
BUS M 489 - Agribusiness Management 2	3.0
CHEM 223 - Quantitative and Qualitative Analysis	4.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0
ECON 110 - Economic Principles and Problems	3.0
FIN 201 - Principles of Finance	3.0
GEOG 101 - Global Environment: Understanding Physical Geography	3.0
GEOG 212 - Introduction to Geographic Information Systems	3.0
GEOG 303 - Biogeography	3.0
GEOG 306 - Public Land Conservation	3.0
GEOG 310 - Introduction to Urban and Regional Planning	3.0
GEOL 101 - Introduction to Geology	3.0
GEOL 111 - Physical Geology	4.0
GEOL 435 - Introduction to Groundwater	3.0
HLTH 322 - Environmental Health	3.0
MATH 302 - Mathematics for Engineering 1	4.0
MATH 303 - Mathematics for Engineering 2	4.0
MMBIO 221 - General Microbiology	3.0
MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
MMBIO 261 - Infection and Immunity	3.0
PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 365 - Pathophysiology	4.0
PHIL 205 - Introduction to Formal Logic	3.0
PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0
PWS 100 - Plants in the Environment	3.0
PWS 215 - Principles of Range Management	3.0
PWS 225 - Principles of Wildlife and Fisheries Management	3.0
PWS 275 - Genetics and Reproduction	3.0
PWS 303 - Soils Conservation and Resources	3.0
PWS 325 - Fisheries and Wetlands Management	3.0
PWS 330 - Rangeland Plant Identification and Ecology	3.0
PWS 331 - Science of Plant Pest Control	3.0
PWS 340 - Genetics	3.0
PWS 344 - Natural History of Wildlife	3.0
PWS 355 - Rangeland Vegetation Measurements and Analysis	3.0
PWS 402 - Soils and Water in the Urban Environment	3.0
PWS 405 - Environmental Chemistry Lab 1	1.0
PWS 406 - Environmental Chemistry Lab 2	1.0

PWS 411 - Watershed Management	3.0
PWS 416 - Rangeland Vegetation Improvement	3.0
PWS 417 - Rangeland Planning and GIS	3.0
PWS 419 - Forest Management and Ecology	3.0
PWS 431 - Plant Health Diagnostics	3.0
PWS 440 - Plant Physiology	3.0
PWS 511 - Environmental Biophysics: Soil and Plant Water Relations	4.0
PWS 514 - Soil Microbiology	2.0
PWS 540 - Plant Response to the Environment	3.0
PWS 551 - Quantitative Ecology	3.0
PWS 560 - Soil and Plant Analysis	2.0

FEDERAL REGISTER REQUIREMENTS: The federal register requirements for environmental science ecology or physical science emphasis can be met by choosing appropriate electives. Ecology requires 30 semester hours of basic and applied biology, including at least 9 semester hours of ecology and 12 hours of physical and mathematical sciences. Physical science requires 25 semester hours of physical sciences (chemistry, physics, math, etc.).

Program Outcomes

Scientific Foundation

Possess a working knowledge of the biogeochemistry, ecology, plant biology, microbiology, and laws relating to soil, water, and air conservation, quality, and pollution

The Scientific Method

Devise experiments with testable hypotheses based on the interpretation of primary scientific literature and the scientific method

Environmental Measurements, Assessments, and Statistics

Conduct and design basic environmental quality measurements, site assessments, and statistics associated with resource management and conservation

Environmental Policy

Demonstrate an understanding of the inception, current state, and future needs of seminal environmental policies and laws

Sound Reasoning and Effictive Communication

Write effectively and concisely both within and outside the environmental science discipline

Spiritual Foundation and Stewardship

Foster and promote environmental stewardship within your realm of influence and your community

Minor

Hours 17 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 2 Courses

Environmental science core courses:

PWS 150 - Environmental Biology	3.0
PWS 375 - Environmental Policies and Laws	3.0

REQUIREMENT 2 Complete 6.0 hours from the following Courses

No double counting with requirement 3.

PWS 282 - Introduction to Soil Science	3.0
PWS 283 - Introduction to Soil Science Laboratory	1.0
PWS 305 - Soils and Water Quality	3.0
PWS 345 - Air Quality and Pollution	2.0
PWS 365 - Environmental Microbiology and Biogeochemistry	3.0
PWS 366 - Environmental Microbiology and Biogeochemistry Laboratory	1.0
PWS 490 - Case Studies	2.0
PWS 494R - Mentored Learning Experience *You may take this course up to 1 time.*	6.0v

REQUIREMENT 3 Complete 5.0 hours from the following Courses

No double counting with requirement 2.

BIO 220 - Biological Diversity: Animals	4.0
BIO 370 - Bioethics	2.0
BIO 441 - Entomology	3.0
CHEM 101 - Introductory General Chemistry	3.0
CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 223 - Quantitative and Qualitative Analysis	4.0
CHEM 227 - Principles of Chemical Analysis	4.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v

CHEM 481 - Biochemistry	3.0
ECON 440 - Natural Resources and Environmental Economics	3.0

HIST 318 - European Women's History	3.0
HIST 319 - The Family in Europe	3.0
HIST 320 - Society in Europe	3.0

✔ **REQUIREMENT 5** Complete 1 Option

Disciplinary tracks:

✔ **OPTION 5.1** Complete 2 Groups

A. Social Sciences Track:

✔ **GROUP 5.1.1** Complete 2 Courses

Note: Poli 341 and Poli 347 may only be used for the Social Sciences Track if not used in Requirement 3.

BUS M 430 - Introduction to International Business	3.0
BUS M 431 - International Marketing	3.0
BUS M 450 - Global Business Negotiations	3.0
ECON 257 - International Trade and Finance	3.0
GEOG 260 - Europe	3.0
HIST 310 - European Economic History	3.0
HIST 313 - Strategy in Peace and War	3.0
POLI 341 - Western European Politics	3.0
POLI 344 - Comparative Political Economy	3.0
POLI 347 - Russia/Former Soviet Politics	3.0
POLI 351 - British Government and Politics	3.0
SOC 345 - World Populations	3.0

✔ **GROUP 5.1.2** Complete 2 Courses

Complete two additional courses from Requirement 4 above.

HIST 247 - (Hist-ClCv 304) Greek History	3.0
HIST 248 - (Hist-ClCv 307) Roman History	3.0
EUROP 336R - European Studies	6.0v
HIST 232 - Introduction to the History of Christianity	3.0
HIST 292 - Food and History	3.0
HIST 293 - World War II in History and Memory	3.0
HIST 300 - The Early Middle Ages	3.0
HIST 301 - The Late Middle Ages	3.0
HIST 302 - The Italian Renaissance	3.0
HIST 303 - The Reformation: Age of Turmoil	3.0
HIST 304 - The Expansion of Europe, 1400-1800	3.0
HIST 305 - The Age of Enlightenment	3.0
HIST 306 - Nineteenth-Century Europe	3.0
HIST 307 - Europe Since 1914	3.0
HIST 308 - The Mediterranean	3.0
HIST 309 - European Revolutions Since 1500	3.0
HIST 312 - History of Ideas	3.0
HIST 314 - European Fascisms, 1914 to Present	3.0
HIST 315 - European Jews and the Holocaust	3.0
HIST 318 - European Women's History	3.0
HIST 319 - The Family in Europe	3.0

HIST 320 - Society in Europe 3.0

✔ **OPTION 5.2**
Humanities Track: Complete four courses from the following: Any 300- or 400-level art history, film, humanities, literature, or philosophy course with an European emphasis. Certain 200-level courses may also count toward this requirement. Prior to registration each semester, the European Studies coordinator will distribute a list of courses that will count toward this requirement.

✔ **REQUIREMENT 6** Complete 1 Course

EUROP 490R - Senior Seminar in European Studies 3.0

✔ **REQUIREMENT 7**

Complete 9 hours of supporting course work. In consultation with the faculty coordinator, propose a list of advanced courses (typically 300- or 400- level) that are European focused and that have a coherent logic relative to educational and career goals. Note that courses approved for this requirement may not be used to fulfill any other European Studies requirement. NO more than three credits may be double-counted between the European Studies major and another major or minor. Students may count up to three hours of European-related academic internship credit (usually IAS 399R) toward this requirement.

✔ **REQUIREMENT 8**

Complete an exit interview or participate in a focus group with the European Studies coordinator during the final semester before graduation. At this interview, students will take a short assessment examination on European history, politics, and culture and will be asked to reflect on their progress in achieving the learning outcomes of the major, their perceptions of the major, and their life-long learning and career goals.

Program Outcomes

Factual Knowledge

Demonstrate general factual knowledge of the geography, history, politics and societies of Europe, both past and present.

Analyzing European Topics

Be able to analyze and interpret specific European topics at an in-depth level using theories, concepts, research materials and ideas from more than one European Studies-related discipline.

Language Proficiency

Be able to read and communicate ideas, orally and in writing, in a European language (other than English).

Life-Long Learning

Develop the curiosity and habits of thought that will lead to life-long learning and continued contact with European cultures.

International Experience

Acquire significant experience in international (preferably European) settings via study aborad,

internship and other programs.

Top

European Studies

Minor

Hours 15 - 28 Credit Hours

Program Requirements

✔ REQUIREMENT 1

Complete the GE Languages of Learning requirement in a European language.

✔ REQUIREMENT 2 Complete 2 Courses

EUROP 200 - Introduction to European Studies	3.0
HIST 250 - Europe 1500 to the Present	3.0

✔ REQUIREMENT 3 Complete 3 Courses

Note: Other Europe-related courses may be used here with European Studies coordinator's approval.

ARTHC 310 - Early Christian and Byzantine Art	3.0
ARTHC 316 - Art of the Medieval West	3.0
ARTHC 320 - Italian Renaissance	3.0
ARTHC 325 - Northern Renaissance Art	3.0
ARTHC 329 - Renaissance and Baroque Architecture	3.0
ARTHC 330 - Southern Baroque Art	3.0
ARTHC 335 - Northern Baroque Art	3.0
ARTHC 340 - Nineteenth-Century European Art	3.0
ARTHC 350 - Modern Art	3.0
ARTHC 355 - Contemporary Art	3.0
ENGL 300R - English Literature in a Cultural Setting	6.0v
EUROP 336R - European Studies	6.0v
EUROP 490R - Senior Seminar in European Studies	3.0
FNART 270R - European Fine Arts	6.0v
GEOG 260 - Europe	3.0
HIST 232 - Introduction to the History of Christianity	3.0
HIST 300 - The Early Middle Ages	3.0
HIST 301 - The Late Middle Ages	3.0
HIST 302 - The Italian Renaissance	3.0
HIST 303 - The Reformation: Age of Turmoil	3.0
HIST 304 - The Expansion of Europe, 1400-1800	3.0
HIST 305 - The Age of Enlightenment	3.0
HIST 306 - Nineteenth-Century Europe	3.0
HIST 307 - Europe Since 1914	3.0

HIST 308 - The Mediterranean	3.0
HIST 309 - European Revolutions Since 1500	3.0
HIST 310 - European Economic History	3.0
HIST 318 - European Women's History	3.0
HIST 319 - The Family in Europe	3.0
HIST 320 - Society in Europe	3.0
IAS 399R - Academic Internship: International	9.0v
IHUM 270R - European Humanities and the Arts	6.0v
POLI 341 - Western European Politics	3.0
POLI 347 - Russia/Former Soviet Politics	3.0
POLI 351 - British Government and Politics	3.0
PORT 345 - Portuguese Civilization	3.0
SPAN 345 - Iberian Civilization	3.0

Program Outcomes

Please contact the individual department for outcome information.

Exercise & Wellness

BS

Hours	60.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

Complete the senior exit interview.

REQUIREMENT 1 Complete 6 Courses

Prerequisites to the exercise and wellness core:

HLTH 320 - Advanced First Aid and Safety	3.0
NDFS 100 - Essentials of Human Nutrition	3.0
PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
STAT 121 - Principles of Statistics	3.0
STDEV 150 - Public Speaking	3.0

REQUIREMENT 2 Complete 6 Courses

Required core courses:

EXSC 302 - Philosophical and Ethical Issues in Exercise Sciences	1.0
EXSC 387 - Lifestyle and Chronic Disease Prevention	3.0
EXSC 410 - Stress Management	3.0
EXSC 463 - Exercise Physiology	3.0
EXSC 464 - Exercise Physiology Lab	0.5
EXSC 480 - Obesity and Weight Management	3.0

REQUIREMENT 3 Complete 4.0 hours from the following Courses

Required core course:

EXSC 399R - Exercise and Wellness Internship *You may take up to 4 credit hours.*	9.0v

REQUIREMENT 4 Complete 24.0 hours from the following Options

Electives:

OPTION 4.1 Complete up to 24.0 hours from the following Courses

Complete a minimum of 18 hours from the following:

EXSC 221 - Science of Wellness	3.0
EXSC 320 - Basic Athletic Training	3.0
EXSC 321 - Basic Athletic Training Lab	0.5
EXSC 349 - Body, Mind, Spirit	3.0
EXSC 362 - Kinesiology and Biomechanics	3.0
EXSC 365 - Scientific Bases of Sport: Kinesiology	2.0
EXSC 385 - Personal Training Strategies	3.0
EXSC 390 - Advanced Musculoskeletal Human Anatomy (includes lab)	4.0
EXSC 455 - Worksite Health Promotion	3.0
EXSC 468 - Problems in Exercise Prescription	2.0
EXSC 485 - Exercise and Wellness Certification Preparation	3.0
HLTH 335 - Health Behavior Change	3.0
HLTH 345 - Principles of Epidemiology	3.0
HLTH 460 - Substance Abuse and Addictive Behavior	3.0
NDFS 201 - Society, Nutrition, and Chronic Disease	2.0
NDFS 310 - Nutrition and Metabolism in Sports and Exercise	2.0
PDBIO 365 - Pathophysiology	4.0

✔ **OPTION 4.2** Complete up to 6.0 hours from the following Courses

Complete up to 6 hours from the following:

ACC 200 - Principles of Accounting	3.0
BIO 130 - Biology	4.0
BUS M 241 - Marketing Management	3.0
BUS M 371R - Entrepreneurship Lecture Series *You may take this course up to 1 time.*	1.0
BUS M 372 - Basic Entrepreneurship Skills	3.0
CHEM 101 - Introductory General Chemistry	3.0
CHEM 105 - General College Chemistry	4.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
DANCE 336 - (Not currently offered)	
FIN 201 - Principles of Finance	3.0
HLTH 370 - (Not currently offered)	
HLTH 383 - Mind/Body Health	3.0
HLTH 438 - Social Marketing	3.0
HLTH 450 - Women's Health Issues	3.0
MMBIO 221 - General Microbiology	3.0
NDFS 200 - Nutrient Metabolism	3.0
ORG B 320 - Organizational Effectiveness	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
STDEV 170 - Introduction to Health Professions	1.0
STDEV 317 - Career Strategies for Employment and Internships	2.0

Program Outcomes

Competency in Course Objectives

1. Demonstrate competency on course assignments/exams pertaining to learning objectives for each required course (adaquate competency would include skills and abilities relating to stress management, chronic disease prevention, anatomy, exercise physiology, appraising health and fitness, worksite wellness program component design, healthy diet, and weight management)

Health Assessment, Evaluation, and Prescription

2. Conduct fitness assessments, write exercise prescriptions, evaluate health behaviors/health outcomes, and risk factors for disease and physical dysfunction

Internship Experience

3. Demonstrate practical application of Exercise and Wellness program course learning outcomes by successfully completing the 200 hour internship requirement

Career and Professional Preparation

4. Gain satisfying employment in an Exercise and Wellness related area or continue in graduate studies in Exercise and Wellness

PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0

✔ REQUIREMENT 2 Complete 1 Option

✔ OPTION 2.1 Complete 1 Course

PDBIO 305 - Human Physiology (with lab)	4.0

✔ OPTION 2.2 Complete 2 Courses

PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0

✔ REQUIREMENT 3 Complete 8 Courses

Major courses:

EXSC 302 - Philosophical and Ethical Issues in Exercise Sciences	1.0
EXSC 320 - Basic Athletic Training	3.0
EXSC 362 - Kinesiology and Biomechanics	3.0
EXSC 387 - Lifestyle and Chronic Disease Prevention	3.0
EXSC 390 - Advanced Musculoskeletal Human Anatomy (includes lab)	4.0
EXSC 460 - Orthopaedic Impairments and Therapeutic Exercise	3.0
EXSC 463 - Exercise Physiology	3.0

EXSC 464 - Exercise Physiology Lab	0.5

✔ **REQUIREMENT 4** Complete 8.0 hours from the following Courses

Some of these electives have required prerequisites.

CHEM 285 - Introductory Bio-organic Chemistry	4.0
CHEM 351 - Organic Chemistry	3.0
CHEM 351M - Organic Chemistry - Majors	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 352M - Organic Chemistry--Majors	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0

PSYCH 111 - Introduction to Psychological Science	3.0
PSYCH 220 - Human Development: Life Span	3.0
PSYCH 342 - Abnormal Psychology	3.0
PWS 340 - Genetics	3.0
SOC 111 - Introductory Sociology	3.0
SOC 112 - Current Social Problems	3.0
STAT 121 - Principles of Statistics	3.0
STDEV 170 - Introduction to Health Professions	1.0
STDEV 399R - Health Professions Internship *You may take this course up to 1 time.*	3.0v

Note to Premed Students: Professional schools and graduate programs may require additional courses not required for this major. Contact the programs to which you may apply to determine specific courses that meet their entrance requirements. Students considering

professional or graduate degrees should take at least two semesters of mathematical courses. The following required or elective courses are strongly recommended for students considering professional or graduate degrees in the exercise sciences: MMBio 241; PDBio 360, 362, 363; Chem 351, 352, 353, 481; Math 119; Stat 121. For more informtion contact the Preprofessional Advisement Center, 3328 WSC, (801) 422-3044. Contact potential schools of choice for a complete list of entrance requirements.

Program Outcomes

Exercise Science Fundamentals

Demonstrate a sound foundational knowledge and understanding of the principles of biology, chemistry, physics, and nutrition, and an advanced understanding of human anatomy and physiology as they relate to responses and adaptations to physical activity and exercise.

Laboratory Skills and Practices

Demonstrate basic laboratory skills pertaining to assessments, laboratory methods, sound experimental and analytical practices, data acquisition and reporting in the exercise sciences.

Career and Professional Preparation

Demonstrate requisite skills and abilities and knowledge for a career or continued education in various fields related to the exercise sciences. These will include laboratory methods of measuring physiological characteristics used in various medical fields.

Advocating Physical Health

Understand the importance and influence of physical activity and exercise on health and be an advocate physically active lifestyles as a means to improve quality of life and reduce the risk and prevalence of lifestyle related diseases.

Family & Consumer Sciences Education

BS

Hours	76 Credit Hours
MAP	Major Academic Plan

Program Requirements

At least 18 hours of major credit must be taken in residency at BYU.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

✔ REQUIREMENT 1 Complete 1 Course

Complete the following human development course:

SFL 210 - Human Development	3.0

✔ REQUIREMENT 2 Complete 2 Options

Complete the following marriage, family relationships, and parenting courses:

✔ OPTION 2.1 Complete 1 Course

SFL 240 - Parenting and Child Guidance	3.0

✔ OPTION 2.2 Complete 1 Course

SFL 160 - Introduction to Family Processes	3.0
SFL 223 - Preparation for Marriage	3.0

✔ REQUIREMENT 3 Complete 2 Courses

Complete the following early childhood learning experiences practice with lab:

SFL 221 - Foundations of Developmentally Appropriate Practices in Programs for Young Children	1.0
SFL 222 - Practicum in Developmentally Appropriate Practices	3.0

✔ **REQUIREMENT 4** Complete 2 Courses

Complete the following consumer and the market, family finance, family resource management courses:

SFL 260 - Family Finance	3.0
SFL 261 - Consumerism and the Marketplace for Secondary Teachers	3.0

✔ **REQUIREMENT 5** Complete 1 Course

Complete the following nutrition through the life cycle course:

NDFS 100 - Essentials of Human Nutrition	3.0

✔ **REQUIREMENT 6** Complete 2 Courses

Complete the following food preparation and meal management courses:

SFL 110 - Food Preparation in the Home	2.0
SFL 340 - Family Meal Management	3.0

✔ **REQUIREMENT 7** Complete 2 Courses

Complete the following food science with lab courses:

NDFS 250 - Essentials of Food Science	3.0
NDFS 251 - Essentials of Food Science Laboratory	1.0

✔ **REQUIREMENT 8** Complete 1 Course

Complete the following introduction to housing and interior design course:

SFL 102 - Introduction to Interiors	3.0

✔ **REQUIREMENT 9** Complete 1 Course

Complete the following textiles course:

SFL 282 - Textiles	3.0

✔ **REQUIREMENT 10** Complete 1 Course

Complete the following residential technology or housing: societal/environmental issues course:

SFL 202 - Design in the Home	3.0

✔ **REQUIREMENT 11** Complete 1 Course

Complete the following intermediate clothing construction and alterations course:

SFL 287 - Intermediate Clothing Construction	3.0

✔ **REQUIREMENT 12** Complete 1 Course

Complete one of the following flat pattern design or advanced clothing construction courses:

SFL 387 - Advanced Clothing Studies: Patternmaking	3.0

SFL 487 - Advanced Clothing Studies: Construction	3.0

✔ **REQUIREMENT 13** Complete 1 Course

Complete the following clothing selection and psychology of clothing course:

SFL 280 - Dynamics of Clothing	2.0

✔ **REQUIREMENT 14** Complete 1 Course

Complete the following teaching methods for family consumer science course:

SFL 377 - Teaching Methods and Instruction in Family and Consumer Sciences Education	3.0

✔ **REQUIREMENT 15** Complete 2 Options

Professional education component:

Licensure requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 15.1** Complete 6 Courses

(Note: 4 hours of SFL 276R are required.)

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 276R - Exploration of Teaching *You may take this course up to 1 time.*	4.0v
SC ED 350 - Adolescent Development in an Education Context	2.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SFL 378 - Practicum in Secondary Education	1.0

Note: Fingerprinting and FBI clearance must be completed before registration in SFL 276R.

✔ **OPTION 15.2** Complete 12.0 hours from the following Courses

SC ED 496R - Academic Internship: Secondary Education	12.0
SC ED 476R - Secondary Student-Teaching	12.0v

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Complete the Praxis II test.

Program Outcomes

Instructional Design and Reflection

Can identify and use a variety of instructional strategies and tools of inquiry in Family and Consumer Sciences to create learning experiences that encourage students' development of critical thinking, problem solving, and performance skills.

Basic Utah Effective Teaching Standards

Demonstrate the ten Utah Effective Teaching Standards at the basic compentency level as established by the Department of Education of the State of Utah.

Competency in Family and Consumer Sciences Content

Obtain a broad basic knowledge of Family and Consumer Sciences principles related to child development, family studies, foods and nutrition, clothing, home management, and interior design.

STAT 121 - Principles of Statistics	3.0
SWED 202 - Second Year Swedish	4.0
SWED 340 - Swedish Literature	3.0
UKRAI 330 - Cultural History of Ukraine	3.0

✔ **REQUIREMENT 3** Complete 2 Courses

Complete the following in fulfillment of the university core Civilization 1 and 2 requirements:

HIST 201 - World Civilization to 1500	3.0
HIST 202 - World Civilization from 1500	3.0

✔ **REQUIREMENT 4** Complete 2 Courses

Complete the following (may be used as partial fulfillment of the University Core Doctrinal Foundation and Religion requirement):

REL C 261 - Introduction to Family History (Genealogy)	2.0
REL C 293R - Specialized Studies in Family History (Genealogy) *You may take this course up to 1 time.*	1.0

✔ REQUIREMENT 5 Complete 4 Courses

NOTE: Hist 200, 217, and 317 should be completed no later than the sophomore year or in the first semester/term after the major is declared. Majors should consult with the family history coordinator soon after declaring. Hist 200 and 490 combined satisfy the University Core Advanced Written and Oral Communications requirement.

HIST 200 - The Historian's Craft	3.0
HIST 217 - The Family Historian's Craft	3.0
HIST 220 - The United States Through 1877	3.0
HIST 317 - The Family and the Law in American History	3.0

✔ REQUIREMENT 6

Hist 220 must be completed as a college/university course and cannot be fulfilled with AP or other test scores. Contact your academic advisement center with questions.

✔ REQUIREMENT 7 Complete 1 Course

HIST 280 - Northern US Family, Local, and Social History Research Since 1790	3.0
HIST 281 - Southern US Family, Local, and Social History Research Since 1790	3.0
HIST 282 - Colonial US Family, Local and Social History Research	3.0

✔ REQUIREMENT 8 Complete 3 Courses

Note 1: Hist 280, 281, or 282 may be used to fulfill this requirement only if not fulfilling the above requirement. Note 2: Hist 390R must be a family history section.

HIST 280 - Northern US Family, Local, and Social History Research Since 1790	3.0
HIST 281 - Southern US Family, Local, and Social History Research Since 1790	3.0
HIST 282 - Colonial US Family, Local and Social History Research	3.0
HIST 350 - British Family, Local and Social History Research	3.0
HIST 351 - Germanic Family, Local, and Social History Research	3.0
HIST 352 - Scandinavian Family, Local, and Social History Research	3.0
HIST 353 - Southern European and Latin American Family, Local, and Social History Research	3.0
HIST 354 - Slavic Family, Local, and Social History Research	3.0
HIST 390R - Special Topics in History	3.0v
HIST 396 - Historical Narrative: A Writing Workshop	3.0
HIST 434 - Computers in Family Historical Research and Publication	3.0

✔ REQUIREMENT 9 Complete 1 Course

HIST 420 - Latin Language Handwriting and Documents	3.0
HIST 421 - English Language Handwriting and Documents	3.0
HIST 422 - Germanic Language Handwriting and Documents	3.0
HIST 423 - Slavic Language Handwriting and Documents	3.0
HIST 424 - Romance Language Handwriting and Documents	3.0
HIST 425 - Scandinavian Language Handwriting and Documents	3.0

✔ REQUIREMENT 10 Complete 2 Courses

HIST 439 - Seminar on Professional Family History Research	3.0
HIST 496R - Academic Internship: Family, Local, and Social History *You may take up to 5 credit hours.*	6.0v

✔ REQUIREMENT 11 Complete 1 Course

Social and cultural history courses. Seek faculty advice in choosing electives.

HIST 244 - Jewish History: A.D. 70 to the Present	3.0
HIST 290 - Nature and History: The Earth's Environmental Past	3.0
HIST 318 - European Women's History	3.0
HIST 319 - The Family in Europe	3.0
HIST 320 - Society in Europe	3.0
HIST 358 - Gender and History in Latin America	3.0
HIST 378 - History of American Families	3.0
HIST 379 - U.S. Religious History to 1860	3.0
HIST 380 - U.S. Religious History Since 1860	3.0
HIST 384 - United States Women's History	3.0

✔ **REQUIREMENT 12** Complete 1 Course

Complete one course from list of history courses that (1) does not appear above and (2) relates to your selected geographical area of emphasis. Seek faculty advice in choosing electives.

HIST 190R - Thetean Editing	2.0v
HIST 190R - Thetean Production	2.0v
HIST 190R - Thetean Publication	2.0v
HIST 199R - Academic Internship	3.0v
HIST 201 - Honors World Civilization to 1500	3.0
HIST 201 - World Civilization to 1500	3.0
HIST 202 - Honors World Civilization from 1500	3.0
HIST 202 - World Civilization from 1500	3.0
HIST 217 - The Family Historian's Craft	3.0
HIST 225 - In Quest of the American Character	3.0
HIST 231 - Introduction to East Asian History	3.0
HIST 232 - Introduction to the History of Christianity	3.0
HIST 238 - Ancient Near East to 330 BC	3.0
HIST 239 - Ancient Near East, 330 BC - 640 AD	3.0
HIST 240 - Middle East History to 1800	3.0
HIST 241 - Middle East History from 1800	3.0
HIST 242R - (Hist-NES 347R) Arab and Islamic Civilization	2.0v

✔ **REQUIREMENT 13** Complete 1 Course

Note: It is recommended that students select the section designated for family history majors only; offered annually.

HIST 490 - Capstone Research Seminar	3.0

Program Outcomes

Effective Genealogical Research

Demonstrate proficiency in using the genealogical method of research effectively by skillfully and honestly using primary and secondary sources and by incorporating knowledge of the historical context

Historical Knowledge

Gain a historical consciousness by demonstrating a knowledge of major developments in American and world history and understand key historical terms and theories.

Historical Analysis

Acquire the ability to analyze historical questions and issues clearly, assess historical information accurately, and distinguish between questionable and valid historical assertions.

Effective Communication

Skillfully integrate data into a coherent argument expressed through a clear, well-written style and through oral communication. Produce historical analysis, genealogical research reports, narrative family histories and compiled lineages that are clear, precise and well-written.

Family Life: Family Studies

BS

Hours	46 Credit Hours
MAP	Major Academic Plan

Program Requirements

The School of Family Life requires a minimum of 18 hours of SFL upper-division course work to be taken in residency at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Students who do not plan to pursue a graduate program beyond the bachelor's degree should take other courses that will enhance their employment opportunities. Consult a faculty advisor or your academic advisor for suggested minors, majors, and skills. Students are encouraged to take student development courses related to career planning in their junior or senior year.

✔ **REQUIREMENT 1** Complete 6 Courses

Complete the following School of Family Life core before taking 300- or 400-level courses:

SFL 100 - Strengthening Marriage and Family: Proclamation Principles and Scholarship	3.0
SFL 101 - Introduction to School of Family Life	1.0
SFL 160 - Introduction to Family Processes	3.0
SFL 210 - Human Development	3.0
SFL 290 - Critical Inquiry and Research Methods	3.0
STAT 121 - Principles of Statistics	3.0

✔ **REQUIREMENT 2** Complete 1 Course

Family studies upper-division core course:

SFL 354 - Cross-Cultural Family and Human Development	3.0

✔ **REQUIREMENT 3** Complete 3 Courses

Family science core courses:

SFL 335 - Family Adaptation and Resiliency	3.0
SFL 336 - Theories in Family Perspective	3.0
SFL 460 - Advanced Family Processes	3.0

✔ **REQUIREMENT 4** Complete 1 Option

Complete one of the following 2 tracks:

✔ **OPTION 4.1** Complete 3 Groups

FAMILY STUDIES TRACK

✔ **GROUP 4.1.1** Complete 9.0 hours from the following Courses

Note: SFL 395R and 403R may only be taken once each.

SFL 260 - Family Finance	3.0
SFL 325 - Forming Marital Relationships	3.0
SFL 334 - Adult Development and Aging in the Family	3.0
SFL 345 - Family Life in World Religions	3.0
SFL 395R - Special Topics in Family Life	3.0v
SFL 400 - Addiction, Recovery, Healing in Marriage and Families	3.0
SFL 403R - Research/Creative Works Practicum	3.0v

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
NURS 102 - Nursing and Medical Terminology	2.0
NURS 333 - (Nurs-Soc) End-of-Life Care	3.0
PDBIO 120 - Science of Biology	2.0

Program Outcomes

Human Development Content and Theory

Gain a solid foundation in the substantive areas and theories of human development.

Research and Evaluation Methodologies

Critically evaluate and/or use the various methodologies used in human development research.

Effective Writing and Analysis

Develop the skills necessary to write professional research papers on human development questions that demonstrate an ability to synthesize and critically evaluate research related to specific theories and/or substantive areas.

Finance

BS

Hours	64 Credit Hours
LEP	Limited Enrollment Program of 175 Students. Application Website
MAP	Major Academic Plan

Program Requirements

No more than 12 semester hours of upper-division transfer credit will be accepted toward the major and only 6 hours beyond the Integrated Management Core. No transfer courses will be accepted for the Integrated Management Core courses.

✔ REQUIREMENT 1 Complete 5 Courses

Prerequisite Courses: Based on student performance to date, permission may be granted to take some restricted major-only courses.

ACC 200 - Principles of Accounting	3.0
BUS M 241 - Marketing Management	3.0
ECON 110 - Economic Principles and Problems	3.0
FIN 201 - Principles of Finance	3.0
MATH 118 - Finite Mathematics	3.0

Apply and be formally accepted into the program.

✔ REQUIREMENT 2 Complete 2 Options

Required courses - complete before the finance junior core:

✔ OPTION 2.1 Complete 1 Course

MATH 112 - Calculus 1	4.0
MATH 116 - Essentials of Calculus	1.0
MATH 119 - Introduction to Calculus	4.0

✔ OPTION 2.2 Complete 2 Courses

IS 110 - Spreadsheet Skills and Business Analysis	1.0
STAT 121 - Principles of Statistics	3.0

✔ REQUIREMENT 3 Complete 2 Courses

Complete the following courses during your first year admitted to the major:

BUS M 320 - Career Orientation and Preparation	0.5
BUS M 321 - Mentor Program	0.5

✔ REQUIREMENT 4 Complete 5 Courses

Complete the following junior core courses in the junior year:

ACC 305 - Principles of Accounting 2	3.0
FIN 401 - Advanced Financial Management	3.0
FIN 410 - Investments	3.0
FIN 411 - Financial Derivatives	3.0
FIN 453 - Money, Banking, and Business	3.0

Note: Acc 310 is an acceptable substitute for Acc 305.

✔ REQUIREMENT 5 Complete 6.0 hours from the following Courses

During the senior year, complete 6.0 additional finance elective hours from the following. Note: If Fin 415R is chosen, it must be taken for 1.5 credit hours in Fall and 1.5 credit hours in Winter. Fin 409 must be taken before Fin 415R.

ACC 440 - Corporate Financial Reporting	3.0
BUS M 498 - Strategic Management	3.0
FIN 413 - Real Estate Finance and Investment	3.0
FIN 415R - Portfolio Management *You may take up to 3 credit hours.*	1.5
FIN 417 - Analysis for Investment Bankers	3.0
FIN 420 - (Not currently offered)	
FIN 432 - International Corporate Finance	3.0
M B A 521 - Global Treasury Management	3.0

✔ REQUIREMENT 6 Complete 4 Courses

Complete the following Integrated Management Core courses:

BUS M 361 - Operations Management	3.0
BUS M 387 - Economics of Strategy	3.0
BUS M 390 - Ethics for Management	3.0
ORG B 321 - Organizational Effectiveness	3.0

✔ REQUIREMENT 7 Complete 3 Courses

ACC 241 - Business Law in the Environment	3.0
IS 201 - Introduction to Management Information Systems	3.0
M COM 320 - Communication in Organizational Settings	3.0

✔ REQUIREMENT 8 Complete 1 Course

BUS M 371R - Entrepreneurship Lecture Series	1.0
BUS M 380 - Executive Lectures	1.0
BUS M 382 - Financial Services Lecture Series	1.0

✔ REQUIREMENT 9

Complete Marriott School exit survey online.

Program Outcomes

Apply Tools from Related Disciplines

Apply tools and concepts from related disciplines including (but not limited to) accounting, statistics, and economics to solve real-world financial problems.

Analyze Financial Data

Acquire, interpret, and analyze financial data to facilitate decision making in both corporate and investment environments.

Calculate/Interpret Metrics

Calculate and interpret standard financial-decision metrics such as NPV, IRR, duration, Sharpe ratio, YTM, and OAS.

Perform Estimation/Optimization Procedures

Use standard data resources and software (such as Excel) to model asset valuation, construct optimal portfolios, and perform other useful estimation or optimization procedures.

Understand and Manage Risk

Understand and quantify risk, make sound financial decisions in a risky environment, and design financial strategies for managing business risks.

Communicate Effectively

Communicate ideas, analysis, and decisions effectively to an informed audience in written and oral formats.

Differentiate Between Ethical and Unethical Behavior

Differentiate between ethical and unethical behavior when confronted with grey-area situations.

Food Science

BS

Hours	65 - 68 Credit Hours
MAP	Major Academic Plan

Program Requirements

Consult with a faculty advisor prior to finalizing your curriculum plan.

✔ REQUIREMENT 1 Complete 13 Courses

Core requirements:

CHEM 105 - General College Chemistry	4.0
MMBIO 221 - General Microbiology	3.0
MMBIO 222 - General Microbiology Laboratory	1.0
NDFS 100 - Essentials of Human Nutrition	3.0
NDFS 250 - Essentials of Food Science	3.0
NDFS 251 - Essentials of Food Science Laboratory	1.0
NDFS 350 - Food Analysis	4.0
NDFS 355 - Food Process Engineering	4.0
NDFS 361 - Food Microbiology	3.0
NDFS 362 - Food Commodity Processing	3.0
NDFS 462 - Food Regulations and Quality Assurance	2.0
PHSCS 105 - General Physics 1	3.0
STAT 121 - Principles of Statistics	3.0

✔ REQUIREMENT 2 Complete 1 Option

Complete one of the following tracks:

✔ OPTION 2.1 Complete 2 Groups

A. Food Science Technical Track:

✔ GROUP 2.1.1 Complete 11 Courses

CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0
NDFS 450 - Food Chemistry	3.0
NDFS 464 - Food Sensory Evaluation	1.0

NDFS 465 - Food Product Development	3.0
PHSCS 106 - General Physics 2	3.0
STDEV 150 - Public Speaking	3.0

✔ **GROUP 2.1.2** Complete 1 Course

MATH 112 - Calculus 1	4.0
MATH 119 - Introduction to Calculus	4.0

✔ **OPTION 2.2** Complete 3 Groups

B. Food Industry Management Track:

✔ **GROUP 2.2.1** Complete 9 Courses

ACC 200 - Principles of Accounting	3.0
BUS M 488 - Agribusiness Management 1	3.0
BUS M 489 - Agribusiness Management 2	3.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
ECON 110 - Economic Principles and Problems	3.0
FIN 201 - Principles of Finance	3.0
NDFS 191 - Careers in Food Science	1.0
NDFS 399R - Academic Internship *You may take this course up to 1 time.*	9.0v
ORG B 320 - Organizational Effectiveness	3.0

✔ **GROUP 2.2.2** Complete 1 Course

BUS M 371R - Entrepreneurship Lecture Series *You may take this course up to 1 time.*	1.0
BUS M 380 - Executive Lectures	1.0
BUS M 382 - Financial Services Lecture Series	1.0

✔ **GROUP 2.2.3** Complete 1 Course

BUS M 372 - Basic Entrepreneurship Skills	3.0
NDFS 200 - Nutrient Metabolism	3.0
NDFS 450 - Food Chemistry	3.0
NDFS 465 - Food Product Development	3.0

✔ REQUIREMENT 3

During the junior year or upon declaring food science as a major, students are strongly encouraged to select one of the following options to enhance career preparation (students in food industry management track MUST take 1 credit hour of NDFS 399R to graduate):

A. Choose a research topic and faculty mentor. Working in a research laboratory for 10-20 hours per week over the course of eight months, the student has daily contact with graduate students, technicians, and fellow undergraduate colleagues and frequent interactions with a faculty mentor. Student research often leads to participation in a publication and/or a presentation at a professional meeting. NDFS 494R credit is available.

B. Produce a senior thesis in collaboration with a faculty mentor, derived primarily from library study that extensively explores the relevant questions. The thesis is written in the format of a scientific review paper. NDFS 494R credit is available.

C. Work in an approved, faculty-supervised summer internship with a food company (generally the internship does not include study abroad). NDFS 399R credit is

available.

✔ **RECOMMENDED** Complete 12 Courses

A. Food Science Technical Track - recommended courses (consult with a faculty advisor before selecting):

CHEM 223 - Quantitative and Qualitative Analysis	4.0
ECON 110 - Economic Principles and Problems	3.0
ENGL 316 - Technical Communication	3.0
IAS 220 - Introduction to Development Studies	3.0
MFG 355 - Plastics Materials and Processing	3.0
NDFS 100 - Essentials of Human Nutrition	3.0
NDFS 191 - Careers in Food Science	1.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0
PWS 100 - Plants in the Environment	3.0
TECH 201 - History of Creativity and Innovation in the Arts, Science, and Technology 1	3.0
TECH 202 - History of Creativity and Innovation in the Arts, Science, and Technology 2	3.0

✔ **RECOMMENDED** Complete 2 Options

B. Food Industry Management Track - recommended courses (consult with a faculty advisor before selecting):

✔ **RECOMMENDED** Complete 1 Course

ENGL 316 - Technical Communication	3.0
M COM 320 - Communication in Organizational Settings	3.0

✔ **RECOMMENDED** Complete 11 Courses

IAS 220 - Introduction to Development Studies	3.0
MATH 119 - Introduction to Calculus	4.0
MFG 479 - Innovation and Entrepreneurship	3.0
NDFS 200 - Nutrient Metabolism	3.0
NDFS 450 - Food Chemistry	3.0
NDFS 464 - Food Sensory Evaluation	1.0
PHSCS 106 - General Physics 2	3.0
PWS 100 - Plants in the Environment	3.0
STDEV 150 - Public Speaking	3.0
TECH 201 - History of Creativity and Innovation in the Arts, Science, and Technology 1	3.0
TECH 202 - History of Creativity and Innovation in the Arts, Science, and Technology 2	3.0

Program Outcomes

Success Skills

Demonstrate the skills that lead to success in a food science career, including oral and written communication, problem solving, use of library resources, evaluating information, time management, leadership, ethical decision making, and life-long learning.

Food Chemistry and Analysis

Identify and explain the chemical changes occurring during food processing and storage, including

reactions involving carbohydrates, protein and fats, and demonstrate proficiency in analyzing food for components listed in Nutrition Facts on a food label.

Food Safety and Microbiology

Assess and differentiate the role of microorganisms in food processing, food preservation, and food safety with respect to pathogenic, spoilage, and fermentative microorganisms, and apply the basic elements of sanitation and quality assurance programs to understand and control microbial effects in food.

Food Processing and Engineering

Describe and apply principles of engineering as they relate to converting agricultural commodities to the finished products seen on the grocery store shelf.

Applied Food Science

Apply the principles and various facets of food science, including quality assurance and sensory evaluation, in practical situations, problem solving, and product development.

Top

French

BA

Hours	46.5 - 67.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

The French and Italian Department requires a minimum of 15 major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Complete a minor (approximately 16-21 hours) or 15 hours of course work in an area approved by the major advisor. Courses must be approved before the senior year.

It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

✔ **REQUIREMENT 1** Complete 1 Course

HCOLL 110 - Introduction to the College of Humanities	2.0v

Complete the following prerequisite courses: Fren 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

✔ **REQUIREMENT 2** Complete 3 Courses

Core courses:

FREN 321 - Advanced French Part 1	3.0
FREN 322 - Advanced French Part 2	3.0
FREN 340 - Introduction to Literary Analysis	3.0

✔ **REQUIREMENT 3** Complete 2 Courses

FREN 361 - French Civilization from the Beginning to 1715	3.0
FREN 362 - French Civilization from 1715 to the Present	3.0
FREN 363 - Contemporary French Civilization	3.0

✔ **REQUIREMENT 4** Complete 1 Option

Electives:

✔ **OPTION 4.1** Complete 5 Courses

FREN 431 - Introduction to French Linguistics	3.0
FREN 432 - History of French	3.0
FREN 433 - Studies in French Linguistics	3.0
FREN 452R - Studies in Period, Movement, and Theme *You may take this course up to 5 times.*	3.0
FREN 453R - Studies in Genre *You may take this course up to 5 times.*	3.0
FREN 454R - Studies in Author *You may take this course up to 5 times.*	3.0
FREN 455R - Studies in Literary Theory *You may take this course up to 5 times.*	3.0
FREN 456R - Francophone Studies *You may take this course up to 5 times.*	3.0
FREN 457R - Studies in French Culture *You may take this course up to 5 times.*	3.0

Note: French majors can select Fren 445, 490R, or Bus M 596R as one of the five required 400-level courses to count toward the major.

✔ **REQUIREMENT 5** Complete 1 Course

FREN 495 - Senior Portfolio Seminar	0.5

Students who need to strengthen oral skills should enroll in Fren 211R, 311R, and 411R.

Program Outcomes

Language Competence

Demonstrate advanced proficiency in French language skills. For speaking and writing, "advanced" corresponds to officially designated ACTFL guidelines.

Research

Analyze the literature, language, and cultures of the French-speaking world drawing upon an ability to evaluate and synthesize relevant primary, critical, and theoretical sources.

Critical Thinking

Demonstrate the ability to articulate and defend in speech and writing clear and orderly thought on literary, cultural, and linguistic topics.

Transferable Skills

Connect academic experience to personal and professional goals.

FREN 490R - Individual Study in French *You may take this course up to 5 times.*	3.0v

✔ **REQUIREMENT 6** Complete 1 Course

FREN 495 - Senior Portfolio Seminar	0.5

Program Outcomes

Language Competence

Demonstrate advanced proficiency in French language skills. For speaking and writing, "advanced" corresponds to officially designated ACTFL guidelines.

Research

Analyze the literature, language, and cultures of the French-speaking world drawing upon an ability to evaluate and synthesize relevant primary, critical, and theoretical sources.

Critical Thinking

Demonstrate the ability to critically evaluate literary, cultural, and linguistic problems from the French-speaking world and to discuss them in clear written and oral expression.

Transferable Skills

Connect academic experience to personal and professional goals.

French Teaching

BA

Hours	53 - 68 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

Obtain application instructions by meeting with the Department of French and Italian French secondary education supervisor. Applications are accepted during the first block of each semester while student is enrolled in Sc Ed 276R.

The French and Italian Department requires a minimum of 18 major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.

Complete the following prerequisite courses: Fren 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

✔ REQUIREMENT 1 Complete 6 Courses

Note: Fren 378 must be taken the semester immediately before student teaching.

FREN 321 - Advanced French Part 1	3.0
FREN 322 - Advanced French Part 2	3.0
FREN 340 - Introduction to Literary Analysis	3.0
FREN 377 - Introduction to French Language Teaching	3.0
FREN 378 - French Language Teaching Procedures and Practicum	2.0
FREN 431 - Introduction to French Linguistics	3.0

✔ REQUIREMENT 2 Complete 2 Courses

FREN 361 - French Civilization from the Beginning to 1715	3.0
FREN 362 - French Civilization from 1715 to the Present	3.0
FREN 363 - Contemporary French Civilization	3.0

✔ REQUIREMENT 3 Complete 2 Courses

Note: Only one registration of Fren 490R will count toward the major requirements.

FREN 432 - History of French	3.0
FREN 433 - Studies in French Linguistics	3.0
FREN 445 - Advanced Francophone Culture	3.0
FREN 452R - Studies in Period, Movement, and Theme *You may take this course up to 2 times.*	3.0
FREN 453R - Studies in Genre *You may take this course up to 2 times.*	3.0
FREN 454R - Studies in Author *You may take this course up to 2 times.*	3.0
FREN 455R - Studies in Literary Theory *You may take this course up to 2 times.*	3.0
FREN 456R - Francophone Studies *You may take this course up to 2 times.*	3.0
FREN 457R - Studies in French Culture *You may take this course up to 2 times.*	3.0
FREN 490R - Individual Study in French *You may take this course up to 1 time.*	3.0v

✔ REQUIREMENT 4 Complete 1 Option

Complete the following before enrolling in Fren 378. The rating will be recorded on the student's transcript. The expected minimum rating of ADVANCED-LOW must be completed before applying to student teach.

✔ OPTION 4.1 Complete 1 Course

FREN 491R - Senior Oral Proficiency Evaluation *You may take this course up to 1 time.*	0.0

Note: Before applying for student teaching or an internship, students must receive an official OPI certificate from ACTFL with a rating of ADVANCED-LOW or higher and take the French PRAXIS test. At least one month before student teaching applications are due, students should schedule an OPI through the Center for Language Studies, 3086 JFSB.

✔ REQUIREMENT 5 Complete 2 Options

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ OPTION 5.1 Complete 5 Courses

NOTE: FBI fingerprint and background clearance must be completed before enrollment in FLang 276.

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0

FLANG 276 - Exploration of Teaching Foreign Languages	4.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 5.2** Complete 12.0 hours from the following Courses

SC ED 476R - (Not currently offered)

SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Note: The Department of French and Italian offers the following resources to strengthen language skills: conversation courses (Fren 211R, 311R, 411R), Foreign Language Student Residence, Study Abroad, and internships in French-speaking countries. Please refer to the specific program or course description for detailed information about these resources.

Program Outcomes

Language and Linguistics

Candidates are proficient at the advanced level in French (as defined by the ACTFL Proficiency Guidelines) and understand underlying linguistic elements of French.

Language Acquisition Theory

Understand basic language acquisition theory, create supportive learning environments, and use a variety of instructional techniques.

Planning Instruction

Plan instruction based upon knowledge of subject matter, students, and goals.

Assessment

Understand and use formal and informal assessment strategies to evaluate performance, identify needs, provide feedback, and adjust instructional strategies.

Professionalism

Reflect on instructional choices and actions and foster relationships with school colleagues, parents, and the larger community. Seek opportunities to develop professionally and to strengthen language and cultural competencies.

French Teaching

Minor

Hours 23 - 38 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public secondary schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

The French and Italian Department requires a minimum of 12 minor hours to be taken in residence at BYU for this minor program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

For students accepted into the minor after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

Complete the following prerequisite courses: Fren 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

✔ **REQUIREMENT 1** Complete 1 Option

✔ **OPTION 1.1** Complete 4 Courses

FREN 321 - Advanced French Part 1	3.0
FREN 340 - Introduction to Literary Analysis	3.0
FREN 377 - Introduction to French Language Teaching	3.0
FREN 378 - French Language Teaching Procedures and Practicum	2.0

Note: Fren 377 and 378 must be taken before student teaching.

✔ **REQUIREMENT 2** Complete 2 Courses

FREN 361 - French Civilization from the Beginning to 1715	3.0
FREN 362 - French Civilization from 1715 to the Present	3.0
FREN 363 - Contemporary French Civilization	3.0

✔ **REQUIREMENT 3** Complete 3.0 hours from the following Courses

FREN 431 - Introduction to French Linguistics	3.0

FREN 445 - Advanced Francophone Culture	3.0
FREN 452R - Studies in Period, Movement, and Theme *You may take this course up to 1 time.*	3.0
FREN 453R - Studies in Genre *You may take this course up to 1 time.*	3.0
FREN 454R - Studies in Author *You may take this course up to 1 time.*	3.0
FREN 456R - Francophone Studies *You may take this course up to 1 time.*	3.0
FREN 457R - Studies in French Culture *You may take this course up to 1 time.*	3.0
FREN 490R - Individual Study in French *You may take up to 3 credit hours.*	3.0v

✔ **REQUIREMENT 4** Complete 1 Option

Oral Proficiency:

Complete Fren 491 and have an oral proficiency interview (OPI) before enrolling in Fren 378. The rating will be recorded on the student's transcript. The required minimum OPI rating is "Advanced-low" before applying to student teach in the major.

✔ **OPTION 4.1** Complete 1 Course

FREN 491R - Senior Oral Proficiency Evaluation *You may take this course up to 1 time.*	0.0

Note: Before applying for student teaching or an internship, students must receive an official OPI certificate from ACTFL with a rating of ADVANCED-LOW or higher. At least one month before student teaching applications are due, students should schedule an OPI through the Center for Language Studies, 3086 JFSB.

Note: The Department of French and Italian offers the following resources to strengthen language skills: conversation courses (Fren 211R, 311R, 411R), the Foreign Language Student Residence, Study Abroad, or an internship in French-speaking countries. Please refer to the specific program or course description for detailed information about these resources.

BGS

Hours	33 Credit Hours
MAP	Major Academic Plan

Program Requirements

This is a Bachelor of General Studies (BGS) Program. Please contact the BGS office at 1-888-298-3137 or (801) 422-4351.

Have 30 hours of campus residency.

Complete a minimum of 10 hours in the emphasis after formal admission to the BGS program.

Thirty of the 120 hours including 15 hours in the emphasis must be 300-level or above courses.

Students must earn a minimum 2.0 BYU grade point average, a minimum 2.0 cumulative grade point average, and a minimum 2.0 emphasis grade point average.

The program must be completed in eight years or less.

All emphasis courses taken after admission to BGS must be BYU courses.

✔ **REQUIREMENT 1** Complete 1 Course

Prerequisite Course (must be completed before taking any other courses, includes preparing academic plan which must be approved before proceeding):

STDEV 100 - Essential College Skills	1.0

✔ **REQUIREMENT 2** Complete 4 Courses

Core courses:

ECON 110 - Economic Principles and Problems	3.0
HIST 220 - The United States Through 1877	3.0
HIST 221 - The United States Since 1877	3.0
POLI 110 - American Government and Politics	3.0

✔ **REQUIREMENT 3** Complete 18.0 hours from the following Options

Elective courses:

✔ **OPTION 3.1** Complete up to 18.0 hours from the following Courses

A HTG 100 - American Heritage	3.0
ENGL 293 - American Literary History	3.0
ENGL 336 - The American Novel	3.0
ENGL 361 - American Literature 1800 - 1865	3.0
ENGL 362 - American Literature 1865 - 1914	3.0
ENGL 363 - American Literature 1914 - 1960	3.0
GEOG 250 - United States and Canada	3.0
HIST 317 - The Family and the Law in American History	3.0
HIST 364 - Utah	3.0
HIST 378 - History of American Families	3.0
MUSIC 204 - Introduction to Jazz	3.0
POLI 316 - American Political Parties	3.0
POLI 321 - The Media in American Politics	3.0
REL C 341 - Joseph Smith and the Restoration, 1805-1845	2.0
REL C 342 - Pioneers and Persecution, 1846-1899	2.0
REL C 343 - The Global Church, 1900 to the Present	2.0

BYU undergraduate campus courses (including Salt Lake enter classes) from the approved American Studies list may also be used to fill emphasis electives.

✔ **REQUIREMENT 4** Complete 1 Course

Complete a capstone course (last course to be completed):

STDEV 490 - Bachelor of General Studies Capstone	2.0

Program Outcomes

Please contact the individual department for outcome information.

ENGL 420 - Literature for Adolescents	3.0

✔ **REQUIREMENT 4** Complete 1 Course

As the last course in the emphasis, (section 101):

ENGL 495 - The Senior Course	3.0

✔ **REQUIREMENT 5** Complete 1 Course

Complete a capstone experience (last course to be completed):

STDEV 490 - Bachelor of General Studies Capstone	2.0

Program Outcomes

BGS Learning Outcomes - Aims of a BYU Education

Reflect on and describe how their coursework in the BGS program has contributed to the aims of a BYU education:

- Spiritually strengthening

- Character building

- Intellectually enlarging

- Preparing for lifelong learning and service.

Interpretive and Communicative Skills

English BGS graduates will develop and demonstrate critical reading strategies, professional writing expertise, and sophisticated analytical skills.

Interpretive and Communicative Contexts

English graduates will explore the development of literary traditions and genres as well as become familiar with the critical methodologies and scholarly conversations in the discipline; they will engage with these contexts in their written, oral, and visual work.

Interpretive and Communicative Ethics

English graduates will embrace literature as a source of wisdom, spiritual insight, and aesthetic pleasure; as a medium for encountering and reflecting upon the diversity of human experience; and as a guide for building relationships and discerning value.

✔ **OPTION 3.1** Complete up to 11.0 hours from the following Courses

ANTHR 101 - Social/Cultural Anthropology	3.0
PSYCH 306 - Psychology of Gender	3.0
PSYCH 307 - Writing Within Psychology	3.0
PSYCH 330 - Organizational Psychology	3.0
PSYCH 338 - Sport Psychology	3.0
PSYCH 341 - Personality	3.0
PSYCH 353 - LDS Perspectives and Psychology	3.0
PSYCH 358 - Leadership Development	3.0
PSYCH 361 - Principles of Learning	3.0
PSYCH 365 - Motivation	3.0

BYU undergraduate courses (including Salt Lake Center classes) in psychology may be used to fill emphasis electives.

✔ **REQUIREMENT 4** Complete 1 Course

Complete a capstone experience (last course to be completed):

STDEV 490 - Bachelor of General Studies Capstone	2.0

Program Outcomes

1. BGS General Learning Outcome - Aims of a BYU Education

Reflect on and describe how their coursework in the BGS program has contributed to the aims of a BYU education:

- Spiritually strengthening
- Character building
- Intellectually enlarging
- Preparing for lifelong learning and service.

Genetics & Biotechnology

BS

Hours	62 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 14 Courses

Core courses:

BIO 165 - Introduction to Bioinformatics	3.0
CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
MATH 112 - Calculus 1	4.0
MMBIO 240 - Molecular Biology	3.0
PDBIO 120 - Science of Biology	2.0
PDBIO 360 - Cell Biology	3.0
PWS 188 - Introduction to Genetics and Biotechnology	2.0
PWS 288 - Mentored Laboratory Techniques	2.0
PWS 340 - Genetics	3.0
MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0
PWS 469 - Metagenomics	2.0
PWS 488 - Readings in Biotechnology	3.0

REQUIREMENT 2 Complete 1 Option

Complete 24 hours from ONE of the following tracks:

OPTION 2.1 Complete 2 Groups

A. Plant genetics and biotechnology core track:

GROUP 2.1.1 Complete 7 Courses

BIO 230 - Biological Diversity: Plants	4.0
BIO 420 - Evolutionary Biology	2.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 481 - Biochemistry	3.0
PWS 100 - Plants in the Environment	3.0
PWS 440 - Plant Physiology	3.0

GROUP 2.1.2 Complete 3.0 hours from the following Courses

Complete an additional 3 hours from the general major electives list. Recommended courses are:

BIO 220 - Biological Diversity: Animals	4.0
BIO 230 - Biological Diversity: Plants	4.0
BIO 350 - Ecology	3.0
BIO 365 - Computational Biology	3.0
BIO 370 - Bioethics	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 430 - Plant Classification and Identification	4.0
BIO 450 - Conservation Biology	3.0
BIO 463 - Genetics of Human Disease	3.0
BIO 465 - Bioinformatics	3.0
BIO 560 - Population Genetics	4.0
MMBIO 221 - General Microbiology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
MMBIO 261 - Infection and Immunity	3.0
MMBIO 360 - Microbial Genetics	4.0
MMBIO 363 - Microbial Ecology	3.0
MMBIO 364 - Bacterial Pathogenesis	4.0
MMBIO 390R - Readings in Molecular Biology *You may take this course up to 1 time.*	1.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 441 - Advanced Molecular Biology	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0
MMBIO 461 - Advanced Bacterial Physiology	3.0
MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0
MMBIO 466 - Virology Laboratory	1.0
MMBIO 467 - Immunology Lab	1.0
MMBIO 490R - Molecular Biology Seminar *You may take this course up to 1 time.*	1.0
MMBIO 557 - Genes and Cancer	2.0
PDBIO 325 - Tissue Biology (with lab)	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 482 - Developmental Biology	3.0
PDBIO 562 - Reproductive Physiology	3.0
PDBIO 582 - Developmental Genetics	3.0
PWS 100 - Plants in the Environment	3.0
PWS 199R - Academic Internship *You may take this course up to 1 time.*	3.0v
PWS 282 - Introduction to Soil Science	3.0
PWS 283 - Introduction to Soil Science Laboratory	1.0
PWS 301 - Plant Growth and Reproduction	3.0
PWS 305 - Soils and Water Quality	3.0
PWS 306 - Soil and Water Quality Laboratory	1.0
PWS 331 - Science of Plant Pest Control	3.0
PWS 335 - Comparative Animal Nutrition	3.0
PWS 431 - Plant Health Diagnostics	3.0
PWS 494R - Mentored Learning Experience *You may take this course up to 1 time.*	6.0v
PWS 514 - Soil Microbiology	2.0
PWS 559 - Molecular Plant Breeding	3.0
PWS 575 - Plant Pathology	3.0

PWS 586 - Plant Cell Biology	3.0
STAT 121 - Principles of Statistics	3.0

✔ **OPTION 2.2** Complete 4 Groups

B. Animal genetics and biotechnology core track:

✔ **GROUP 2.2.1** Complete 4 Courses

BIO 420 - Evolutionary Biology	2.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 481 - Biochemistry	3.0

✔ **GROUP 2.2.2** Complete 1 Course

BIO 463 - Genetics of Human Disease	3.0
PDBIO 482 - Developmental Biology	3.0

✔ **GROUP 2.2.3** Complete 1 Course

BIO 380 - Comparative Animal Physiology and Anatomy	4.0
PDBIO 362 - Advanced Physiology	3.0

✔ **GROUP 2.2.4** Complete 6.0 hours from the following Courses

Complete an additional 6-7 hours from the general major electives list. Recommended courses are:

BIO 220 - Biological Diversity: Animals	4.0
BIO 370 - Bioethics	2.0
MMBIO 221 - General Microbiology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
MMBIO 557 - Genes and Cancer	2.0
PDBIO 325 - Tissue Biology (with lab)	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 562 - Reproductive Physiology	3.0
PDBIO 582 - Developmental Genetics	3.0
PWS 199R - Academic Internship *You may take this course up to 1 time.*	3.0v
PWS 335 - Comparative Animal Nutrition	3.0
PWS 494R - Mentored Learning Experience *You may take this course up to 1 time.*	6.0v
STAT 121 - Principles of Statistics	3.0

✔ **OPTION 2.3** Complete 3 Groups

C. Microbial genetics and biotechnology core track:

✔ **GROUP 2.3.1** Complete 7 Courses

BIO 420 - Evolutionary Biology	2.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 481 - Biochemistry	3.0
MMBIO 151 - Introduction to Microbiology	4.0
MMBIO 360 - Microbial Genetics	4.0
MMBIO 461 - Advanced Bacterial Physiology	3.0

✔ **GROUP 2.3.2** Complete 2.0 hours from the following Courses

Complete an additional 2 hours from the general major electives list. Recommended courses are:

BIO 370 - Bioethics	2.0
BIO 463 - Genetics of Human Disease	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
MMBIO 261 - Infection and Immunity	3.0
MMBIO 360 - Microbial Genetics	4.0
MMBIO 363 - Microbial Ecology	3.0
MMBIO 364 - Bacterial Pathogenesis	4.0
MMBIO 390R - Readings in Molecular Biology *You may take this course up to 1 time.*	1.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 441 - Advanced Molecular Biology	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0
MMBIO 461 - Advanced Bacterial Physiology	3.0
MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0
MMBIO 466 - Virology Laboratory	1.0
MMBIO 467 - Immunology Lab	1.0
MMBIO 490R - Molecular Biology Seminar *You may take this course up to 1 time.*	1.0
MMBIO 557 - Genes and Cancer	2.0
PWS 199R - Academic Internship *You may take this course up to 1 time.*	3.0v
PWS 494R - Mentored Learning Experience *You may take this course up to 1 time.*	6.0v
STAT 121 - Principles of Statistics	3.0

✔ **OPTION 2.4** Complete 4 Groups

D. Bio-business core track:

✔ **GROUP 2.4.1** Complete 5 Courses

ACC 200 - Principles of Accounting	3.0
BUS M 201 - Financial Management	3.0
BUS M 488 - Agribusiness Management 1	3.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
ORG B 320 - Organizational Effectiveness	3.0

✔ **GROUP 2.4.2** Complete 1 Course

BUS M 241 - Marketing Management	3.0
BUS M 489 - Agribusiness Management 2	3.0

✔ **GROUP 2.4.3** Complete 1 Course

BUS M 371R - Entrepreneurship Lecture Series *You may take this course up to 1 time.*	1.0
BUS M 380 - Executive Lectures	1.0

✔ **GROUP 2.4.4** Complete 4.0 hours from the following Courses

Complete an additional 4 hours from the general major electives list. Recommended courses are:

BIO 220 - Biological Diversity: Animals	4.0
BIO 230 - Biological Diversity: Plants	4.0
BIO 350 - Ecology	3.0
BIO 365 - Computational Biology	3.0
BIO 370 - Bioethics	2.0
BIO 420 - Evolutionary Biology	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 430 - Plant Classification and Identification	4.0
BIO 450 - Conservation Biology	3.0
BIO 463 - Genetics of Human Disease	3.0
BIO 465 - Bioinformatics	3.0
BIO 560 - Population Genetics	4.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
MMBIO 221 - General Microbiology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
MMBIO 261 - Infection and Immunity	3.0
MMBIO 360 - Microbial Genetics	4.0
MMBIO 363 - Microbial Ecology	3.0
MMBIO 364 - Bacterial Pathogenesis	4.0
MMBIO 390R - Readings in Molecular Biology *You may take this course up to 1 time.*	1.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 441 - Advanced Molecular Biology	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0
MMBIO 461 - Advanced Bacterial Physiology	3.0
MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0
MMBIO 466 - Virology Laboratory	1.0
MMBIO 467 - Immunology Lab	1.0
MMBIO 490R - Molecular Biology Seminar *You may take this course up to 1 time.*	1.0
MMBIO 557 - Genes and Cancer	2.0
PDBIO 325 - Tissue Biology (with lab)	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 482 - Developmental Biology	3.0
PDBIO 562 - Reproductive Physiology	3.0
PDBIO 582 - Developmental Genetics	3.0
PWS 100 - Plants in the Environment	3.0
PWS 199R - Academic Internship *You may take this course up to 1 time.*	3.0v
PWS 282 - Introduction to Soil Science	3.0
PWS 283 - Introduction to Soil Science Laboratory	1.0
PWS 301 - Plant Growth and Reproduction	3.0
PWS 305 - Soils and Water Quality	3.0
PWS 306 - Soil and Water Quality Laboratory	1.0
PWS 331 - Science of Plant Pest Control	3.0
PWS 335 - Comparative Animal Nutrition	3.0
PWS 365 - Environmental Microbiology and Biogeochemistry	3.0
PWS 366 - Environmental Microbiology and Biogeochemistry Laboratory	1.0
PWS 431 - Plant Health Diagnostics	3.0
PWS 494R - Mentored Learning Experience *You may take this course up to 1 time.*	6.0v
PWS 514 - Soil Microbiology	2.0
PWS 559 - Molecular Plant Breeding	3.0

PWS 575 - Plant Pathology	3.0
PWS 586 - Plant Cell Biology	3.0
STAT 121 - Principles of Statistics	3.0

✔ **RECOMMENDED** Complete 4 Options

Recommended Courses:

✔ **RECOMMENDED** Complete 6 Courses

For preprofessional students in tracks A, B, or C above:

ACC 200 - Principles of Accounting	3.0
BUS M 201 - Financial Management	3.0
PHSCS 105 - General Physics 1	3.0
PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0

✔ **RECOMMENDED** Complete 4 Courses

For graduate school preparation in biotechnology:

PHSCS 105 - General Physics 1	3.0
PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0

✔ **RECOMMENDED** Complete 1 Course

For students seeking employment in the biotech industry:

PWS 199R - Academic Internship	3.0v

✔ **RECOMMENDED** Complete 2 Courses

GE courses for bio-business students seeking a Marriott School of Management minor:

ECON 110 - Economic Principles and Problems	3.0
STAT 121 - Principles of Statistics	3.0

Program Outcomes

Please contact the individual department for outcome information.

Geography: Environmental Studies

BS

Hours	50 - 59 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 9 Courses

Core courses:

GEOG 100 - The Geographic Approach	1.0
GEOG 101 - Global Environment: Understanding Physical Geography	3.0
GEOG 110 - Landscapes of Disaster: An Introduction to Natural Hazards	3.0
GEOG 120 - Geography and World Affairs	3.0
GEOG 130 - Introduction to Human Geography	3.0
GEOG 211 - Map Use and Interpretation	4.0
GEOG 212 - Introduction to Geographic Information Systems	3.0
GEOG 222 - Statistics for Geographers 1	3.0
GEOG 322 - Statistics for Geographers 2	3.0

REQUIREMENT 2 Complete 6 Courses

Environmental studies core courses:

GEOG 213 - Earth Observation and Image Interpretation	2.0
GEOG 303 - Biogeography	3.0
GEOG 304 - Geography of Climates	3.0
GEOG 306 - Public Land Conservation	3.0
GEOG 307 - Landscape Ecology	3.0
PWS 150 - Environmental Biology	3.0

REQUIREMENT 3 Complete 4 Courses

Elective courses:

BIO 350 - Ecology	3.0
BIO 370 - Bioethics	2.0
BIO 450 - Conservation Biology	3.0
GEOG 305 - Geography of Landforms	3.0
GEOG 310 - Introduction to Urban and Regional Planning	3.0

GEOG 311 - Intermediate Geographic Information Systems	3.0
GEOG 312 - Cartographic Design	4.0
GEOG 313 - Remote Sensing 1	3.0
GEOG 399R - Academic Internship	6.0v
GEOG 414 - Applied Urban Environmental Modeling	3.0
GEOG 415R - Geographic Field Methods	3.0v
GEOG 423 - Planning for Unique and Sensitive Lands	2.0
GEOL 411 - Geomorphology and Remote Sensing	3.0
PWS 225 - Principles of Wildlife and Fisheries Management	3.0
PWS 303 - Soils Conservation and Resources	3.0
PWS 305 - Soils and Water Quality	3.0
PWS 340 - Genetics	3.0
PWS 375 - Environmental Policies and Laws	3.0
PWS 419 - Forest Management and Ecology	3.0

✔ **REQUIREMENT 4**

Complete the exit assessment during the final semester, no later than one month before graduation.

GEOG 211 - Map Use and Interpretation	4.0
GEOG 212 - Introduction to Geographic Information Systems	3.0
GEOG 222 - Statistics for Geographers 1	3.0
GEOG 322 - Statistics for Geographers 2	3.0

REQUIREMENT 2 Complete 7 Courses

Urban planning core courses:

GEOG 310 - Introduction to Urban and Regional Planning	3.0
GEOG 336 - Urban Geography	3.0
GEOG 410 - Urban Planning Methods	3.0
GEOG 421 - Urban Planning Law	3.0v
GEOG 422 - Principles of Urban Design	2.0
GEOG 424 - Urban Transportation Planning	3.0
GEOG 510 - Professional Planning Studio	3.0

REQUIREMENT 3 Complete 2 Options

Complete three elective courses, at least one of which must be Geog 306, 307, or 423:

OPTION 3.1 Complete 1 Course

GEOG 306 - Public Land Conservation	3.0
GEOG 307 - Landscape Ecology	3.0

GEOG 423 - Planning for Unique and Sensitive Lands	2.0

✔ **OPTION 3.2** Complete 2 Courses

GEOG 306 - Public Land Conservation	3.0
GEOG 307 - Landscape Ecology	3.0
GEOG 313 - Remote Sensing 1	3.0
GEOG 346 - Population Geography	3.0
GEOG 412 - Advanced Geographic Information Systems	3.0
GEOG 414 - Applied Urban Environmental Modeling	3.0
GEOG 423 - Planning for Unique and Sensitive Lands	2.0

✔ **REQUIREMENT 4** Complete 3.0 hours from the following Courses

Professional experience courses:

GEOG 399R - Academic Internship *You may take up to 3 credit hours.*	6.0v
GEOG 495R - Mentored Research *You may take up to 3 credit hours.*	3.0v

✔ **REQUIREMENT 5**

Complete the exit assessment during the final semester, no later than one month before graduation.

Program Outcomes

Core geographic knowledge and skills

Understand, explain and apply the NGS-related foundational concepts of Human Societies and Spatiality, Physical Environments, Human-Environmental Interaction, Regional Geography, Critical Spatial Thinking, and Effective Communication.

Understand Human Settlement as it relates to Urban Planning

Demonstrate an understanding of the social, economic, legal, and environmental structure of urban and regional systems and how these play out spatially in the urban landscape.

Understand Historical and Contemporary Planning Practice

Evaluate new and historic projects to identify patterns of failure and strategies for success.

Possess the Skills Needed to Practice Planning

Develop coherent solutions to urban and other land management issues, that respect the diverse (and sometimes conflicting) needs of planners, engineers, architects, land developers, elected officials, and citizens including using the methods of of plan creation, plan adoption, and plan implementation to bring about the greatest pubic good while mitigating foreseeable negative impacts.

Plan Development

Create plans, maps, ordinances, and reports to communicate effectively with citizens and officials concerning planning issues and solutions

Geography Teaching

Minor

Hours 20 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

✔ REQUIREMENT 1 Complete 5 Courses

GEOG 101 - Global Environment: Understanding Physical Geography	3.0
GEOG 120 - Geography and World Affairs	3.0
GEOG 130 - Introduction to Human Geography	3.0
GEOG 211 - Map Use and Interpretation	4.0

✔ REQUIREMENT 2 Complete 1 Course

GEOG 245 - Geography of Utah	3.0
GEOG 250 - United States and Canada	3.0

✔ REQUIREMENT 3 Complete 2 Courses

HIST 477 - History and Social Science Teaching Methods and Instruction	3.0
HIST 478 - Practicum in Secondary Education	1.0

Program Outcomes

Please contact the individual department for outcome information.

Geology

BS

Hours	74 - 75 Credit Hours
MAP	Major Academic Plan

Program Requirements

No D credit is allowed in major courses.

✔ REQUIREMENT 1 Complete 11 Courses

GEOL 111 - Physical Geology	4.0
GEOL 112 - Historical Geology	4.0
GEOL 210 - Field Studies	3.0
GEOL 230 - Geological Communications	3.0
GEOL 351 - Mineralogy	4.0
GEOL 352 - Petrology	3.0
GEOL 370 - Sedimentology and Stratigraphy	3.0
GEOL 375 - Structural Geology	3.0
GEOL 420 - Geological Field Methods	2.0
GEOL 421 - Geological Mapping	2.0
GEOL 422 - Geologic Writing	2.0

✔ REQUIREMENT 2 Complete 2.0 hours from the following Courses

Take 4 times.

GEOL 491R - Geology Seminar *You may take this course up to 4 times.*	0.5

✔ REQUIREMENT 3 Complete 4 Courses

GEOL 405 - Applied Mathematics in the Geological Sciences	3.0
GEOL 411 - Geomorphology and Remote Sensing	3.0
GEOL 435 - Introduction to Groundwater	3.0
GEOL 440 - Solid Earth Geophysics	3.0
GEOL 445 - Geochemistry	3.0
GEOL 452 - Petrography to Petrogenesis	3.0
GEOL 460 - Economic and Resource Geology	3.0
GEOL 476 - Introduction to Seismic Interpretation	3.0
GEOL 480 - Paleontology	3.0

✔ REQUIREMENT 4 Complete 1 Option

✔ **OPTION 4.1** Complete 3 Courses

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0

✔ **OPTION 4.2** Complete 2 Courses

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0

✔ **REQUIREMENT 5** Complete 6 Courses

ENGL 316 - Technical Communication	3.0
MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 105 - General Physics 1	3.0
PHSCS 106 - General Physics 2	3.0
STAT 121 - Principles of Statistics	3.0

✔ **REQUIREMENT 6**

All students are required to construct a portfolio of their work that includes samples of their writing, scientific data analysis, and presentations¿both oral and written. The portfolio will be evaluated during the semester before graduation.

Program Outcomes

Effective Inquiry and Communication

Demonstrate competence in scientific inquiry, writing, and oral presentation.

Professional Preparation

Be employable in geology-related fields, or able to further their education in graduate programs.

Technical Competence

Demonstrate competence in relevant computer applications, laboratory methods, and field methods.

Discussing Society's Impact on the Planet

Demonstrate the ability to critically discuss issues related to geology that impact society and planet Earth.

Discussing Science and Religion

Demonstrate the ability to critically discuss the relationship between science and religion.

German: Linguistics

BA

Hours	36 - 55 Credit Hours
MAP	Major Academic Plan

Program Requirements

The Germanic and Slavic Languages Department requires a minimum of 18 hours of upper-division major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

All students will purchase a portfolio packet when they enroll in their first class in the German section. This portfolio will travel with the students as they progress from course to course through the degree program. It will serve as a checklist to guide them through their course of study, will record their language proficiency, and will also be a repository for all papers and creative work produced by the student in the department. The completed portfolio will be reviewed in Germ 400R in conjunction with the senior proficiency exam.

A senior capstone paper is required for graduation.

Germ 200R and 300R are designed to help students who desire additional skill in epeaking, etc.

Students planning graduate studies in German should begin a second foreign language.

Complete the following prerequisite courses: Germ 101, 102 (or 103); 201, 202. These courses will be waived for students having comparable German training or experience (including Germ 330). Consult department for information about placement examinations.

REQUIREMENT 1 Complete 3.0 hours from the following Courses

GERM 211R - Intermediate Conversation *You may take this course up to 1 time.*	5.0v
GERM 311R - Advanced Conversation *You may take this course up to 1 time.*	5.0v

REQUIREMENT 2 Complete 5 Courses

Level 3 courses:

GERM 302 - Advanced German Language 1	3.0
GERM 303 - Advanced German Language 2	3.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GERM 343 - Introduction to Literary Analysis	3.0
GERM 344 - Introduction to Phonetics	3.0

✔ REQUIREMENT 3 Complete 1 Course

ENGL 311 - Writing About the Arts and Humanities	3.0
ENGL 312 - Persuasive Writing	3.0
ENGL 313 - Expository Writing for Elementary Education Majors	3.0
ENGL 314 - Writing About Literature	3.0
ENGL 315 - Writing in the Social Sciences	3.0
ENGL 316 - Technical Communication	3.0
GERM 340 - Writing About Literature	3.0
ENGL 310 - Writing and Tutoring *You may take this course up to 1 time.*	3.0
M COM 320 - Communication in Organizational Settings	3.0
PHIL 300 - Philosophical Writing	3.0

✔ REQUIREMENT 4 Complete 3 Courses

Note: Germ 497R must be a topic related to advanced German linguistics.

GERM 450 - History of the German Language	3.0
GERM 460 - Structure of Modern German	3.0
GERM 497R - Senior Seminar in German Language *You may take this course up to 10 times.*	3.0

✔ REQUIREMENT 5 Complete 8.0 hours from the following Courses

Complete 8 additional hours of pro-seminars and/or courses numbered 215 or higher, 5 hours of which must be approved linguistics courses such as second language acquisition, dialectology, Middle High German, or Old Saxon.

GERM 215 - Pro-Seminar 2	3.0v
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
GERM 300R - Third-Year Proficiency Tutorial	3.0v
GERM 301 - Intermediate German	3.0
GERM 302 - Advanced German Language 1	3.0
GERM 303 - Advanced German Language 2	3.0
GERM 311R - Advanced Conversation	5.0v
GERM 315 - Directed Research in Lit/Film/Culture 1	1.0
GERM 316 - Directed Research in Linguistics 1	3.0v
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GERM 340 - Writing About Literature	3.0
GERM 343 - Introduction to Literary Analysis	3.0
GERM 344 - Introduction to Phonetics	3.0
GERM 345R - Field Studies in German	6.0v
GERM 377 - Methods in Teaching German	3.0
GERM 378 - Practicum in Teaching German	1.0
GERM 415 - Directed Research in Lit/Film/Culture 2	1.0
GERM 416 - Directed Research in Linguistics 2	3.0v
GERM 450 - History of the German Language	3.0
GERM 460 - Structure of Modern German	3.0
GERM 476 - Secondary Student Teaching	12.0
GERM 496R - Academic Internship: German Teaching	12.0

✔ REQUIREMENT 6 Complete 1 Option

Final German Proficiency examination:

Complete the following during the last two semesters before graduation (not offered spring or summer):

✔ **OPTION 6.1** Complete 1 hour from the following Courses

GERM 400R - Fourth-Year Proficiency Tutorial 3.0v
You may take up to 1 credit hour.

Note: A capstone paper will be required.

Program Outcomes

1. German Language Proficiency

At the end of each of these courses, students will demonstrate German language proficiency according to the 2012 ACTFL Proficiency Guidelines as follows:

101: Novice High; 102 Intermediate Low (Some higher)

201: Intermediate Low/ Intermediate Mid; 202: Intermediate Mid (Some higher)

301: Intermediate High; 302 Intermediate High/Advanced Low; 303: Advanced Low (Some higher)

330: Students will demonstrate ability to complete written assignments in German

2. Written Assignments and Research Papers

In written assignments, students will analyze and engage with concepts or German-language artifacts in a coherent, thoughtful manner appropriate to their course level. In research papers and capstone papers, students will demonstrate their abilities to 1) find problems and questions in the artifacts that they are discussing 2) compose thesis statements that make defensible claims that address the problems and questions in the artifact; 3) Compose a well-ordered argument that logically develops the ideas in the thesis statement; 4) Introduce specific supporting evidence through well-integrated quotes in carefully-crafted paragraphs.

3. German Language History

Describe and explain the critical changes and influences that shaped the history of the German language.

4. German Linguistic Structures

Describe the basic principles underlying the linguistic structure (e.g., word structure, sound system and sentence structure) of German and be able to recognize how this knowledge can help them increase their own receptive understanding and creativity with the German language.

5. Reading and Evaluating Sophisticated Texts

Read and summarize sophisticated texts, including but not limited to journal articles, on topics in linguistics and second language acquisition (including pedagogy). Students should be able to evaluate the content, limitations and argumentation of these texts.

6. Self-Reflection

Students will be able to reflect upon their own learning, language skills, writing, critical skills, etc. Students will be able to formulate for themselves the value of the time and effort that they have

spent studying the German language and culture. Students will also be able to explain the experiences from their major in a way that will be recognized and understood by future employers and other members of the non-academic community.

✔ **REQUIREMENT 5** Complete 1 Option

Final German proficiency examination:

Complete the following during the last two semesters before graduation (not offered spring or summer):

✔ **OPTION 5.1** Complete 1 hour from the following Courses

GERM 400R - Fourth-Year Proficiency Tutorial *You may take this course up to 10 times.*	3.0v

Note: A capstone paper will be required.

Program Outcomes

1. German Language Proficiency

At the end of each of these courses, students will demonstrate German language proficiency according to the 2012 ACTFL Proficiency Guidelines as follows:

101: Novice High; 102 Intermediate Low (Some higher)

201: Intermediate Low/ Intermediate Mid; 202: Intermediate Mid (Some higher)

301: Intermediate High; 302 Intermediate High/Advanced Low; 303: Advanced Low (Some higher)

330: Students will demonstrate ability to complete written assignments in German

2. Written Assignments and Research Papers

In written assignments, students will analyze and engage with concepts or German-language artifacts in a coherent, thoughtful manner appropriate to their course level. In research papers and capstone papers, students will demonstrate their abilities to

1) find problems and questions in the artifacts that they are discussing

2) compose thesis statements that make defensible claims that address the problems and questions in the artifact

3) Compose a well-ordered argument that logically develops the ideas in the thesis statement

4) Introduce specific supporting evidence through well-integrated quotes in carefully-crafted paragraphs.

3. Entering the Critical Discourse

When confronted with new concepts and/or artifacts, students will demonstrate a level-appropriate capacity to do the following:

1) Test and question the soundness of ideas;

2) Apply difficult theoretical concepts in their analysis;

3) Recognize ethical problems and global implications;

4) explore the multivalent nature of the object of their analysis

5) engage in ongoing critical discussions and negotiate between a plurality of viewpoints.

4. Cultural Literacy

Students will be able to engage with and cogently discuss a variety of culturally significant German-language literary, historical, artistic, filmic and musical texts and artifacts from all major periods. They will be able to analyze and discuss these works in their various social, cultural, historical and religious/ethical contexts.

5. Self-Reflection

Students will be able to reflect upon their own learning, language skills, writing, critical skills, etc. Students will be able to formulate for themselves the value of the time and effort that they have spent studying the German language and culture. Students will also be able to explain the experiences from their major in a way that will be recognized and understood by future employers and other members of the non-academic community.

German Studies

BA

Hours	31 - 47 Credit Hours
MAP	Major Academic Plan

Program Requirements

Students must complete the requirements for a primary major in another field.

All students will purchase a portfolio packet when they enroll in their first class in the German section. This portfolio will travel with the students as they progress from course to course through the degree program. It will serve as a checklist to guide them through their course of study, will record their language proficiency, and will also be a repository for all papers and creative work produced by the student in the department. The completed portfolio will be reviewed in Germ 400R in conjunction with the senior proficiency exam.

Complete the following prerequisite courses: Germ 101, 102, 201, 202. May be waived for students having comparable German training or experience including Germ 330. Consult department for information about placement examinations.

✔ REQUIREMENT 1 Complete 3.0 hours from the following Courses

Complete 3 hours of one of the following or equivalent residency (mission, Study Abroad, internship, German language residence):

GERM 211R - Intermediate Conversation *You may take up to 3 credit hours.*	5.0v
GERM 311R - Advanced Conversation *You may take up to 3 credit hours.*	5.0v

✔ REQUIREMENT 2 Complete 5 Courses

GERM 302 - Advanced German Language 1	3.0
GERM 303 - Advanced German Language 2	3.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GERM 343 - Introduction to Literary Analysis	3.0
GERM 344 - Introduction to Phonetics	3.0

✔ REQUIREMENT 3 Complete 1 Course

ENGL 311 - Writing About the Arts and Humanities	3.0
ENGL 312 - Persuasive Writing	3.0
ENGL 313 - Expository Writing for Elementary Education Majors	3.0
ENGL 314 - Writing About Literature	3.0
ENGL 315 - Writing in the Social Sciences	3.0

ENGL 316 - Technical Communication	3.0
GERM 340 - Writing About Literature	3.0
ENGL 310 - Writing and Tutoring	3.0
M COM 320 - Communication in Organizational Settings	3.0
PHIL 300 - Philosophical Writing	3.0

✔ **REQUIREMENT 4** Complete 9.0 hours from the following Options

Complete nine (9) additional hours from courses numbered Germ 215 or higher.

✔ **OPTION 4.1** Complete 3.0 hours from the following Courses

At least three (3) of these elective hours must be courses from the following:

GERM 440R - German Literary Periods and Movements *You may take this course up to 10 times.*	5.0v
GERM 441R - Studies in German Literary Genres *You may take this course up to 10 times.*	5.0v
GERM 442R - Major German Authors *You may take this course up to 10 times.*	5.0v
GERM 443R - Studies in Literary Theory *You may take this course up to 10 times.*	5.0v
GERM 444R - Interdisciplinary Studies *You may take this course up to 10 times.*	5.0v
GERM 445R - Special Topics in German Cultural Studies *You may take this course up to 10 times.*	5.0v
GERM 497R - Senior Seminar in German Language *You may take this course up to 10 times.*	3.0

✔ **OPTION 4.2** Complete 6.0 hours from the following Courses

GERM 215 - Pro-Seminar 2	3.0v
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
GERM 300R - Third-Year Proficiency Tutorial	3.0v
GERM 301 - Intermediate German	3.0
GERM 302 - Advanced German Language 1	3.0
GERM 303 - Advanced German Language 2	3.0
GERM 311R - Advanced Conversation	5.0v
GERM 315 - Directed Research in Lit/Film/Culture 1	1.0
GERM 316 - Directed Research in Linguistics 1	3.0v
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GERM 340 - Writing About Literature	3.0
GERM 343 - Introduction to Literary Analysis	3.0
GERM 344 - Introduction to Phonetics	3.0
GERM 345R - Field Studies in German	6.0v
GERM 377 - Methods in Teaching German	3.0
GERM 378 - Practicum in Teaching German	1.0
GERM 399R - Academic Internship: German Work	9.0v
GERM 400R - Fourth-Year Proficiency Tutorial	3.0v
GERM 415 - Directed Research in Lit/Film/Culture 2	1.0
GERM 416 - Directed Research in Linguistics 2	3.0v
GERM 440R - German Literary Periods and Movements	5.0v
GERM 441R - Studies in German Literary Genres	5.0v
GERM 442R - Major German Authors	5.0v
GERM 443R - Studies in Literary Theory	5.0v
GERM 444R - Interdisciplinary Studies	5.0v
GERM 445R - Special Topics in German Cultural Studies	5.0v

GERM 450 - History of the German Language	3.0
GERM 460 - Structure of Modern German	3.0
GERM 476 - Secondary Student Teaching	12.0
GERM 490R - Special Studies in German	3.0v
GERM 496R - Academic Internship: German Teaching	12.0
GERM 497R - Senior Seminar in German Language	3.0
GERM 498R - Preparing for Professional/Graduate School	3.0
GERM 499R - Honors Thesis	6.0v

✔ **REQUIREMENT 5** Complete 1 Option

Final German proficiency examination:

Complete the following during one of the last two semesters before graduation (not offered spring or summer):

✔ **OPTION 5.1** Complete 1 hour from the following Courses

GERM 400R - Fourth-Year Proficiency Tutorial *You may take up to 1 credit hour.*	3.0v

Note: A capstone paper will be required.

Program Outcomes

1. German Language Proficiency

At the end of each of these courses, students will demonstrate German language proficiency according to the 2012 ACTFL Proficiency Guidelines as follows:101: Novice High; 102 Intermediate Low (Some higher)

201: Intermediate Low/ Intermediate Mid; 202: Intermediate Mid (Some higher)

301: Intermediate High; 302 Intermediate High/Advanced Low; 303: Advanced Low (Some higher)

330: Students will demonstrate ability to complete written assignments in German

2. Written Assignments and Research Papers

In written assignments, students will analyze and engage with concepts or German-language artifacts in a coherent, thoughtful manner appropriate to their course level. In research papers and capstone papers, students will demonstrate their abilities to

1) find problems and questions in the artifacts that they are discussing

2) compose thesis statements that make defensible claims that address the problems and questions in the artifact;

3) Compose a well-ordered argument that logically develops the ideas in the thesis statement;

4) Introduce specific supporting evidence through well-integrated quotes in carefully-crafted paragraphs.

3. Entering the Critical Discourse

When confronted with new concepts and/or artifacts, students will demonstrate a level-

appropriate capacity to do the following:

1) Test and question the soundness of ideas;

2) Apply difficult theoretical concepts in their analysis;

3) Recognize ethical problems and global implications;

4) explore the multivalent nature of the object of their analysis

5) engage in ongoing critical discussions and negotiate between a plurality of viewpoints.

4. Cultural Literacy

Students will be able to engage with and cogently discuss a variety of culturally significant German-language literary, historical, artistic, filmic and musical texts and artifacts from all major periods. They will be able to analyze and discuss these works in their various social, cultural, historical and religious/ethical contexts.

5. Self Reflection

Students will be able to reflect upon their own learning, language skills, writing, critical skills, etc. Students will be able to formulate for themselves the value of the time and effort that they have spent studing the German language and culture. Students will also be able to explain the experiences from their major in a way that will be recognized and understood by future employers and other members of the non-academic community.

Top

German Teaching

BA

Hours	63 - 79 Credit Hours
MAP	Major Academic Plan

Program Requirements

The Germanic and Slavic Languages Department requires a minimum of 18 hours of upper-division major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

All students will purchase a portfolio packet when they enroll in their first class in the German section. This portfolio will travel with the students as they progress from course to course through the degree program. It will serve as a checklist to guide them through their course of study, will record their language proficiency, and will also be a repository for all papers and creative work produced by the student in the department. The completed portfolio will be reviewed in Germ 400R in conjuction with the senior proficiency exam.

Germ 200R and 300R are designed to help students who desire additional skill in speaking, etc.

A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.

Declare the major at the Humanities Advisement Center and contact the German teaching major advisor to complete a German proficiency examination. A minimum initial rating of "Intermediate-Mid" is recommended.

Beginning German courses (101, 102, 201, 202) will be waived for students having comparable German training or experience including Germ 330. Consult department for information about placement examinations.

✔ **REQUIREMENT 1** Complete 3.0 hours from the following Courses

Note: Germ 211R may be waived with equivalent experience. See department.

GERM 211R - Intermediate Conversation *You may take up to 3 credit hours.*	5.0v

GERM 311R - Advanced Conversation *You may take up to 3 credit hours.*	5.0v

✔ REQUIREMENT 2 Complete 1 Option

✔ OPTION 2.1 Complete 7 Courses

GERM 302 - Advanced German Language 1	3.0
GERM 303 - Advanced German Language 2	3.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GERM 343 - Introduction to Literary Analysis	3.0
GERM 344 - Introduction to Phonetics	3.0
GERM 377 - Methods in Teaching German	3.0
GERM 378 - Practicum in Teaching German	1.0

Note: Germ 377 must be taken concurrently with Germ 378 fall semester only and prior to student teaching; however, Germ 377 and 378 may be waived for students who have taken a methods course for another language.

✔ REQUIREMENT 3 Complete 1 Course

GERM 340 - Writing About Literature	3.0

✔ REQUIREMENT 4 Complete 1 Course

GERM 450 - History of the German Language	3.0
GERM 460 - Structure of Modern German	3.0

✔ REQUIREMENT 5 Complete 1 Option

Complete 10 additional hours of pro-seminars and/or courses numbered 215 or higher.

✔ OPTION 5.1 Complete 10.0 hours from the following Courses

GERM 215 - Pro-Seminar 2	3.0v
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
GERM 300R - Third-Year Proficiency Tutorial	3.0v
GERM 301 - Intermediate German	3.0
GERM 302 - Advanced German Language 1	3.0
GERM 303 - Advanced German Language 2	3.0
GERM 311R - Advanced Conversation	5.0v
GERM 315 - Directed Research in Lit/Film/Culture 1	1.0
GERM 316 - Directed Research in Linguistics 1	3.0v
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GERM 340 - Writing About Literature	3.0
GERM 343 - Introduction to Literary Analysis	3.0
GERM 344 - Introduction to Phonetics	3.0
GERM 345R - Field Studies in German	6.0v

GERM 378 - Practicum in Teaching German	1.0
GERM 399R - Academic Internship: German Work	9.0v
GERM 415 - Directed Research in Lit/Film/Culture 2	1.0
GERM 416 - Directed Research in Linguistics 2	3.0v
GERM 440R - German Literary Periods and Movements	5.0v
GERM 441R - Studies in German Literary Genres	5.0v

GERM 442R - Major German Authors	5.0v
GERM 443R - Studies in Literary Theory	5.0v
GERM 444R - Interdisciplinary Studies	5.0v
GERM 445R - Special Topics in German Cultural Studies	5.0v
GERM 450 - History of the German Language	3.0
GERM 460 - Structure of Modern German	3.0
GERM 476 - Secondary Student Teaching	12.0
GERM 496R - Academic Internship: German Teaching	12.0
GERM 497R - Senior Seminar in German Language	3.0
GERM 498R - Preparing for Professional/Graduate School	3.0
GERM 499R - Honors Thesis	6.0v

Complete a senior capstone paper. (The teacher work sample serves completed during student teaching serves as the capstone paper.)

Complete an ACTFL OPI exam with a minimum rating of Advanced-Low before applying to student teach. Contact the Center for Language Studies, 3086 JFSB, to schedule. This requirement may also be satisfied during Germ 400R.

✔ **REQUIREMENT 6** Complete 1 Option

Final German proficiency examination:

Complete the following during the last two semesters before graduation (not offered spring or summer).

✔ **OPTION 6.1** Complete 1 Course

GERM 400R - Fourth-Year Proficiency Tutorial *You may take up to 1 credit hour.*	3.0v

Complete an ETS Praxis exam in German prior to applying for graduation and certification. Contact Education Student Services, 120 MCKB.

✔ **REQUIREMENT 7** Complete 2 Options

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

All candidates for teacher licensure are required to be fingerprinted and pass an FBI background check prior to their pre-clinical methods course. Fingerprint clinics with an on-site reader are held in the McKay Building each semester. Allow 10-12 weeks for processing. Fingerprint clearance is valid for three years only. If clearance expires prior to student teaching, candidates must repeat the fingerprint clearance and fee process. Failing to expunge or clear up a police record of any kind prior to the background check may result in a blocked registration while a review board investigates the charges. Candidates who cannot pass an FBI background check will be removed from the teacher education licensure program.

✔ **OPTION 7.1** Complete 5 Courses

Note: FBI fingerprint and background clearance must be completed before enrollment in Sc Ed 276R.

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
FLANG 276 - Exploration of Teaching Foreign Languages	4.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 7.2** Complete 12.0 hours from the following Courses

GERM 476 - Secondary Student Teaching	12.0
GERM 496R - Academic Internship: German Teaching *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

1. German Language Proficiency

At the end of each of these courses, students will demonstrate German language proficiency according to the 2012 ACTFL Proficiency Guidelines as follows:

101: Novice High; 102 Intermediate Low (Some higher)

201: Intermediate Low/ Intermediate Mid; 202: Intermediate Mid (Some higher)

301: Intermediate High; 302 Intermediate High/Advanced Low; 303: Advanced Low (Some higher)

330: Students will demonstrate ability to complete written assignments in German

2. Written Assignments and Research Papers

In written assignments, students will analyze and engage with concepts or German-language artifacts in a coherent, thoughtful manner appropriate to their course level. In research papers and capstone papers, students will demonstrate their abilities to

1) find problems and questions in the artifacts that they are discussing

2) compose thesis statements that make defensible claims that address the problems and questions in the artifact;

3) Compose a well-ordered argument that logically develops the ideas in the thesis statement;

4) Introduce specific supporting evidence through well-integrated quotes in carefully-crafted paragraphs.

3. Entering the Critical Discourse

When confronted with new concepts and/or artifacts, students will demonstrate a level-appropriate capacity to do the following:

1) Test and question the soundness of ideas;

2) Apply difficult theoretical concepts in their analysis;

3) Recognize ethical problems and global implications;

4) Explore the multivalent nature of the object of their analysis;

5) Engage in ongoing critical discussions and negotiate between a plurality of viewpoints.

4. Cultural Literacy

Students will be able to engage with and cogently discuss a variety of culturally significant German-language literary, historical, artistic, filmic and musical texts and artifacts from all major periods. They will be able to analyze and discuss these works in their various social, cultural, historical and religious/ethical contexts.

5. Language Acquisition and Learning Theory

Apply language acquisition and general learning theory to create effective learning environments and programs.

6. Planning and Delivering Instruction

Plan and deliver instruction based upon knowledge of subject matter, students, goals, and accepted national and state standards.

7. Assessment

Use formal and informal assessment strategies to evaluate and improve learner performance and improve instruction.

8. Professionalism and Self-Reflection

Maintain professional standards by self-reflection and improvement, continuing education, and development of productive relationships with colleagues, the profession, and the community.

German Teaching

Minor

Hours 20 - 36 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

Declare the minor at the Humanities Advisement Center and contact the German teaching major advisor to complete a German proficiency examination. A minimum initial proficiency rating of "Intermediate - Mid" is recommended.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

Global Studies

Minor

Hours 19 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 5 Courses

GEOG 101 - Global Environment: Understanding Physical Geography	3.0
GEOG 120 - Geography and World Affairs	3.0
GEOG 130 - Introduction to Human Geography	3.0
GEOG 211 - Map Use and Interpretation	4.0
GEOG 212 - Introduction to Geographic Information Systems	3.0

REQUIREMENT 2 Complete 3.0 hours from the following Courses

GEOG 100 - The Geographic Approach	1.0
GEOG 110 - Landscapes of Disaster: An Introduction to Natural Hazards	3.0
GEOG 120 - Honors Geography and World Affairs	3.0
GEOG 213 - Earth Observation and Image Interpretation	2.0
GEOG 217 - Programming for Geographers	3.0
GEOG 245 - Geography of Utah	3.0
GEOG 250 - United States and Canada	3.0
GEOG 255 - Middle and South America	3.0
GEOG 260 - Europe	3.0
GEOG 265 - Russia and the Former Soviet Union	3.0
GEOG 271 - Middle East	3.0
GEOG 272 - East Asia	3.0
GEOG 273 - Southeast Asia	3.0
GEOG 285 - Africa South of the Sahara	3.0
GEOG 303 - Biogeography	3.0
GEOG 304 - Geography of Climates	3.0
GEOG 305 - Geography of Landforms	3.0
GEOG 306 - Public Land Conservation	3.0
GEOG 307 - Landscape Ecology	3.0
GEOG 310 - Introduction to Urban and Regional Planning	3.0
GEOG 311 - Intermediate Geographic Information Systems	3.0
GEOG 312 - Cartographic Design	4.0
GEOG 313 - Remote Sensing 1	3.0
GEOG 317 - Analytical Cartography	3.0
GEOG 322 - Statistics for Geographers 2	3.0
GEOG 331 - Economic Geography	3.0

GEOG 336 - Urban Geography	3.0
GEOG 341 - Political Geography	3.0
GEOG 346 - Population Geography	3.0
GEOG 347 - Tourism: A Conceptual Framework	3.0
GEOG 348 - Tourism: Patterns and Analysis	3.0
GEOG 349 - Global Adventure Travel	3.0
GEOG 350 - Tourism Planning	3.0
GEOG 353 - Heritage and Cultural Tourism	3.0
GEOG 410 - Urban Planning Methods	3.0
GEOG 411 - Issues in Computer Cartography	3.0
GEOG 412 - Advanced Geographic Information Systems	3.0
GEOG 413 - Remote Sensing 2	3.0
GEOG 414 - Applied Urban Environmental Modeling	3.0
GEOG 415R - Geographic Field Methods	3.0v
GEOG 421 - Urban Planning Law	3.0v
GEOG 422 - Principles of Urban Design	2.0
GEOG 423 - Planning for Unique and Sensitive Lands	2.0
GEOG 424 - Urban Transportation Planning	3.0
GEOG 441 - Seminar in Geography and Geospatial Intelligence 1	3.0
GEOG 442 - Seminar in Geography and Geospatial Intelligence 2	3.0
GEOG 495R - Mentored Research	3.0v

Graphic Design

BFA

Hours	73 Credit Hours
LEP	Limited Enrollment Program of 120 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 4 Courses

Core requirements:

DES 111 - Design Seminar: Theory, Criticism, and Visual Culture	1.0
DES 114 - Drawing	3.0
DES 115 - Composition	3.0
DES 117 - Design Thinking	3.0

Obtain acceptance into the BA program: Graphic Design emphasis.

✔ REQUIREMENT 2 Complete 3 Courses

DESGD 243 - Typography 1	3.0
DESGD 245 - Design 1	3.0
DESGD 280 - Media Design 1	3.0

Obtain acceptance into the Graphic Design BFA program.

✔ REQUIREMENT 3 Complete 4 Courses

DESGD 340 - Branding 1	3.0
DESGD 343 - Typography 2	3.0
DESGD 360 - Interactive Design 1	3.0
DESGD 380 - Motion 1	3.0

✔ REQUIREMENT 4 Complete 15.0 hours from the following Courses

DESGD 341 - 3-Dimensional Design	3.0
DESGD 394R - Special Topics *You may take up to 15 credit hours.*	3.0
DESGD 440 - Branding 2	3.0
DESGD 460 - Interaction Design 2	3.0
DESGD 480 - Motion 2	3.0

✔ REQUIREMENT 5 Complete 3 Courses

DESGD 441R - Design Lab	3.0

DESGD 442 - Portfolio	3.0
DESGD 488 - Studio Practices for Graphic Designers	2.0

✔ REQUIREMENT 6 Complete 4 Courses

History courses:

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0
DES 385 - Issues in Contemporary Design	3.0
DESGD 349 - History of Graphic Design	3.0

✔ REQUIREMENT 7 Complete 4.0 hours from the following Courses

DESGD 497R - BFA Capstone Project *You may take this course up to 4 times.*	3.0v

✔ REQUIREMENT 8 Complete 3.0 hours from the following Courses

ART 330 - Bookbinding	3.0
BUS M 241 - Marketing Management	3.0
COMMS 230 - Introduction to Advertising	3.0
DES 496R - Academic Internship: Professional Internship	6.0v
DESGD 248R - Letterpress Studio	3.0
DESIL 251 - Illustration 1	3.0
DESIL 351 - Illustration 2	3.0

Program Outcomes

Cultural change, Context and Audience

Students will recognize design as a catalyst for positive cultural change and consider the importance of context, audience, and history in their work.

Design Thinking

Students will create strong, conceptual work which is informed by research, design thinking and their own personal voice.

Effective Communication Through Design

Students will create dynamic visual communications which utilize effective composition, typography, and visual form.

Professional Practice

Students will exhibit a professional work ethic, demonstrate the ability to work collaboratively, and present themselves professionally through a well-designed portfolio and effective written and oral communication.

Design Impact and Sustainability

Students will choose sustainable methods of working that anticipate the economic, environmental, ethical, moral, spiritual and cross-cultural impact of their design.

Design Across Media Types

Students will become agile thinkers and designers across multiple mediums including print, interactive media and film.

History

BA

Hours	45 - 62 Credit Hours
MAP	Major Academic Plan

Program Requirements

The History Department requires a minimum of 24 hours of history credit to be taken in residence at BYU's Provo campus for this degree program. BYU Independent Study courses do not count toward residency. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ **REQUIREMENT 1** Complete 1 Course

Complete one of the following courses in fulfillment of the University Core First-Year Writing requirement. NOTE: Waivers based on Advanced Placement (AP) or other test scores do not apply to this requirement. Students with AP credit for Engl 115 are encouraged to take Wrtg 150 or Phil 150.

PHIL 150 - Reasoning and Writing	3.0
WRTG 150 - Writing and Rhetoric	3.0

✔ **REQUIREMENT 2** Complete 1 Course

Complete one course from the following in fulfillment of the University Core Languages of Learning requirement. If a foreign language other than those listed below is taken to fill this requirement, please see the college advisement center. NOTE: These courses, and their prerequisites, impart linguistic or quantitative skills advantageous to historical research.

AFRIK 202 - Second-Year Afrikaans	4.0
ARAB 202 - Intermediate Arabic	4.0
ASL 301 - Advanced American Sign Language and Culture	4.0
BULGN 202 - (Not currently offered)	
BULGN 330 - Cultural History of Bulgaria	3.0
CANT 202 - Second-Year Cantonese	4.0
CHIN 202 - Intermediate Mandarin	4.0
CHIN 301 - Third-Year Mandarin	4.0
CZECH 202 - (Not currently offered)	
CZECH 330 - Cultural History of Czech Republic	3.0
DANSH 202 - Second Year Danish	4.0
DANSH 340 - Danish Literature	3.0
DUTCH 202 - (Not currently offered)	
DUTCH 340 - Introduction to Dutch Literature	3.0
FINN 202 - Second Year Finnish	4.0
FINN 340 - Finnish Literature	3.0

FREN 202 - Intermediate French, Part 2	3.0
FREN 340 - Introduction to Literary Analysis	3.0
GERM 202 - Second-Year German	4.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GREEK 301 - Classical Greek Poetry: Homer's Iliad	3.0
GREEK 302 - Classical Greek Prose	3.0
GREEK 411R - Greek New Testament and Early Christian Greek Texts *You may take this course up to 1 time.*	3.0
HEB 202 - Second-Year Modern Hebrew 2	4.0
HEB 431 - (Not currently offered)	
HONRS 250 - (Not currently offered)	
HUNG 202 - (Not currently offered)	
HUNG 330 - Cultural History of Hungary	3.0
ICLND 202 - Second-Year Icelandic	4.0
ICLND 429 - Old Icelandic Language and Literature	3.0
ITAL 202 - Intermediate Italian 2	3.0
ITAL 340 - Introduction to Italian Literature	3.0
JAPAN 202 - Second-Year Japanese	4.0
JAPAN 301 - Japanese Reading and Culture	4.0
JAPAN 302 - Readings in Japanese History and Culture	4.0
KOREA 202 - Second-Year Korean 2	4.0
KOREA 301 - Third-Year Korean 1	4.0
LATIN 301 - Classical Latin Poetry	3.0
LATIN 302 - Classical Latin Prose	3.0
NORWE 202 - Second Year Norwegian	4.0
NORWE 340 - Norwegian Literature	3.0
PHIL 305 - Intermediate Formal Logic	3.0
POLSH 202 - Second-Year Polish	4.0
POLSH 330 - Cultural History of Poland	3.0
PORT 202 - Fourth-Semester Portuguese: Reading and Comprehension	4.0
PORT 315 - (Not currently offered)	
PORT 345 - Portuguese Civilization	3.0
PORT 355 - Brazilian Civilization	3.0
ROM 340 - Introduction to Romanian Literature and Culture	3.0
RUSS 202 - Second-Year Russian, Part 2	5.0
RUSS 330 - Cultural History of Russia	3.0
SPAN 205 - University Spanish 3	4.0
SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0
SRBCR 202 - (Not currently offered)	
SRBCR 330 - (Not currently offered)	
STAT 121 - Principles of Statistics	3.0
SWED 202 - Second Year Swedish	4.0
SWED 340 - Swedish Literature	3.0
UKRAI 202 - (Not currently offered)	
UKRAI 330 - Cultural History of Ukraine	3.0

✔ **REQUIREMENT 3** Complete 1 Course

NOTE: For majors, Hist 200 should be completed prior to elective courses. It must be completed no later than the sophomore year or in the first semester/term after the major is declared. Hist 200 and 490 combined satisfy the University Core Advanced Written and Oral Communications requirement.

HIST 200 - The Historian's Craft	3.0

✔ **REQUIREMENT 4** Complete 2 Options

Core Courses:

✔ **OPTION 4.1** Complete 4 Courses

NOTE: University Core Civilization courses (201/202) offered by other departments are not equivalent.

HIST 201 - World Civilization to 1500	3.0
HIST 202 - World Civilization from 1500	3.0
HIST 220 - The United States Through 1877	3.0
HIST 221 - The United States Since 1877	3.0

✔ **OPTION 4.2**
Hist 220 and 221 must be completed as college/university courses and cannot be fulfilled with AP or other test scores. Contact your academic advisement center with questions.

✔ **REQUIREMENT 5** Complete 21.0 hours from the following Courses

Complete seven electives (21 total hours) from the approved list. Seek faculty advice in choosing electives. Students must not present all their preparation in a single region. Complete three electives (9 hours) by taking at least one course in three of the following areas of study: Asia, Europe, Latin America, Near East, United States, Africa, or the world. (Course regions are identified on the approved list.) Majors are urged to focus their remaining four electives on a single theme, region, or period. NOTE: No more than 6 combined hours of 199R, 495R, and 498R will count toward elective credit.

HIST 190R - Thetean Publication	2.0v
HIST 190R - Thetean Editing	2.0v
HIST 190R - Thetean Production	2.0v
HIST 199R - Academic Internship	3.0v
HIST 217 - The Family Historian's Craft	3.0
HIST 225 - In Quest of the American Character	3.0
HIST 231 - Introduction to East Asian History	3.0
HIST 232 - Introduction to the History of Christianity	3.0
HIST 238 - Ancient Near East to 330 BC	3.0
HIST 239 - Ancient Near East, 330 BC - 640 AD	3.0
HIST 240 - Middle East History to 1800	3.0
HIST 241 - Middle East History from 1800	3.0
HIST 242R - (Hist-NES 347R) Arab and Islamic Civilization	2.0v
HIST 243R - (Hist-NES 349R) Jewish Civilization	2.0v
HIST 244 - Jewish History: A.D. 70 to the Present	3.0
HIST 247 - (Hist-ClCv 304) Greek History	3.0
HIST 248 - (Hist-ClCv 307) Roman History	3.0
HIST 250 - Europe 1500 to the Present	3.0
HIST 251 - Conquest and Colonization of Latin America	3.0
HIST 252 - Modern Latin America	3.0
HIST 261 - Modern Africa	3.0
HIST 280 - Northern US Family, Local, and Social History Research Since 1790	3.0
HIST 281 - Southern US Family, Local, and Social History Research Since 1790	3.0
HIST 282 - Colonial US Family, Local and Social History Research	3.0

HIST 497R - Honors Readings	3.0v
HIST 498R - Directed Readings	3.0v

✔ **REQUIREMENT 6** Complete 1 Course

Capstone course:

HIST 490 - Capstone Research Seminar	3.0

✔ **RECOMMENDED** Complete 1 Course

Majors are strongly encouraged to minor in a field that further enhances their preparation for employment or graduate school. Consult with faculty.

REL C 261 - Introduction to Family History (Genealogy)	2.0

Program Outcomes

Historical Knowledge

Gain a historical consciousness by demonstrating a knowledge of major developments in American and world history and understand key historical terms and theories. (For course-specific application of this learning outcome, please see:

History Course Learning Outcomes

Historical Analysis

Acquire the ability to analyze historical questions and issues clearly, assess historical information accurately, and distinguish between questionable and valid historical assertions. (For course-specific application of this learning outcome, please see:

History Course Learning Outcomes

Effective Historical Research

Demonstrate proficiency in using the historical method of research effectively by skillfully and honestly using primary and secondary sources. (For course-specific application of this learning outcome, please see:

History Course Learning Outcomes

Data Integration and Effective Communication

Skillfully integrate data into a coherent argument expressed through a clear, well-written style and through oral communication. (For course-specific application of this learning outcome, please see:

History Course Learning Outcomes

History Teaching

BA

Hours	67 - 84 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

The History Department requires a minimum of 18 hours of history credit to be taken in residency at BYU's Provo campus for this degree program. BYU Independent Study courses do not count toward residency. These hours may also go toward BYU's 30-hour residency requirement for graduation.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

✔ REQUIREMENT 1 Complete 1 Course

Complete one of the following courses in fulfillment of the University Core First-Year Writing requirement. NOTE: Waivers based on Advanced Placement (AP) or other test scores do not apply to this requirement. Students with AP credit for Engl 115 should take Wrtg 150 or Phil 150.

PHIL 150 - Reasoning and Writing	3.0
WRTG 150 - Writing and Rhetoric	3.0

✔ REQUIREMENT 2 Complete 1 Course

Complete one course from the following in fulfillment of the University Core Languages of Learning requirement. If a foreign language other than those listed below is taken to fill this requirement, please see the college advisement center. NOTE: These courses, and their prerequisites, impart linguistic or quantitative skills advantageous to historical research.

AFRIK 202 - Second-Year Afrikaans	4.0
ARAB 202 - Intermediate Arabic	4.0
ASL 301 - Advanced American Sign Language and Culture	4.0
BULGN 202 - (Not currently offered)	
BULGN 330 - Cultural History of Bulgaria	3.0

CANT 202 - Second-Year Cantonese	4.0
CHIN 202 - Intermediate Mandarin	4.0
CHIN 301 - Third-Year Mandarin	4.0
CZECH 202 - (Not currently offered)	
CZECH 330 - Cultural History of Czech Republic	3.0
DANSH 202 - Second Year Danish	4.0
DANSH 340 - Danish Literature	3.0
DUTCH 202 - (Not currently offered)	
DUTCH 340 - Introduction to Dutch Literature	3.0
FINN 202 - Second Year Finnish	4.0
FINN 340 - Finnish Literature	3.0

FREN 340 - Introduction to Literary Analysis	3.0
GERM 202 - Second-Year German	4.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GREEK 301 - Classical Greek Poetry: Homer's Iliad	3.0
GREEK 302 - Classical Greek Prose	3.0
GREEK 411R - Greek New Testament and Early Christian Greek Texts *You may take this course up to 1 time.*	3.0
HEB 202 - Second-Year Modern Hebrew 2	4.0
HEB 431 - (Not currently offered)	
HONRS 250 - (Not currently offered)	
HUNG 202 - (Not currently offered)	
HUNG 330 - Cultural History of Hungary	3.0
ICLND 202 - Second-Year Icelandic	4.0
ICLND 429 - Old Icelandic Language and Literature	3.0
ITAL 202 - Intermediate Italian 2	3.0
ITAL 340 - Introduction to Italian Literature	3.0
JAPAN 202 - Second-Year Japanese	4.0
JAPAN 301 - Japanese Reading and Culture	4.0
JAPAN 302 - Readings in Japanese History and Culture	4.0
KOREA 202 - Second-Year Korean 2	4.0
KOREA 301 - Third-Year Korean 1	4.0
LATIN 301 - Classical Latin Poetry	3.0
LATIN 302 - Classical Latin Prose	3.0
NORWE 202 - Second Year Norwegian	4.0
NORWE 340 - Norwegian Literature	3.0
PHIL 305 - Intermediate Formal Logic	3.0
POLSH 202 - Second-Year Polish	4.0
POLSH 330 - Cultural History of Poland	3.0
PORT 202 - Fourth-Semester Portuguese: Reading and Comprehension	4.0
PORT 315 - (Not currently offered)	
PORT 345 - Portuguese Civilization	3.0
PORT 355 - Brazilian Civilization	3.0
ROM 340 - Introduction to Romanian Literature and Culture	3.0
RUSS 202 - Second-Year Russian, Part 2	5.0
RUSS 330 - Cultural History of Russia	3.0
SPAN 205 - University Spanish 3	4.0
SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0
SRBCR 202 - (Not currently offered)	
SRBCR 330 - (Not currently offered)	
STAT 121 - Principles of Statistics	3.0

SWED 202 - Second Year Swedish	4.0
SWED 340 - Swedish Literature	3.0
UKRAI 202 - (Not currently offered)	
UKRAI 330 - Cultural History of Ukraine	3.0

✔ REQUIREMENT 3 Complete 1 Course

NOTE: For majors, Hist 200 should be taken prior to elective courses. It must be completed no later than the sophomore year or in the first semester/term after the major is declared. Hist 200 and 490 combined satisfy the University Core Advanced Written and Oral Communications requirement.

HIST 200 - The Historian's Craft	3.0

✔ REQUIREMENT 4 Complete 2 Options

✔ OPTION 4.1 Complete 4 Courses

NOTE: University Core Civilization courses (201/202) offered by other departments are not equivalent.

HIST 201 - World Civilization to 1500	3.0
HIST 202 - World Civilization from 1500	3.0
HIST 220 - The United States Through 1877	3.0
HIST 221 - The United States Since 1877	3.0

✔ OPTION 4.2

Hist 220 and 221 must be completed as college/university courses and cannot be fulfilled with AP or other test scores. Contact your academic advisement center with questions.

✔ REQUIREMENT 5 Complete 1 Course

HIST 364 - Utah	3.0

✔ REQUIREMENT 6 Complete 12.0 hours from the following Courses

Complete 4 electives (12 total hours) from the approved list. Seek faculty advice in choosing electives. Students must not present all their preparation in a single region. Complete no more than 2 electives (6 hours) in each of the following regions: Asia, Europe, Latin America, Near East, United States, Africa, or World. (Course regions are identified on the approved list.) NOTE: No more than 6 combined hours of 199R, 495R, and 498R will count toward elective credit.

HIST 190R - Thetean Publication	2.0v
HIST 190R - Thetean Editing	2.0v

HIST 498R - Directed Readings	3.0v

✔ **REQUIREMENT 7** Complete 1 Course

Capstone course:

HIST 490 - Capstone Research Seminar	3.0

A teaching minor is strongly recommended.

✔ **REQUIREMENT 8** Complete 2 Options

Contact the Education Advisement Center, 120 MCKB, 422-8798, to schedule the final interview to clear the licensing component of your secondary teaching major. You should be registered for your last semester at BYU prior to the scheduled appointment.

NOTE: FBI fingerprint and background clearance MUST be completed PRIOR to enrolling in Sc Ed 276R.

✔ **OPTION 8.1** Complete 7 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
HIST 477 - History and Social Science Teaching Methods and Instruction	3.0
HIST 478 - Practicum in Secondary Education	1.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 276R - Exploration of Teaching	4.0v
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 8.2** Complete 12.0 hours from the following Courses

SC ED 476R - Secondary Student-Teaching *You may take up to 12 credit hours.*	12.0v
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Program Outcomes

Subject Matter

Candidates can identifythe core concepts, tools of inquiry, and standards associated with the history curricula taught in secondary classrooms and can create learning experiences that make these concepts meaningful for students.

Learner and Learning

Candidates can articulate how young people learn and develop, acknowledging individual and cultural differences, in order to create environments that motivate collaborative learning.

Instructional Strategies

Candidates use a variety of instructional strategies to encourage students? development of critical thinking, problem solving, and performance skills, and use assessments to inform instruction.

Professional Development

Candidates continually reflect on and evaluate their teaching practices, actively seek opportunities to grow professionally, engage in ethical behavior, and collaborate with stakeholders (students, parents, and other professionals in the learning community).

INTASC Core Standards

Demonstrate basic competency in the INTASC Core Standards (Interstate New Teacher Assessment and Support Consortium) as specified by The Council of Chief State School Officers

andas established by the Department of Education of the State of Utah.

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

The History Department requires a minimum of 6 hours of history credit to be taken in residency at BYU's Provo campus for this minor program. BYU Independent Study courses do not count toward residency. These hours may also go toward BYU's 30-hour residency requirement for graduation.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

✔ REQUIREMENT 1 Complete 5 Courses

Core courses. NOTE: Minors must complete all core courses in history at the college level. University Core Civilization courses (201/202) offered by other departments are not equivalent. Advanced Placement U.S. history courses are not equivalent.

HIST 201 - World Civilization to 1500	3.0
HIST 202 - World Civilization from 1500	3.0
HIST 220 - The United States Through 1877	3.0
HIST 221 - The United States Since 1877	3.0
HIST 364 - Utah	3.0

✔ REQUIREMENT 2

Hist 220 and 221 must be completed as college/university courses and cannot be fulfilled with AP or other test scores. Contact your academic advisement center with questions.

✔ REQUIREMENT 3 Complete 6.0 hours from the following Courses

Elective courses:

HIST 190R - Thetean Publication	2.0v
HIST 190R - Thetean Editing	2.0v

HIST 190R - Thetean Production	2.0v
HIST 199R - Academic Internship	3.0v
HIST 200 - The Historian's Craft	3.0
HIST 201 - World Civilization to 1500	3.0
HIST 201 - Honors World Civilization to 1500	3.0
HIST 202 - World Civilization from 1500	3.0
HIST 202 - Honors World Civilization from 1500	3.0
HIST 217 - The Family Historian's Craft	3.0
HIST 220 - The United States Through 1877	3.0
HIST 221 - The United States Since 1877	3.0
HIST 225 - In Quest of the American Character	3.0
HIST 231 - Introduction to East Asian History	3.0
HIST 232 - Introduction to the History of Christianity	3.0
HIST 238 - Ancient Near East to 330 BC	3.0
HIST 239 - Ancient Near East, 330 BC - 640 AD	3.0
HIST 240 - Middle East History to 1800	3.0
HIST 241 - Middle East History from 1800	3.0
HIST 242R - (Hist-NES 347R) Arab and Islamic Civilization	2.0v
HIST 243R - (Hist-NES 349R) Jewish Civilization	2.0v
HIST 244 - Jewish History: A.D. 70 to the Present	3.0
HIST 247 - (Hist-ClCv 304) Greek History	3.0
HIST 248 - (Hist-ClCv 307) Roman History	3.0
HIST 250 - Europe 1500 to the Present	3.0
HIST 251 - Conquest and Colonization of Latin America	3.0
HIST 252 - Modern Latin America	3.0
HIST 261 - Modern Africa	3.0
HIST 276 - Exploration of Teaching - Social Science	4.0v
HIST 280 - Northern US Family, Local, and Social History Research Since 1790	3.0
HIST 281 - Southern US Family, Local, and Social History Research Since 1790	3.0
HIST 282 - Colonial US Family, Local and Social History Research	3.0
HIST 290 - Nature and History: The Earth's Environmental Past	3.0
HIST 292 - Food and History	3.0
HIST 293 - World War II in History and Memory	3.0
HIST 294 - Eighteenth-Century Revolutions: America, France, and Haiti	3.0
HIST 295 - Latin America in the Age of Revolution, 1750-1850	3.0
HIST 300 - The Early Middle Ages	3.0
HIST 301 - The Late Middle Ages	3.0
HIST 302 - The Italian Renaissance	3.0
HIST 303 - The Reformation: Age of Turmoil	3.0
HIST 304 - The Expansion of Europe, 1400-1800	3.0
HIST 305 - The Age of Enlightenment	3.0
HIST 306 - Nineteenth-Century Europe	3.0
HIST 307 - Europe Since 1914	3.0
HIST 308 - The Mediterranean	3.0
HIST 309 - European Revolutions Since 1500	3.0
HIST 310 - European Economic History	3.0
HIST 311 - The History of Film, Radio, and Television	3.0
HIST 312 - History of Ideas	3.0
HIST 313 - Strategy in Peace and War	3.0
HIST 314 - European Fascisms, 1914 to Present	3.0
HIST 315 - European Jews and the Holocaust	3.0
HIST 317 - The Family and the Law in American History	3.0
HIST 318 - European Women's History	3.0
HIST 319 - The Family in Europe	3.0

HIST 320 - Society in Europe	3.0
HIST 322 - Pre-Modern Britain	3.0
HIST 323 - Modern Britain	3.0
HIST 324 - France	3.0
HIST 325 - Spain	3.0
HIST 326 - The History of Mexico	3.0
HIST 327 - Italy in the Modern World Since 1848	3.0
HIST 328 - Modern Germany	3.0
HIST 330 - Tsarist Russia	3.0
HIST 331 - Soviet Union and Post-Soviet Russia	3.0
HIST 332 - Scandinavian History	3.0
HIST 334 - History of Ancient Iraq	3.0
HIST 335 - Crusades	3.0
HIST 336 - South African Liberation Movements	3.0
HIST 337 - Pre-modern Korea	3.0
HIST 338 - Modern Korea	3.0
HIST 339 - African Social Change	3.0
HIST 340 - Traditional China	3.0
HIST 341 - China Since 1200	3.0
HIST 343 - Early Japan	3.0
HIST 344 - Modern Japan	3.0
HIST 347 - Chinese Cultural History	3.0
HIST 348 - Modern South East Asia	3.0
HIST 349 - History of Asian Religions and Thought	3.0
HIST 350 - British Family, Local and Social History Research	3.0
HIST 351 - Germanic Family, Local, and Social History Research	3.0
HIST 352 - Scandinavian Family, Local, and Social History Research	3.0
HIST 353 - Southern European and Latin American Family, Local, and Social History Research	3.0
HIST 354 - Slavic Family, Local, and Social History Research	3.0
HIST 355 - History of Argentina	3.0
HIST 356 - Brazil	3.0
HIST 357 - The Indian in Latin American History	3.0
HIST 358 - Gender and History in Latin America	3.0
HIST 359 - Inter-American Relations	3.0
HIST 360 - American West to 1900	3.0
HIST 361 - The American West Since 1900	3.0
HIST 362 - France and the Atlantic World to 1804	3.0
HIST 363 - The Spanish Frontier in North America	3.0
HIST 364 - Utah	3.0
HIST 365 - American South	3.0
HIST 366 - Slavery and the Slave Trade in Africa and the Atlantic World	3.0
HIST 367 - Slavery in the United States	3.0
HIST 368 - Sport, Society, and American Culture	3.0
HIST 369 - Travel and Tourism in America	3.0
HIST 370 - Colonial America	3.0
HIST 371 - Revolutionary America	3.0
HIST 373 - Civil War Era, 1848-1877	3.0
HIST 374 - U.S. History from 1890 to 1945	3.0
HIST 375 - Joseph Smith in Mormon History and Historiography	3.0
HIST 376 - U.S. History from 1945 to 2000	3.0
HIST 378 - History of American Families	3.0
HIST 379 - U.S. Religious History to 1860	3.0
HIST 380 - U.S. Religious History Since 1860	3.0
HIST 382 - Mormonism in the American Experience	3.0

HIST 383 - African-American History, 1865 to Present	3.0
HIST 384 - United States Women's History	3.0
HIST 385 - Latinos in the United States	3.0

Humanities

Minor

Hours 18 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 4 Courses

IHUM 201 - Western Humanities 1: Antiquity to Renaissance	3.0
IHUM 202 - Western Humanities 2: Renaissance to the Present	3.0
IHUM 250 - Introduction to Interdisciplinary Humanities	3.0
IHUM 350 - Interpretation of Literature and the Arts	3.0

REQUIREMENT 2 Complete 1 Course

IHUM 240 - Introduction to the Humanities of Asia	3.0
IHUM 242 - Introduction to the Humanities of the Islamic World	3.0
IHUM 260 - Humanities of Latin America	3.0
IHUM 261 - Introduction to American Humanities 1: Colonial Era Through 1876	3.0
IHUM 262 - Introduction to American Humanities 2: 1877 to the Present	3.0

REQUIREMENT 3 Complete 1 Course

IHUM 490R - Seminar in the Humanities *You may take this course up to 1 time.*	3.0

REQUIREMENT 4 Complete 1 Option

GE Advanced Languages requirement:

Complete the GE Advanced Languages requirement using the foreign language option. (Please note that ASL does not meet this requirement for the humanities minor. For the rationale, see the undergraduate catalog, item 5 under the humanities major.)

OPTION 4.1 Complete 1 Course

AFRIK 202 - Second-Year Afrikaans	4.0
ARAB 202 - Intermediate Arabic	4.0
BULGN 330 - Cultural History of Bulgaria	3.0
CANT 202 - Second-Year Cantonese	4.0
CHIN 202 - Intermediate Mandarin	4.0
CHIN 301 - Third-Year Mandarin	4.0
CZECH 330 - Cultural History of Czech Republic	3.0

DANSH 202 - Second Year Danish	4.0
DANSH 340 - Danish Literature	3.0
DUTCH 340 - Introduction to Dutch Literature	3.0
FINN 202 - Second Year Finnish	4.0
FINN 340 - Finnish Literature	3.0
FREN 202 - Intermediate French, Part 2	3.0
FREN 340 - Introduction to Literary Analysis	3.0
GERM 202 - Second-Year German	4.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GREEK 301 - Classical Greek Poetry: Homer's Iliad	3.0
GREEK 302 - Classical Greek Prose	3.0

BFA

Hours	72 Credit Hours
LEP	Limited Enrollment Program of 120 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 4 Courses

Core requirements:

DES 111 - Design Seminar: Theory, Criticism, and Visual Culture	1.0
DES 114 - Drawing	3.0
DES 115 - Composition	3.0
DESIL 131 - Figure Drawing for Illustrators	3.0

Obtain acceptance into the BA program: Illustration emphasis.

✔ REQUIREMENT 2 Complete 4 Courses

DESGD 243 - Typography 1	3.0
DESIL 210 - Introduction to Digital Illustration	2.0
DESIL 250 - Intermediate Life Drawing	3.0
DESIL 251 - Illustration 1	3.0

✔ REQUIREMENT 3 Complete 3 Courses

History requirements:

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0
DES 385 - Issues in Contemporary Design	3.0

✔ REQUIREMENT 4 Complete 1 Course

DESIL 355 - History of American Illustration 1 (1860-1930)	3.0
DESIL 356 - History of American Illustration 2 (1930-Present)	3.0

Obtain acceptance into the BFA program on the Illustration or Concept Design track.

✔ REQUIREMENT 5 Complete 7 Courses

DESIL 310 - Intermediate Digital Illustration	3.0
DESIL 350R - Advanced Life Drawing	3.0
DESIL 351 - Illustration 2	3.0

DESIL 353 - Narrative Illustration	3.0
DESIL 394R - Special Topics	3.0
DESIL 453 - Illustration 4	3.0
DESIL 488 - Professional Practices for Illustrators	2.0

✔ REQUIREMENT 6 Complete 1 Option

Complete one of the following groups, depending on your track:

✔ OPTION 6.1 Complete 3 Courses

Illustration Track:

DESIL 352 - Illustration 3	3.0
DESIL 451 - Senior Illustration Studio 1	3.0
DESIL 452 - Senior Illustration Studio 2	3.0

✔ OPTION 6.2 Complete 3 Courses

Concept Design Track:

DESIL 410 - Advanced Digital Illustration	3.0
DESIL 457 - Concept Design	3.0
DESIL 458 - Advanced Concept Design	3.0

✔ REQUIREMENT 7 Complete 4.0 hours from the following Courses

DESIL 497R - BFA Illustration Final Project *You may take this course up to 4 times.*	3.0v

✔ REQUIREMENT 8 Complete 6.0 hours from the following Courses

Supporting courses: (Courses completed as track requirements above do not double count to fulfill this requirement.)

ART 328R - Figure Painting	3.0
ART 330 - Bookbinding	3.0
ART 333 - Painting-Mixed Media	3.0
ART 356R - Figure Sculpture	3.0
DES 496R - Academic Internship: Professional Internship	6.0v
DESAN 250R - Gesture Drawing for Animators	3.0
DESAN 360R - Advanced Storyboarding	3.0
DESGD 245 - Design 1	3.0
DESIL 350R - Advanced Life Drawing	3.0
DESIL 352 - Illustration 3	3.0
DESIL 357 - Sketchbook	3.0
DESIL 358 - Character Design for Illustrators	3.0
DESIL 410 - Advanced Digital Illustration	3.0
DESIL 450R - Painting the Human Head	3.0
DESIL 452 - Senior Illustration Studio 2	3.0
DESIL 457 - Concept Design	3.0
DESIL 488 - Professional Practices for Illustrators	2.0
DESIL 494R - Special Problems in Illustration	3.0v
DESIL 498R - Directed Studies in Illustration	6.0v
DESPH 116 - Introduction to Photography and Digital Workflow	3.0
DESPH 140 - Introduction to Lighting	3.0

Program Outcomes

Illustration Development and Concept

Students will learn procedures of creating marketable illustrations; concept, rough sketches, color comps, and finished art. Emphasis will be placed on effectively communicating story concept.

Skill and Concept Mastery

Students will master life drawing based on deep observation through a proficiency in demonstrating a clear understanding of: anatomy, proportion, movement, balance, foreshortened perspective, a high degree of 3-dimensional structure through application of Chiaroscuro (soft form and hard edged cast shadows), composition, and drapery (folds).

Medium Proficiency

Students will demonstrate proficiency in at least one of the illustration mediums studied (oil, acrylics, gouache, or digital).

Symbolic Image Development and Analysis

Students will analyze and develop visual images based on conceptual (symbolic) illustration solutions.

Literal Image Development and Analysis

Students will analyze and develop visual images based on narrative (literal) illustration solutions.

Design Practice and Theory

Students will develop deep theoretical and practical understanding of design.

Uplifting Themes

Students will create work that reflects spiritually uplifting themes

Industrial Design

BFA

Hours	73 Credit Hours
LEP	Limited Enrollment Program of 40 Students. Application Website
MAP	Major Academic Plan

Program Requirements

Students can be placed on probationary status for the following: 1. Inadequate academic performance. 2. Unprofessional attitude and lack of commitment. 3. BYU Honor Code violations.

Complete all 100-level foundation courses.

Complete a portfolio and application for admission into the Professional program.

✔ REQUIREMENT 1 Complete 5 Courses

Core requirements:

ENG T 231 - Foundations of Global Leadership	3.0
INDES 130 - Visual Literacy	1.5
INDES 131 - Structured Creativity	1.5
INDES 132 - Form and Surface Development	1.5
INDES 133 - Visualization Methods	1.5

✔ REQUIREMENT 2 Complete 8 Courses

INDES 210 - Intermediate Computer Applications	3.0
INDES 214 - Tools, Materials, and Processes for Industrial Design	2.0
INDES 231 - Presentation Methods for Industrial Design 1	2.0
INDES 233 - Presentation Methods for Industrial Design 2	2.0
INDES 340 - Graphics Studies for Industrial Design 1	3.0
INDES 388 - Professional Practices of the Designer	2.0
TECH 312 - Exploration in Innovation Design Techniques	1.0
TEE 200 - Processes and Prototyping with Wood	3.0

✔ REQUIREMENT 3 Complete 1 hour from the following Courses

INDES 399R - Professional Internship *You may take up to 1 credit hour.*	3.0v

✔ REQUIREMENT 4 Complete 8.0 hours from the following Courses

INDES 230R - Second Year Studio *You may take this course up to 2 times.*	3.0

REQUIREMENT 5 Complete 2 Courses

INDES 330R - Third Year Studio *You may take this course up to 2 times.*	3.0

REQUIREMENT 6 Complete 8.0 hours from the following Courses

INDES 430R - Thesis Studio *You may take this course up to 2 times.*	4.0

REQUIREMENT 7 Complete 8.0 hours from the following Courses

Note: InDes 399R requires 3 hours. Other courses, as approved by the Program, may be taken.

INDES 399R - Professional Internship *You may take up to 3 credit hours.*	3.0v
MFG 479 - Innovation and Entrepreneurship	3.0
TEE 251 - Video Production and Nonlinear Editing	3.0
TEE 400 - Furniture Design and Advanced Woodworking Processes	3.0

REQUIREMENT 8 Complete 1 Course

Art History requirement:

INDES 339 - History of Products	3.0

REQUIREMENT 9 Complete 3 Options

Art History:

OPTION 9.1 Complete 1 Course

ARTHC 201 - World Civilization to 1500	3.0
IHUM 201 - Western Humanities 1: Antiquity to Renaissance	3.0
TECH 201 - History of Creativity and Innovation in the Arts, Science, and Technology 1	3.0

OPTION 9.2 Complete 1 Course

ARTHC 202 - World Civilization Since 1500	3.0
IHUM 202 - Western Humanities 2: Renaissance to the Present	3.0
TECH 202 - History of Creativity and Innovation in the Arts, Science, and Technology 2	3.0

OPTION 9.3 Complete 1 Course

ARTHC 350 - Modern Art	3.0
ARTHC 355 - Contemporary Art	3.0
ARTHC 365 - American Architecture	3.0
ARTHC 367 - Modern Architecture	3.0
SFL 329 - History of Interior Design and Architecture 2	3.0

REQUIREMENT 10 Complete 1 Course

ENGL 316 - Technical Communication	3.0
M COM 320 - Communication in Organizational Settings	3.0

REQUIREMENT 11

Complete department packet and exit interview.

Program Outcomes

Human Connection: Need Finding

Understand and apply principles of design research in problem finding and defining.

Human Connection: Aesthetic Principles

Articulate, critique and apply aesthetic principles to both 2D and 3D compositions.

Human Connection: Making Meaning

Understanding human wants and needs as they relate to products, services, and systems.

Structured Creativity and Design Thinking

Learn and practice creative techniques to help them be fluent and flexible in idea generation.

How Things work

Understand the basics of manufacturing processes, related materials and basic mechanical principles, devices and tools.

Communicate Ideas

Communicate ideas verbally by telling a concise, compelling and credible story.

Communicate ideas visually through the use of sketching, diagramming, and rendering.

Communicate ideas physically through the development of models, mock-ups, and prototypes.

Basic Business Practices

Understand and apply basic business practices as they relate to Industrial Design.

Design History

Discuss the foundations of modern design and identify the philosophies or methods of both historic and current designers.

Design Projects

Synthesize and apply learning outcomes in the context of a diverse range of design projects.

Leadership

Develop a personal ability to present ideas persuasively and positively influence others to support the accomplishment of a task.

Information Systems

BS

Hours	64 Credit Hours
LEP	Limited Enrollment Program of 120 Students. Application Website
MAP	Major Academic Plan

Program Requirements

No more than 12 semester hours of upper-division transfer credit will be accepted toward the major and only 6 hours beyond the pre-systems core.

Students are encouraged to enroll in courses outside the Marriott School of Management. Only 50 upper-division Marriott School hours count toward graduation.

✔ REQUIREMENT 1 Complete 1 Option

Computer Proficiency:

Demonstrate a knowledge of computer skills. Students may demonstrate spreadsheet skills with either a minimum grade of B in an equivalent transfer course or a P grade in IS 100/102 or IS 110.

✔ OPTION 1.1 Complete 1 Group

✔ GROUP 1.1.1 Complete 2 Courses

IS 100 - Computer Spreadsheet Skills	0.5
IS 102 - Business Analysis Using Spreadsheets	0.5

✔ GROUP 1.1.2 Complete 1 Course

IS 110 - Spreadsheet Skills and Business Analysis	1.0

✔ REQUIREMENT 2 Complete 4 Options

Prerequisite courses: These courses are used in determining admission to the undergraduate Information Systems program.

✔ OPTION 2.1 Complete 1 Course

ACC 200 - Principles of Accounting	3.0
ACC 201 - Principles of Financial Accounting	3.0

✔ OPTION 2.2 Complete 1 Course

BUS M 201 - Financial Management	3.0
FIN 201 - Principles of Finance	3.0

✔ **OPTION 2.3** Complete 2 Courses

BUS M 241 - Marketing Management	3.0
IS 201 - Introduction to Management Information Systems	3.0

✔ **OPTION 2.4** Complete 1 Course

C S 142 - Introduction to Computer Programming	3.0
IS 303 - Introduction to Computer Programming	3.0

Apply and be formally accepted into the program.

✔ **REQUIREMENT 3** Complete 3 Courses

Note: It is recommended that Econ 110 and M Com 320 be taken before entering the junior core, and must be completed before starting the integrated business core. Econ 110, M Com 320 AND Stat 121 must be completed before starting the first year of the MISM program.

ECON 110 - Economic Principles and Problems	3.0
M COM 320 - Communication in Organizational Settings	3.0
STAT 121 - Principles of Statistics	3.0

✔ **REQUIREMENT 4** Complete 5 Courses

Information Systems Junior Core 1 courses (taught Fall semester only):

IS 401 - Systems Analysis	3.0
IS 402 - Database Systems	3.0
IS 403 - Principles of Business Programming	3.0
IS 405 - Information Systems Project Management	3.0
IS 414 - Business Processes and Controls	3.0

✔ **REQUIREMENT 5** Complete 3 Courses

Information Systems Junior Core 2 courses (taught Winter semester only):

IS 404 - Data Communications	3.0
IS 411 - Systems Design and Implementation	3.0
IS 413 - Enterprise Application Development	3.0

✔ **REQUIREMENT 6** Complete 1 Course

Complete the following in the Fall semester immediately following the IS Core:

IS 415 - Information Systems Capstone Project	3.0

✔ **REQUIREMENT 7** Complete 3 Courses

Integrated Management Core courses:

BUS M 361 - Operations Management	3.0
BUS M 390 - Ethics for Management	3.0
ORG B 321 - Organizational Effectiveness	3.0

✔ **REQUIREMENT 8** Complete 1 Course

Complete the following after IS 401, 402, 403, 404, 411, 413, 414, 415:

BUS M 498 - Strategic Management	3.0

✔ REQUIREMENT 9

Complete Marriott School exit survey online.

✔ RECOMMENDED

ACC 241 - Business Law in the Environment	3.0
MATH 118 - Finite Mathematics	3.0

Program Outcomes

Knowledge of Information Systems and Business

Develop a broad knowledge of information systems and business concepts and techniques to be able to function as an IS professional that can bridge the gap between an organization's technical and business personnel.

Technology Infrastructure Development

Design and develop technology infrastructures and systems for use in organizational processes

Technology Infrastructure Usage

Acquire, use, maintain and manage information technology systems, resources, and services.

Writing Skills

Write effectively for different audiences, including managers, end-users, and key stakeholders of any project.

Presentation Skills

Make articulate and persuasive oral presentations to different audiences and master presentation software and hardware.

Leadership and Teamwork Skills

Work effectively with and lead others, both from technical and non-technical areas of business.

Critical Thinking and Decision Making Skills

Graduates will be able to apply critical thinking skills to solve unstructured problems and to make informed business and technical decisions in a dynamic environment.

Life-long Learning

Pursue life-long learning, including advanced degrees in areas relating to information systems and/or business.

Ethics

Develop a sense of ethical values both for practice in the business community and for work as an

information systems professional.

BS

Hours	77 Credit Hours
MAP	Major Academic Plan

Program Requirements

Students must have a minimum of 124 total hours to graduate with this major.

REQUIREMENT 1 Complete 10 Courses

C S 142 - Introduction to Computer Programming	3.0
C S 235 - Data Structures and Algorithms	3.0
C S 236 - Discrete Structures	3.0
ECON 110 - Economic Principles and Problems	3.0
ENGL 316 - Technical Communication	3.0
MATH 112 - Calculus 1	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0
TECH 312 - Exploration in Innovation Design Techniques	1.0

REQUIREMENT 2 Complete 13 Courses

IT 101 - Cornerstone: Information Technology	3.0
IT 124 - Introduction to Computer Systems	3.0
IT 210A - Fundamentals of Web-Based Information Technology	2.0
IT 210B - Fundamentals of Web-Based Information Technology	2.0
IT 252 - Computer Architecture and Organization	3.0
IT 327 - Digital Communications	4.0
IT 344 - Operating Systems	3.0
IT 347 - Computer Networks	3.0
IT 350 - Database Principles and Applications	3.0
IT 355 - Human-Computer Interaction	3.0
IT 446 - Senior Project / Capstone 1	2.0
IT 447 - Senior Projects/Capstone 2	3.0
IT 466 - Information Assurance and Security	3.0

REQUIREMENT 3 Complete 1.5 hours from the following Courses

Take the following 3 times:

IT 391R - Junior/Senior Seminar *You may take up to 2 credit hours.*	0.5

✔ **REQUIREMENT 4** Complete 1 Course

ENG T 231 - Foundations of Global Leadership	3.0

✔ **REQUIREMENT 5**

After consulting with an information technology advisor, complete 6 hours of upper-division information technology technical electives. Please add the approved technical elective courses to your ABC with a substitution/waiver form.

✔ **REQUIREMENT 6** Complete 1 Course

IT 491R - Senior Seminar *You may take this course up to 1 time.*	0.5

✔ **REQUIREMENT 7**

Complete department packet and exit interview.

Program Outcomes

Computing and Mathematics

(a) An ability to apply knowledge of computing and mathematics appropriate to the discipline

Problem Analysis

(b) An ability to analyze a problem, and identify and define the computing requirements appropriate to its solution

Computer-based Solutions

(c) An ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs

Working on Teams

(d) An ability to function effectively on teams to accomplish a common goal

Professional and Global Responsibilities

(e) An understanding of professional, ethical, legal, security and social issues and responsibilities

Effective Communication

(f) An ability to communicate effectively with a range of audiences

Local and Global Impact

(g) An ability to analyze the local and global impact of computing on individuals, organizations, and society

Professional Development

(h) Recognition of the need for and an ability to engage in continuing professional development

Computing Practice

(i) An ability to use current techniques, skills, and tools necessary for computing practice

Technical Concepts and Practices

(j) An ability to use and apply current technical concepts and practices in the core information technologies

User Needs

(k) An ability to identify and analyze user needs and take them into account in the selection, creation, evaluation and administration of computer-based systems.

Integrating IT-based Solutions

(l) An ability to effectively integrate IT-based solutions into the user environment.

Best Practices and Standards

(m) An understanding of best practices and standards and their application.

Project Planning

(n) An ability to assist in the creation of an effective project plan.

Information Technology

Minor

Hours 16 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 3 Courses

IT 101 - Cornerstone: Information Technology	3.0
IT 210A - Fundamentals of Web-Based Information Technology	2.0
IT 210B - Fundamentals of Web-Based Information Technology	2.0

REQUIREMENT 2 Complete 3 Courses

Complete three courses from the following to complete the 16 hours required for the minor.

IT 252 - Computer Architecture and Organization	3.0
IT 327 - Digital Communications	4.0
IT 344 - Operating Systems	3.0
IT 347 - Computer Networks	3.0
IT 350 - Database Principles and Applications	3.0
IT 355 - Human-Computer Interaction	3.0
IT 410 - Advanced Web Technologies	3.0
IT 441 - Embedded Computer Systems	3.0
IT 466 - Information Assurance and Security	3.0

Note: Some of the above courses also have prerequisites, which the student must either take or satisfy in another manner. The main prerequisite is experience using a programming language, preferably C, C++, or Java (see C S 142).

Program Outcomes

Please contact the individual department for outcome information.

Interdisciplinary Humanities

BA

Hours	56 - 87 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 3 Courses

HCOLL 110 - Introduction to the College of Humanities	2.0v
IHUM 250 - Introduction to Interdisciplinary Humanities	3.0
IHUM 280R - Sophomore Seminar in Interdisciplinary Humanities	3.0

REQUIREMENT 2 Complete 2 Courses

IHUM 201 - Western Humanities 1: Antiquity to Renaissance	3.0
IHUM 202 - Western Humanities 2: Renaissance to the Present	3.0

REQUIREMENT 3 Complete 1 Course

CL CV 110 - Introduction to Greek and Roman Literature	3.0
CL CV 241 - Greek and Roman Mythology	3.0

REQUIREMENT 4 Complete 1 Course

IHUM 240 - Introduction to the Humanities of Asia	3.0
IHUM 242 - Introduction to the Humanities of the Islamic World	3.0

REQUIREMENT 5 Complete 2 Courses

IHUM 260 - Humanities of Latin America	3.0
IHUM 261 - Introduction to American Humanities 1: Colonial Era Through 1876	3.0
IHUM 262 - Introduction to American Humanities 2: 1877 to the Present	3.0

REQUIREMENT 6

Complete one upper-division foreign language course in literature selected from the approved course list available in the College of Humanities Advisement Center.

Complete IHum 311: Advanced Writing in Comparative Arts and Humanities or another GE-approved Advanced Written and Oral Communication course.

REQUIREMENT 7 Complete 2 Courses

IHUM 350 - Interpretation of Literature and the Arts	3.0
IHUM 370 - Contemporary Issues in the Humanities	3.0

✔ REQUIREMENT 8 Complete 1 Course

IHUM 390R - Junior Seminar in the Interdisciplinary Humanities: Movements, Periods, and Areas	3.0

✔ REQUIREMENT 9 Complete 1 Course

Work with the IHum internship coordinator and a mentoring professor to complete one to three credit hours of the following or its equivalent:

IHUM 399R - Academic Internship	9.0v

✔ REQUIREMENT 10 Complete 1 Option

Complete 12 hours in one of the following tracks as approved by a faculty advisor. At least 6 of the 12 hours must be from upper division courses.

✔ OPTION 10.1 Complete 12.0 hours from the following Courses

A. Art History Track:

ARTED 397 - Issues in Contemporary Art, Aesthetics, and Criticism	3.0
ARTHC 304 - Greek Art	3.0
ARTHC 306 - Roman Art	3.0
ARTHC 310 - Early Christian and Byzantine Art	3.0
ARTHC 320 - Italian Renaissance	3.0
ARTHC 325 - Northern Renaissance Art	3.0
ARTHC 330 - Southern Baroque Art	3.0
ARTHC 335 - Northern Baroque Art	3.0
ARTHC 340 - Nineteenth-Century European Art	3.0
ARTHC 345 - American Art	3.0
ARTHC 350 - Modern Art	3.0
ARTHC 355 - Contemporary Art	3.0
ARTHC 365 - American Architecture	3.0
ARTHC 367 - Modern Architecture	3.0
ARTHC 375 - Japanese Art and Architecture	3.0
ARTHC 380 - Northern Mesoamerican Art	3.0
ARTHC 382 - Southern Mesoamerican Art	3.0
ARTHC 490R - Special Topics and Readings in Art History	6.0v

✔ OPTION 10.2 Complete 12.0 hours from the following Courses

B. English Track:

ELANG 324 - History of the English Language	3.0
ENGL 291 - British Literary History 1	3.0
ENGL 292 - British Literary History 2	3.0
ENGL 293 - American Literary History	3.0
ENGL 300R - English Literature in a Cultural Setting	6.0v
ENGL 322 - Fundamentals of Rhetoric	3.0
ENGL 333 - The English Novel	3.0
ENGL 336 - The American Novel	3.0
ENGL 337R - Advanced Studies in Genre	3.0
ENGL 338 - Literary Studies of the Bible	3.0
ENGL 341 - English Drama: Beginnings to 1800, Excluding Shakespeare	3.0
ENGL 343 - Modern English and American Drama	3.0
ENGL 345 - Literature and Film	3.0

ENGL 355 - (Engl-CICv) Greek and Roman Classics and the English Tradition	3.0
ENGL 356 - Myth, Legend, and Folktales	3.0
ENGL 358R - Ethnic Literatures	3.0
ENGL 359 - The Short Story	3.0
ENGL 360 - American Literature to 1800	3.0
ENGL 361 - American Literature 1800 - 1865	3.0
ENGL 362 - American Literature 1865 - 1914	3.0
ENGL 363 - American Literature 1914 - 1960	3.0
AM ST 300 - Literature and Cultures of the American West	3.0
ENGL 365 - American Literature 1960 to Present	3.0
ENGL 366 - Studies in Poetry	3.0
ENGL 368 - Literature of the Latter-day Saints	3.0
ENGL 371 - British Literature to 1500: The Medieval Period	3.0

ENGL 373 - British Literature 1660 - 1789: The Enlightenment	3.0
ENGL 374 - British Literature 1789 - 1832: The Romantic Period	3.0
ENGL 375 - British Literature 1832-1900: The Victorian Period	3.0
ENGL 376 - British Literature 1900 - 1950: The Modern Period	3.0
ENGL 380 - British Literature 1950 - Present: The Contemporary Period	3.0
ENGL 381 - Chaucer	3.0
ENGL 382 - Shakespeare	3.0
ENGL 383 - Milton	3.0
ENGL 384R - Major Authors	3.0
ENGL 385 - British Literature 1603 - 1660: The Late Renaissance	3.0
ENGL 391 - Introduction to Folklore	3.0
ENGL 392 - American Folklore	3.0
ENGL 393R - Studies in Folklore	3.0
ENGL 395R - Studies in Literature	3.0
ENGL 396 - Studies in Women's Literature	3.0
ENGL 420 - Literature for Adolescents	3.0
ENGL 451 - Literary Theory and Criticism 1: The Critical Tradition	3.0
ENGL 452 - Literary Theory and Criticism 2: Contemporary Criticism	3.0

✔ **OPTION 10.3** Complete 12.0 hours from the following Courses

C. Environmental Humanities Track:

ANTHR 300 - Biological Anthropology	3.0
BIO 130 - Biology	4.0
BIO 220 - Biological Diversity: Animals	4.0
BIO 230 - Biological Diversity: Plants	4.0
BIO 347 - (Not currently offered)	
BIO 350 - Ecology	3.0
BIO 370 - Bioethics	2.0
ENGL 317R - Writing Creative Nonfiction	3.0
AM ST 300 - Literature and Cultures of the American West	3.0
HIST 290 - Nature and History: The Earth's Environmental Past	3.0
PWS 100 - Plants in the Environment	3.0
PWS 101 - Cultural History of Medicinal Plants	3.0

✔ **OPTION 10.4**

D. Foreign Literature Track: Course work for the Foreign Literature track must consist of upper-division courses from foreign language departments, chosen in consultation with the track's faculty advisor.

✔ **OPTION 10.5** Complete 12.0 hours from the following Courses

E. History Track:

HIST 231 - Introduction to East Asian History	3.0
HIST 238 - Ancient Near East to 330 BC	3.0
HIST 239 - Ancient Near East, 330 BC - 640 AD	3.0
HIST 240 - Middle East History to 1800	3.0
HIST 241 - Middle East History from 1800	3.0
NES 347R - (NES-Hist 242R) Arab and Islamic Civilization	2.0v
NES 349R - (NES-Hist 243R) Jewish Civilization	2.0v
HIST 244 - Jewish History: A.D. 70 to the Present	3.0
HIST 247 - (Hist-ClCv 304) Greek History	3.0
HIST 248 - (Hist-ClCv 307) Roman History	3.0
HIST 251 - Conquest and Colonization of Latin America	3.0
HIST 252 - Modern Latin America	3.0
HIST 290 - Nature and History: The Earth's Environmental Past	3.0
HIST 291 - (Not currently offered)	
HIST 292 - Food and History	3.0
HIST 293 - World War II in History and Memory	3.0
HIST 300 - The Early Middle Ages	3.0
HIST 301 - The Late Middle Ages	3.0
HIST 302 - The Italian Renaissance	3.0

HIST 367 - Slavery in the United States	3.0
HIST 368 - Sport, Society, and American Culture	3.0
HIST 370 - Colonial America	3.0
HIST 371 - Revolutionary America	3.0
HIST 373 - Civil War Era, 1848-1877	3.0
HIST 374 - U.S. History from 1890 to 1945	3.0
HIST 376 - U.S. History from 1945 to 2000	3.0
HIST 378 - History of American Families	3.0
HIST 379 - U.S. Religious History to 1860	3.0
HIST 380 - U.S. Religious History Since 1860	3.0
HIST 382 - Mormonism in the American Experience	3.0
HIST 384 - United States Women's History	3.0
HIST 385 - Latinos in the United States	3.0
HIST 386 - Nineteenth-Century American Indian History	3.0
HIST 387 - Twentieth-Century American Indian History	3.0
HIST 388 - Indians in Colonial America	3.0
HIST 390R - Special Topics in History	3.0v
HIST 391 - U.S. in Vietnam, 1945-1975	3.0
HIST 392 - U.S. Constitutional History	3.0
HIST 393 - U.S. Foreign Relations	3.0

✔ **OPTION 10.6** Complete 12.0 hours from the following Groups

F. Media Arts (Film) Track:

✔ **GROUP 10.6.1** Complete up to 12.0 hours from the following Courses

ICS 490R - (Not currently offered)	
IHUM 390R - Junior Seminar in the Interdisciplinary Humanities: Movements, Periods, and Areas	3.0
TMA 477R - Issues in Media Arts	3.0
TMA 492R - Media Arts Genres	3.0
TMA 494 - Transcendence: Religion and Film	3.0
TMA 497 - Media as a Mirror of Our Times	3.0
TMA 498R - Special Topics in Media Arts	3.0

✔ **GROUP 10.6.2** Complete up to 3.0 hours from the following Courses

A maximum of one course from the following may be substituted for one of the TMA approved courses above:

CMLIT 450R - Studies in Literary Relations	3.0
ENGL 345 - Literature and Film	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
RUSS 343 - Masterpieces of Russian Film	3.0
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
SPAN 438 - Hispanic Cinema	3.0

✔ **OPTION 10.7** Complete 12.0 hours from the following Courses

G. Philosophy Track:

PHIL 110 - Introduction to Philosophy	3.0
PHIL 210 - Science and Civilization 1	3.0
PHIL 211 - Science and Civilization 2	3.0
PHIL 213 - Introduction to Ethics	3.0
PHIL 214 - Introduction to the Philosophy of Art	3.0
PHIL 215 - Introduction to the Philosophy of Religion	3.0
PHIL 320R - Studies in Ancient Philosophy	3.0
PHIL 330R - Studies in Medieval Philosophy	3.0
PHIL 340R - Studies in Modern Philosophy	3.0
PHIL 350R - Studies in Contemporary Philosophy	3.0
PHIL 413R - Topics in Ethics	3.0
PHIL 414R - Topics in the Advanced Philosophy of Art, Architecture, Music, and Film	3.0
PHIL 415 - Philosophy of Religion	3.0
PHIL 416 - Philosophy of Law	3.0
PHIL 420 - Philosophy of Language	3.0
PHIL 421 - Metaphysics	3.0
PHIL 422 - Epistemology	3.0
PHIL 423R - History and Philosophy of Science	3.0

✔ **OPTION 10.8** Complete 2 Groups

H. Theatre Track:

✔ **GROUP 10.8.1** Complete 9.0 hours from the following Courses

TMA 301 - Contemporary Performance Practices	2.0
TMA 377C - Theatre Methods and Instruction: Applied Theatre	2.0
TMA 380 - Dramaturgy 1	3.0
TMA 395 - Dramatic Literature 1	3.0
TMA 396 - Dramatic Literature 2	3.0
TMA 443R - Writer/Dramaturg/Actor Workshop	3.0
TMA 485R - Production Dramaturgy	3.0v

✔ **GROUP 10.8.2** Complete 3.0 hours from the following Courses

DANCE 359R - Special Topics and Issues	2.0
ENGL 341 - English Drama: Beginnings to 1800, Excluding Shakespeare	3.0
ENGL 343 - Modern English and American Drama	3.0
GREEK 434 - Sophocles and Euripides	3.0
JAPAN 351 - Japanese Literature in Translation--Seventeenth Through Nineteenth Centuries	3.0
SPAN 456R - Spanish American Drama	3.0

✔ **REQUIREMENT 11** Complete 6.0 hours from the following Courses

Complete six hours of the following capstone course (take twice):

IHUM 490R - Seminar in the Humanities	3.0
IHUM 490R - Seminar in the Humanities	3.0

Program Outcomes

Cultural and Intellectual History

Demonstrate broad interdisciplinary knowledge of cultural and intellectual history, including proficiency in a foreign language.

Proficiency in Interdisciplinary Approaches to the Humanitie

Demonstrate proficiency in interdisciplinary approaches to the humanistic tradition as well as concentrated coursework in a chosen track.

Critical Thinking, Research, and Writing Skills

Demonstrate the skills of humanistic study, i.e. analyze, think critically and write clearly and persuasively.

Post-baccalaureate Preparation, Lifelong Learning, and Servi

Prepare for career or post-baccalaureate education through additional concentrated coursework specifically related to individual educational and career goals.

International Cinema Studies

Minor

Hours 16 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 1 Course

Note: Will not double count with requirement 2 below.

CHIN 342 - Chinese Film in Translation	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
PHIL 214 - Introduction to the Philosophy of Art	3.0
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
SPAN 438 - Hispanic Cinema	3.0
TMA 102 - Introduction to Film	3.0

REQUIREMENT 2 Complete 1 Course

Complete one of the following courses from a department different from the course taken in requirement 1 above:

AM ST 360 - Film in American Culture	3.0
CHIN 342 - Chinese Film in Translation	3.0
CL CV 261 - Greek and Roman Civilization and Literature in Film	3.0
CMLIT 310 - Introduction to Literary Analysis and Comparative Literature	3.0
ENGL 345 - Literature and Film	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
PHIL 214 - Introduction to the Philosophy of Art	3.0
PORT 438 - Luso-Brazilian Cinema	3.0
PORT 449R - Special Topics in Portuguese Literature	3.0
RUSS 343 - Masterpieces of Russian Film	3.0
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
SPAN 438 - Hispanic Cinema	3.0
TMA 291 - Media Arts History 1	3.0
TMA 292 - Media Arts History 2	3.0
TMA 293 - History of Documentary and Nonfiction Film	3.0
TMA 294 - History of Animation	3.0
TMA 295 - History of the Moving Image	3.0

✔ REQUIREMENT 3 Complete 3.0 hours from the following Courses

Complete three credit hours total of the following: (Note: The two registrations must be completed during two separate semesters/terms.)

HCOLL 290R - International Cinema	1.5
HCOLL 290R - International Cinema	1.5

✔ REQUIREMENT 4 Complete 1 Course

IHUM 390R - Junior Seminar in the Interdisciplinary Humanities: Movements, Periods, and Areas	3.0

Note: Not all sections of IHum 390R dealing with cinema or media studies will fulfill this requirement. To meet the requirement, students must take the designed section focused on cinema and media studies theory. This course is offered at least once per year and provides a crucial shared experience for students in the minor.

✔ REQUIREMENT 5 Complete 1 Course

Note: Some sections of the following courses are not focused on cinema studies topics and do not qualify for the minor. The chosen course must be at least 3.0 credit hours, have a significant focus on cinema studies, involve a significant research project on cinema studies, and be approved in advance by the International Cinema minor coordinator.

ENGL 495 - The Senior Course	3.0
FREN 453R - Studies in Genre	3.0
FREN 456R - Francophone Studies	3.0
FREN 457R - Studies in French Culture	3.0
GERM 444R - Interdisciplinary Studies	5.0v
GERM 445R - Special Topics in German Cultural Studies	5.0v
IHUM 490R - Seminar in the Humanities	3.0
PHIL 414R - Topics in the Advanced Philosophy of Art, Architecture, Music, and Film	3.0
SCAND 490R - Seminar in Scandinavian Studies	3.0v
TMA 477R - Issues in Media Arts	3.0
TMA 492R - Media Arts Genres	3.0
TMA 494 - Transcendence: Religion and Film	3.0
TMA 497 - Media as a Mirror of Our Times	3.0
TMA 498R - Special Topics in Media Arts	3.0

Any 400-level course on a cinematic topic offered by a department in the College of Humanities may be used to fulfill the above requirement. See the advisement center.

✔ REQUIREMENT 6 Complete 1 Course

Program Requirements

No double-counting courses within the different areas of this minor is allowed.

Because the International Development minor is interdisciplinary, it is critical that students are exposed to multiple disciplinary perspectives and methods as they address the larger topic of international development. Thus, no more than 6 credit hours from any one discipline can be counted toward fulfillment of the minor. The one exception to this is IAS credits through IAS 220, 380R, 397R, or 399R. Counting the required IAS 220, no more than 12 hours of IAS credit can count toward the minor.

✔ REQUIREMENT 1 Complete 1 Course

IAS 220 - Introduction to Development Studies	3.0

✔ REQUIREMENT 2 Complete 2 Courses

ANTHR 441 - Anthropology of Development	3.0
ECON 230 - Economic Development and Growth	3.0
EDLF 363 - Education, Poverty, and Community Development	3.0
HLTH 480 - International Health	3.0
POLI 387 - International Relations of Developing Countries	3.0
POLI 444 - The Political Economy of Development	3.0
SOC 340 - Sociology of International Development	3.0

✔ REQUIREMENT 3 Complete 1 Option

Courses may be counted in this section if not already counted in the previous section.

✔ OPTION 3.1 Complete 9.0 hours from the following Courses

Note: Students must have completed IAS 220 before doing an internship (IAS 399R).

ANTHR 247 - Applied Anthropology	3.0
ANTHR 434 - Medical Anthropology	3.0
ANTHR 441 - Anthropology of Development	3.0
BUS M 375 - Social Innovation: Do Good Better	3.0
COMMS 382 - Issues in Global Communication	3.0
ECON 230 - Economic Development and Growth	3.0

ECON 431 - Economic Development	3.0
ECON 432 - Economic Growth	3.0
ECON 459 - International Monetary Theory	3.0
EDLF 362 - Introduction to International Development Education	3.0
EDLF 363 - Education, Poverty, and Community Development	3.0
EL ED 203 - Foundations of Multicultural Education	3.0
ENGL 397R - World Literatures in English	3.0
GEOG 101 - Global Environment: Understanding Physical Geography	3.0
GEOG 255 - Middle and South America	3.0
GEOG 271 - Middle East	3.0
GEOG 272 - East Asia	3.0
GEOG 273 - Southeast Asia	3.0
GEOG 285 - Africa South of the Sahara	3.0
GEOG 306 - Public Land Conservation	3.0
HIST 261 - Modern Africa	3.0
HLTH 100 - Introduction to Public Health	1.0
HLTH 322 - Environmental Health	3.0
HLTH 403R - Special Topics *You may take this course up to 1 time.*	5.0v
HLTH 413 - Refugee and Migrant Health	3.0
HLTH 420 - Injury and Violence Prevention	3.0
HLTH 450 - Women's Health Issues	3.0
HLTH 480 - International Health	3.0
HLTH 496R - Academic Internship *You may take this course up to 1 time.*	9.0v
IAS 397R - Topics in International and Area Studies *You may take up to 3 credit hours.*	3.0v
IAS 399R - Academic Internship: International *You may take up to 6 credit hours.*	9.0v
IHUM 260 - Humanities of Latin America	3.0
IHUM 490R - Seminar in the Humanities	3.0
NDFS 380 - International Nutrition	3.0
P MGT 619R - (Not currently offered)	
POLI 302 - Experimental Research Methods	3.0
POLI 342 - Gender and Politics	3.0
POLI 372 - International Political Economy	3.0
POLI 374 - Ethics and International Affairs	3.0
POLI 378 - International Conflict	3.0
POLI 387 - International Relations of Developing Countries	3.0
POLI 444 - The Political Economy of Development	3.0
POLI 472 - International Political Economy of Women	3.0
PWS 115 - Introduction to Wildlife and Wildlands Conservation	1.0
PWS 150 - Environmental Biology	3.0
PWS 282 - Introduction to Soil Science	3.0
PWS 303 - Soils Conservation and Resources	3.0
RECM 306 - Introduction to Nonprofit Organizations	3.0
RECM 326 - Nonprofit Resource Development	3.0
RECM 336 - Nonprofit Management	3.0
RECM 453 - Grant Writing	2.0
SOC 302 - Research Proposal for Evaluation Research	3.0
SOC 339 - Social Organization and Change	3.0
SOC 340 - Sociology of International Development	3.0
SOC 345 - World Populations	3.0
SOC 422 - Inequality and Society	3.0

SOC 445 - (Not currently offered)

SOC W 585 - Global Issues of Children at Risk	3.0

Other courses with the approval of the development coordinator may also count.

Students cannot count both Econ 230 and 431 or Econ 230 and 432. They should choose to take either the 200-level course or the 400-level course.

Soc 445 is an online course only. It is associated with internship experiences and is not taught in the classroom setting.

Program Outcomes

Please contact the individual department for outcome information.

International Relations

BA

Hours	60 - 86 Credit Hours
MAP	Major Academic Plan

Program Requirements

No double counting of courses within the major will be allowed.

✔ REQUIREMENT 1 Complete 2 Courses

Introductory Core Courses:

ECON 110 - Economic Principles and Problems	3.0
GEOG 120 - Geography and World Affairs	3.0

✔ REQUIREMENT 2 Complete 1 Course

POLI 150 - Comparative Government and Politics	3.0
POLI 250 - Principles of Comparative Politics	3.0

✔ REQUIREMENT 3 Complete 1 Course

POLI 170 - Introduction to International Politics	3.0
POLI 270 - Principles of International Relations	3.0

✔ REQUIREMENT 4 Complete 2 Courses

MATH 112 - Calculus 1	4.0
POLI 200 - Political Inquiry	4.0

✔ REQUIREMENT 5 Complete 1 Option

Complete one of the following options:

✔ OPTION 5.1 Complete 2 Courses

ECON 378 - Statistics for Economists	3.0
ECON 388 - Introduction to Econometrics	3.0

✔ OPTION 5.2 Complete 1 Course

POLI 328 - Statistical Analysis	4.0

✔ REQUIREMENT 6 Complete 2 Courses

ECON 380 - Intermediate Price Theory 1	3.0
ECON 381 - Intermediate Macroeconomics	3.0

✔ **REQUIREMENT 7** Complete 1 Course

ECON 431 - Economic Development	3.0
ECON 432 - Economic Growth	3.0
ECON 458 - International Trade Theory and Applications	3.0
ECON 459 - International Monetary Theory	3.0

✔ **REQUIREMENT 8** Complete 1 Option

✔ **OPTION 8.1** Complete 1 Course

HIST 393 - U.S. Foreign Relations	3.0
POLI 376 - U.S. Foreign Policy	3.0

✔ **OPTION 8.2** Complete 1 Course

POLI 341 - Western European Politics	3.0
POLI 343 - Comparative Institutional Design	3.0
POLI 344 - Comparative Political Economy	3.0
POLI 347 - Russia/Former Soviet Politics	3.0
POLI 348 - Government and Politics of Asia	3.0
POLI 352 - African Politics	3.0
POLI 353 - China: Government and Politics	3.0
POLI 354 - Japan: Government and Politics	3.0
POLI 355 - Canadian Government and Politics	3.0
POLI 357 - Middle East: Political Systems	3.0
POLI 358 - Latin American Politics	3.0
POLI 475 - Civil Wars and Ethnic Violence	3.0

✔ **REQUIREMENT 9** Complete 1 Course

International relations courses:

POLI 372 - International Political Economy	3.0
POLI 373 - International Law	3.0
POLI 375 - International Organizations	3.0
POLI 376 - U.S. Foreign Policy	3.0
POLI 377 - National Security Affairs	3.0
POLI 378 - International Conflict	3.0
POLI 473 - Human Rights	3.0

✔ **REQUIREMENT 10** Complete 1 Course

Comparative politics courses:

POLI 341 - Western European Politics	3.0
POLI 343 - Comparative Institutional Design	3.0
POLI 344 - Comparative Political Economy	3.0
POLI 347 - Russia/Former Soviet Politics	3.0
POLI 348 - Government and Politics of Asia	3.0
POLI 352 - African Politics	3.0

POLI 355 - Canadian Government and Politics	3.0
POLI 357 - Middle East: Political Systems	3.0
POLI 358 - Latin American Politics	3.0
POLI 475 - Civil Wars and Ethnic Violence	3.0

✔ **REQUIREMENT 11** Complete 1 Option

Foreign Language Proficiency:

✔ **OPTION 11.1** Complete 1 Course

BULGN 330 - Cultural History of Bulgaria	3.0
CZECH 330 - Cultural History of Czech Republic	3.0
DANSH 340 - Danish Literature	3.0
DUTCH 340 - Introduction to Dutch Literature	3.0
FINN 340 - Finnish Literature	3.0
FREN 321 - Advanced French Part 1	3.0
FREN 340 - Introduction to Literary Analysis	3.0
GERM 302 - Advanced German Language 1	3.0
GERM 330 - Cultural History of German-Speaking Peoples	3.0
GERM 344 - Introduction to Phonetics	3.0
HUNG 330 - Cultural History of Hungary	3.0
ICLND 429 - Old Icelandic Language and Literature	3.0
ITAL 321 - Advanced Grammar	3.0
ITAL 340 - Introduction to Italian Literature	3.0
NORWE 340 - Norwegian Literature	3.0
POLSH 330 - Cultural History of Poland	3.0
PORT 315 - (Not currently offered)	
PORT 321 - Third-Year Portuguese Reading, Grammar, and Culture	3.0
ROM 340 - Introduction to Romanian Literature and Culture	3.0
RUSS 321 - Third-Year Russian Part 1	3.0
RUSS 330 - Cultural History of Russia	3.0
SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SRBCR 330 - (Not currently offered)	
SWED 340 - Swedish Literature	3.0
UKRAI 330 - Cultural History of Ukraine	3.0

✔ **OPTION 11.2** Complete 2 Courses

Preferably taken abroad.

ARAB 300 - Advanced Modern Standard Arabic	4.0
ARAB 302 - Newspaper Arabic	4.0

✔ **OPTION 11.3** Complete 2 Groups

✔ **GROUP 11.3.1** Complete 1 Course

CHIN 301 - Third-Year Mandarin	4.0

✔ **GROUP 11.3.2** Complete 1 Course

CHIN 302 - Third-Year Mandarin	4.0
CHIN 321 - Selected Readings of Modern Chinese	3.0
CHIN 322 - Selected Readings of Modern Chinese	3.0

✔ **OPTION 11.4** Complete 2 Groups

✔ **GROUP 11.4.1** Complete 1 Course

JAPAN 302 - Readings in Japanese History and Culture	4.0

✔ **GROUP 11.4.2** Complete 1 Course

JAPAN 321 - Reading Modern Documentary Styles	3.0
JAPAN 322 - Reading Modern Short Fiction	3.0

✔ **OPTION 11.5** Complete 2 Courses

KOREA 301 - Third-Year Korean 1	4.0
KOREA 302 - Third-Year Korean 2	4.0

Students can receive credit for many less commonly taught languages (e.g., Tagalog, Thai) by enrolling in FLang 330. Please contact the Center for Language Studies (422-1201) or see http://cls.byu.edu/index.html for information on which languages are offered and when. Languages not on the list above and not available through FLang 330 cannot be used to fill this requirement.

✔ **REQUIREMENT 12** Complete 1 Option

Specializations: Complete one of the following tracks (no double-counting of major courses allowed):

✔ **OPTION 12.1** Complete 1 Group

A. International Politics

Complete four courses from the following. At least one course must be from history and at least one course from political science.

✔ **GROUP 12.1.1** Complete 4 Courses

ANTHR 432 - Economic and Political Institutions	3.0
COMMS 381 - International Media Systems	3.0
COMMS 382 - Issues in Global Communication	3.0
GEOG 341 - Political Geography	3.0
HIST 293 - World War II in History and Memory	3.0
HIST 307 - Europe Since 1914	3.0
HIST 376 - U.S. History from 1945 to 2000	3.0
HIST 391 - U.S. in Vietnam, 1945-1975	3.0
HIST 393 - U.S. Foreign Relations	3.0
POLI 371 - Foreign Policy Analysis	3.0
POLI 373 - International Law	3.0
POLI 374 - Ethics and International Affairs	3.0
POLI 375 - International Organizations	3.0
POLI 377 - National Security Affairs	3.0
POLI 378 - International Conflict	3.0
POLI 382 - International Relations of North America	3.0
POLI 472 - International Political Economy of Women	3.0
POLI 473 - Human Rights	3.0
POLI 475 - Civil Wars and Ethnic Violence	3.0
POLI 476 - Terrorism	3.0

✔ **OPTION 12.2** Complete 1 Group

B. Political Economy

Complete four courses from at least two disciplines. At least two courses must be from economics. NOTE: Completion of the Econ 378/388 sequence for the statistics requirement above will also count as fulfillment of one course in this track.

✔ **GROUP 12.2.1** Complete 4 Courses

ECON 382 - Intermediate Price Theory 2	3.0
ECON 388 - Introduction to Econometrics	3.0
ECON 431 - Economic Development	3.0
ECON 432 - Economic Growth	3.0
ECON 458 - International Trade Theory and Applications	3.0
ECON 459 - International Monetary Theory	3.0
ECON 478 - Game Theory and Economics	3.0
POLI 344 - Comparative Political Economy	3.0
POLI 372 - International Political Economy	3.0
POLI 444 - The Political Economy of Development	3.0

✔ **OPTION 12.3** Complete 1 Group

C. Asian Politics and History

Complete four courses from the following. At least one course must be from political science and one course from history.

✔ **GROUP 12.3.1** Complete 4 Courses

ANTHR 348 - Contemporary Japan	3.0
GEOG 272 - East Asia	3.0
GEOG 273 - Southeast Asia	3.0
HIST 231 - Introduction to East Asian History	3.0
HIST 337 - Pre-modern Korea	3.0
HIST 338 - Modern Korea	3.0
HIST 341 - China Since 1200	3.0
HIST 342 - (Not currently offered)	
HIST 344 - Modern Japan	3.0
HIST 348 - Modern South East Asia	3.0

POLI 388 - Chinese Foreign Policy	3.0

✔ **OPTION 12.4** Complete 1 Group

D. Latin American Politics and History

Complete four courses from the following. At least one course must be from political science and one course from history. Students cannot count both Hist 359 and Poli 380.

✔ **GROUP 12.4.1** Complete 4 Courses

GEOG 255 - Middle and South America	3.0
HIST 252 - Modern Latin America	3.0
HIST 326 - The History of Mexico	3.0
HIST 355 - History of Argentina	3.0
HIST 356 - Brazil	3.0
HIST 358 - Gender and History in Latin America	3.0
POLI 358 - Latin American Politics	3.0
POLI 380 - International Relations of Latin America	3.0

✔ **OPTION 12.5** Complete 1 Group

E. Middle Eastern Politics and History

Complete four courses from at least two disciplines. At least one course must be from history.

✔ **GROUP 12.5.1** Complete 4 Courses

ANTHR 340 - Peoples of the Middle East	3.0
GEOG 271 - Middle East	3.0
HIST 240 - Middle East History to 1800	3.0
HIST 241 - Middle East History from 1800	3.0
HIST 244 - Jewish History: A.D. 70 to the Present	3.0
MESA 350 - Islam in Contemporary Society	3.0
POLI 357 - Middle East: Political Systems	3.0
POLI 381 - International Relations of the Middle East	3.0
POLI 452 - Islam and Politics	3.0
POLI 474 - Arab-Palestinian-Israeli Conflict	3.0

Note: Hist 242 and 243 do not substitute here.

✔ **OPTION 12.6** Complete 1 Group

F. European Politics and History

Complete four courses from the following. At least one course must be from political science and one course from history.

✔ **GROUP 12.6.1** Complete 4 Courses

GEOG 260 - Europe	3.0
GEOG 265 - Russia and the Former Soviet Union	3.0
HIST 307 - Europe Since 1914	3.0
HIST 309 - European Revolutions Since 1500	3.0
HIST 310 - European Economic History	3.0
HIST 312 - History of Ideas	3.0
HIST 318 - European Women's History	3.0
HIST 323 - Modern Britain	3.0
HIST 324 - France	3.0
HIST 325 - Spain	3.0
HIST 327 - Italy in the Modern World Since 1848	3.0
HIST 328 - Modern Germany	3.0
HIST 331 - Soviet Union and Post-Soviet Russia	3.0
HIST 332 - Scandinavian History	3.0
POLI 341 - Western European Politics	3.0
POLI 347 - Russia/Former Soviet Politics	3.0

POLI 351 - British Government and Politics	3.0

✔ **OPTION 12.7** Complete 2 Groups

G. Economic and Political Development:

✔ **GROUP 12.7.1** Complete 1 Course

ECON 431 - Economic Development	3.0

Note: Econ 431 cannot be double-counted for the 400-level economics course in the core; Econ 388 is the preferred route to fill the statistics prerequisite for this course.

✔ **GROUP 12.7.2** Complete 3 Courses

Complete three courses from the following, of which one course must be from political science. NOTE: Completion of the Econ 378/388 sequence for the statistics requirements above will also count as fulfillment of one course in this track.

ECON 388 - Introduction to Econometrics	3.0
ECON 432 - Economic Growth	3.0
ECON 440 - Natural Resources and Environmental Economics	3.0
ECON 458 - International Trade Theory and Applications	3.0
ECON 459 - International Monetary Theory	3.0
GEOG 255 - Middle and South America	3.0
GEOG 271 - Middle East	3.0
GEOG 272 - East Asia	3.0
GEOG 273 - Southeast Asia	3.0
GEOG 285 - Africa South of the Sahara	3.0
POLI 357 - Middle East: Political Systems	3.0
POLI 358 - Latin American Politics	3.0
POLI 444 - The Political Economy of Development	3.0
POLI 452 - Islam and Politics	3.0
POLI 472 - International Political Economy of Women	3.0

With the prior approval of the international relations coordinator, a maximum of 3 hours of IR 398R, 399R, or IAS 351R may be used toward meeting the four-course requirement of specialization. Only the second semester of IAS 351R would be allowed.

✔ **REQUIREMENT 13** Complete 1 Option

Capstone research experience (Note: With prior approval of the IR coordinator, IR 398R, 399R may count toward this requirement):

✔ **OPTION 13.1** Complete 1 Course

ASIAN 495 - Senior Seminar	1.0
LT AM 495 - Senior Seminar in Latin American Studies	3.0
MESA 495 - Senior Seminar in Middle East Studies	3.0
POLI 450 - Research Project in Comparative Politics	3.0
POLI 470 - Research Project in International Relations	3.0

Note 1: Only MESA 495, Poli 450, or Poli 470 can fill the GE Advanced Written and Oral Communication requirement when coupled with Poli 200.

Note 2: For students in the relevant specialization, Asian 495, Lt Am 495, and MESA 495R will satisfy the capstone requirement.

Note 3: It may be possible to fulfill the capstone requirement by completing a professional quality research project. Students who wish to do this must receive PRIOR approval of the IR coordinator.

Note 4: Students majoring in international relations may not pursue a double major or minor in either economics or political science because of the course overlap between international relations and those majors.

Recommended Courses: Either Hist 201, 202; or Poli 201, 202. Also: Rel C 351.

Program Outcomes

Factual Knowledge

Demonstrate factual knowledge of important international trends and events related to politics, economics, geography and history

Analyzing International Affairs

Anaylze international affairs by utilizing theoretical concepts and ideas from more than one IR-related discipline

Writing Effectively

Communicate effectively in writing and in speech

Critical and Analytical Thinking

Think critically and analytically about international problems and events, and synthesize concepts, information and experiences from different disciplines relevant to international affairs

Analysis and Research

Employ appropriate methods of analysis and research, both qualitative and quantitative, to provide sophisticated analyses and clear, logical arguments relating to important questions about international relations

Language Proficiency

Communicate at an intermediate level in a foreign language (to the equivalent of 321).

Academic Honesty and Integrity

Bring honesty and integrity to their daily lives, public affairs, and professional activities

Religious Principles

Apply religious principles and faith to the analysis of international affairs

Life-long Learning

Gain a strong desire and prepare themselves to pursue a life of continued learning, to participate effectively in international affairs and to serve international communities and organizations

POLI 474 - Arab-Palestinian-Israeli Conflict	3.0

International Relations majors and Political Science majors may only count 6 credit hours from their major toward this minor.

Program Outcomes

Please contact the individual department for outcome information.

Top

Italian

BA

Hours	46.5 - 67.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

The French and Italian Department requires a minimum of 15 major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Complete a minor (approximately 16-21 hours) or 15 hours of course work in an area approved by the major advisor. Courses must be approved before the senior year.

Students who need to strengthen oral skills should enroll in Ital 211R and 311R.

It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

✔ REQUIREMENT 1 Complete 1 Course

HCOLL 110 - Introduction to the College of Humanities	2.0v

Complete the following prerequisite courses: Ital 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

✔ REQUIREMENT 2 Complete 3 Courses

ITAL 321 - Advanced Grammar	3.0
ITAL 322 - Advanced Composition	3.0
ITAL 340 - Introduction to Italian Literature	3.0

✔ REQUIREMENT 3 Complete 3.0 hours from the following Courses

ITAL 326 - Italian Phonetics and Pronunciation	3.0
ITAL 399R - Academic Internship: Italian Language Field Experience *You may take up to 3 credit hours.*	6.0v

✔ REQUIREMENT 4 Complete 6 Courses

BUS M 596R - Business Italian *You may take this course up to 1 time.*	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
ITAL 420 - Italian Civilization from the Beginning to 1600	3.0
ITAL 421 - Italian Civilization from 1600 to the Modern Era	3.0
ITAL 441 - Italian Literature of the Late Middle Ages and Renaissance	3.0
ITAL 442 - Italian Literature of the Baroque and Enlightenment Periods	3.0
ITAL 443 - Italian Literature of the Romantic Period	3.0
ITAL 444 - Italian Literature of the Twentieth Century	3.0
ITAL 460 - Dante's Divine Comedy	3.0
ITAL 495R - Senior Seminar in Italian *You may take this course up to 3 times.*	3.0

✔ **REQUIREMENT 5** Complete 1 Option

Oral proficiency:

Complete Ital 491 and have an oral proficiency interview (OPI) during the senior year. The rating will be recorded on the student's transcript. The desired minimum OPI rating is "advanced."

✔ **OPTION 5.1** Complete 1 Course

ITAL 491 - Senior Oral Proficiency Evaluation and Senior Portfolio	0.5

Program Outcomes

Language Ability

Students will place at least at the "Advanced" level in Italian speaking, listening, writing, and reading on the ACTFL Proficiency scale.

Research

Students will analyze the literature, language, and culture of Italy drawing upon their ability to locate and consult relevant primary, critical, and theoretical sources.

Critical Thinking

Based on their chosen interdisciplinary curriculum, students will demonstrate the ability to articulate and defend in speech and writing clear and orderly thought on Italian literary and cultural topics.

Italian Studies

BA

Hours	31.5 - 46.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

Students must complete the requirements for a primary major in another field.

The French and Italian Department requires a minimum of 15 major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ **REQUIREMENT 1** Complete 1 Course

HCOLL 110 - Introduction to the College of Humanities	2.0v

Complete the following prerequisite courses: Ital 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

✔ **REQUIREMENT 2** Complete 3 Courses

Core requirements:

ITAL 321 - Advanced Grammar	3.0
ITAL 322 - Advanced Composition	3.0
ITAL 340 - Introduction to Italian Literature	3.0

✔ **REQUIREMENT 3** Complete 3.0 hours from the following Courses

ITAL 326 - Italian Phonetics and Pronunciation	3.0
ITAL 399R - Academic Internship: Italian Language Field Experience	6.0v

✔ **REQUIREMENT 4** Complete 18.0 hours from the following Courses

Complete 18 hours of upper-division (300-level and above) electives from the following. Note: Up to 12 credit hours from related departments may be counted upon departmental approval.

BUS M 596R - Business Italian *You may take this course up to 1 time.*	3.0
FREN 317 - (Fren-Ital) French and Italian Cinema	3.0
ITAL 420 - Italian Civilization from the Beginning to 1600	3.0
ITAL 421 - Italian Civilization from 1600 to the Modern Era	3.0
ITAL 441 - Italian Literature of the Late Middle Ages and Renaissance	3.0
ITAL 442 - Italian Literature of the Baroque and Enlightenment Periods	3.0
ITAL 443 - Italian Literature of the Romantic Period	3.0

ITAL 444 - Italian Literature of the Twentieth Century	3.0
ITAL 460 - Dante's Divine Comedy	3.0
ITAL 495R - Senior Seminar in Italian *You may take this course up to 3 times.*	3.0

✔ **REQUIREMENT 5** Complete 1 Course

Complete the following and have an oral proficiency interview (OPI) during the senior year. The rating will be recorded on the student's transcript. The desired minimum ACTFL Proficiency scale is "Intermediate-High."

ITAL 491 - Senior Oral Proficiency Evaluation and Senior Portfolio	0.5

Program Outcomes

Linguistic Ability

Successful students will place at least at the "Intermediate High" level in Italian speaking, listening, writing, and reading on the ACTFL Proficiency scale.

Research

Students will analyze the literature, language, and culture of Italy drawing upon their ability to locate and consult relevant primary, critical, and theoretical sources.

Critical Thinking

Based on their chosen interdisciplinary curriculum, students will demonstrate the ability to articulate and defend in speech and writing clear and orderly thought on Italian literary and cultural topics.

Japanese

BA

Hours	44 - 60 Credit Hours
MAP	Major Academic Plan

Program Requirements

Students will be required to pass the reading proficiency exam (80% or higher) prior to enrollment in Japan 495.

Counsel with advisor to determine supporting courses appropriate to your professional goals.

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Complete the following prerequisite courses: Japan 101, 102, 201, 202. (May be waived for students with previous language experience.)

✔ **REQUIREMENT 1** Complete 11 Courses

JAPAN 301 - Japanese Reading and Culture	4.0
JAPAN 302 - Readings in Japanese History and Culture	4.0
JAPAN 311R - Third-Year Conversation *You may take this course up to 1 time.*	2.0
JAPAN 321 - Reading Modern Documentary Styles	3.0
JAPAN 322 - Reading Modern Short Fiction	3.0
JAPAN 345 - Traditional Japanese Culture	3.0
JAPAN 411 - Advanced Japanese Pragmatics	2.0
JAPAN 441 - Introduction to Classical Japanese	3.0
JAPAN 443 - Advanced Documentary Style	3.0
JAPAN 444 - Modern Japanese Literature	3.0
JAPAN 495 - Senior Seminar	2.0

✔ **REQUIREMENT 2** Complete 1 Course

JAPAN 325 - Japanese Morphology, Syntax, and Semantics	3.0
JAPAN 326 - Contrastive Analysis of Japanese and English	3.0

✔ REQUIREMENT 3 Complete 1 Course

JAPAN 350 - Japanese Literature in Translation--Eighth Through Sixteenth Centuries	3.0
JAPAN 351 - Japanese Literature in Translation--Seventeenth Through Nineteenth Centuries	3.0
JAPAN 352 - Japanese Literature in Translation: The Modern Era	3.0

✔ REQUIREMENT 4 Complete 1 Option

✔ OPTION 4.1 Complete 6.0 hours from the following Courses

JAPAN 325 - Japanese Morphology, Syntax, and Semantics	3.0
JAPAN 326 - Contrastive Analysis of Japanese and English	3.0
JAPAN 350 - Japanese Literature in Translation--Eighth Through Sixteenth Centuries	3.0
JAPAN 351 - Japanese Literature in Translation--Seventeenth Through Nineteenth Centuries	3.0
JAPAN 352 - Japanese Literature in Translation: The Modern Era	3.0
JAPAN 377 - Japanese Language Teaching Procedures	3.0
JAPAN 390 - Japanese for Special Purposes	3.0

Additionally, one of the following may be counted toward the 6 required hours of electives: Hist 343, Hist 344, Pl Sc 354, Pl Sc 386.

✔ REQUIREMENT 5

Recommended courses:

It is recommended that students complete Engl 311 or similar courses before enrolling in advanced literature courses.

Program Outcomes

Oral Proficiency

Students will speak and act in Japanese in linguistically, socially, and culturally appropriate ways on a broad variety of topics in a wide range of settings. Students are expected to score at or above Intermediate High on the ACTFL Oral Proficiency Interview.

Reading and writing proficiency

Students will read Japanese texts and interpret media in a variety of contexts with accuracy. Students are expected to score at least 80% on the BYU Reading Proficiency Test.

Cultural and linguistic proficiency

Students will analyze and discuss, at an advanced levelboth in English and in Japanese, salient features of Japanese culture, including aspects of language, literature, thought, religion, aesthetics, art, and music.

Japanese Teaching

Minor

Hours 25 - 41 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Complete the following prerequisite courses: Japan 101, 102, 201, 202. (May be waived for students with previous language experience.)

✔ REQUIREMENT 1 Complete 7 Courses

JAPAN 301 - Japanese Reading and Culture	4.0
JAPAN 302 - Readings in Japanese History and Culture	4.0
JAPAN 311R - Third-Year Conversation *You may take this course up to 1 time.*	2.0
JAPAN 321 - Reading Modern Documentary Styles	3.0
JAPAN 322 - Reading Modern Short Fiction	3.0
JAPAN 345 - Traditional Japanese Culture	3.0
JAPAN 377 - Japanese Language Teaching Procedures	3.0

✔ REQUIREMENT 2 Complete 1 Course

JAPAN 325 - Japanese Morphology, Syntax, and Semantics	3.0
JAPAN 326 - Contrastive Analysis of Japanese and English	3.0

✔ REQUIREMENT 3

Before applying to student teach in the major, complete the Oral Proficiency Interview (OPI) examination with a minimum level of "Intermediate-High" in order to be granted Utah state licensure.

Program Outcomes

Please contact the individual department for outcome information.

Landscape Management

BS

Hours	65.5 - 69.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 18 Courses

Required courses: (Note: 0.5 hour of PWS 199R is required.)

PWS 100 - Plants in the Environment	3.0
PWS 103 - Residential Landscape Design	3.0
PWS 105 - Landscape Design Graphics	2.0
PWS 191 - Introduction to Landscape Management	1.0
PWS 198R - BYU Grounds Practicum *You may take this course up to 1 time.*	0.5
PWS 199R - Academic Internship *You may take this course up to 1 time.*	3.0v
PWS 211 - Landscape Structures	2.0
PWS 212 - Landscape Irrigation	2.0
PWS 214 - Landscape Bidding and Estimating	2.0
PWS 282 - Introduction to Soil Science	3.0
PWS 283 - Introduction to Soil Science Laboratory	1.0
PWS 301 - Plant Growth and Reproduction	3.0
PWS 319 - Turf Science	3.0
PWS 320 - Arboriculture	3.0
PWS 331 - Science of Plant Pest Control	3.0
PWS 402 - Soils and Water in the Urban Environment	3.0
PWS 431 - Plant Health Diagnostics	3.0
PWS 481 - Case Studies, Landscape Management Systems	2.0

✔ REQUIREMENT 2 Complete 6 Courses

ACC 200 - Principles of Accounting	3.0
BIO 235 - Field Botany	3.0
BUS M 488 - Agribusiness Management 1	3.0
BUS M 489 - Agribusiness Management 2	3.0
ECON 110 - Economic Principles and Problems	3.0
FIN 201 - Principles of Finance	3.0

✔ REQUIREMENT 3 Complete 1 Course

CHEM 101 - Introductory General Chemistry	3.0

CHEM 105 - General College Chemistry	4.0

✔ **REQUIREMENT 4** Complete 2 Courses

BIO 430 - Plant Classification and Identification	4.0
PWS 112 - Floral Design	3.0
PWS 210 - Herbaceous Plants	3.0
PWS 213 - Interior Plants and Landscapes	2.0
PWS 330 - Rangeland Plant Identification and Ecology	3.0
PWS 380 - Plant Community Design	2.0

✔ **REQUIREMENT 5**

A management minor is strongly recommended:

Completion of the following courses (some listed above) will meet the requirements for this minor: Acc 200; Bus M 371R, 489; Econ 110; Fin 201; Math 110; Org B 320; Stat 221.

The following courses are also suggested: Bus M 372; M Com 320, StDev 150.

For students planning to pursue a master's degree in landscape architecture (MLA), the following courses are also recommended: Bio 350; CFM 105; Geog 212, 310, 422; PWS 380; Tech 201, 202.

For students planning to pursue a master's degree in (MS) the following courses are recommended: Chem 106, 107, 351, 352, 481; Engl 316; Math 119 or Stat 221; Phscs 105, 106; PWS 440, 513.

Program Outcomes

Landscape Management and the Gospel of Jesus Christ

Identify, reflect on, and articulate personally significant experiences that strengthen the ability and desire to incorporate the gospel of Jesus Christ in creating and managing beautiful landscapes

Career Preparation

Effectively compete for the best employment positions that are available to college graduates, including self-employment

Landscape Practices

Practice and lead with a knowledge of landscape contracting at the local and national levels

Landscape Design, Construction, and Management

Demonstrate competence in each of the three main areas of landscape contracting: design,installation and management

Academic and Professional Preparation

Demonstrate superb preparation to excel in a variety of graduate programs related to landscape management

SPAN 399R - Academic Internship: Spanish Language Field Experience *You may take up to 3 credit hours.*	6.0v

Program Outcomes

Factual Knowledge

The student will understand and interpret foundational knowledge relating to historical, social, geographic and economic conditions in Latin America.

Interest and Attitude

The student will evaluate and decide upon her/his interest and attitude toward Latin American Studies, including career expectations.

Social Science Research Methodology

She/he will understand basic methodology of social science research.

Research Writing

She/he will write a significant research paper in Spanish or Portuguese dealing with Latin America.

Library/Internet Research

She/he will master the skills of library and internet research relating to Latin America.

Oral Presentation of Critically Analyzed Ideas

She/he will be able to critically analyze ideas, evidence and arguments relating to a current topic in Latin America, and effect a significant oral presentation, demonstrating recent knowledge from newspapers and journals in the target language.

Language Proficiency

She/he will demonstrate both written and verbal fluency in Spanish or Portuguese.

Latin Teaching

BA

Hours	63 - 71 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.

✔ REQUIREMENT 1 Complete 1 Course

HCOLL 110 - Introduction to the College of Humanities	2.0v

✔ REQUIREMENT 2 Complete 2 Courses

CL CV 246 - Golden Age of Rome	3.0
HIST 248 - (Hist-ClCv 307) Roman History	3.0

✔ REQUIREMENT 3 Complete 1 Option

Note: Latin 101, 102, 111 may be waived with equivalent language experience.

✔ OPTION 3.1 Complete 2 Courses

LATIN 101 - First-Year Latin (First Semester)	4.0
LATIN 102 - First-Year Latin (Second Semester)	4.0

✔ OPTION 3.2 Complete 1 Course

LATIN 111 - Beginning Latin Accelerated	5.0

✔ REQUIREMENT 4 Complete 6 Courses

NOTE: The Latin 302 course is the prerequisite for all 400-level Latin prose courses and the Latin 301 course is the prerequisite for all 400-level Latin poetry courses. Concurrent enrollment will be permitted only in rare and special cases and must have the approval both of the classics section head and of the instructor of the 400-level course concerned.

LATIN 201 - Intermediate Latin	4.0
LATIN 301 - Classical Latin Poetry	3.0
LATIN 302 - Classical Latin Prose	3.0
LATIN 377 - Secondary Teaching Procedures	3.0
LATIN 378 - Practicum in Teaching Latin	1.0
LATIN 401 - Latin Prose Composition	3.0

✔ **REQUIREMENT 5** Complete 1 Course

CL CV 110 - Introduction to Greek and Roman Literature	3.0
CL CV 201 - The Classical Tradition 1: Antiquity to the Renaissance	3.0
CL CV 241 - Greek and Roman Mythology	3.0

✔ **REQUIREMENT 6** Complete 1 Option

✔ **OPTION 6.1** Complete 12.0 hours from the following Courses

CLSCS 420 - Ancient Literary Criticism	3.0
CLSCS 430R - (Clscs-Hist) Topics in Greek and Roman History *You may take this course up to 1 time.*	3.0
CLSCS 490R - Seminar in Classics *You may take this course up to 1 time.*	3.0
LATIN 411R - Latin Vulgate and Early Christian Latin Texts *You may take this course up to 1 time.*	3.0
LATIN 430 - Livy	3.0
LATIN 431 - Vergil	3.0
LATIN 432 - Ovid	3.0
LATIN 433 - Cicero	3.0
LATIN 434 - Plautus and Terence	3.0
LATIN 435 - Catullus	3.0
LATIN 436 - Tragedy and Epic of the Early Empire	3.0
LATIN 437 - The Latin Epistle	3.0
LATIN 438 - Horace	3.0
LATIN 439 - Tacitus	3.0
LATIN 440 - Roman Satire	3.0
LATIN 441 - Medieval Latin	3.0
LATIN 490R - Topics in Latin Literature *You may take this course up to 1 time.*	3.0v

Note: Latin 411R may be taken only once.

Complete IHum 311: Advanced Writing in Comparative Arts and Humanities or another GE-approved Advanced Written and Oral Communication course.

✔ **REQUIREMENT 7** Complete 2 Options

Licensure requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 7.1** Complete 5 Courses

NOTE: FBI fingerprint and background clearance must be completed before enrollment in FLang 276.

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
FLANG 276 - Exploration of Teaching Foreign Languages	4.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 7.2** Complete 12.0 hours from the following Courses

SC ED 476R - (Not currently offered)	
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Mechanics of the Latin language

With minimal and informed recourse to dictionaries, grammars, commentaries, and other translation aids, students will be able to read and comprehend the prose and poetry of Classical Latin authors. Specifically, they will be able to read and comprehend the writings of Caesar, Vergil, Cicero, Tacitus, or other Latin authors of comparable difficulty. Students will be able to compose Latin sentences and paragraphs in imitation of the style of Roman Republican masters.

Interpretation and analysis of Latin texts

Students will be able to write analytical papers or the equivalent that apply close readings to Latin literary texts to develop and clearly express original interpretations of these texts.

Understanding and contextualizing the culture of Rome

Students will demonstrate a broad knowledge and comprehension of the history, literature, philosophy, and visual arts of Rome from the Regal Period to the decline of the Empire.

Teaching

Demonstrate effective Latin teaching.

Top

Latin Teaching

Minor

Hours 23 - 31 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

Linguistics

BA

Hours	47 - 53 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

✔ **REQUIREMENT 1** Complete 1 Course

Complete the following prerequisite course:

LING 201 - Introduction to Linguistics (Modern)	3.0

✔ **REQUIREMENT 2** Complete 4 Courses

Complete the following core courses:

LING 210 - Sounds of Language	3.0
LING 220 - Structure in Language	3.0
LING 230 - Meaning in Language	3.0
LING 240 - Linguistic Tools 1	3.0

✔ **REQUIREMENT 3** Complete 2 Courses

Complete two courses from the following:

ELANG 362 - Discourse Analysis	3.0
LING 310 - Phonetics	3.0
LING 315 - Phonology	3.0
LING 320 - Morphology	3.0
LING 325 - Theoretical Syntax	3.0
LING 332 - Semantics	3.0
LING 335 - Pragmatics	3.0

✔ **REQUIREMENT 4** Complete 1 Course

Complete one course from the following:

LING 450 - Introduction to Historical-Comparative Linguistics	3.0
LING 452 - Introduction to Sociolinguistics	3.0
LING 485 - Corpus Linguistics	3.0

✔ REQUIREMENT 5

Complete 15 credit hours (to a 200-level or higher) of university-level course work (or the equivalent) in a single foreign language (American Sign Language also qualifies). Students intending to pursue graduate studies in linguistics are strongly encouraged to study a non-Indo-European language. Non-native speakers of English may elect to use English to fill this requirement. They may choose to earn the credit by special examination or by taking classes (ESL 301, 302, 303, 304, and 305).

✔ REQUIREMENT 6 Complete 1 Option

✔ OPTION 6.1 Complete 3 Courses

Complete three courses from the following electives:

ELANG 362 - Discourse Analysis	3.0
LING 310 - Phonetics	3.0
LING 315 - Phonology	3.0
LING 320 - Morphology	3.0
LING 325 - Theoretical Syntax	3.0
LING 332 - Semantics	3.0
LING 335 - Pragmatics	3.0
DIGHT 360 - (DigHT-Ling) Programming for Text Processing and Analysis	3.0
LING 361 - Speech Processing	3.0
LING 440 - Linguistic Tools 2	3.0
LING 450 - Introduction to Historical-Comparative Linguistics	3.0
LING 452 - Introduction to Sociolinguistics	3.0
LING 455 - Psycholinguistics	3.0
LING 480 - Problems in Translation	3.0
LING 485 - Corpus Linguistics	3.0
LING 551 - Anthropological Linguistics	3.0

Any other courses such as internships, directed readings, and field project as presently constituted can also be used as electives.

Note 1: Courses taken in requirements 3 and 4 cannot double count for requirement 6.

Note 2: Subject to approval by the Linguistics Area Coordinator, students may take up to two courses taught outside of the department to satisfy elective requirements.

✔ REQUIREMENT 7 Complete 1 Course

Complete the following capstone course:

LING 495 - Senior Capstone	3.0

Program Outcomes

Language Structure

Demonstrate knowledge of language structure, analytical techniques of linguistics, and linguistic theory in core and applied areas of linguistics.

Linguistic Artifacts

Be able to produce linguistic artifacts (e.g. grammars, lexicons, corpora, portfolios, computer systems, experiments) that draw on knowledge of core and applied areas of linguistics and linguistic theories.

Effective Communication

Be able to effectively communicate findings of linguistic analyses or research in writing and speaking.

Management: Marketing Management

BS

Hours	63 - 64 Credit Hours
LEP	Limited Enrollment Program. Application Website
MAP	Major Academic Plan

Program Requirements

No more than 12 semester hours of upper-division transfer credit will be accepted toward the major and only 6 hours beyond the Integrated Management Core. No transfer courses will be accepted for the Integrated Management Core courses.

Only courses sufficient for a single emphasis are permitted.

✔ REQUIREMENT 1 Complete 3 Options

Prerequisite courses:

✔ OPTION 1.1 Complete 2 Courses

BUS M 241 - Marketing Management	3.0
ECON 110 - Economic Principles and Problems	3.0

✔ OPTION 1.2 Complete 1 Course

BUS M 201 - Financial Management	3.0
FIN 201 - Principles of Finance	3.0

✔ OPTION 1.3 Complete 1 Course

ACC 200 - Principles of Accounting	3.0
ACC 201 - Principles of Financial Accounting	3.0

Note: Based on student performance to date, permission may be granted to take some restricted major-only courses.

Apply and be formally accepted into the program.

✔ REQUIREMENT 2 Complete 2 Courses

Complete the following courses during your first semester admitted to the Marriott School of Management:

BUS M 320 - Career Orientation and Preparation	0.5

BUS M 321 - Mentor Program	0.5

✔ REQUIREMENT 3 Complete 1 Course

Complete the one of the following courses before the integrated core:

MATH 112 - Calculus 1	4.0
MATH 116 - Essentials of Calculus	1.0
MATH 119 - Introduction to Calculus	4.0

✔ REQUIREMENT 4 Complete 3 Courses

Complete the following required courses before the integrated core:

M COM 320 - Communication in Organizational Settings	3.0
MATH 118 - Finite Mathematics	3.0
STAT 121 - Principles of Statistics	3.0

✔ REQUIREMENT 5 Complete 1 Option

Integrated Management Core courses:

✔ OPTION 5.1 Complete 4 Courses

BUS M 361 - Operations Management	3.0
BUS M 387 - Economics of Strategy	3.0
BUS M 390 - Ethics for Management	3.0
ORG B 321 - Organizational Effectiveness	3.0

✔ REQUIREMENT 6 Complete 2 Options

Additional courses:

✔ OPTION 6.1 Complete 3 Courses

ACC 241 - Business Law in the Environment	3.0
IS 110 - Spreadsheet Skills and Business Analysis	1.0
IS 201 - Introduction to Management Information Systems	3.0

✔ OPTION 6.2 Complete 1 Course

BUS M 371R - Entrepreneurship Lecture Series *You may take this course up to 1 time.*	1.0
BUS M 380 - Executive Lectures	1.0
BUS M 382 - Financial Services Lecture Series	1.0

✔ REQUIREMENT 7 Complete 2 Options

Marketing emphasis courses:

✔ OPTION 7.1 Complete 4 Courses

Note: Bus M 459 should be taken during final semester.

BUS M 442 - Marketing Research	3.0
BUS M 444 - Consumer Behavior	3.0
BUS M 455 - Advertising and Promotion Management	3.0
BUS M 459 - Marketing Strategy	3.0

✔ **OPTION 7.2** Complete 2 Courses

BUS M 431 - International Marketing	3.0
BUS M 450 - Global Business Negotiations	3.0
BUS M 454 - Professional Selling and Sales Management	3.0
BUS M 456 - Retailing Management	3.0
BUS M 457 - Internet Marketing of Products and Services	3.0
BUS M 463 - Quality Management	3.0
BUS M 469 - Global Supply Chain Strategy	3.0
BUS M 472 - Entrepreneurial Marketing	3.0

✔ **REQUIREMENT 8** Complete 3.0 hours from the following Courses

Complete one additional 3 credit hour Marriott School course:

ACC 300 - Introduction to Accounting 2	3.0
ACC 305 - Principles of Accounting 2	3.0
ACC 310 - Principles of Accounting 2	3.0
ACC 440 - Corporate Financial Reporting	3.0
ACC 453 - Money, the Financial System, and the Economy	3.0
BUS M 341 - Marketing Management	3.0
BUS M 372 - Basic Entrepreneurship Skills	3.0
BUS M 375 - Social Innovation: Do Good Better	3.0
BUS M 387 - Economics of Strategy	3.0
BUS M 430 - Introduction to International Business	3.0
BUS M 431 - International Marketing	3.0
BUS M 440 - Database Marketing: Mining and Analysis	3.0
BUS M 450 - Global Business Negotiations	3.0
BUS M 454 - Professional Selling and Sales Management	3.0
BUS M 456 - Retailing Management	3.0
BUS M 457 - Internet Marketing of Products and Services	3.0
BUS M 461 - Operations Analytics	3.0
BUS M 462 - Services Management	3.0
BUS M 462 - Customer Relationship Management	3.0
BUS M 463 - Quality Management	3.0
BUS M 465 - Global Supply Chain	3.0
BUS M 466 - Purchasing and Supply Management	3.0
BUS M 468 - Supply Chain Logistics	3.0
BUS M 469 - Global Supply Chain Strategy	3.0
BUS M 470 - Entrepreneurial Innovation	3.0
BUS M 471 - Creating New Ventures	3.0
BUS M 472 - Entrepreneurial Marketing	3.0
BUS M 474 - Managing New Ventures and Family Business	3.0
BUS M 475 - Financing New Ventures	3.0
BUS M 476 - New Venture LaunchPad	3.0

✔ **REQUIREMENT 9**

Complete Marriott School exit survey online.

Program Outcomes

Acquiring Knowledge

Describe the major theories, concepts, and research findings in the fields of organizational behavior and human resource management as compiled by the OBHR faculty.

Applying Knowledge of Human Resource Management

Demonstrate how to create selected HR policies and practices and explain how to administer them.

Leading Teams

Contribute to the effective performance of a team as a team leader or group member.

Diagnosing and Solving Organizational Problems

Apply OBHR knowledge and demonstrate the ability to diagnose and solve organizational problems.

MSM -- IT Literacy

- Using data for managerial decision-making
- Data storage and extraction
- Computer skills

MSM -- Critical Thinking

- Using information in organizational issues
- General strategic thinking
- Adapting to change
- Interpreting business data

MSM -- Communication

- Composing text
- Grammar
- Oral presentations
- Communication skills

MSM -- Ethics

- Applying frameworks to resolve ethical dilemmas
- Individual influences on ethical judgments
- Applying personal values in ethical decisions
- Discussing moral dilemmas effectively

Manufacturing Engineering Technology

BS

Hours	81 Credit Hours
MAP	Major Academic Plan

Program Requirements

Students must have a minimum of 124 total hours to graduate with this major.

REQUIREMENT 1 Complete 12 Courses

Manufacturing core courses:

MFG 130 - Modern Manufacturing	3.0
MFG 220 - Material Removal	3.0
MFG 230 - Computer-Aided Manufacturing	3.0
MFG 291 - Manufacturing Leadership	1.0
MFG 331 - Metals Processes	4.0
MFG 340 - Quality Systems in Manufacturing	3.0
MFG 355 - Plastics Materials and Processing	3.0
MFG 431 - Tool Design	3.0
MFG 434 - Introduction to Manufacturing Automation	3.0
MFG 480 - Process Planning and Systems Design	3.0
MFG 491A - Professional Seminar	0.5
MFG 491B - Professional Seminar	0.5

REQUIREMENT 2 Complete 3.0 hours from the following Courses

MFG 399R - Academic Internship *You may take up to 3 credit hours.*	3.0v

REQUIREMENT 3 Complete 12 Courses

Supporting courses:

C S 142 - Introduction to Computer Programming	3.0
CE EN 103 - Engineering Mechanics--Statics	3.0
CE EN 203 - Engineering Mechanics--Mechanics of Materials	3.0
CHEM 105 - General College Chemistry	4.0
ENG T 231 - Foundations of Global Leadership	3.0
ENGL 316 - Technical Communication	3.0

IT 318 - Electronics, Computers, and Manufacturing	3.0
MATH 313 - Elementary Linear Algebra	3.0
ME EN 250 - Science of Engineering Materials	3.0
ME EN 272 - Engineering Graphics--Principles and Applications	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0
TECH 312 - Exploration in Innovation Design Techniques	1.0

✔ **REQUIREMENT 4** Complete 1 Course

MATH 112 - Calculus 1	4.0

✔ **REQUIREMENT 5** Complete 1 Course

PHSCS 121 - Introduction to Newtonian Mechanics	3.0

✔ **REQUIREMENT 6** Complete 2 Courses

ME EN 475 - Integrated Product and Process Design 1	3.0
ME EN 476 - Integrated Product and Process Design 2	3.0

✔ **REQUIREMENT 7**

Complete department packet and exit interview.

MATH 447 - Introduction to Partial Differential Equations	3.0
MATH 450 - Combinatorics	3.0
MATH 451 - Introduction to Topology	3.0
MATH 465 - Differential Geometry	3.0
MATH 473 - Group Representation Theory	3.0
MATH 485 - Mathematical Cryptography	3.0
MATH 487 - Number Theory	3.0
MATH 495R - Readings in Mathematics	2.0v
MATH 499R - Senior Thesis	3.0v
MATH 510 - Numerical Methods for Linear Algebra	3.0
MATH 511 - Numerical Methods for Partial Differential Equations	3.0
MATH 513R - Advanced Topics in Applied Mathematics	3.0
MATH 521 - Methods of Applied Mathematics 1	3.0
MATH 522 - Methods of Applied Mathematics 2	3.0
MATH 532 - Complex Analysis	3.0
MATH 534 - Introduction to Dynamical Systems 1	3.0
MATH 540 - Linear Analysis	3.0
MATH 541 - Real Analysis	3.0
MATH 543 - Advanced Probability 1	3.0
MATH 544 - Advanced Probability 2	3.0
MATH 547 - Partial Differential Equations 1	3.0
MATH 553 - Foundations of Topology 1	3.0
MATH 554 - Foundations of Topology 2	3.0
MATH 561 - Introduction to Algebraic Geometry 1	3.0
MATH 562 - Introduction to Algebraic Geometry 2	3.0
MATH 565 - Differential Geometry	3.0
MATH 570 - Matrix Analysis	3.0
MATH 571 - Algebra 1	3.0
MATH 572 - Algebra 2	3.0
MATH 586 - Introduction to Algebraic Number Theory	3.0
MATH 587 - Introduction to Analytic Number Theory	3.0

✔ **REQUIREMENT 5**

Students are required to take either the GRE Mathematics Subject Test or the Mathematics Major Field Test the last semester before they graduate. The tests are ETS (Educational Testing Service) standardized assessment tests of undergraduate mathematics. Go to ETS Math Subject Test (http://www.ets.org/gre/subject/about/content/mathematics) or ETS Major Field Tests

(http://www.ets.org/mft/about/content/mathematics) for a test description and sample problems. These tests do not appear on the transcript or affect the GPA.

Students must participate in an exit interview before graduation.

✔ **RECOMMENDED** Complete 3 Courses

ECON 110 - Economic Principles and Problems	3.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0

Note 1: The courses recommended above can be used to fill General Education requirements.

Note 2: Students who continue toward graduate work should complete Math 372 or Math 473, as well as Math 541 and Math 553.

Note 3: Students who do not plan to pursue a Ph.D. in mathematics are strongly encouraged to complete CS 235.

Program Outcomes

Mathematics Fundamentals

Demonstrate basic mathematical understanding and computational skills in calculus, linear algebra, and differential equations.

Effective Reasoning and Communication

Explain and criticize mathematical reasoning through speaking and writing in a precise and articulate manner.

Mid-Level Mathematics

Demonstrate understanding of mid-level undergraduate mathematics including abstract algebra, complex analysis, and advanced calculus.

Advanced Mathematics

Demonstrate a breadth and depth of knowledge in a coherent group of advanced mathematical topics.

Mathematics

Minor

Hours 20 - 22 Credit Hours

Program Requirements

Grades of C- or below will not be accepted.

Grades of C- or below will not be accepted.

✔ REQUIREMENT 1 Complete 4 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 290 - Fundamentals of Mathematics	3.0
MATH 313 - Elementary Linear Algebra	3.0

✔ REQUIREMENT 2 Complete 1 Course

MATH 302 - Mathematics for Engineering 1	4.0
MATH 314 - Calculus of Several Variables	3.0

✔ REQUIREMENT 3 Complete 1 Course

Complete one course from the following: Math 303, 334, 341, 342, 352, 355, 362, 371, 372. Or, complete one 400- or 500-level mathematics course of three credit hours or more except Math 495R, 499R, or 500.

MATH 303 - Mathematics for Engineering 2	4.0
MATH 334 - Ordinary Differential Equations	3.0
MATH 341 - Theory of Analysis 1	3.0
MATH 342 - Theory of Analysis 2	3.0
MATH 352 - Introduction to Complex Analysis	3.0
MATH 355 - Graph Theory	3.0
MATH 362 - (Math-MthEd) Survey of Geometry	3.0
MATH 371 - Abstract Algebra 1	3.0
MATH 372 - Abstract Algebra 2	3.0
MATH 406R - Topics in Mathematics	3.0
MATH 410 - Introduction to Numerical Methods	3.0
MATH 411 - Numerical Methods	3.0
MATH 425 - Mathematical Biology	3.0
MATH 431 - (Math - EC En 370) Probability Theory	3.0
MATH 435 - Mathematical Finance	3.0
MATH 447 - Introduction to Partial Differential Equations	3.0

MATH 450 - Combinatorics	3.0
MATH 451 - Introduction to Topology	3.0
MATH 465 - Differential Geometry	3.0
MATH 473 - Group Representation Theory	3.0
MATH 485 - Mathematical Cryptography	3.0
MATH 487 - Number Theory	3.0
MATH 510 - Numerical Methods for Linear Algebra	3.0
MATH 511 - Numerical Methods for Partial Differential Equations	3.0
MATH 513R - Advanced Topics in Applied Mathematics	3.0
MATH 521 - Methods of Applied Mathematics 1	3.0
MATH 522 - Methods of Applied Mathematics 2	3.0
MATH 532 - Complex Analysis	3.0
MATH 534 - Introduction to Dynamical Systems 1	3.0
MATH 540 - Linear Analysis	3.0
MATH 541 - Real Analysis	3.0
MATH 543 - Advanced Probability 1	3.0
MATH 544 - Advanced Probability 2	3.0
MATH 547 - Partial Differential Equations 1	3.0
MATH 553 - Foundations of Topology 1	3.0
MATH 554 - Foundations of Topology 2	3.0
MATH 561 - Introduction to Algebraic Geometry 1	3.0
MATH 562 - Introduction to Algebraic Geometry 2	3.0
MATH 565 - Differential Geometry	3.0
MATH 570 - Matrix Analysis	3.0
MATH 571 - Algebra 1	3.0
MATH 572 - Algebra 2	3.0
MATH 586 - Introduction to Algebraic Number Theory	3.0
MATH 587 - Introduction to Analytic Number Theory	3.0

Mathematics: Applied and Computational Mathematics

BS

Hours	70 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 8 Courses

Complete the following pre-core requirements before junior year:

C S 142 - Introduction to Computer Programming	3.0
MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 290 - Fundamentals of Mathematics	3.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0
MATH 334 - Ordinary Differential Equations	3.0
MATH 341 - Theory of Analysis 1	3.0

REQUIREMENT 2 Complete 4 Courses

Complete the following core requirements during fall semester, junior year:

MATH 320 - Algorithm Design and Optimization 1	3.0
MATH 321 - Algorithm Design and Optimization 1 Laboratory	1.0
MATH 344 - Mathematical Analysis 1	3.0
MATH 345 - Mathematical Analysis 1 Laboratory	1.0

REQUIREMENT 3 Complete 4 Courses

Complete the following core requirements during winter semester, junior year:

MATH 322 - Algorithm Design and Optimization 2	3.0
MATH 323 - Algorithm Design and Optimization 2 Laboratory	1.0
MATH 346 - Mathematical Analysis 2	3.0
MATH 347 - Mathematical Analysis 2 Laboratory	1.0

REQUIREMENT 4 Complete 4 Courses

Complete the following core requirements during spring/summer terms, junior year:

MATH 402 - Modeling with Uncertainty and Data 1	3.0
MATH 403 - Modeling with Uncertainty and Data 1 Laboratory	1.0
MATH 436 - Modeling with Dynamics and Control 1	3.0
MATH 437 - Modeling with Dynamics and Control 1 Laboratory	1.0

Completion of an internship during fall semester, senior year is strongly recommended.

✔ **REQUIREMENT 5** Complete 4 Courses

Complete the following core requirements during winter semester, senior year:

MATH 404 - Modeling with Uncertainty and Data 2	3.0
MATH 405 - Modeling with Uncertainty and Data 2 Laboratory	1.0
MATH 438 - Modeling with Dynamics and Control 2	3.0
MATH 439 - Modeling with Dynamics and Control 2 Laboratory	1.0

✔ **REQUIREMENT 6**

Students are required to complete a concentration in an area to which the mathematical and computational tools that they are learning can be applied. The list of the Approved Concentrations is found at http://math.byu.edu/concentrations.

Note: The core courses for the junior year listed above will be offered for the first time in the 2013-2014 academic year.

Program Outcomes

Please contact the individual department for outcome information.

Top

Mathematics Education

BS

Hours	77 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements.

✔ REQUIREMENT 1 Complete 6 Courses

Core requirements. Note 1: Prerequisites for all mathematics education courses will be strictly adhered to. Note 2: FBI fingerprint and background clearance must be completed prior to enrollment in MthEd 276.

MTHED 177 - Critical Review of School Mathematics	3.0
MTHED 276 - Exploration of Mathematics Teaching	4.0
MTHED 277 - Task Design and Assessment of Student Understanding	3.0
MTHED 308 - Mathematics Teaching with Technology	3.0
MTHED 377 - Mathematics Teaching in the Public Schools	3.0
MTHED 378 - Practicum in Mathematics Education	1.0

✔ REQUIREMENT 2 Complete 12 Courses

Note: Math 112 and 113 must be honors sections.

MATH 112 - Honors Calculus 1	4.0
MATH 113 - Honors Calculus 2	4.0
MATH 290 - Fundamentals of Mathematics	3.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0
MATH 334 - Ordinary Differential Equations	3.0
MATH 341 - Theory of Analysis 1	3.0
MATH 371 - Abstract Algebra 1	3.0
MATH 300 - (Math-MthEd) History and Philosophy of Mathematics	3.0
MTHED 301 - Teaching Statistics and Probability	3.0

MATH 362 - (Math-MthEd) Survey of Geometry	3.0
STAT 121 - Principles of Statistics	3.0

✔ **REQUIREMENT 3** Complete 1 Course

MATH 355 - Graph Theory	3.0
MATH 450 - Combinatorics	3.0
MATH 487 - Number Theory	3.0

A teaching minor is not needed for licensure. However, students interested in teaching an academic subject in addition to mathematics should consider pursuing a teaching minor in that discipline.

✔ **REQUIREMENT 4** Complete 2 Options

Professional Education Component:

Licensure requirements: Contact Education Student Services, 350 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 4.1** Complete 3 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 4.2** Complete 12.0 hours from the following Courses

MTHED 476 - Secondary Student Teaching in Mathematics	12.0
MTHED 496 - Academic Internship: Secondary Mathematics Education	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Mathematics

Graduates understand central concepts, tools of inquiry, and structures of the discipline of mathematics as well as core representations, canonical examples, and alternative algorithms germane to teaching secondary school mathematics.

Understanding of Mathematics Learners

Graduates understand that students develop mathematical knowledge by building on prior knowledge and experience; that students differ cognitively, linguistically, socially, emotionally, and physically; and that students learn best when given regular opportunities to reason about and make sense of mathematics in an environment of high expectations and strong support.

Instructional Design for Mathematics Learning

Graduates understand how to design learning environments and mathematical experiences that engage all students in the exploration and development of mathematical ideas, as well as how to

effectively foster these environments and orchestrate these experiences by promoting conceptual understanding, procedural fluency, and authentic mathematical practices.

Assessment of Mathematical Learning

Graduates understand how to design and use formative and summative assessments that monitor student progress, inform instructional decisions, and engage students in assessing their own mathematical learning.

Professionalism

Graduates demonstrate professionalism through maintaining appropriate relationships and behavior in the school setting, and by seeking opportunities to improve practice and advance the profession through reflecting on practice, soliciting and incorporating feedback, and contributing to professional, school, and community organizations.

Spiritual Stewardship

Graduates seek integrity between their personal and professional lives consistent with the restored gospel of Jesus Christ by recognizing all students as children of God and striving to nurture their divine potential; applying gospel-centered principles of teaching and learning to family relationships, gospel service, and involvement in the community; and serving as examples of a Christ-centered life within their spheres of influence.

Mathematics Education

Minor

Hours 33 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

For students accepted into the minor after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements.

REQUIREMENT 1 Complete 10 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 290 - Fundamentals of Mathematics	3.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 362 - (Math-MthEd) Survey of Geometry	3.0
MTHED 177 - Critical Review of School Mathematics	3.0
MTHED 277 - Task Design and Assessment of Student Understanding	3.0
MTHED 308 - Mathematics Teaching with Technology	3.0
MTHED 377 - Mathematics Teaching in the Public Schools	3.0
MTHED 378 - Practicum in Mathematics Education	1.0

REQUIREMENT 2 Complete 1 Course

MTHED 301 - Teaching Statistics and Probability	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

Program Outcomes

Mechanical Engineering

BS

Hours	101.5 - 102.5 Credit Hours
LEP	Limited Enrollment Program of 640 Students. Application Website
MAP	Major Academic Plan

Program Requirements

On gaining acceptance into the professional program, students must maintain a minimum university cumulative grade point average of 2.0.

No more than 6 credit hours of grades below C- in major courses may be applied toward graduation.

A professional program course may not be retaken more than once.

✔ **REQUIREMENT 1** Complete 4 Courses

BIO 100 - Principles of Biology	3.0
CHEM 105 - General College Chemistry	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0

✔ **REQUIREMENT 2** Complete 1 Option

Mathematics core sequences:

✔ **OPTION 2.1** Complete 4 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 302 - Mathematics for Engineering 1	4.0
MATH 303 - Mathematics for Engineering 2	4.0

✔ **OPTION 2.2** Complete 5 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0
MATH 334 - Ordinary Differential Equations	3.0

✔ **REQUIREMENT 3** Complete 5 Courses

Preprofessional engineering courses:

CE EN 203 - Engineering Mechanics--Mechanics of Materials	3.0

CE EN 204 - Engineering Mechanic--Dynamics	3.0
EC EN 301 - Elements of Electrical Engineering	3.0
ME EN 101 - Static Systems in Mechanical Engineering	3.0
ME EN 191 - New Student Seminar	0.5

✔ **REQUIREMENT 4** Complete 14 Courses

Professional mechanical engineering core:

ME EN 250 - Science of Engineering Materials	3.0
ME EN 272 - Engineering Graphics--Principles and Applications	3.0
ME EN 273 - Introduction to Scientific Computing and Computer-Aided Engineering	3.0
ME EN 312 - Fluid Mechanics	3.0
ME EN 321 - Thermodynamics	3.0
ME EN 330 - Design of Mechatronic Systems	3.0
ME EN 335 - Dynamic System Modeling and Analysis	3.0
ME EN 340 - Heat Transfer	3.0
ME EN 362 - Engineering Measurements	2.0
ME EN 372 - Mechanical System Design Fundamentals	3.0
ME EN 382 - Manufacturing Processes	3.0
ME EN 393 - Professional Skills in Mechanical Engineering	1.0
ME EN 475 - Integrated Product and Process Design 1	3.0
ME EN 476 - Integrated Product and Process Design 2	3.0

✔ **REQUIREMENT 5** Complete 3 Courses

Supporting courses:

ENG T 231 - Foundations of Global Leadership	3.0
ENGL 316 - Technical Communication	3.0
STAT 201 - Statistics for Engineers and Scientists	3.0

✔ **REQUIREMENT 6** Complete 12.0 hours from the following Options

Complete the 12-hour requirement with courses from the following:

Complete 12 hours (four courses) of technical electives.

The purpose of these courses is to strengthen the engineering education of the student by a) deepening the student's understanding of engineering and/or science fundamentals, b) helping the student learn to apply engineering fundamentals in specific areas of interest, and/or c) helping the student to develop critical skills related to engineering practice.

The technical electives are normally 400-level or higher mechanical engineering courses, but other courses may be used as long as the following requirements are met:

At least two courses (6 credit hours) must be in mechanical engineering

No courses may be below the 300 level.

A maximum of 3 credit hours in Me En 497R or other independent project courses may be applied to meet technical elective requirements.

All courses must be of an acceptable level from mechanical engineering, civil engineering, chemical engineering, mathematics, statistics, physics, chemistry, or be

on the approved elective list in the department office. If a student wishes to count a course outside these areas as an elective, approval must be granted before the course is taken. Approval is requested by submitting a one-page petition to the department undergraduate committee that lists all of the proposed electives and demonstrates how the proposed exception meets the purposes described above.

No course used to satisfy other major requirements for graduation may be used as an elective.

✔ **OPTION 6.1** Complete up to 12.0 hours from the following Groups

A. General Elective Option

✔ **GROUP 6.1.1** Complete up to 12.0 hours from the following Courses

ME EN 412 - Applications of Fluid Dynamics	3.0
ME EN 415 - Applied Aerodynamics and Flight Mechanics	3.0
ME EN 422 - Applied Thermodynamics	3.0
ME EN 425 - Internal Combustion Engines	3.0
ME EN 426 - Gas Turbine and Jet Engine Design	3.0
ME EN 431 - (Me En-EC En 483) Design of Control Systems	4.0
ME EN 437 - Kinematics	3.0
ME EN 452 - Intermediate Materials	3.0
ME EN 456 - Composite Material Design	3.0
ME EN 471 - Computer-Aided Engineering Applications	3.0
ME EN 472 - Mechanical Systems Design Applications	3.0
ME EN 477 - Design for Manufacture and Assembly	3.0
ME EN 482 - Manufacturing Systems Analysis and Design	3.0
ME EN 486 - Automation	3.0
ME EN 495R - Mentored Learning for Undergraduate Coursework in Mechanical Engineering	6.0v
ME EN 497R - Mentored Learning for Undergraduate Projects in Mechanical Engineering	3.0v
ME EN 499R - Honors Thesis	6.0v
ME EN 500 - (MeEn-CEEn) Design and Materials Applications	3.0
ME EN 501 - (MeEn-CEEn) Stress Analysis and Design of Mechanical Structures	3.0
ME EN 503 - (MeEn-CEEn) Plasticity and Fracture	3.0
ME EN 504 - (Me En-CE En) Computer Structural Analysis and Optimization	3.0
ME EN 505 - Applied Engineering Math	3.0
ME EN 507 - (Me En-CE En) Linear Finite Element Methods	3.0
ME EN 508 - (Me En-CE En) Structural Vibrations	3.0
ME EN 510 - Compressible Fluid Flow	3.0
ME EN 512 - Intermediate Fluid Dynamics	3.0
ME EN 521 - Intermediate Thermodynamics	3.0
ME EN 522 - Combustion	3.0
ME EN 523 - (Me En-CE En) Aircraft Structures	3.0
ME EN 534 - Dynamics of Mechanical Systems	3.0
ME EN 535 - Mechanical Vibrations	3.0
ME EN 537 - Advanced Mechanisms, Robotics	3.0
ME EN 538 - Compliant Mechanisms	3.0
ME EN 540 - Intermediate Heat and Mass Transfer	3.0
ME EN 541 - Computational Fluid Dynamics and Heat Transfer	3.0
ME EN 550 - (Me En-EC En) Microelectromechanical Systems (MEMS)	3.0
ME EN 552 - Neuromechanics of Movement	3.0
ME EN 555 - Introduction to Biomechanics	3.0
ME EN 558 - Metallurgy	3.0
ME EN 561 - (Me En-Phscs) Fundamentals of Acoustics	3.0

ME EN 562 - (Me En-Phscs 660) Acoustic Systems	3.0
ME EN 570 - (Me En-CE En) Computer-Aided Engineering Software Development	3.0
ME EN 574 - Product Development Automation	3.0
ME EN 575 - (Me En-CE En) Optimization Techniques in Engineering	3.0
ME EN 576 - Product Design	3.0
ME EN 578 - CAD/Cam Applications	3.0
ME EN 579 - Global Product Development	3.0
ME EN 584 - Manufacturing Process Machine Design	3.0
ME EN 585 - Manufacturing Competitiveness: Quality and Productivity	3.0
ME EN 595R - Topics in Mechanical Design	18.0v
ME EN 595R - Topics in Materials	18.0v
ME EN 595R - Special Topics in Mechanical Engineering	18.0v
ME EN 595R - Advanced Dynamics	18.0v

✔ **GROUP 6.1.2** Complete up to 6.0 hours from the following Courses

CE EN 300A - Civil and Environmental Engineering Seminar	0.5
CE EN 300B - Civil and Environmental Engineering Seminar	0.5
CE EN 304 - Civil Engineering Materials: Metals, Woods, and Composites	1.5
CE EN 306 - Civil Engineering Materials: Concrete, Masonry, and Asphalt	1.5
CE EN 321 - Structural Analysis	3.0
CE EN 332 - Hydraulics and Fluid Flow Theory	3.0
CE EN 341 - Elementary Soil Mechanics	3.0
CE EN 351 - Environmental Engineering	3.0

✔ **GROUP 6.1.3** Complete up to 6.0 hours from the following Courses

BUS M 430 - Introduction to International Business	3.0
CFM 412 - Construction Scheduling and Cost Control	3.0
GEOL 440 - Solid Earth Geophysics	3.0
IT 444 - (Not currently offered)	
IT 548 - Mechatronics	3.0
MFG 340 - Quality Systems in Manufacturing	3.0
MFG 355 - Plastics Materials and Processing	3.0
MFG 431 - Tool Design	3.0
MFG 434 - Introduction to Manufacturing Automation	3.0
MFG 480 - Process Planning and Systems Design	3.0
MFG 531 - Advanced Computer-Aided Manufacturing Programming	3.0
MFG 532 - Manufacturing Systems	3.0
MFG 555 - Composite Materials and Processes	3.0
MFG 574 - Advanced Tool Design	3.0
MFG 580 - Manufacturing Simulation	3.0
MFG 672 - (Not currently offered)	
PDBIO 305 - Human Physiology (with lab)	4.0

✔ **OPTION 6.2** Complete up to 12.0 hours from the following Groups

B. Manufacturing Option

The Society of Manufacturing Engineers has identified four areas of competency for manufacturing engineering as follows: (1) materials and manufacturing processes; (2) process, assembly, and product engineering; (3) manufacturing competitiveness; and (4) manufacturing systems design.

An option in manufacturing engineering is available. It may be completed by taking the following 15 hours of technical electives:

✔ **GROUP 6.2.1** Complete 3.0 hours from the following Courses

ME EN 585 - Manufacturing Competitiveness: Quality and Productivity	3.0
MFG 532 - Manufacturing Systems	3.0

✔ **GROUP 6.2.2** Complete 3.0 hours from the following Courses

ME EN 482 - Manufacturing Systems Analysis and Design	3.0
ME EN 486 - Automation	3.0
ME EN 537 - Advanced Mechanisms, Robotics	3.0

✔ **GROUP 6.2.3** Complete 3.0 hours from the following Courses

ME EN 452 - Intermediate Materials	3.0
ME EN 456 - Composite Material Design	3.0
ME EN 477 - Design for Manufacture and Assembly	3.0
ME EN 558 - Metallurgy	3.0
ME EN 584 - Manufacturing Process Machine Design	3.0

✔ **GROUP 6.2.4** Complete 3.0 hours from the following Courses

ME EN 452 - Intermediate Materials	3.0
ME EN 456 - Composite Material Design	3.0
ME EN 477 - Design for Manufacture and Assembly	3.0
ME EN 482 - Manufacturing Systems Analysis and Design	3.0
ME EN 486 - Automation	3.0

ME EN 537 - Advanced Mechanisms, Robotics	3.0
ME EN 558 - Metallurgy	3.0
ME EN 584 - Manufacturing Process Machine Design	3.0
ME EN 585 - Manufacturing Competitiveness: Quality and Productivity	3.0
MFG 532 - Manufacturing Systems	3.0

When combined with required courses for all mechanical engineering majors related to manufacturing, namely Me En 250, 282, 475/476, and Stat 201, this option provides a strong foundation in manufacturing engineering.

Program Outcomes

Physical Phenomena

A basic understanding of fundamental physical phenomena and governing principles.

Mathematical Models

The ability to develop and solve mathematical models of fundamental physical phenomena and apply them to predict the behavior of engineering systems.

Engineering Principles and Design

The ability to use engineering principles to design an innovative system, component, or process that meets human needs.

Experimental Programs

The expertise to plan and conduct an experimental program and evaluate the results.

Engineering Tools

The ability to use modern engineering tools and techniques in engineering practice.

Manufacturing

An understanding of manufacturing processes and planning.

Effective Communication

Effective oral and written communication skills.

Working with Others

The ability to work with and lead others to accomplish goals.

Cultural Appreciation

An appreciation of history, philosophy, literature, science, and the fine arts and how they influence the culture and behavior of societies.

Moral and Ethical Standards

Personal behavior demonstrating and practicing high moral and ethical standards.

Global Environment

The ability to practice engineering in a global environment.

Life-Long Learning and Service

A desire and commitment for lifelong learning and service.

Hours	51 Credit Hours
LEP	Limited Enrollment Program of 240 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 1 Course

Pre-Media Arts course:

TMA 102 - Introduction to Film	3.0

✔ REQUIREMENT 2 Complete 4 Courses

Foundation courses:

TMA 105 - Using Basic Media Tools	1.0
TMA 112 - Collaboration, Research, and Visualization	3.0
TMA 114 - Reading and Constructing Narratives	3.0
TMA 185 - Basic Media Production	3.0

✔ REQUIREMENT 3 Complete 5 Courses

Media arts core courses:

TMA 291 - Media Arts History 1	3.0
TMA 292 - Media Arts History 2	3.0
TMA 293 - History of Documentary and Nonfiction Film	3.0
TMA 295 - History of the Moving Image	3.0
TMA 391 - Introduction to Media Arts Theory	3.0

✔ REQUIREMENT 4 Complete 1 Course

Advanced critical studies courses:

TMA 458 - Media Literacy Education	3.0
TMA 477R - Issues in Media Arts *You may take this course up to 1 time.*	3.0
TMA 492R - Media Arts Genres *You may take this course up to 1 time.*	3.0
TMA 494 - Transcendence: Religion and Film	3.0
TMA 497 - Media as a Mirror of Our Times	3.0
TMA 498R - Special Topics in Media Arts *You may take this course up to 1 time.*	3.0

✔ **REQUIREMENT 5** Complete 14.0 hours from the following Courses

Area of Study Courses: Complete 14 credit hours of upper-division course work from FACULTY ADVISOR-APPROVED courses in an area of study. These areas of study must be APPROVED IN WRITING by the student's faculty advisor before enrollment occurs. Please contact the department for possible study areas. Up to 8 hours of practica can be used to fill this requirement.

TMA 300 - Music Theatre in Contemporary Culture	1.0
TMA 301 - Contemporary Performance Practices	2.0
TMA 302 - Studies in British Theatre Performance	3.0
TMA 315R - Special Projects 2: Theatre	3.0v
TMA 315R - Special Projects 2	3.0v
TMA 315R - Special Projects 2: Assistant Stage Managers	3.0v
TMA 315R - Special Projects 2: Media	3.0v
TMA 315R - Special Projects 2: Young Company Teaching Artists	3.0v
TMA 316 - Theatre and Media Arts Instruction: Theatre	1.0
TMA 316 - Theatre and Media Arts Instruction	3.0v
TMA 316 - Theatre and Media Arts Instruction: Media	2.0
TMA 319 - Advanced Narrative Production	3.0
TMA 321 - Voice Over	2.0
TMA 322 - Classical Voice	2.0
TMA 323R - Kennedy Center American College Theatre Festival	1.0
TMA 324 - Acting Classics	3.0
TMA 325 - Stage Combat	2.0
TMA 326R - Divine Comedy	3.0v
TMA 328 - Script, Movement and Score Analysis	1.0
TMA 329 - Theatre and Film Acting Conservatory	3.0
TMA 330R - Assistant Directing	2.0
TMA 331 - Directing Narrative Literature	3.0
TMA 336 - Directing Principles and Practices	3.0
TMA 341R - Screenwriting 2	3.0
TMA 351 - Playwriting 2	3.0
TMA 352 - Drama in the Elementary Classroom	2.0
TMA 360R - Theatre Production 3	3.0v
TMA 360R - Theatre Production 3: Lights/Sound	3.0v
TMA 360R - Theatre Production 3: Costume/Makeup	3.0v
TMA 360R - Theatre Production 3: Stage Management	3.0v
TMA 360R - Theatre Production 3: Scenery/Props	3.0v
TMA 361 - Stage Management 1	2.0
TMA 362 - Costume Design	3.0
TMA 363 - Scenic Design	3.0
TMA 364 - Lighting Design	3.0
TMA 366R - Production Topics	3.0v
TMA 367 - Makeup Design	3.0
TMA 368 - Scenic Art	2.0
TMA 369R - Design and Technology Projects 1: Young Ambassadors	4.0v
TMA 369R - Design and Technology Projects 1: Production Stage Managers	4.0v
TMA 369R - Design Practicum	4.0v
TMA 369R - Design and Technology Projects 1: Assistant Stage Managers	1.0
TMA 370R - Practicum: Television	6.0v
TMA 372R - Media Collaboration	3.0v
TMA 375 - Theory and Practice of Teaching Drama in Elementary Classrooms	2.0
TMA 377A - Theatre Methods and Instruction: Design	2.0

TMA 377B - Theatre Methods and Instruction: Secondary Curriculum	2.0
TMA 377C - Theatre Methods and Instruction: Applied Theatre	2.0
TMA 377D - Theatre Methods and Instruction: Elementary Curriculum	2.0
TMA 378R - New Media Producing and Directing	3.0
TMA 379R - Design Studio	2.0
TMA 380 - Dramaturgy 1	3.0
TMA 384R - Practicum: Cinematic Skills	6.0v
TMA 388R - Media Arts Crew	3.0v
TMA 389R - Producing Symposium	3.0
TMA 391 - Introduction to Media Arts Theory	3.0
TMA 392 - Children's Media	3.0
TMA 394 - Intermediate Nonfiction Production	3.0
TMA 395 - Dramatic Literature 1	3.0
TMA 396 - Dramatic Literature 2	3.0
TMA 397 - Dramatic Literature 3	3.0
TMA 399R - Academic Internship: Media	9.0v
TMA 399R - Academic Internship: Theatre	9.0v
TMA 399R - Academic Internship	9.0v
TMA 410 - Acting Capstone	3.0v
TMA 416R - Teaching Assistant Credit	3.0v
TMA 416R - Teaching Assistant Credit: Theatre	3.0v
TMA 416R - Teaching Assistant Credit: Media	3.0v
TMA 419A - Advanced Narrative Directing A	3.0
TMA 419B - Advanced Narrative Directing B	3.0v
TMA 420R - Performance Workshop 2	3.0v
TMA 421 - The Business: Marketing Yourself as a Performer	1.0
TMA 422 - Dialects	2.0
TMA 423R - Advanced Kennedy Center American College Theatre Festival	3.0v
TMA 424 - Advanced Acting	3.0
TMA 425 - Character Mask	2.0
TMA 426 - Music Dance Theatre: Senior Performance Project	1.0
TMA 427 - Auditions	3.0
TMA 429 - Performance: Recital	3.0
TMA 436 - Theatre Directing Practicum	3.0
TMA 441R - Screenwriting 3	3.0
TMA 443R - Writer/Dramaturg/Actor Workshop	3.0
TMA 451R - Playwriting 3	3.0
TMA 455R - Theatre Tour	3.0
TMA 457 - Media in the Contemporary Classroom	3.0
TMA 458 - Media Literacy Education	3.0
TMA 460 - Porfolio	2.0
TMA 461R - Stage Management 2	3.0v
TMA 462 - History of Costume	3.0
TMA 463 - Production Design	2.0
TMA 465 - Sound Reinforcement	2.0
TMA 467R - Makeup Projects	6.0v
TMA 468R - Specialty Costumes: Dyes, Paint, and Fabric	6.0v
TMA 468R - Fabric Dyes and Paints	6.0v
TMA 468R - Specialty Costumes: Millinery and Mask	6.0v
TMA 468R - Millinery and Footwear	6.0v
TMA 468R - Specialty Costumes	6.0v
TMA 468R - Jewelry, Armor, and Masks	6.0v
TMA 468R - Clothing Understructures	6.0v
TMA 469 - Theatre Management	3.0

TMA 473R - Writer/Director Workshop (Narrative)	3.0v
TMA 474R - Writer/Director Workshop (Nonfiction)	3.0v
TMA 475R - Media Arts Capstone	3.0v
TMA 476 - Secondary Student Teaching	12.0
TMA 477R - Issues in Media Arts	3.0
TMA 479R - Advanced Design: Costumes	3.0v
TMA 479R - Advanced Design: Scenic	3.0v
TMA 479R - Advanced Design: Lighting	3.0v
TMA 479R - Advanced techniques in performance design for sound	3.0v
TMA 479R - Advanced Design	3.0v
TMA 479R - Advanced Design: Makeup	3.0v
TMA 480R - Special Topics in Theatre Research	3.0
TMA 483 - Dramaturgy 2	3.0
TMA 485R - Production Dramaturgy	3.0v
TMA 489R - Design for Production	6.0v
TMA 491 - Ethics, Aesthetics, and Theology	1.0
TMA 492R - Media Arts Genres	3.0
TMA 494 - Transcendence: Religion and Film	3.0
TMA 496R - Academic Internship	9.0v
TMA 496R - Academic Internship: Media	9.0v
TMA 496R - Academic Internship: Theatre	9.0v
TMA 497 - Media as a Mirror of Our Times	3.0
TMA 498R - Special Topics in Media Arts	3.0
TMA 515R - Special Projects 3	6.0v
TMA 515R - Special Projects 3: Media	6.0v
TMA 515R - Special Projects 3: Theatre	6.0v
TMA 536R - Directing Workshop	3.0v
TMA 551R - Playwriting 4	3.0
TMA 561R - Stage Management Project	6.0v
TMA 599R - Academic Internship: Media	9.0v
TMA 599R - Academic Internship: Theatre	9.0v
TMA 599R - Academic Internship	9.0v

✔ **REQUIREMENT 6** Complete 6.0 hours from the following Courses

Area of Study Courses: Complete an additional 6 credit hours of course work from FACULTY ADVISOR-APPROVED courses in an area of study. These areas of study must be APPROVED IN WRITING by the student's faculty advisor before enrollment occurs. Please contact the department for possible study areas. Up to 8 hours of practica can be used to fill this requirement.

TMA 100 - Introduction to Visual Literacy	3.0
TMA 101 - Introduction to the Theatre	3.0
TMA 104 - New Media Tools	2.0
TMA 110 - Media Arts Experience	1.0
TMA 115 - Introduction to Performance Studies	3.0
TMA 121 - Voice and Diction	2.0
TMA 122 - Voice Production and Phonetics 1	2.0
TMA 123 - Acting Fundamentals	2.0
TMA 125 - Yoga and Alexander Technique	1.0
TMA 127 - Beginning Stage Combat	1.0
TMA 128 - Acting 1: BFA or Pre-BFA	3.0
TMA 160 - Theatre Production 1	1.0
TMA 170R - Practicum: Television	6.0v

TMA 184R - Practicum: Cinematic Skills	6.0v
TMA 187 - Production Management: Beginning	3.0
TMA 199R - Academic Internship: Theatre	3.0v
TMA 199R - Academic Internship	3.0v
TMA 199R - Academic Internship: Media	3.0v
TMA 201 - Dramatic Performance: Antiquity to Renaissance	3.0
TMA 202 - Dramatic Performance: Renaissance to the Present	3.0

TMA 494 - Transcendence: Religion and Film	3.0

TMA 496R - Academic Internship: Media	9.0v
TMA 496R - Academic Internship: Theatre	9.0v
TMA 496R - Academic Internship	9.0v
TMA 497 - Media as a Mirror of Our Times	3.0
TMA 498R - Special Topics in Media Arts	3.0

Note: Students are strongly encouraged to work with their mentor to identify a group of related courses (or minors) in other departments which will provide skills and post-graduate preparation.

Program Outcomes

Media Arts History, Concepts, and Processes

Students will demonstrate a comprehension of core concepts, processes, history and criticism of fiction, non-fiction and new media forms.

Ethics, Collaboration and Spirituality

Students will demonstrate personal ethics, collaborative skills, and spiritual sensitivities relevant to media arts.

Skill Development

Students will demonstrate analytical, conceptual and technical skills in a variety of media.

Development of a Personal Creative Voice

Students will integrate knowledge of media arts history, concepts and processes into a personal approach to media analysis and creation.

Career Development

Students will practice a variety of activities that prepare them for graduate studies, teaching opportunities, professional production or other media related work.

Minor

Hours	23 Credit Hours
LEP	Limited Enrollment Program of 240 Students. Application Website

Program Requirements

REQUIREMENT 1 Complete 1 Option

Complete the following with a B grade or better:

OPTION 1.1 Complete 1 Course

TMA 102 - Introduction to Film	3.0

Be admitted to the minor program by application (see department office, D-581 HFAC).

REQUIREMENT 2 Complete 1 Option

Upon acceptance into the minor program, complete the following:

OPTION 2.1 Complete 4 Courses

TMA 105 - Using Basic Media Tools	1.0
TMA 112 - Collaboration, Research, and Visualization	3.0
TMA 114 - Reading and Constructing Narratives	3.0
TMA 185 - Basic Media Production	3.0

REQUIREMENT 3 Complete 1 Course

TMA 291 - Media Arts History 1	3.0
TMA 292 - Media Arts History 2	3.0
TMA 293 - History of Documentary and Nonfiction Film	3.0

REQUIREMENT 4 Complete 3.0 hours from the following Courses

Advanced critical studies courses:

TMA 458 - Media Literacy Education	3.0
TMA 477R - Issues in Media Arts *You may take this course up to 1 time.*	3.0
TMA 492R - Media Arts Genres *You may take this course up to 1 time.*	3.0
TMA 494 - Transcendence: Religion and Film	3.0
TMA 497 - Media as a Mirror of Our Times	3.0
TMA 498R - Special Topics in Media Arts	3.0

You may take this course up to 1 time.

✔ **REQUIREMENT 5** Complete 1 Option

Electives:

✔ **OPTION 5.1** Complete 4.0 hours from the following Courses

TMA 274 - (Not currently offered)	
TMA 277 - New Media Conceptualization	3.0
TMA 293 - History of Documentary and Nonfiction Film	3.0
TMA 295 - History of the Moving Image	3.0
TMA 370R - Practicum: Television *You may take this course up to 1 time.*	6.0v
TMA 384R - Practicum: Cinematic Skills *You may take this course up to 2 times.*	6.0v
TMA 387 - Production Management: Advanced	3.0
TMA 391 - Introduction to Media Arts Theory	3.0
TMA 392 - Children's Media	3.0
TMA 458 - Media Literacy Education	3.0
TMA 477R - Issues in Media Arts *You may take this course up to 1 time.*	3.0
TMA 492R - Media Arts Genres *You may take this course up to 1 time.*	3.0
TMA 494 - Transcendence: Religion and Film	3.0
TMA 497 - Media as a Mirror of Our Times	3.0
TMA 498R - Special Topics in Media Arts *You may take this course up to 1 time.*	3.0

Note: Courses without an R in the course number may not be used to fulfill this requirement if taken to fill requirements in item 3 or 4 above.

Program Outcomes

Please contact the individual department for outcome information.

Medical Laboratory Science

BS

Hours	74 Credit Hours
LEP	Limited Enrollment Program of 70 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 12 Courses

Program Prerequisites:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
MMBIO 102 - Introduction to Clinical Laboratory Techniques	1.0
MMBIO 121 - General Biology: Health and Disease	3.0
MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
MMBIO 261 - Infection and Immunity	3.0
PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PWS 340 - Genetics	3.0

✔ REQUIREMENT 2 Complete 11 Courses

Program courses:

MMBIO 392 - Hematology	2.5
MMBIO 393 - Immunohematology and Coagulation Theory	2.5
MMBIO 394 - Practical Hematology	2.0
MMBIO 395 - Practical Immunohematology and Coagulation Theory	2.0
MMBIO 407 - Clinical Microbiology	4.0
MMBIO 417 - Medical Parasitology	3.0
MMBIO 422 - Pathophysiology and Laboratory Diagnosis in Clinical Chemistry	2.5
MMBIO 423 - Pathophysiology and Lab Diagnosis in Clinical Chemistry and Molecular Diagnostics	2.5
MMBIO 424 - Diagnostic Techniques in Clinical Chemistry	2.0
MMBIO 425 - Diagnostic Techniques in Clinical Chemistry and Molecular Biology	2.0
MMBIO 491 - Concept Applications in Laboratory Medicine	1.0

✔ REQUIREMENT 3 Complete 2.0 hours from the following Courses

Complete an internship experience. During one semester and one term, complete at least 2 hours from the following:

MMBIO 496R - Clinical Experience *You may take up to 2 credit hours.*	9.0v

✔ REQUIREMENT 4

Complete an exit interview.

✔ REQUIREMENT 5

Pass the BYU comprehensive exam offered during the clinical experience.

✔ RECOMMENDED Complete 2 Courses

Although not required, these courses are recommended.

ENGL 316 - Technical Communication	3.0
STAT 121 - Principles of Statistics	3.0

Program Outcomes

Laboratory Tests and Diagnostics

Demonstrate cognitive knowledge and perform the full range of clinical laboratory tests in the areas of hematology, clinical chemistry, immunohematology, microbiology, serology/immunology, coagulation, molecular diagnostics, laboratory operations, and other emerging diagnostics

Test Systems Development and Evaluation

Play a role in the development and evaluation of test systems and interpretative algorithms

Effective Communication

Communicate to enable consultative interactions with members of the healthcare team, external relations, customer service and patient education

Laboratory Management and Organization

Possess basic knowledge and skills in financial operations, marketing, and human resource management of the clinical laboratory to enable cost-effective, high-quality, value-added laboratory services

Information Processing and Management Systems

Evaluate information management systems to enable effective, timely, accurate, and cost-effective reporting of laboratory-generated information

Microbiology

BS

Hours	53 - 59 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 1 Course

BIO 130 - Biology	4.0
MMBIO 121 - General Biology: Health and Disease	3.0
PDBIO 120 - Science of Biology	2.0

✔ REQUIREMENT 2 Complete 4 Courses

MMBIO 151 - Introduction to Microbiology	4.0
MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
MMBIO 261 - Infection and Immunity	3.0

✔ REQUIREMENT 3 Complete 1 Option

Complete 3 courses from the following (at least 2 of which must have a lab component):

✔ OPTION 3.1 Complete 3 Courses

MMBIO 360 - Microbial Genetics	4.0
MMBIO 363 - Microbial Ecology	3.0
MMBIO 364 - Bacterial Pathogenesis	4.0
MMBIO 461 - Advanced Bacterial Physiology	3.0
MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0

Note 1: For MMBio 360, 363, and 364, lab registration is automatic and included in the course with the lecture. MMBio 463 and 465 can be taken with or without the MMBio 467 or 466 lab, respectively.

Note 2: It is recommended students take any courses not used to fill this requirement as electives.

✔ REQUIREMENT 4 Complete 4 Courses

Physical Science courses:

CHEM 105 - General College Chemistry	4.0

CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
PHSCS 105 - General Physics 1	3.0

✔ REQUIREMENT 5 Complete 1 Course

For medical school and some graduate schools, Chem 351, 352, 353, and 481 are required classes. These classes may be used as electives for the microbiology degree program (see below).

CHEM 285 - Introductory Bio-organic Chemistry	4.0
CHEM 351 - Organic Chemistry	3.0

✔ REQUIREMENT 6 Complete 1 Option

✔ OPTION 6.1 Complete 1 Course

Quantitative courses:

MATH 112 - Calculus 1	4.0
MATH 119 - Introduction to Calculus	4.0
STAT 121 - Principles of Statistics	3.0

Note: Math 119 is offered through BYU Independent Study.

✔ REQUIREMENT 7 Complete 14.0 hours from the following Options

✔ OPTION 7.1 Complete up to 14.0 hours from the following Courses

BIO 165 - Introduction to Bioinformatics	3.0
BIO 350 - Ecology	3.0
BIO 420 - Evolutionary Biology	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 463 - Genetics of Human Disease	3.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
MMBIO 110R - Extremophiles: Life in Extreme Environments	1.0
MMBIO 162R - Careers in Biomedical Sciences	1.0
MMBIO 390R - Readings in Molecular Biology *You may take up to 3 credit hours.*	1.0
MMBIO 417 - Medical Parasitology	3.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 441 - Advanced Molecular Biology	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0
MMBIO 466 - Virology Laboratory	1.0
MMBIO 467 - Immunology Lab	1.0
MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0
MMBIO 510 - History of Microbiology and Molecular Biology	2.0
MMBIO 512 - (Not currently offered)	
MMBIO 513 - Philosophy of Biology	2.0
MMBIO 514 - (Not currently offered)	
MMBIO 515 - RNA-Mediated Gene Regulation	2.0
MMBIO 516 - (Not currently offered)	

MMBIO 518 - Select Pathogens	2.0
MMBIO 565 - Molecular Virology	2.0
MMBIO 522 - (Not currently offered)	
MMBIO 528R - Current Topics in Pathogenesis *You may take this course up to 1 time.*	1.0
MMBIO 557 - Genes and Cancer	2.0
MMBIO 565 - Molecular Virology	2.0
NDFS 361 - Food Microbiology	3.0
PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PDBIO 325 - Tissue Biology (with lab)	3.0
PDBIO 360 - Cell Biology	3.0
PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PHSCS 106 - General Physics 2	3.0
PWS 340 - Genetics	3.0
PWS 365 - Environmental Microbiology and Biogeochemistry	3.0
PWS 514 - Soil Microbiology	2.0

✔ **OPTION 7.2** Complete up to 6.0 hours from the following Courses

Note: Only 6 total credits of MMBio 194A, 194B, 399R, 470R, and 494R will count toward major hours with a 4 credit hour maximum for each individual course. (More credit hours may be taken but they will not count towards major requirements.)

MMBIO 194A - Phage Hunters: Discovery	2.0
MMBIO 194B - Phage Hunters: Comparative Genomics	2.0
MMBIO 399R - Academic Internship *You may take up to 4 credit hours.*	9.0v
MMBIO 470R - Synthetic Biology *You may take up to 4 credit hours.*	2.0v
MMBIO 494R - Mentored Research *You may take up to 4 credit hours.*	3.0v

✔ **OPTION 7.3** Complete up to 14.0 hours from the following Courses

Courses not chosen previously in Requirement 3 above:

MMBIO 360 - Microbial Genetics	4.0
MMBIO 363 - Microbial Ecology	3.0
MMBIO 364 - Bacterial Pathogenesis	4.0
MMBIO 461 - Advanced Bacterial Physiology	3.0
MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0

✔ **REQUIREMENT 8**

Successfully pass the Biology Major Field Exam.

✔ **REQUIREMENT 9**

Complete an exit interview.

✔ **RECOMMENDED** Complete 5 Courses

Although not required, these courses are recommended.

ENGL 316 - Technical Communication	3.0
MATH 113 - Calculus 2	4.0

PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0

Note: Students desiring a minor in chemistry must take Chem 223 and 2 hours of Chem 353.

Program Outcomes

Microbiology Fundamentals

Exhibit mastery of four of the following six principal areas of the discipline: microbial physiology, microbial genetics, microbial ecology, medical microbiology, virology, and immunology.

Experiment Design

Devise experiments with appropriate hypotheses and controls.

Data and Research Interpretation

Interpret experiments from primary scientific (biological) literature, analyzing the use of the scientific method, critiquing the rationale, methods, and conclusions in light of relevant scientific principles.

Effective Communication

Communicate scientific information using both oral and written methods.

Biology, Faith, and Christ-like Living

Reflect/discuss/explore how faith in the Lord and Christ-like living are affected by an understanding of fundamental biological principles.

Microbiology

Minor

Hours 14 - 16 Credit Hours

Program Requirements

Note: Prerequisites for the following courses are required. They should be filled for students in a coupled major.

REQUIREMENT 1 Complete 2 Courses

MMBIO 151 - Introduction to Microbiology	4.0
MMBIO 261 - Infection and Immunity	3.0

REQUIREMENT 2 Complete 2 Courses

Note: At least one course must have a lab component.

MMBIO 360 - Microbial Genetics	4.0
MMBIO 363 - Microbial Ecology	3.0
MMBIO 364 - Bacterial Pathogenesis	4.0
MMBIO 461 - Advanced Bacterial Physiology	3.0
MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0

Program Outcomes

Please contact the individual department for outcome information.

Middle East Studies / Arabic

BA

Hours	54 - 69 Credit Hours
MAP	Major Academic Plan

Program Requirements

Important Note: In order to gain maximum academic benefit from the MESA curriculum, students should take lower-division (100- and 200-level) courses before taking upper-division (300- and 400-level) courses. Doing so will also help students avoid problems in scheduling classes during later semesters and in making timely progress toward graduation. For these purposes, by the end of the second semester as a MESA major, students are required to create a graduation plan and have it reviewed and approved by both the MESA faculty coordinator and advisor from the International and Area Studies Advisement Office.

✔ **REQUIREMENT 1** Complete 5 Courses

Complete the following gateway courses (i.e. prerequisites and basic skills): Note: Arab 101 and 102 may be waived for students with appropriate language experience.

ARAB 101 - First-Year Arabic	4.0
ARAB 102 - First-Year Arabic	4.0
MESA 201 - Introduction to Middle East Studies	3.0
MESA 250 - Introduction to the Religion of Islam	3.0
POLI 200 - Political Inquiry	4.0

✔ **REQUIREMENT 2** Complete 4 Courses

Complete the following prerequisites for Study Abroad:

ARAB 201 - Second-Year Arabic	4.0
ARAB 202 - Intermediate Arabic	4.0
GEOG 271 - Middle East	3.0
IHUM 242 - Introduction to the Humanities of the Islamic World	3.0

✔ **REQUIREMENT 3** Complete 5 Courses

Complete the one-semester Study Abroad program in the Arab world, during which the following Arabic language courses required for the major are completed:

ARAB 211R - Second-Year Conversation	2.0
ARAB 300 - Advanced Modern Standard Arabic	4.0
ARAB 302 - Newspaper Arabic	4.0
ARAB 311R - Third-Year Conversation	2.0
ARAB 331 - Spoken Arabic	4.0

✔ **REQUIREMENT 4** Complete 5 Courses

HIST 240 - Middle East History to 1800	3.0
HIST 241 - Middle East History from 1800	3.0
MESA 350 - Islam in Contemporary Society	3.0
MESA 495 - Senior Seminar in Middle East Studies	3.0
POLI 357 - Middle East: Political Systems	3.0

✔ **REQUIREMENT 5** Complete 6.0 hours from the following Options

✔ **OPTION 5.1** Complete 6.0 hours from the following Courses

Complete six hours from the following elective courses:

ANTHR 340 - Peoples of the Middle East	3.0
ANTHR 379 - Archaeology of Islam	3.0
FLANG 101R - First-Year Language Study: Persian	4.0
FLANG 101R - First-Year Language Study: Turkish	4.0
FLANG 102R - First-Year Language Study: Persian	4.0
FLANG 102R - First-Year Language Study: Turkish	4.0
HEB 101 - First-Year Modern Hebrew 1	4.0
HEB 102 - First-Year Modern Hebrew 2	4.0
HEB 201 - Second-Year Modern Hebrew 1	4.0
HIST 239 - Ancient Near East, 330 BC - 640 AD	3.0
HIST 244 - Jewish History: A.D. 70 to the Present	3.0
IAS 354R - Model Arab League Preparation	3.0v
IAS 399R - Academic Internship: International	9.0v
MESA 398R - Directed Middle East Study	3.0v
MESA 399R - Academic Internship	3.0v
MESA 451 - The Figure of Muhammad in Islamic Tradition	3.0
MESA 467R - Topics in Middle East Studies	3.0v
MESA 468R - Key Issues In Understanding the Middle East	3.0v
MESA 494 - Capstone Arabic	1.0
POLI 381 - International Relations of the Middle East	3.0
POLI 452 - Islam and Politics	3.0
POLI 474 - Arab-Palestinian-Israeli Conflict	3.0

Any other 300- or 400-level Arabic courses not already taken.

Note: Students with a second major in Arabic Language cannot double count the same upper-division Arabic courses for both the double major and for MESA elective credit.

✔ **RECOMMENDED**

Middle East/Government Service Track: Students interested in using their Arabic language expertise to work in government (Department of State, Central Intelligence Agency, National Security Agency, military services, Federal Bureau of Investigation, etc.) are strongly recommended to complete the following courses, some of which will count for general education credit.

ECON 110 - Economic Principles and Problems	3.0
POLI 110 - American Government and Politics	3.0
POLI 150 - Comparative Government and Politics	3.0
POLI 376 - U.S. Foreign Policy	3.0

✔ **RECOMMENDED**

Other courses to consider:

GEOG 341 - Political Geography	3.0
POLI 270 - Principles of International Relations	3.0
POLI 313 - Interest Groups	3.0
POLI 315 - Congress and the Legislative Process	3.0
POLI 321 - The Media in American Politics	3.0
POLI 371 - Foreign Policy Analysis	3.0
POLI 372 - International Political Economy	3.0
POLI 373 - International Law	3.0
POLI 375 - International Organizations	3.0
POLI 377 - National Security Affairs	3.0
POLI 378 - International Conflict	3.0
REL A 301 - The Old Testament	2.0
REL C 351 - Survey of World Religions	2.0

Students are strongly encouraged to complete an internship through the Washington Seminar or in the Middle East. The internship should enable the student to apply his or her Arabic language ability or interest in the Middle East or learn the workings of the U.S. Congress.

Program Outcomes

Succinct Analytical Writing

Write succinct analytical briefing papers on Middle Eastern events or topics in which they situate the event or topic in its broader context (geographical, political, religious, historical, etc.)

Substantive Research Papers

Write substantive research papers which integrate extensive background knowledge and personal experience in the Middle East

Oral Presentation

Explain and analyze Middle Eastern events or topics in a significant oral presentation.

Library/Internet Research

Perform skilled library and internet research on Middle Eastern topics

Speaking Proficiency

Speak an Arabic dialect at the ACTFL Advanced Level, demonstrating an ability to negotiate both survival and basic professional situations

Reading Proficiency

Read and understand Arabic newspapers fluently, specifically front page, international page and Arab World page news articles, without the use of a dictionary or other aids.

Arabic Research Sources

Research using Arabic sources.

Gospel principles of respect

Applies gospel principles of appreciation and respect for cultural and religious differences and similarities.

Cultural Proficiency

Exhibit understanding of Middle Eastern culture, humanities, geography, history, politics and religion while working in the Middle East for an extended period of time.

Modern Hebrew

Minor

Hours 22 - 30 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 2 Courses

Prerequisite courses:

HEB 101 - First-Year Modern Hebrew 1	4.0
HEB 102 - First-Year Modern Hebrew 2	4.0

REQUIREMENT 2 Complete 5 Courses

HEB 131 - First-Year Biblical Hebrew	4.0
HEB 201 - Second-Year Modern Hebrew 1	4.0
HEB 202 - Second-Year Modern Hebrew 2	4.0
HEB 301 - Third-Year Modern Hebrew 1	4.0
HEB 311R - Intermediate Conversation	2.0

REQUIREMENT 3 Complete 4.0 hours from the following Courses

HEB 132 - First-Year Biblical Hebrew	4.0
HEB 211R - Hebrew Conversation	2.0
HEB 302 - Third-Year Modern Hebrew 2	4.0
HEB 312 - Hebrew Media	4.0v
HEB 314R - Intermediate Hebrew Language in Jerusalem	3.0v
HEB 341R - Studies in Hebrew Culture	3.0v
HEB 346R - Israeli and Jewish Civilization	2.0v
HEB 411R - Advanced Conversation	4.0v

Program Outcomes

Speaking

Speak Modern Hebrew in a culturally appropriate way, in varied settings, at the American Council on the Teaching of Foreign Languages (ACTFL) Intermediate level (Direct 2, Indirect 1, 2). At this level, students can use present tense fully, and have a correct understanding of past and future tense. Intermediate speakers can converse comfortably in most normal social situations (see ACTFL guidelines, 2012).

In addition to the ACTFL guidelines, we follow the curriculum levels set by the Hebrew University of Jerusalem. We use many of the same textbooks that they use, and we test using the texts and grammatical standards outlined in those books.

Reading Comprehension

Read and comprehend ACTFL Intermediate level texts in Modern Hebrew, including newspapers and Modern Hebrew literature (Direct 3, Indirect 1). Students at this level can read and understand straighforward, non-complex texts (see ACTFL guidelines, 2012).

Writing

Express thoughts and ideas in written Modern Hebrew at the ACTFL Intermediate level (Direct 1,3, Indirect 1). Students at the intermediate level can meet practical writing needs, such as writing letters, messages, and requests for information. They can write correctly in simple Hebrew, using all tenses, about school projects or personal narratives (see ACTFL guidelines, 2012).

Molecular Biology

BS

Hours	56 - 60 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 1 Course

Introductory core courses:

BIO 130 - Biology	4.0
MMBIO 121 - General Biology: Health and Disease	3.0
PDBIO 120 - Science of Biology	2.0

✔ REQUIREMENT 2 Complete 3 Courses

Introductory core courses:

MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
PDBIO 360 - Cell Biology	3.0

✔ REQUIREMENT 3 Complete 8 Courses

Molecular biology courses:

BIO 165 - Introduction to Bioinformatics	3.0
BIO 420 - Evolutionary Biology	2.0
MMBIO 390R - Readings in Molecular Biology *You may take this course up to 1 time.*	1.0
MMBIO 441 - Advanced Molecular Biology	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0
MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0
MMBIO 490R - Molecular Biology Seminar *You may take this course up to 1 time.*	1.0
PWS 340 - Genetics	3.0

✔ REQUIREMENT 4 Complete 4 Courses

Physical science courses:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0

PHSCS 105 - General Physics 1	3.0

✔ REQUIREMENT 5 Complete 1 Course

Physical science courses (Note: For medical school and some graduate schools, Chem 351, 352, 353, and 481 are required classes. These classes may be used as electives for the molecular biology degree program - see below):

CHEM 285 - Introductory Bio-organic Chemistry	4.0
CHEM 351 - Organic Chemistry	3.0

✔ REQUIREMENT 6 Complete 1 Course

Quantitative courses (Note: Math 119 is offered through BYU Independent Study):

MATH 112 - Calculus 1	4.0
MATH 119 - Introduction to Calculus	4.0
STAT 121 - Principles of Statistics	3.0

✔ REQUIREMENT 7 Complete 3.0 hours from the following Courses

Complete three credits hours total during TWO SEMESTERS of mentored research:

MMBIO 194A - Phage Hunters: Discovery	2.0
MMBIO 194B - Phage Hunters: Comparative Genomics	2.0
MMBIO 470R - Synthetic Biology *You may take up to 3 credit hours.*	2.0v
MMBIO 494R - Mentored Research *You may take up to 3 credit hours.*	3.0v

✔ REQUIREMENT 8 Complete 9.0 hours from the following Options

Electives:

✔ OPTION 8.1 Complete up to 9.0 hours from the following Courses

BIO 350 - Ecology	3.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 463 - Genetics of Human Disease	3.0
BIO 465 - Bioinformatics	3.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
MMBIO 110R - Extremophiles: Life in Extreme Environments	1.0
MMBIO 151 - Introduction to Microbiology	4.0
MMBIO 162R - Careers in Biomedical Sciences	1.0
MMBIO 261 - Infection and Immunity	3.0
MMBIO 360 - Microbial Genetics	4.0
MMBIO 364 - Bacterial Pathogenesis	4.0
MMBIO 417 - Medical Parasitology	3.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 463 - Immunology	3.0
MMBIO 465 - Virology	3.0
MMBIO 466 - Virology Laboratory	1.0

MMBIO 467 - Immunology Lab	1.0
MMBIO 510 - History of Microbiology and Molecular Biology	2.0
MMBIO 512 - (Not currently offered)	
MMBIO 513 - Philosophy of Biology	2.0
MMBIO 514 - (Not currently offered)	
MMBIO 515 - RNA-Mediated Gene Regulation	2.0
MMBIO 516 - (Not currently offered)	
MMBIO 518 - Select Pathogens	2.0
MMBIO 565 - Molecular Virology	2.0
MMBIO 522 - (Not currently offered)	
MMBIO 528R - Current Topics in Pathogenesis	1.0
MMBIO 557 - Genes and Cancer	2.0
MMBIO 565 - Molecular Virology	2.0
PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PDBIO 325 - Tissue Biology (with lab)	3.0
PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 482 - Developmental Biology	3.0
PDBIO 582 - Developmental Genetics	3.0
PHSCS 106 - General Physics 2	3.0

✔ **OPTION 8.2** Complete up to 6.0 hours from the following Courses

Only 6 total credit hours of the following will count toward major hours with a 4 credit hour maximum for each individual course. (More credit hours may be taken but they will not count towards major requirements).

MMBIO 194A - Phage Hunters: Discovery	2.0
MMBIO 194B - Phage Hunters: Comparative Genomics	2.0
MMBIO 399R - Academic Internship *You may take up to 4 credit hours.*	9.0v
MMBIO 470R - Synthetic Biology *You may take up to 4 credit hours.*	2.0v
MMBIO 494R - Mentored Research *You may take up to 4 credit hours.*	3.0v

✔ **REQUIREMENT 9**

Pass the Biology Major Field Exam.

✔ **REQUIREMENT 10**

Complete an exit interview.

✔ **RECOMMENDED** Complete 4 Courses

Although not required, these courses are recommended:

ENGL 316 - Technical Communication	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0
STAT 121 - Principles of Statistics	3.0

Program Outcomes

Professional and Career Preparation

Knowledge of the principles and techniques of molecular, cell, and evolutionary biology and genetics which prepares the students for further education and/or employment in teaching, basic research, or the health professions.

Research Development and Practice

Proficiency in formulating and carrying out independent and collaborative research projects.

Effective Communication

Communication skills in presenting their research findings through effective oral and written presentations.

Professional Ethics and Behavior

A commitment to professional integrity and ethical behavior consistent with the mission of the university and accepted standards of professional conduct.

Program Requirements

See the college advisement center to obtain information concerning official acceptance into a specific degree program.

✔ REQUIREMENT 1 Complete 14 Courses

Lower-division music core courses:

MUSIC 193 - Dictation 1	1.0
MUSIC 194 - Dictation 2	1.0
MUSIC 195 - Music Theory 1	3.0
MUSIC 196 - Music Theory 2	3.0
MUSIC 197 - Sight Singing 1	0.5
MUSIC 198 - Sight Singing 2	0.5
MUSIC 221 - Functional Piano Skills 1	2.0
MUSIC 222 - Functional Piano Skills 2	2.0
MUSIC 293 - Dictation 3	1.0
MUSIC 294 - Dictation 4	1.0
MUSIC 295 - Music Theory 3	3.0
MUSIC 296 - Music Theory 4	3.0
MUSIC 297 - Sight Singing 3	0.5
MUSIC 298 - Sight Singing 4	0.5

✔ REQUIREMENT 2 Complete 1 Course

MUSIC 235A - Instrumental Conducting Techniques	2.0
MUSIC 235B - Choral Conducting Techniques	2.0

✔ REQUIREMENT 3 Complete 1 Option

✔ OPTION 3.1 Complete 8.0 hours from the following Courses

Instrumentalists and Classical Vocalists:

MUSIC 260R - Performance Instruction *You may take up to 8 credit hours.*	2.0v

✔ OPTION 3.2 Complete 8.0 hours from the following Courses

Contemporary Vocalists (choose voice sections):

MUSIC 161 - Voice Technique	2.0
MUSIC 260R - Performance Instruction *You may take up to 6 credit hours.*	2.0v

✔ REQUIREMENT 4 Complete 4.0 hours from the following Courses

MUSIC 360R - Performance Instruction *You may take up to 4 credit hours.*	2.0v

✔ REQUIREMENT 5

Complete 1 hour of ensemble each semester for four semesters (determined by the student's major instrumental teacher or by choral audition - not by the student). (A) complete 2-3 hours from the Category 1 Approved Large Ensembles (see your MAP); (B) complete 1-2 hours from the Category 2 Other Approved Ensembles (see your MAP).

✔ REQUIREMENT 6 Complete 4 Courses

Upper-division music core courses:

MUSIC 301 - Survey of Music Literature 1	2.0
MUSIC 302 - Survey of Music Literature 2	2.0
MUSIC 303 - Survey of Music Literature 3	2.0
MUSIC 395 - Form and Analysis	3.0

✔ REQUIREMENT 7 Complete 2 Courses

MUSIC 307 - World Music	2.0
MUSIC 308 - History of Jazz	2.0

✔ REQUIREMENT 8

Complete one course from a GE Arts or Letters requirement outside music (in addition to the GE requirement) or one humanities course approved by faculty advisor.

✔ REQUIREMENT 9 Complete 1 Option

✔ OPTION 9.1 Complete 6.0 hours from the following Courses

Complete a minimum of six credits from the following music elective courses. Select courses in consultation with faculty advisor.

MUSIC 286 - Introduction to the Music Business	2.0
MUSIC 336R - Balinese Gamelan *You may take this course up to 1 time.*	1.0
MUSIC 394 - Jazz Styles and Analysis	3.0
MUSIC 402A - Vocal Literature	3.0
MUSIC 402B - Vocal Literature	2.0
MUSIC 403A - Piano Literature	2.0
MUSIC 403B - Piano Literature	2.0
MUSIC 404A - Organ Literature	2.0
MUSIC 404B - Organ Literature	2.0
MUSIC 405 - Chamber Music Literature	2.0
MUSIC 406 - String Literature	2.0
MUSIC 407 - Symphonic Literature	2.0
MUSIC 481 - Orchestration	3.0
MUSIC 483 - Counterpoint	3.0
MUSIC 595 - Score Analysis	2.0

MUSIC 596 - Schenker Analysis	3.0

Note: Music 336R may be used for Requirements #5 or #9, but may not be double-counted in any given semester.

Note: Students should register for the 400-level literature class that corresponds with Music 360R.

✔ **REQUIREMENT 10** Complete 1 Course

Present a juried recital (Music 349) during the junior year. RECITAL: Enroll in Music 349 (0.0 credit hours) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A pre-recital hearing is required at least three weeks before juried recitals. Contact the Harris Fine Arts Center Scheduling Office (C-302 HFAC) for further information.

MUSIC 349 - Junior Recital	0.0

Program Outcomes

Music History and Theory

Show mastery of the basic cultural and historical background of civilization, and the important musical styles that have emerged therefrom.

Western and non-Western Music

Demonstrate command of Western and non-Western music's organizing principles.

Critical Thinking and Effective Communication

Think and write clearly and effectively about music, and defend their views.

MUSIC 583 - Sixteenth-Century Counterpoint	3.0

✔ REQUIREMENT 10 Complete 1 Option

Recital:

Present a juried composition recital (Music 449) during the senior year.

Enroll in Music 449 (1 credit hour) for the semester during which a recital is to be presented. A prerecital hearing is required at least three weeks before juried recitals. Contact the Harris Fine Arts Center Scheduling Office (C-302 HFAC) for further information. See supervisor of accompanying regarding guidelines for accompanist fees.

✔ **OPTION 10.1** Complete 1 Course

MUSIC 449 - Senior Recital	1.0

Note: Students must register for 449R before applying for graduation.

✔ **REQUIREMENT 11**

After consulting with faculty advisor, complete 4 hours of music electives.

Program Outcomes

Composition

Compose music with modern, historical, and experimental music vocabularies.

Colors

Write for diverse color combinations, including orchestral and electroacoustic resources.

Concert

Prepare and present a full recital of their own music during their senior year.

Canon

Expand and deepen ones knowledge of the contemporary canon of serious composition.

TMA 399R - Academic Internship *You may take this course up to 1 time.*	9.0v
TMA 420R - Performance Workshop 2 *You may take this course up to 2 times.*	3.0v
TMA 424 - Advanced Acting	3.0
TMA 425 - Character Mask	2.0
TMA 429 - Performance: Recital	3.0
TMA 443R - Writer/Dramaturg/Actor Workshop *You may take this course up to 1 time.*	3.0
TMA 469 - Theatre Management	3.0
TMA 515R - Special Projects 3 *You may take this course up to 1 time.*	6.0v

Program Outcomes

Professional Skills and Preparation

Students will demonstrate professionally competitive performance skills in acting, singing, and dancing.

Music Theatre in History and Culture

Students will understand the place of music theatre historically as well as in contemporary culture and assess their position within this construct.

Spirituality, Ethics, and the Music Theatre Industry

Students will critically examine spiritual values and ethical issues relevant to the music theatre industry and art form.

Music Education: K-12 Choral

BM

Hours	87 Credit Hours
LEP	Limited Enrollment Program. Application Website
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the Undergraduate Catalog.

✔ **REQUIREMENT 1** Complete 1 Course

Proficiency requirements: Present a juried recital (Music 249) in the last semester of private instruction. Students must prepare a minimum of 18 minutes of music to be performed in a formal public recital. Students will schedule a joint recital in groups of three or fewer.

MUSIC 249 - Sophomore Recital	0.0

✔ **REQUIREMENT 2** Complete 14 Courses

Lower-division music core courses:

MUSIC 193 - Dictation 1	1.0
MUSIC 194 - Dictation 2	1.0
MUSIC 195 - Music Theory 1	3.0
MUSIC 196 - Music Theory 2	3.0
MUSIC 197 - Sight Singing 1	0.5
MUSIC 198 - Sight Singing 2	0.5
MUSIC 221 - Functional Piano Skills 1	2.0
MUSIC 235B - Choral Conducting Techniques	2.0
MUSIC 293 - Dictation 3	1.0
MUSIC 294 - Dictation 4	1.0
MUSIC 295 - Music Theory 3	3.0
MUSIC 296 - Music Theory 4	3.0
MUSIC 297 - Sight Singing 3	0.5
MUSIC 298 - Sight Singing 4	0.5

✔ REQUIREMENT 3 Complete 1 Option

✔ OPTION 3.1 Complete 8.0 hours from the following Courses

Complete eight hours of lessons from the following:

MUSIC 250R - Performance Study: Voice *You may take up to 8 credit hours.*	1.0v
MUSIC 260R - Performance Instruction: Voice *You may take up to 8 credit hours.*	2.0v

Note: Voice lessons are required during each semester in the major, with no more than one semester exception (excluding the semester in which student teaching is completed).

✔ REQUIREMENT 4

Music education majors must enroll in at least 1 hour of large ensemble each semester for seven semesters within student's area of specialization. At least 1 hour must be the Music 311R evening section.

✔ REQUIREMENT 5 Complete 4 Courses

Upper-division music core courses:

MUSIC 301 - Survey of Music Literature 1	2.0
MUSIC 302 - Survey of Music Literature 2	2.0
MUSIC 303 - Survey of Music Literature 3	2.0
MUSIC 395 - Form and Analysis	3.0

✔ REQUIREMENT 6 Complete 1 Course

MUSIC 307 - World Music	2.0
MUSIC 308 - History of Jazz	2.0

✔ REQUIREMENT 7 Complete 8 Courses

MUSIC 176 - Careers in Music Education	1.0
MUSIC 277 - Elementary General Music Methods	3.0
MUSIC 278 - Secondary General Music Methods	2.0
MUSIC 363 - Vocal Pedagogy	3.0
MUSIC 374 - Percussion Workshop	1.0
MUSIC 376A - Choral Practicum	3.0
MUSIC 376B - Choral Practicum	3.0
MUSIC 482 - Choral Arranging	1.0

✔ REQUIREMENT 8 Complete 2 Options

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ OPTION 8.1 Complete 4 Courses

Note: FBI fingerprint and background clearance must be completed prior to enrolling in Music 275.

MUSIC 275 - Exploration of Music Teaching	4.0
MUSIC 379 - Pre-Student Teaching	2.0
SC ED 350 - Adolescent Development in an Education Context	2.0
SC ED 353 - Multicultural Education for Secondary Education	2.0

✔ **OPTION 8.2** Complete 12.0 hours from the following Courses

Note: All professional education courses (above) and Music 260R and 363 credits must be completed before student teaching (Music 476).

MUSIC 476 - Secondary Student Teaching	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

1. Effective Pedagogy, Philosophy, and Practice

Students will function as competent educators with a secure grasp of effective pedagogical practice grounded in sound teaching philosophy and carefully considered curricular and instructional priorities.

2. Effective Communication

Students will develop effective interpersonal and communication skills, especially the ability to connect with students.

3. Music Teaching Strategies and Materials

Students will demonstrate a knowledge of a broad array of skills, strategies, methodologies, and materials related to music teaching.

4. Professional Development

Students will develop the ability to be open, reflective practitioners.

MUSIC 470R - Keyboard Teaching Practicum *You may take up to 2 credit hours.*	1.0

✔ REQUIREMENT 9 Complete 1 Course

MUSIC 469 - Theory and Methods of Studio Teaching	1.0

✔ REQUIREMENT 10 Complete 3 Courses

MUSIC 403A - Piano Literature	2.0
MUSIC 403B - Piano Literature	2.0
MUSIC 404A - Organ Literature	2.0
MUSIC 404B - Organ Literature	2.0

✔ REQUIREMENT 11 Complete 1 Option

Recitals:

Present a juried recital (Music 249) during the sophomore year. A juried senior recital (Music 449) is also required.

Enroll in 249 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Harris Fine Arts Center Scheduling Office (C-302 HFAC)

for further information.

✔ **OPTION 11.1** Complete 2 Courses

MUSIC 249 - Sophomore Recital	0.0
MUSIC 449 - Senior Recital	1.0

Note: Students must register for 449R before applying for graduation.

Program Outcomes

Meeting the Aims of a BYU Education

We support the aims of a BYU education, to strengthen students' lives spiritually, enlarge their intellectual experience, build their character, and prepare for lifelong learning and service.

As REVIEWED AND approved by the National Association of Schools of Music (NASM), all music students, through the core requirements of all music degrees, show proficiency in music theory, music history, performance, ensemble playing, conducting, sight singing and music dictation.

Performance Preparation and Repertoire

Prepare performances at the highest possible level, including knowledge of applicable solo and ensemble literature, and perform from a cross-section of that repertory.

Music Pedagogy

Understand and demonstrate the fundamentals of music pedagogy as they apply to private and group instruction.

Music History

Show mastery of the basic cultural and historical background of civilization, and the important musical styles that have emerged therefrom.

Music Principles

Demonstrate command of music's organizing principles from the common practice period to the present.

Music and Technology Use

Understand how specific technologies serve the student's chosen field of music.

✔ **OPTION 11.1** Complete 2 Courses

MUSIC 349 - Junior Recital	0.0
MUSIC 449 - Senior Recital	1.0

Note: Students must register for 449R before applying for graduation.

Program Outcomes

Performance Preparation and Repertoire

Students will be able to prepare performances at the highest possible level, including knowledge of applicable solo and ensemble literature, utilization of improvisation skills, and successfully perform from a cross-section of that repertory.

Performing with a Variety of Instruments

Students will be able to perform in solo recital and in ensembles on a variety of percussion instruments with a foundation or core of study on snare drum, timpani, keyboard percussion and drum set. Some exposure to all percussion (including orchestral and ethnic or world percussion) will be included. This will expand into solo and chamber literature that will demonstrate a variety of styles in both formal and informal settings.

Music Pedagogy

Students will study analysis, assessment, and applicaion of percussion methods and curriculae for use in teaching all aspects of percussion performance practices.

Music and Technology use

Students will utilize and learn how to apply technology in their performance preparation, assessment of their own performances and their teaching. This includes audio and video recordings of performances, master classes, and practice sessions. Music software for composition, improvisation, transcription, and rehearsal techniques are included in the curriculum.

Recitals:

Present a juried recital (Music 349) during the junior year. A juried senior recital (Music 449) is also required.

Enroll in Music 349 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Harris Fine Arts Center Scheduling Office (C-302 HFAC) for further information. See supervisor of accompanying regarding guidelines for accompanist fees.

OPTION 11.1 Complete 2 Courses

MUSIC 349 - Junior Recital	0.0
MUSIC 449 - Senior Recital	1.0

Note: Students must register for 449R before applying for graduation.

Program Outcomes

Performance Preparation

Prepare performances at the highest possible level, and gain a working knowledge of standard repertoire.

Performance Practice

Demonstrate command of performance practice from the major stylistic periods.

Music Pedagogy

Understand and apply the principles of music pedagogy.

Top

Native American Studies

Minor

Hours 24 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 2 Courses

Core courses:

HIST 386 - Nineteenth-Century American Indian History	3.0
HIST 387 - Twentieth-Century American Indian History	3.0
HIST 388 - Indians in Colonial America	3.0

REQUIREMENT 2 Complete 1 Option

Electives:

Complete 15 hours from at least three disciplines:

OPTION 2.1 Complete 15.0 hours from the following Courses

ANTHR 317 - Native Peoples of North America	3.0
ANTHR 350 - Archaeological Cultures of North America	3.0
ANTHR 530 - Great Basin Archaeology	3.0
ANTHR 535 - Southwest Seminar	3.0
ENGL 358R - Ethnic Literatures *You may take this course up to 1 time.*	3.0
FLANG 102R - First-Year Language Study: Navajo *You may take this course up to 1 time.*	4.0
HIST 357 - The Indian in Latin American History	3.0
HIST 360 - American West to 1900	3.0
HIST 361 - The American West Since 1900	3.0
HIST 363 - The Spanish Frontier in North America	3.0
HIST 405 - (Not currently offered)	
HIST 495R - Directed Research *You may take this course up to 1 time.*	3.0
HIST 498R - Directed Readings *You may take this course up to 1 time.*	3.0v
HUM 425R - (Not currently offered)	
REL C 293R - Native American Family History *You may take this course up to 1 time.*	1.0
SOC 113 - Multicultural America	3.0
SOC 323 - Racial and Minority-Group Relations	3.0

SOC 390R - Special Topics in Contemporary Sociology 3.0v

You may take this course up to 1 time.

Please note:

Engl 358R must be in a Native American topic.

FLang 102R must be in Navajo or Shoshone.

Hist 495R, 498R, and Soc 390R require approval by NAS coordinator.

Program Outcomes

Please contact the individual department for outcome information.

Neuroscience

BS

Hours	64 - 68 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 5 Courses

Major core courses:

NEURO 205 - Neurobiology	3.0
NEURO 360 - Neuroanatomy	2.0
NEURO 380 - Behavioral Neuroscience	3.0
NEURO 480 - Advanced Neuroscience	3.0
NEURO 481 - Neuroscience Laboratory	1.0

✔ REQUIREMENT 2 Complete 5 Courses

Life sciences courses:

MMBIO 240 - Molecular Biology	3.0
PDBIO 120 - Science of Biology	2.0
PDBIO 360 - Cell Biology	3.0
PDBIO 362 - Advanced Physiology	3.0
PWS 340 - Genetics	3.0

✔ REQUIREMENT 3 Complete 6 Courses

Chemistry courses:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 481 - Biochemistry	3.0

✔ REQUIREMENT 4 Complete 1 Option

Complete ONE of the following physics course options:

✔ OPTION 4.1 Complete 4 Courses

PHSCS 105 - General Physics 1	3.0

PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0

✔ **OPTION 4.2** Complete 3 Courses

PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0

✔ REQUIREMENT 5 Complete 2 Courses

Note: Students may substitute Math 113 for Math 112.

MATH 112 - Calculus 1	4.0
STAT 121 - Principles of Statistics	3.0

✔ REQUIREMENT 6 Complete 1 Option

Electives: Complete three courses FROM THREE DIFFERENT DEPARTMENTS from the following electives (courses used to fill any major requirements above will not count here):

✔ **OPTION 6.1** Complete 3 Courses

BIO 370 - Bioethics	2.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
COMD 334 - Hearing Science and Acoustics	3.0
ME EN 552 - Neuromechanics of Movement	3.0
NEURO 449R - Undergraduate Research Experience *You may take up to 6 credit hours.*	3.0v
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 561 - Physiology of Drug Mechanisms	3.0
PDBIO 565 - Endocrinology	3.0
PDBIO 568 - Cellular Electrophysiology and Biophysics	3.0
PSYCH 370 - Sensation and Perception	3.0
PSYCH 375 - Cognition	3.0
PSYCH 382 - Stress Psychobiology	3.0
PSYCH 388 - Drugs, Reward and Addiction	3.0

Note: Students should carefully consult with faculty regarding which electives they should take to best support their postgraduate plans.

Please note: Me En 552, Neuro 449R, PDbio 565, and 568 require the instructor's signature before enrolling.

✔ RECOMMENDED Complete 2 Options

Recommended Courses:

In addition to the above courses, students may find the following courses helpful (see Pre-professional Advisement Center, 3328 WSC):

✔ **RECOMMENDED** Complete 9 Courses

CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
PDBIO 220 - Human Anatomy (with lab)	3.0
STDEV 170 - Introduction to Health Professions	1.0

STDEV 271 - Preview of Dentistry	1.0
STDEV 272 - Preview of Medicine	1.0
STDEV 273 - Preview of Optometry	1.0
STDEV 375 - Dental School Preparation Laboratory Experience	2.0
STDEV 399R - Health Professions Internship *You may take this course up to 1 time.*	3.0v
STDEV 470 - Medical and Dental School Application	2.0

Program Outcomes

Professional Preparation

Program graduates will have the necessary knowledge and skills in molecular and cellular biology, neuroanatomy, behavioral neuroscience, physiology, and supporting disciplines required to pursue advanced degrees in areas relating to neuroscience or in professional schools.

Professional Ethics and Community Service

Program graduates will show commitment to intellectual honesty, professional ethics, and community service.

Nonprofit Management

Minor

Hours 21 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 5 Courses

ACC 200 - Principles of Accounting	3.0
BUS M 241 - Marketing Management	3.0
RECM 306 - Introduction to Nonprofit Organizations	3.0
RECM 326 - Nonprofit Resource Development	3.0
RECM 336 - Nonprofit Management	3.0

REQUIREMENT 2 Complete 1 Course

BUS M 201 - Financial Management	3.0
FIN 201 - Principles of Finance	3.0

REQUIREMENT 3 Complete 1 Option

OPTION 3.1 Complete 1 Course

ANTHR 412 - Museum Collections Management	3.0
ANTHR 522 - Museum Practices and Technologies	3.0
EDLF 362 - Introduction to International Development Education	3.0
EDLF 363 - Education, Poverty, and Community Development	3.0
HLTH 480 - International Health	3.0
M B A 539 - (Not currently offered)	
NDFS 458 - Management in Dietetics	3.0
ORG B 327 - Human Resource Management	3.0
PETE 351 - (Not currently offered)	
RECM 344 - Youth Development	3.0
RECM 453 - Grant Writing	2.0
SOC 340 - Sociology of International Development	3.0
TMA 387 - Production Management: Advanced	3.0
TMA 469 - Theatre Management	3.0

A Nonprofit Management Minor advisor may approve other courses showing competency in a nonprofit industry skill.

REQUIREMENT 4

National Certification in Nonprofit Management and Leadership (formerly known as American

Humanics Certification)

1. Register online with National Leadership Alliance at www.nonprofitleadershipalliance.org.
2. Complete Nonprofit Management minor and competencies.
3. Attend one Management/Leadership Institute (AHMI).
4. RecM 497R--AHMI prep course--1 credit--Fall.
5. Practicum - 300 hours working with nonprofits.
6. Pay $15 to join the Nonprofit Management Student Association.

Program Outcomes

Please contact the individual department for outcome information.

Nursing

BS

Hours	91 Credit Hours
LEP	Limited Enrollment Program of 40 Students. Application Website
MAP	Major Academic Plan

Program Requirements

A C grade or above must be maintained in all required courses.

✔ REQUIREMENT 1 Complete 2 Options

Prerequisite courses:

✔ OPTION 1.1 Complete 4 Courses

CHEM 285 - Introductory Bio-organic Chemistry	4.0
NDFS 100 - Essentials of Human Nutrition	3.0
NURS 180 - Preview of Nursing	1.0
PDBIO 220 - Human Anatomy (with lab)	3.0

Note: Chem 101 or an acceptable score on the Chemistry Placement Exam is prerequisite to Chem 285 if the student has completed no previous chemistry course work.

✔ OPTION 1.2 Complete 1 Course

PSYCH 220 - Human Development: Life Span	3.0
SFL 210 - Human Development	3.0

✔ REQUIREMENT 2 Complete 1 Option

Supporting courses:

✔ OPTION 2.1 Complete 6 Courses

MMBIO 221 - General Microbiology	3.0
MMBIO 222 - General Microbiology Laboratory	1.0
PDBIO 305 - Human Physiology (with lab)	4.0
PDBIO 365 - Pathophysiology	4.0
PSYCH 111 - Introduction to Psychological Science	3.0
STAT 121 - Principles of Statistics	3.0

Note: Math 110 (or equivalent) may need to be taken prior to Stat 121.

✔ REQUIREMENT 3 Complete 25 Courses

NURS 291 - Nursing Care of the Older Adult	2.5
NURS 292 - Clinical Practicum for Nursing Care of the Older Adult	1.5
NURS 293 - Communication Lab for Nursing Majors	0.5
NURS 294 - Health Assessment and Promotion	3.0
NURS 295 - Fundamental Nursing Concepts and Care	3.0
NURS 296 - Community Health Nursing	1.0
NURS 300 - Pharmacology in Nursing	3.0
NURS 320 - Scholarly Inquiry in Nursing	3.0
NURS 339 - Ethics in Nursing	2.0
NURS 341 - Nursing Care of Adults with Acute and Chronic Illnesses	3.0
NURS 342 - Clinical Practicum for Nursing Care of Adults with Acute and Chronic Illnesses	3.5
NURS 343 - Lab/Simulation for Nursing Care of Adults with Acute and Chronic Illnesses	1.0
NURS 351 - Nursing Care of Women and Newborns	2.0
NURS 352 - Clinical Practicum for Nursing Care of Women and Newborns	1.5
NURS 361 - Nursing Care of Children and Families	2.0
NURS 362 - Clinical Practicum for Nursing Care of Children and Families	2.0
NURS 403 - Public and Global Health Nursing	3.0
NURS 404 - Clinical Practicum Public and Global Health Nursing	3.5
NURS 461 - Psychiatric and Mental Health Nursing	2.5
NURS 462 - Clinical Practicum for Psychiatric and Mental Health Nursing	1.5
NURS 471 - Nursing Care of Adults in Crisis	3.0
NURS 472 - Clinical Practicum for Adults in Crisis	2.5
NURS 473 - Lab/Simulation for Adults in Crisis	1.0
NURS 491 - Nursing Capstone	2.0
NURS 492 - Clinical Practicum for Capstone Nursing	5.5

Program Outcomes

Integration of Gospel Values

Integrate the values of the Gospel of Jesus Christ as part of caring.

Critical Thinking and Communication Skills

Demonstrate effective critical thinking and communication.

Professional Nursing Care

Design, provide, and evaluate professional nursing care for individuals, families, and communities.

Understanding the Discipline of Nursing

Practice and lead with an understanding of the discipline of nursing at the local, national, and global levels.

Life-long Learning

Exemplify life-long learning.

Top

Nutrition

Minor

Hours 16 Credit Hours

Program Requirements

Many of these courses have prerequisites. Most students choosing this minor will have completed the prerequisites as part of their major. Other students will need to complete them.

REQUIREMENT 1 Complete 2 Courses

NDFS 100 - Essentials of Human Nutrition	3.0
NDFS 200 - Nutrient Metabolism	3.0

REQUIREMENT 2 Complete 10.0 hours from the following Courses

After consulting with a faculty advisor,

NDFS 201 - Society, Nutrition, and Chronic Disease	2.0
NDFS 305 - Nutritional Implications of Disease	4.0
NDFS 310 - Nutrition and Metabolism in Sports and Exercise	2.0
NDFS 380 - International Nutrition	3.0
NDFS 400 - Community Nutrition	3.0
NDFS 424 - Nutrition Through the Life Cycle	2.0
NDFS 435 - Nutritional Biochemistry and Metabolism	4.0

Program Outcomes

Please contact the individual department for outcome information.

Top

Nutritional Science

BS

Hours	60 Credit Hours
MAP	Major Academic Plan

Program Requirements

REQUIREMENT 1 Complete 6 Courses

Core requirements:

NDFS 100 - Essentials of Human Nutrition	3.0
NDFS 200 - Nutrient Metabolism	3.0
NDFS 294 - Nutrition Research Fundamentals	1.0
NDFS 305 - Nutritional Implications of Disease	4.0
NDFS 424 - Nutrition Through the Life Cycle	2.0
NDFS 435 - Nutritional Biochemistry and Metabolism	4.0

REQUIREMENT 2 Complete 7.0 hours from the following Courses

After consulting with a faculty advisor, complete 7 hours from the following; at least one of these must be an NDFS course:

HLTH 345 - Principles of Epidemiology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
NDFS 201 - Society, Nutrition, and Chronic Disease	2.0
NDFS 250 - Essentials of Food Science	3.0
NDFS 251 - Essentials of Food Science Laboratory	1.0
NDFS 310 - Nutrition and Metabolism in Sports and Exercise	2.0
NDFS 380 - International Nutrition	3.0
NDFS 400 - Community Nutrition	3.0
PDBIO 360 - Cell Biology	3.0
PWS 340 - Genetics	3.0

REQUIREMENT 3 Complete 1 Course

Prerequisite to PDBio 305, required below:

PDBIO 210 - Human Anatomy (with virtual lab)	3.0
PDBIO 220 - Human Anatomy (with lab)	3.0

REQUIREMENT 4 Complete 12 Courses

(Complete 1 hour of Chem 353.)

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v
CHEM 481 - Biochemistry	3.0
MMBIO 240 - Molecular Biology	3.0
PDBIO 120 - Science of Biology	2.0
PDBIO 305 - Human Physiology (with lab)	4.0
PHSCS 105 - General Physics 1	3.0
STAT 121 - Principles of Statistics	3.0

✔ **RECOMMENDED** Complete 6 Courses

CHEM 223 - Quantitative and Qualitative Analysis	4.0
HLTH 345 - Principles of Epidemiology	3.0
MMBIO 221 - General Microbiology	3.0
PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0

Note: Professional schools and graduate programs may require additional courses not required for the major, such as Phscs 106, 107, 108, or Math 119 or 112. Students should contact the program to which they may apply to determine the specific courses required.

Program Outcomes

Nutritional Science Fundamentals

Identify the chemical structure of nutrients, their food sources, functions, and the scientific basis for nutrition requirements and dietary recommendations. Describe the processes of digestion, absorption, transport, and metabolism and the metabolic consequences of nutrient deficiencies, interactions, imbalances and toxicities.

Diet in Health and Disease

Explain the role of dietary choices and interventions for optimizing health and preventing or ameliorating chronic disease and malnutrition.

Nutritional Assessment

Assess nutritional status of individuals or populations.

Research

Search, interpret, and summarize peer-reviewed scientific literature. Evaluate nutritional claims for accuracy. Design research for nutritional science that includes ethical considerations of using human and animal subjects.

PE Teaching/Coaching

Minor

Hours	24 Credit Hours
MAP	Major Academic Plan

Program Requirements

Faculty advisor: Dr. Mel Olson 274 SFH (801) 422-3255

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

✔ REQUIREMENT 1 Complete 9 Courses

EXSC 320 - Basic Athletic Training	3.0
EXSC 321 - Basic Athletic Training Lab	0.5
EXSC 365 - Scientific Bases of Sport: Kinesiology	2.0
PETE 228 - Team Sport Fundamentals and Fitness for Life	2.0
PETE 229 - Physical Education Pedagogy	3.0
PETE 300 - Advocacy for Physical Education	2.0
PETE 301 - K-12 Healthy and Active Lifestyle Management	2.0
PETE 364 - Scientific Bases of Sport: Motor Learning	2.0
PETE 366 - Exercise Physiology for Physical Educators	2.0
PETE 430 - Principles of Coaching	2.0

✔ REQUIREMENT 2 Complete 1 hour from the following Courses

PETE 399R - Academic Internship: Coaching *You may take up to 1 credit hour.*	4.0v

✔ REQUIREMENT 3 Complete 1 Course

PETE 330R - Coaching Selected Sports *You may take this course up to 1 time.*	2.0

PETE 335 - Coaching Competitive Swimming	2.0
PETE 341 - Coaching Basketball	2.0
PETE 342 - Coaching Track and Field	2.0
PETE 344 - Coaching Football	2.0
PETE 345 - Coaching Volleyball	2.0
PETE 346 - Coaching Baseball and Softball	2.0
PETE 347 - Coaching Soccer	2.0

Program Outcomes

Please contact the individual department for outcome information.

Top

Philosophy

BA

Hours	47 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

For each R course, you may only take one class on any particular figure or topic. For instance, if you wish to take multiple classes of Phil 320R: Studies in Ancient Philosophy, ¿ you may only take ¿Plato¿ once, but you may then take ¿Aristotle¿ or ¿Stoicism¿ or any of the other figures or topics listed under Phil 320R.

✔ **REQUIREMENT 1** Complete 4 Courses

Sources and Methods courses:

PHIL 200 - Philosophy Major Orientation and ePortfolio Training	1.0
PHIL 205 - Introduction to Formal Logic	3.0
PHIL 300 - Philosophical Writing	3.0
PHIL 305 - Intermediate Formal Logic	3.0

✔ **REQUIREMENT 2** Complete 1 Course

PHIL 201 - History of Philosophy 1	3.0
PHIL 210 - Science and Civilization 1	3.0

✔ **REQUIREMENT 3** Complete 1 Course

PHIL 202 - History of Philosophy 2	3.0
PHIL 211 - Science and Civilization 2	3.0

✔ **REQUIREMENT 4** Complete 1 Course

Core Topics in Western Philosophy:

PHIL 213 - Introduction to Ethics	3.0
PHIL 214 - Introduction to the Philosophy of Art	3.0
PHIL 215 - Introduction to the Philosophy of Religion	3.0
PHIL 217R - Social and Political Philosophy *You may take this course up to 1 time.*	3.0

✔ **REQUIREMENT 5** Complete 1 Course

Complete one registration of the following Historical Periods course:

PHIL 320R - Studies in Ancient Philosophy	3.0

✔ **REQUIREMENT 6** Complete 1 Course

Complete one registration of the following Historical Periods course:

PHIL 340R - Studies in Modern Philosophy	3.0

✔ **REQUIREMENT 7** Complete 1 Course

Complete one of the following Historical Period courses (excluding the two specific registrations used to complete the above requirements):

PHIL 313R - History of Ethics *You may take this course up to 1 time.*	3.0
PHIL 320R - Studies in Ancient Philosophy *You may take this course up to 1 time.*	3.0
PHIL 330R - Studies in Medieval Philosophy *You may take this course up to 1 time.*	3.0
PHIL 340R - Studies in Modern Philosophy *You may take this course up to 1 time.*	3.0
PHIL 350R - Studies in Contemporary Philosophy *You may take this course up to 1 time.*	3.0
PHIL 360R - Non-Western Philosophy *You may take this course up to 1 time.*	3.0

✔ **REQUIREMENT 8** Complete 1 Course

Complete one of the following Values and Conduct courses:

PHIL 413R - Topics in Ethics *You may take this course up to 1 time.*	3.0
PHIL 414R - Topics in the Advanced Philosophy of Art, Architecture, Music, and Film *You may take this course up to 1 time.*	3.0
PHIL 415 - Philosophy of Religion	3.0
PHIL 416 - Philosophy of Law	3.0

✔ **REQUIREMENT 9** Complete 2 Courses

Complete two of the following Knowledge and Reality courses:

PHIL 405 - Advanced Logic and Metalogic	3.0
PHIL 420 - Philosophy of Language	3.0
PHIL 421 - Metaphysics	3.0
PHIL 422 - Epistemology	3.0
PHIL 423R - History and Philosophy of Science *You may take this course up to 1 time.*	3.0
PHIL 424 - Philosophy of Mind	3.0

✔ **REQUIREMENT 10** Complete 6.0 hours from the following Options

Complete 6 additional hours (excluding 110, 150, 499R) [with no more than 3 hours of Phil 449R: Philosophy Lecture Series and/or Phil 495R: Directed Readings (1-3:Arr:Arr)]. Students must have a total of 27 credit hours of upper-division course work (300-level or above) in the major.

✔ **OPTION 10.1** Complete up to 6.0 hours from the following Courses

PHIL 313R - History of Ethics	3.0
PHIL 313R - Utilitarianism	3.0
PHIL 320R - Topics in Greek Philosophy	3.0
PHIL 320R - Plato	3.0
PHIL 320R - Stoicism	3.0
PHIL 320R - Greek Metaphysics	3.0
PHIL 320R - Helenistic Philosophy	3.0
PHIL 320R - Pre-Socratics	3.0
PHIL 320R - Aristotle	3.0
PHIL 320R - Greek Ethics	3.0
PHIL 320R - Greek Political Theory	3.0
PHIL 320R - Studies in Ancient Philosophy	3.0
PHIL 320R - Socrates	3.0
PHIL 320R - Neo-Platonism	3.0
PHIL 320R - Greek Science	3.0
PHIL 320R - Greek Epistemology	3.0
PHIL 330R - Medieval Epistemology	3.0
PHIL 330R - Medieval Philosophy and Religion	3.0
PHIL 330R - Studies in Medieval Philosophy	3.0
PHIL 330R - Aquinas	3.0
PHIL 330R - Medieval Ethics	3.0
PHIL 330R - Medieval Metaphysics	3.0
PHIL 330R - Topics in Medieval Philosophy	3.0
PHIL 330R - Duns Scotus	3.0
PHIL 330R - Medieval Science	3.0
PHIL 330R - Medieval Political Theory	3.0
PHIL 330R - Augustine	3.0
PHIL 330R - Medieval Arabic Philosophers	3.0
PHIL 340R - Studies in Modern Philosophy	3.0
PHIL 340R - Descartes	3.0
PHIL 340R - British Empiricism	3.0
PHIL 340R - Descartes and Locke	3.0
PHIL 340R - Kant	3.0
PHIL 340R - German Idealism	3.0
PHIL 340R - Kierkegaard	3.0
PHIL 340R - British Idealism	3.0
PHIL 340R - Topics in Modern Philosophy	3.0
PHIL 340R - Spinoza	3.0
PHIL 340R - Hobbes	3.0
PHIL 340R - Berkeley	3.0
PHIL 340R - Hegel	3.0
PHIL 340R - Nietzsche	3.0
PHIL 340R - Modern Political Theory	3.0
PHIL 340R - Continental Rationalism	3.0
PHIL 340R - Leibniz	3.0

PHIL 340R - Locke	3.0
PHIL 340R - Hume	3.0
PHIL 340R - Schopenhauer	3.0
PHIL 340R - Nietzsche and Freud	3.0
PHIL 340R - J. S. Mill	3.0
PHIL 350R - Pragmatism	0.0
PHIL 350R - Moore	3.0
PHIL 350R - Wittgenstein	3.0
PHIL 350R - Continental Philosophy	3.0

PHIL 217R - John Rawls	3.0
PHIL 217R - Modern Political Philosophy	3.0
PHIL 217R - Political Liberalism	3.0

✔ **REQUIREMENT 11** Complete 3.0 hours from the following Courses

PHIL 399R - Philosophy Program Internship	3.0

✔ **REQUIREMENT 12** Complete 1 Course

Senior Seminar:

PHIL 490 - Senior Seminar	1.0

Program Outcomes

History and Value of Philosophy

1. Identify major philosophical figures and texts, their historical context, their philosophical interrelations, and their importance.

2. Identify the major areas, movements, and issues in the history of Western philosophy.

Assessed 2014

Critical and Effective Reading, Writing, and Communicating

1. Write clear, cogent, logically sound, and well-researched essays.

2. Master and apply principles of informal logic, critical thinking, and critical reading.

3. Master university-level written and oral communication skills.

Assessed 2014

Logic and Metalogic

1. Construct, symbolize, and evaluate proofs in syllogistic logic, truth-functional logic, first-order (quantificational) logic, set-theory and Peano arithmetic.

2. Understand the development of logic, including metalogical results.

Assessed 2014

Philosophical and Ethical Applications

1. Apply philosophical knowledge and critical thinking/reading skills in writing papers and solving theoretical, practical, and ethical problems.

2. Integrate philosophical principles with religious and moral convictions.

BFA

Hours	72 Credit Hours
LEP	Limited Enrollment Program of 120 Students. Application Website
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 3 Courses

Core requirements:

DES 111 - Design Seminar: Theory, Criticism, and Visual Culture	1.0
DES 115 - Composition	3.0
DESPH 116 - Introduction to Photography and Digital Workflow	3.0

Obtain acceptance to the BA program: Photography emphasis.

✔ REQUIREMENT 2 Complete 4 Courses

Sophomore core courses:

DESPH 120 - Introduction to Digital Imaging	3.0
DESPH 140 - Introduction to Lighting	3.0
DESPH 260 - Moving Image and Video Art 1	3.0
DESPH 270 - Introduction to Black and White Photography and Darkroom Techniques	3.0

Obtain acceptance into the photography BFA program.

✔ REQUIREMENT 3 Complete 10 Courses

BFA core courses:

DESPH 273 - Advanced Photography	3.0
DESPH 275 - Classical Portrait Photography	3.0
DESPH 276 - Editorial Photography	3.0
DESPH 360 - Moving Image and Video Art 2	3.0
DESPH 372 - Still Life Photography	3.0
DESPH 377R - Exploring Alternative Photography Processes	3.0
DESPH 442 - Senior Portfolio	3.0
DESPH 475 - Advanced Location Photography	3.0
DESPH 478 - Fine Art Photography	3.0
DESPH 488 - Professional Practices for Photographers	2.0

✔ REQUIREMENT 4 Complete 2 Courses

DESPH 394R - Special Topics *You may take this course up to 2 times.*	3.0
DESPH 394R - Special Topics *You may take this course up to 2 times.*	3.0

✔ REQUIREMENT 5 Complete 4 Courses

History requirements:

ARTHC 201 - World Civilization to 1500	3.0
ARTHC 202 - World Civilization Since 1500	3.0
DES 385 - Issues in Contemporary Design	3.0
DESPH 379 - History of Photography	3.0

✔ REQUIREMENT 6 Complete 4.0 hours from the following Courses

DESPH 497R - BFA Photography Final Project *You may take this course up to 4 times.*	3.0v

✔ REQUIREMENT 7 Complete 2.0 hours from the following Courses

DES 496R - Academic Internship: Professional Internship *You may take this course up to 2 times.*	6.0v

Program Outcomes

Professional Development and Career Preparation

Graduates develop understanding of basic professional photography business practices, inculding career opportunites, marketing, pricing, and ethics.

Photographic History, Theory and Trends

Graduates develop understanding of photographic history and contemporary art theory, trends and movements, including both silver and non-silver processes.

Skill Development

Graduates develop understanding and skill in two dimensional image design composition and content.

Technical Expertise

Students develop expertise with lighting and other techniques in the still and video imaging areas. Problem solving for clients and personal expression are goals where both traditional and digital imaging methods are utilized.

Commitment to the Church and BYU Aims

Graduates develop commitment to produce works consistent to The Church and the AIMS of BYU.

Physical Education Tchg/Coaching (K-12)

BS

Hours	59.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

Students who are interested in the program should meet with the Physical Education Teaching Education program director (249-D SFH) and Education Student Services (350 MCKB) in September of their sophomore year. Then they must complete an application form (found at http://education.byu.edu/ted/forms.html). Applications for the Physical Education Teaching Education program are due October 1 for Winter semester and February 1 for Fall semester.

A teaching minor is not required for licensure. However, it is strongly recommended (approximately 16-30 hours).

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

✔ **REQUIREMENT 1** Complete 2 Courses

Required prerequisite and general education courses:

PDBIO 220 - Human Anatomy (with lab)	3.0
SFL 210 - Human Development	3.0

✔ **REQUIREMENT 2** Complete 13 Courses

EXSC 302 - Philosophical and Ethical Issues in Exercise Sciences	1.0
EXSC 320 - Basic Athletic Training	3.0
EXSC 321 - Basic Athletic Training Lab	0.5
EXSC 365 - Scientific Bases of Sport: Kinesiology	2.0

PETE 230 - K-12 Physical Activities Content and Skills 1	2.0
PETE 231 - K-12 Physical Activities Content and Skills 2	2.0
PETE 300 - Advocacy for Physical Education	2.0
PETE 301 - K-12 Healthy and Active Lifestyle Management	2.0
PETE 364 - Scientific Bases of Sport: Motor Learning	2.0
PETE 366 - Exercise Physiology for Physical Educators	2.0
PETE 399R - Academic Internship: Coaching *You may take this course up to 1 time.*	4.0v
PETE 430 - Principles of Coaching	2.0
RECM 123 - Introduction to Outdoor Recreation Activities	2.0

✔ **REQUIREMENT 3** Complete 2 Courses

STAC 107 - Pilates	0.5
STAC 108 - Zumba	0.5
STAC 109 - Yoga	0.5
STAC 110 - Indoor Cycling	0.5
STAC 125 - Flexibility	0.5
STAC 141 - Martial Arts	0.5
STAC 155 - Self-Defense	0.5
STAC 171 - Swimming, Beginning	0.5
STAC 172 - Swimming, Intermediate	0.5
STAC 191 - Weight Training, Beginning	0.5

✔ **REQUIREMENT 4** Complete 1 Course

PETE 330R - Coaching Selected Sports *You may take this course up to 1 time.*	2.0
PETE 335 - Coaching Competitive Swimming	2.0
PETE 341 - Coaching Basketball	2.0
PETE 342 - Coaching Track and Field	2.0
PETE 344 - Coaching Football	2.0
PETE 345 - Coaching Volleyball	2.0
PETE 346 - Coaching Baseball and Softball	2.0
PETE 347 - Coaching Soccer	2.0

✔ **REQUIREMENT 5** Complete 2 Options

Professional Education Component:

✔ **OPTION 5.1** Complete 6 Courses

IP&T 286 - Instructional Technology in Teaching	1.0
PETE 274 - Fundamental Skills and Teaching Methods for Elementary Physical Education	3.0
PETE 276R - Exploration of Teaching *You may take this course up to 1 time.*	3.0
PETE 377 - Secondary Practicum	3.0
PETE 461 - Adapted and Multicultural Physical Education for Teaching Majors	3.0
SC ED 350 - Adolescent Development in an Education Context	2.0

Note: FBI fingerprinting and background clearance must be completed prior to enrolling in PETE 276R.

✔ **OPTION 5.2** Complete 12.0 hours from the following Courses

PETE 476R - Student Teaching - Physical Education *You may take this course up to 2 times.*	12.0

SC ED 496R - Academic Internship: Secondary Education 12.0
You may take this course up to 1 time.

Note: PETE 399R must be completed before PETE 476R and SC ED 496R.

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Complete the PRAXIS II exam.

Program Outcomes

1. Skill and Fitness Based Competence

Physical education teacher candidates are physically educated individuals with the knowledge and skills necessary to demonstrate competent movement performance and health enhancing fitness as delineated in the NASPE K-12 Standards.

2. Learner Development

The candidate understands cognitive, linguistic, social, emotional and physical areas of student development.

3. Learning Differences

The candidate understands individual learner diffreences and cultural and linguistic diversity.

4. Learning Environments

The candidate works with learners to create environments that support individual and collaborative learning, social interactions, active engagement in learning, and self-motivation.

5. Content Knowledge

The candidate understands the central concepts, tools of inquiry, and structures of the discipline.

6. Assessment

The candidate uses multiple methods of assessment to engage learners in their own growth, monitor learner progress, guide planning and instruction, and determine whether the outcomes described in content standards have been met.

7. Instructional Planning

The candidate plans instruction to support students in meeting rigorous learning goals by drawing upon knowledge of content areas, core curriculum standards, instructional best practices, and the community context.

8. Instructional Strategies

The candidate uses various instructional strategies to ensure that all learners develop a deep understanding of content areas and their connections, and build skills to apply and extend knowledge in meaningful ways.

9. Reflection and Continuous Growth

The candidate is a reflective practitioner who uses evidence to continually evaluate and adapt practice to meet the needs of each learner.

10. Leadership and Collaboration

The candidate is a leader who engages collaboratively with learners, families, colleagues, and community members to build a shared vision and supportive professional culture focused on student growth and success.

11. Professional and Ethical Behavior

The candidate demonstrates the highest standard of legal, moral, and ethical conduct as specified in Utah State Board Rule R277-515.

Physics

BS

Hours	62 - 65 Credit Hours
MAP	Major Academic Plan

Program Requirements

No more than 3 hours of D credit is allowed in major courses.

✔ REQUIREMENT 1 Complete 22 Courses

Note: Phscs 191 should be taken the first semester as a freshman. Phscs 291 should be taken the first semester as a sophomore.

C S 142 - Introduction to Computer Programming	3.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 140 - Electronics Lab	1.0
PHSCS 145 - Experimental Methods in Physics	1.0
PHSCS 191 - Introduction to Physics Careers and Research 1	0.5
PHSCS 220 - Introduction to Electricity and Magnetism	3.0
PHSCS 222 - Modern Physics	3.0
PHSCS 230 - Computational Physics Lab 1	1.0
PHSCS 240 - Design, Fabrication, and Use of Scientific Apparatus	2.0
PHSCS 245 - Experiments in Contemporary Physics	2.0
PHSCS 291 - Introduction to Physics Careers and Research 2	0.5
PHSCS 318 - Introduction to Mathematical Physics	3.0
PHSCS 321 - Mechanics	3.0
PHSCS 330 - Computational Physics Lab 2	1.0
PHSCS 360 - Statistical and Thermal Physics	3.0
PHSCS 430 - Computational Physics Lab 3	1.0
PHSCS 441 - Electrostatics and Magnetism	3.0
PHSCS 442 - Electrodynamics	3.0
PHSCS 451 - Quantum Mechanics	3.0
PHSCS 452 - Applications of Quantum Mechanics	3.0
PHSCS 471 - Principles of Optics	3.0

✔ REQUIREMENT 2 Complete 1 Option

✔ OPTION 2.1 Complete 2 Courses

MATH 113 - Calculus 2	4.0
MATH 302 - Mathematics for Engineering 1	4.0

✔ **OPTION 2.2** Complete 3 Courses

MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0

✔ **REQUIREMENT 3** Complete 1 Course

MATH 303 - Mathematics for Engineering 2	4.0
MATH 334 - Ordinary Differential Equations	3.0

✔ **REQUIREMENT 4** Complete 1 Option

Senior thesis:

Complete a senior thesis, including the following:

A. Choose a research mentor and group as early as possible, starting with information in Phscs 191 and 291, and discussion with faculty, your advisor and senior thesis coordinator. It is best to start as a freshman or sophomore. Interdisciplinary work in other departments or in internships is possible.

✔ **OPTION 4.1** Complete 2.0 hours from the following Courses

B.

PHSCS 498R - Senior Thesis *You may take up to 2 credit hours.*	3.0v

Note 1: Students planning careers in experimental, applied, or industrial physics should complete Stat 201.

Note 2: All students will benefit, through courses or individual study, by learning programming skills and numerical methods beyond what you are taught in C S 142 and our computational physics courses. Consider the following: C S courses, Math 410, Me En 373.

Note 3: Students planning graduate school in physics should learn complex analysis. Consider the following: Math 332, Phscs 601, 602.

Program Outcomes

Physics Theory and Application

Apply principles from the primary physical theories (classical mechanics, quantum mechanics, thermodynamics, electromagnetism and optics) to model and solve representative problems analytically and computationally.

Experiment Design and Data Analysis

Design and conduct experiments, build scientific equipment, and analyze data.

Effective Communication

Communicate professionally to a technical audience both orally and in writing.

Professional Ethics

Understand scientific ethical practices and demonstrate them in the conduct of scientific research.

Professional Preparation

Conduct experimental, theoretical or computational research under the direction of a mentor to contribute to the generation of new knowledge or technologies, and prepare to do this professionally.

Physics Teaching

BS

Hours	74.5 - 77.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements.

Contact Education Student Services for entrance requirements into the licensure program.

A teaching minor is not required for licensure. However, it is strongly recommended.

✔ REQUIREMENT 1 Complete 9 Courses

Note: Phscs 191 should be taken the first semester.

PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 127 - Descriptive Astronomy	3.0
PHSCS 140 - Electronics Lab	1.0
PHSCS 145 - Experimental Methods in Physics	1.0
PHSCS 191 - Introduction to Physics Careers and Research 1	0.5
PHSCS 220 - Introduction to Electricity and Magnetism	3.0
PHSCS 222 - Modern Physics	3.0
PHSCS 240 - Design, Fabrication, and Use of Scientific Apparatus	2.0

✔ REQUIREMENT 2 Complete 1 Option

✔ OPTION 2.1 Complete 3 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 302 - Mathematics for Engineering 1	4.0

✔ OPTION 2.2 Complete 4 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0

✔ **REQUIREMENT 3** Complete 1 Course

MATH 303 - Mathematics for Engineering 2	4.0
MATH 334 - Ordinary Differential Equations	3.0

✔ **REQUIREMENT 4** Complete 12.0 hours from the following Options

Physics electives:

Complete an additional 12 hours from the following (any physics course already taken will not double count).

✔ **OPTION 4.1** Complete up to 6.0 hours from the following Courses

HIST 291 - (Not currently offered)	
PHIL 423R - History and Philosophy of Science *You may take this course up to 1 time.*	3.0
PHSCS 137 - Severe and Hazardous Weather	3.0
PHSCS 167 - Descriptive Acoustics of Music and Speech	3.0
PHSCS 281 - Principles of Solid State Physics	3.0
PHSCS 310 - Physics By Inquiry: Mechanics	3.0
PHSCS 311 - Physics By Inquiry: Electricity	3.0
PHSCS 313R - Special Topics in Physics *You may take this course up to 1 time.*	3.0v

✔ **OPTION 4.2** Complete up to 12.0 hours from the following Courses

Complete AT LEAST 6 hours from 300-, 400-, or 550-level physics courses, not including 310 or 311 (Phscs 321, 461, and 471 are highly recommended).

PHSCS 313R - Special Topics in Physics	3.0v
PHSCS 318 - Introduction to Mathematical Physics	3.0
PHSCS 321 - Mechanics	3.0
PHSCS 329 - Observational Astronomy	3.0
PHSCS 330 - Computational Physics Lab 2	1.0
PHSCS 360 - Statistical and Thermal Physics	3.0
PHSCS 391R - Seminar in Current Physics	1.0
PHSCS 399R - Academic Internship	9.0v
PHSCS 416 - Writing in Physics	3.0
PHSCS 427 - Introduction to Astrophysics	3.0
PHSCS 428 - Introduction to Astrophysics	3.0
PHSCS 430 - Computational Physics Lab 3	1.0
PHSCS 441 - Electrostatics and Magnetism	3.0
PHSCS 442 - Electrodynamics	3.0
PHSCS 451 - Quantum Mechanics	3.0
PHSCS 452 - Applications of Quantum Mechanics	3.0
PHSCS 461 - Introduction to Acoustics	3.0
PHSCS 471 - Principles of Optics	3.0
PHSCS 492R - Capstone Project in Applied Physics	2.0
PHSCS 497R - Research in Physics	3.0v
PHSCS 498R - Senior Thesis	3.0v
PHSCS 500 - (Phscs-Chem-C S-Geol-Math-MthEd-Stat) Business Career Essentials in Science and Math	1.5
PHSCS 540 - Electrical Engineering Principles and Practices for Physicists	2.0
PHSCS 561 - (Phscs-Me En) Fundamentals of Acoustics	3.0
PHSCS 571 - Lasers and Atoms	3.0
PHSCS 581 - Solid-State Physics	3.0

PHSCS 583 - Physics of Nanostructures, Surfaces, and Interfaces	3.0
PHSCS 585 - Thin-Film Physics	3.0
PHSCS 586 - Transmission Electron Microscopy for Physical Science and Engineering	3.0
PHSCS 587 - Physics of Semiconductor Devices	3.0
PHSCS 588 - Scanning Electron Microscopy (SEM) for Physical Science and Engineering	3.0
PHSCS 599R - Academic Internship	9.0v

✔ **REQUIREMENT 5** Complete 2 Options

Professional Education Component:

Licensure requirements: Contact Education Student Services, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 5.1** Complete 7 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
IP&T 286 - Instructional Technology in Teaching	1.0
PHY S 276 - Exploration of Teaching	4.0
PHY S 377 - Teaching Methods and Instruction	3.0
PHY S 378 - Practicum in Secondary Education	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

Note: FBI fingerprint and background clearance must be completed prior to enrollment in Phy S 276.

✔ **OPTION 5.2** Complete 12.0 hours from the following Courses

PHY S 476 - (Not currently offered)	
PHY S 496 - (Not currently offered)	
SC ED 476R - Secondary Student-Teaching *You may take up to 12 credit hours.*	12.0v
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Teaching Physical Science and Problem Solving

Teach concepts and problem solving at the high school and advanced placement level in astronomy, classical mechanics, thermodynamics, electromagnetism, optics, quantum mechanics and special relativity.

Classroom Management and Lab Design

Direct high school student labs, and build simple lab equipment and demonstrations.

Physics Theory and Application

Apply principles at an introductory college level from the primary physical theories (classical mechanics, quantum mechanics, special relativity, thermodynamics, electromagnetism and optics) to solve representative problems.

Instruction Design

Design, develop and administer inquiry-based science units.

Addressing Student Diversity

Adapt teaching to adolescents and students with different cultural backgrounds.

INTASC Standards

Understand and apply the goals and standards of Interstate New Teacher Assessment and Support Consortium (INTASC).

Professional and Moral Practice

Understand and apply the Moral Dimensions of Teaching as embraced by the McKay School of Education.

Top

Physics Teaching

Minor

Hours 27 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the minor after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements.

✔ REQUIREMENT 1 Complete 9 Courses

MATH 112 - Calculus 1	4.0
MATH 113 - Calculus 2	4.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 140 - Electronics Lab	1.0
PHSCS 145 - Experimental Methods in Physics	1.0
PHSCS 220 - Introduction to Electricity and Magnetism	3.0
PHSCS 222 - Modern Physics	3.0
PHSCS 240 - Design, Fabrication, and Use of Scientific Apparatus	2.0

✔ REQUIREMENT 2 Complete 1 Course

PHSCS 310 - Physics By Inquiry: Mechanics	3.0
PHY S 377 - Teaching Methods and Instruction	3.0

Program Outcomes

Please contact the individual department for outcome information.

Physics--Astronomy

BS

Hours	67 - 70 Credit Hours
MAP	Major Academic Plan

Program Requirements

No more than 3 hours of D credit is allowed in major courses.

REQUIREMENT 1 Complete 1 Option

OPTION 1.1 Complete 19 Courses

C S 142 - Introduction to Computer Programming	3.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0
PHSCS 123 - Introduction to Waves, Optics, and Thermodynamics	3.0
PHSCS 127 - Descriptive Astronomy	3.0
PHSCS 191 - Introduction to Physics Careers and Research 1	0.5
PHSCS 220 - Introduction to Electricity and Magnetism	3.0
PHSCS 222 - Modern Physics	3.0
PHSCS 227 - Solar System Astronomy	3.0
PHSCS 228 - Stellar and Extragalactic Astronomy	3.0
PHSCS 230 - Computational Physics Lab 1	1.0
PHSCS 291 - Introduction to Physics Careers and Research 2	0.5
PHSCS 318 - Introduction to Mathematical Physics	3.0
PHSCS 321 - Mechanics	3.0
PHSCS 329 - Observational Astronomy	3.0
PHSCS 330 - Computational Physics Lab 2	1.0
PHSCS 427 - Introduction to Astrophysics	3.0
PHSCS 428 - Introduction to Astrophysics	3.0
PHSCS 441 - Electrostatics and Magnetism	3.0
PHSCS 451 - Quantum Mechanics	3.0

Note: Phscs 191 should be taken the first semester as a freshman. Phscs 291 should be taken the first semester as a sophomore.

REQUIREMENT 2 Complete 2 Courses

PHSCS 360 - Statistical and Thermal Physics	3.0
PHSCS 442 - Electrodynamics	3.0
PHSCS 452 - Applications of Quantum Mechanics	3.0
PHSCS 471 - Principles of Optics	3.0

REQUIREMENT 3 Complete 1 Option

✔ **OPTION 3.1** Complete 2 Courses

MATH 113 - Calculus 2	4.0
MATH 302 - Mathematics for Engineering 1	4.0

✔ **OPTION 3.2** Complete 3 Courses

MATH 113 - Calculus 2	4.0
MATH 313 - Elementary Linear Algebra	3.0
MATH 314 - Calculus of Several Variables	3.0

✔ **REQUIREMENT 4** Complete 1 Course

MATH 303 - Mathematics for Engineering 2	4.0
MATH 334 - Ordinary Differential Equations	3.0

✔ **REQUIREMENT 5** Complete 1 Option

Senior thesis:

Complete a senior thesis, including the following:

A. Choose a research mentor and group as early as possible, starting with information in Phscs 191 and 192, and discussions with faculty, your advisor, and the senior thesis coordinator. It is best to start as a freshman or sophomore. Some internships may qualify for your project.

✔ **OPTION 5.1** Complete 2.0 hours from the following Courses

B.

PHSCS 498R - Senior Thesis *You may take up to 2 credit hours.*	3.0v

Note: Students planning on graduate school in astronomy should consider taking all four of Phscs 360, 442, 452, 471, instead of only two. Gain statistics and computer programming skills beyond what you get in this major by taking courses such as Stat 201 (Statistics for Engineers and Scientists) and courses such as Phscs 430 (Computational Physics 3) and Me En 373 (Introduction to Scientific Computing).

Program Outcomes

Physics Theory and Application

Apply principles to model and solve representative problems both analytically and computationally, at an introductory level from the primary physical theories (classical mechanics, quantum mechanics, special relativity, thermodynamics, electromagnetism and optics), and at an advanced level from classical mechanics, electricity and magnetism, and in topics chosen from quantum mechanics, optics and thermal physics. Apply physical theories to the solution of astrophysical problems

Observation and Data Analysis

Locate and observe astronomical objects and analyze astrophysical data. Design and build simple circuits.

Effective Communication

Communicate professionally to a technical audience both orally and in writing.

Professional Ethics

Understand scientific ethical practices and demonstrate them in the conduct of scientific research.

Professional Preparation

Conduct astronomical or astrophysical research under the direction of a faculty mentor to contribute to the generation of new knowledge, and prepare to do this professionally.

Physiology & Developmental Biology

BS

Hours	66 - 67 Credit Hours
MAP	Major Academic Plan

Program Requirements

✔ REQUIREMENT 1 Complete 6 Courses

Biology core courses:

BIO 420 - Evolutionary Biology	2.0
MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
PDBIO 120 - Science of Biology	2.0
PDBIO 360 - Cell Biology	3.0
PWS 340 - Genetics	3.0

✔ REQUIREMENT 2 Complete 8 Courses

Chemistry and physics courses:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 481 - Biochemistry	3.0
PHSCS 105 - General Physics 1	3.0
PHSCS 106 - General Physics 2	3.0

✔ REQUIREMENT 3 Complete 5 Courses

Major core courses:

PDBIO 325 - Tissue Biology (with lab)	3.0
PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0
PDBIO 455R - Physiology and Developmental Biology Seminar *You may take this course up to 1 time.*	0.5
PDBIO 482 - Developmental Biology	3.0

✔ REQUIREMENT 4 Complete 1 Course

PDBIO 210 - Human Anatomy (with virtual lab)	3.0
PDBIO 220 - Human Anatomy (with lab)	3.0

✔ REQUIREMENT 5 Complete 1 Course

PDBIO 365 - Pathophysiology	4.0
PDBIO 484 - Human Embryology	3.0

✔ REQUIREMENT 6 Complete 1 Course

Advanced molecular courses:

MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
CHEM 489 - Structural Biochemistry	3.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 441 - Advanced Molecular Biology	3.0

✔ REQUIREMENT 7 Complete 1 Course

Capstone courses:

NEURO 480 - Advanced Neuroscience	3.0
PDBIO 498 - Advanced Senior Research Project	3.0
PDBIO 561 - Physiology of Drug Mechanisms	3.0
PDBIO 562 - Reproductive Physiology	3.0
PDBIO 565 - Endocrinology	3.0
PDBIO 568 - Cellular Electrophysiology and Biophysics	3.0
PDBIO 582 - Developmental Genetics	3.0

✔ REQUIREMENT 8 Complete 6.5 hours from the following Options

Complete 6.5 hours from the following courses, including at least 1 hour from the mentored experience list and at least 2 hours from the advanced laboratory requirement list.

✔ OPTION 8.1 Complete up to 4.5 hours from the following Courses

A. Mentored experience (at least 1 hour required):

PDBIO 349R - Physiology and Developmental Biology Teaching Seminar *You may take up to 4 credit hours.*	3.0v
PDBIO 494R - Undergraduate Research in Physiology and Developmental Biology *You may take up to 4 credit hours.*	4.0v
PDBIO 550R - Advanced Topics in Physiology and Developmental Biology *You may take up to 4 credit hours.*	4.0v

✔ OPTION 8.2 Complete up to 5.5 hours from the following Courses

B. Advanced laboratory experience (at least 2 hours required):

MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0
CHEM 581 - Advanced Biochemical Methodology 1	3.0
CHEM 583 - Advanced Biochemical Methodology 2	3.0
CHEM 584 - Biochemistry Laboratory/Proteins	3.0
CHEM 586 - Biochemistry Laboratory/Nucleic Acids	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0

PDBIO 399R - Academic Internship: Physiology and Developmental Biology *You may take up to 5 credit hours.*	9.0v
PDBIO 495R - Advanced Undergraduate Research in Physiology and Developmental Biology *You may take up to 5 credit hours.*	4.0v

✔ **OPTION 8.3** Complete up to 3.0 hours from the following Courses

C. Elective courses (courses used to fill any requirements listed above cannot count for this requirement):

BIO 350 - Ecology	3.0
BIO 370 - Bioethics	2.0
BIO 421 - Evolutionary Biology Laboratory	1.0
BIO 463 - Genetics of Human Disease	3.0
BIO 468 - (Bio-MMBio-PWS) Genomics	3.0
BIO 475 - Plant Developmental Biology	3.0
CHEM 482 - Mechanisms of Molecular Biology	3.0
CHEM 489 - Structural Biochemistry	3.0
CHEM 581 - Advanced Biochemical Methodology 1	3.0
CHEM 583 - Advanced Biochemical Methodology 2	3.0
CHEM 584 - Biochemistry Laboratory/Proteins	3.0
CHEM 586 - Biochemistry Laboratory/Nucleic Acids	3.0

EXSC 464 - Exercise Physiology Lab	0.5
MMBIO 261 - Infection and Immunity	3.0
MMBIO 417 - Medical Parasitology	3.0
MMBIO 430 - Advanced Cell Biology	3.0
MMBIO 441 - Advanced Molecular Biology	3.0
MMBIO 442 - Advanced Molecular Biology Laboratory	2.0
MMBIO 468 - (MMBio-Bio-PWS) Genomics	3.0
NDFS 200 - Nutrient Metabolism	3.0
NEURO 480 - Advanced Neuroscience	3.0
PDBIO 320 - Dissection Techniques in Human Anatomy	1.0
PDBIO 349R - Physiology and Developmental Biology Teaching Seminar *You may take up to 3 credit hours.*	3.0v
PDBIO 365 - Pathophysiology	4.0
PDBIO 399R - Academic Internship: Physiology and Developmental Biology *You may take up to 3 credit hours.*	9.0v
PDBIO 450R - Topics in Physiology and Developmental Biology *You may take up to 3 credit hours.*	3.0v
PDBIO 455R - Physiology and Developmental Biology Seminar *You may take up to 3 credit hours.*	0.5
PDBIO 484 - Human Embryology	3.0
PDBIO 494R - Undergraduate Research in Physiology and Developmental Biology *You may take up to 3 credit hours.*	4.0v
PDBIO 495R - Advanced Undergraduate Research in Physiology and Developmental Biology *You may take up to 3 credit hours.*	4.0v
PDBIO 498 - Advanced Senior Research Project	3.0
PDBIO 520R - (Not currently offered)	
PDBIO 550R - Advanced Topics in Physiology and Developmental Biology *You may take up to 3 credit hours.*	4.0v
PDBIO 561 - Physiology of Drug Mechanisms	3.0
PDBIO 562 - Reproductive Physiology	3.0
PDBIO 565 - Endocrinology	3.0
PDBIO 568 - Cellular Electrophysiology and Biophysics	3.0
PDBIO 582 - Developmental Genetics	3.0

Professional schools and graduate programs may require additional courses not required for this major, such as Phscs 107, 108, chemistry, calculus, or statistics. Contact the programs to which you may apply to determine the specific courses required.

Students considering professional or graduate degrees should take at least two semesters of mathematical courses. The recommended sequences are:

1. Math 119, Stat 221 for students who want exposure to calculus and statistics.

2. Math 112, 113 for students who want a firm foundation in calculus.

3. Math 112, 113, Stat 221 for students who want a firm foundation in both calculus and statistics.

Program Outcomes

Developmental Biology Fundamentals

Explain key principles of developmental biology including: a) mechanisms by which differential gene activity controls development, b) mechanisms that determine cell fate, c) mechanisms that allow dividing cells to become different from each other, d) mechanisms that ensure consistency and reliability of development.

Physiology Fundamentals

Explain key principles of physiology including: a) mechanisms of maintenance of homeostasis by physiologic control systems, b) mechanisms of communication among cells and organs, c) properties that influence movement of substances across living membranes, d) relation of cell and organ structure to function.

Supporting Disciplines

Explain key principles of supporting disciplines including cellular and molecular biology, evolutionary science, chemistry (general, organic, and biochemistry), and physics.

Effective Writing and Analysis

Critically evaluate current scientific literature and write reports that synthesize and integrate data and hypotheses

Laboratory Techniques

Perform a variety of standard laboratory techniques used in the discipline

Personal and Public Health Issues

Formulate informed decisions concerning personal and public health issues

The Human Body: Development, Form, and Function

Summarize the wonders of the human body as manifested by its development, form, and function.

Top

Political Science

BA

Hours	41 - 44 Credit Hours
MAP	Major Academic Plan

Program Requirements

The Political Science Department requires a minimum of 27 hours of political science courses to be taken in residency at BYU for this degree program (BYU Independent Study courses do not meet this requirement). These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ **REQUIREMENT 1** Complete 3 Options

Introduction to the Major. Complete one course from three of the following four groups.

✔ **OPTION 1.1** Complete 1 Course

Political Philosophy:

POLI 201 - Western Political Heritage 1	3.0
POLI 202 - Western Political Heritage 2	3.0

✔ **OPTION 1.2** Complete 1 Course

American Politics:

POLI 110 - American Government and Politics	3.0
POLI 210 - Principles of American Politics	3.0

✔ **OPTION 1.3** Complete 1 Course

Comparative Politics:

POLI 150 - Comparative Government and Politics	3.0
POLI 250 - Principles of Comparative Politics	3.0

✔ **OPTION 1.4** Complete 1 Course

International Relations:

POLI 170 - Introduction to International Politics	3.0
POLI 270 - Principles of International Relations	3.0

✔ **REQUIREMENT 2** Complete 1 Course

Note: Courses used to complete requirement 1 can double count towards completion of this requirement.

POLI 210 - Principles of American Politics	3.0

POLI 250 - Principles of Comparative Politics	3.0
POLI 270 - Principles of International Relations	3.0

✔ REQUIREMENT 3 Complete 1 Course

Philosophy. (Note: Poli 201 or Poli 202 can double-count in the Political Philosophy section above.)

POLI 201 - Western Political Heritage 1	3.0
POLI 202 - Western Political Heritage 2	3.0
POLI 367 - Contemporary Political Theory	3.0

✔ REQUIREMENT 4 Complete 1 Course

Introductory Research and Writing. (Note: This course is a prerequisite to many other courses and should be taken as soon as possible.)

POLI 200 - Political Inquiry	4.0

✔ REQUIREMENT 5 Complete 1 Course

Research Project. (Note: This course should be taken as soon as possible after Poli 200 because it will provide skills for many other courses. In combination with Poli 200, it fulfills the University Core Advanced Written and Oral Communication requirement.)

POLI 400 - Research Project in Political Theory	3.0
POLI 410 - Research Project in American Politics	3.0
POLI 430 - Research Project in Public Policy	3.0
POLI 450 - Research Project in Comparative Politics	3.0
POLI 470 - Research Project in International Relations	3.0

✔ REQUIREMENT 6 Complete 2 Options

Analytical and Professional Skills.

✔ OPTION 6.1 Complete 1 Course

POLI 328 - Statistical Analysis	4.0

✔ OPTION 6.2 Complete 1 Course

Note: Poli 278 will not double count in the Legal Studies track below.

C S 142 - Introduction to Computer Programming	3.0
ECON 478 - Game Theory and Economics	3.0
ECON 488 - Applied Econometrics	3.0
FIN 201 - Principles of Finance	3.0

1. 27 hours of political science courses must be taken in residency at BYU (BYU Independent Study courses do not meet this requirement). These hours may also go toward BYU's 30-hour residency requirement for graduation.

2. Poli 101R and 297R do not count toward the major or any minor offered by the department.

3. Only 6 hours of Poli 399R (internship credit) may count toward the major.

4. No cooperative education (internship) credit from other universities or colleges will be accepted toward the major.

5. All students are strongly encouraged to complete an internship. Established programs are available through Washington Seminar, Utah State Legislature, or the Kennedy Center.

6. Students scoring a 4 or 5 on the American Government and/or Comparative Government AP exams may substitute AP credit for Poli 110 or Poli 150, respectively.

7. We strongly encourage students to take Poli 298R, a career lecture series course.

Program Outcomes

Sacred Texts and Doctrine

possess a command of sacred texts and doctrines gained by completing the University's religion course requirements

Sacred Texts and Doctrine

Possess a command of sacred texts and doctrines gained by completing the University's religion course requirements.

Faith and Political Analysis

be able to articulate principles of faith in political analysis

Faith and Political Analysis

Be able to articulate principles of faith in political analysis.

Political Science Teaching

Minor

Hours 21 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

REQUIREMENT 1 Complete 1 Course

POLI 110 - American Government and Politics	3.0

REQUIREMENT 2 Complete 1 Course

POLI 150 - Comparative Government and Politics	3.0
POLI 170 - Introduction to International Politics	3.0

REQUIREMENT 3 Complete 1 Course

PHIL 202 - History of Philosophy 2	3.0
POLI 202 - Western Political Heritage 2	3.0

REQUIREMENT 4 Complete 1 Course

POLI 311 - State and Local Government and Politics	3.0
POLI 397 - Utah Legislative Politics	2.0

REQUIREMENT 5 Complete 1 Course

POLI 420 - Constitutional Law - American Federal System	3.0
POLI 421 - Constitutional Law - Rights and Immunities	3.0

REQUIREMENT 6 Complete 1 Course

Complete one additional political science elective (300-level or above):

POLI 302 - Experimental Research Methods	3.0
POLI 303 - Qualitative Methods	3.0
POLI 304 - Game Theory in Political Science	3.0
POLI 305 - Survey Research Methods	3.0

Portuguese

BA

Hours	51 - 76 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

The Spanish and Portuguese Department requires a minimum of 18 upper-division major credit hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ REQUIREMENT 1

PREREQUISITE COURSES: Complete the following: Port 101, 102, 201, 202, 206, 211R.

Note 1: Spanish speakers should take Port 105 instead of 101 and 102, and 205 instead of 201 and 202.

Note 2: Native speakers and returned missionaries normally start with Port 321; however, returned missionaries who wish to strengthen their language skills may start with Port 206.

Note 3: Prerequisite courses may be waived for those having sufficient proficiency with the language.

✔ REQUIREMENT 2 Complete 6 Courses

PORT 321 - Third-Year Portuguese Reading, Grammar, and Culture	3.0
PORT 322 - Third-Year Portuguese Grammar and Composition	3.0
PORT 339 - Introduction to Portuguese and Brazilian Literature	3.0
PORT 441 - Survey of Portuguese Literature	3.0
PORT 451 - Survey of Brazilian Literature	3.0
PORT 493 - Capstone Course in Portuguese	1.0

✔ **REQUIREMENT 3** Complete 1 Course

PORT 325 - Survey of Luso-Brazilian Linguistics	3.0
PORT 326 - Portuguese Phonetics and Pronunciation	3.0

✔ **REQUIREMENT 4** Complete 1 Course

PORT 345 - Portuguese Civilization	3.0
PORT 355 - Brazilian Civilization	3.0

✔ **REQUIREMENT 5** Complete 1 Option

Complete 15 hours from the following. Courses taken above will not double count.

✔ **OPTION 5.1** Complete 15.0 hours from the following Courses

PORT 325 - Survey of Luso-Brazilian Linguistics	3.0
PORT 326 - Portuguese Phonetics and Pronunciation	3.0
PORT 345 - Portuguese Civilization	3.0
PORT 346R - Special Topics in Portuguese Culture	3.0
PORT 355 - Brazilian Civilization	3.0
PORT 356R - Special Topics in Brazilian Culture	3.0
PORT 395R - Contemporary Culture *You may take this course up to 2 times.*	3.0v
PORT 399R - Academic Internship: Portuguese Language Field Experience	6.0v
PORT 414 - Introduction to Translation	3.0
PORT 438 - Luso-Brazilian Cinema	3.0
PORT 439R - Luso-Brazilian Theatre Production *You may take this course up to 2 times.*	3.0
PORT 442 - Camoes	3.0
PORT 449R - Special Topics in Portuguese Literature *You may take up to 12 credit hours.*	3.0
PORT 452 - Machado de Assis	3.0
PORT 453 - Twentieth-Century Brazilian Literature	3.0
PORT 459R - Special Topics in Brazilian Literature *You may take this course up to 2 times.*	3.0
PORT 461R - African Literature in Portuguese *You may take this course up to 2 times.*	3.0
PORT 462R - Literature of the Lusophone World *You may take this course up to 2 times.*	3.0
PORT 480R - Directed Research in Portuguese *You may take this course up to 2 times.*	3.0v
PORT 520 - Advanced Portuguese Grammar	3.0
PORT 521 - Romance Philology	3.0
PORT 522 - History of the Portuguese Language	3.0
PORT 529R - Special Topics in Portuguese Linguistics *You may take this course up to 2 times.*	3.0

✔ **REQUIREMENT 6** Complete 1 Course

Note: An ACTFL Oral Proficiency Interview and Writing Proficiency Test are taken in connection with Port 491. It is expected that Portuguese majors will pass both tests with a rating of Advanced Low or higher.

PORT 491 - Senior Proficiency Evaluation	0.0

✔ REQUIREMENT 7

Complete a minor from any department (approximately 16¿21 hours), or complete a second (additional) major (approximately 30¿60 hours), or complete 15 credit hours of courses (also known as Option II) from among the following related fields: a second modern foreign language (upper-division courses only); Latin, Greek, or English beyond the GE requirement; linguistics; classical civilization; Latin American history or geography; humanities; archaeology of Spain or Latin America; comparative literature; pre-medical school requirements; other areas approved by the department chair.

Note: Latin American Studies or Portuguese Studies majors/minors: Port 321, 339, 345 or 355, and 441 or 451 meet requirements for both the Portuguese major and the area studies minor. Only one of these courses may be double-counted (applied to both the major and the minor). Students wishing to complete a Portuguese major and one of these area studies minors must take an additional 6¿9 hours chosen from the approved electives for either major or minor. Consult the department and the advisement center for clarification of the choices available to you.

✔ REQUIREMENT 8

Complete foreign residency requirement through a full-time Portuguese-speaking LDS mission, semester foreign language student residence, study abroad to a Portuguese-speaking country for at least 6 weeks, or any other 6-week Portuguese-immersion residency.

Program Outcomes

Language Competence

Students will speak, listen, read, and write Portuguese at the ACTFL advanced level or higher (see the ACTFL guidelines here).

Cultural Competence

Students will identify cultural practices and works of literature, art, architecture, and music from the Lusophone world, place them in their historical, political, and social contexts, and interpret the unique perspectives on human experience that they reveal.

Critical Thinking and Expression

Students will analyze language, literary texts, and other cultural products and practices using sound thinking and clear expression.

Transferable Skills

Students will connect academic experience to personal and professional goals.

PORT 521 - Romance Philology	3.0
PORT 522 - History of the Portuguese Language	3.0
PORT 529R - Special Topics in Portuguese Linguistics *You may take this course up to 2 times.*	3.0

✔ REQUIREMENT 8 Complete 1 Course

Note: An ACTFL Oral Proficiency Interview and Writing Proficiency Test are taken in connection with Port 491. It is expected that Portuguese Studies majors will pass both tests with a rating

of Advanced Low or higher.

PORT 491 - Senior Proficiency Evaluation	0.0

Program Outcomes

Language Competence

Students will speak, listen, read, and write Portuguese at the ACTFL advanced level or higher (see the ACTFL guidelines here).

Cultural Competence

Students will identify cultural practices and works of literature, art, architecture, and music from the Lusophone world, place them in their historical, political, and social contexts, and interpret the unique perspectives on human experience that they reveal.

Criticial Thinking and Expression

Students will analyze language, literary texts, and other cultural products and practices, using sound thinking and clear expression.

Transferable Skills

Students will connect academic experience to personal and professional goals.

Top

Portuguese Teaching

Minor

Hours 21 - 37 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

Complete the following prerequisite courses or equivalent experience: Port 101, 102, 201, 202, 206, 211R.

Note 1: Spanish speakers should take Port 105 instead of 101 and 102, and Port 205 instead of 201 and 202.

Note 2: Native speakers and returned missionaries normally start with Port 321; however, returned missionaries who wish to strengthen their language skills may start with Port 206.

Note 3: Prerequisite courses may be waived for those having sufficient proficiency with the language.

REQUIREMENT 1 Complete 1 Course

PORT 377 - Methods of Portuguese Teaching	3.0

REQUIREMENT 2 Complete 3 Courses

PORT 321 - Third-Year Portuguese Reading, Grammar, and Culture	3.0
PORT 322 - Third-Year Portuguese Grammar and Composition	3.0
PORT 339 - Introduction to Portuguese and Brazilian Literature	3.0

REQUIREMENT 3 Complete 1 Course

PORT 325 - Survey of Luso-Brazilian Linguistics	3.0
PORT 326 - Portuguese Phonetics and Pronunciation	3.0

✔ REQUIREMENT 4 Complete 1 Course

PORT 345 - Portuguese Civilization	3.0
PORT 355 - Brazilian Civilization	3.0

✔ REQUIREMENT 5 Complete 1 Course

PORT 441 - Survey of Portuguese Literature	3.0
PORT 451 - Survey of Brazilian Literature	3.0

✔ REQUIREMENT 6 Complete 1 Course

PORT 491 - Senior Proficiency Evaluation	0.0

Note 1: An ACTFL Oral Proficiency Interview (OPI) and Writing Proficiency Test are taken in connection with Port 491. Before applying to student teach, students must achieve a minimum OPI rating of Advanced Low to obtain Utah state licensure and to graduate.

Note 2: To qualify for Utah licensure, students must also pass the BYU Foreign Language Achievement Service (FLATS) test in Portuguese with a score of 85% or higher prior to student teaching. Contact the department for more information.

Program Outcomes

Please contact the individual department for outcome information.

Psychology

BS

Hours	52 - 53 Credit Hours
MAP	Major Academic Plan

Program Requirements

At least 36 of the total major credits must be 300-level or above. (Students can enroll in 500-level courses on a space-available basis.)

The Psychology Department requires a minimum of 23 hours of psychology major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

A maximum of 13 hours may be taken as Independent Study (only 8 of which may count as departmental residence hours).

✔ REQUIREMENT 1 Complete 1 Course

Note: Waivers based on AP or other test scores do not apply to this requirement.

PHIL 150 - Reasoning and Writing	3.0
WRTG 150 - Writing and Rhetoric	3.0

✔ REQUIREMENT 2 Complete 1 Option

Prerequisite courses:

✔ OPTION 2.1 Complete 3 Courses

PSYCH 101 - Orientation to the Psychology Major	1.0
PSYCH 111 - Introduction to Psychological Science	3.0
PSYCH 210 - A History of Psychology	3.0

Note: These courses must be completed prior to enrollment in Psych 307, 308, 309, 310.

✔ REQUIREMENT 3 Complete 1 Course

Multicultural issues courses:

ANTHR 101 - Social/Cultural Anthropology	3.0
EL ED 351 - (Not currently offered)	
SFL 354 - Cross-Cultural Family and Human Development	3.0
SOC 113 - Multicultural America	3.0

✔ **REQUIREMENT 4** Complete 1 Option

Prerequisite courses:

✔ **OPTION 4.1** Complete 4 Courses

PSYCH 307 - Writing Within Psychology	3.0
PSYCH 308 - Psychological Statistics	4.0
PSYCH 309 - Psychological Testing	3.0
PSYCH 310 - Psychological Research Design and Analysis	3.0

Note 1: Psych 307 may be taken concurrently with Psych 308.

Note 2: Psych 308 is prerequisite to both Psych 309 and 310 and may be taken concurrently with 210.

Note 3: Psych 309 and 310 may be taken concurrently.

Note 4: Students considering application to graduate study are strongly encouraged to take Psych 200.

Note 5: English 315 can substitute for Psych 307.

✔ **REQUIREMENT 5** Complete 1 Course

Gender issues courses (Note: If Psych 306 is selected to fill this requirement, it cannot also be used to fill the requirement listed in Cluster B):

POLI 472 - International Political Economy of Women	3.0
PSYCH 306 - Psychology of Gender	3.0
SOC 367 - Sociology of Gender	3.0
WS 222 - (WS-Soc) Introduction to Women's Studies	3.0

✔ **REQUIREMENT 6** Complete 1 Course

Note: Psych 320 or 342 cannot be double-counted here and in Cluster A.

PSYCH 320 - Developmental Psychology: Childhood	3.0
PSYCH 342 - Abnormal Psychology	3.0

✔ **REQUIREMENT 7** Complete 2 Courses

PSYCH 350 - (Psych-Soc) Introduction to Social Psychology	3.0
PSYCH 381 - Behavioral Neurobiology	3.0

✔ **REQUIREMENT 8** Complete 1 Option

Complete three courses in one of the following clusters:

✔ **OPTION 8.1** Complete 3 Courses

Cluster A - Developmental and Clinical Psychology:

PSYCH 311 - Critical Issues in Psychology	3.0
PSYCH 320 - Developmental Psychology: Childhood	3.0
PSYCH 321 - Developmental Psychology: Adolescence	3.0
PSYCH 322 - Developmental Psychology: Adulthood	3.0
PSYCH 341 - Personality	3.0

PSYCH 342 - Abnormal Psychology	3.0
PSYCH 343 - Child Psychopathology	3.0
PSYCH 348 - Clinical Psychology	3.0
PSYCH 356 - Introduction to Health Psychology	3.0

✔ **OPTION 8.2** Complete 3 Courses

Cluster B - Social Psychology:

PSYCH 306 - Psychology of Gender	3.0
PSYCH 311 - Critical Issues in Psychology	3.0
PSYCH 330 - Organizational Psychology	3.0
PSYCH 338 - Sport Psychology	3.0
PSYCH 341 - Personality	3.0
PSYCH 352 - Applied Social Psychology	3.0
PSYCH 353 - LDS Perspectives and Psychology	3.0
PSYCH 354 - Psychology of Religion	3.0
PSYCH 356 - Introduction to Health Psychology	3.0
PSYCH 358 - Leadership Development	3.0
PSYCH 376 - Language Development	3.0

✔ **OPTION 8.3** Complete 3 Courses

PSYCH 311 - Critical Issues in Psychology	3.0
PSYCH 361 - Principles of Learning	3.0
PSYCH 365 - Motivation	3.0
PSYCH 370 - Sensation and Perception	3.0
PSYCH 375 - Cognition	3.0
PSYCH 382 - Stress Psychobiology	3.0
PSYCH 387 - Introduction to Primate Behavior	3.0
PSYCH 388 - Drugs, Reward and Addiction	3.0

✔ **REQUIREMENT 9** Complete 1 Course

Complete one additional course listed in the other clusters not completed above. (Psych 307, 308, 309, and 310 are required prerequisites.)

PSYCH 306 - Psychology of Gender	3.0
PSYCH 311 - Critical Issues in Psychology	3.0
PSYCH 320 - Developmental Psychology: Childhood	3.0
PSYCH 321 - Developmental Psychology: Adolescence	3.0
PSYCH 322 - Developmental Psychology: Adulthood	3.0
PSYCH 330 - Organizational Psychology	3.0
PSYCH 338 - Sport Psychology	3.0
PSYCH 341 - Personality	3.0
PSYCH 342 - Abnormal Psychology	3.0
PSYCH 343 - Child Psychopathology	3.0
PSYCH 348 - Clinical Psychology	3.0
PSYCH 352 - Applied Social Psychology	3.0
PSYCH 353 - LDS Perspectives and Psychology	3.0
PSYCH 354 - Psychology of Religion	3.0
PSYCH 356 - Introduction to Health Psychology	3.0
PSYCH 358 - Leadership Development	3.0
PSYCH 361 - Principles of Learning	3.0
PSYCH 365 - Motivation	3.0
PSYCH 370 - Sensation and Perception	3.0

PSYCH 375 - Cognition	3.0
PSYCH 376 - Language Development	3.0
PSYCH 382 - Stress Psychobiology	3.0
PSYCH 387 - Introduction to Primate Behavior	3.0

✔ **REQUIREMENT 10** Complete 3.0 hours from the following Options

Capstone seminars. Contingent upon departmental approval, students may take up to 8.0 credit hours.

✔ **OPTION 10.1** Complete 3.0 hours from the following Courses

PSYCH 399R - Academic Internship *You may take up to 3 credit hours.*	9.0v
PSYCH 410R - Senior Practicum: Teaching of Psychology *You may take up to 3 credit hours.*	3.0v
PSYCH 420R - Senior Practicum: Community Projects *You may take up to 3 credit hours.*	3.0v
PSYCH 430R - Senior Practicum: Research in Psychology *You may take up to 3 credit hours.*	3.0v

Note 1: To enroll in a capstone seminar students must have completed Psych 101, 111, 210, 308, 309, and 310 (or be concurrently enrolled in 309 or 310); one core course from Cluster A, B, or C; and three other 300-level psychology courses (or be concurrently enrolled in the third course).

Note 2: Enrollment in Psych 496R will also meet the capstone seminar requirement.

Program Outcomes

Knowledge of the Discipline

Demonstrate knowledge of the discipline of psychology in each of four areas: (a) learning and cognition, (b) sensation and physiological psychology, (c) clinical and personality, and (d) developmental and social psychology. (Content Outcome)

Effective Research and Writing

Students will demonstrate that they understand and can apply basic research methods in psychology including data analysis and interpretation, research design, psychometric methods, and the writing of results in light of previous findings. (Competency Outcome)

Technology in Research

Use computers and other research-related technology to collect, access, analyze, manage, organize, and interpret research information. (Competency Outcome)

Experiential Learning

Apply the principles of psychology in an internship setting (399R), a teaching (410R) or community service setting (420R), or in a research mentoring setting (430R). (Competency Outcome)

Critical Thinking and Reflection

Critically reflect on the content of psychology as well as on disciplinary values. (Competency

Outcome)

HLTH 428 - Sampling and Exposure Assessment Lab	3.0
MATH 110 - College Algebra	3.0
MMBIO 221 - General Microbiology	3.0
MMBIO 222 - General Microbiology Laboratory	1.0

REQUIREMENT 2 Complete 12.0 hours from the following Courses

Note: If Hlth 496R is chosen, the student must first complete Hlth 100, 310, 311, 322, 330, 345, 420, 422, and 424.

CHEM 223 - Quantitative and Qualitative Analysis	4.0
CHEM 285 - Introductory Bio-organic Chemistry	4.0
GEOG 101 - Global Environment: Understanding Physical Geography	3.0
GEOG 212 - Introduction to Geographic Information Systems	3.0
GEOG 303 - Biogeography	3.0

HLTH 422 - Disaster Response and Emergency Preparedness	3.0
HLTH 481 - Applied International Health	3.0v
HLTH 491R - Mentored Research *You may take up to 3 credit hours.*	3.0v
HLTH 492R - Directed Public Health Readings *You may take up to 3 credit hours.*	3.0v
HLTH 496R - Academic Internship *You may take this course up to 3 times.*	9.0v
MMBIO 261 - Infection and Immunity	3.0
MMBIO 417 - Medical Parasitology	3.0
MMBIO 465 - Virology	3.0
NDFS 361 - Food Microbiology	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PDBIO 365 - Pathophysiology	4.0
PWS 150 - Environmental Biology	3.0

✔ RECOMMENDED

ENGL 315 - Writing in the Social Sciences	3.0
ENGL 316 - Technical Communication	3.0
STAT 121 - Principles of Statistics	3.0

Program Outcomes

Environmental/Occupational Hazards Assessment

Assess the various biological, chemical, and physical hazards of the ambient, indoor, and work environment that can adversely affect human health.

Environmental/Occupational Health Interventions

Be able to anticipate, recognize, evaluate and control environmental and occupational hazards.

Environmental/Occupational Moral Code and Ethics

Apply moral and ethical principles as they apply to the science of Environmental/Occupational theory and practice.

STAT 230 - Analysis of Variance	3.0
STAT 234 - Methods of Survey Sampling	3.0
STAT 330 - Introduction to Regression	3.0

Note 1: If student uses an ACT score to fulfill the Math 110 requirement, 22 elective hours are needed.

Note 2: Only 6 credits of elective credits from Health 420, 424, 439, 442, 450, 460, 466, and 480 can be applied toward the degree.

Note 3: Prerequisites for PDBio 305 are Chem 101 or equivalent; PDBio 210 or 220.

Note 4: Prerequisites for PDBio 362 are MMBio 240; Phscs 106 or Phscs 200.

Note 5: Prerequisites for PDBio 365 are PDBio 305 or PDBio 362.

✔ **RECOMMENDED**

ENGL 315 - Writing in the Social Sciences	3.0
ENGL 316 - Technical Communication	3.0
STAT 121 - Principles of Statistics	3.0

✔ **RECOMMENDED** Complete 2 Options

Recommended Elective Courses:

Math 112, 113 for students who want a firm foundation in calculus and/or plan to pursue graduate education.

Students considering graduate work in epidemiology are encouraged to consider the statistics electives.

Program Outcomes

Data Collection, Analysis, and Presentation

Select samples, conduct surveys, analyze and interpret data, and create tables, graphs and charts for presenting public health data.

Epidemiologic Investigations/Studies

Describe the steps, challenges, considerations, research designs, and methodology needed to effectively implement epidemiologic investigations and studies.

Critical Assessment of Epidemiologic Literature

Critique studies for their validity and contribution to the discipline.

HLTH 345 - Principles of Epidemiology	3.0
HLTH 434 - Evaluation Methods	3.0
HLTH 439 - Program Planning	3.0
HLTH 447 - Introduction to Biostatistics	3.0

✔ REQUIREMENT 2 Complete 1 Option

✔ OPTION 2.1 Complete 3.0 hours from the following Courses

Complete three credit hours (42 hours per credit) of the following:

HLTH 496R - Academic Internship	9.0v

Note 1: Prior to taking Hlth 496R, the student must complete Hlth 100, 310, 330, 434, and 439.

Note 2: Internships may have a combination of mentored public health practice experience, research, and/or humanitarian service elements.

✔ REQUIREMENT 3 Complete 1 Option

Complete one of the following chemistry options:

✔ OPTION 3.1 Complete 3 Courses

Option 1:

CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0

CHEM 107 - General College Chemistry Laboratory	1.0

✔ **OPTION 3.2** Complete 3 Courses

Option 2:

CHEM 111 - Principles of Chemistry	4.0
CHEM 112 - Principles of Chemistry	3.0
CHEM 113 - Introductory General Chemistry Laboratory	2.0

✔ **REQUIREMENT 4** Complete 3 Courses

Note: Must take 2 credit hours of Chem 353 if pre-professional.

CHEM 351 - Organic Chemistry	3.0
CHEM 352 - Organic Chemistry	3.0
CHEM 353 - Organic Chemistry Laboratory--Nonmajors	2.0v

✔ **REQUIREMENT 5** Complete 3 Courses

MMBIO 240 - Molecular Biology	3.0
MMBIO 241 - Molecular and Cellular Biology Laboratory	1.0
PDBIO 120 - Science of Biology	2.0

✔ **REQUIREMENT 6** Complete 1 Option

Complete one of the following biology options:

✔ **OPTION 6.1** Complete 2 Groups

Option 1:

✔ **GROUP 6.1.1** Complete 1 Course

PDBIO 210 - Human Anatomy (with virtual lab)	3.0
PDBIO 220 - Human Anatomy (with lab)	3.0

✔ **GROUP 6.1.2** Complete 1 Course

PDBIO 305 - Human Physiology (with lab)	4.0

✔ **OPTION 6.2** Complete 2 Courses

Option 2:

PDBIO 362 - Advanced Physiology	3.0
PDBIO 363 - Advanced Physiology Laboratory	1.0

✔ **REQUIREMENT 7** Complete 1 Option

Complete one of the following physics options:

✔ **OPTION 7.1** Complete 2 Courses

Option 1:

PHSCS 105 - General Physics 1	3.0
PHSCS 107 - General Physics Lab 1	1.0

✔ **OPTION 7.2** Complete 2 Courses

Option 2:

PHSCS 107 - General Physics Lab 1	1.0
PHSCS 121 - Introduction to Newtonian Mechanics	3.0

✔ RECOMMENDED

CHEM 481M - Biochemistry--Majors	3.0
MATH 112 - Calculus 1	4.0
PDBIO 325 - Tissue Biology (with lab)	3.0
PDBIO 360 - Cell Biology	3.0
PDBIO 365 - Pathophysiology	4.0
PHSCS 106 - General Physics 2	3.0
PHSCS 108 - General Physics Lab 2	1.0
PWS 340 - Genetics	3.0
STAT 121 - Principles of Statistics	3.0

Program Outcomes

Research and Data Interpretation

Review and critically evaluate scientific literature and analyze how the findings of these studies could be potentially used in public health.

Population Health and Well-Being

Identify health challenges and outcomes including health disparities and their distribution in the population; identify, discuss, and/or apply public health strategies that address trends in health outcomes and health disparities by promoting health, preventing disease and injuries, and/or assisting in building sustainable communities.

Recreation Management: Experience Industry Management

BS

Hours	64 Credit Hours
LEP	Limited Enrollment Program of 90 Students. Application Website
MAP	Major Academic Plan

Program Requirements

Students are advised to take Stat 121 to fulfill their Languages of Learning general education requirement.

✔ REQUIREMENT 1 Complete 5 Courses

Complete the following prerequisite management courses:

ACC 200 - Principles of Accounting	3.0
BUS M 241 - Marketing Management	3.0
ECON 110 - Economic Principles and Problems	3.0
FIN 201 - Principles of Finance	3.0
RECM 300 - Creating a Good Life through Recreation	3.0

Apply and be formally accepted into the program.

✔ REQUIREMENT 2 Complete 7 Courses

Complete the following Recreation Management Core courses: (Note: 3 hours of RecM 496R are required.)

RECM 404 - Foundations and Career Development	3.0
RECM 420 - Events and Experience Management	3.0
RECM 430 - Managing Experience Industries	3.0
RECM 486 - Risk Management in Recreation	3.0
RECM 487 - Evaluation for Recreation Managers	3.0
RECM 490 - Experience Industry Management Capstone	3.0
RECM 496R - Senior Internship	12.0v

✔ REQUIREMENT 3 Complete 6 Courses

Complete the following Management Core courses:

BUS M 361 - Operations Management	3.0
BUS M 390 - Ethics for Management	3.0

IS 110 - Spreadsheet Skills and Business Analysis	1.0
IS 201 - Introduction to Management Information Systems	3.0
M COM 320 - Communication in Organizational Settings	3.0
ORG B 321 - Organizational Effectiveness	3.0

✔ **REQUIREMENT 4** Complete 1 Course

BUS M 387 - Economics of Strategy	3.0
BUS M 498 - Strategic Management	3.0

✔ **REQUIREMENT 5** Complete 1 Option

Complete one of the following tracks:

✔ **OPTION 5.1** Complete 9.0 hours from the following Courses

Venue and Event Management Track:

BUS M 372 - Basic Entrepreneurship Skills	3.0
CFM 110 - Fundamentals of Facility and Property Management	3.0
RECM 330 - Hospitality Management	3.0
RECM 425 - Advanced Event and Experience Management	3.0
RECM 435 - Sport and Entertainment Venue Management	3.0
RECM 482 - Experience Industry Marketing	3.0
RECM 489 - Careers in Recreation	1.0
RECM 492 - Experience Design	3.0
RECM 494R - Experience Design Lab	3.0
RECM 497R - Special Topics and Research	4.0v

✔ **OPTION 5.2** Complete 9.0 hours from the following Courses

Youth and Community Development Track:

RECM 301 - Family Recreation	3.0
RECM 306 - Introduction to Nonprofit Organizations	3.0
RECM 344 - Youth Development	3.0
RECM 421 - Experiential and Outdoor Education	3.0
RECM 482 - Experience Industry Marketing	3.0
RECM 485 - Community Recreation Management	3.0
RECM 489 - Careers in Recreation	1.0
RECM 492 - Experience Design	3.0
RECM 494R - Experience Design Lab	3.0
RECM 497R - Special Topics and Research	4.0v

Program Outcomes

Foundational Knowledge - Nature and Scope

Students graduating from the program shall demonstrate the following entry-level knowledge: a) the nature and scope of the experience industry management profession.

Foundational Knowledge - Techniques and Processes

Students graduating from the experience industry management program shall demonstrate the following entry-level knowledge: b) techniques and processes used by professionals and workers in

the recreation experience industries.

Foundational Knowledge - History, Science, Philosophy

Students graduating from the experience industry management program shall demonstrate the following entry-level knowledge: c) the foundation of the profession's history, science, and philosophy.

Experience Delivery

Students graduating from the experience industry management program shall be able to demonstrate the ability to design, implement, and evaluate services that facilitate targeted human experiences and that embrace personal and cultural dimensions of diversity.

Management of Recreation Experience Industries

Students graduating from the program shall be able to demonstrate entry-level knowledge about operations and strategic management/administration in the recreation experience industries.

Internship - Potential to Succeed as Professionals

Students graduating from the program shall demonstrate, through a comprehensive internship of not less than 400 clock hours and no fewer than 10 weeks, the potential to succeed as professionals at supervisory or higher levels in the recreation experience industries.

Top

Recreation Management: Therapeutic Recreation

BS

Hours	64 Credit Hours
LEP	Limited Enrollment Program of 45 Students. Application Website
MAP	Major Academic Plan

Program Requirements

Students are advised to take Stat 121 to fulfill their Languages of Learning general education requirement.

First aid and CPR certification must be obtained before completing the RecM 496R internship experience.

Most agencies now require therapeutic recreation specialists to be certified through the National Council on Therapeutic Recreation Certification (NCTRC). Students should consult the NCTRC candidate information at www.NCTRC.org to ensure eligibility to sit for the certification exam. To practice in the state of Utah, the law also requires a licensure exam.

Students will be required to complete two extensive advising sessions as they declare their major and as they begin their therapeutic recreation core courses.

✔ **REQUIREMENT 1** Complete 5 Courses

Complete the following prerequisite Management courses:

ACC 200 - Principles of Accounting	3.0
BUS M 241 - Marketing Management	3.0
ECON 110 - Economic Principles and Problems	3.0
FIN 201 - Principles of Finance	3.0
RECM 300 - Creating a Good Life through Recreation	3.0

Apply and be formally accepted to the program.

✔ **REQUIREMENT 2** Complete 6 Courses

Complete the following Management Core courses:

BUS M 361 - Operations Management	3.0
BUS M 390 - Ethics for Management	3.0
IS 110 - Spreadsheet Skills and Business Analysis	1.0
IS 201 - Introduction to Management Information Systems	3.0
M COM 320 - Communication in Organizational Settings	3.0

ORG B 321 - Organizational Effectiveness	3.0

✔ REQUIREMENT 3 Complete 1 Course

BUS M 387 - Economics of Strategy	3.0
BUS M 498 - Strategic Management	3.0

✔ REQUIREMENT 4 Complete 10 Courses

Complete the following Therapeutic Recreation courses:

PDBIO 220 - Human Anatomy (with lab)	3.0
PDBIO 305 - Human Physiology (with lab)	4.0
PSYCH 220 - Human Development: Life Span	3.0
PSYCH 342 - Abnormal Psychology	3.0
RECM 460 - Inclusion and Disabilities in Therapeutic Recreation	3.0
RECM 470 - Introduction to Therapeutic Recreation	3.0
RECM 471 - Assessment and the Therapeutic Recreation Process	3.0
RECM 472 - Programming and Interventions in Therapeutic Recreation	3.0
RECM 473 - Issues in Administration of Therapeutic Recreation	3.0
RECM 496R - Senior Internship	12.0v

Note: 2 hours of RecM 496R are required.

Program Outcomes

Nature and Scope of TR Profession - Professional Practice

Students graduating from the program shall demonstrate entry-level knowledge of the nature and scope of the therapeutic recreation.

Nature and Scope of TR Profession - Process and Techniques

Students graduating from the program shall demonstrate entry-level knowledge of the nature and scope of the therapeutic recreation.

Nature and Scope of TR Profession - History, Science, Theory

Students graduating from the program shall demonstrate entry-level knowledge of the nature and scope of the therapeutic recreation.

Assessment

Students graduating from the program shall demonstrate the ability to assess, plan, implement, document, and evaluate therapeutic recreation services that facilitate targeted outcomes, and that embrace personal and cultural dimensions of diversity.

Program Planning

Students graduating from the program shall demonstrate the ability to assess, plan, implement, document, and evaluate therapeutic recreation services that facilitate targeted outcomes, and that embrace personal and cultural dimensions of diversity.

Implemenation and Facilitation

Students graduating from the program shall demonstrate the ability to assess, plan, implement, document, and evaluate therapeutic recreation services that facilitate targeted outcomes, and that embrace personal and cultural dimensions of diversity.

Documentation

Students graduating from the program shall demonstrate the ability to assess, plan, implement, document, and evaluate therapeutic recreation services that facilitate targeted outcomes, and that embrace personal and cultural dimensions of diversity.

Evaluation

Students graduating from the program shall demonstrate the ability to assess, plan, implement, document, and evaluate therapeutic recreation services that facilitate targeted outcomes, and that embrace personal and cultural dimensions of diversity.

Management of TR Services

Students graduating from the program shall be able to demonstrate entry-level knowledge about facts, concepts, principles, and procedures of management/administration in therapeutic recreation.

Internship - Potential to Succeed as Professionals

Students graduating from the program shall demonstrate, through a comprehensive internship of not less than 560 clock hours and no fewer than 14 weeks, the potential to succeed as professionals at supervisory or higher levels in therapeutic recreation or related professions.

Top

Russian

BA

Hours	52 - 87 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Important Note for Returned Russian-Speaking Missionaries: (1) Register for third-year Russian classes. Russ 330 is recommended. (2) Russ 202 will be waived as a requirement for Russian majors and should not be taken except when remedial work is necessary and permission is obtained from the section leaders. (3) Credit for Russ 101, 102, 201, and 211 is available through a test given as part of Russ 330. (4) Returned missionaries must complete Russ 330 and talk with the Russian section head before declaring a major.

✔ **REQUIREMENT 1** Complete 4 Courses

Preparatory courses (may be waived for students with sufficient proficiency in the language):

RUSS 101 - First-Year Russian, Part 1	5.0
RUSS 102 - First-Year Russian, Part 2	5.0
RUSS 201 - Second-Year Russian, Part 1	5.0
RUSS 202 - Second-Year Russian, Part 2	5.0

✔ **REQUIREMENT 2** Complete 10 Courses

Major courses:

RUSS 321 - Third-Year Russian Part 1	3.0
RUSS 322 - Third-Year Russian Part 2	3.0
RUSS 323 - Russian Phonology and Morphology	3.0
RUSS 330 - Cultural History of Russia	3.0
RUSS 340 - Masterpieces of the Russian Novel in English	3.0
RUSS 421 - Fourth-Year Russian, Part 1	3.0
RUSS 422 - Fourth-Year Russian, Part 2	3.0
RUSS 441 - Masterpieces of Russian Literature 1	3.0

RUSS 442 - Masterpieces of Russian Literature 2	3.0
RUSS 492R - Senior Seminar: Passages and Conclusions	2.0
You may take this course up to 1 time.	

✔ **REQUIREMENT 3** Complete 1 Course

RUSS 341 - Dostoevsky's Major Works in Translation	3.0
RUSS 342 - Tolstoy's Major Works in Translation	3.0
RUSS 343 - Masterpieces of Russian Film	3.0
RUSS 344 - (Not currently offered)	

Complete a substantial program of study that complements the student's educational and professional goals, i.e., 1) a secondary major or 2) a substantial minor or equivalent program and an internship. A variety of internship opportunities are available on campus, locally, or abroad. This program should be described and justified in a letter to the Russian section leader, and approved by the section, no later than the year before graduation.

Note: In addition to completing other Russian course work, it is expected that majors who have not spent an extended period in Russia will live for at least a semester in the Russian Student Foreign Language Residence and complete the BYU or approved equivalent Study Abroad program in Russia.

Program Outcomes

1. Language Proficiency

Speak, read, write and understand the Russian language in ordinary living situations as well as in professional and business matters. Students' speaking, reading and listening proficiency in these areas should approximate an "advanced level" on the ACTFL proficiency scale. Writing proficiency should approach the advanced level on the ACTFL scale.

2. Russian Cultural and Literary History

Identify and demonstrate an understanding of the main periods, figures, and achievements of Russian cultural history, especially in literature.

3. Writing Academic Essays

Produce academic essays characterized by critical thinking, coherent development, and thoughtful analysis.

4. Lifelong Learning

Engage in independent learning activities to develop skills necessary for lifelong learning.

5. Language Structure

Demonstrate knowledge of main principles of linguistics as they relate to Russian.

Top

Russian

Minor

Hours 12 - 32 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 4 Courses

Prerequisite courses (may be waived with sufficient proficiency in the language):

RUSS 101 - First-Year Russian, Part 1	5.0
RUSS 102 - First-Year Russian, Part 2	5.0
RUSS 201 - Second-Year Russian, Part 1	5.0
RUSS 202 - Second-Year Russian, Part 2	5.0

REQUIREMENT 2 Complete 1 Option

Complete the following with the BYU St. Petersburg Study Abroad program or an approved equivalent program:

OPTION 2.1 Complete 4 Courses

RUSS 211 - Second-Year Conversation	5.0v
RUSS 301 - Intermediate Russian on Study Abroad	2.0
RUSS 330 - Cultural History of Russia	3.0
RUSS 490R - Special Studies in Russian *You may take this course up to 1 time.*	3.0v

Note: This minor is designed only for students of Russian who have had no missionary-level residency experience in Russia.

Program Outcomes

Please contact the individual department for outcome information.

Top

Russian Teaching

Minor

Hours 17 - 32 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

Note: Before declaring a Russian teaching minor, candidates must consult with the section leader.

Register with the secretary in the department office.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

✔ REQUIREMENT 1 Complete 3 Courses

Prerequisite courses (may be waived for students with sufficienty proficiency in the language):

RUSS 101 - First-Year Russian, Part 1	5.0
RUSS 102 - First-Year Russian, Part 2	5.0
RUSS 201 - Second-Year Russian, Part 1	5.0

✔ REQUIREMENT 2 Complete 2 Options

✔ OPTION 2.1

Important notes for returned Russian-speaking missionaries:

Register for 3rd-year Russian courses. Russ 330 is recommended.

Russ 202 will be waived as a requirement for Russian majors or minors and should not be taken except when remedial work is necessary and permission is obtained from the section leader.

Credit for Russ 101, 102, 201, and 211 is available through a test given as part of Russ 330.

If Russ 202 was waived, take Russ 441 or 442.

✔ **OPTION 2.2** Complete 1 Group

✔ **GROUP 2.2.1** Complete 1 Course

RUSS 202 - Second-Year Russian, Part 2	5.0

✔ **GROUP 2.2.2** Complete 1 Course

RUSS 441 - Masterpieces of Russian Literature 1	3.0
RUSS 442 - Masterpieces of Russian Literature 2	3.0

✔ **REQUIREMENT 3** Complete 1 Option

✔ **OPTION 3.1** Complete 4 Courses

RUSS 330 - Cultural History of Russia	3.0
RUSS 340 - Masterpieces of the Russian Novel in English	3.0
RUSS 377 - (Not currently offered)	
RUSS 378 - (Not currently offered)	

Note: Russ 377 must be taken concurrently with Russ 378 fall semester and prior to student teaching; however, Russ 377 and 378 may be waived for students who have taken a methods course for another language.

✔ **REQUIREMENT 4** Complete 1 Course

RUSS 321 - Third-Year Russian Part 1	3.0
RUSS 322 - Third-Year Russian Part 2	3.0

Before applying to student teach in the major, complete the Oral Proficiency Interview (OPI) examination with a minimum level of INTERMEDIATE-HIGH in order to be granted Utah state licensure.

Program Outcomes

Please contact the individual department for outcome information.

Scandinavian Studies

Minor

Hours 12 - 28 Credit Hours

Program Requirements

Complete the prerequisite courses for one of the languages listed below or have equivalent experience.

REQUIREMENT 1 Complete 1 Course

DANSH 321 - Advanced Danish	3.0
FINN 321 - Third-Year Finnish	3.0
ICLND 202 - Second-Year Icelandic	4.0
NORWE 321 - Advanced Norwegian	3.0
SWED 321 - Advanced Swedish	3.0

REQUIREMENT 2 Complete 1 Course

DANSH 340 - Danish Literature	3.0
FINN 340 - Finnish Literature	3.0
ICLND 429 - Old Icelandic Language and Literature	3.0
NORWE 340 - Norwegian Literature	3.0
SWED 340 - Swedish Literature	3.0

REQUIREMENT 3 Complete 1 Course

SCAND 430 - Cultural History of Scandinavia	3.0

REQUIREMENT 4 Complete 1 Option

Complete six hours from the following list. NOTE: Up to three credit hours of Academic Internship may be used here.

OPTION 4.1 Complete 6.0 hours from the following Courses

DANSH 340 - Danish Literature	3.0
DANSH 399R - Academic Internship	9.0v
FINN 340 - Finnish Literature	3.0
FINN 399R - Academic Internship	9.0v
HIST 332 - Scandinavian History	3.0
HIST 352 - Scandinavian Family, Local, and Social History Research	3.0
ICLND 399R - Academic Internship	9.0v
ICLND 429 - Old Icelandic Language and Literature	3.0

NORWE 340 - Norwegian Literature	3.0
NORWE 399R - Academic Internship	9.0v
GERM 217 - (Germ-Scand) German and Scandinavian Cinema	3.0
SCAND 332 - Cultural History of the Vikings	3.0
SCAND 337 - Works of Hans Christian Andersen	3.0
SCAND 344R - Topics in Scandinavian Studies *You may take this course up to 1 time.*	3.0
SCAND 377 - Methods in Teaching Nordic Languages	3.0
SCAND 429 - Old Norse	3.0
SCAND 490R - Seminar in Scandinavian Studies *You may take up to 6 credit hours.*	3.0v
SCAND 491R - Directed Readings in Scandinavian *You may take this course up to 1 time.*	3.0v
SWED 340 - Swedish Literature	3.0
SWED 399R - Academic Internship	9.0v

Scand 429 may not be taken by students who have had Iclnd 429.

A literature course taken in the first section above will not double count in this section.

Students who choose Danish, Norwegian, or Swedish courses from the first section above may substitute two semesters of Finnish.

Program Outcomes

Scandinavian Language Proficiency

Progress toward advanced-level proficiency in Danish, Icelandic, Norwegian, or Swedish (or intermediate-level proficiency in Finnish) in writing, speaking and listening in a variety of living as well as professional contexts, and reading various text types (newspapers, literature, college-level texts, etc.) with a strong level of comprehension.

Nordic Literature, Culture, and History

Learn to recognize and critically reflect upon key dimensions Nordic literature, art, society, culture, and history, with an emphasis on appreciating these cultures' artistic production and intellectual histories.

Effective Writing and Analytic Competence

Learn to use writing as a process of discovery by composing essays that demonstrate mature analytic thought, the orderly development of ideas, and vigorous argument.

Lifelong Learning

Develop a lifelong appreciation of Nordic cultures as well as literature while developing attitudes and habits of thought and study that encourage lifelong learning and continued contact with the informed study of Nordic culture.

School Health Education

Minor

Hours	21 Credit Hours
MAP	Major Academic Plan

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the minor after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the Undergraduate Catalog.

REQUIREMENT 1 Complete 7 Courses

HLTH 310 - Chronic Diseases: Prevention and Control	3.0
HLTH 381 - School Health Education Methods and Curriculum A	3.0
HLTH 382 - School Health Education Methods and Curriculum B	3.0
HLTH 383 - Mind/Body Health	3.0
HLTH 436 - Sexuality Education in the Curriculum	3.0
HLTH 460 - Substance Abuse and Addictive Behavior	3.0
NDFS 100 - Essentials of Human Nutrition	3.0

Be certified in CPR. Students desiring to take a traditional first aid course including CPR training may enroll in Hlth 320.

Program Outcomes

Please contact the individual department for outcome information.

Sociology

BS

Hours	48 Credit Hours
MAP	Major Academic Plan

Program Requirements

The Sociology Department requires a minimum of 24 hours of sociology major courses to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ REQUIREMENT 1 Complete 1 Course

Introductory courses (to be completed preferably in sophomore year or earlier):

SOC 111 - Introductory Sociology	3.0
SOC 112 - Current Social Problems	3.0
SOC 113 - Multicultural America	3.0

✔ REQUIREMENT 2 Complete 4 Courses

Core courses:

SOC 300 - Methods of Research in Sociology	3.0
SOC 307 - Data Analysis, Presentation, and Management	3.0
SOC 310 - Social Inquiry	3.0
STAT 121 - Principles of Statistics	3.0

Note: Students must declare a sociology major before registering for Soc 307; students must complete these four courses with a C- or better grade.

✔ REQUIREMENT 3 Complete 1 Course

Diversity courses:

SOC 322 - Class Inequality	3.0
SOC 323 - Racial and Minority-Group Relations	3.0
SOC 367 - Sociology of Gender	3.0
WS 222 - (WS-Soc) Introduction to Women's Studies	3.0

✔ REQUIREMENT 4 Complete 1 Course

Advanced methods courses:

SOC 404 - Qualitative Research Methods	3.0
SOC 405 - Multiple Regression Analysis and Social Science Computing	3.0

✔ REQUIREMENT 5 Complete 1 Option

Complete one of the following options in order to fulfill the GE Advanced Written and Oral Communication requirement:

✔ OPTION 5.1 Complete 2 Courses

SOC 455R - Senior Capstone Part 1	3.0
SOC 456R - Senior Capstone Part 2	3.0

✔ OPTION 5.2 Complete 1 Course

ENGL 312 - Persuasive Writing	3.0

✔ REQUIREMENT 6 Complete 1 Option

Complete one of the following capstone options:

✔ OPTION 6.1 Complete 2 Courses

SOC 455R - Senior Capstone Part 1	3.0
SOC 456R - Senior Capstone Part 2	3.0

✔ OPTION 6.2 Complete 2 Courses

SOC 420 - Understanding Modern Societies	3.0
SOC 421 - Sociology of Organizations	3.0
SOC 422 - Inequality and Society	3.0
SOC 424 - Political Sociology	3.0
SOC 425 - Markets and Society	3.0
SOC 426 - Sociology of Work and Occupations	3.0
SOC 450 - The Family and Social Change	3.0
SOC 460 - Issues in Family Sociology	3.0
SOC 481 - Crime, Justice, and Corrections	3.0
SOC 490R - Special Topics in Sociology	3.0v

✔ REQUIREMENT 7 Complete 18.0 hours from the following Options

Complete 18 credit hours of 300-level or above Sociology courses. (No double counting within the major is allowed.)

✔ OPTION 7.1 Complete 18.0 hours from the following Courses

SOC 300 - Methods of Research in Sociology	3.0
SOC 301 - Applied Social Research Methods	3.0
SOC 302 - Research Proposal for Evaluation Research	3.0
SOC 307 - Data Analysis, Presentation, and Management	3.0
SOC 310 - Social Inquiry	3.0
SOC 311 - Contemporary Sociological Theory	3.0
SOC 318 - (Soc-SFL 333) Adolescent Development in the Family and Other Social Contexts	3.0
SOC 321 - Sociology of Innovation	3.0
SOC 322 - Class Inequality	3.0
SOC 323 - Racial and Minority-Group Relations	3.0
SOC 325 - Introduction to the Sociology of Religion	3.0
SOC 326 - Sociology of Education	3.0
SOC 327 - Sociology of the LDS Church and Its People	3.0
SOC 328 - Sociology of Sport	3.0

SOC 329 - Medical Sociology	3.0
SOC 330 - Cultural Sociology	3.0
SOC 333 - (Soc-Nurs) End-of-Life Care	3.0
SOC 339 - Social Organization and Change	3.0
SOC 340 - Sociology of International Development	3.0
SOC 345 - World Populations	3.0
SOC 350 - (Soc-Psych) Introduction to Social Psychology	3.0
SOC 360 - Introduction to Family Sociology	3.0
SOC 361 - Theoretical Foundations of Marriage and Family	3.0
SOC 365 - Sociology of Aging	3.0
SOC 367 - Sociology of Gender	3.0
SOC 370 - The Sociology of Urban Life	3.0
SOC 380 - Deviant Behavior and Social Control	3.0
SOC 383 - Juvenile Delinquency	3.0
SOC 390R - Special Topics in Contemporary Sociology	3.0v
SOC 399R - Academic Internship	6.0v
SOC 404 - Qualitative Research Methods	3.0
SOC 405 - Multiple Regression Analysis and Social Science Computing	3.0
SOC 495R - Directed Reading in Sociology	6.0v
SOC 497R - Directed Research in Sociology	6.0v
SOC 524 - Advanced Political Sociology	3.0
SOC 525 - Sociology of Religion	3.0
SOC 527 - Sociology of the LDS Church and Its People	3.0
SOC 528 - Sociology of Rural Communities	3.0
SOC 565 - The Individual and Family in Later Years	3.0
SOC 590R - Special Topics in Sociology	3.0v
SOC 595R - Directed Readings	3.0v
SOC 598R - Pro-Seminar	1.0

Students are strongly encouraged to participate in one or two semesters (up to 9 credit hours) of professional experience including academic internships (on-campus, domestic, or international) and research with a faculty member (Soc 497R). Students may apply up to a total of 9 professional experience credit hours toward the sociology elective requirement. Suggested courses include Bus M 494R (On-Campus Experiential Projects), IAS 397R (Topics in IAS), IAS 399R (Academic Internship: International), Poli 399R (Academic Internship), Soc 399R (Academic Internship), Soc 497R (Directed Research in Sociology).

Program Outcomes

Mjor Substantive Areas of Sociological analysis

Substantive Knowledge

Graduates will ...

Be conversant with the substantive areas of sociology and the variety of theories and research methods associated with these substantive areas.

Know the major controversies and debates, new developments, emerging issues, and current trends within substantive areas.

Be able to critically assess the strengths and weaknesses of current sociological theories and research relating to substantive areas.

Integrating life goals and professional and career interests

Application to life

Graduates will be able to...

Integrate the knowledge and skills learned in the sociology program with life goals and professional and career interests.

Apply what they have learned in the sociology program to a real world, professional experience of at least one semester (Capstone course, Research (497R) or Professional (399R) internship,Washington Seminar,Study-abroad, Participation in Service Learning or a Community-based Program).

Diversity of social life, inequality, social conflict, power

Understanding Diversity and Inequality

Graduates will...

Learn the limitations of extrapolating from their own experience and will be able to articulate how the life experience of others may differ from their own.

Know how race, class, and/or gender intersect with other social categories to create a variety of life experiences and influence the life chances of individuals.

Be able to articulate the sources of social conflict and describe the relations of power in modern society.

Theoretical perspectives that inform sociological analysis

Understanding Sociological Theory

Graduates will...

Know the basic ideas and arguments forming sociological inquiry, including philosophical foundations, philosophy of social science, and development of classical theory.

Be conversant with the major theoretical perspectives of sociology (e.g. positivism, neo-Marxism, structuralism, post modernity, feminism, etc.).

Be able to critically assess the strengths and weaknesses of each theoretical perspective.

Demonstrate that they can apply theories to understand and solve practical problems.

Diversity of research methodologies

Understanding Sociological Epistemologies

Graduates will...

Know the full range of methodologies, the basic epistemological assumptions associated with each, the criteria for evaluating quality research, and how to select and implement the appropriate method to test a hypothesis or address a research question.

Be able to estimate and interpret uni-variate and bi-variate statistics and generalize their meaning to the appropriate population.

Know how to code and interpret qualitative data or how to code and prepare quantitative data for statistical analysis.

Will have the necessary skills to analyze data and summarize findings including

1. basic familiarity with spreadsheet programs and statistical packages,
2. the analytic process of comparing across categories,
3. how to chart historical trends, and
4. how to summarize findings for written or oral presentation.

Accessing, reviewing, and analyzing sociological literature

Capstone Experiences

Graduates will...

Be able to conduct electronic bibliographic searches and determine the scientific quality of the research they find.

Be able to demonstrate their knowledge of substantive areas, theory, and research methodologies by developing an original sociological argument in writing (e.g. literature review, research proposal, theoretical analysis, etc.).

Be able to conduct electronic bibliographic searches and determine the scientific quality of the research they find.

Be able to demonstrate their knowledge of substantive areas, theory, and research methodologies by developing an original sociological argument in writing (e.g. literature review, research proposal, theoretical analysis, etc.).

Write a research paper in which they formulate a research question, identify data to answer their question, analyze data, report the results, and interpret the results.

Present their results orally at a research conference.

Spanish

BA

Hours	52 - 86 Credit Hours
MAP	Major Academic Plan

Program Requirements

It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

The Spanish and Portuguese Department requires a minimum of 18 hours of upper-division major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

✔ REQUIREMENT 1

Prerequisite courses:

Complete the following prerequisite courses: Span 105, 106, 205, 206.

Complete one of the following prerequisite courses: Span 211R or Span 212R.

Note 1: Native speakers and returned missionaries normally start with Span 321; however, returned missionaries who wish to strengthen their language skills may start with Span 206.

Note 2: Prerequisite courses may be waived for those having sufficient proficiency with the language.

✔ REQUIREMENT 2 Complete 6 Courses

SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 325 - Survey of Hispanic Linguistics	3.0
SPAN 339 - Introduction to Spanish Literature	3.0
SPAN 441 - Survey of Spanish Literature	3.0
SPAN 451 - Survey of Hispanic-American Literature	3.0
SPAN 493 - Capstone Course in Spanish	1.0

✔ **REQUIREMENT 3** Complete 1 Course

SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0

✔ **REQUIREMENT 4** Complete 18.0 hours from the following Options

Electives:

✔ **OPTION 4.1** Complete 3.0 hours from the following Courses

A. Linguistics courses

SPAN 326 - Spanish Phonetics and Pronunciation	3.0
SPAN 421 - Fourth-Year Grammar	3.0
SPAN 423 - Border Spanish	3.0
SPAN 425 - Contrastive Analysis of the Structures of Spanish and English	3.0
SPAN 429R - Special Topics in Spanish Linguistics *You may take this course up to 2 times.*	3.0
SPAN 520 - Problems in Spanish Grammar	3.0
SPAN 521 - Romance Philology	3.0
SPAN 522 - History of the Spanish Language	3.0
SPAN 529R - Special Topics in Spanish Linguistics *You may take this course up to 2 times.*	3.0

✔ **OPTION 4.2** Complete 3.0 hours from the following Courses

B. Literature courses:

SPAN 440 - Medieval Spanish Literature	3.0
SPAN 443R - Golden Age Literature *You may take this course up to 2 times.*	3.0
SPAN 444 - Don Quijote	3.0
SPAN 446R - Nineteenth-Century Literature *You may take this course up to 2 times.*	3.0
SPAN 448R - Twentieth-Century Spanish Literature *You may take this course up to 2 times.*	3.0
SPAN 449R - Special Topics in Spanish Literature *You may take this course up to 2 times.*	3.0
SPAN 450R - Early Spanish-American Literature *You may take this course up to 2 times.*	3.0
SPAN 454R - The Spanish American Novel *You may take this course up to 2 times.*	3.0
SPAN 455R - Spanish-American Poetry *You may take this course up to 2 times.*	3.0
SPAN 456R - Spanish American Drama *You may take this course up to 2 times.*	3.0
SPAN 458R - Hispanic-American Short Story *You may take this course up to 2 times.*	3.0
SPAN 459R - Special Topics in Spanish American Literature *You may take this course up to 2 times.*	3.0
SPAN 461 - Spanish-Speaking American (Mexican-American) Literature	3.0

✔ **OPTION 4.3** Complete 12.0 hours from the following Courses

C. Additional electives (any courses taken above will not double count):

SPAN 322 - Third-Year Spanish Composition	3.0
SPAN 325 - Survey of Hispanic Linguistics	3.0

SPAN 326 - Spanish Phonetics and Pronunciation	3.0
SPAN 345 - Iberian Civilization	3.0
SPAN 346R - Special Topics in Iberian Culture *You may take this course up to 2 times.*	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0
SPAN 356R - Special Topics in Spanish American Culture *You may take this course up to 2 times.*	3.0
SPAN 365 - Mexican-American Culture	3.0
SPAN 376 - Techniques of Spanish Instruction	3.0
SPAN 395R - Contemporary Culture *You may take up to 15 credit hours.*	3.0v
SPAN 399R - Academic Internship: Spanish Language Field Experience *You may take this course up to 1 time.*	6.0v
SPAN 414 - Introduction to Translation	3.0
SPAN 421 - Fourth-Year Grammar	3.0
SPAN 423 - Border Spanish	3.0
SPAN 425 - Contrastive Analysis of the Structures of Spanish and English	3.0
SPAN 429R - Special Topics in Spanish Linguistics *You may take up to 15 credit hours.*	3.0
SPAN 438 - Hispanic Cinema	3.0
SPAN 439R - Hispanic Theatre Production *You may take up to 15 credit hours.*	3.0
SPAN 440 - Medieval Spanish Literature	3.0
SPAN 443R - Golden Age Literature *You may take up to 15 credit hours.*	3.0
SPAN 444 - Don Quijote	3.0
SPAN 446R - Nineteenth-Century Literature *You may take this course up to 1 time.*	3.0
SPAN 448R - Twentieth-Century Spanish Literature *You may take up to 15 credit hours.*	3.0
SPAN 449R - Special Topics in Spanish Literature *You may take up to 15 credit hours.*	3.0
SPAN 450R - Early Spanish-American Literature *You may take up to 15 credit hours.*	3.0
SPAN 454R - The Spanish American Novel *You may take up to 15 credit hours.*	3.0
SPAN 455R - Spanish-American Poetry *You may take up to 15 credit hours.*	3.0
SPAN 456R - Spanish American Drama *You may take up to 15 credit hours.*	3.0
SPAN 458R - Hispanic-American Short Story *You may take up to 15 credit hours.*	3.0
SPAN 459R - Special Topics in Spanish American Literature *You may take up to 15 credit hours.*	3.0
SPAN 461 - Spanish-Speaking American (Mexican-American) Literature	3.0
SPAN 480R - Directed Research in Spanish *You may take up to 15 credit hours.*	3.0v
SPAN 520 - Problems in Spanish Grammar	3.0
SPAN 521 - Romance Philology	3.0
SPAN 522 - History of the Spanish Language	3.0
SPAN 529R - Special Topics in Spanish Linguistics *You may take up to 15 credit hours.*	3.0

✔ **REQUIREMENT 5** Complete 1 Option

✔ **OPTION 5.1** Complete 1 Course

SPAN 491 - Senior Proficiency Evaluation 0.0

Note: An ACTFL Oral Proficiency Interview and Writing Proficiency Test are taken in connection with Span 491. It is expected that Spanish majors will pass both tests with a rating of Advanced Low or higher.

✔ REQUIREMENT 6

Complete a minor from any department (approximately 16-21 hours), or complete a second (additional) major (approximately 30-60 hours), or complete 15 credit hours of courses (also known as an Option II) from among the following related fields: --A second modern foreign language (upper-division courses only) --Latin, Greek, or English beyond the GE requirement --Linguistics --Classical civilization --Latin American history or geography --humanities --archaeology of Spain or Latin America --Comparative literature --Pre-medical school requirements --Other areas approved by the department chair.

Note: Latin American Studies or Spanish Studies minors: Span 321, 339, 345 or 355, and 441 or 451 meet requirements for both the major and the minor. Only one of these courses may be double counted (applied to both the major and the minor). Students wishing to complete a Spanish minor and one of these area studies minors must take an additional 6-9 hours chosen from the approved electives for either major or minor. Consult the department and the advisement center for clarification of the choices available to you.

✔ REQUIREMENT 7

Complete foreign language residency requirement through a full-time Spanish-speaking LDS mission, semester foreign language student residence, study abroad to Spanish-speaking country for at least 6 weeks, or any other 6-week Spanish-immersion residency.

Program Outcomes

Language Competence

Students will speak, listen, read, and write Spanish at the ACTFL advanced level or higher (see the ACTFL guidelines here).

Cultural Competence

Students will identify cultural practices and works of literature, art, architecture, and music from the Spanish-speaking world, place them in their historical, political, and social contexts, and interpret the unique perspectives on human experience that they reveal.

Critical Thinking and Expression

Students will analyze language, literary texts, and other cultural products and practices using sound thinking and clear expression.

Transferable Skills

Students will connect academic experience to personal and professional goals.

Spanish Studies (Secondary Major)

BA

Hours	25 - 43 Credit Hours
MAP	Major Academic Plan

Program Requirements

Students must complete the requirements for a primary major in another field.

Complete the following prerequisites (or equivalent): Span 105, 106, 205, 206.

Complete one of the following prerequisite courses: Span 211R or Span 212R.

NOTE 1: Native speakers and returned missionaries normally start with Span 321; however, returned missionaries who wish to strengthen their language skills may start with Span 206.
NOTE 2: Prerequisite courses may be waived for those having sufficient proficiency with the language.

✔ REQUIREMENT 1 Complete 3 Courses

Core courses:

SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 325 - Survey of Hispanic Linguistics	3.0
SPAN 339 - Introduction to Spanish Literature	3.0

✔ REQUIREMENT 2 Complete 1 Course

SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0

✔ REQUIREMENT 3 Complete 1 Course

SPAN 441 - Survey of Spanish Literature	3.0
SPAN 451 - Survey of Hispanic-American Literature	3.0

✔ REQUIREMENT 4 Complete 2 Courses

SPAN 414 - Introduction to Translation	3.0
SPAN 493 - Capstone Course in Spanish	1.0

✔ **REQUIREMENT 5** Complete 1 Course

SPAN 322 - Third-Year Spanish Composition	3.0
SPAN 323R - Spanish for the Professions	3.0

✔ **REQUIREMENT 6** Complete 3.0 hours from the following Courses

SPAN 322 - Third-Year Spanish Composition	3.0
SPAN 323R - Spanish for the Professions	3.0
SPAN 326 - Spanish Phonetics and Pronunciation	3.0
SPAN 345 - Iberian Civilization	3.0
SPAN 346R - Special Topics in Iberian Culture *You may take this course up to 2 times.*	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0
SPAN 356R - Special Topics in Spanish American Culture *You may take this course up to 2 times.*	3.0
SPAN 365 - Mexican-American Culture	3.0
SPAN 376 - Techniques of Spanish Instruction	3.0
SPAN 395R - Contemporary Culture *You may take this course up to 2 times.*	3.0v
SPAN 399R - Academic Internship: Spanish Language Field Experience	6.0v
SPAN 421 - Fourth-Year Grammar	3.0
SPAN 423 - Border Spanish	3.0
SPAN 425 - Contrastive Analysis of the Structures of Spanish and English	3.0
SPAN 429R - Special Topics in Spanish Linguistics *You may take this course up to 2 times.*	3.0
SPAN 438 - Hispanic Cinema	3.0
SPAN 439R - Hispanic Theatre Production *You may take this course up to 2 times.*	3.0
SPAN 440 - Medieval Spanish Literature	3.0
SPAN 441 - Survey of Spanish Literature	3.0
SPAN 443R - Golden Age Literature *You may take this course up to 2 times.*	3.0
SPAN 444 - Don Quijote	3.0
SPAN 446R - Nineteenth-Century Literature *You may take this course up to 2 times.*	3.0
SPAN 448R - Twentieth-Century Spanish Literature *You may take this course up to 2 times.*	3.0
SPAN 449R - Special Topics in Spanish Literature *You may take this course up to 2 times.*	3.0
SPAN 450R - Early Spanish-American Literature *You may take this course up to 2 times.*	3.0
SPAN 451 - Survey of Hispanic-American Literature	3.0
SPAN 454R - The Spanish American Novel *You may take this course up to 2 times.*	3.0
SPAN 455R - Spanish-American Poetry *You may take this course up to 2 times.*	3.0
SPAN 456R - Spanish American Drama *You may take this course up to 2 times.*	3.0
SPAN 458R - Hispanic-American Short Story *You may take this course up to 2 times.*	3.0
SPAN 459R - Special Topics in Spanish American Literature *You may take this course up to 2 times.*	3.0
SPAN 461 - Spanish-Speaking American (Mexican-American) Literature	3.0
SPAN 480R - Directed Research in Spanish *You may take this course up to 2 times.*	3.0v

SPAN 520 - Problems in Spanish Grammar	3.0
SPAN 521 - Romance Philology	3.0
SPAN 522 - History of the Spanish Language	3.0
SPAN 529R - Special Topics in Spanish Linguistics *You may take this course up to 2 times.*	3.0

✔ **REQUIREMENT 7** Complete 1 Course

Note: An ACTFL Oral Proficiency Interview and Writing Proficiency Test are taken in connection with Span 491. It is expected that Spanish Studies majors will pass both tests with a rating of Advanced Low or higher.

SPAN 491 - Senior Proficiency Evaluation	0.0

Program Outcomes

Language Competence

Students will speak, listen, read, and write Spanish at the ACTFL advanced level or higher (see the ACTFL guidelines here).

Cultural Competence

Students will identify cultural practices and works of literature, art, architecture, and music from the Spanish-speaking world, place them in their historical, political, and social contexts, and interpret the unique perspectives on human experience that they reveal.

Critical Thinking and Expression

Students will analyze language, literary texts, and other cultural products and practices, using sound thinking and clear expression.

Transferable Skills

Students will connect academic experience to personal and professional goals.

Top

Spanish Teaching

BA

Hours	60 - 88 Credit Hours
LEP	Limited Enrollment Program of 50 Students.
MAP	Major Academic Plan

Program Requirements

The Spanish and Portuguese Department requires a minimum of 18 upper-division major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Meet the foreign language residency requirement.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.

✔ REQUIREMENT 1

Prerequisite courses:

Complete the following prerequisite courses: Span 105, 106, 205, 206.

Complete one of the following prerequisite courses: Span 211R or Span 212R.

Note 1: Native speakers and returned missionaries normally start with Span 321; however, returned missionaries who wish to strengthen their language skills may start with Span 206.

Note 2: These prerequisite courses may be waived for those having sufficient proficiency with the language.

✔ REQUIREMENT 2 Complete 1 Option

✔ OPTION 2.1 Complete 11 Courses

SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 322 - Third-Year Spanish Composition	3.0
SPAN 326 - Spanish Phonetics and Pronunciation	3.0

SPAN 339 - Introduction to Spanish Literature	3.0
SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0
SPAN 377 - Spanish Teaching Methods 1	3.0
SPAN 378 - Spanish Teaching Methods 2	3.0
SPAN 380 - Practicum in Teaching Spanish	1.0
SPAN 441 - Survey of Spanish Literature	3.0
SPAN 451 - Survey of Hispanic-American Literature	3.0

Note 1: Fingerprinting and FBI clearance must be completed prior to enrolling in Span 380.

Note 2: Span 377 and 378 must be taken before student teaching.

✔ **REQUIREMENT 3** Complete 6.0 hours from the following Courses

SPAN 325 - Survey of Hispanic Linguistics	3.0
SPAN 365 - Mexican-American Culture	3.0
SPAN 395R - Contemporary Culture *You may take this course up to 1 time.*	3.0v
SPAN 414 - Introduction to Translation	3.0
SPAN 421 - Fourth-Year Grammar	3.0
SPAN 423 - Border Spanish	3.0
SPAN 425 - Contrastive Analysis of the Structures of Spanish and English	3.0
SPAN 429R - Special Topics in Spanish Linguistics *You may take this course up to 1 time.*	3.0
SPAN 438 - Hispanic Cinema	3.0
SPAN 439R - Hispanic Theatre Production *You may take this course up to 1 time.*	3.0
SPAN 440 - Medieval Spanish Literature	3.0
SPAN 443R - Golden Age Literature *You may take this course up to 1 time.*	3.0
SPAN 444 - Don Quijote	3.0
SPAN 446R - Nineteenth-Century Literature *You may take this course up to 1 time.*	3.0
SPAN 448R - Twentieth-Century Spanish Literature *You may take this course up to 1 time.*	3.0
SPAN 449R - Special Topics in Spanish Literature *You may take this course up to 1 time.*	3.0
SPAN 450R - Early Spanish-American Literature *You may take this course up to 1 time.*	3.0
SPAN 454R - The Spanish American Novel *You may take this course up to 1 time.*	3.0
SPAN 455R - Spanish-American Poetry *You may take this course up to 1 time.*	3.0
SPAN 456R - Spanish American Drama *You may take this course up to 1 time.*	3.0
SPAN 458R - Hispanic-American Short Story *You may take this course up to 1 time.*	3.0
SPAN 459R - Special Topics in Spanish American Literature *You may take this course up to 1 time.*	3.0
SPAN 461 - Spanish-Speaking American (Mexican-American) Literature	3.0
SPAN 480R - Directed Research in Spanish *You may take this course up to 1 time.*	3.0v
SPAN 520 - Problems in Spanish Grammar	3.0
SPAN 521 - Romance Philology	3.0
SPAN 522 - History of the Spanish Language	3.0

SPAN 529R - Special Topics in Spanish Linguistics *You may take this course up to 1 time.*	3.0

✔ **REQUIREMENT 4** Complete 1 Option

✔ **OPTION 4.1** Complete 1 Course

SPAN 491 - Senior Proficiency Evaluation	0.0

Note 1: An ACTFL Oral Proficiency Interview (OPI) and Writing Proficiency Test are taken in connection with Span 491. Before applying to student teach, students must achieve a minimum OPI rating of "Advanced-Low" to obtain Utah state licensure and to graduate.

Note 2: To qualify for Utah licensure, students must also pass the Praxis Spanish World Language exam at the state-specified cutoff level prior to student teaching. Contact Education Student Services or check their website for more information.

✔ **REQUIREMENT 5** Complete 2 Options

Professional Education Component:

Licensure Requirements: Contact the Education Advisement Center, 120 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 5.1** Complete 4 Courses

NOTE: FBI fingerprint and background clearance must be completed before enrollment in FLang 276.

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
FLANG 276 - Exploration of Teaching Foreign Languages	4.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 5.2** Complete 12.0 hours from the following Courses

SC ED 476R - (Not currently offered)	
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0
SPAN 476 - Secondary Spanish Student Teaching	12.0
SPAN 496 - Secondary Spanish Teaching Internship	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Language Competence

Students will speak, listen, read, and write Spanish at the ACTFL Advanced level or higher.

Cultural Competence

Students will identify cultural practices and works of literature, art, architecture, and music from the Spanish-speaking world, place them in their historical, political, and social contexts, and interpret the unique perspectives on human experience that they reveal.

Utah Effective Teaching Standards

Meet the Utah Effective Teaching Standards (UETS) at the basic competence level, including the ability to: Create a classroom environment that is conducive to learning, plan effective standards-based lessons, teach with a variety of instructional strategies suited to the needs of their students, and assess their students' learning.

Five Commitments

Demonstrate the dispositions found within the five commitments of the BYU-PSP vision statement.

Top

Spanish Teaching

Minor

Hours 21 - 37 Credit Hours

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

Complete the following prerequisite courses (or equivalent experience): Span 105, 106, 205, 206.

Complete one of the following courses: Span 211R or Span 212R.

Note 1: Native speakers and returned missionaries normally start with Span 321; however, returned missionaries who wish to strengthen their language skills may start with Span 206.

Note 2: These prerequisite courses may be waived for those having sufficient proficiency with the language.

✔ **REQUIREMENT 1** Complete 1 Option

✔ **OPTION 1.1** Complete 6 Courses

SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 322 - Third-Year Spanish Composition	3.0
SPAN 326 - Spanish Phonetics and Pronunciation	3.0
SPAN 339 - Introduction to Spanish Literature	3.0
SPAN 377 - Spanish Teaching Methods 1	3.0
SPAN 378 - Spanish Teaching Methods 2	3.0

Note 1: Because Span 377 is a prerequisite for Span 378, the two courses must be taken sequentially in consecutive semesters. It is recommended that students take these courses during the first and second semesters of their junior year.

Note 2: Span 377 and 378 must be taken before student teaching. Span 377 will be waived for students majoring in another language who have had the course in that language. Students who waive the class will need to take 3 additional elective hours from the 300-, 400-, or 500-level courses in Spanish.

✔ REQUIREMENT 2 Complete 1 Course

SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0

✔ REQUIREMENT 3 Complete 1 Course

SPAN 441 - Survey of Spanish Literature	3.0
SPAN 451 - Survey of Hispanic-American Literature	3.0

✔ REQUIREMENT 4 Complete 1 Option

Senior Proficiency Evaluation:

✔ OPTION 4.1 Complete 1 Course

SPAN 491 - Senior Proficiency Evaluation	0.0

Note 1: An ACTFL Oral Proficiency Interview (OPI) and Writing Proficiency Test are taken in connection with Span 491. Before applying to student teach, students must achieve a minimum OPI rating of "advanced-low" to obtain Utah state licensure and to graduate.

Note 2: To qualify for Utah licensure, students must also pass the Praxis Student World Language exam at the state-specified cutoff level prior to student teaching. Contact Education Student Services or check their website for more information.

Program Outcomes

Please contact the individual department for outcome information.

Spanish Translation

BA

Hours	51 - 85 Credit Hours
LEP	Limited Enrollment Program of 25 Students.
MAP	Major Academic Plan

Program Requirements

The Spanish and Portuguese Department requires a minimum of 18 hours of upper-division major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Meet the foreign language residency requirement.

It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

✔ REQUIREMENT 1

Complete a minor from any department (approximately 16-21 hours)

Or complete an additional major (approximately 30-60 hours)

Or complete 15 hours of courses from among the following related fields: a second modern foreign language (upper-division courses only); Latin, Greek, English (beyond the GE requirement); linguistics; classical civilization; Latin American history or geography; humanities; archaeology of Spain or Latin America; comparative literature; or other areas approved by the department chair.

✔ REQUIREMENT 2

Prerequisite courses:

Complete the following prerequisite courses: Span 105, 106, 205, 206.

Complete one of the following courses: Span 211R or Span 212R.

Note 1: Native speakers and returned missionaries normally start with Span 321; however, returned missionaries who wish to strengthen their language skills may start with Span 206.

Note 2: These prerequisite courses may be waived for those having sufficient proficiency with the language.

Note 3: Students wishing to major in Spanish translation and interpretation must apply for admission to the program and pass an entrance exam in Spanish and English. Contact the department secretary the first week of February each year to obtain the official date and place of the exam.

Note 4: Latin American Studies or Spanish Studies minors: Span 321; 339; 345 or 355; 441; and 451 meet requirements for both the Spanish translation major and the area studies minor. Only one of these courses may be doubly counted (applied for both the major and minor). Students wishing to complete a Spanish major and one of these area studies minors must take an additional 6-9 hours chosen from the approved electives for either major or minor. Consult the department and the advisement center for clarification of the choices available.

✔ **REQUIREMENT 3** Complete 6 Courses

SPAN 321 - Third-Year Spanish Reading, Grammar, and Culture	3.0
SPAN 322 - Third-Year Spanish Composition	3.0
SPAN 325 - Survey of Hispanic Linguistics	3.0
SPAN 339 - Introduction to Spanish Literature	3.0
SPAN 419 - (Span-Port) Problems in Translation	3.0
SPAN 421 - Fourth-Year Grammar	3.0

✔ **REQUIREMENT 4** Complete 1 Course

SPAN 441 - Survey of Spanish Literature	3.0
SPAN 451 - Survey of Hispanic-American Literature	3.0

✔ **REQUIREMENT 5** Complete 1 Course

SPAN 345 - Iberian Civilization	3.0
SPAN 355 - Spanish American Culture and Civilization	3.0

✔ **REQUIREMENT 6** Complete 1 Option

Complete the following courses in sequence:

✔ **OPTION 6.1** Complete 7 Courses

SPAN 415A - Beginning Translation and Interpretation, English to Spanish	1.5
SPAN 415B - Beginning Translation and Interpretation, Spanish to English	1.5
SPAN 416A - Intermediate Translation and Interpretation, English to Spanish	1.5
SPAN 416B - Intermediate Translation and Interpretation, Spanish to English	1.5
SPAN 417A - Advanced Translation and Interpretation, English to Spanish	1.5
SPAN 417B - Advanced Translation and Interpretation, Spanish to English	1.5
SPAN 418 - Translation and Interpretation Project	3.0

Note: Span 322 and either Span 345 or 355 must be taken before Span 415A.

✔ **REQUIREMENT 7** Complete 1 Option

Senior Proficiency Evaluation:

✔ **OPTION 7.1** Complete 1 Course

SPAN 491 - Senior Proficiency Evaluation 0.0

Note: An ACTFL Oral Proficiency Interview and Writing Proficiency Test are taken in connection with Span 491. It is expected that Spanish Translation majors will pass both tests with a rating of Advanced Low or higher.

Program Outcomes

Language Competence

Students will speak, listen, read, and write Spanish at the ACTFL advanced level or higher (see the ACTFL guidelines here).

Cultural Competence

Students will identify cultural practices and works of literature, art, architecture, and music from the Spanish-speaking world, place them in their historical, political, and social contexts, and interpret the unique perspectives on human experience that they reveal.

Critical Thinking and Expression

Students will analyze language, literary texts, and other cultural products and practices using sound thinking and clear expression.

Professional Translation Skills

Demonstrate professional translation skills by doing the following: (1) understanding and properly applying the tools of critical analysis; (2) employing research tools to investigate terminology and styles appropriate for different text types.

Special Education: Mild/Moderate Disabilities

BS

Hours	70 Credit Hours
LEP	Limited Enrollment Program of 128 Students. Application Website
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.

To complete this major, students will also be required to complete the TESOL K-12 minor. The courses the student will need to take in order to complete the minor are reflected in the requirements listed below.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements in the undergraduate catalog.

✔ REQUIREMENT 1 Complete 2 Courses

Complete the following with at least a B- grade prior to beginning the program:

CPSE 403 - Introduction to Special Education	3.0
CPSE 425 - Foundations in Language Arts Instruction for Students with Disabilities	3.0

✔ REQUIREMENT 2 Complete 11 Courses

Core courses:

CPSE 410 - Applied Behavior Analysis in Education	3.0
CPSE 420 - Assessment and Evaluation of Students with Exceptional Needs	3.0
CPSE 430 - Teaching Reading/Language Arts to Students with Disabilities	3.0
CPSE 440 - Curriculum and Instruction for Secondary Students with Disabilities	2.0
CPSE 460 - Collaborating with School and Family	3.0
CPSE 470 - Legal Issues Influencing Collaboration in Special Education	3.0
CPSE 480 - Educational and Multicultural Issues in Special Education	3.0
CPSE 490 - Capstone Seminar: Students With Disabilities	1.0

IP&T 387 - Integrating Technology in Special Education 1	1.0
IP&T 487 - Integrating Technology in Special Education 2	1.0
MTHED 305 - Basic Concepts of Mathematics	3.0

✔ REQUIREMENT 3 Complete 3 Courses

Complete the following courses, which, in conjunction with the other required courses in the program, will allow you to fulfill the requirements of the TESOL K-12 minor: (Note: Must take 4 credit hours of TELL 477R.)

TELL 410 - Second Language Acquisition	2.0
TELL 440 - Content-Based Language Instruction	2.0
TELL 477R - TESOL K-12 Student Teaching	4.0v

✔ REQUIREMENT 4 Complete 2 Options

Emphasis courses:

✔ OPTION 4.1 Complete 4 Courses

CPSE 442 - Social and Behavioral Strategies for Students with Mild/Moderate Disabilities	3.0
CPSE 446R - Practicum in Secondary Education: Mild/Moderate Disabilities *You may take this course up to 1 time.*	1.0
CPSE 452 - Effective Teaching Strategies for Students with Mild/Moderate Disabilities	3.0
CPSE 462 - Teaching Math to Students with Disabilities	3.0

✔ OPTION 4.2 Complete 8.0 hours from the following Courses

CPSE 466R - Practicum: Teaching Students with Mild/Moderate Disabilities *You may take up to 8 credit hours.*	6.0v

✔ REQUIREMENT 5 Complete 12.0 hours from the following Options

Student teaching or internship experience:

Application for student teaching must be completed prior to student teaching. Applications are online at education.byu.edu/ess/application.html

✔ OPTION 5.1 Complete 12.0 hours from the following Courses

CPSE 486R - Student Teaching: Students with Mild/Moderate Disabilities *You may take up to 12 credit hours.*	12.0v
CPSE 496R - Academic Internship: Special Education *You may take up to 12 credit hours.*	12.0v

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Additional Licensing Requirements: It is the student's responsibility to be sure that the PRAXIS test has been passed and that BYU has received the test scores and that their fingerprint background clearance is current. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact Education Student Services, 350 MCKB, (801) 422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Program Outcomes

Assessment and Planning Instruction

Assessment: Candidates select, administer, and interpret appropriate tests to determine if students are eligible for special education, to plan and adjust daily instruction, and to monitor student progress toward Individualized Education Program (IEP) goals.

Behavior Improvement Strategies

*Behavior:*Candidates use effective behavior improvement strategies within the Utah Least Restrictive Behavior Intervention (LRBI) policy to help students increase appropriate social behavior and to prevent and reduce inappropriate behaviors.

Curriculum Selection and Teaching Methods

Teaching: Candidates select appropriate curriculum and use effective teaching practices to help students with mild/moderate disabilities master their IEP goals in areas such as language arts, mathematics, and social skills.

Interpersonal Relationships

Interpersonal Relations: Candidates work with students, parents, professionals, paraprofessionals, and others in the school and community with kindness and respect regardless of their diverse backgrounds.

Effective Collaboration

Collaboration: Candidates work effectively with parents, professionals, paraprofessionals, and others in the school and community to help students with disabilities achieve their IEP goals.

Professional Development and Practice

Professional Practice: Candidates fulfill all duties and assignments, comply with all education laws and policies, and continue to improve professional practice.

Application for student teaching must be completed prior to student teaching. Applications are online at education.byu.edu/ess/application.html

✔ **OPTION 4.1** Complete 12.0 hours from the following Courses

CPSE 487R - Student Teaching: Students with Severe Disabilities *You may take up to 12 credit hours.*	12.0v
CPSE 496R - Academic Internship: Special Education *You may take up to 12 credit hours.*	12.0v

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Additional Licensing Requirements: It is the student's responsibility to be sure that the PRAXIS test has been passed and that BYU has received the test scores and that their fingerprint background clearance is current. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact Education Student Services, 350 MCKB, (801) 422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Program Outcomes

Assessment and Planning Instruction

Assessment: Candidates select, administer, and interpret appropriate tests to determine if students are eligible for special education, to plan and adjust daily instruction, and to monitor student progress toward Individualized Education Program [IEP] goals.

Behavior Improvement Strategies

*Behavior:*Candidates use effective behavior improvement strategies within the Utah Least Restrictive Behavior Intervention (LRBI) policy to help students increase appropriate social behavior and to prevent and reduce inappropriate behaviors.

Curriculum Selection and Teaching Methods

Teaching: Candidates select appropriate curriculum and use effective teaching practices to help students with severe disabilities master their IEP goals in areas such as language arts, mathematics, and social skills.

Interpersonal Relationships

Interpersonal Relations: Candidates work with students, parents, professionals, paraprofessionals, and others in the school and community with kindness and respect regardless of their diverse backgrounds.

Effective Collaboration

Collaboration: Candidates work effectively with parents, professionals, paraprofessionals, and others in the school and community to help students with disabilities achieve their IEP goals.

Professional Development and Practice

Professional Practice: Candidates fulfill all duties and assignments, comply with all education laws and policies, and continue to improve professional practice.

TESOL

Minor

Hours 18 Credit Hours

Program Requirements

REQUIREMENT 1 Complete 1 Course

Complete the prerequisite course:

ELANG 223 - Introduction to the English Language	3.0

REQUIREMENT 2 Complete 3 Courses

Complete the following foundation courses:

ELANG 325 - The Grammar of English	3.0
ELANG 375 - TESOL Listening, Speaking, and Pronunciation	3.0
ELANG 376 - TESOL Reading, Writing, and Vocabulary	3.0

REQUIREMENT 3 Complete 2 Courses

Complete the following courses:

ELANG 477 - TESOL Basic Course and Lesson Planning	3.0
ELANG 478 - TESOL Practicum	3.0

Program Outcomes

English Language Fundamentals

Students will demonstrate a foundational knowledge of the English language systems of phonology, morphology, grammar, semantics, and pragmatics and how these systems are integral to the language learning competencies of listening, speaking, reading, writing, vocabulary, pronunciation, and grammar.

Instructional Competence

With a foundational knowledge of the English language systems and language learning competences, students will demonstrate fundamental competence in lesson planning, teaching strategies, and language testing when teaching English as a second or foreign language.

Teaching Physical Science

BS

Hours	77.5 - 78.5 Credit Hours
MAP	Major Academic Plan

Program Requirements

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 120 MCKB, (801) 422-3426.

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program (EPP) Requirements.

✔ REQUIREMENT 1 Complete 17 Courses

Note for Geol 210: Contact Geological Sciences Department (S-389 ESC) before April 15th for dates of upcoming August field trip.

BIO 100 - Principles of Biology	3.0
CHEM 105 - General College Chemistry	4.0
CHEM 106 - General College Chemistry	3.0
CHEM 107 - General College Chemistry Laboratory	1.0
CHEM 201 - Chemical Handling and Safe Laboratory Practices	0.5
CHEM 223 - Quantitative and Qualitative Analysis	4.0
CHEM 351 - Organic Chemistry	3.0
GEOL 111 - Physical Geology	4.0
GEOL 112 - Historical Geology	4.0
GEOL 210 - Field Studies	3.0
PHIL 423R - History and Philosophy of Science *You may take this course up to 1 time.*	3.0
PHSCS 105 - General Physics 1	3.0
PHSCS 106 - General Physics 2	3.0
PHSCS 107 - General Physics Lab 1	1.0
PHSCS 108 - General Physics Lab 2	1.0
PHSCS 127 - Descriptive Astronomy	3.0
PHSCS 137 - Severe and Hazardous Weather	3.0

✔ REQUIREMENT 2 Complete 1 Course

GEOL 100 - Dinosaurs	3.0

GEOL 351 - Mineralogy	4.0
GEOL 370 - Sedimentology and Stratigraphy	3.0
GEOL 480 - Paleontology	3.0

Complete the teacher licensure requirements. Contact Education Student Services (120 MCKB, 801-422-3426) to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **REQUIREMENT 3** Complete 2 Options

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 422-3426, to schedule the exit interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 3.1** Complete 7 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
IP&T 286 - Instructional Technology in Teaching	1.0
PHY S 276 - Exploration of Teaching	4.0
PHY S 377 - Teaching Methods and Instruction	3.0
PHY S 378 - Practicum in Secondary Education	1.0
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

Note: FBI fingerprint and background clearance must be completed prior to enrollment in Phy S 276.

✔ **OPTION 3.2** Complete 12.0 hours from the following Courses

Apply for student teaching/internship one semester in advance by September 30 or January 31st. Applications are online at www.byu.edu/fieldservices.html.

PHY S 476 - (Not currently offered)	
PHY S 496 - (Not currently offered)	
SC ED 476R - Secondary Student-Teaching *You may take up to 12 credit hours.*	12.0v
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Physical Science Fundamentals

Students will obtain a broad, basic knowledge of physical sciences.

Instruction Design and Development

Students will be able to design and develop inquiry-based science units.

INTASC Standards

Students understand and apply the goals and standards of Interstate New Teacher Assessment and Support Consortium (INTASC).

Professional and Moral Practice

Students understand and apply the Guiding Principless of Teaching as embraced by the McKay School of Education.

Professional Education Component:

Licensure Requirements: Contact the Educaton Advisement Center, 350 MCKB, 422-3426, to schedule the exit interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

✔ **OPTION 10.1** Complete 7 Courses

CPSE 402 - Educating Students with Disabilities in Secondary Classrooms	2.0
HIST 477 - History and Social Science Teaching Methods and Instruction	3.0
HIST 478 - Practicum in Secondary Education	1.0
IP&T 286 - Instructional Technology in Teaching	1.0
SC ED 276R - Exploration of Teaching *You may take this course up to 1 time.*	4.0v
SC ED 353 - Multicultural Education for Secondary Education	2.0
SC ED 375 - Adolescent Development and Classroom Management	3.0

✔ **OPTION 10.2** Complete 12.0 hours from the following Courses

Apply for student teaching/internship one semester in advance by September 30th or January 31st. Applications are online at www.byu.edu/fieldservices.html.

SC ED 476R - Secondary Student-Teaching *You may take up to 12 credit hours.*	12.0v
SC ED 496R - Academic Internship: Secondary Education *You may take up to 12 credit hours.*	12.0

Note: It is the student's responsibility to be sure that the Praxis test has been taken and that BYU has received the test scores, that their fingerprint background clearance is current, and that state licensing fees have been paid prior to graduation. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements contact the Education Advisement Center, 120 MCKB, 422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Program Outcomes

Subject Matter

Candidates can identify the core concepts and standards associated with the social science curricula taught in secondary classrooms (subject areas: history, political science, geography, psychology) and can create learning experiences that make these concepts meaningful for students.

Learning and Learning

Candidates can articulate how young people learn and develop, acknowledging individual and cultural differences, in order to create environments that motivate collaborative learning.

Instructional Strategies

Candidates use a variety of instructional strategies to encourage students? development of critical thinking, problem solving, and performance skills, and use assessments to inform instruction.

Professional Development

Candidates continually reflect on and evaluate their teaching practices, actively seek opportunities to grow professionally, engage in ethical behavior, and collaborate with stakeholders (students, parents, and other professionals in the learning community).

INTASC Core Standards

Demonstrate basic competency in the INTASC Core Standards (Interstate New Teacher Assessment and Support Consortium) as specified by The Council of Chief State School Officers and as established by the Department of Education of the State of Utah.

Technology & Engineering Education

BS

Hours	76 - 77 Credit Hours
MAP	Major Academic Plan

Program Requirements

For students accepted into the major after August 1, 2014, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a total GPA of 3.0 or higher throughout the program and to qualify for student teaching. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

✔ REQUIREMENT 1 Complete 2 Options

✔ OPTION 1.1 Complete 1 Course

Complete one course from the following:

CE EN 112 - Engineering Drafting with CAD Applications	3.0
CFM 105 - Introduction to Construction and Facilities Management	3.0

✔ OPTION 1.2 Complete 10 Courses

Complete the following:

ENG T 231 - Foundations of Global Leadership	3.0
TECH 312 - Exploration in Innovation Design Techniques	1.0
TEE 125 - Communication Technologies and Systems	3.0
TEE 200 - Processes and Prototyping with Wood	3.0
TEE 225 - Electronics for Technology and Engineering Teachers	3.0
TEE 229 - Processes and Manufacturing with Metals and Polymers	3.0
TEE 255 - Visual Communication Design	3.0
TEE 330 - Creativity, Engineering, and Problem Solving	3.0
TEE 340 - Principles of Technology and Engineering	3.0
TEE 360 - Standards for Technological Literacy	3.0

✔ REQUIREMENT 2

Technical emphasis electives:
